

Truman Asks Illini To Stop Big Business

Says American Consumer Being Nailed To Wall
CARBONDALE, Ill., Sept. 30. (AP)—President Truman asked Illinois workers today for Democratic votes to stop "big business" Republicans from continuing to "nail the American consumer to the wall with spikes of greed."

He offered them a choice between "another era of fear under the Republican reactionaries" and "another era of hope with liberal democracy."
Mr. Truman prepared his remarks for delivery in the Southern Illinois University McClelland Stadium.

Dewey May Stress Foreign Policy Tonight

EN ROUTE WITH DEWEY TO SALT LAKE CITY, Sept. 30. (AP)—A bipartisan foreign policy anchored to "peace with honor" is expected to be Gov. Thomas E. Dewey's answer to the critical world situation.

Traveling toward Salt Lake City and his first major foreign policy statement of the campaign tonight, the republican presidential nominee had up-to-date information on the Berlin blockade crisis.

It came in a communication from John Foster Dulles, his foreign affairs adviser in Paris, before the candidate's train left Great Falls, Mont., last night.
Dewey's Salt Lake City speech, to be broadcast from 8:30 to 9 o'clock, central standard time, was not yet complete. But the New York governor gave some advance indication of his ideas in talks in Montana yesterday.

U. N. Heads To Take Up Berlin On Monday

PARIS, Sept. 30. —The United Nations Security Council on Monday takes up the most explosive issue of its three-year history — the western charge that Russia threatens the peace of the world by her blockade of Berlin.
The council announced today that Chief U. S. Delegate Warren R. Austin will be in the chair as the October president when the session opens at 3 p.m. (8 a.m., CST). However, the U. S. delegation said it expects Austin will step down when the case comes up and surrender the chairmanship to Argentina, next in line for it.

Big Spring Will Be Asked For \$37,000 In Chest Drive

Big Spring will be asked, next month, for \$37,000 to carry on the operations in 1948-49 of five welfare and social service agencies.
That amount was adopted by the budget committee of the Howard County Community Chest, following a lengthy session Wednesday evening, when representatives of the agencies presented their individual budgets.

KASENKINA STORY

Rise Of Stalin And Five Year Plan Bring New Reign Of Terror To People

(This is the fifth installment of Mrs. Oksana Kasenkina's own story. In it, the courageous Russian school teacher, who leaped from the window of the Soviet consulate to avoid return to Russia, tells of the methods used by the Red dictatorship to return school teachers to Communist ideology; she also discusses how they were mobilized into shock brigades to conduct propaganda favoring the collectivization of the farms and mills of the secretaries and hardships the Kasenkina endured in this period.)

By OKSANA S. KASENKINA
Edited by Isaac Don Levine

A violent change came into our lives following the rise of Stalin to supreme power in 1928, the launching of the first Five-Year Plan, and the drive to collectivize the peasantry with fire and iron. It was as if a second revolution had struck us all. Only distant rumblings of the struggle for power in the Kremlin between Stalin and Trotsky and other factions, after the death of Lenin, reached us.

The era of the NEP—Lenin's New Economic Policy—was abruptly ended by Stalin. We had regarded our lot as hard and oppressive during that period, but we were soon to look back upon it as the years of relative safety and ease.

In the twenties there had been considerable recovery from the ravages of the revolution. Houses were put in repair, farm stock was replenished, and the limited private trade permitted under the NEP filled the markets with goods. Even if new clothes were scarce, the second-hand peddlers had a variety of garments for sale. My mother owned two Singer sewing

machines, one of which was a hand machine, and for years our entire family was clothed by remodeling old clothes. A man's suit or top-coat would be converted into a boy's suit, then into a skirt or jacket, then into part of a quilt or bedspread. Every piece of cloth was used over and over again until it completely disintegrated.

