

Nimitz Reaches Tokyo Bay

MacArthur Awaits Dramatic Landings

OKINAWA, Aug. 29 (AP)—Fleet Admiral Nimitz reached Tokyo bay by seaplane this afternoon as General MacArthur waited at Okinawa for Thursday's mass occupation of vanquished Japan by 18,150 Allied troops from air and sea. Naval officials already have inspected the Yokosuka naval base at close range and Tokyo radio said the Yokohama Marine Transport Board building has been chosen as general headquarters for the occupation forces.

Blackmon Killed, Struck By Truck On East Highway

Dillen (Bud) Blackmon, 65, was killed instantly when he was struck down by a truck on the east highway outside the city limits at 7 p. m. Tuesday.

The truck was driven by a 23 year old negro, Arthur Lee Belvin, who was unable to stop as the victim walked across the road from his mail box. The truck was loaded with 1300 pounds of grain. Two negro men, James Porter of Colorado City and Andrew Johnson, Jr., were passengers in the truck, John M. Wood of the Highway Patrol reported.

Mr. Blackmon was born in Gonzales County and came here from Winters, about seven years ago. He resided on Route 1. Final services are scheduled for 4 p. m. Thursday at the Nalley Chapel, Rev. W. L. Porterfield, pastor of the Wesley Memorial Methodist church, will officiate.

Blackmon is survived by his wife; two sons, R. L. and L. B.; three daughters, Ola, Bell, Mrs. Orval Green of Wingo, Mrs. Lois Wade of Winters; two brothers, K. Blackmon of Blanket and R. Blackmon of Ballinger. Pallbearers will be Hermon Davis, Clyde, Buck Jones, Herman Fowler, Clyde Denton, Orbe Darrington and Bill Davidson.

No New Cases Of Polio Reported

No additional cases of poliomyelitis were reported here to Wednesday noon for the second consecutive day, leaving the total at nine local cases under treatment.

One interesting connection was noted with the admission of a polio case Monday because it brought to four the number of persons in one group of relatives who had become polio victims. Three of them are local cases—all children—and the fourth is a serviceman relative who had been visiting here and who reportedly came down with the infection when he returned to his base.

DDT, the new insecticide which has proven extremely effective, was due to be sprayed in downtown areas tonight. Meanwhile, letters and cards were being received at the Big Spring-Howard County Health Unit offices reporting possible breeding places for flies. Checks were made with the view of correcting sanitary conditions and officials continued to urge strongly that clean-up of private premises and vacant lots be pushed with vigor.

Rites To Be Held For Kenneth C. Brown

Rites were to be held at 3 p. m. Thursday at the Prairie View Baptist church for Kenneth Charles Brown, 17, son of Mr. and Mrs. R. A. Brown of Knott. Kenneth Charles succumbed Tuesday from an attack of poliomyelitis. Burial will be in the cemetery.

Congress Plans Part In Reconversion

By MAX HALL
WASHINGTON, Aug. 29 (AP)—Congress loomed bigger in the reconversion scene today.

Full sessions won't start for another week, but committees of lawmakers were sweating it out. They worked hard to catch up with the vast forces of change that were turned loose two weeks ago, while they were on vacation.

Two main proposals are being considered by committees. One is about unemployment — the other about "full employment." Both are favored by President Truman.

Chairman Wagner (D-NY) of the senate group that is hearing testimony on these proposals, said today he thinks a further cut in the work-week, perhaps to 36 hours, is "probably necessary to assure full employment in the years ahead."

There were also loud protests against continuing the draft. A house committee has approved a bill to abolish the three-man surplus property board and to put one man in charge of the task of selling billions of dollars worth of unwanted government goods and property.

Now for the news outside of congress: Homes — builders are aroused over a proposal under consideration for the government to control prices of new home construction. The National Association of Home Builders has asked its members to shower President Truman with protests.

Corporations — The Securities and Exchange Commission said corporations have ample funds for the task of reconversion and expansion.

More goods for you — The WPB has started a survey of all the major manufacturing industries to find out when their peacetime products will be available in quantity.

Film for snapshots — there should be a good deal of it by October 1.

Cameras — a pretty good supply of simple ones by Christmas. Complicated ones later. Typewriters — over 120,000 expected to be produced by January 1. But commercial firms have ordered them in advance. Leather — WPB removed restrictions on using leather in things like luggage, belts, and wallets. WPB said there's enough leather now to increase shoe production "substantially and rapidly."

STORM FLATTENS CHURCH—A tropical hurricane which ravaged the gulf coast of Texas demolished this church at Port Lavaca. Property and crop damage was estimated at millions of dollars. (AP Wirephoto).

Hurricane Ruinous To Crops On Coast

HOUSTON, Aug. 29 (AP) — A tropical hurricane that blew itself out in East Texas after ravaging the Central Texas coast wrought crop and property damage which may reach \$15,000,000, the Houston Post estimated today.

Meanwhile, work of aiding the homeless went on in stricken areas down the coast from here. The Salvation Army at Houston issued an appeal for clothing for storm sufferers, and the Red Cross put a network of aid facilities into action along 300 miles of coast.

At Bay City registration of refugees for Red Cross aid begins today in temporary relief quarters. Most homes of the heavily hit community had all utilities services restored and cleanup for storm debris had begun. Bay City rode out 100 mile-an-hour winds Monday night and citizens came out of shelters yesterday to find hardly a home undamaged.

The hurricane, which took three lives and injured 13 persons, caught the western end of the Texas rice crop ready for harvesting and the cotton crop likewise suffered enormously. The Matagorda Bay area was the hardest hit and crops in Matagorda, Jackson and Wharton counties were reported to be from 80 to 100 per cent ruined by the powerful winds and torrential rains.

The total crop damage, officials said, would amount to almost \$4,000,000. In addition, there was \$500,000 property damage in Bay City and other Matagorda county towns.

In Wharton county, Sheriff T. W. Lane stated the damage to rice, cotton, cattle and property would run probably to the \$5,000,000 mark. Rice and cotton fields in the county were battered by the winds and soaked by a 12-inch rainfall.

Practically every building in Palacios was damaged by the hurricane. City power was off and telephone lines were down. Property damage in the exposed coastal community was estimated at more than \$150,000.

Port Aransas suffered huge damage from wind and tide when the storm struck in all its fury. The wind velocity was measured at 135 miles-per-hour and then the weather bureau gave brake. Red Cross workers were attempting to get supplies to the island town.

The damage in Calhoun county was estimated at a million dollars. The cotton crop was ruined, bay-front industries and buildings were totally wrecked and every house in Port Lavaca was damaged. Red Cross workers have arrived and the American Public Safety patrol and Army helpers from Alice and Foster fields were aiding. Highway 35 into town was still closed last night.

High School Bible Fund Reaches \$800

The high school Bible class fund passed the \$800 mark today with receipt of two more contributions. They came from Mrs. Kate Morrison and Mrs. Pyrie Bradshaw Perry in the amount of \$10 each and brought the total to \$805.

Minimum objective of the campaign is \$2,000. Other contributions should be mailed or brought to Joe Pickle, treasurer of a special fund raising committee. Proceeds of the campaign are applied to financing the full-time course of instruction in the high school under state requirements that the non-secretarian course teach the Bible for its literary, historical, moral and philosophical values.

Meanwhile, students may take the course as an elective and receive credit. An experienced public school Bible teacher has been secured for the class.

General May See Familiar Faces At Ceremonies

By DONALD HUTH
CHUNGKING, Aug. 29 (AP)—Lt. Gen. Jonathan M. Wainwright, in excellent spirits after his trip here from Manchuria, looked forward eagerly today to seeing at the final surrender ceremonies in Tokyo some of the Japanese commanders who accepted with pompous arrogance the capitulation of his heroic American band at Corregidor.

In particular he hoped to see at the scene of Japan's complete humiliation the one-time commander-in-chief of Japanese forces in the Philippines—Gen. Masaharu Homma. Homma was a ruthless victor and an arrogant one.

(The 62-year-old hero of the American stand on Bataan and Corregidor has accepted Gen. MacArthur's invitation to go to Tokyo for the surrender ceremonies, a Manila dispatch said. He planned to leave Chungking by plane Thursday, accompanied by Brig. Gen. Lewis C. Beebe, Col. John Pugh, Maj. Thomas Dooley of McKinney, Tex., and T/Sgt. H. Carroll of Paris, Tex., all former prisoners of the Japanese.)

