## Dots on Tulsa Reunion.

Editor of San Saba, I regret that I have not been one enthused with the spirit of appreciation to give a write-up of the 28th Reunion U. C. V. which met at Tulsa Oklahoma, September 24th to 27, who were better able than myself.

On the evening of the 22nd of Sept. 14 of us San Saba people bought our tickets and boarded the Santa Fe for the Tulsa Reunion: Commander R. E. Woods, Adjutant John McConnell, Comrade Rochelle and myself of the old guard. Then came Dick Sullivan, T. Y. Elton and wife, Mrs. Hibdon, Mrs. Hubbard and several others whose names I have forgotten.

We arrived in Tulsa the night of the 23rd at 10 p. m. We met with a hearty welcome by a committee who in number and preparedness were able to handle the crowd which had accumulated to the hundreds and thousands pouring into Tulsa cars which were ready to carry each one to ready prepared beds and rooms, well lighted and furnished for the weary Veterans. The morning of the 24th found Tulsa filled with old Confederate Veterans, from 14 different states. This was a day of pleasure seeing and social gathering; recounting the days of the sixties. The good people of Tulsa spared no pains to make the old Veterans happy and pleasant all day long. Twelve hundred automobiles all the street car lines were at our disposal. 5000 Veterans were the guests of Tulsa. Then the boy scouts played a conspicuous part always on hand to help entertain and keep order. For the old boys would forget that they were blocking the side walks and streets.

Sons of the veterans met at 8 p. m. that night with memorial association: was called to order by H. Kirk Commander, Invocation by Rev. Henry Battle. Then came address of welcome, one by the Governor of Oklahoma, Robert L. Williams, and many other greetings with music by the band.

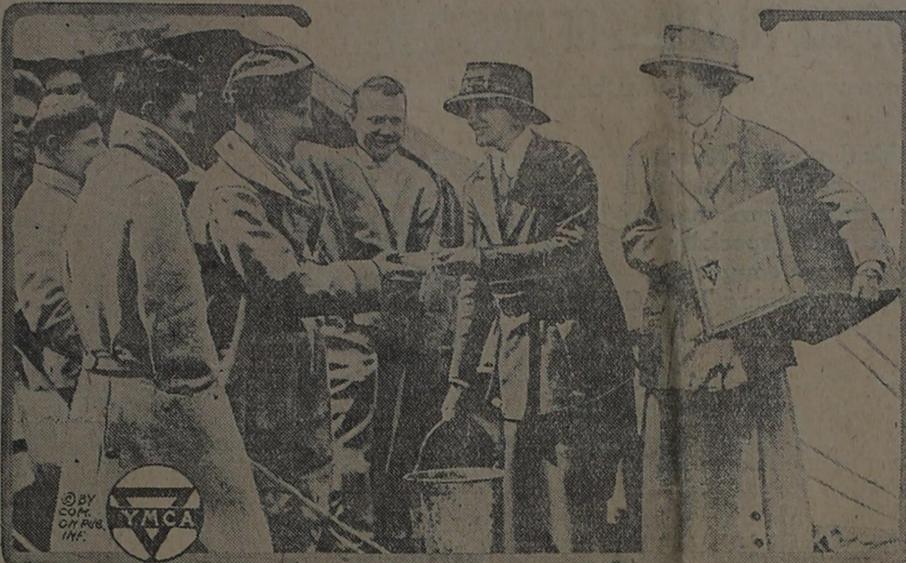

Each day there was all kinds of social events with sight seeing of the oil fields and refineries, car rides out to Sand Springs to visit the Park bathing pool, the Zoo and other places of interest.

On the fourth day was the grand parade of Veterans and sons.

Last but not least Tulsa fed the Veterans at a mess hall where 1875 ate at a setting and there was no Hooverizing. A bountiful table three times a day for the whole Reunion. No shortage on anything and an overflow of hospitality all the while.

I would feel like I had done Tulsa a wrong if I said nothing of her greatness. She is a city of 75,000 population, has 37 milliners, among those has 8 banks, the smallest deposits \$2,107,429.71, the largest has a deposit of \$53,091,685.88, her average school attendance is 10,963. The Patriotic fund, Liberty Bonds, Red Cross, War fund and such like was \$20,357,900; her places of worship cost as high as one million dol-

## HOT BROTH FOR "BUDDIE"

Hot broth is always welcomed by our men "over there," but when it is served by a "regular American woman" it is doubly welcome. Photo above was taken at a French field hospital "somewhere in France," and shows two Y. M. C. A. canteen girls serving the convalescents. "Something to warm you up a bit, buddie," heard at the outer edge of a tent is sure to bring instant response from the inside of the tent. The American Red Cross nurses, Salvation Army lassies and Y. M. C. A. canteen girls hold themselves in readiness for any and every kind of service. "Buddie" is glad to see them, whatever their mission, for, being Americans, it is good just to feast one's eyes on them.