With the coming of Stalin's planned industrialization campaign, the acute scarcities in everyday goods were upon us again. Rigid rationing was introduced, and if one was fortunate enough to have a coupon for three years of material or for a pound of sugar in a government store, the purchaser would be forced to buy some other item which was usually unwanted, but of which there was a surplus in the store. In this manner we had to spend extra money we had to meager earnings on such articles as phonograph records when we had no phonograph, or lampshades when we had no need of them.

At the same time, with the arrival of planning, the era of panemum in the schools was ended. My husband and I, together with all other teachers, had to go through another period of retraining. This time we were enrolled in the Lugansk Institute, a teachers' college in Czarist days, where we took special courses for four years. These courses, with the exception of our attendance for two months in the summer and for periodic oral examination, were conducted by correspondence. Al-

though my husband was an instructor in physics and mathematics and I in natural science, our political re-education in harmony with Stalin's policies was compulsory.

The American teacher and wide-awake parent will be interested in the methods which we Soviet teachers were forced to pursue. During the first decade of Soviet rule, the educational system was based on the so-called "complex" method. It was a grotesque distortion of the American progressive idea of relating schooling to modern life, but under Russian conditions it was putting the cart before the horse. Marks and examinations were regarded as capitalist inventions.

In the teaching of botany, for instance, I had to experiment with food plants and flowers, with medicinal herbs and agricultural pests, so as to enable the students to carry the useful knowledge outside the school, to help their parents and the community. In theory, this might be useful in a highly developed civilization. In practice, under the primitive Russian way of life, it was a spree for the children and an ordeal for the teachers.

By the time my husband graduated from the Lugansk Institute in 1931—I got my diploma one year later—the "complex" method had been consigned to the scrapheap by Stalin's orders. Discipline was restored in the schoolroom. Instead of serving all the subjects in one educational stew, we returned to the time-honored system of teaching basic subjects separately. Stalin's new Commissar of Education for Soviet Russia, Bubnov, had come from the Red Army where he had established the propaganda and educational networks.

Stalin, however, did not abandon Lenin's maxim that education under the Soviets is a weapon in the hands of the Soviet state. Stalin improves upon it and made it our watchword that knowledge of the laws governing the proletarian revolution, the victory of Communism, must be regarded as a compulsory branch of science.

All this went hand-in-hand with the Five-Year Plan which, in turn, was linked with the drive to deprive the peasants of their private holdings and to force them into the kolkhoz system—collective farms. The vast majority of the peasants passively, and some actively, resisted the Communist campaign of expropriation and regimentation.

We teachers were ordered into shock brigades and mobilized to conduct propaganda in the villages in favor of collectivization. On paper this was to be accomplished by persuasion and education, on

a voluntary basis. But the peasants just could not see the benefits of surrendering their strips of land and the produce of their own toil to state-managed farms run by Communist commissars.

I remember how sullen they were when we addressed them in the villages. We had been given explicit instructions to carry out. Our assignments were watched over by party officials. Yet when we pointed to the peasants the made-to-order picture of the glowing future, in which mechanized agriculture would yield plenty for all, the peasants were more than skeptical.

"The more you work, the more you produce," one of them spoke up to me, "so don't hand us that fable!" The tillers of the soil just would not believe that there were any short-cuts to the abundant life.

The government soon had to resort to violence. The secret police, reinforced by special military units, was put in charge of grain collection, as the peasants hid their crops. The Soviet government, sorely in need of export goods to buy machinery abroad, thus deduced the countryside of its produce. While flamboyant posters in schools and on the streets proclaimed the approaching victory of socialism, the struggle for bread was once more felt in every home.

A new tide of terror began to grip the land, threatening the existence of every hard-working farmer, including the family of my father-in-law, Nikita Kasenkina. Copyright 1948. King Features Syndicate, Inc. Reproduction in whole or in part strictly prohibited.

Farmers' Real Income Drops

WASHINGTON, Sept. 30. (AP)—Farmers' "real income" fell in 1947 for the first time since before World War II, an Agriculture Department specialist says.

The drop occurred despite record farm earnings last year.

The report is made by Norman J. Wall of the department's bureau of agricultural economics. In an article on farmers' finances, he says:

"The year 1947 may mark an important turning point in the farmers' financial well-being. For the first time since before the war, farmers' real income decreased.