One officer now in Chungking told how Wainwright, who assumed command of American forces in the Philippines in 1942 when MacArthur was ordered to leave to become supreme commander in the southwest Pacific, reacted to the second order from the Japanese to surrender on Bataan. The officer, who asked that his name be withheld, quoted Wainwright as saying:

"I've been to general staff school and the war college, but they never taught me what to do if I was called upon to surrender. I guess we shall have to continue fighting."

Wainwright's message to MacArthur said:

"All this group were with me on the tragic day when I had to surrender, and I'm especially anxious that they be present when we accept the Japanese surrender." Wainwright's message to MacArthur said.

Wainwright's message to MacArthur said:

Ships Gathered In Bay As In Pearl Harbor

By HAMILTON W. FARON
WITH THE THIRD FLEET
OFF YOKOHAMA, Aug. 29 (AP)—Top Allied naval commanders of the Pacific gathered aboard their flagships in Tokyo bay today within sight of the Japanese capital which their carrier pilots helped bomb into submission.

Admiral Nimitz flew in with his staff from Guam a few hours after Admiral Halsey, aboard the 45,900-ton battleship Missouri, ordered powerful units of his Third fleet to drop anchor off Yokohama, port of Tokyo.

"This is the day we've all been waiting for a long time," he said as his five-star pennant was run up on his flagship, the battleship South Dakota.

British warships, the battleship Iowa and other American fleet units were with the two American flagships. A few miles to the south Rear Admiral Oscar C. Badger's task force 31 was anchored off the Yokosuka naval base, which one American seaman described as "just exactly like Pearl Harbor on Dec. 7, 1941."

Halsey led his battleships past Yokosuka, with its stony faced Japanese sentries, where residents were warned to stay indoors during the American landing tomorrow (this evening, Central War Time.)

The parade of American naval might ended at a point which bluntly spoken Halsey has said should be America's most western naval base. Across the roof of a large Yokohama factory building is a Japanese-painted sign reading: "Three cheers for the U. S. Navy and Army."

Plainly visible from the decks of the warships are many factory buildings blackened and gutted in bombing raids by carrier planes and Superfortresses at Yokohama. Surprisingly, Yokohama's residences appeared almost undamaged in the most readily visible areas, testifying to the accuracy of American bombardiers during heavy raids of recent months.

In the distance to the north through powerful binoculars can be seen the skyline of Tokyo, which is approximately 20 miles from the Yokohama anchorage.

Along the miles of waterfront, Japanese activities appear to have been suspended.

There is no evidence anywhere of trouble. It was such a peaceful anchorage that soon after it was achieved the call went out over the loudspeaker system: "Sweepers man your brooms. Sweep clean fore and aft."

Revised Point System Needs M'Arthur's OK

WASHINGTON, Aug. 29 (AP) — Key officials said today a revised point system for speeding army discharges will be started soon, possibly within days. All that's needed is a green light from General MacArthur.

The possibility of almost immediate adoption of the new point system was cited by both Chairman May (D-Ky) of the house military committee and Major Gen. Stephen G. Henry, assistant army chief of staff for personnel.

Henry announced the revised formula yesterday at a committee hearing. Henry told the committee the present point system was based on MacArthur's need for thousands of combat troops until he was certain he would not encounter trouble occupying Japan.

The revised setup, which applies only to enlisted men, calls for: 1. Re computation of points, which are now figured as of May 12. This will boost all scores several figures. 2. A cut from 85 to 80 in the number of points needed for a discharge. 3. Shipment overseas only of men with less than 60 points. The present figure is 75. 4. Virtual abandonment of the policy of keeping men in service because of special skills regardless of their points. 5. A reduction in the age limit at which men may retire. At present it is 38. Henry declined to reveal the new figure. 6. A similar program of speedier discharges for WACs, with a reduction from 44 to 41 in the number of points needed for discharge.

GOING TO CALIFORNIA
Mr. and Mrs. J. H. Greene will leave Thursday for an extended trip to California.

CHILDREN ADMIRE MEDAL OF HONOR — The children of Comdr. and Mrs. Samuel D. Dealey admire the Congressional Medal of Honor presented at Santa Monica, Calif., to Mrs. Dealey for her husband, a native of Dallas, Tex., reported missing last Oct. from a submarine war patrol. The children are Joan, 13, Barbara Lee, 4, and David, 11. Dealey, four times winner of the Navy Cross, sank five Jap destroyers while commanding the Submarine Harder and it was for this feat that he won the nation's highest award. (AP Wirephoto).

Gen. Marshall Implicated By Army Reports

WASHINGTON, Aug. 29 (AP) — High officials in Washington were criticized along with the Pearl Harbor commanders in reports made public by President Truman today of army and navy investigations of the disaster that plunged the United States into World War II.

The president reserved decision on whether court martials will be asked. He said in releasing the reports that if the convening of courts martial is indicated, prompt and fair trials will be held.

The army's Pearl Harbor board held Gen. George C. Marshall, chief of staff, at least partially responsible for the blow at Pearl Harbor, but President Truman and Secretary of War Stimson sharply rejected such a conclusion, the president stating: "I have the fullest confidence in the skill, energy and efficiency of all our war leaders, both army and navy."

The navy's court of inquiry directed criticism at Admiral Harold R. Stark, chief of naval operations in November, 1941, and who has just returned from wartime command of the fleet in European waters to retire.

The reports renewed sharply critical service analyses of the actions of Rear Admiral Husband E. Kimmel and Maj. Gen. Walter C. Short, the navy and army commanders in Hawaii at the time of the Japanese strike. Both these men have repeatedly asked for public trials.

Mr. Truman told this conference that in his judgment, criticism of General Marshall was "entirely unjustified."

General Marshall, the army report said, "failed in his relations with the Hawaiian department in the following particulars:

"(A) To keep the commanding general of the Hawaiian department fully advised of the growing tenseness of the Japanese situation.

"(B) To send additional instructions to the commanding general of the Hawaiian department on November 28, 1941, when evidently he failed to realize the import of General Short's reply of November 27th, which indicated clearly that General Short had misunderstood and misconstrued the message of November 17 and had not adequately altered his command for war.

"(C) To get to General Short on the evening of December 6th and the early morning of December 7th, the critical information

Police Looking For Two Runaway Girls

Police were on the outlook for two runaway girls from Colorado City Tuesday.

Will Davis reported that someone stole 40 chickens from his coupe at 710 San Antonio Street. One man was arrested for negligent homicide. Three drunks were picked up.

Social Calendar Of Events For Week

FRIDAY
HOMEMAKERS CLASS of the First Baptist church will have a luncheon at the church at noon.

Activities at the USO

WEDNESDAY
8:00—Service Wives club.
8:30—Home decoration class, Mrs. E. B. McCormick.
THURSDAY
6:15—Hospital visiting hour.
9:30—Radio program from USO.
FRIDAY
9:00—Bingo; three-minute free telephone call home.
SATURDAY
9:30—Dance with post orchestra.

Madisons Guests At Rebekah Meet

It was announced at the regular meeting of the Rebekah lodge Tuesday night that the Odessa Oddfellows have invited members of this district to Odessa Monday night for a barbecue.
Initiation teams practiced during the meeting.
Guests were M. M. Madison, past grand master, and Dora Madison, past grand matron, of the Grand Lodge. Honors were given. Brothers attending were M. M. Madison, Jones Lamar, Ben Miller, T. H. Hughes.

Sisters present included Maggie Richardson, Dora Madison, Gertrude Cline, Thelma Shepherd, Hazel Lamar, Beatrice Bonner, Tessie Harper, Evelyn Rogers, Amanda Hughes, Beulah Hayworth, Tracy Thomason, Rosalie Gilliland, Lenora Amerson, Lovie Barlow, Jewell Fields and Sonora Murphy.

Baptist Young People Have Hayride, Picnic

FORSAN, Aug. 29 (Sp1)—Rev. Burl Clark entertained the young people of the First Baptist church recently with a hayride and wicker roast.

The group included Mary Lavern McLeod, Marjorie Oglesby, Gynolyn Oglesby, Betty Lynn Oglesby, Daisy Algood, Boots Jones, Evva Smith, Jeannie Berry, H. W. Bartlett of Big Spring, Bobby Wash, Charles Wash, Horze Fowler, Eddie Ray King, J. B. Hicks, and Mr. and Mrs. R. L. Wilson and daughters.

CONSTIPATION is the cause of MUCH SUFFERING

Constipation may cause no symptoms for a long time, but unless corrected will finally impair the health. Symptoms associated with advancing constipation are loss of appetite, heavily coated tongue, tired feeling and mental depression. Headache, dizziness, anemia, and skin disturbances such as acne, are commonly experienced. In severe cases, neuralgia and joint pains occur. Indigestion with gas formation and colic, and piles and fissures frequently add to the discomforts of severe chronic cases.
No matter how many other medicines you may have tried for constipation, we urge you to try E-L PREPARATION, with the understanding that E-L PREPARATION must bring you satisfactory results or your money back. Caution: Use only as directed.

