Paul E. Reimer

Paul E. Reimer, father of Otto Reimer living six miles east of Hansford, died at the hospital in Canadian on Sunday morning, May 25, after an illness of four months. He had been a sufferer from asthma for over twenty years, and last summer suffered an attack of Spanish influenza, from which he never fully recovered. His death was due to heart failure. Otto Reimer, son of the deceased, heard of his father's serious illness and hastened to Canadian, arriving there before the end came. The body was embalmed and shipped to White Deer for enternment. Mr. Reimer had been a resident of the panhandle for 35 years and for the past 18 years has been a resident of Hutchinson county, where he was known as a staunch, reliable citizen. He was born in Germany in 1854. A wife and several children survive, to whom their many friends extend heartfelt sympathy.

W. H. Jackson and son Merrill arrived the latter part of last week from Barber county, Kansas, and are guests of old friends in Hansford and vicinity.

WHEAT IS DAMAGED BY HAIL

A Few Crops Totally Destroyed and Many Damaged

A few of our farmers report a total loss of their wheat crop by hail and many others a partial loss. Many acres of barley has been destroyed or greatly damaged, also. The hail fell during the latter part of last and first of this week and the damage is confined almost entirely to the south-east corner of the county, over a territory perhaps ten miles square. In this territory the loss is considerable, amounting to 50 per cent or over, but the per cent of loss for the entire county is very small. Red rust is another cause for anxiety among the wheat growers. The continued wet, cool weather is causing rust to show up in many fields but all danger of damage from this source will be eliminated with a few warm, sunny days. Harvest will be upon us during the last week of June and farmers will be on the keen jump until that time. The constant fear of hail, the preparations for harvesting, threshing and marketing this immense crop, and the labor problem are matters which are causing our farmers considerable concern. The clouds have at last dispersed and the weather is fine. Hail and wind storms are all that will prevent Hansford county from harvesting a million bushel wheat crop.

Joe and John Spivey were in town Tuesday from their ranches in the west part of the county.

J. R. Collard went to Amarillo Tuesday, where he met Mrs. Collard and the children, who were returning from a month's visit with relatives and friends in Vernon. They returned to Hansford Thursday.

Mr. and Mrs. J. I. Steele are again at home on their fine ranch down the Palo Duro, after spending over a year in traveling through the western and southern states. They were in Hansford Thursday, shopping and meeting old friends.

Mr. and Mrs. P. M. Matze and little Miss Lucille went over to Canadian Sunday, where the latter two entrained for Chapel Hill and San Antonio, on a visit to relatives and friends. Mode returned to Hansford Tuesday.

Mrs. M. C. Head left Sunday morning for Granite, Oklahoma, where she will spend several weeks with her parents, Mr. and Mrs. W. M. McLeod. During her absence Miss Ruby Smith is holding down the switchboard at the central telephone office.

Lyman J. Hillhouse has been appointed navy recruiting officer for this district. There are seven departments in this branch of the service open for enlistments. Anyone wishing information on the subject may obtain same from Mr. Hillhouse at the Haney Drug Company.

Mr. and Mrs. E. J. Thayer, Edwin and Ben, and Miss Grace Richardson motored to Liberal Saturday, where Mr. Thayer spent the week looking after business matters. Mrs. Thayer went on to Wichita to visit with friends and Miss Grace returned to Hansford via. Guymon, Monday.

George W. McMurry and C. C. Newcomb came from their ranches in the Mulock community Monday and spent the day in town. These substantial farmer-stockmen do not come to the county seat very often but when a "drive" is on they make their presence known, just the same.

A good watch is not picked up every day, but Henry Ralston picked up one several weeks ago, and now wishes he hadn't. Henry has inquired and advertised for the owner of this watch until he is tired of it, and has about decided that it dropped down from heaven. If you have lost a watch see Henry at once.

Miss Laura Andrews was in from their home down the Palo Duro Monday and reported an almost total loss of their fine wheat crop by hail, which fell Sunday night. Mr. Andrews was in Kansas City, looking over the labor situation and attending to other business matters, and was informed by wire of his loss.

