Copy of a letter written by Private Edgar House, from St. Lukes Hospital, Chicago, where he has been confined in that institution for the last month, on account of a very serious case of Pneumonia, and since writing this letter has contracted Spanish Influenza, and will probably be there indefinitely. Chicago, Ill. Sept. 18, 1918. Mr. and Mrs. E. B. House, San Saba, Texas.

Dear Father and Mother and homefolks:—

I will try and write you all a few lines today. I intended to write you all yesterday, but as some of the soldier boys here and myself, had an opportunity to get out yesterday and visit the city, I thought I would wait and maybe I could report something of interest to you after seeing the sights.

My visit to this great city, was pleasing to me in all of its details. I went out to the celebrated Grant Park, where they are pulling off the great war exhibit, and Oh!Gee! such a sight. My eyes never beheld anything half so remarkable. They have many trenches etc. and in fact, they have everything that goes to make up a reproduction of the real battle front, in war torn France.

I viewed with exceeding interest, many things that had been captured from the Germans, in the latest drive that the Americans and other allies had been making lately. Some of the huge guns on exhibition here are those that have recently been captured from the Germans, and are sure a wonderful sight to me, and some of them are so large in the bore, that I do believe, I could crawl through them.

What surpassed it all, and

what caught my gaze most of all, were the British Tanks, I saw them in action, and believe me, it was sure some sight to see them chugging along over trenches and large trees, without even slacking the speed of their engines. They have a battle front all fixed up here and thousands of soldiers are engaged in a sham battle all hours of the day, and it is sure some sight to any one to see how well these boys are trained.

Since I have seen these sights I have concluded, that Germany stands a poor chance to do much more effective fighting. I suppose you have many times heard of elevated railroads, railroads up in the air. To be sure. If you want to see some, just pay Chicago a visit. Railroads are so thick here, that they had to put some of them up in the air, that there might be room for them all. You can see all kinds of trains running in every direction over the city, seventy to one hundred feet from the ground. They build high trestles for these elevated railroads, and its a wonder to me to walk up and down these streets, and see automobiles and street cars whizzing in every direction, while long passenger trains travel overhead a hundred feet above you.

I ought never be a dull head any more, for I have seen enough already to employ my mind for a long time, and of course I expect to see and experience things in France, that will be a life long subject to talk about. I suppose I will be sent across soon, as an army officer came in this morning to see me and to inquire when I thought I would be able to stand a trip, and when I asked him where I would go, he replied that if my company had gone across the waters, that more than likely I would be sent there too. I do not dread to go to France one bit, and give you all my personal assurance, that I am going to France happy, and with the knowledge that I am going to get a crack at some German.

I may not come back, but I know that I will not be the only one that will be required to make the sacrifice, for there are thousands of the boys that are going, that will never see the United States again. We all realize that we are going into the fiercest fighting the world has ever known. I promise both, the father and mother, who raised me, that I intend to be a soldier throughout, and if necessary, to court death, for my country's flag. All I ask is to get a few Germans and you can bet your bottom dollar that I will do it, if I can. I feel like taking into consideration all the hard luck I have had since I have been in the army, that I am entitled to about six Germans.

I may leave for France at anytime, but of course this is guess work, for when a soldier gets on a train, he has no definite idea where he is going until he reaches his destination, but I am compelled by indications to believe that when I leave St. Lukes Hospital, I am going to France. If you all happen to not hear from me for two or three days, you may know that I am gone.

Don't worry about me, for I am going to do my duty towards my country, and when I get

back, you will be proud of what I have done, and the record I hope to make. I am glad I am in the army, and I am glad that you all do not have to apologize for my being in the army, and when I get back nobody can truthfully say, I did not do my duty. Well it is growing late, and do not know much more to write so I will close for this time.

Love to you all.
Your son, Edgar

MESSAGE FROM MR. HOOPES

In the name of the quarter of a million men who have left this District to fight for us I appeal to the citizenship of the Eleventh Federal District to subscribe and over subscribe the Fourth Liberty Loan, and I call upon them to do it quickly.

Let us put away as unworthy of our selves and of this occasion, the usual thoughts of our little, and really unimportant lives.

Men are fighting, braving, and suffering even death itself for you and me.

As ordinary average decent human beings we should feel that we must support these men and provide them with the minimum amount the Government asks of us. As men of pride in our race, birth and nationality, we must do more and make our response both prompt and generous.

To count our money while our sons are fighting for our lives, our homes and our future, is out of place and unworthy.