Mrs. Stacey New Beta Sigma Officer

Beatrice Stacey was named vice-president of the Beta Sigma Phi when that organization met Tuesday night at the Crawford hotel in regular session.

At a short business meeting it was decided that the club will continue to cooperate with the Red Cross during the winter in entertaining at the post hospital. Evelyn Merrill and Elizabeth Murdock were appointed to the entertainment committee, and the refreshments committee will include Margaret Wooten and Dixie Lewis.

Mattie Skiles announced her marriage to Lt. Clyde Doyle in July, and Billie Frances Shaffer told of her approaching marriage to Lt. J. B. McNamara on Sept. 6. DeAlva McAllister directed a program on speech, and Frances Hendricks discussed "Breath Control." Evelyn Merrill spoke on "Good Conversation," and Dorothy Dean Sain discussed "Pronunciation and Diction."

Attending the meeting were Joyce Croft, Charlene Dobbins, Frances Hendricks, Dixie Lewis, DeAlva McAllister, Nell Rhea McCrary, Evelyn Merrill, Elizabeth Murdock, Dorothy Dean Sain, Billie Frances Shaffer, Harriett Smith, Beatrice Stacey, Mary Guyer, Dorothy Willis and Margaret Wooten.

Andersons Honored At Farewell 42 Party On Satterwhite Lawn

Mr. and Mrs. J. W. Anderson were honored Tuesday evening with a 42 party and watermelon feast on the R. E. Satterwhite lawn, with Mr. and Mrs. Satterwhite, Mr. and Mrs. J. D. QBarr and Mr. and Mrs. J. D. Jones as hosts.

The Andersons are leaving soon for Temple, where they plan to make their home. Mr. Anderson has been employed by the Texas Electric Service Co., for several years.

Those present included Mrs. W. A. Miller, Mrs. V. H. Flewelling, Mr. and Mrs. J. L. Hudson, Mrs. H. N. Robinson, Mr. and Mrs. Hayes Stripling, Mrs. W. D. McDonald, Mr. and Mrs. J. D. O'Barr, Mr. and Mrs. Jake Bishop, Mrs. N. W. McCleskey, Mr. and Mrs. W. A. Underwood, Mr. and Mrs. J. W. Anderson, Mr. and Mrs. Robert Hill and Judy, Mr. and Mrs. H. D. Norris, Mr. and Mrs. J. D. Jones, Mrs. Ina Richardson, Mrs. A. D. Dodson and Mr. and Mrs. Satterwhite.

Averett's Return

FORSAN, Aug. 29 (Sp1)—Mr. and Mrs. Walter Averett and Sue have returned home after having been called to San Angelo last Tuesday due to the death of Mrs. Averett's father, J. W. Deal, 70.

Mr. Deal was buried Friday in Coleman and is survived by his widow, four daughters and one son.

Mr. and Mrs. James Pritchett and Mary Helen returned to Austin this week after vacationing with the R. L. Pritchetts.

TEENTIMERS: Two smooth outfits for sleek chicks. Left, gray and white pencil stripe classic with red belt and buttons. Right, wide-shouldered jumper in fireman red with brass buttons and precision lines, worn with a black wool jersey shirt.

SISTER ACT... Two little girls in corduroy party dresses, which won't stain because of new water repellent treatment. In Bernside's new fall colors: Victorian gray, neon pink and Indian turquoise.

Airline Schedules Changed By Crash

Two schedules have been abandoned temporarily by Continental Air Lines as a result of loss of equipment in a ground crash of a plane Monday at Albuquerque, N. M., it was announced here today.

Marshall Poth, station manager for CAL, said that the 8:45 a. m. southbound and the 1:30 p. m. northbound flights would be suspended effective Thursday until Sept. 30 when new equipment is expected. This leaves a southbound flight at 7:25 p. m. and a northbound flight at 12:25 a. m. operative.

Neither passenger or crew injuries were sustained in the accident at Albuquerque. The mishap was attributed to landing gear failure. The plane ground-looped and came to a stop a short distance from the runway. Lorene Dibello, CAL hostess, opened the door and all passengers were clear of the ship before becoming endangered by flames which partly consumed the plane. Passengers lost no time, being able to board a connecting airline. CAL has flown 12 years without passenger injury.

Mrs. Weaver Attends Father's Funeral
Mrs. M. Weaver left Tuesday for Wellington to attend the funeral of her father, H. Melton. Mr. Melton died Tuesday morning in Wellington after an extended illness. He was 88 years old. He is survived by ten children.

DISINFECTS, TOO

"Sugar And Spice," Poem Collection By Mrs. T. C. Thomas, On Sale Today

Mrs. Jessie G. Thomas, who has been writing since her days in school and long an author in her own right, is the latest Big Spring resident to have a complete book of her own works published. It is "Sugar and Spice," a volume of poems, which goes on sale today at the Book Stall. The work is published by the Kaledograph Press of Dallas.

Born Jessie Gertrude Lofton on a Georgia plantation, Mrs. Thomas, the wife of Theo C. Thomas, draws upon her store of intimate knowledge of ordinary folk and their homespun philosophy.

From her days in the University of Oklahoma, where she studied journalism, Mrs. Thomas has been writing. Among early recognition was advertising copy which she prepared as a student. Later she conducted a Farm and Ranch column in which she "out-Dix-ed a

woman called Dorothy." She also prepared radio scripts and has written many short stories. Her first was one in the Hearst Sunday supplement, "American," and was included in a volume by an Atlanta paper as one of the best 12 short stories in the supplement during the year. Subsequently, the story was included in collected works by the Georgia State College and in other collections of poems and prose.

Since that time, she has written many short stories and other articles. Although she has been writing poetry for her own entertainment for years, it was not until about a year and a half ago that she seriously considered publishing a volume of them.

In typical spirit, she studied a year under Clement Wood, whose works on poetry and poetry techniques are accepted as standards, so that her verses would be relieved of amateur flaws.

This entailed a rewriting of all the verses she had selected for the work. In turn, she submitted the polished poems to Mr. Wood for his criticism and they came through with flying colors.

In fact, Mr. Wood has written a glowing foreword for the collection in which he lauds her "crystal simplicity" which makes the verse seem easy. But, he challenges, if this flowing grace seems easy, "just try and equal it." He quite aptly observes that the title is most appropriate, for sugar implies the sweetness of living, while it is spice that gives life its zest.

Mrs. Thomas, active in the social service work of the St. Mary's Episcopal church and in the VFW auxiliary as well as other civic undertakings, is a meticulous writer of such force that her volume is due to find much favor locally, and elsewhere.

DICKIE DARE

OAKIE DOAKS

Mirrors Of Austin—WOES OF THE OIL PRODUCERS

The Railroad Commission's first blush idea of absorbing the drop in demand for Texas oil by a horizontal cut may have to be revised. The Commission, in recessing its state-wide prorating hearing until August 30th, suggested that all fields now producing in excess of maximum efficiency be cut back, to absorb some 54,000 barrels of a 200,000-plus barrel cut, while the remainder would be absorbed by reducing the number of producing days statewide.

However, it may be developed that the slackened demand will be centered in West Texas—the area which has never enjoyed, except in the later days of the war, a full market. That market then was afforded by a Federal transportation subsidy.

It's now understood that the subsidy will be lifted, or perhaps already has been—there've been so many directives from Washington lately that nobody has entirely kept up with them. This will put the West Texas crude on its own again, to meet the competition of sweet crude (as against sour crude) and shorter hauls from the eastern sweet crude fields.

West Texas now has far superior transportation facilities than before the war, but on an open market the only inducement for oil users to use one grade of oil over another is price. And if the price is equal, the sour crude will be at a decided disadvantage.

In the past, when supply exceeded demand, the Commission has sometimes put allowances at a figure above demand for a particular field. The result has been pipeline prorating.

This subject is one for more thorough exploration when the recessed hearing meets in Austin August 30.

Meanwhile the Railroad Commission is ready to resume as though the Petroleum Administration for War had not been.

sumably when the PAW folds, all its regulations will be rescinded, such as the 40-acre spacing of wells dictated by the lack of materials.

Commission Chairman Olin Culberson says that as in pre-war days, the Commission will consider the bureau of mines figures on demand, along with other data such as the nominations of purchasers.

