C. D. Works
HANSFORD

E. J. Thayer and son Edna visited Liberal the first of the week.

Rev. Sanford was a visitor to Amarillo, the first of the week.

P. M. Maize went to Amarillo Sunday to look after business matters.

J. R. Collard went to Plemons Wednesday, on business connected with the Victory Liberty Loan.

J. E. Freedy and wife from out south of town, were in Tuesday, shopping and visiting with friends.

Mrs. W. H. Caldwell and Mrs. Kee-see C. Nesbitt returned last Sunday from a visit with friends and relatives in Colorado.

A dance at the home of Mr. and Mrs. C. E. Hays on Tuesday night of this week was highly enjoyed by the younger set.

Summertime—time to replace that coal stove with a New Perfection oil stove. Consider the wife.

ANDREWS HARDWARE CO.

Mr. and Mrs. Lyman J. Hillhouse have rented the Lee McClellan residence in the west part of town and moved into the same the first of the week.

Mr. and Mrs. Geo. R. Roland and daughter Miss Francis, were in from their fine farm eight miles east Tuesday, trading and visiting with friends. Mr. Roland says his 150 acres of wheat is looking fine.

Mrs. H. L. Wilbanks is visiting with her mother, Mrs. Y. E. Winn, at LaKemp, Oklahoma, and our popular sheriff is trying his hand at batching. It's alright, Hicks, until dishwashing time; then it is all wrong.

H. C. Parcels was down from Gaymon the first of the week, looking after the interests of a farm loan company which he represents. Homer is well known in Hansford, having been employed in the First National bank when that institution was established, in 1897.

Mr. and Mrs. W. A. Trawick will leave today for Wichita, Kansas, where they will make their future home, Mr. Trawick having accepted employment with the Deming Investment Company, with headquarters in that city. Their many friends will learn with regret that these estimable young people have left Hansford, but wish them much happiness and prosperity in their new home.

THE BIG CAMPAIGN IS NOW ON

Hansford County's Quota placed at \$26,000

Chairman J. R. Collard and his corps of helpers set to work Monday morning to sell to the people of Hansford county \$26,000 worth of government securities, in the form of Victory Liberty Loan notes. They report satisfactory progress so far and hope to be able to report Hansford county over the top within the next few days. Our quota is not large, just a little more than half what it was in the fourth Liberty Loan; and we should put it over with a whoop. Let's help Collard; let's see this thing through if it takes the hide and hair. Many of our boys are over there still and one, perhaps others, will not come back. We must make good our promise to Sul Spivey, and the other Hansford county boys to see this thing through. A few facts about the notes of the Victory Liberty Loan will not be amiss:

There are two kinds of notes being issued. Both mature in three or four years, as the government chooses later.

The first kind bear 4 3/4 per cent yearly, payable every six months. These are free from state and local taxes, except estate and inheritance taxes, and from the normal Federal income taxes.

The second kind bear 3 3/4 per cent interest yearly, and are free from taxation, as the others are, but in addition are free from super-taxes and every other form of taxation, except the usual estate and inheritance taxes.

Notes of either kind can be changed for those of the other issue, at the wish of the buyer.

The notes of both series will be dated and bear interest from May 20, 1919, and will mature on May 20, 1923. Interest will be payable on December 15, 1919, and after that on June 15 and December 15, and at maturity. The dates upon which payments will be required on the notes are as follows:

Ten per cent with application on or before May 10.

Ten per cent on July 15.

Twenty per cent on August 12.

Twenty per cent on September 9.

Twenty per cent on October 7.

Twenty per cent on November 11, with accrued interest on deferred installments.

Payment in full can be made on May 20, the ten per cent required with application having been duly made on or before May 10. Payment can also be completed on any installment date with accrued interest.

This accrued interest is the money you refund the government on account of the fact that it pays you interest on the full amount of your bond from May 20, whereas it does not have the full use of your money until you have paid the last installment. This amounts to very little, of course.

Subscribe for the Headlight.

Rex Sanders, Hansford county's heavy artilleryman, is back from over there and at home with his parents in the Nicou settlement.

J. I. Steele was in from his ranch on the lower Palo Duro Thursday, looking after business matters and visiting with friends.

T. K. Winters, prominent stock-farmer from the northwest corner of the county, was looking after business matters in the city Thursday.