"Since the beginning of 1948, prices paid by farmers have continued to increase more rapidly than prices received."

Pool Of Two Million Men Ready For Army

WASHINGTON, Sept. 30. (AP)—A pool of more than 2 million young men is now available for drafting into the manpower-shy army.

That's the number of non-veteran, single men between 19 and 25 who signed up for the draft between Aug. 30 and Sept. 18. Selective Service headquarters said the registration of all men 18 through 25 totalled 8,394,963, but the big majority of those are ineligible.

The total was about 1 million less than original estimates. While Selective Service said it believes few draft-age men ducked registration, the Federal Bureau of Investigation said it is checking "quite a few" cases of possible draft-dodging.

Greek Army Drives Guerrillas Back

ATHENS, Sept. 30. (AP)—The Greek army drove back a band of guerrillas attempting to raid and burn a village in stepped up sabotage attacks.

A communique said the Communist rebels were driven back from Nigrita, about 35 miles northeast of Salonika. Forty-three rebels were killed and six captured, while the loyalist side lost six soldiers and three civilians killed.

P-TA Meet In '49 Will Be In St. Louis

CHICAGO, Sept. 30. (AP)—The National Congress of Parents and Teachers today announced its 1949 convention will meet May 16 through '18 in St. Louis.

About 2,000 delegates and visitors are expected to attend.

The congress' board of managers selected Long Beach, Calif., for the 1950 convention, the dates to be chosen later.

Local Livestock Demand Is Firm

Approximately 700 head of cattle and 45 hogs went through the ring at the Big Spring Livestock Commission company weekly sale Wednesday.

The market was slightly lower, in keeping with a general trend, but the demand was firm with a large number of buyers on hand.

Hogs moved out to 28.00 in brisk trading.

Bulls drew down 20.00 to 21.30; hard canners and cutters from 10.00 to 14.00; and other up; fat cows from 18.00-21.00; fat calves were bottomed at 18.00 on lower class offerings and ranged up to a top of 28.00 on choice lots. Stocker steers ranged from 22.00 to 26.50 and the spread on heifers was from 22.00-24.50.

Greyhound Award In Given Long

Henry A. Long, a commission agent for Southwestern Greyhound Bus, has been presented with a \$25 courtesy award.

Long was cited in an article in the "Greyhound Library of Courtesy," a system-wide magazine for the company's employes and agents. Presentation was made by Bart Cook, district passenger agent who had pictures taken for use in the Southwestern Greyhound Roundup, the regional monthly publication.

The "Courtesy Library" cited how Long was selected for the award. A young couple, related the article, reported loss of the young woman's purse at a rest stop. Long went immediately to work, located it and had it forwarded on the next section.

The anonymous Greyhound official, who makes the citations, said that "he told them and others who overheard them that it was a pleasure to help them." After the award was announced, a Florida hotel invited Long to be its guest at Miami for a week. Long and M. K. House, Jr. operate the union terminal here as commission agents.

U. S. And Argentina Bickering Because They're Economic Twins

BUENOS AIRES, Sept. 30 (AP)—Argentina and the United States have been bickering over one thing or another for years. Why can't the two richest countries in the hemisphere get along better?

They can't because they are too much alike in some things and not enough alike in others. The reasons are deep-rooted psychologically and economically.

For one thing, Argentina, and the U. S. compete in world markets. They both try to sell maize and wheat to Europe. In normal times they drive each other's prices down.

Politically, the two countries compete for Pan-American leadership. The U. S. has the advantage of being bigger and richer. Argentina has the advantage of having the same Latin American heritage as her neighbors.

But this psychological advantage is a two-edged sword. When the U. S. makes a mistake in dealing with a Latin American government, that government may think, "Oh, well, you can't expect an Anglo-Saxon to understand the fine Latin mentality." But if Argentina makes a mistake, nobody makes allowances for her.

