GOOD ROADS DAY WEDNESDAY, MARCH 5.

PROCLAMATION BY JUDGE DEAN ASKING THE PEOPLE TO OBSERVE THE DAY.

COUNTY JUDGE'S PROCLAMATION

WHEREAS, Good roads and improved public highways tend to promote the general welfare, peace of mind and state of happiness of the entire citizenship of any country, and especially the traveling public; and,

WHEREAS, the prevailing drouth for the past three years, followed by the excessive heavy rains, which have recently flooded the country, has created a condition rendering many of the County highways almost impassable and very detrimental to public interests; and,

WHEREAS, the condition of the County's finances at this time is such that very little aid can be rendered by the Commissioner's Court in the way of appropriating money for road work and restoring them to a passable condition; and,

WHEREAS, it has been sug-

gested that the man power of the County be called upon to render assistance in the betterment of conditions, and that a county-wide movement be put in operation, asking for the designation of a "road-working-day," and calling upon every able bodied man in the County to devote one full day in working the roads.

NOW, THEREFORE, I, W. V. Dean, County Judge, of San Saba County, Texas, do designate and set apart Wednesday, March 5th, A. D., 1919, as a "GOOD ROADS DAY" for San Saba County, and respectfully request that all business houses in the County be closed and all business of every character be suspended on that day, and that every able bodied man in the County place himself at the disposal of his Commissioner and Road Overseer, and that for the one day the entire citizenship of the County work together in

the one common cause, that bettering the conditions of our public highways.

W. V. DEAN,
County Judge, San Saba County, Texas.

In a previous issue of the papers an article was published written by me discussing road conditions in Precinct No. 1. of this County. In this discussion I stated that at some future time I would further discuss what seemed to me to be the best method of procedure in securing good roads for San Saba County.

I would have you carefully note these facts: 9 1/2 million dollars, our taxable valuation, at 3 1/2 cents per \$100 valuation of taxable property makes available for use on our roads, bridges etc. for the entire county a little better than \$3,000.00; we get some money from certain fines collected; a small amount from the Highway Commission; fees collected from those subject to road duty, and five days labor from each road hand, per year, failing to pay such fees. The total amount collected will not exceed \$4,000.00 and this amount prorated to the 4 commissioners precincts makes but little better than \$1,000.00 available for each commissioner. But little can be done with this amount of money. Our roads must be improved. I want to appeal to your pride in your county; to your patriotism, to your business sense. I want you to show by your actions as well as words that "good roads" are an investment worth while. Wednesday, March, 5th, has been designated as "Good Roads" day for San Saba County. The Commissioners' Precincts have agreed to organize their road overseers and road hands for a day of systematic work on the roads. All parties physically able to do road work are not only invited but urged to lay aside all other duties and be with us in a united effort for one day of road improvement.

The late war has proven to us that the greatest work, and most efficient work has been done by our WOMEN. Thousands of our boys fighting for principles of right in the World War will testify to the added per cent of efficiency occasioned by the material help and encouragement given by WOMEN. We ask for their help in this drive. Come and give added inspiration by your presence. At the noon hour a lunch prepared by you would make the remaining half day doubly efficient.

You will be notified of the details of the work later. All road overseers will be seen by me some time before Road Day. All county road tools will be available at points most needed. It is my intention to so organize the forces that efficient work may be done.

Lets all pull for a big Road Day March 5th.
Very Truly Yours,
B. D. Sullivan, Commissioner Precinct No. 1.

NOTICE
Teachers-Trustees-Patrons
Wednesday March 5th, 1919 has been designated as "Good Roads Day" for San Saba County. This is a splendid opportunity to teach a concrete lesson in civic improvement. On this day we can not only talk but DO a bit of educational work. We sometimes complain that our schools do not teach practical things. Solve this practical problem: 500 boys, strong enthusiastic, and their strength and enthusiasm augmented by 50 or more patriotic and energetic teachers who have organized these boys for systematic work, would be of what value to the roads of San Saba County? Should their efforts be properly directed on this day? Ans. One-third the entire amount of road tax collected during the year

1919.

Good roads and good schools are inter-dependent. Your Superintendent has not been able to visit schools in the County on account of road conditions. Free transportation of school children to and from school, a great step in educational advancement, is about to be realized. We cannot transport these children without the means of transportation. If you believe in education you believe in good roads. If we believe in good roads, we will help in this move which has for its object the making of better roads and creating a sentiment for better road conditions.

Fully realizing the amount of good that may arise from this move, and knowing its benefits to the schools of the County, I would recommend to the Trustees, Teachers, and Patrons of all the schools of the County, that Wednesday March the 5th 1919 the day designated as "Good Roads Day" be observed as a holiday and that teachers use the week beginning February 24th and ending Tuesday March 4th to teach transportation and the means of securing it, using the 15 minutes required by law to teach patriotism for this purpose. I would suggest that teachers organize their pupils for Good roads Day.