The differences a few words can make was illustrated in the revised September figures from the PAW. Heretofore, the PAW has "certified" the production rate. The revised September telegram says, "The Petroleum Administration for War desires to place at your disposal, in the form of a recommendation."

The decreased production of oil will make itself felt in state revenues, but not to the extent that it will affect estimates hereof made of available revenues for the fiscal year starting September 1. In estimating income, Comptroller George Sheppard's office figured the war would be over by the late fall of 1945. This was a safe bet, although few would have been so conservative. While even that guess proved to be not sufficiently conservative, it looks like the guess will serve the purpose.

The latest figures from the comptroller's office show that with a gradually decreasing production throughout the new fiscal year, the oil production tax probably will exceed the \$30 millions which it was estimated to bring in.

Heath, to move frame house from 306 West Third to 407 East Fifth, cost \$275. J. L. Fields, to reroof frame house at 506 Young, cost \$200.

Americans Killed In Shooting In Mexico

MEXICO CITY, Aug. 29 (AP)—An American woman identified by police as from Texas was killed and another American woman was injured in a shooting near Cuernavaca Monday. Police identified the dead woman as Mrs. Molly McClaugherty, who they said was also known as Mrs. Molly McClaugherty Price of San Antonio or Corpus Christi, Tex.

Her companion gave her name to police as Miss Elinor Schuster of Clifton, N. J. Miss Schuster, in a statement to police, said the shooting occurred as the two women were returning from an automobile excursion to Cuernavaca with two Mexican escorts.

The average incandescent lamp in the home burns for two and a half years.

BURMESE REFUGEES—This Burma mother and her child (above) are among the 1,200 homeless being cared for in a Civil Affairs Service camp near the town of Maymyo.

Bids Out For Building Home For Negro Girls

AUSTIN, Aug. 29 (AP)—Bids for construction of the new \$150,000 training school for delinquent negro girls will be sought by the board of control within the next 30 days.

Chairman Weaver Baker said that work will start on the new institution as soon as materials become available. It will occupy a site 14 miles north of here.

Construction of the school, plus \$30,000 for maintenance and operation during the next biennium were provided by the 49th legislature. The appropriations will be available after Sept. 4. The school will take care of between 100 to 125 negro girls.

Anderson Studying Competitive Wools

WASHINGTON, Aug. 29 (AP)—The question of offering American wool owned by the Commodity Credit Corporation at prices which are competitive with foreign wools is being studied by Secretary of Agriculture Anderson and his aides, officials of the CCC said yesterday.

Foreign wools are being offered at prices about 20 per cent lower than the present CCC sales price. They said, adding that there is no indication when a decision will be made in the matter.

Local Golfers Open Qualifying Rounds In Labor Day Meet

Twenty-five entries have been filed for the annual Big Spring country club golf tournament, which gets underway here this weekend.

Thirteen local golfers have fired their qualifying shots. A 14th shotmaker, M. K. House, has played nine holes of his round for 41, giving him the best of the lot thus far.

Other qualifying scores are: J. A. Faulkner 93, R. H. Snyder 96, Bob Hodges 89, Travis Reed 96, Dr. J. E. Hogan 95, Joe Blum 99, A. E. Suggs 95, H. R. Vorhies 95, Jack Roden 89, H. W. Smith 92, Bob Pyeatt 91, C. B. McAllen 91, Lt. Lew Clementis 92.

Entries are expected from Midland, Odessa, Lamesa, Lubbock, San Angelo and Abilene, according to Shirley Robbins, general chairman and country club manager. Robbins said that the greens were in good condition considering that they are only four months old.

Just who will rank as favorites is uncertain, pending entries at the last of the week. Chick Trout, Lubbock, who will captain the invaders against a local team led by J. R. Farmer in the Hall & Bennett trophy play at 2:30 p. m. Friday, will likely be in the thick of the fight. Trout made the finals one year only, to be nosed out in an extra hole affair by Bobby Davidson of Sweetwater.

Should Doug Jones, former Big Spring golfer, now of Abilene, participate, he certainly will be among those to beat. Morley Jennings and Pat Patterson of Lubbock are due to take part and either one would be a shade rough. It is indefinite whether Sgt. Watkins of Midland will be able to compete, but if he does, he will be hard to handle. He was a finalist three years ago, being eased out by Lt. Al Escalante, then stationed here.

Last qualifying rounds will be shot Saturday. At 7:30 p. m. that day there will be a barbecue for contestants, their guests, and country club members and guests. Calcutta drawings and pairings will be effected that evening so that match play will start the next day.

Expensive Half-Pound Might Also Be Noisy

SALT LAKE CITY, Aug. 29 (AP)—A department store received an order for "only a half pound" of "this here atomic stuff" to use for killing the bugs on a farmer's spud crop.

They referred the order to the Salt Lake Tribune where the statistics department estimated that U-235 in concentrations up to 10 per cent may be available some day at about \$120,000 for a half-pound.

Major Cherry Pilots One Of First Planes Landing In Japan

Maj. William T. Cherry, brother of John Cherry, Big Spring, got his wish in remaining on active duty with the ATC for the trial-blazing run to Tokyo.

He was granted special permission by Gen. Ryan to pilot one of the ships in the first detachment of transports to Japan before quitting the Pacific area.

Maj. Cherry was pilot of the ship, forced down at sea, which had Capt. Eddie Rickenbacker as a passenger. As commander of the plane, it was Maj. Cherry who directed the group during their weeks on liferafts and for their dispersal which led to their rescue.

OPENS STATION

D. F. (Red) Bigony, for a score of years a postal employee, has opened a service station at W. 4th and Scurry streets. He is to be retail and bulk agent for the T-P Coal & Oil Co.

The flag of the Pan-American union is a pennant adopted in 1907 and embodies all of the colors of 21 republics of the western hemisphere.

HOME ON FURLOUGH

Pvt. Bill Collyns, who is on leave from his duties as manager of the Midland chamber of commerce while serving in the army, boarded an American Airlines plane here Tuesday evening to return to his post in Brooklyn, N. Y. He had been home on a furlough.

Nylon, vitamins, sulfa drugs and perfumes are among the many products obtained from coal in the coking process.

MRS. DICKERSON RESTING

Mrs. C. W. Dickerson, who underwent major surgery at the Big Spring Hospital Tuesday, is resting well.

"RIVERSIDES didn't come on my car I CHOSE THEM!"

"... And I see a lot of other farmers figure tires like I do!"

"When we were in town Saturday, I happened to notice the number of parked cars on Main Street that had Riverside tires. Farmers' cars, like mine. And I got to wondering if all those men had switched to Riversides for the same reason I did. 'Cause you know, Jim, none of those Riversides came on those cars!'"

Millions of car-owners, city and country-folk alike have switched to Wards Riverside tires. Why? Because Riversides give them more for their money; more mileage; more safety! (Riversides' plies are now 12% stronger than in our prewar tires. That means greater protection against separation, bruises and blow-outs!)

St. Louis Jolted From Dreams By Two Defeats

By JACK HAND
Associated Press Sports Writer

St. Louis dreams of another Sportsman's Park world series appeared faded today with the winning streaks of the Cardinals and Browns broken while the Chicago Cubs and Detroit Tigers resumed their winning ways.

Failure of Billy Southworth's Red Birds to beat the second division clubs is haunting the defending world champs in their desperate stretch drive to overtake the front-running Bruins from Chicago.

After six straight wins the champs were halted by Cincinnati last night, 3-2, by the slender margin of Eddie Miller's eighth inning home run off reliever Red Barrett, trying unsuccessfully to become the National's first 20-game winner.

Southworth gambled on rookie Glen Gardner from Rochester to beat Cincinnati, perhaps hoping to conserve talent for the weekend series with Chicago.

Grimm celebrated his 46th

birthday in happy fashion by trimming Pittsburgh, 6-3, with the help of Peanuts Lowrey's three-run homer off Fritz Ostermueller. Hank Borowy, the fellow who doesn't win in late summer according to Larry MacPhail, registered his fifth victory against two losses for the Cubs. By the combination of events Chicago's lead was stretched to 3 1/2 games.

Brooklyn took a firmer grasp on third place by a 7-1 romp over the Phillies with Les Webber going to the relief of Art Herring who gave way to a shoulder ailment after two innings.

As the New York Giants and Boston were not scheduled, the Dodgers now hold third spot by two full games.

Hal Newhouser cooled off the Browns in the American league feature, 10-1, allowing only four hits on his way to his 21st victory. The lean Detroit lefthander struck out nine and coasted home with the help of some heavy home run

thumping by Roy Cullenbine, Hank Greenberg and Bobby Maier.