One of the worst North American mistakes was made in regard to Argentine beef. Argentines are proud. When the U. S. refused to let Argentine meat come in, she gave the existence of foot-and-mouth disease as the reason. The meat was banned under the "sanitary code." Argentina's feelings were hurt. If the ban had been based on economic grounds she might have accepted it with better grace.

Another reason for friction is that the United States still remembers Argentine tolerance of Nazis. Argentina, in turn, remembers Spruille Braden, U. S. ambassador during the war. After the war, he continued to oppose the government. The Argentines resented this, holding that reasons for opposition had disappeared because the Nazis were not a danger any more.

For 90 years Argentina has had a fixed peace policy. She believes in peace at practically any price. The only Nobel peace prize winner in Latin American history was an Argentine. In both the first and second World Wars the hemisphere was pretty well united beside the U. S.—except for Argentina.

Brazil sided wholeheartedly with the United States in both wars. Naturally, the U. S. supplied her with arms. Argentina and Brazil get along fine. But Brazil is the largest Latin American country, both in size and population. So she is the only possible threat to Argentina on this continent. Therefore Argentina was disturbed when the Brazilian army and navy blossomed out with a lot of shiny modern equipment.

Weizmann Sets In Jewish State For First Time

TEL AVIV, Sept. 30 (AP)—Chaim Weizmann, president of Israel, arrived here today to take up residence for the first time in the Jewish state.

The Zionist leader, who was under medical treatment abroad when the state was proclaimed in May, flew here with his wife from Switzerland in a four-engined Sky-master owned and operated by the Israeli government.

Japanese Students Boycott Lectures

TOKYO, Sept. 30 (AP)—Students of 147 Japanese colleges and universities today boycotted lectures in a protest strike which, they said, was aimed at increased tuition.

School authorities said, however, the strike had a tinge of politics in it. Students of Tokyo University, in particular, said the faculty and education ministry had been suppressing student movements.

War-time destruction of trees has sharply reduced potential exports of walnuts from North China.

Then, in 1946, the U. S. sent Ambassador George Messersmith to Buenos Aires. The crowd booted. But he arranged to free Argentina gold reserves which had been frozen in the United States. He saw President Peron a lot and left no doubt the U. S. would deal only with the elected government and not with the opposition. The result was that Argentine government circles fell over themselves to be nice to him. When he went to Washington for a showdown with Braden, President Peron saw him off at the airport. Messersmith and Braden both lost that bout and both left the diplomatic service.

Argentina began to get suspicious. Maybe, she thought, Messersmith didn't represent the Washington government's long-term policy. Then a businessman, James

Bruce, was named to succeed Messersmith. And he got a cold reception at first, but relations were warming up.

Then came the Marshall plan. Argentina expected to get a billion and a half out of it. She needed dollars desperately.

But the U. S. said she wouldn't buy Argentine grain for Europe, because there was a grain surplus in the U. S.

Nobody explained to Argentina that the proviso that U. S. surpluses should be bought first had been put into the bill to reassure U. S. farmers. So there the matter rests. Neither country is willing to admit the other has any reason for what it does. Maybe they don't understand each other very well. Maybe they don't even want to.

Your Most Important Right

Now that the bandstand has been painted, and the park re-landscaped, we have about the nicest village green in the county.

And it's all because, at the last town election, folks got out and voted—85 per cent of them! That way, they passed the amendment calling for park improvements—over those opposing it.

Reminds you again how important the right to vote is in this country. And it's a right we can retain only by exercising it! ... like all the other individual liber-

ties—from freedom to enjoy a glass of beer or ale, to a woman's right to vote along with men.

Folks can thank themselves that on summer evenings they'll be able to listen to band concerts in a well-kept park... enjoying a bottle of beer or soda pop (whichever they prefer). Because from where I sit, that's a freedom they've earned by exercising a still more important freedom: Voting!

Wednesday Night Week Of Prayer Program Features Baptist Youth

First Baptist young people were in charge of the regular prayer meeting service held at the church Wednesday night under the sponsorship of the W.M.U. as a part of the current week of prayer program which will be completed Friday. Main topic of the evening was "Caution! Winding Roads Ahead." Mrs. B. T. Smith was the program director.