News reached Hansford the first of the week of the safe arrival in New York on May 28 of Tom Burges, Syl Frizell, Harry Wilcox, Max Lackey and Kelly Bennett, all members of the famous 36th division, which had such an important part in sending the Huns reeling back out of France toward the Rhine. These boys were really in the war; went the limit in making the world safe for democracy. They are in Camp Merritt now, and expect to be discharged soon. Hansford county will welcome these noble sons with outstretched arms. By the way, they are to assist with the

ENTHUSIASTIC MEETING HELD

Panhandle Chamber of Commerce Organized at Amarillo

The matter of a thorough organization of the entire forces of the great panhandle and plains country, being long talked of and regarded as an absolute necessity, in order that the citizenship of this vast territory may be able to share their proportionate part of the benefits to accrue from her boundless resources, as well as to place this part of the state of Texas on the map as a leading asset of the greatest state in the union, a meeting was held in Amarillo on last Tuesday, June 3, in order to thoroughly talk over the proposition and if possible lay plans for carrying out such an organization. As a result of the call for representatives from thirty-two counties, comprising the entire panhandle and plains country, twenty-one counties responded with a delegation of seventy-four enthusiastic business and professional men and farmers, anxious that something be done along the line above suggested. The result of this meeting was the organization of what is to be known as the Panhandle-Plains Chamber of Commerce.

The headquarters of this organization will be at Amarillo, that being the most practical center or most easily accessible from the various parts of the territory covered by the organization. Following are the officers elected at this meeting, who hold their respective positions for one year: President, A. S. Stinnett of Amarillo; treasurer, R. A. Underwood of Plainview; vice presidents, G. W. Briggs, Lubbock; J. S. Wynne, Pampa; D. W. Wagner, Dalhart; O. D. Vernon, Childress; Frank R. Jamison, Canadian. The directing management of the organization is in the hands of a body of directors, one of whom was selected from each county, A. E. Townsend being the director for Hansford county. The details of the work to be done by this organization are, in a large measure, yet to be worked out, but it is intended to cover every phase of agricultural, educational and civic improvement, as well as to attract the attention of the outside world to the wonderful possibilities of this vast partially-developed territory.

A secretary manager will be engaged who will devote his entire time and energy to the work. An effort is being made to secure the services of P. R. Jamison of Canadian for this responsible position. R. L. McClellan, A. G. Satrum, A. E. Townsend and N. Celsor were in attendance from Hansford county at this meeting.

Killed His Neighbor

Last Friday afternoon a man by the name of Snowden was shot and killed by James H. Done, a homesteader near Maxey. The killing took place on the former's ranch. The cause of the killing is not known. Done was bound over to the June term of the district court—Springfield (Colo.) Democrat. The man killed was Theo. Snowden, a brother of Mrs. Sophi Martin of Hansford. Mrs. Martin made a trip to Springfield last week to attend the funeral of her brother and learn the particulars of the killing. It seems a little difference arose between the men and Done, a foreigner, most cruelly murdered Snowden. Her many friends extend sincere sympathy to Mrs. Martin in her bereavement.

Presiding Elder to Preach

Rev. J. W. Story, presiding elder for this district, will preach at Grand Plains next Sunday, June 8, at 11:00 a. m., and after the sermon dinner will be served on the ground. Quarterly conference will be held in the early afternoon, after which Rev. Story will come to Hansford and fill the pulpit here at night.

Joseph Newton Kirk

J. N. Kirk, a well known farmer of the Holt community, 12 miles south of Hansford, died Sunday night, after a lingering illness and was buried in the Holt cemetery Monday. His death was due to heart failure. Mr. Kirk was a good, christian gentleman and will be greatly missed in the community. The Headlight extends sympathy to the bereaved ones.

A Rare Treat

Judge and Mrs. A. E. Townsend received from their friend Ira B. Ford, of Seattle, Washington, two large fish, of the famous Columbia river Salmon variety, on Thursday of this week. They were great, large fellows—three feet long—and of course was more fish than the Judge and Mrs. Townsend could make use of, so they very generously gave them to the

those remembered and we thoroughly enjoyed and highly appreciated the treat. The Salmon were well packed and arrived at the end of their long journey as fresh as they were when taken out of the river.

Debate Postponed

The debate which was to have been held at the Holt school house on Saturday night, June 7, has been postponed by those having the affair in charge, until Saturday night, June 21. A further announcement of the program will appear later.