Bobby Feller's second start for Cleveland lacked some of the dash of his first appearance but the fireball merchant had little trouble handcuffing Chicago, 8-2. The ex-sailor walked seven and struck out six White Sox.

The New York Yankees continued to come on, running their new string to five by whipping Boston, 8-7. Walt Dubiel earned his fifth decision over the Red Sox with some late-inning help from Milkman Jim Turner. Despite their fourth place standing, the Yanks, only six games back of Detroit with a long home schedule ahead, are in a fair strategic position.

Washington stuck on the tail-light of the Tigers, 1 1/2 lengths behind, on a 6-5 edge over Philadelphia, made possible by Rick Ferrell's ninth inning homer, his first of the season.

DOUGHNUTS IN MANILA—Mrs. Lettie W. Werner of Corvallis, Ore., one of 15 Red Cross workers who set up mobile canteens for the first GI's to reach Manila direct from Europe, passes a tray of doughnuts and punch.

Sports Roundup

By HUGH FULLERTON, JR.
NEW YORK, Aug. 29 (AP)—Distance may lend enchantment—but not to a guy who has to ride a great distance in a bus between night baseball games.

The theory being followed by Arthur Ehlers, newly-appointed minor league promotion director. . . . As president of one of the "bus leagues"—the Interstate—Ehlers has a good idea of the importance of distance and he hopes to bring about a number of realignments when he gets around to reviving disbanded leagues and starting new ones.

Looking Way Ahead—Once things are started again in all sections, Ehlers has some rather ambitious promotional plans. . . . But he wants to work slowly to be sure that there are enough players to go around and that leagues don't spring up just to die down again. . . . He already has sounded out the "farm" directors of various major and big minor clubs about a meeting at which they'll outline their needs and eventually he hopes to provide aid and incidental intelligence for small club business managers to help them operate their clubs successfully.

Minor Leagues To Resume Operations

BALTIMORE, Aug. 29 (AP)—Arthur H. Ehlers of Baltimore, new promotional director for minor league baseball, said today there was "no question that there will be plenty of baseball next year."

Thumbing through stacks of letters from league officials and would-be organizers, Ehlers reviewed the minor league situation from coast-to-coast, showing that there was a tremendous spurt in efforts to get the smaller loops back into some semblance of their pre-war status.

Ehlers said he would make all recommendations for new loops to President William G. Bramham of the National Association of Professional Baseball Clubs, and that the minor league chief then would grant or disapprove membership.

"All factors will be taken into consideration, such as lighted fields for night ball. Without lights, for instance, I wouldn't recommend acceptance, for minor teams cannot in my opinion operate successfully without night baseball."

"Also, I doubt that any class A, B, C or D team could operate without help from some league of higher classification—a working agreement or farm system."

Young Ball Star Is "All-American" Boy

NEW YORK, Aug. 29 (AP)—Sixteen-year-old Curtis Simmons, of Egypt, Pa., early today was honored as the All-American boy of the annual Esquire All-American boys baseball game at the Polo Grounds.

Simmons helped Babe Ruth's East team gain a 5 to 4 triumph over Ty Cobb's West outfit before 23,627 fans last night. He pitched the first four innings, then was shifted to the outfield for the last five. His triple in the ninth started a three-run rally that won the game.

More Information On Discharging Men With Points Or Needed Skill

By JAMES MARLOW
WASHINGTON, Aug. 29 (AP)—The picture on the discharge of people from the armed services is changing. It will change more. Here's the score, up to date.

Will a veteran of the European war—when sent to the Pacific—be discharged if he becomes eligible for discharge?

Yes, the war department says. He will be returned to the United States as fast as transportation permits. Further:

Once in the United States he will be released unless he has skill in any one of these three critical categories:

Mechanics who fit artificial limbs, radio transmitter attendants and electro cardiac specialists.

Men in those categories may be kept in service an additional six months beyond the time they become eligible for discharge.

Army and Navy have issued

GRIN AND BEAR IT

Going to school on the "G. I. Bill" is fine, but who do we write if we need some extra cash—our folks, or our congressman?

Tennis Starlets At Nationals Will Be Future Champions

FOREST HILLS, N. Y., Aug. 29 (AP)—Youth had its annual fling in the opening round of the national tennis championships yesterday and in the opinion of some qualified experts, two or three of the youngsters may stick around after today to contend with such established stars as Sgt. Frankie Parker, Bill Talbert and Pancho Segura.

The top trio of youngsters includes Air Cadet Bob Falkenberg of Hollywood, Calif., sixth in the 1944 national rankings and eighth seeded player of the 1945 championships; Herbert Flam of Beverly Hills, Calif., successor to Falkenberg as national junior champion, and Herbert Buddy Behrens of Fort Lauderdale, Fla., winner of the boys' championship for the past two years.

PERMANENT CENTER

CORPUS CHRISTI, Aug. 29 (AP)—The naval air technical training center at Ward Island near here which trains aviation electronic specialists, will be maintained permanently, Commander P. A. Sugg, USNR, commanding officer, has announced.

Post Airmen "Test" Themselves For Civilian Fitness, Aptitudes

Dreaming of an approaching civilian status, more than 100 officers and enlisted men at the Big Spring Bomber school have already taken tests to discover their aptitudes for civilian jobs.

Conducted by the post information and education office, the tests zoomed in popularity last week as Army Air Forces cut-backs were announced. All tests are given voluntarily.

Tuesday, the demand exhausted the supply of testing material, and test-giving was suspended until next Monday, when new supplies are expected, according to 1st Lt. James P. Bland, in charge, a psychology graduate of West Virginia University.

All-Star Stadium Too Small For Spectators

CHICAGO, Aug. 29 (AP)—Soldier Field, the huge stadium on Chicago's lake front, isn't big enough to accommodate all the fans who want to see the All-Star football game tomorrow night.

Arch Ward, sports editor of the Chicago Tribune, sponsor of the grid classic, said today if accommodations were available, the crowd would number more than 135,000. Ward said the ticket demand for the year's clash exceeds any previous All-Star event. Some 90,000 are expected.

Next Texas PGA Meet Slated For Lubbock

LUBBOCK, Aug. 29 (AP)—Lubbock will be the scene of the Texas PGA Open golf tournament next year.

Chick Trout, chairman of the Lubbock Country club tournament committee, who made the announcement yesterday said George Albach, Amarillo, president of the Texas PGA, and Shorty Hornbuckle, Odessa, vice president, would arrive here soon to set the dates.

Police Not Needed In Commando-Jap Fight

CENTRALIA, Ill., Aug. 29 (AP)—A police squad responded to a call from a person who reported a group of boys were engaged in a free-for-all fight.

The officers made a report back to the station:

"It was not police business inasmuch as the Southtown Commandos were fighting the Japs."

Ira Boyd Dies In US Naval Hospital

Ira Boyd, SC 21C, died in the naval hospital at Pensacola, Fla., on Aug. 18. The body was shipped to O'Donnell for burial and funeral services were held at the Baptist church there on Aug. 22.

Twenty-two years old Boyd had served for almost three years in the navy. He had spent 18 months overseas.

Survivors include his widow and two small daughters of O'Donnell; his father, S. R. Boyd of Andover; two brothers, Alvin Boyd, stationed in California, and Marvin Boyd of Big Spring; and a sister, Mrs. James Overton of Big Spring.

State Parks Board To Spend \$50,000

AUSTIN, Aug. 29 (AP)—The state parks board plans to spend approximately \$50,000 during the next six months as the first step in its postwar improvements program.

Approved by the legislative audit committee were individual appropriations for a number of parks.

Included was an item of \$10,000 for purchase of heavy equipment to improve roads. Most state park development has been at a standstill since the start of the war.

SPLIT DECISION

SAN ANTONIO, Aug. 29 (AP)—Artie Dorrell, 147, San Antonio, gained a split ten-round decision over Baby Yucatan, 145, Mexico City, in the main boxing event here last night.

Carols In Prison Ship Impresses Father Most

By BETTY BOB DILTZ

"Silent night, holy night" ringing out from the dingy rat infested hold of a Japanese transport filled with more than 200 prisoners on Christmas Eve—stands out in the mind of Rev. George Baynes of Chicago, Ill., as a part of his worst experience during his two and a half years internment by the Japanese. The priest is visiting this week with Rev. George Julian, pastor of the St. Thomas Catholic church.