After the singing of two hymns, "To The Work" and "Old Road," Ruth Hobbs read the scripture selection, Luke 24:13-16 and 28-32. Phil Grozier gave a meditation entitled "The Road to Emmaus," which was followed with a discussion of the topic, "The Rural Road" by Martha Hobbs. "All Weather Roads and the Cooperative Program" was the subject chosen by Melba Preston. H. C. Mobley gave a presentation of the poem, "The House By The Side Of The Road." "Other Road Builders Have Paved the Way, Whither Have You Made A Road Today," was the title of a dialogue by Jean Meador. Wayne Williams led the closing prayer.

During the week, the general theme has been "The Rehabilitation of Country Churches." Tuesday afternoon, the second session of the prayer series was held. After the opening hymn, "Road Builders" Mrs. L. M. Gary, Jr. read the scripture Acts 9:26-33, and discussed the topic "On a Desert Road." Mrs. Eddie Savage presented the topic, "The Road to Friendship." Mrs. Merrill Creighton chose the theme, "From Europe to America." "People Short of Their God" was the subject of Mrs. Bledsoe O'Brien. Mrs. W. J. Withers spoke on the topic, "Many Side Roads." Prayers were led by Mrs. Adams and Mrs. R. D. Urey.

WINTERS, Sept. 30 (Sp)— Announcement of the engagement and approaching marriage of Rhee McDonald, daughter of Mrs. Minnie McDonald, and Brice Webb of Colorado City, was made at a breakfast in the home of the bride-elect's mother recently.

Rhee and Brice, September 30. Plate favors were individual corsages of daisies and individual table centerpieces were of yellow daisies.

The lace-laid dining table was centered with an arrangement of yellow and white daisies. Other decorations consisted of white gladioli. Those attending were Mrs. Walker Morgan, Mrs. J. M. Chastain, Mrs. Fred Gray, Mrs. Jimmy Lankford of San Angelo, Mrs. Fred Poe, Mrs. Roy Young, Mrs. Gattis Neely and Mrs. Lloyd Badgett.

Mrs. W. A. McDonald of Ballinger, sister-in-law of the honoree, was named as co-hostess. Date of the wedding is Thursday, September 30.

Miss McDonald is a graduate of the local schools and of the Shannon school of nursing in San Angelo. She did private duty nursing there from 1941 to 1947 when she became superintendent of Cowper Sanders hospital in Big Spring.

Guests for the breakfast were seated at quartet tables with place marks of handpainted cards fashioned as daisies, inscribed with

EAT PLENTY AND TAKE OFF UGLY FAT

Many people have reported amazing results with this home recipe. It's easy—no trouble at all and costs little. Just go to your drug-gist and ask for 4 ounces of liquid Barco-trate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoonful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slimmer, more graceful curves! If reducible pounds and inches of excess fat don't just seem to disappear almost like magic, from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back.

Lost 47 Pounds
"When I commenced to take Barco-trate, I weighed 212 pounds. I now weigh 165. I lost 25 pounds on the first two bottles. I feel so much better after losing that weight. I think it is a wonderful medicine and thanks to Barco-trate."—Mrs. George Greer, Chastain Courts 4, Apt. 1, Austin, Texas.

Lost 20 Pounds
"I lost 20 pounds taking four bottles of Barco-trate and I feel fine."—H. M. Gaska, 913 26th Street, Corpus Christi, Texas.

CAPITAL AIRLINES ANNOUNCES NEW LOW-COST NIGHT FLIGHTS

WASHINGTON, Sept. 30. (U.P.) Plans for new, low-cost "sky coach" night flights between New York, Pittsburgh and Chicago were announced yesterday by Capital Airlines. Free meals aloft, reservation service, and other luxury accommodations will be utilized to make rates comparable with railroad coach fares.