Coming Along Fine

A telephone message from Lurwood received last night, stated that the work of laying steel for the Shattuck to Spearman railroad was moving merrily along. About ten miles of track has been laid since work was resumed. If the weather continues favorable they should reach Spearman by August 1. Over 100 men are employed on the job. Trains are being run to Lurwood regularly and that town is on a boom.

Frank Chledek of Listerville, South Dakota, arrived in Hansford Wednesday, to look after business matters. Mr. Chledek owns three and one-half sections of fine land out north of town.

Bandages Now Made Quickly.

A recent invention which has not been marketed as yet, but is reported to be a great success, is an electric roller for use in making the much-needed five-yard rolls of bandages. This new device is not only a great time and labor saver, but requires little practice to learn to operate. The rollers operated by hand, as they have been heretofore, require skill and training to operate them successfully, and the work is strenuous. By rolling electrically the operator is able to keep both hands on the bandage, while in hand operation one hand guides the roll or bandage and the other operates the roller.

Farmer's Attention

In order to ascertain the number of men needed to help with the harvest, and for the purpose of discussing other important questions relating thereto, a meeting of Hansford county farmers and others interested, is hereby called for Saturday afternoon, June 7, at the courthouse in Hansford. Farmers are urged to attend this meeting, but if it is impossible for you to attend, send in an estimate of the number of hands you will need and also the number which will be needed in your immediate vicinity.

Death of Young Lady

The sad news comes from Guymon of the death of Miss Dorothy Thompson, following an operation by Dr. McCarty, a local physician and at one time county health officer of Texas county. An autopsy was held, after which Dr. McCarty was arrested and placed in jail. He made bond Monday and was released from custody. Miss Thompson was employed at the central telephone office in Guymon. The body was laid to rest in the Guymon cemetery Sunday.

DOUGHNUTS AND COFFEE AT VERDUN

Salvation Army Lassies On The Job
At End of Long March.

Harry A. Williams writing in the Los Angeles Times, tells a story of what the doughnut meant to the boys in France.

The boys were stopping along through a muggy night typical of northern France. A constant drizzle was turning into a rain, and the water was forming in pools on a landscape already so sodden that it could absorb no more. When there was not the slushy sound of the soldier's feet slipping in the mud, there would be the splash of their hoofs in these puddles. Our brogans were full, and all of us could feel the "squish" of the water up between our toes with the pressure of each step. Altogether it was a miserable night—one of those unexpected moves—and our packs grew heavier each step with water and weariness.

The column had lost its way in the interminable darkness of this forest, and was forced to march sixteen kilometers instead of the scheduled ten. And every man in that column knew that at the end of that march comfort and cover did not await us, for in that section there were no barracks. In their utter fatigue they would throw themselves down in the mud at the end of the march, some of them not even waiting to unroll their blankets. It was not altogether a roseate prospect. Visions of food or something hot to drink before morning they could not conjure up in their wildest forays of imagination.

About midnight a little fiver creaked by the column. It was loaded to the mudguards with people and a lot of paraphernalia, but details could not be visualized in the dense darkness. The fellows were too tired to even chirp their customary greeting to "Henry." The Ford camionette painfully picked its way ahead through the night, and nobody gave it another thought.

But when they finally slipped and half staggered up the incline where they were to sleep under the scraggly trees, because the incline offered a bit of drainage, a delicious aroma on the heavy air made them sniff. Were they dreaming on their feet, or was it the partial delirium that sometimes comes mercifully to over-wrought men. Unmistakably that was the combined aroma of boiling coffee and frying doughnuts. Verily, it was more than a fantasy.

Into the hands of the men at the head of the column was slipped a warm doughnut and a steaming cup of coffee. And as the line passed each soldier was served. After all, it was more like a fairy tale than reality—doughnuts and coffee in this black wilderness back of Verdun.

The Salvation Army was on the job. It was their diver which had wandered past us in the dark. They were never announcing what were going to do.

DOUGHNUTS AND DANGER

(Editorial in Dallas (Tex.) News.)