## MORALE IS WINNING THE WAR

An American is capturing a Hun—not because he is any heavier or stronger or older or bigger, but just because he has the fighting spirit which his enemy is losing. That's morale.

"Where are those Germans? Let's get at 'em!" yelled an American before Chateau-Thierry. He was going under fire for the first time. He was wild to get there.

"We are constantly on the alert and are afraid the Americans are going to attack," wrote a German to his wife. He was captured before he could mail the letter. "The men are so embittered," wrote another Hun, "that they have no interest in anything, and they only want the war to end, no matter how. We are only slaves of the Government." Now he is a prisoner, too.

Every despatch from France brings new proof of American fighting spirit—stories of individual valor. Morale makes Americans glad to fight for freedom. The lack of it makes Germans hate to fight for Prussia.

Our soldier knows he is a free-born fighter. He is no slave of any Government. He is part of a nation waging war. He wants to fight. He needn't be driven into battle. He yells: "Let's go."

That's morale! Let's let them keep it! Let's keep them keen and fit and confident!

General Pershing finds that 900 men who have a hut to spend their evenings in are more effective than 1000 men without it. Napoleon called morale three times as important as other factors in war.

The strain comes with the first swift change from civil to military life, when these organizations give your man a place to meet his family, books to read and study, the hospitality of American homes, when whole cities are readjusted to the new conditions created by having a cantonment nearby.

It comes later, too, when a man has been off in some lonely camp for weeks, when the war itself seems miles away, when letters are irregular and home seems somewhere in another world, when a man has lived out in a gun-pit or a dug-out, has slept in filthy straw, when the bodies of his friends lie just beyond him, out in No-Man's Land.

That's when the men and women of your organizations overseas can show our fighters that they aren't forgotten, that home is following them up to the guns. Sports, entertainment, education, religion, warmth, and cheer and friendship—these are the forces that are working to keep morale up to a victory pitch.

On you, this week, depends this question of morale. These are seven recognized activities through which the Government enables you to stand behind your fighters. Their value depends on just how much you, as an individual, will give to help them hasten victory. Give as you never gave before. Give for morale.

### WHY YOU SHOULD GIVE TWICE AS MUCH AS YOU EVER GAVE BEFORE!

The need is for a sum 70 per cent greater than any gift ever asked for since the world began. The Government has fixed this sum at \$170,500,000.

By giving to these seven organizations all at once, the cost and effort of six additional campaigns is saved.

Unless Americans do twice as much as ever before, our soldiers and sailors may not enjoy during 1919 their:

3,600 Recreation Buildings, 1,000 Miles of Movie Film, 100 Leading Stage Stars, 2,000 Athletic Directors, 2,500 Libraries supplying 5,000,000 books, 85 Hostess Houses, 15,000 Big-brother "Secretaries", Millions of dollars of home comforts.

When you give double, you make sure that every fighter has the cheer and comforts of these seven organizations every step of the way from home to the front and back again. You provide him with a church, a theatre, a cheerful home, a store, a school, a club and an athletic field—and a knowledge that the folks back home are with him, heart and soul.

You have loaned your money to supply their physical needs. Now give to maintain the Morale that is winning the war.

## FUND FOR UNITED WAR WORK TO KEEP THE BOYS FIT AND HAPPY

No. It isn't for the Red Cross that the united war work campaign committee is going to ask the citizens of San Saba county for \$5,000 between November 11 and 18.

But it is to finance the wonderful work of seven other great organizations that are working hand in fist with the Red Cross with our armies and those of our allies; performing each in its own way and according to its own light a service that couples indispensibly with the Red Cross work in making the carrying on of this great war a possibility.

We all know about the Red Cross now. But just a year ago the committees for the Red Cross were busy telling the people just what was to be done with their Red Cross cash. Today the united war work committee desires to inform the good people of San Saba and San Saba County just exactly what the \$5,000 is going to be used for, so that when the solicitors appear the first day of the drive, each man and woman—yes, and the little children—will know the merits of the cause.