No advance reservations may be made on the 59-passenger planes. To obtain a seat, a traveler must buy a ticket at an airline ticket office. When 39 tickets are sold, no more will be issued. If a traveler finds he can not make the flight, he can return to the ticket office for a refund.

Spaak Called West Agent

MOSCOW, Sept. 30. (AP)—Moscow newspapers today called Belgian Premier Paul-Henri Spaak a "well known agent of the Anglo-American bloc."

A Tass dispatch from Paris on Spaak's attack on Russian policies before the United Nations General Assembly Tuesday said he took upon himself the "difficult mission of trying to justify refusal of Soviet disarmament proposals."

The dispatch, published in all morning newspapers here, added: "Following British Foreign Secretary Ernest Bevin's example, he spoke with provocative phrases inimical to the Soviet Union."

It described Spaak's delivery as frequently "hysterical and theatrical."

Commenting on French Foreign Minister Robert Schuman's speech to the UN earlier Tuesday, Tass said "everyone knows that in reality the conversations on the Berlin question, which lasted two months in Moscow, came to no result because representatives of the Western Powers stubbornly stood pat on their schismatic positions."

The death rate of U. S. troops in the United States in 1947 was 30 per cent lower than in 1939.

FAMOUS AS ACROBATS

Japan's Big City Firemen To Learn Trade For Change

TOKYO, Sept. 30. (AP)—Japan's big city firemen, long renowned for their acrobatics and elegant tattoos, are going to learn to fight fires.

This may seem revolutionary, but these are changing times in Japan—even for firemen.

In the good old days, the firemen were noted for the agility with which they performed stunts atop his bamboo ladder at holiday celebrations. This also gave him a chance to bare his chest and the tattoos which adorned it. These were something to make a Japanese wonder, even in a land where tattoos are as common as suntans in Florida.

When the time came for him to go to work, however, the Japanese fireman often gave a much less satisfactory performance—at least from the standpoint of a Japanese whose house was on fire.

The accepted technique was to

play water on all the surrounding houses and let the place burn down. It probably was pretty far gone by the time the fire department showed up anyway.

There was a slight variation of this technique which, while more satisfactory to the spectators, was even less appreciated by the victim of the fire and his neighbors. This was to dynamite the buildings at the corner of a block and let everything in between go ahead and burn. This was used when the fire department was later than usual and the flames had spread.

Each ward had its own fire department. A fire wagon would gallop up to a ward line but refuse to cross it, even if the blaze was a few feet away. There was a lot of rivalry among the companies in those days.

George W. Angell, who is chief fire administrator of the public safety division at General MacArthur's headquarters, drew up a system putting all big city fire-fighting on the American plan.

Now they are overhauling the fire department of Tokyo, Osaka, Kobe, Kyoto, Nagoya and Yokohama, shaking 'em all up, even down to locating fire alarm boxes so someone can find them.

Fire stations are being moved out of blind alleys. They are setting up a system of district and battalion chief who can coordinate the job of fighting big fires.

Soon the old glamor will be gone. And all that Japanese fire fighters will do is fight fire.

All F-84 Jets Are Grounded

WASHINGTON, Sept. 30. (AP)—All F-84 jet fighters have been grounded temporarily "pending investigation of recent accidents," it was announced yesterday.

The Air Force made the announcement jointly with Republic Aviation Corp., which is producing 974 of the high speed fighters under current contracts.

Air Force officials declined to say what they think the trouble might be, pointing out that is the purpose of the inquiry. However, they noted there had been at least four crashes of F-84's recently, the latest Sept. 18 at Dallas.

The Air Force has two or three groups already equipped with F-84s. It had planned to have at least 360 in operation by the end of this year.

The F-84 is rated in the 600-mile-an-hour class. Powered with a single jet engine, the fighter has a radius of more than 600 miles and climbs to about 40,000 feet.

It is equipped with six 50-caliber machine guns and rockets. It weighs 13,400 pounds, has a wing span of 36 feet 5 inches and carries only the pilot.