ODD FELLOWS MEETING

The local Odd Fellows lodge conferred the first degree on two members Thursday night, W. E. Hamilton of San Saba and J. M. Roberts of Richland Springs Lodge No 741, and a number of visitors from Richland Springs were present; H. T. Speak, F. M. Greako, J. A. Carter, L. T. Warren, R. C. Strickland and H. A. Graham, W. T. Doran, C. R. St. Clair, G. W. Templeton, T. A. Garrett and E. C. Wood.

After the conferring of the degree, a banquet was spread and disposed of, by the large attendance present. The degree team was complimented upon the excellent work done in conferring the degree.

There are four degrees in the subordinate lodge of the Odd Fellowship, and the local lodge has adopted the plan of conferring the initiatory degree on the first meeting in each month, the second degree on the second Thursday night, etc., and thus putting a class through each month.

Bailey Matthis left Monday for his home in Elgin, after a pleasant visit with friends in this city.

SHILOH SAYINGS
 We are advertising and hunting for the portion of our sandy land farms which moved off in a south easterly direction last Wednesday. When we merged from our storm houses, this real estate was far beyond recovery. That was evidently the most severe sandstorm that ever visited this county during our thirty years stay in old San Saba county.
 J. K. Reddock of Pear Valley is again in our midst. In fact we have failed, so far, to learn the object of these frequent visits, but we suspect that he wants us to insist that he move back to the sand again. He feels a bit backward in moving back without a special invitation, but we don't feel that we are ready to invite him back.
 H. C. Holcomb was a business visitor at Tyler and other eastern points last week.
 R. W. Reddock got lost Sunday and when his friends found him he was at Locker, four miles from home.
 Leslie Davenport was doing business at the County Capital last Friday.
 W. L. Pearce spent a part of last week at San Saba in the interest of our precinct.
 Harry Huff of Fairview is assisting with the work at Orchard Hill farm this week.
 Mrs. H. C. Holcomb visited in San Saba last Friday.
 Shiloh community has organized a literary society.
 The infant son of Mr. Victor Eckert who is being cared for in the home of Mr. and Mrs. Jno. Barrett, is quite ill.
 We notice in the Bend Items of last week's Star, a mention of band practice. Now we want to congratulate these good people on that very point for we are sure that these worthy young people have the proper encouragement from the citizens generally. These Bend people do things with the necessary pep. It was our pleasure to have been associated, in a business way, with these good people some years past and we look back to that time with many pleasant remembrances, and the Bend Items are always

eagerly read by us when the grand old San Saba Star makes its Friday call. We also had the pleasure of listening to the strains of glad music made by that band on one occasion which shall never be forgotten by us.
 Our farmers have their teams in trim and their plows sharpened and he his whistling the dear old air:
 "All hail the sturdy farmer
 All hail the son of 'toil.
 King of the scythe and plowshare
 And monarchs o're the soil."
 A scald, burn, or severe cut heals slowly if neglected. The family that keeps a bottle of BALLARD'S SNOW LINIMENT on hand is always prepared for such accidents. Price 25c, 50c, and \$1.00 per bottle. Sold by—The Corner Drug Store.

SLOAN SIFTINGS

Rip Van Winkle
 Last week witnessed the worst sand storm in the history of San Saba County. Wednesday afternoon at 12:30 a high west wind developed into a sand storm which for suddenness and severity is without parallel in the weather history of San Saba County. For one hour after the dust and sand storm struck, it was too dark to see more than one hundred yards, and the thermometer dropped 18 degrees within as many minutes, but afterwards fell but slowly and contrary to expectations did not get very cold. This sand storm lasted nearly three days.
 Sunday night at midnight the sky began to eak and a slow rain fell the rest of the night and on up to now (afternoon of Monday.)
 We just cant keep from saying something about our public road from here to San Saba. Our overseer recently did some good work on section of road from mouth of Brady Creek to Ellis cut off, but the next section of road on east,—!—!—! Then that culvert near Robert Sloan's tank, to see it reminds one of what the boys from over seas tell us about the trenches in France. We guess that an old time ox-wagon with several yokes of young steers hitched to it and the heel flies after them could get through or over but an automobile or a tin Lizzie had better stay back. We do not go to the county seat often this winter—and when I say "we" I mean the people of this community—and when we do go, as a rule, we cross the river at Bob Ellis pump and go out by the Baker ranch via Algerita on to San Saba, or else cross at Double Ford, on thru the Prescott farm via Algerita. By traveling either of the above named routes getting to San Saba is considerably out of the way but Richland and San Saba road is traveled in wet weather and our road—the San Saba and Menard road is absolutely impassable except for horse back and foot passengers. Some two weeks ago a lady and her small son left San Saba at 2 p.m. for her home in this community, dark found her four miles short of her destination and an exhausted pony. Well they stayed over night at a friend's and made it home the next day. This lady had a single buggy and a good true pulling fat pony to it. We are not chronic grumblers nor pessimistic put we insist that that culvert below Robert Sloan's dirt tank be fixed. It surely is somebody's business to see to this road and he is sadly neglecting his business.
 Mrs. Olive Baker of Brownwood visited her mother, Mrs. Emma Sloan for a few days last week.
 Bob Ellis bought last week from Edwards and Owen 100 cows at \$65.00 per head. These cows have been wintered on the Doran ranch on prickly pears.
 Sargent McNatt of the army recently located at Salt Lake City and who lives in Florida received an honorable discharge from the army and is stopping for a few weeks at the Las Lomas Ranch enroute home.
 First class Private Buster Pool has received his discharge from the Field Artillery of the U. S. at Fort Travis and will farm this year on the Sloan irrigating ditch.
 Bill Cronk recently in Uncle Sam's service and stationed in Florida returned home last week Bill will run cows on W. H. Taylor's ranch on Deep Creek.