The work of the seven organizations—the Y. M. C. A. the Y. W. C. A., the Salvation Army, the Jewish Welfare Board, the Knights of Columbus, the War Camp Community Service and the American Library Association—is what may rightfully be termed sublimated war work. They have been recognized by the United States government as absolutely essential to the carrying on of the war.

President Wilson requested and urged these seven organizations to group their financial needs into one budget, and to let Uncle Sam solicit the funds and divide it among them according to their necessities. They gladly accepted, enrolling themselves under one banner, the banner of the newly discovered and war-produced universal brotherhood of man, which seeks only to serve the soldier who is serving us, regardless of his creed, his nationality, his religious beliefs or lack of same, his color, or his affiliations.

Every dollar that goes to the united war relief fund will be expended in extending personal and practical helping hands to our boys who are with the colors. These organizations work separately and in their own way but all toward the same end—the elevating of our soldier boys. From the hot doughnuts and coffee of the Salvation Army lassies to the homelike huts and human sympathy and help of the Y. M. C. A., the Y. W. C. A., the K. of C. and the Jewish Welfare Board, every dollar means hope and good cheer and cleanly inspiration, and all of our home life that we are able to send to our boys "over there".

This United War Work campaign is not only legal, but more than blessed. It is under the auspices of the United States government. It is done at the request of Woodrow Wilson. The amount has been set by the government, and it will be apportioned and divided by the government. By grouping together to secure funds, the public is saved seven distinct and separate appeals for funds, and has the satisfaction of knowing that Uncle Sam says every dollar asked for is needed, and will be usefully spent. The organizations lose nothing of their individual character and autonomy. President Wilson says that their separate ways of working "make possible the largest service."

Don't let the wonderful war news with its hopes of an early peace, tighten up your grasp on the dollars that you would willingly send to help our boys, if the tide was running the other way. There is not the slightest reason why an early ending of the war will lessen the need for this war relief cash. It will rather increase the necessity.

When they are preparing to go into battle, and when they are in waiting back of the lines, the need of these war relief workers is paramount. Facing the foe and all his destructive agencies, those grand boys of ours must have the help of these seven organizations, which bring to them human companionship of the higher sort, incitement to cleaner and better living and thinking; which bring to them books, (Continued on page four)

## County Agricultural Agent Leaves San Saba County.

Orders have been received from the Government transferring County Agricultural Agent R. P. Elrod to Hardman county with headquarters at Quanah.

Mr. Elrod has been in charge of the agricultural work looking after the interest of farmers and stockmen in this county for the U. S. Department of Agriculture and Extension Service of the A. & M. college of Texas in cooperation with the county, for nearly two years. Mr. Elrod has been an untiring worker and has made many fast friends among the farmers and business men during his stay. This announcement that he is to leave will be read with regret by many people who have been in the habit of consulting the county agent and receiving his help in various ways.

For information of those who do not already know it will perhaps be of interest to know why Mr. Elrod has been ordered to another county.

In order to secure a county agent the county must make an appropriation to help pay the salary which the Government pays the agent. In this case the county had been paying \$700.00 per year and the balance being paid by the Government. At the regular meeting in August the county Commissioners in looking over expenses to see just what could be cut out to economize, discontinued the appropriation for the county agent. Protes from a large number of citizens caused petitions to be circulated asking that the County Judge convene the court in extra session to consider recinding their action and keep the county agent. The petitions came in numerously signed in a few days and the Judge called the meeting. At this meeting it was decided by the court that the petitions were not sufficient to convince them that all the people wanted the appropriation to be continued. They therefore extended the appropriation until the November term of court when they would take action. In the meantime the Government needed a man for Hardman county and believing that the court would not continue the appropriation ordered Mr. Elrod to report to Quanah on Nov. 11. He will leave for his new headquarters Saturday.

A National United War Work Campaign speaker will address the San Saba County people at the court house Friday afternoon at 3 o'clock. Everybody is requested to be present.

Mrs. J. B. Nalls received a card last Thursday from her son, Noel, stating he had arrived safely over seas.

Rev. T. J. Tanner and wife, are visiting the former's relatives in Oklahoma.

As we go to press the News comes of the death of Mrs. Cornelius Ruseel, who died at Ft. Worth, Tuesday morning November 5th at 4:30. She will be buried today at the Odd Fellows cemetery, at 4:30 p. m. A full writup will appear next week.

# BROWNWOOD

IS THE REAL TRADING CENTER  
OF ALL THIS PART OF BUSY TEXAS

Listen to this reasonable fact: Brownwood has the VALUES that should appeal to every individual, to every family, and to every community.