Mr. and Mrs. Arthur Wallen are rejoicing over the arrival of a fine little girl at their home, 18 miles north of Hansford, on Tuesday, April 22.

Miss Grace Richardson and Master Harbert, Mrs. L. D. Pierce and daughter Miss Susie, visited with Mrs. Arthur Jordan on the Turkey Track ranch the first of the week.

Miss Grace Richardson, chairman of Woman's Work in the Victory Liberty Loan campaign, reports that volunteers are needed to assist with the work in the several precincts of the county. A number have voluntarily offered their services but others are needed. Ladies who are willing to do a little work in this great undertaking should see Miss Richardson at the First National bank.

John Butler and W. A. Smith were in from their ranch homes up the Palo Duro Wednesday, looking after business matters. Mr. Butler is arranging to have a big auction sale of live stock, farm implements, etc., at the old McCrea ranch, now owned by W. B. Hart, on Thursday, May 1. He has a long list of property advertised and will have a big sale. A free lunch will be served on the ground and it is planned to have a jolly good time that day. Attend the sale.

DISTRICT COURT MET MONDAY

Very Little Business and Jury Not Needed

Judge Wm R. Ewing of Miami, and Attorney E. J. Pickens of Canadian arrived in town Sunday evening and were on hand bright and early Monday morning to hold the April term of the district court of Hansford county. The grand jury was empanelled and charged by Judge Ewing and Marcellus Head and Lyman J. Hillhouse were appointed bailiffs. There being no jury cases on the docket, the petit jury was discharged at 1:30 p. m. The grand jury finished their labors and were discharged at 4:00 o'clock. The following civil business was disposed of: A. F. Barkley and H. E. Hoover were appointed commissioners to sell the L. L. Medina estate and divide the proceeds among the heirs. L. W. Mathis vs. heirs of C. P. Orwan and wife, suit to quiet title, judgment rendered for plaintiff. Guaranty State Bank vs. Rutledge Henderson, suit on note, judgment for plaintiff.

Following is the report of the grand jury:

Hansford, Texas, April 21, 1919. To Hon. W. R. Ewing, Judge of the 31st Judicial District of Texas:—

We, your grand jury for the April, 1919, term of the district court of Hansford county, Texas, having finished our labors, beg to submit this, our final report.

We have made diligent inquiry into all alleged violations of the law that have come to our notice, and find the situation with reference to law violations in splendid condition.

We recommend that Cecil E. Winder, Geo. L. Roland and H. V. Andrews be appointed by your honor as a finance committee.

Having no further business, we respectfully ask to be discharged.

A small but very attentive and appreciative audience gathered at the court house Monday night and listened to splendid addresses on the proposed amendments to the state constitution to be voted on May 24, by Attorneys Pickens and Hoover and Judge Ewing.

TROUBLE MAKING CANTEEN TAKEN OVER BY PERSHING

Grants Earnest Request of Y. M. C. A. Head—Did Better Than Expected, Says General.

Chaumont (Special).—At the earnest request of E. C. Carter, general overseas secretary of the Army Young Men's Christian Association, General Pershing has officially taken over the army canteen, and in the future all exchanges, or "canteens," will be operated by the military instead of the Y. M. C. A., as was the aged-old custom before the present war. In replying to Mr. Carter's request, General Pershing says that as the reasons which impelled him to request the Y. M. C. A. to undertake the canteen work no longer exist, he is glad to approve Carter's suggestion. The general thanks the Y. M. C. A. for the manner in which it handled the canteen, declaring that, "handicapped by shortage of tonnage and land transportation, the Y. M. C. A. has by extra exertion served the army better than could have been expected, and you may be assured that its aid has been a large factor in the final great accomplishments of the American army."

According to Y. M. C. A. officials and investigators of recent criticism coming from overseas, the canteen has been the cause of nineteenth-twentieths of the organization's trouble. In his letter to Mr. Carter, General Pershing declares that "the Y. M. C. A. undertook the management of the post exchanges at my request at a time when it was of the greatest importance that no available soldier should be taken away from the vital military functions of training and fighting." Y. M. C. A. men everywhere are sure that with the canteen in the hands of the army, all criticism of the organization's overseas work will cease, because of the impossibility of a civilian organization, handicapped as the Y. M. C. A. has been, operating such a mammoth mercantile enterprise as the post exchange business proved to be.