In speaking of the ten day trip by boat during the Christmas season from Davao to Manila, he said many persons fell sick from rat bites. The trip was made in complete black out and the boat continued to zig zag because the American submarines were very active then. While on the ship the prisoners were only served tea with salt water, rice and few vegetables. Many children ranging in all ages were included in the group. Father Baynes exclaimed, "It was awful!"

Rev. Baynes went to the Philippines in 1940 to work as a Catholic missionary and was there for a year and a half before the war came along and he was captured with other priests by the Japanese. He is now trying to raise money for missions in the Philippines and eventually hopes to get back, maybe by late fall.

While he was interned at two Mindanao camps and Santa Tomas, conditions weren't too bad until toward the end, just before lib-

eration, and the Japanese began starving the prisoners to death. From five to eight ounces of rice were given each person a day. Father Baynes didn't consider that food. All three camps were infested with bed bugs. He gained back his lost 30 pounds when he spent three months at his home.

Celebrated mass was held each morning and other prisoners, beside the priests, were permitted to attend. Two roll calls were included in the day—one at 7 a. m. and the other at 7 p. m. Civilian prisoners were not forced to work but did have to keep up the camp. The priest said he saw no atrocities. If a prisoner would break a regulation he would be slapped or kicked. Only once was he pushed around by a drunken Japanese sailor. The yellow men seemed to ignore the women completely.

Prisoners weren't permitted to roam around the grounds and were only able to stay out near the building about an hour. They slept on wooden beds and sometimes a mattress. Men wore short pants and laundry wasn't such a big problem except for the shortage of soap. Even so, women managed to keep their clothes in good condition and ironed.

George Baynes believes the prisoners didn't realize their danger. "Now it seems more like a nightmare and not two and a half years of real happenings. Time did pass very quickly."

At 9 p. m. Feb. 3, 1945, Rev. Baynes heard someone say, "Hi, you all!" The First and Fifth Motorized Cavalry liberated their camp and the majority of the soldiers were from Texas. He said it was a feeling that can't be described.

Father Baynes still can't get enough ice cream, milk and fresh vegetables. The lack of meat didn't seem to bother him. He did receive six letters during his internment but his mother and father, Mr. and Mrs. George Baynes, Sr. hadn't heard a word for three years until a news clipping written by a Chicago correspondent appeared in a paper there Feb. 6, 1945.

"The Philippines treated us wonderfully and were loyal and cooperative. They did all they could to help, including getting news to us," he remembered.

Second Breeders' Tour To Begin Sept. 11

Second annual tours of the Howard County Hereford Breeders association will be held Sept. 11 and 14, Rexie Cauble, president, announced Wednesday.

The initial leg of the tours will start at 8 a. m. Sept. 11 from Walker Drugs at 2nd and Main and will have stops at breeders places in the northern and eastern areas. The second round will carry visitors to breeding farms in the south and western sections.

All members of the association have been urged to participate and Cauble said he was anxious to have as great a number of business men and others as possible to participate. There will be ample transportation, he said.

TO RAISE DAM
DALLAS, Aug. 29 (AP)—The level of the Denison dam will be raised from 625 feet to 635 feet at a cost of \$342,275, the southwestern division of the corps of engineers announced yesterday. Contract for the raising was awarded to an Oklahoma City construction company.

Private Breger Abroad by Dave Breger

"In all the years I been takin' this tonic it's the first time I'm gettin' any good outta it!"

Member Of Famed Lost Battalion Safe

ABILENE, Aug. 29 (AP)—The war department informed Mrs. Jennie Stone Tuesday that her son, Capt. William R. Stone, member of the famed Texas "Lost Battalion" is listed among personnel of the Japanese prison Camp Hoten in Mukden, Manchuria.

The battalion—2nd provisional battalion of the 131st Field Artillery—was captured in Java in March, 1942. It had been detached from the 36th (Texas) division and sent from Camp Bowie, Brownwood, to the Pacific. The men were presumed officially to be prisoners of the Japanese on June 6, 1942.

The news of the battalion's capture struck in homes of 800 men, most of them in seven West Texas cities, Plainview, Lubbock, Amarillo, Abilene, Jacksboro, Decatur and Wichita Falls. Others were from Fort Worth and El Paso.

Lt. Col. Blucher S. Sharp of Amarillo was in command in Java.

Movement of the battalion was an official secret but most West Texans knew weeks before the battle of Java that its men would be the first all-Texas outfit to go into action. Almost every man had placed a long distance telephone call from Java at \$17.75 each.

The last call received here came from Captain Stone, then a first lieutenant. He said "no action yet" just two days before the Japs moved in.

Senior officers with the battalion in point of service were Colonel Sharp, Maj. Winthrop H. Rogers of Wichita Falls, Capt. Archie L. Fitzsimmons of Fort Worth and Capt. T. A. Dodson of Abilene, who commanded Battery "E." Lt. Samuel H. Lumpkin of Amarillo was battalion surgeon. Capt. Stone was second in command of Battery "E."

Stone and a number of other battalion men were in a Fukuoka Japanese prison camp when last heard from.

San Antonians Get A Four-Page Paper

SAN ANTONIO, Aug. 29 (AP)—The San Antonio Express published a four-page newspaper today from photo-engraving and stereotype plates as union printers employed by the city's three daily newspapers continued their walk-out into the fourth day.

One hundred and twenty five printers, members of the local International Typographical Union (AFL) left their jobs at the Express, the Light and Evening News Sunday in protest to delay in negotiating a new contract with the publishing companies.

The old contract has expired and the companies refuse to accept a new contract submitted by the union.

The newspaper commission of the War Labor Board in Chicago has the dispute under consideration.

Army Surgeon Praises Doctors From Texas

GALVESTON, Aug. 29 (AP)—The 127th General Hospital composed of Texas doctors was praised by Maj. Gen. Paul R. Hawley, chief army surgeon of the European theater, as a unit "of superb quality."

In a letter a Dr. Chauncey D. Leake, dean of the University of Texas Medical College, Gen. Hawley said, "it is difficult to indicate the superb quality of the medical personnel which came with this unit. I have had to draw heavily upon this personnel to leaven weaker units in the theater. Despite frequent drafts upon the 127th General Hospital, the professional talent seem inexhaustible."

PRISONERS ESCAPE

HOUSTON, Aug. 29 (AP)—State and local officers were on the lookout today for 16 Latin-American prisoners who escaped from Harlem state prison farm No. 1, near Sugarland, during the hurricane Monday night.

"Quiet" Election Is "Quiet" An Election

By JACK RUTLEDGE Associated Press Staff

A headline in the Brownsville Herald: "Matamoros holds quiet election."

The story told of a primary city election in the border city. It said one group charged it was not allowed to vote at a certain precinct and "a minor disturbance broke out." It also told of two leading citizens getting into a fight and being taken to the military garrison. It further told of a large number of men organizing a "protest parade" because of voting procedure, and marching through the main part of town. It went on and told of the police and soldiers being called out to restore order.

The Herald probably meant "quite an election."

Second Lt. Wooster Morgan of Dallas fell for Sonja Henie. In fact, he fell about 2,000 feet.

The movie actress participated in a parachute demonstration. Morgan writes his folks, and acted as jumpmaster. When she said

jump, he jumped.

Lt. P. R. Birdwell of Port Arthur, home for his wedding, has completed his 58th and "worst mission"—in Texas.

Birdwell is a veteran of 57 missions over Germany as a pilot of a B-26. He's home now, and he and his future father-in-law, A. E. Ellerbee, and Clifton Roy Ellerbee went on a fishing trip in Galveston Bay.

A storm came up and the wind overturned their boat. The three men clung to the craft for the duration of the storm.

Nightfall came, but help didn't. They had an all-night vigil, hanging to the upside-down-boat. The following morning they righted the skiff, tore strips of wood from it to use as paddles, and finally reached a reef. They were in the water 14 hours.

"Maybe the air corps won't credit me with another mission, but I've never been on a raid that scared me half as much," the lieutenant said.

Rayburn Predicts Lowered Taxation

BONHAM, Aug. 29 (AP)—Asserting that although taxes must remain high in the lifetime of present payers, Speaker of the House Sam Rayburn predicted yesterday that congress will reduce national taxes somewhat when it reconvenes next week. It will be the first peacetime session in almost four years.

Rayburn also told a Dallas News reporter of possible legislation on three other postwar matters: a revamp of social security laws which will provide liberalization of unemployment compensation; strengthening of laws designed to insure veterans of their old jobs; and a disposal of surplus properties.