A SURPRISE SHOWER
 Mrs. D. A. Gay assisted by Misses Stella Gay and Davie Hubbert entertained in honor of Mrs. Louie Boatman.
 As the guests arrived each was escorted into the living room to dispose of her gifts.
 The bride being the last to arrive, was escorted into the parlor where she was met with many congratulations expressed by her smiling friends.
 Several selections of music were rendered by Miss Myrtle Perry and enjoyed by all.
 Miss Stella Gay announced that Lieutenant Bagley was waiting at the door to see the bride, and opening the door, Master Eugene Bagley in his camouflage, entered drawing a little wagon beautifully decorated in pink and white, heavily laden with gifts to the bride.
 A pleasant picture to behold, while seated on a little stool beside the wagon as she took each gift one by one—and the exclamations of joy and many surprises revealed themselves in these mysterious packages.
 After a general admiration of the gifts the guests were served delicious whipped cream and grapes with dainty pink and white cakes.
 The home was artistically decorated in pink and white and evergreens.
 Those present were:
 Misses Alice Pridgeon, Myrtle Wood, Fannie Walker, Jessie Mae Ottinger, Lucile Barber, Emma Ruffner, Davie Hubbert, Myrtle Perry, Mattie Perry, Pearl Peaverly, Frank Brown, Stella Gay and Virgie Estep.

RESOLUTIONS OF RESPECT.

To the Worshipful Master, Wardens and Bretheren, of San Saba Lodge, No. 612, A. F. & A. M.
 We your Committee appointed to draft resolutions of respect on the death of our worthy and venerable Brother, Joe. F. Brown, who departed this life Dec. 14, 1918, beg leave to report as follows:
 Whereas, the all wise Creator of the Heavens and Earth, has in His providence removed from our midst, by the hand of death, our beloved Brother.
 And whereas in his death his family have suffered an irreparable loss, the community lost an honored and respected citizen, friend and neighbor,—and our order a true and faithful member.
 Therefore be it resolved that this lodge extend to the bereaved family, their heartfelt sympathy in their great bereavement, and express our willingness to render any assistance as well as condolence, to those who mourn his loss.
 We realize that only the hand of our great Creator can bring comfort to the mourners, but we desire to express in words, and in acts if need be, our deep esteem and affection for the living as well as for our honored dead.
 Resolved that a page of minute book be set apart on which to record these resolutions, and that a copy be handed the sorrowing family, and a copy be furnished the press for publication.
 Wm. Scott,
 Arch Woods,
 D. A. Gay, Committee.

The Bread And Butter Question.
 The teaching profession is a noble, charitable one, but are you content to work in the charity department of your state when they allow you no pension or protection in old age? Are you willing to go into the great broad fields of business where you can lay up something for a rainy day and provide your own protection for old age? Six thousand teachers quit the profession in Texas annually. Can you blame them when you compare their annual earning capacity with that of any other class of educated men and women? Those entering the business world through the route of the Bookkeeper, Stenographer, Private Secretary, or Operator draw as beginners, Salaries from \$60.00 to \$100.00 per month, twelve months in the year, and soon receives an advance in salary and it is not long if they are made of the right kind of stuff before they are promoted to assistant manager of a large business concern, or engaged in business for themselves and are thereby enabled to lay up a comfortable living for old age. Make a comparison of the teacher, who after graduating from high school spends from one to two years in the State Normal and hundreds of dollars preparing himself, and has been teaching five years in the public schools, with the Bookkeeper, Stenographer, or Operator who has only spent from three to six months in obtaining his education after graduating from high school, and from one hundred to two hundred dollars and has had five years experience in the business world, and you will find that the one who has spent only a few months in obtaining his education and a small amount of money is drawing twice the salary of the teacher regardless of the fact that the teacher spent more time and money in the preparation for their life work. More evidence on this subject can be had by writing the Tyler Commercial College at Tyler, Texas, for their large illustrated catalogue giving full particulars of America's largest commercial training school with more than three thousand enrollments annually and reading what teachers say who have attended this institution, of the advantages it offers to those entering the business world where they can greatly increase their earning capacity, enabling them to own homes of their own and enjoy the comforts that should rightly be theirs.