The Salvation Army specialized in coffee and doughnuts—and danger. The devoted women of the Salvation Army carried their diminutive cooking apparatus to the front-line trenches when they were permitted. They braved death and wounds, and they fried doughnuts, wherever there were hungry doughboys, within the limits of the Salvationists' means. This service was performed freely; it was performed faithfully. The lassies knew how to make coffee and doughnuts, and knowing how, they made them. That is the substance of the whole thing—they knew how to do something useful, and did it. They didn't preach about it, or gesticulate, or write pieces to the papers, or sob in public, or moralize over the wickedness of war, or argue Scripture, or chant beatitudes—they simply moved their funny little stoves up to where the boys were and worked all day or all night at making coffee and doughnuts. Also they smiled while they worked, but (bless their deep maternal common sense!) they didn't try to pretend like it was all a joke or a picnic. Again, let us repeat, the women of the Salvation Army knew how to do something and did it. How greatly simplified would all our problems be if we would but agree, each with himself, to learn to do something that needs to be done, and then do it! The world—particularly America—is jam full of "smart alecks" who know all about everything or something about nothing, yet who are unable or unwilling to make a decent living in practical employment. There are sermons in doughnuts and entire theologies in a cup of good coffee.

NEW SALVATION ARMY HOTEL.

A new Salvation Army Hostel has just been opened in San Antonio. The Hotel Williams with its furnishings has been leased for a Red Shield Club and Hostel. It is a fine three-story brick building, 45x90, with a forty-foot grass plot at the side. On the first floor will be a parlor, writing room, library, social hall, kitchen and lunch room, with two bed-rooms for officers in charge. The two upper floors are all bedrooms, which will accommodate at least forty men.

WHEAT RAISERS

Attend the meeting at the Court House Saturday afternoon June 1st.

Citation by Publication

The State of Texas,
To the Sheriff or any Constable of Hansford County, Greeting:

You are hereby commanded to summon Mrs. Betty Powell, widow of Edward G. Powell, deceased; Adda L. Divilbiss, Nellie B. Whiting, George W. Powell, as well as the unknown heirs of Edward G. Powell, deceased, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 31st judicial district; but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said 31st judicial district, to appear at the next regular term of the county court of Hansford county, to be held at the court house thereof, in Hansford, on the 2nd Monday in June, a. d., 1919, the same being the 9th day of June, a. d., 1919, then and there to answer a petition filed in said court on the 7th day of May, a. d., 1919, in a suit numbered on the docket of said court No. 20, wherein W. F. C. Edling is plaintiff and Mrs. Betty Powell, widow of Edward G. Powell, deceased; Adda L. Divilbiss, Nellie B. Whiting, George W. Powell, and the unknown heirs of Edward G. Powell, deceased, are defendants, and said petition alleging that Mrs. Betty Powell, Adda L. Divilbiss, Nellie B. Whiting and George W. Powell are the sole and only heirs at law of Edward G. Powell, deceased; that said Edward G. Powell died in the year 1877, that he died intestate, and that no administration has ever been granted in any county or state, to the best information and belief of the plaintiff herein, and that at the time of his death the said Edward G. Powell owned the following described land in Hansford county, state of Texas, to-wit: All of section No. 33, Block P., certificate No. 5738, original grantee H. & G. N. Ry Co. survey, and patented by the state of Texas to Edward G. Powell on July 14, 1875, containing 640 acres of land.

That plaintiff is the present owner of said land by purchase from the above-named defendants.

That plaintiff desires that this court determine the heirship of the said Edward G. Powell, and the interest of his heirs, as well as the vendee or vendees as the case may be, in his estate.

Herein fail not, but have before said court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court at office in Hansford, this 7th day of May, a. d. 1919.

R. L. McCLELLAN,
Clerk County Court, Hansford County, Texas.

Notice of Sheriff's Sale—Real Estate.

The State of Texas, County of Sherman.

Notice is hereby given that by virtue of a certain alias execution and order of sale issued out of the Honorable District Court of Sherman county of the 7th day of May, 1919, by Sallie Jackson, clerk of said District Court, for the sum of twenty-seven hundred thirty-five and 20/100 dollars (\$2,735 20) and costs of suit, on her judgment in favor of John H. H. Stahl, assigned to Mrs. M. G. Walker, in a certain cause in said court, No. 571, and styled John H. H. Stahl, plaintiff vs. Mary E. Lord, A. H. Lord, Mrs. M. G. Schroerer and R. T. Anderson, defendants, placed in my hands for service, I, H. L. Wilbanks, as sheriff of Hansford county, Texas, did on the 12th day of May, 1919, levy on certain Real Estate, situated in Hansford county, Texas, described as follows, to-wit: An undivided one-half interest in and to section No. 104, in Block No. 2, certificate 33 439, G. E. & H. Ry. Co., original grantee, containing 640 acres of land, and levied upon as the property of Mary E. Lord, and that on the first Tuesday in July, 1919, the same being the first day of said month, at the court house door of Hansford county, in the town of Hansford, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said order of sale, I will sell said above described real estate at public vendue, for cash, to the highest bidder, as the property of said Mary E. Lord.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Hansford Headlight, a newspaper published in Hansford county.