40 YEAR FAMILY FAVORITE EASE MINOR SKIN MISERIES

When baby tosses and frets and wakes you up at 2 a. m. because diaper rash sting and burns are making him miserable, you'll really welcome Mexsana, the soothing, medicated powder. And you'll welcome it too, for relieving the smart of "griddle rash" and chafe just as much as dad will be grateful for the way Mexsana checks itch of minor skin irritations, often more annoying as weather gets warmer. This medicated powder is a whole family favorite. Costs little, larger sizes most economical. Get Mexsana.

The flag of a brigadier general of the U. S. Marine Corps is similar to that of a major general, except that it carries one star instead of two.

The Stars and Stripes carried by the armies of the North during the last years of the Civil War had 36 stars in the union.

Poor Digestion?
Headachy?
Sour or Upset?
Tired-Listless?

Do you feel headachy and upset due to poorly digested food? To feel cheerful and happy again your food must be digested properly. Each day, Nature must produce about two pints of a vital digestive juice to help digest your food. If Nature fails, your food may remain undigested—leaving you headachy and irritable. Therefore, you must increase the flow of this digestive juice. Carter's Little Liver Pills increase this flow quickly—often in as little as 30 minutes. And, you're on the road to feeling better. Don't depend on artificial aids to counteract indigestion—when Carter's Little Liver Pills aid digestion after Nature's own order. Take Carter's Little Liver Pills as directed. Get them at any drugstore. Only 25c.

"It's a problem. Smith's allotment is 211 and two-thirds bottles!"

ALL RIGHT—we'll admit we haven't yet had to figure in fractions of bottles when we divide up the available supply of Pabst Blue Ribbon among our retailers. The point is, though, that we do try to make sure that everyone gets a fair share of this great beer.

Today, more and more people are discovering that no other beer tastes quite so good as blended Pabst Blue Ribbon. So... if you can't always find Pabst... ask again next time, won't you?

BUY NOW! - USE OUR LAY-AWAY PLAN!

Select your coat now and have it paid for by the time cold weather arrives.

Editorial --

Caution For Us And Them

Lifting of the 35-mile speed limit may, some observers believe, help solve some transportation difficulties by permitting faster, therefore, more schedules in a given length of time.

The removal of the ban (if it was ever highly effective) together with abandoning of gasoline rationing will have the effect of increasing traffic on the highways. The old temptation to get somewhere in a hurry will return immediately.

But what the death knell to gasoline rationing and the lifting of speed limits cannot accomplish is the miracle of good tires and of new automobiles. It is still a fact that the rank and file of automobiles are not in too dependable mechanical condition, and that tires, for the most part, are not too safe.

It all adds up to a need for plenty of caution. It will be needed in ample doses not only to prevent accidents, but to stay out of the way of foolish people who won't have any better sense than to streak up and down the highways a mile-a-minute.

Watch The Cotton Harvest

First bales are beginning to pop up in West Texas counties in increasing numbers, and before long we'll have a report of one here. Not many weeks hence we'll see the cotton season get into action.

On the basis of present prospects, it is not far-fetched that we could harvest 15,000 bales or better. It is not a normal crop but is far better than any would have dreamed in the last days of June.

This season may be significant in that it may be a turning point. Leaders in the industry are clamoring for revolutionized production methods to make cotton a competitor to more cheaply produced fibers. To the technical end of cotton manufacture has had many developments under the impetus of war and new and better made cotton goods may be the result. Experiments are being carried on in production of naturally colored fibers, and this might open some new fields to the cotton farmer.

While all this is going on, the fight to plant, raise and harvest cotton at lower labor costs per acre is in full swing. Within the space of a year we may begin to see some definite steps in this direction.

Land, Unions, And Veterans

The end of the war considerably in advance of general expectations, has considerably lessened the importance of the "land for soldiers" amendment to the constitution to be voted on at the approximate date of the next general election, in 1946.

It will have to await enabling legislation from the 1947 session of the legislature before the land can be offered to soldiers under the proposal, and this fact has led to a comment from one of the signers of the amendment, Rep. W. R. Cousins, Jr., of Beaumont.

Cousins expressed the hope that the state land office would defer any more sales of public lands until the service men are all home again. There has been one large sale of state lands since the war started, and the Beaumont legislator believes any other state lands should be offered at a time when the service men would have a better opportunity to bid on it.

The constitutional amendment would create a revolving fund for the purchase of land for re-sale in farm and ranch tracts to veterans. Cousins commented that a large majority of service men

Hollywood--

Susanna Foster's A Complaint

By BOB THOMAS HOLLYWOOD -- Susanna Foster breezed in from the "Once Upon a Dream" set and I held out my hand, having learned long ago that all actresses shake hands upon a first meeting. The next time they meet you it usually means an embrace, and the third time ordinarily rates a kiss.

Susanna shook hands with the vigor of a Hungarian wrestler, and I began to get a picture of this dynamic woman. We got started on the movies and singing, and neither a steam whistle nor a red flag could have stopped her.

"Singing in motion pictures is in terrible shape," she said, speaking three times as fast as you can read this. "Simply awful. You know why? I'll tell you. It's because nobody knows how to sing. They either have a good voice and are too lazy to train it, or have no voice and can fool the public. "With sound recording you can't tell whether a person is a good singer or not. They can turn the sound up and make you think that the singer has great volume. You take someone like Frank Sinatra. I like his brand of singing; it's nice. But you take away the microphone and put him in an opera house and what do you have -- a pipsqueak."

"What's so bad about movie singing?" I interjected hurriedly. "I'll tell you what's wrong with

The Unseen Audience

With The AEF: Sea Is Handy Thing To Have Around A Ship

By HAL BOYLE WITH HALSEY'S 3RD FLEET OFF JAPAN. (P) -- Housewives would envy the mop-cleaning technique of the U. S. Navy. Seaman Frank Zikind, Walnut Creek, Cal., stopped swabbing down decks of this big transport steaming toward a landing on the land of the rising sun long enough to explain it.

"In civilian life you'd call these just a good old-fashioned mop, but in the Navy we call them swabs. "When they get dirty, you just bundle three or four together, take a line and put a clove hitch around their necks, put on a couple of half hitches and heave them over the side. "Sea water does the rest. It pounds them clean in 10 minutes."

Washington-- Congress Has An Ax -- But No Tree

By JACK STINNETT WASHINGTON -- There's a great big laugh in Washington on those members of Congress who have been moaning for four years that we would never get rid of censorship, price controls, manpower controls, wage controls, rationing, priorities and all our other government wartime restrictions.

Congress cut its nine-week vacation practically in half, but it already is apparent that the would-be ax-wielders are returning to the chopping block to discover there's practically nothing left to cut off.

Even before the Japanese could set up a coup d'etat to meet Gen. MacArthur's face to face, a business man couldn't keep pace with the war wartime restrictions were falling off.

War agency employees were getting in the habit of calling to find if they still had jobs before they gulped their coffee; jalopies were capering all over the place on full tanks of gas; and merchants here in the heart of wartime restrictions were hanging out signs: "If we haven't got it, we soon will have."

Censorship Director Byron Price was the first to rub up the "Out of Business" placard. "Old Curmudgeon" Harold L. Ickes didn't wait 48 hours to lift the ban on gasoline and fuel oil. His capable director, Ralph K. Davies, told friends that the Petroleum Administration for War would be gone completely within 120 days.

OPA started lifting rationing so fast shoppers couldn't keep up with them; Secretary of Agriculture Anderson began to talk about plenty of unrationed meat by fall. The War Labor Board stripped itself of about 90 per cent of its authority.

The War Manpower Commission opened the doors on job restrictions. WPB cut loose basic metals and a score of other things that opened the flood-gates of reconstruction.

I could go on listing for columns; but the list would be incomplete before this gets into print. There's a reason for it, of course -- one that isn't easy to dig out. After questioning officials in half a dozen agencies, including WPB, OPA, PAW, I have concluded that it is principally because nearly all these war agencies are run by industry men. These men are just as sick of wartime controls as any of us -- and incidentally just as sick of government red tape.

There's a political implication in the speed with which war controls are being lifted too: anti-administration forces, both Republicans and greener-pasture Democrats, are going to find one of their powerful "weapons" of administration criticism has melted away in their hands.

Washington Merry-Go-Round--

US Won't Copy British Labor Trend

(Note: In Drew Pearson's absence, Herbert Bayard Swope, long a student of British political affairs, contributes a guest column on the new labor government.)

By HERBERT BAYARD SWOPE Former Editor of the New York World and public relations advisor to the Secretary of War

NEW YORK--The conservative defeat in England is not so striking a blow as some portray it. Unquestionably, there will be a trend toward socialization, but I think that this will be confined, at least for the next few years, to the natural monopolies -- power, light, heat, transportation, communication (already in the state's hands except for cables) and, of course, mining, steel, and the Bank of England. But much of this has been in their program for the last 25 years.