Conditions in this District of ours are not ideal and the burden of the Loan has been most carefully adjusted. Not a single man, not a single community has been asked to do more than possible and reasonable.

Upon the wealthy men of this community rests a responsibility greater than that ever placed upon their shoulders before. They must lend to their country the accumulated wealth of past years and we know that they will do it.

Our boys went to our defense fearlessly, courageously and with a smile on their faces. We must all lend as they have given.

J. W. Hoopes,
Federal Reserve Bank.

WAR RELICS TRAIN SCHEDULE

San Saba, Tex. Sept. 30th, 1918.

We are advised by Hon. F. P. Clayton, Publicity Manager of the Central Liberty Loan Organization:

The War Relics Train, Containing Big Guns Huge Shells, Submarine Depth Bombs, and a wealth of military equipment, much of it captured from the Germans, will arrive on a special train at San Saba, Texas, on Monday October 7th, and will remain here from 4:30 p. m. until 5:15 p. m.

The same train will arrive at Richland Springs, Texas on Monday October 7th, and will remain there from 6:00 p. m. until 6:30 p. m.

You are requested to give this matter full publicity in this week's issue of your paper.

No doubt you will receive copy from the Central Liberty Loan Organization, giving description of relics etc. There will be no admission fee charged for this exhibit.

Thanking you in advance,
Very truly yours,
A. V. Riley, Chairman,
San Saba County Liberty Loan Committee.

MAYOR RILEY'S APPRECIATION

To the People of San Saba:

I am most genuinely appreciate the honor conferred upon me by the Honorable City Council of the City of San Saba in appointing me as mayor to fill the unexpired term of Captain W. A. Smith, who resigned to make the greatest sacrifice that any man can make, in helping to win this war.

To my friends, who solicited my appointment by petition or otherwise, I am most grateful.

Owing the efficient and capable service that Captain Smith rendered us, it is going to be difficult for me to come up to his standard, however it is my determination to do the very best that I can and I ask the undivided support of the citizens of this city.

It is my desire and wish that all citizens of this city feel free at any time to advise with me in all matters that are for the social, moral or financial welfare of our city, as such advice will better qualify me to make you an efficient mayor.

Under normal conditions I would favor a very progressive administration, but being confronted with the greatest war in history and the extreme drouth conditions throughout this section, my policy will be most conservative.

I most heartily solicit your co-operation in all matters for our general welfare.

A. V. Riley.

CITIZENS MASS MEETING PRODUCTIVE OF MUCH GOOD

SANITARY CONDITION OF THE TOWN DISCUSSED AND TO BE IMPROVED. NIGHT WATCHMAN TO BE SELECTED AND TIME CLOCK INSTALLED

THE FIRE DEPARTMENT TO BE RE-ORGANIZED

Responding to a call of Mayor Riley the citizens of our town met in a mass meeting at the Court House Wednesday night to discuss some sanitary and other matters vital to our city's interest. There was a large assemblage of people and the range of matters under discussion were many. Among them was the selection of a night watchman and the purchase of a time clock to be installed. The question of the re-organization of the fire department was discussed and it was decided to immediately perfect the organization. These things are necessary and cannot be termed an expense for it is economy to reduce the fire hazard and keep clean, sanitary surroundings.

The Womans Home Economic Club met in the basement of the court house Tuesday afternoon, and had a very interesting meeting. The meeting was called to order by Mrs. Leigh Burleson and after a few discussions on the business regulations of the Club, gave us the demonstra-

tion and recipe for soft gingerbread: 2 cups of flour, 1 cup of meal 3 eggs, 1cup of sugar, 1 cup of molasses, 1 cup of sour milk, 1 cup of shortning, 1 teaspoonfuls of soda, and spices to taste. Mrs. S. E. W. Hudson was next on the program to display some of her culinary skill and gave us the following War Fruit Cake: 1-3 cup of shortning, 1 cup of molasses 1-2 cup of sour milk or cream, 1 teaspoonfuls of soda, 1cup of cooked oatmeal sweetened to taste, 3 cups of flour 1 teaspoonfuls of baking powder, 3 eggs beaten separately, 1-2 package of mince meat, 1 teaspoonfuls of vanilla and spices to taste. Numerous other recipes were given that we cannot give room this week. We urge the housekeepers to attend these meetings and be benefitted by some one elses experience. We must study food as a war measure. Little Genevieve Halden cheered the club with a patriotic song. We will announce the time for the next meeting in a later issue.