The Velvet Hammer.

A Fort Worth woman who shot her old man is now asking for a divorce and \$750 in real good money. That oil fever in Fort Worth is something fierce.

The Chicago Tribune says: "Better get rid of the tea and coffee habit. These iniquitous beverages, come next." Make it bone-dry and we are for the bill with all necessary amendments.

The hammer man is an 18 karat bone-dry advocate on every proposition, with the exception of the oil wells being spudded in in this county, and we want the fluid to squirt out of them over the derricks.

A headline in the daily press gives the startling information that congress is not working overtime. Boy, page Congressman Blanton from Texas and have him to get a move on themselves. One of the planks in his platform was that he was going to make that bunch work.

Little Willie Hobby has demanded the resignation of the members of the state orphange at Corsicana, and just to think "Brother" Budweiser Oscar appointed them. They have declined to get out. If he monkeys with the University regents about resigning there will be where he will spill his frijoles.

A railroad running into Eagle Lake has made complaint against boys visiting the depot when the train comes in. This is horribly wrong and should be prohibited and made bone-dry. When this reform becomes a law we know of towns that will be locked up in the cooler the first day the law goes into effect.

There is a move on foot to have the farmers reduce their cotton acreage one-third. The farmers of this county have reduced their acreage and yield about 95 percent the past four years. As the hammer man never planted any cotton, we feel a delicacy in advising an old pioneer what to do, especially one who has been planting it for 50 years.

Page the "statesman" who wanted the Referendum, Recall and Imperative Mandate. There is only a month and a half of 1919 gone into history and we already have three elections in sight:—the road tax election, a senatorial election and one to vote on the pro and suff amendments on May 24th, and if the other resolutions introduced in the legislature to amend the constitution, are adopted, it will keep the people busy voting the balance of the year. The farmers will have to reduce their cotton acreage in order to find time to do their job of voting to save the country.

Mrs. Ida Darden of Fort Worth has been appointed state chairman of the anti-suffrage association of Texas. Mrs. Darden is one of the most brilliant ladies in Texas and will fill the position with distinction, but as between a state chairman and a county chairman, the hammer man is supporting the principles advocated by the county chairman for the reason he believes in them and for the further reason we have been eating the cooking of the county chairman for a quarter of a century and we know which side of our bread is buttered.

Some very ludicrous and amusing incidents are cropping out in the ranger investigation at Austin. One ranger captain, tes-

tified that a county commissioner of Cameron county had to be taken out of the county for bootlegging whiskey, for if he had been incarcerated in the Cameron county jail he would have been liberated. This is a new way to enforce the bone-dry law. In another part of his testimony he said: "his men had investigated the Mexican Garcia, who was found dead near Point Isabel, and had found nothing against him and had turned him loose." This was real considerate. An innocent dead Mexican was turned loose.

Judge Advocate General Ansell appeared before the senate military committee one day last week asking for broader authority for the war department to set aside or modify judgments of military court-marshal. Sentences of several non-commissioned officers of a Texas regular regiment to terms of from three to eight years imprisonment for "shooting craps" in camp was one illustration cited by the general. Eight years penal servitude is about the proper punishment for a white man for indulging in Sambo's pastime, but it is cruelty to dumb animals to even arrest a negro for "rollin de bones". If a white man can't confine his sportive activities to the great American game of "draw" stringent bone-dry laws should be enacted to keep him in check. The color line should be drawn.

WHAT AILS DOCK SELLERS.

The state papers announce that Senator Scott Woodward, of this district has resigned his place in the Senate and will retire to private life. Editor Cowan, of the San Saba Star, has already suggested a San Saba man for the place. It was Cowan who sponsored the race of House for Representative against T. J. Beasley. Cowan hasn't had much luck picking political winners lately.—Brady Sentined.

In the beginning when brains were dished out to the multitude with a long handle scoop shovel, Dock Sellers of the Brady Sentinel, was standing around like a young bull-bat with his mouth open catching gnats, and the teaspoonful thrown at him failing to find lodgment in the proper place, struck his mouth and he swallowed his'n.

C. A. Yoas To Receive Pension For Service As A Ranger Back In 1873

C. A. Yoas is more cheerful these days than usual, just because he has received word that the government intends to recognize the services of the Minute Men, who gave such efficient and valient service and protection against the Indians and desperadoes back in 1872 and 1873. Something like two years ago it was announced that congress intended to pension the old rangers, who served during these perilous times, and Mr. Yoas put in his application for a pension. He has received word that he will receive a pension of \$20 per month, beginning the 4th of March, 1917, which makes the tidy sum of \$420 up to the present time. The widows of the rangers will also receive a pension of \$12 per month, and among this number is included Mrs. John I. Jones of Brady, Mrs. Kate Knight of Lampasas and Mrs. L. W. Knight of Temple.