In fact, even the Lloyd George government gave support to the basic plan.

There will be a trend on the part of the radical movement in this country to affiliate itself with the British program. And I think there will be efforts to gain a wider and deeper association politically with Britain and Russia. But I do not discern any trend toward communism.

Whatever Britain does will be done not by dictatorship, but under the rule of a true democracy. That characteristic saves it from becoming a repetition of Stalinism. After all, one of two communists were elected out of 27 who ran. That's not dangerous, even though the propagandists can -- and do -- claim 100 per cent increase! (The communists had one member in the last house.)

No New Foreign Policy I should doubt that there will be any decisive changes in foreign policy. Britain has consistently adhered to a pretty well formulated foreign policy for almost 300 years. However, it is reasonable to expect a greater sympathy on the part of the British foreign office for the movement left of center than with the kings and Tories the expiring government supported. An approach to self-government in India is to be expected.

I think foreign trade will become more international minded and more collective. I think it will move toward further cartelization. The question about British commerce growing will be dependent upon their raise of wage. Labor will drive for wider employment

Siamese Twins Born Unattended By Doctor

COLDWATER, Ariz., Aug. 28 (P) -- Siamese twins born here lay unattended by a physician for 15 hours after they were born early Sunday morning, their mother reported.

The twins, Louise and Micalia, daughters of Jesus and Rita Miranda, were born at 12:30 a. m. Sunday and it was not until 3:15 p. m. that day that a doctor was called in on the case. The maternal grandmother of the twins, Carmen Samaniego, 48, assisted the mother at the birth. She said there was nothing unusual about the way they were born and was only "surprised" when she found they were attached at the abdomen.

TRAFFIC COP MONKEY PASADENA, Calif., Aug. 29 (P) -- A monkey hunt was on here today. The animal eluded Police Officer Jack Mladen in a chase over hedges and fences, after a woman telephoned that the monkey was at an intersection -- directing traffic.

When Audie Murphy of Farmersville, Tex., went into uniform he was told he was expected to fight. He did. Lt. Murphy won all medals given by the army.

England went liberal during the war, and thereafter, but we turned solidly to the right immediately after the war, while England, in the early '20s elected a labor government. In 1923, when MacDonaid got a plurality, we put our leadership in the hands of Calvin Coolidge.

In 1928 we elected Hoover, whereas, labor won that year or the next in England.

In 1932 and 1936 we chose Roosevelt, whereas, England went completely conservative in 1935.

I believe, therefore, it is safe to conclude that the short-time tendency in England reverses that of America.

England has been our political laboratory for many years, but sometimes there is a long time between the English experiment and American translation into practice.

Bolder U. S. Unions The English result will emphasize the demands of the unions -- and there may be dynamite in that -- because the returning soldier, at this moment, is pretty sore at union delays.

I think the deep explanation as to the outcome in England (although it may not appear upon the record) is that war-weariness, to which I refer above. The people want to end the pressure of war and enjoy the pleasures of peace.

One other thought in this connection: In any war, we must be sure the victors do not take on the vices of the vanquished, while the vanquished practice the virtues of the victors.

You will see, from this creed, that I am not pessimistic. On the contrary, I think we in America are about to embark on a long voyage of prosperity, in which social changes will come; but they will come slowly and soundly.

OPA Tire Inspection Station Eliminated

Elimination of the central tire inspection station here effective Sept. 1, along with those at Lubbock, Odessa and El Paso, has been announced by the district OPA office.

Among instructions issued by the OPA office were these: Tires on hand at central truck tire inspection stations Sept. 1 must be returned immediately to the applicant or forwarding inspection stations.

No tires need to be turned in with certificates issued after Sept. 1 for truck tires if the inspection was made prior to that date.

After Sept. 1, tires (both passenger and truck) must be turned in to selling dealer, except on certificates for truck tires issued prior to Sept. 1. Tire inspection stations are not to hold any tires after Aug. 31.

All tires turned in at time of purchase are to be held 30 days for examination by OPA tire inspector. After Sept. 1, quotas for heavy truck tires will be turned back to the local board where final responsibility will rest.

Try and Stop Me

DAILY STORY FROM THE BEST-SELLING BOOK

By BENNETT CERF

WHEN Professor Albert Einstein, discoverer of the theory of relativity, and his late wife first came to this country they were taken to the Mt. Wilson observatory in California.

Mrs. Einstein was particularly impressed by the giant telescope. "What on earth do they use it for?" she asked. Her host explained that one of its chief purposes was to find out the shape of the universe. "My goodness," said Mrs. Einstein, "my husband does that on the back of an old envelope."

After the Einsteins settled in Princeton, a 12-year-old girl fell into the habit of dropping in on the professor every day on her way home from school. Her parents were gratified, but somewhat mystified too. One evening the mother found an opportunity to ask the professor, "What do you two talk about every day?" "Oh," laughed the professor, "she brings me cookies and I do her arithmetic for her."

Einstein was really stopped cold at a recent Princeton function by Jascha Heifetz's irrepressible sister Pauline. "Tell me, Professor," she said with deadly seriousness, "is this mathematics racket really on the level?"

FOOD UNDER PRESSURE—A workman stands by a huge compressor, built by Maguire Industries for their Des Moines, Iowa, plant, which turns out bricks of compressed dehydrated food to save space on ships bound for overseas.

Lions Seek Action In City Clean-Up

Two actions in connection with a city sanitation drive came out of the Lions club meeting Wednesday noon at the Settles.

The club favored, with few dissenting votes, a resolution asking city commissioners to adopt an ordinance prohibiting keeping of livestock within the corporate limits.

Also voted was a resolution, based upon agreement of club members to canvass the city, asking city and health officials to make use of a city-wide sanitary survey.

The matter was presented by Bill Dawes, who pointed out that existence of unsatisfactory conditions was a matter of common knowledge and that action finally rested with individual citizens. The survey, he said, would be a start, but that to make it more than that required public support.

Dr. J. E. Hogan, city health officer, felt that the problem was to attack breeding places for flies and that any person who maintained any condition which would permit this was indirectly contributing to spread of infections and even to epidemics. He deplored failure of a motion to adopt an ordinance to prohibit keeping of livestock within the city for want of a second.

Guests for the day included Dr. J. E. Olean, director of the Midland-Ector-Howard county health units, Graham Smoot, senior sanitarian for the state health department, and Tom Warren, representative of the state health department.

Law Forbids Making Elliott Affairs Public

WASHINGTON, Aug. 29 (AP)—The house ways and means committee informed Brig. Gen. Elliott Roosevelt today it is prohibited at this time by law from making public the treasury study of his financial affairs.

The committee said it will decide when the record is complete whether to publish the whole record in a formal report to the house.

Chairman Doughton (D-NC) telegraphed the committee's statement to Roosevelt at Beverly Hills, Calif.

Roosevelt wired the committee yesterday requesting that the full report of the study of his business affairs be made public immediately, saying that "continued speculation and erroneous stories can only further distort the facts."

Robert Delbridge On Two Week Leave

Robert Carroll Delbridge, S-1/C, arrived here Monday afternoon aboard an American Airlines plane to spend a 14-day leave with his mother, Mrs. Mary Delbridge.

Robert has been at sea almost constantly aboard a Patrol Craft Escort, a 180-foot vessel designed for quick work in convoy work, since he visited with his mother more than a year ago.

On one occasion he was in a group of volunteers which put out in storm conditions in the Bering Sea in a rescue attempt. The sea was so heavy that the boat was obliged to put back to the PCE, where it smashed and spilled its occupants. He was in the killing waters three minutes before he was hauled aboard.

He flew here from Seattle, Wash., making the trip in 17 hours. Robert is in the regular navy.

Allies Name Nazis To Stand Mass Trial

LONDON, Aug. 29 (AP)—The four major western Allies today named 24 Nazi leaders and Prussian military chiefs—among them Hermann Goering, Rudolf Hess, Wilhelm Keitel and Karl Doenitz—as defendants in the first mass trial of Germany's arch criminals early in October.

The list furnished the first evidence that Hess, deputy fuhrer for all Nazi party affairs until 1941, when he made his sensational flight to England, was considered mentally able to stand trial with his one-time associates. Hess once was successor-designate to Hitler.

The list also included the name of Martin Bormann, Hitler's secretary. There had been no evidence previously of Bormann's whereabouts despite unconfirmed reports that he and Hitler had perished together. Bormann was Hess' successor as deputy party leader.
