WHIG TRIUMPHS.

Correspondence of the Albany Evening Journal.

Dear Sir—I send you some additional returns...

Cambridge 102, Huntington 1,236, Union 1,500, Albany 1,190, Beaver in part 600.

The Senators heard from Messrs. Miller, Meekler, Paul, McGowan, Barracks, and Ritter, and Irwin.

We have some few returns from Armstrong, Butler and Somerset, which are even more favorable...

Very truly yours, N. B. The exact majority in Beaver is 525.

Washington reported to be 700 majority for Ritter.

Redford Crown Window Glass.—Specimens of this glass from the manufactory of Cook, Lane & Collins, of Troy, at their works in Redford, Clinton county, were exhibited at the late fair in this city.

With Gen. Harrison, Mr. Mercer had been intimately acquainted since the days when he was a Lieutenant in the army under Wayne, and he could cordially extend to him his support and best wishes in the career now open before him.

Mr. P. was a man of high talents, and of a great degree of energy, and he was in all respects more competent to administer the government and more likely to administer it with wisdom and success than any other man in the State.

COMMON COUNCIL—SPECIAL MEETING.

The meeting of the Board last evening was held for the purpose of passing a bill to improve the Navigation of the Basin.

The first and second sections were passed as originally reported and published a few days since.