NO COTTON PRICE FIXING NOW

Austin, Texas, Sept. 25, 1918. Hon. Ben F. Chapman, Chief Clerk of the Agricultural Department, who is representing the cotton growers of Texas at a meeting of the Cotton States Official Marketing Board, Washington, D. C., which was called to protest against the Government putting any stipulated price on cotton, wired under date of Sept. 24, giving the result of the said conference, as follows: "Say to the press that we have just had conference with cotton committee of President Wilson, and they do not contemplate fixing price, but will devote their attention to proper distribution of low grade cotton. Do not believe our people have any cause to be unduly alarmed nor should they rush their cotton on to the market."

Can Now Eat and Sleep in Comfort

If troubled with indigestion or sleeplessness you should read what Miss Agnes Turner, Chicago, Ill., has to say: "Overwork, irregular meals and carelessness, regarding the ordinary rules of health, gradually undermined it until last fall I became a wreck of my former self. I suffered from continual headache, was unable to digest my food, which seemed to lay a dead weight on my stomach. I was very constipated and my complexion became dark, yellow and muddy as I felt. Sleeplessness was added to my misery, and I would awake as tired as when I went to sleep. I heard of Chamberlain's Tablets and found such relief after taking them that I kept up the treatment for nearly two months. They cleansed my stomach, invigorated my system, and since that time I can eat and sleep in comfort. I am today entirely well." For sale by—The Corner Drug Store.

SAN SABA SCHOOL DISTRICT NO. 1, ORGANIZES COMMUNITY COUNCIL OF DEFENSE. Meeting Held in District Court Room Last Thursday Night Largely Attended Officers Elected and Committees Appointed.

"It ain't the guns nor armament nor funds that they can pay. But the close co-operation that makes them win the day. It ain't the individual nor the army as a whole. But the everlasting team work."

Of every bloomin' soul." Last Thursday evening there was a large assembly of the citizens of San Saba, and San Saba Independent School District No. 1, in the district court room at the Court House, gathered for the purpose of organizing a community Council of Defense. From the enthusiasm evident, there is no doubt that team work spirit was predominant and that the above sentiment of Kipling was voiced by every "bloomin' soul."

After a preliminary talk by Hon. Jas. Baker setting forth the purposes of the meeting, with Rev. Light as temporary chairman, the organization was perfected with the following officers: W. H. Hinyar chairman, Mrs. Burleson 1st. vice chairman, R. S. Crain second vice chairman, Knight Rector Jr. sec. Prof. Hart, Mrs. Edgar T. Neal, Miss Nora Walker, and Miss Mabel Wilson members of the War Board.

Friday afternoon the War Board met, chairman Hinyar presiding, and the following committees were named:

Membership, O. D. Kirkpatrick, Miss Ratchford, Mrs. Seiders, Mrs. Mitch Johnson, Tom Hill.

Liberty Loan, S. E. W. Hudson, Mrs. Will Ashby, Mrs. W. D. Cowan.

Finance, Mitch Sanderson, Mrs. Lucy Walker, J. T. McConnell.

Vigilance, Edgar T. Neal, Will Carroll and Mrs. R. Low. Food Production, Household Economics and Food Conservation, E. P. Elrod, Mrs. S. E. W. Hudson, Mrs. W. A. Martin.

Junior War Savings Brigade, Miss Kingsbury, Miss Wilson, Miss Nora Walker.

Education and Publicity, Mrs. Neal, Miss Lucy Rector, H. C. Coryell.

Entertainment, Miss Ramsauer, Miss Ratchford, Mrs. Oscar Wise.

It was decided to hold the next meeting at 8:30 o'clock Wednesday evening Oct. 9th. The meeting will be in the district court room and a large attendance is urged. It is intended at that time to organize a community chorus for the purpose of meeting and singing patriotic songs, as suggested by the Government, as a measure to help win the war. It is expected that the entertainment committee will also arrange a program for this occasion.

Let every citizen make a special effort to be present.

AN APPEAL TO THE WOMEN

Dr. May Hopkins of Dallas who has rendered medical attention to a total of about eight hundred wounded soldiers in France recently sent to the women of the southwest this message:

"If any of you feel that we men and women who are over here are of value, let me tell you that you are a hundred times more valuable, for you are the ones that have made it all possible."