In this day when Merchandise of every kind is scarcer than ever before—when it is practically impossible for any but those Merchants and Communities that are well financed and especially prepared with COMPLETE stocks to serve completely—great care should be exercised in determining THE CITY that really meets these requirements.

Buy everything you buy for your own use—for the use of your family and your community, with a thought of making your money go farther—farther than ever before.

Not only is this a day of scarcity of everything wanted, but it is a day of high prices and the gradual lowering of Quality; the day when real Community SERVICE, as a rule, is not up to the Standard; the time when one can easily make many mistakes in buying.

These are the reasons why, Mr. Family Man, we urge that you give exceptional study to the choosing of YOUR CITY to trade, and CARE in proving that THAT CITY IS THE RIGHT ONE.

Brownwood's Merchants, her Garages, her Restaurants, her Hotels, and all her institutions, are open to all comparisons—each Dealer invites you, individually and collectively, to come and satisfy yourselves you are getting every value you are fully entitled to for every dollar you spend.

At the request of your Government—the Government really knows what is best for all—Brownwood's institutions have co-operated by preparing for early Christmas shopping—the stocks in Brownwood are all ready for those who will buy their Christmas things now.  
It is really your duty to buy as soon as you can.

Ask the hundreds who have come to Brownwood to trade this season, if it isn't mighty true that when they

**SPANISH INFLUENZA OR GRIP**  
BY DR. LEE H. SMITH.

An old enemy is with us again, and whether we fight a German or a germ, we must put up a good fight, and not be afraid. The influenza runs a very brief course when the patient is careful, and if we keep the system in good condition and throw off the poisons which tend to accumulate within our bodies, we can escape the disease. Remember these three C's—a clean mouth, a clean skin, and clean bowels. To carry off poisons from the system and keep the bowels loose, daily doses of a pleasant laxative should be taken. Such a one is made of May-apple, leaves of aloe, root of jalap, and called Dr. Pierce's Pleasant Pellets. Hot lemonade should be used freely if attacked by a cold, and the patient should be put to bed after a hot mustard foot-bath.  
To prevent the attack of bronchitis or pneumonia and to control the pain, Antric tablets should be obtained at the drug store, and one given every two hours, with lemonade. The Antric tablets were first discovered by Dr. Pierce, and, as they flush the bladder and cleanse the kidneys, they carry away much of the poisons and the uric acid.  
It is important that broths, milk, buttermilk, ice-cream and simple diet be given regularly to strengthen the system and increase the vital resistance. The fever is diminished by the use of the Antric tablets, but in addition, the forehead, arms and hands may be bathed with water (tepid) in which a tablespoonful of salaratus has been dissolved in a quart. After an attack of grip or pneumonia to build up and strengthen the system, obtain at the drug store a good iron tonic, called "Ironic" Tablets, or that well known herbal tonic, Dr. Pierce's Golden Medical Discovery.

**"STANDING ROOM ONLY"**

This is simply an overflow crowd at a concert given at a Y. M. C. A. building in Camp MacArthur, Waco, Texas. There is plenty of standing room—outside the building. Apparently good singers and entertainers do not need to fear a slim crowd at their performances before the soldiers. Some of the best musical, dramatic and athletic talent of the country is at the disposal of the army Y. M. C. A. for the benefit of the soldiers. Entertainers who volunteer their services are "booked" by the "Y" secretaries for "circuits" throughout the different camps and several buildings of each. A week's program of an average "Y" building in camp provides at least one of these entertainments, as well as moving pictures, boxing and wrestling contests, an illustrated lecture on a topic of interest to soldiers, and a midweek religious service.

**Resolutions of Respect.**

To The Noble Grand, Officers and Members of Alpha Lodge No. 204, I. O. O. F.:

We, your Committee, appointed to draft resolutions of respect in memory of Brother Henry H. Wells, beg to submit the following:

Whereas, the Almighty Father, the supreme ruler of the universe has seen fit in His infinite wisdom to call from this earth our beloved Brother and friend. Bro. Wells joined our Lodge by initiation on April 5th, 1905, and was a faithful member, for thirteen years, and this Lodge has lost one of its most worthy members, his family a most devoted husband and father, and the community a benevolent citizen.

Therefore Be It Resolved, That we extend to his relatives and friends our sincere sympathy and commend them to the Great Author of our existence, in Whom alone we live, and move and have our being.