General Pershing's letter to Mr. Carter follows in full:

"My Dear Mr. Carter: "I have received your letter of January 29 asking whether in view of the present changed situation it would be possible for the army to assume full responsibility for the maintenance of post exchanges throughout the American expeditionary force. As you correctly state, the Y. M. C. A. un-

undertook the management of the post exchange at my request at a time when it was of the greatest importance that no available soldier should be taken away from the vital military functions of training and fighting. As the reasons which impelled me at that time to request you to undertake this work no longer exist, I am glad to approve your suggestion. In reaching this decision consideration has been given to the new burdens in connection with the entertainment and athletic activities and the education that you have assumed. I have accordingly given directions that army units themselves take over and operate their own post exchanges. In making this change permit me to thank you for the very valuable services and assistance which the Y. M. C. A. has rendered to the American expeditionary force in handling these exchanges. Handicapped by shortage of tonnage and land transportation, the Y. M. C. A. has by extra exertion served the army better than could have been expected, and you may be assured that its aid has been a large factor in the final great accomplishments of the American army.

"Cordially yours,
(Signed) "JOHN PERSHING."

ENOUGH BALLS TO RUN LEAGUES 347 YEARS

Also 52 Miles of Bats—Furnished American Troops by Y. M. C. A.

On the basis of there being played 150 games for the season and allowing five new balls for each game, enough baseballs have been furnished the American troops by the Army Y. M. C. A. to run the National League and the American association for 347 years. Allowing two new balls for each game, there were enough baseballs to play a series of 25 sand-lot games for 7,149 clubs.

There were 355,955 baseballs bought and shipped by the "Y" from July, 1917, to November 30, 1918, for the use of our army. Side by side they would reach 18 1/2 miles, and would make a solid fence of baseballs six feet high for three-fourths of a mile.

Over 100,000 bats were also furnished. Placed end to end, they would reach 52 miles. End to end in the air, they would rise to ten times the height of the highest mountain in the world, or be equal in height to 568 Washington monuments one on top of the other. If these were made in this fashion into one long bat, a man with the build and elbow grease of a giant could stand in your town, swing

the bat and hit everything in a radius of 52 miles.

Among other things furnished our boys by the Y. M. C. A. for the carrying out of the national sport were 2,220 baseman's mitts, 4,120 catcher's mitts, 4,965 fielder's gloves, 4,966 masks, 200 bases, 80 home plates, and 2,743 indicators.

Saved by Their Horses.

An Australian Anzac writing home describes the sagacity of his horse:

"It's wonderful how a horse knows danger in the firing line. During a recent push in Palestine my horse, for instance, understood exactly the difference between a shell coming over and one likely to land anywhere near our lines. When the buzzing of a Taube's engines has been heard in the distance I've known them to stampede and race for miles before they halted. But when the machine disappeared they turned back. I've patrolled close to Turkish positions on dark nights, and although there has been no sign of a hidden enemy my horse has suddenly reared, and the next second a shot from a nearby bush or cactus grove has rang out. Many a Light Horseman owes his life to this strange instinct amongst the hooved Australians."

SOLDIERS PLAN FOR FIGHT BACK HOME

Disturbed by Reports of High Cost of Living—Y. M. C. A. Offers Help.

Fluctuations of the political barometer "back home" are watched with interest by the American troops in France and Germany, according to reports coming from Paris. From men who have reached America they have received reports concerning the cost of living which have caused wide unrest. This has sharpened the soldiers' determination to equip themselves with increased efficiency for the return to industrial life.

To offset the growing apprehension the Y. M. C. A. has introduced a new business system in its program with the army. Secretaries have been instructed to take up with the men the question of work after the war. Signs reading, "What are you going to do when you get back home?" are prominently displayed in the Red Triangle huts in Germany. No matter what profession or what special work a soldier wishes to pursue he will be able now to develop that bent by enrolling at the "Y" hut. There he will be placed in direct touch with the people back home who need and can use his services.

The Y. M. C. A. will give men every opportunity to study books that contain professional and technical information so when they do reach home they will have obtained a rudimentary knowledge at least of the enterprise on which they desire to embark. Comment made by the soldiers on conditions is indicative of the fact that they intend to take a pronounced interest in the affairs of the nation once they are again on this side of the Atlantic.

SWEET CHOCOLATE CARRIED UNDER FIRE

Chocolate Furnished by Y. M. C. A. Arrives Just When It Is Needed.