Are you living up to that high standard that a woman like this ascribes to you women of the southwest? We must live up to those ideals which these suffering men and women credit us with. They feel that we are worth fighting and suffering for; they feel it a privilege to fight and suffer for us. Do let us try to be worthy of them. If we denied ourselves every luxury; if we lived on bread and water, we could not be worthy of all this sacrifice, but at least let us try to be as little unworthy as possible. While these men and women are fighting, struggling, bleeding even dying that we may be secure from harm, let us at least forget our petty vanities, our selfish pleasures and lend to the Liberty Loan to the point where we do not know where the money is coming from. Let us work to sell bonds until we are exhausted if need be, for even then we shall have done as nothing compared with what they have suffered and accomplished. Most earnestly I appeal to your hearts, to your sense and citizenship, to lend and work for the Liberty Loan as you have never lent or worked before.

Mrs. E. B. Reppert, Federal Reserve Chairman, National Woman's Liberty Loan Committee.

RED CROSS ANNOUNCEMENT

"Linen Shower" The Red Cross Commissioner for France has cabled that hospitals are in urgent need of the following supplies: Bath Towels, Hand Towels, Handkerchiefs, Napkins, and Sheets.

The plan referred to, known as a "linen shower" was to ask each family to contribute one article or a set of articles of household linen from their reserve stock.

The articles wanted should be new or substantially new and should be strong rather than fine texture.

The time of the shower is Sept. 30, to Oct. 5. Our quota for San Saba County Chapter is: 2 Bath Towels, 75 Hand Towels, 50 Handkerchief, 50 Napkins, and 10 Sheets.

Will state next week, No. of pounds of clothing shipped to the Belgians in this chapter.

COME AND SEE THE GUNS CAPTURED BY OUR BOYS AT CHATEAU THIERRY

FRENCH "SEVENTY-FIVE," AERIAL TORPEDO, DEPTH BOMB AND OTHER WAR TROPHIES MAKE UP INTERESTING EXHIBIT.

BLOOD-STAINED AND BULLET-RIDDLED UNIFORM OF HUN KILLED BY AMERICAN SOLDIER WILL SHOW YOU HOW OUR BOYS ARE TAKING CARE OF YOUR INTERESTS AT HOME—GAS MASKS USED BY OUR BOYS AS PROTECTION AGAINST THE DEADLY MUSTARD GAS.

Perhaps no other battle waged in the great World War will ever be as deeply impressed in the minds and hearts of the American people as that one fought at Chateau Thierry, when the American soldier covered himself with glory fighting fearlessly—courageously, as Americans always fight. Here the counter-attack of the American forces turned the tide of war in favor of the allies and since that time our forces have steadily pushed their line forward.

Your boy may have been with the American forces that started that never-to-be-forgotten repulse of the German shock troops on the spot that has been the scene of many a titanic struggle since the time of the ancients. Maybe it was your neighbor's boy or some other boy from your home town. He may have been one of the group who captured a machine gun crew of the enemy troops.

At any rate it will not be difficult for you to visualize the activities of your home town boys in that great American victory when you inspect the

Minnenwerfer, or Trench Mortar Gun,

captured by the Marines in that engagement, which is attracting more attention than any other object on the Liberty Loan War Relic Train, making a tour of the Eleventh Federal Reserve District in connection with the Fourth Liberty Loan Campaign. Second in interest is

The Great French "Seventy-Five,"

the big gun used first at Verdun, where it "gave the German the surprise of his life," as a returned war veteran puts it. It bears the marks of camouflage as it was used in that terrific drive of the Hun, which the French armies met and held at that famous spot which will go down in history as one of the world's great battlegrounds. It was at Verdun that the vision of the "White Comrade" spurred the tired and war-worn soldiers of France on to fiercer resistance against the foe, and where with their backs to the wall they fulfilled their vow, "They shall not pass."

Another object of particular interest at this time is

The Depth Bomb, Which is Included in This Exhibit.

This bomb is playing an important part in the transportation of United States troops overseas. It is carried on the torpedo boat destroyers which act as convoys to the troop ships, and are used in warfare against the German submarine. This weapon has been responsible for the sinking of more than one submarine which has attempted to frustrate the moving of United States troops.

Aircraft has become an important factor in modern warfare. Some of the most splendid and daring exploits of young Americans who are defending the principles upon which this nation was founded have been made possible by means of the aeroplane. Can you picture a heavy battle plane, equipped with a Lewis machine gun and carrying several aerial torpedoes, each weighing as much as 250 pounds, and a crew of five or six men? The Lewis machine gun which is used to a great extent in aerial warfare is among the interesting features of the war relic train, as is the aerial torpedo.