Witness my hand this 12th day of May, 1919.

H. L. WILBANKS,
Sheriff Hansford county, Texas.

ROOMS FOR WORKING GIRLS IN S. A. HOME

Oklahoma City to Get \$60,000 Building.

A women's and children's rest room will be one of the features of the new Salvation Army building which it is planned to erect in Oklahoma City with the proceeds of the Home Service Campaign.

C. G. Fencil, who is in charge of the plans for the drive, says, "The experience of local officers emphasized the necessity for the provision of women's and children's rest rooms and a day nursery as a very practical and much needed feature."

It is expected that mothers who are in the city on shopping trips will leave their small children under the care of the trained Salvation Army nurses.

It is also planned to provide some 18 or 20 moderate sized bed rooms to be rented to working girls at a minimum price. It is hoped that this feature will afford clean and wholesome living conditions on a cost basis at a reasonable rate compatible with the girls' wages.

Lieut. Col. George Wood, who is in charge of Salvation Army activities in the Southwestern Division, has announced that similar institutions for working girls will be established after the campaign for Home Service work in many of the larger cities of this division.

THE OUT-OF-LOVE CLUB

The New York Sun describes the work of this Salvation Army club in New York City:

"No, the Out of Love Club is not made up of jilted girls. Many of the members have been jilted—nay, cruelly used by conscienceless men in the past—but that isn't what the name means. It just means that what is done by it is done out of love and affection and good-will for all those who suffer and need a helping hand.

"It is a plain, but prettily furnished house at 318 East Fifteenth street, where the Out of Lovers gather for their meetings and teas and various good times, or are welcome to stay, when they need the shelter and strength of this home. There is the Salvation Army Hospital, too, next door, at 316—the Booth Memorial Hospital it is called, after the old General who founded and started the Salvation Army. And many a desolate girl, some country girl, perhaps, who had come to the city and gone upon the rocks, has found shelter and comfort and the restoration to health in one of the white beds of this hospital.

"Commander Evangeline Booth stated recently that 85 per cent of the unfortunate girls they had taken in for reclamation had turned out well. Hundreds of them have been placed in service, and it is the rule of the Salvation Army to follow up the girls who leave the home, to keep track of them for three years at least and see how they turn out. Sometimes the girls are only too glad to report frequently.

"There was the girl who set out to starve herself to death on a park bench. It was one cold autumn night when a man's voice called up the matron at this home and told her that he was much concerned over a girl who had sat for several days on a bench in the little park opposite his house. He watched her in the early morning and at night, he said, and he was convinced that she hadn't moved; he thought she seemed in great trouble. So the Adjutant of the home, which faces the same park, ran out and hunted up the bench where the girl sat.

"Come! Come with me and I will take you to a place where you will be more comfortable," she told the poor creature, who was a pitiable object indeed, her hair matted, her face thin and drawn, her eyes vacant and glazed, her clothes torn and wet. The girl shook her head.

"It's no use talking to me—I'm going to sit here till I starve to death," she said in a dull monotone. For an hour the Salvation Army matron pleaded, argued, tried every wile to induce the half-razed creature to go with her. Finally, not daring to leave her there, she told the girl that if she didn't come a policeman would be called. At this she gave in and went.

"It took weeks of nursing and care to win from the girl her story. It was one of misunderstanding and trouble at home and harsh treatment that had driven her out into the world, where lack of training made it impossible for her to get work, and she was soon without money. Now that girl is an assistant in the Out of Love Club, where she is busy and happy all day, and the matron says she has saved many another girl who was tottering on the brink of despair."

CIVILIAN CLOTHES FOR DISCHARGED SOLDIERS

The Salvation Army is spending about \$200 per day in Chicago on civilian clothing for discharged soldiers. Commissioner Estill has placed Ensign J. A. Ryan in charge of this bureau. His office is always crowded. Every applicant is carefully interviewed and registered to prevent fraud and duplication. No clothing is given to anyone who has not been secured by the uniform

SOLDIERS HELP IN DRIVE FOR FUNDS.