With the American Armies in France—Praising the men of Company D, One Hundred and Ninth Machine Gun battalion, Twenty-eighth division, Howard R. Kelster, a Y. M. C. A. man of Dunnellon, Fla., tells how, when without food, they sent the sweet chocolate which he secured for them to an isolated platoon, which was under severe fire, across the Vesle river at Flismes.

It was during the heavy fighting eastward from Chateau Thierry that the men of the One Hundred and Ninth Machine Gun battalion got ahead of their supplies, and the sweet chocolate which the Y. M. C. A. managed to get to them was specially welcome.

The battalion reached the Vesle river on its advance. There the German line held. Men were thrown across the river by various units to keep in contact with the enemy. There was terrific fighting all along the line. A platoon of Company D was hurried over to help in holding the narrow strip that had been taken at great cost by the American soldiers. It was surrounded on three sides by the boche, who tried every means in his power to dislodge them—gas, shells, machine-gun fire and snipers. It was a difficult matter to get food over to the men with supplies had to be carried across the river, which was exposed to heavy fire.

FOR SALE—THE EARTH
If your farm or your ranch is for sale, and your price and terms are right, I can sell it. Write me a letter giving me a full description of your property, section and block number, kind of improvements, and if I don't sell it you are out nothing, as I do a strictly 5 per cent commission business, no sale no pay. The longer time and the least amount of cash you have to have as first payment, the easier it is to sell. It's my business to get the buyers and I know how to get them, and if you don't get in on the deal it's your fault not mine. Have just sold \$60,000 worth of Hansford County land in the last thirty days, but can't sell yours unless you list it with me.

Hog Lost
A Poland China barrow, 2 years old, will weigh about 300 pounds, strayed from my farm 12 miles south west of Hansford. I will pay liberally for information leading to the recovery of this hog.

O. C. DOWDY.

For Sale
New, 6 hole, coal Range. Warm-ing closet; white enamel reservoir. Used three months. Price, \$40. See MRS. E. P. CAMPBELL

QUESTIONNAIRE
ANSWERS WHICH WILL SOLVE PERPLEXING PROBLEMS OF THIS RECONSTRUCTION ERA.

Query.—The government has launched an educational campaign to encourage building in order to put more men to work. Would not a similar movement to show how the old structures can be best and most economically repaired and made good as new also help?

Answer.—It is learned that such a plan is in effect and is linked directly with the Washington propaganda.

Industry must be turned back from works of war to the ways of peace. Employment must be found, in the meanwhile, for those whose occupation has been interrupted. There is no real surplus of labor in the United States. Rather there is a shortage, which would be acute if normal conditions were already restored, and one step towards restoring them will come with resumption of repair work.

Government restrictions, imposed by the necessities of the war program, have for many months past retarded or altogether prevented construction, improvement and repairs. These restrictions are now off, and there is scarcely a town, a city, a factory, a dwelling or a farm that does not reveal a crying need for prompt attention. Nothing delays such instant action except the feeling that prices are high for the time being and may be lower.

That is not logical. No matter what it costs to repair, the cost is less than the cost of neglect. No matter what the cost of paint, the wind and the weather will collect a higher bill in deterioration and decay.

Query.—What do you think of paint as an investment, aside from the appearance it lends? Does it really PAY to paint a house regularly, say, every three or four years?

Answer.—Good paint properly applied when needed is the main thing in making a house last long and well. A house worth \$2,500 can be painted at a cost of about \$125. In 60 years that house will need about 15 paintings, the total cost of which will be \$1,875. Left without paint, such a house would fall into complete ruin in 30 years. So taking 60 years as a basis for our figures we find that with paint a home will last that time in good condition and will cost, plus paint, \$4,375. Without paint the house would have to be rebuilt at the end of 30 years and would be ready for another complete renovation when the sixtieth year arrived. Cost, without paint, \$5,000 for a home ready to fall to pieces. Does regular painting pay? As the old Dutch adage says:

"PAINT PAYS FOR ITSELF."

Query.—I have a quantity of old paint on hand. Can I use it for the first coat in repainting my barn?

Answer.—On no account should old paint which has become fat be used for priming either old or new work. Old paint in that condition is best used on a fence, brickwork or tinwork. If you value your barn sufficiently to paint it, do it the justice of a good job.

