## **Blood Drive a Success, More Needed Local Men Injured**

John G. Lee, 64, and Benjy Clark, 38, were injured when gas blew from an oil well and ignited about 4:30 p.m. August 28. Lee and his son-inlaw, Clark, were treated at Rising Star Clinic before they were transported to an Abilene hospital by ambulance. From there they were flown by helicopter to Parkland Burn Center iln Dallas.

Clark was in critical condition and remains in intensive care, with second- and thirddegree burns burns over 61 percent of his body; his face, back, arms and legs were burned. Benjy is showing some improvement and is able to talk some with his family.

Lee entered the burn center in serious condition and is now improving; he has burns over 39 percent of his body, including his face, back, arms and abdomen. His heart condition was also cause for concern.

The two burned men and two men who escaped injury had started plugging a well when the gas blew from the hole and caught fire. John described the blazing gas to be shooting 20 feet into the air. Two fire trucks from Rising Star and two from Cross Plains worked about two hours at the scene of the fire, about five miles northwest of here.

God in their singing, music, preaching and praying. Everyone is invited to come and enjoy their spirit filled ministry. Services will start at 7:30 p.m. each evening. The church is located on South Miller Street across from the nursing home. Tell your friends and neighbors to

come and be blessed.

## **Bible Study Open to All**

A unique study opportunity of the Old Testament is being offered to Rilsing Star and area citizens.

There are actually several unique things about the class that begins Monday evenings, September 10 in the Fellowship Hall of the Rising Star Church of Christ.

First, it is geared to the needs of the absolute beginner in Bible study. Those who have never had any academic, formal or even systematic study opportunities will profit from this class. They will gain a foundation upon which to build their study of the Bible for the rest of their life.

Second, the material is presented in such a way that the advanced student of the Word receives a refreshing, upbuilding review of the greatest piece of literature of all ages. Third, those who are teachers of the Bible, in any context, will increase their supply of "tools" for their teaching work. Other unique things describe this class. It is the outgrowth of a class that was taught all but a few semesters (on a non-credit basis) over a period of 20 years at Cisco Junior College. The noncredit course itself was the outgrowth of a course offered for credit and transferable to

any college or university accredited by the Southern Association of Colleges and Universities (of which even the University of Texas is a member). Often the average attendance in the class reached into the fifties and sixties, with one semester reaching the seventies. A total of 85, most of whom were from Rising Star, were en-

rolled for this study in September last year; average attendance was near 50. Although no time is wasted

during the class, still there is a relaxed atmosphere that creates a pleasant study situation. No "sudden demands" of an embarrassing nature, such as answering difficult questions or reading aloud, are made of members of the class. Since the study spans two hours, a break is taken for fellowship and refreshments. It is a community service; therefore, there are no costs or charges. Obviously everyone, regardless of religious background or affiliation, is cordially invited to attend. A complete Bible (both Old and New Testament) and writing materials should be brought to class. A class outline will be furnished. Class enrollment, review and first class lecture will be Monday, Sept. 10 from 7-9 p.m. at the Church of Christ Fellowship Hall.

Both Rising Star citizenry and visitors to the town gathered at First State Bank Saturday to donate blood for John and Benjy. The two-hour stint, with blood being collected by a mobile unit from Meeks Blook Bank in Abilene, netted 52 pints of blood; 14 volunteers were deferred for various reasons. Helping at the blood drive were Barbara Murphree, Carol Cook, Betty Duggan and Frances Agnew. Blood for the two Rising

Bobby Duggan of Duncan, Okla., Carolyn Weeber, Larry Fagan, Gladys and Joe Campbell of Comanche, Cindy Wood, Melissa Collilns, Jason Cook, Johnny Cook and Carol Cook.

Offering blood, but deferred, were K.E. Murdoch, James Cook, Sara Guidry, Janet Curtis, Jim Carpenter, Bill Carpenter, Garry Duggan, Betty Duggan, Barbara Murphree, Oliver Smith, Mrs. Dickie Tucker, Aline Morris, Sherri Murphree and Tod Herring.

A "love fund" has been opened at First State Bank for the burn victims. The savings account number for John G. Lee and Benjy Clark is 04-669-5.

Family members expressed heartfelt appreciation to the community and requested that prayers for the injured and their families continue. The men have a very long time with much treatment ahead before they can recover from their burns.

Q. What can I do to protect my teeth from injury?

A. The most important protection you can provide for your teeth is to refrain from using them as a "tool". Don't open bobby pins with your teeth. Don't bite thread from the spool; use scissors. Never crack nuts between your teeth, or bite down on hard candy. Avoid holding items such as nails, straight pins, pens or pencils with your teeth. Use dental floss or a toothpick with a rounded end to remove food stuck between your teeth; never use a pin or other sharp object! Any of these "don'ts" can result in chipped or fractured teeth or fillings, and that means a visit to your dentist and a repair bill. CERS 104

Both candidates have agreed that they will stay at the rally as long as there are people to meet and talk.

The gathering starts at 6:30 p.m. Saturday, September 8. A free barbecue meal will be served as you enter the stadium and a very live Western band will provide music during the festivities. The local committee is planning to serve up to 2,000 plates to Central West Texans, some of whom will be coming from as far away as Wichita Falls. One feature of Clayton William's visit will be the presentation of a Western vest manufactured by employees of Ole Rip Cap Company here in Rising Star. This presentation is planned for the arrival time at the Eastland Airport when he is simultaneously Williams Day in Eastland County and the City of Eastland. These presentations will undoubtedly make him remember us after he is installed as Governor.