(Editorial in Los Angeles Paper)

One of the finest tributes to the service performed by The Salvation Army for the American soldiers abroad is the fact that hundreds of discharged soldiers have volunteered to help in the drive for funds which the organization is going to make.

There is no question that The Salvation Army came out of the war with flying colors. The institution, which so many folks had only supercilious smiles for in the days before the war, has proved its worth, and has given conclusive proof of the fine spirit which actuates its personnel—the simple spirit of Christian service.

Its workers in the field abroad, both men and women, DID things for the men. They gave them what they most needed and wanted, not "uplifting" them, but feeding them coffee and doughnuts when they needed these most of all not "saving brands from the burning," but saving cold and weary bodies from discomfort.

In the language of the street, The Salvation Army stands "aces high" with the boys of the A. E. F.

But those of us who may not have known it before, now learn that The Salvation Army did abroad merely what it had been doing for years before in the places of want and need in our great communities. They had been helping those who need help, and helping them with the things they most needed—food, clothing, concrete assistance.

They made converts of their wards not by doctrinal argument but by example. They showed these men and women who were on the verge of the economic abyss just what sort of men and women Christian belief can produce. It was thus they "brought men to Christ," as their own phrase has it, because they proved in their own works what the Christ spirit really means.

And now they will ask us all for help in broadening out the great work which they have been doing under such great difficulties all these years before the war, which has brought them this new "popularity"

Miss Evangeline Booth, American commander of The Salvation Army, translates this new "popularity" into new "responsibility."

"We are going back again to our work in the slums of the great cities," she says.

Yes, they are going back to that work, with the blessing of millions of folks who never thought of The Salvation Army before. They are going back not only with the blessing of these millions, but with their dollars, concrete evidence of the good-will that has grown up toward the organization in return for the service rendered to "our boys" abroad.

We have not the slightest suggestion of doubt that they will get every penny they ask. And what we have said above should show that we have not the slightest suggestion of doubt that they deserve it and that having got it, they will use it wisely and well in their own spirit of truly Christian service.

SALVATION ARMY WAR WORK ON FIVE CONTINENTS.

The Salvation Army is doing welfare work among the allied soldiers, not only in France, England and the United States, but on five continents. From Honolulu to Hong Kong and from the Arctic to the Cape of Good Hope, the Salvation Army is giving its best service to the man of war—be he American, Ally, or Neutral.

This vast field of activity includes England, Egypt, Macedonia, Salonika, Iceland, Siberia, Holland, France, Belgium, Switzerland, the United States, Australia, New Zealand, Japan, South America, India, the West Indies, Newfoundland, Serbia, Mesopotamia, and the occupied zones of Germany.

FOR SALE—THE EARTH
If your farm or your ranch is for sale, and your price and terms are right, I can sell it. Write me a letter giving me a full description of your property, section and block number, kind of improvements, and if I don't sell it you are out nothing, as I do a strictly 5 per cent commission business, no sale no pay. The longer time and the least amount of cash you have to have as first payment, the easier it is to sell. It's my business to get the buyers and I know how to get them, and if you don't get in on the deal it's your fault not mine. —enough to equip a modest orchestra. It was through him that we enjoyed, for the first time in six months, music rendered by home talent. No one but a soldier can appreciate what that one act of kindness did to brighten the flagging spirits of the boys who had left so much behind.

"With that same spirit of unselfishness he established a canteen for our own use, stocking it with every luxury so near and dear to the heart of a soldier. In this he consulted us personally that the wishes of all might be granted, and in many instances our cherished desires were anticipated before they were expressed. In connection with this canteen he established a large recreation hall for every soldier who cared to spend a pleasant evening reading, writing or enjoying the music. Here a homelike atmosphere prevailed, and no stone was left unturned to make this hall a real home for us all."