And Be It Resolved, That the charter of this lodge be draped in memory of our departed brother for a period of thirty days, and that a copy of these resolutions be sent to his near relatives and that they be spread upon the minutes of this Lodge and copy be furnished the local papers.

All of which is respectfully submitted,  
W. D. Cowan,  
R. G. Halden,  
J. B. McDonald,  
Committee.

**Resolutions of Respect.**

To the Noble Grand, Officers and Members of Alpha Lodge No. 204, I. O. O. F.:

We, your Committee, appointed to draft resolutions of respect relative to the death of Brother John J. Urquhart, which occurred on the 10th day of October, 1918, would report the following:

Whereas, it has pleased God to remove from our midst, our beloved friend and brother John J. Urquhart, who joined this Lodge by initiation July 27th, 1904, passed through the chairs in 1906, became Past Grand in 1907, and was later a representative to the Grand Lodge.

Whereas, the friendly and intimate relations with him in his more than fourteen years of membership in Lodge, makes it eminently befitting that we express our appreciation of him and extend our sincere sympathy to his bereaved relatives and friends.

Therefore Be It Resolved, First, That we bow in humble submission to our Father's will, and that we cherish his memory as one who lived for the right, loved his order and delighted to greet his brethren in fraternal friendship.

Second, That these resolutions be spread on the minutes, that a copy be sent his family; that a copy be furnished the local papers, and that the charter of this Lodge be draped for thirty days.

PLENTY TO DO AND EVERYBODY DOING IT

Every man for himself and devil take the loneliest, is, apparently, the philosophy of Uncle Sam's soldier boys in the great military camps where they are undergoing intensive training for the real thing "over there." Here is a typical scene in an army Y. M. C. A. building an hour or two before the formal entertainment begins. On the stage one of the boys in khaki is leading an informal "sing song." About two score of the fellows are up there with him, and it must be a pretty good song, for it can be seen that about half the crowd in the building is facing the music. But this doesn't disturb the nine or ten checker games, seen in the foreground, in the least, nor does it get the goat of the scores of fellows who are grabbing a few minutes in which to write to the folks at home. The man in the extreme right front of the picture has received a newspaper from "the little old town back there," while the boy seen standing in the very center of the picture plainly admits himself to be either on a "point" or on a "pose"—it's nobody's business which. The Y. M. C. A. huts are the soldiers' clubs, churches, homes and whatever else they want to make them. The principal cantonments of the country contain from ten to twenty large "Y" buildings, to say nothing of the huts overseas and outposts on the Mexican border.

Miss Hyde Serves  
More Than 53 Years

The oldest employee of the Bureau of the Comptroller of the Currency, Miss Hyde, formerly of Vermont, resigned today in her eighty-eight year after more than fifty-three years of faithful and efficient service.

In acknowledging receipt of her letter of resignation, the Secretary of the Treasury wrote her the following letter which it is believed will be of interest to the National Banks of the country which Miss Hyde has served here with marked fidelity from practically the inauguration of our National Banking System to the present time.

John Skelton Williams,  
Comptroller.  
Washington, Sept. 28, 1918.

Dear Miss Hyde:—  
Allow me to acknowledge receipt of your letter of the 13th instant, offering your resignation from the position which you have held so long and so faithfully in the Treasury Department.

I cannot let this occasion pass without expressing to you my very high appreciation of the ability and fidelity with which you have performed the duties of your position throughout the entire period of more than half a century, during which you have been a valued employee of this Department.

Your duties have always been discharged with exemplary care and accuracy, and your fidelity and punctuality are also worthy of the highest commendation. Your last promotion, well earned, I had the pleasure of approving in February of last year.

The records show that in the past forty years, or since 1879, you have never for a single day been absent without pay from your post of duty.

The books of the Treasury also show that for the past thirteen con-

secutive years, or since 1905, you have not lost a single day from sickness, but have in fact, in these years given to the Government a portion of the annual leave to which you were entitled. For thirty-five years of service you were not absent a day on account of sickness, and what is more unusual and indeed truly extraordinary, the records indicate that you have never been late in arriving at the Treasury once throughout the past half century. Such unprecedented promptness is exceedingly creditable to you, and you have set an example which is worthy of emulation by all.

I earnestly hope that you may spend the remainder of your long and useful life in comfortable and happy repose, and that you may live to witness the triumph of our Armies in the great war which is now waging, and the establishment of permanent peace on earth.

Again offering you my cordial best wishes, in which I am sure all of your co-laborers in the Treasury Department will heartily join, I remain,  
Sincerely yours,  
W. G. McADOO

A Soldier Boy's Letter

Somewhere in France,  
October 6, 1918.