Mr. Yoas was a corporal of the Lampasas County Minute Men, and says he saw some stirring incidents. One evening desperadoes killed four men on the streets of Lampasas, and another time they shot the sheriff and with guns in hand told the deputy sheriff where to head in.—Brady Standard.

A DEMOCRATIC WARNING

Editor Star:—

Long years ago, some one originated the very true suggestion "Misery loves company" and acting upon that hypothesis, I am seeking the columns of your valued paper, that, I might unload upon your generous subscribers and the editorial staff of your paper, some of the political disgust that has been souring on my political digestive organs for quite a while.

Even, just a casual obser like myself, cannot be mistaken, when we become alarmed at the rapid retrogression we are making in our selection of leaders, in our pell-mell-hurleyburley progressive politics and clean government crusade we are witnessing these days. The most noticeable of our shortcomings in electing our servants is that we seem to wholly overlook the importance of real statesmanship and old time democratic principles, and allow ourselves to be swept off our feet, and in our delirium, proceed to elect men to responsible places, both in the state and nation, who outside of some popular political prejudice, has not another thing to recommend him to the place to which he aspires. How long the people will suffer themselves to be the political stepping-stone for a bunch of shadow and delusion chasers in the state and nation, is more than I can tell?

We have these deplorable conditions now, both at Washington and Austin. We see President Wilson at the peace table, laboring for the priciples that mean a worlds democracy and forever places the ban on the inhuman relic of barbarism—war. While the president labors in the interest of all civilized nations on earth, what do we see at Washington? Rows, bickerings, strife and a complete failure to properly co-operate with him in his world wide campaign for equal rights among the great and small. Is there a cause for this great deterioration amongst our national lawm-akers? Certainly, it is the direct result of a departure from the cardinal principles that have made this republic a world power, and the citadel of civil and religious liberty, where all men are guaranteed by our organic law, the conscience. Unless we wake up and elect men to office whose ambition is to guard the interest of all the people and too, who legislate in the interest of the general public, we may expect these sacred principles to be endangered.

At Austin, the camouflage, "Win the War" originated and upon this slogan a campaign for Governor was waged and by constant and persistent misrepresenting those who opposed them and by deceiving 250,000, good women in Texas, they won the war, FOR GOVERNOR. Fully 99 percent of the people were supporting the Government with their money and precious sons, while this disgraceful campaign was in full swing and at least a \$80,000, slush fund was being distributed to the henchmen whose duty it was to go over this state to stigmatize every one who opposed this bunch, as Pro-German. These dirty political lies, in addition to multiplied thousands of others, have been directly responsible for the great political unrest in Texas today. We, the people did these things and we are going to have to accept the responsibility for same. Of course the most of us did it unconsciously, being hoodwinked into believing that it was our indispensable duty to elect this bunch, who professed to be the sole embodiment of loyalty and the strong arm that would protect our state from bankruptcy. How has your interest been guarded? An attack has already been made upon your sacred old homestead law. \$60,000,000, has been asked for the expenses of the state government the next two years. And what think you, a wild-eyed prohibitionist with an alcohol blossom on his nose, has introduced a bill, in the face of national prohibition, statutory prohibition, zone prohibition, and prohibition by injunction to allow a man to have in his possession at one time five gallons of booze.

It was my unpleasant privilege to hear a lady last summer during the heat of the campaign make the statement, that she would not support "old Fergu-

son, because he was responsible for taxes being so high." It is amusing to me as to what her position is going to be next year, if the legislature even appropriates half of this sixty-million asked for. She is going to be at sea without a rudder.

It is ashame that as we are just emerging from one of the worst and most cruel, as well as the most expensive wars, that the world has or ever will witness, and when the people are still groaning under a load of war debts, that the expenses of government could not be reduced to the very minimum, yet we have by far the most extravagant estimate of the states expenses, that an already burdened taxpayer public has ever had to confront.

I tell you Mr. Editor, something must be done. We must cease our wrangling over foolishness. We must swat the man that would engender strife and division among our people, like a Comanche Indian would a rattlesnake. It makes no difference whether both men and women vote or not, the price of middling cotton will continue to be exploited by cotton gamblers. It makes no difference whether or not, the farm loan bank, loans its funds to farmers, the man with a little homestead will continue to be the bulwark of the state, in peace as well as war. It makes no difference, if it be prohibition or anti-prohibition, men's souls will still be saved the same old way, by the power of the gospel. I am in favor of re-organizing the democratic party, on its old time broad, sane and equitable principles, eliminating every ism and superfluity, elect men to office whose ambition is to serve and not be served, men whose integrity and ability have not been "weighed in the balance and found wanting." If the present regime of campaign boodle hunters and loyalty pretenders want a party, let them organize them one. When this great day comes, which it will soon, Texas will again take her place as a safe habitation for legitimate capital, and will expand to the greatness dreamed of by our forefathers, while the present day embezzlers of power, with the mark of the beast in their foreheads will seek rest and there will be none found.