A HANDY TRACTOR FOR ANY FARM

HERE is an economical little Kerosene Tractor for small or large farms—it pulls 2 1/2 in. plows anywhere a good team can continuously pull one plow. At the Salina, Kansas, Demonstration in 1918 it proved that it can average 1 1/2 acres per hour on 1.62 gal. of kerosene plowing gumbo under an average draw bar pull of 1015 pounds. It has a four cylinder Case Valve-in-head Motor set cross wise upon a one piece cast main frame. This affords the use of all cut steel spur gears and prevents disalignment of shafts, gears and bearings. All of these important parts are thoroughly enclosed and run in oil. The friction clutch belt pulley is mounted on the crank shaft and conveniently located for belting up to any machine. The Motor has a removable head also big hand hole covers along the side of crank case and a large cover underneath which makes engine bearings and other parts very accessible. The fin and tube, non-clogging Case Radiator

Core is supported by a four piece cast frame. The fan is driven by spiral gears enclosed. The "safety" fan hub prevents damage to these gears when starting. No fan belt or chain to look after. The Siphon Thermostat regulates the cooling system. Water circulation is insured by a centrifugal pump. This controlled cooling device maintains proper temperature of water to keep the motor hot thereby assuring thorough combustion and prevents raw fuel passing by the pistons or diluting the oil in crank case. The Case Air Washer permits only clean, moist air entering carburetor, consequently no dust can enter the cylinders. This means a long lived motor. This tractor weighs only 3400 lbs. When plowing all wheels travel on unplowed land. The hitch is low and adjustable, eliminating undue side draft. For Discing, Seeding, Haying, Harvesting, Threshing, Silo Filling, Baling, etc., it's a handy tractor.

war he established the work of the Army "Y" at Camp Pike, Fort Logan H. Roots, the Remount and Ebberts, field, Arkansas. In August, 1918, he was transferred from the camp secretaryship of Camp Pike to take the same position in Camp Travis, Tex., finally becoming associate executive secretary of the southern department, which place he held until his recent promotion. As foreign missionary he was located in Nigeria, British West Africa, for a year, and later he spent five years in Jamaica, West Indies. He entered city Y. M. C. A. work 15 years ago in Columbus, Ohio, later serving as general secretary at Columbus, and at Pittston and DuBois, Pa.

Mr. Appleget was in newspaper and magazine work in New York city for 15 years, having been editor of "Newspaperdom" and "Publisher's Guide" and a special writer for the American Telegraph and Telephone company. He entered the "Y" war work October 1, 1917, at Camp Pike, Ark., as camp educational director. He organized the first agricultural school and the largest central camp school in the southern department, the camp school registering 2,100 soldier students, and became popular as an educational and humorous lecturer at Pike. Since February, 1919, he has been connected with the department headquarters at San Antonio.

Germany From the Clouds. "Eddie" Rickenbacker is quoted as saying:

"Germany looks rather peaceful from above and there seems to be little disturbing them back a ways from the lines. That is where an airman's point of view is defective. The German hills and fields look as soft as ours. Probably they are, which is not very soft. Any field covered with grass always looks soft and you think it would make a fine landing place. When you get down lower and are forced to land on any old field that happens to be under you, some time when you're enplaned you learn differently."

Dr. E. L. Maxwell, specialist in diseases of eye, ear, nose and throat, will be at the Canadian station, 13 and 14th streets, after 10 o'clock.

Fordson Tractor

BEATS FOUR THREE-HORSE TEAMS

Mr. R. L. Brehmer at Cireleville has just pulled off another stunt that further cinches his "FORDSON" standing in Pickaway county.

He made the brag that the FORDSON tractor could do as much plowing as four three-horse teams. A Pickaway county farmer took him on this. Bob was game and went into the field with his FORDSON tractor and Oliver No. 7 plow against one three-horse team pulling a 14 inch riding plow and the three three-horse teams pulling 14-inch walking plows.

The first day the weather conditions were ideal, being rather cool so that the horses could work to the limit of their ability. The next day was a little warmer and possibly the horses could not do quite as much. The little old FORDSON, you know, works whether it is cold or hot.

The upshot of the business was that in two days they worked approximately 12 hours, the tractor plowing 12 acres, or one acre per hour. The first day the horses plowed 4 feet more than the tractor. The second day the tractor plowed 12 feet more than the horses, so you will note the tractor came out ahead.

This farmer owns 35 horses and picked the very best horses from the bunch to go into the contest. Please note that Mr. Brehmer could not start to work in the morning until 12 horses had been hitched, etc. During the noon hour, too, he was compelled to wait an hour and a half, until the horses could be fed and all the work that handling of horses involves was gone through with. Ordinarily he could have had his lunch, a little rest and been back on the job in thirty minutes.