My Dear Dad and all:—  
I just finished writing you a long letter and by some mistake or another I burned it. Think I must have gotten it mixed up with some old letters, so I'll try again; don't feel much like it but since I started will finish.

I wrote you while I was at the front so will not write much about it now. I suppose you know I was in the Saint Mihal drive and in near the river during the drive. Believe me we instilled the fear of the Yanks in those "Huns", and I am thinking that they have changed their opinion of the power of the states. As I see it, we (the U. S.) have just started and while we all would, I am sure, like to have peace we can not afford to half way do this job, for a people that will do what the Germans will do, cannot be turned loose on the peace loving world, they are the most thick hearted people one can imagine and in their shallow thick hearted way cannot see the position of the world against them. There way of thinking is enough to cause every man living and dead to fight. But do you know the morale of them is slipping and their self esteem is going down. Anyway we have them going now.

I got a trip to Nancy after coming off the immediate front, it sure was a pleasant trip. Such a relief from a deserted and desolate part of the country, to drop down into a beautiful city of about 160,000, without the houses being all torn and demolished. If I were in any way good at describing things I believe I could almost make you wish you were in France, or perhaps my going into the place at the time I did caused me to like the place as I did. But to see the road winding around and down the crest of a beautiful green hill (even the trees are cultivated) looking down into a river or canal all perfect in hills broken with a bridge here and there, and then suddenly drop into a perfectly live, hustling, bustling city with all of the statuary (the French are strong for that stuff). The churches and cathedrels are wonderful. I went into one I remember especially; it was so great that one was almost afraid to breath. A pipe organ practically covered or filled one end of it, it must have been 50 feet high and at least 150 feet long, or even much longer than that.

We have taken up our new position, operating a triage, which will keep us pretty busy receiving all sick and wounded of the division and forward them to the respective places of treatment.

Still we are close enough to know that we have an enemy, the reminder comes in the form of a 210 shell, though I think they must be 510. But in any case we have learned and found it convenient and not at all painful to fall fast and hard and in some way melt into the earth. (Wow: a big one came in) I learned when I went over the top that it is hard to take care of clothes and dodge shells and machine bullets.

Well considering that I have written you twice to-night I think I'll quit. Hope to hear from you a little more often as I usually get about one letter every 2 weeks from home.

Miss Zula write when you can and give me the news.

Here's hoping you read this by a regular electric light instead of a candle as it is written. Love to all.

FUND FOR UNITED WAR WORK TO KEEP THE BOYS FIT AND HAPPY

(Continued from page one)

music, relaxation, comfort, optimism, and those other attributes to go to keep them clean minded, clean bodied, healthy, ambitious—all of which makes the morale of the army.

And when they are ordered "over the top" they enter with greater readiness, that atmosphere reeking with sudden death. As they press on toward the foe a million terrors face them—those boys who are just flesh and blood like you and I. The bullets sing and strike; the shells shriek and burst; under their hero feet mines rumble; the air may be filled with death-dealing gas; machine guns fairly spatter destruction round them; the Hun steel awaits the coming of those who break through this bedlam of battle; comrades fall round them—yet they press on. For what? For you and me; for yours and mine; in order that freedom and justice and virtue and liberty may survive.

Those who fall wounded the Red Cross gathers in its God-like arms, to save if saving be possible. What of the others who have faced their God without fear? Shall cold tents and bleak winds be their lot, in trying

to recuperate their minds and bodies from this visit to the border land of perdition. Not so. Warm hearts, warm hands, warm fires, comfortable surroundings, tactful and splendid companionship, a ready understanding of their needs—a touch of the blessedness of home—come to him from these seven organizations, comprising the United War Work Campaign. The Red Cross cares for the sick and wounded. These others prepare them for the conflict, and care for him afterwards.

They offer him clean and Godly manners of amusement, recreation, and relaxation, and these he will need all the more from the time the war ends, until the millions now in France may be brought home. These agencies of good will then be absolutely paramount.

Won't you, then, prepare to help them, our boys, while thanking God at the prospect of peace?

(From the San Saba County War Work Committee.)

The army "Y" is the soldier's financial agent; it takes his savings and deposits them for him in a local city bank; it sells him Thrift stamps; it issues him express money orders, and in certain cases keeps money and valuables for him temporarily in the building. One "Y" man in each building is authorized to act as the agent of the express company to issue money orders to the soldiers.