Good Roads Day

Wednesday, March 5th

Every able-bodied man in San Saba County is expected to join in this civic movement on the above date by seizing a spade, shovel, hoe, crow-bar or some other instrument of torture and vigorously attacking the highways of this county in the impassible spots, which means the entire road system of the county. The attacking forces will be marshaled by the County Commissioners, ably assisted by the different Road Overseers. If you want "good roads" prove your sincerity by participating in this laudable undertaking.

The San Saba STAR

"Generously" contributes this page to the boosting of Good Roads Day March 5th. The Star at a \$1.00 per year is about the best investment you can make. It has oil stock and other "get-rich-quick" schemes skinned more ways than you can enumerate with an adding machine. Now is the time to make an investment of "One Plunk" and reap your weekly dividends.

Equal Suffrage Corner.

By the "Business Manager."

We take the liberty to reproduce the following extracts from a speech made before the United States Senate by Hon. John F. Shafroth of Colorado.

"Even if a woman could not bear arms, she does bear loyal sons, who are ever ready to enlist for the defense of her country. She has a high sense of honor and courage, which for a just cause makes her willing to sacrifice all for her country. The European war has demonstrated that the women of this day have courage equal to that of the Spartan mothers, who bade their sons on departing for battle to return with their shields or upon them. In case of necessity I am confident that thousands would enter the field, as many have done in the present world's conflict. But it is an outrage that woman should have no voice in the determination as to whether her country should go to war, when the sacrifice of her sons may be required by the Nation, and when her property to the limit of its value may be taken by taxation to prosecute the war. She is not swayed by the same motives as are some men. She does not become a jingo from a selfish desire for promotion or for glory. The thought of wearing epaulets and gold lace does not affect her judgment. She suffers for her loved ones more than does the soldier on the field of battle. She realizes better than man how horrible and destructive is war, both in victory and defeat, and how much the progress of the human race is retarded thereby. It is for these reasons she would act as a balance wheel in the machinery of government."

"Woman's influence has always been for good, and in no

sphere has this been better demonstrated than in politics. The election polls, since the advent of woman's suffrage in Colorado, with the exception of a few in the low parts of the cities, have been transformed into as respectable places of meeting as dry goods stores or public halls. Laws have been enacted for the very purpose of preventing disturbances. No electioneering is permitted within 100 feet of the voting place. The rowdy element, which was once wont to assemble at and remain around the polls all day, is wanting. There is absolutely no danger of an insult to a woman at the polls where neighbors and friends vote."

"There was a time when it was considered unseemly for women to accept employment other than in the factory or in the household. To be clerk in a store or an office was considered almost scandalous. With such a public sentiment closing the door of opportunity for positions, what chance had women of obtaining employment at remunerative wages? The very agitation for equal suffrage has forced public sentiment to recognize, at least, the right of women to work in any vocation that is honorable.

If it were not that many honorable women in past years persistently advocated equal rights, the sphere of labor for women would likely still be principally in the household and factory. The right to exercise the franchise in determining the important questions of city, State, and National Governments, as well as in the selecting of the officers of the same, gives woman that important consideration and respect which everyone possessing power receives."

We have a few bushels of irrigated Cotton Seed for seed-planting.—J. W. McConnell & Sons.