Captured German Rifles, Grenade Throwers and a Grantewerfer

show the material which the Hun uses when he launches his conquest for world domination.

A Chauchat auto rifle machine gun, along with its magazine, ammunition carrier and other accoutrement of the French infantryman displays the sort of firearms used by the "Blue Devils."

Uniform Worn by Boche Bears Evidence

of good marksmanship of American doughboy. This uniform, blood-stained and showing the wicked slit of a bayonet thrust, will be exhibited along with the field equipment of the German soldier. These objects will be shown in conjunction with the outfit of the United States soldier, and will give a comprehensive comparison of the two, showing the superiority of the American fighting man, in the matter of equipment as well as a fighter.

That "an army fights on its stomach" is fully recognized when an inspection is made of the methods by which the soldier carries his rations. Food and ammunition are the two greatest factors toward the successful outcome of a military expedition. And these, or a portion of these, the soldier carries with him as he moves from position to position along the new line of battle.

There are other exhibits on the train that appeal to the patriotism of all American citizens. Every man, woman and child should make it a point to see these war relics. The week before the trains were made up in Dallas hundreds of people visited the building in which the objects were being assembled, and viewed the trophies. The Minnenwerfer gun was placed on display outside the headquarters of the Dallas Liberty Loan Committee and had about it a group of interested spectators every hour of the day. The greatest enthusiasm is being manifested throughout the district regarding the visit of the War Relic train. An efficient corps of speakers and attendants accompany the train which will be made up of four cars. There are two flat cars, carrying the large gun, trench mortar, etc., an automobile car to show the smaller relics and a sleeping car for the speakers and attendants.

If You Live Within this Circle You Should Trade in Brownwood—the Logical Trading Center.

The Best Service
 The Biggest Values
 The Most Reasonable Prices
Are Offered You by Every Dealer in Brownwood

The Stocks are Largest--The Roads are Good--The Train Schedule is Convenient.

Here is an Example of Why People are Coming to Brownwood to Trade:

One of the many families who shopped in Brownwood last week was asked why they came to Brownwood to trade. The head of the family said: "We live quite a distance from Brownwood. Heretofore we have gone to the large cities in Texas to do most of our buying—of course, we buy in our small town all our needs that they can supply—but having read and heard about the conditions of Brownwood's and preparation that the dealers have made on account of the "oil boom" I talked it over with my family and we decided to see for ourselves what Brownwood had to offer.

"It took us only a few hours to drive to Brownwood. Understand me, my family and I came to Brownwood to first look, and then if it suited us—to buy. We shopped pretty well over the city and became convinced that your values were good, the prices as far as we are able to be hoped for—and that in every place we visited we were made to feel welcome. Your stocks are large, and as far as we are able to determine, and to cover every family need. THERE IS NO DOUBT IN MY MIND THAT WE HAVE SAVED CONSIDERABLE MONEY BECAUSE OF THE REASONABLE PRICES ON THE THINGS WE HAVE BOUGHT TODAY.

"You people in Brownwood have a group of nice garages; I made no choice in storing my car for the day, but drove into the first one I came to on the street that led me into Brownwood. Judging from the service I received at this Garage, Brownwood's Garage Service is the best I have ever found. We had a good dinner at one of your eating places—the service, was good, the food was well cooked and nicely served, the price reasonable. After we had finished our buying we saw a good show. We were surprised to find the most recent productions in moving pictures produced so soon after they were being advertised as being shown in the real large cities.

"We are really glad we came to Brownwood to look—and buy. The cordial attention we received here made us feel at home and made our shopping pleasant. We're coming back a little later for our real winter needs; we've been looking with this trip in view, and find you have everything we need.

Brownwood is the place to buy. Ask your neighbor

IF YOU COME TO BROWNWOOD TO LOOK, YOU WILL STAY TO BUY!

It has been with very strenous efforts that I have carried your accounts this year. The Wholesalers are now requiring cash for the goods wt sell you so to keep in business we must have cash or keep the goods. The Food Administration also urges that we sell for cash and curtail every expense thereby reducing the cost of living and save for the war that we must win above everything else eliminate as far as possible more than one delivery to each home daily, that will save time and expense. You will need credit more later on than you do now, so pay cash while there is cash. You expect CASH for what you sell.

Why you should use Cardui, the woman's tonic, for your troubles, have been shown in thousands of letters from actual users of this medicine, who speak from personal experience. If the results obtained by other women for so many years have been so uniformly good, why not give Cardui a trial?