U. S. Invents Anti-Rust "Dope."
Incident to the war, the government has faced the problem that has so long proved baffling to commercial concerns of protecting iron and steel from rust. In an attempt to solve this federal specialists have perfected various forms of protective coatings. In this connection it may be pertinent to ask whether commercial uses will not be found also for the so-called "dopes" which the government has invented to be applied to airplane wings and which are possessed of valuable weather-resisting and fireproof qualities.

EFFECT OF COLOR UPON THE DURABILITY OF PAINT.

Property owners who may have under consideration the painting of dwellings and other structures should remember that more durable results are obtained when tinted paints are used. Permanent coloring materials which have been ground by machine into a high grade white paint base have the effect of preventing "chalking" and "checking," two defects which are often observed when white paints are used.

Pretty Color Combinations.

Ground Coat	Stipple Coat	Stencil Color
White	Light Rose	Medium, Light Gray
White	Light Gray	Dull Blue, Gray-Green
White	Light Warm Yellow	Light Cobalt Blue, Neutral Light Drab
Light Gray	Same Gray, a little darker	Gray, Gray-Green, Light Cobalt Blue
Light Gray	Light Blue	Gray Blue or Light Orange Yellow
Light Gray	Green	Light Gray, Neutral Drab
Ivory	Olive Green	Ivory or Grayish Light Green
Light Colonial Yellow	Light Blue	Neutral Gray, Ivory
Gold Bronze	Dark Green	Light Warm Drab, Medium Olive, Warm Gray, Cream
Aluminum Bronze	Blue	Dark Blue, Light Ivory, Light Neutral Gray
Ivory	Tan	Brown, Burnt Umber, Cream
Ivory	Dark Brown	Light Tan, Cream, Light Gray

Which?

or

Lieut. I. Berry... N. 2758.
Comp. E. S. M. G. B.
Nature of Wounds,
Severe Abdominal Wound
Field Hospital: N. 38.
Evacuation Hospital: N. 21.
M. M. Jones
U. S. Army Surgeon.

Lieutenant I. Berry of Carizozo, New Mexico, was in action last October. When his company commander had been killed and the second in command wounded, Lieutenant Berry "carried on." Wounded, he was ordered to the field hospital and the evacuation tag was tied on his uniform. This meant that he was out of the fight. Berry tore off the tag and returned to his company. For twenty-four hours he commanded their defense, guided them back out of the trenches after relief had come--and died.

Lieutenant Berry finished his job. He saw it through. He scorned an evacuation tag.

Which is it for you--An evacuation tag or a Liberty Loan Button?

Fordson Tractor

In developing the FORDSON Tractor the aim has been to produce a small tractor which will be low in first cost, reliable, and above all--efficient.

Being small, light and economical the FORDSON tractor is adapted for use on small farms as well as on the largest. It will pull all farm implements and do the work generally done by horses on the farm. In addition, by its belt pulley the tractor will drive farm machinery such as a thresher, ensilage cutter, etc., making the FORDSON a truly universal tractor.

Experience has pointed to the small, light tractor as being the one machine which will fill all varying conditions satisfactorily.

TAYLOR MOTOR CO.

**Dealers in Tractors and Tractor Implements
STRATFORD, TEXAS**

We sell the Fordson tractor in Hansford and Sherman counties. See one at the Hays Grocery in Hansford.

MONEY TO LOAN

on Hansford County

FIGHTING PARSON GETS WAR CROSS

John Clifford, Wearing Y. M. C. A. Uniform, Proves Himself Real Hero.

There have been many war heroes, but there is certainly no more conspicuously heroic figure than John H. Clifford, Baptist minister in time of peace, but real fighter in time of war, who has been awarded the croix de guerre for extraordinary heroism in action.

John Clifford, as a Y. M. C. A. worker, braved the red wrath of war. He has been in the firing zone as much as the hardest infantryman and was decorated for a most unusual exploit. He was one of three men who braved incessant enemy shell fire

DOC. CLIFFORD.

while rescuing Col. Albertus W. Catlin, commanding officer of the Sixth regiment of marines. The trio carried the colonel to safety on a stretcher. Mr. Clifford went over the top many times and came near being killed on several occasions. He is fifty-one years old and was born at Oxford, England, and has preached the gospel in many parts of the world. When given a chance to serve with the Y. M. C. A. in France he knew that it was a good thing, and he jumped at it. His home is at Tucson, Ariz.