SHERIFF'S SALE THE STATE OF TEXAS County of San Saba

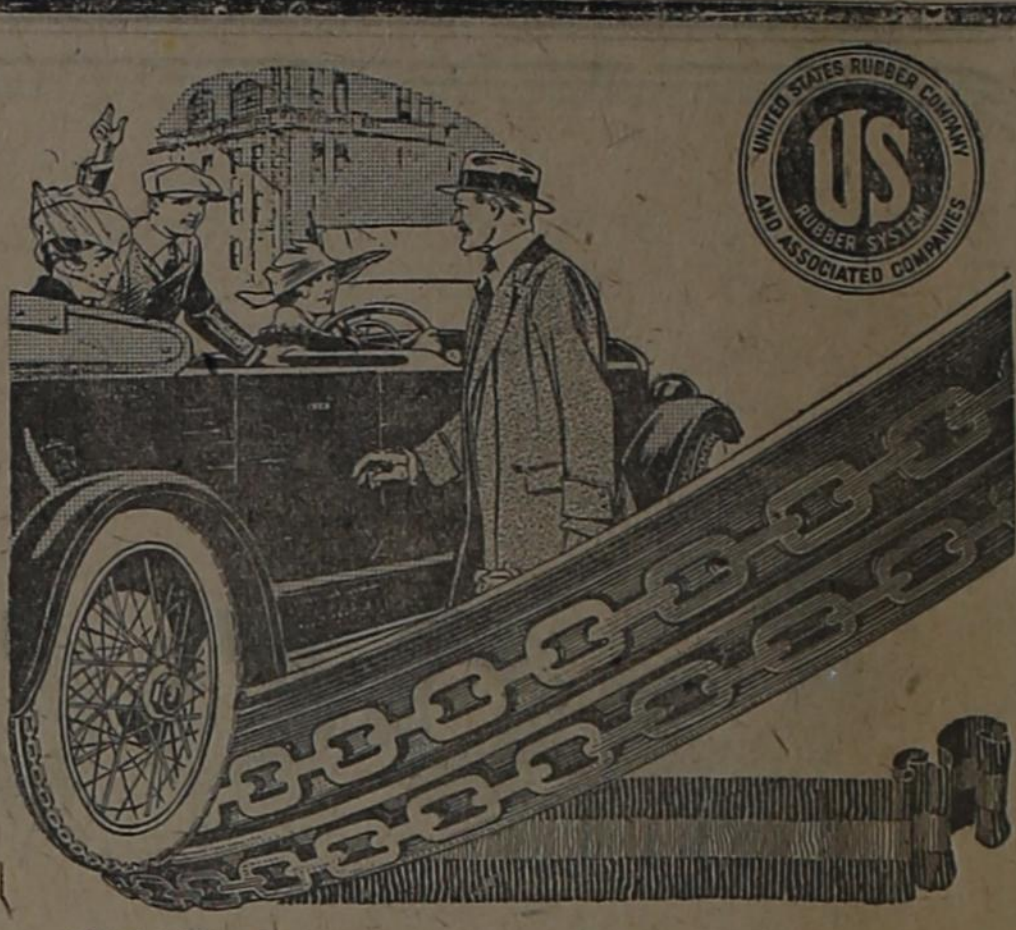

NOTICE IS HEREBY GIVEN That by virtue of a certain Execution issued out of the Honorable District Court of San Saba County, of the 3rd day of February 1919, by Jno. H. Moore District Clerk of said San Saba County Texas for the sum of Two Thousand Sixty-Eight and 71/100 (\$2068.71) Dollars and cost of suit, under a Judgment, in favor of L. C. Smith in a certain cause in said Court, No. 2192 and styled L. C. Smith vs. C. T. Crawford and Ed Crawford, placed in my hands for service, I, Edgar T. Neal as Sheriff of San Saba County, Texas, did, on the 5th day of February 1919, levy on certain Real Estate, situated in San Saba County, Texas, described as follows, to-wit: First Tract:—Two hundred and eighty-seven (287) acres of land part of the Wm. Connell Survey No. 24, Bounty Warrant No. 2786, Abstract No. 201, more particularly described as follows:

Beginning at the Northeast corner of the said Wm. Connell 320 acre survey and the Northwest corner of the Leander Ariola 1280 survey, the said beginning point being at the place where the Brown Branch empties into the San Saba river; Thence up the Brown Branch to where it forks; Thence up the left prong of said Brown Branch with its meanders to where it crosses the dividing line between the said Connell and Ariola Surveys at a point about 1200 varas South 45 East of the mouth of said branch; Thence South 45 East along said dividing line to the Southeast corner of said Connell Survey; Thence South 45 West 672 varas to the extreme Southern corner of said Connell survey; Thence North 45 West 2896 varas to the San Saba river, at a stake on the bank of said river, from which a Burr Oak bears South 58 West 6 varas, a pecan bears North 22 East 5 varas; Thence with the meanders of said river to the place of beginning, being all of the said Wm. Connell 320 acre survey, except a small strip lying East and North of the left prong of said Brown Branch.

Second Tract:—Forty six and seven-tenths (46-7-10) acres of land, part of the Wm. H. Magill Survey No. 25, Certificate No. 126, Abstract No. 949, more particularly described as follows:

Beginning 180 varas Southeast of the Magill and Connell corner on the East bank of a dry branch, at a stake from which a Burr Oak bears South 35 West 4 varas, a pecan bears North 54 East 5 1/2 varas; Thence South 45 East 982 1/2 varas to a stone mound, from which a Post Oak marked X bears South 44 1/2 East 17 varas; an Elm bears South 11 West 6 1/2 varas; Thence South 35 West 277 varas to a stone mound, from which a Post Oak bears South 52 East 57 varas; do bears North 65 East 57 varas; Thence North 86 1/2 West 137 1/4 varas to a stake on East bank of the branch, from which an Elm bears North 80 East 1 vara; do bears North 80 West 2 1/2 varas; Thence North 66 West 111 3/4 varas to the East bank of the branch to an Elm marked X; Thence North 40 West 34 3/4 varas to an Elm marked X; Thence North 21 1/2 West 776 varas to a corner on the East bank of a branch from which an Elm bears North 67 East 4 varas a pecan bears North 25 East 5 varas; Thence North 27 East 64 1/2 varas to a stake; Thence North 22 1/2 West 125 varas to the place of beginning. (There is however excepted from the land herein before particularly described all the land conveyed to G. C. & S.F.R.R. Co.) and levied upon as the property of C. T. Crawford and Ed Crawford and that on the first Tuesday in March 1919, the same being the 4th day of said month, San Saba County, in the town of San Saba Texas, between the hours of 10 A.M. and 4 P.M., by virtue of said levy and said Execution I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said C. T. Crawford and Ed Crawford.

Will There Be Enough to Go Around?

Hundreds of hungry war sufferers making way for the arrival of truck bearing food. Demand is always greater than supply in the starvation districts of Western Asia.—the region which was bled and starved by Turkish-German warfare above all other regions of the earth. The campaign to raise funds for these war sufferers will be launched in the Southwest February 3 and continue for one week.

Americans Are Feeding These Children

A relief station in the Holy Land where Armenian and Syrian war orphans are being fed and clothed. Immediately after the Turks left Jerusalem, American relief workers gave these homeless children in charge, gave them old-fashioned Saturday night baths, clean clothes, and something to eat. Many of them were wearing the same clothes they had on when driven from their homes two years before. The week of February 3-10 has been set for the time when the Southwest will raise its share of the \$30,000,000 which has been asked of the American people for relief of the terrible war sufferings in the Near East.

VOTES FOR WOMEN

The female side of this nation has been struggling for over 60 years to become citizens of this great Union. This will never be a Democratic Union as long as only half of the human family is represented. God in His infinite wisdom made man and wife one. but up to now, man has always been THE ONE. Man represents woman everywhere except at the ballot box, to pay the penalty of her crimes and her taxes. Over half a century has passed since this struggle began and there is no one to represent her and take up her burdens.

WAKE UP WOMEN! If your husbands tell you that "you are the sweetest creature that the Lord ever created," make him prove it by giving you the vote. Girls, if your sweethearts tell you they love you, make them promise to cast their vote in your favor. Demand that your husband and sons lift you out of the criminal and lunatic classes.

If Women had had Citizenship the Good Roads all over this grand old State would have been the Roller Skating ground for the School Children 25 years ago, and the Flowering Willows would be waving their blossoms over our side walks.

COTTON ACREAGE.

There has been for sometime a continual reduction in the price of cotton, and there seems to be no stopping of the downward price, unless the cotton farmer takes some drastic action to reduce its production, it has been suggested and after discussion and thought adopted that every cotton farmer pledge himself to reduce his acreage planted to cotton at least one-third of last years acreage.

Acting upon the request of the mass meeting held in Dallas Texas, on February 11th, the Governor, Mr. W. P. Hobby, has called upon all our farmers to meet at their respective school houses on Saturday, Feb. 22d, and there to consider and to pledge themselves to so reduce their acreage planted to cotton this season at least one-third.

The undersigned, acting upon appointment from Mr. W. F. Ramsey, Federal Reserve Agent, have appointed the following chairmen of their respective districts and by committees personally secure the pledge from every farmer in their district.

"Racking, torturing, pain—"

such as Headaches, Backaches, Neuralgia, etc., are serious handicaps and also most annoying, painful and depressing. They can be relieved promptly and effectively by the use of DR. MILES' ANTI-PAIN PILLS.

"I had for a long time been troubled with a severe pain at the base of the brain, sometimes being almost unendurable. I began using DR. MILES' ANTI-PAIN PILLS and soon saw an improvement and at the present time consider myself entirely relieved."
W. F. Chadwick, Montello, Mass.

These wonderful little tablets contain no habit forming drug—nor produce ill after effect but when used according to directions afford almost instant relief. Your druggist knows why these effective tablets have been increasing in popular favor for over 30 years. Ask him about them—a box costs only a few cents. (P-2)

DR. S. W. RIMMER

Died at the family home Friday February 14, 1919.

Buried in the Odd Fellows cemetery the following afternoon Rev. O. W. Deen conducted the service at the residence. The Masons took charge of the remains and under the beautiful and impressive ceremonies of this Order the body was laid to rest.

The floral offering so beautiful and so profuse expressed the silent message of the devotion of the people to their departed servant who had ministered so faithfully unto them through the years so well spent upon this earth.

The Star joins the County in extending condolence to the sorrowing family.

JOHN BYRD

After a long illness John Byrd died at the family home Tuesday, Feb. 18, 1919.

The remains were laid to rest in the Odd Fellows cemetery Wednesday, Rev. O. W. Deen officiating.

Deceased leaves a family and a number of relatives and a host of friends in this community.

We extend our sincerest sympathy to the sorrowing relatives.