Police Figure Dies In Gangland Fashion

CLEVELAND, Sept. 30. (AP)—A 31-year-old police figure was killed in gangland fashion yesterday by a gunman.

The victim was Sam J. Monachino, who fell in the gutter before his home with wounds in his back, arm, hip and cheek.

His wife, Margaret, 25, told police she heard him scream "honey" as the first shots were fired in front of her home. She ran outside, she said, and saw a man pursuing her husband and firing as he ran.

The man drove away in a black sedan, she added.

Furnishings Clothes Damaged By Flames

Household furnishings and clothing belonging to Mr. and Mrs. T. A. Harris Jr. were damaged this morning by a fire at their residence, 508 Nolan street.

City firemen, who extinguished the blaze, said fumes from a liquid used to clean a rug apparently ignited from a stove to start the fire at about 8 a. m.

Other parts of the house sustained considerable smoke damage, firemen said.

Flash Fire Wrecks Trans-Atlantic Plane

NEW YORK, Sept. 30. (AP)—A flash fire wrecked a transAtlantic plane Tuesday as a service crew readied it for flight at La Guardia field.

The fire broke out suddenly as servicemen filled the oxygen tank inside the DC-4. Flames shot through the interior of the ship and huge clouds of smoke rolled over the field.

No passengers were aboard and no one was injured.

HOLLYWOOD, Sept. 30. (AP)—yesterday was Bing and Dixie Crosby's 18th wedding anniversary. Celebration of the event, however, had to await Bing's return from his old home town, Spokane, Wash., where he did a benefit show.

Blood Type Bank File Is Launched

Organization of a "blood type" bank was begun by the Knights of Pythias at their weekly meeting Tuesday evening in the K-P Hall.

Objective of the campaign will be to have all KP members typed and the information kept on file. Efforts will also be made to interest service clubs and other organizations in having their members typed so that information may be kept on file at local hospital in event of emergency.

The lodge also voted to purchase some school safety signs and to interest other organizations in similar investments.

Special entertainment included songs by Munson Compton. Next meeting of the lodge is set for Tuesday evening.

Former Resident Dies In Marshall Tuesday

A. R. Wylie, former Big Spring resident, died Tuesday at 8:15 p. m. in Marshall, according to word received here Wednesday.

Mr. Wylie retired from service as a T&P Railway shop employe more than 25 years ago. His body is to be taken to El Paso for interment, possibly Friday or Saturday. Masonic rites will be observed at the graveside. He was married 33 years ago and eight children and one brother of El Paso survive.

Cool Mornings Call For Hot Stacks Served With Molasses Or Honey

CORN MEAL GRIDDLE CAKES... A hearty breakfast.

Cool fall mornings are the time to treat the family to large, hearty, extra-good griddle cakes. Served with molasses or honey or maple syrup, they'll put Dad and the kids in a wonderful mood as they leave for office and school. A nutritious breakfast will do a lot to keep mid-morning fatigue away — and right now we're lating to Mom, too. Too many mothers have a way of skipping breakfast or lunch and not getting the nutrients they need. Here's the recipe for the plump, delicious griddle cakes pictured.

Corn Meal Griddle Cakes

Ingredients: 1 1/2 cups corn meal, 1/2 cup sifted flour, 4 teaspoons baking powder, 1/2 teaspoon salt, 3/4 cup water, 3/4 cup milk, 1 tablespoon molasses, 1 egg (well beaten), 1 tablespoon melted butter or margarine.

Method: Mix and sift corn meal, flour, baking powder, and salt. Add water, milk and molasses gradually, stirring as you do so. Add well beaten egg and butter or margarine and mix thoroughly. Drop by tablespoons on greased hot griddle or heavy iron frying pan. Cook on one side; when puffed, full of bubbles, and cooked on edges, turn and cook on other side. Serve with molasses.

intense interest in good food and have been able to put that interest to work so successfully.

Mrs. Hall, in her introduction, tells why the cook book came into being: "Because a country hotel of necessity has a small staff, we cannot on a busy Sunday find time to copy out fifty times certain requested recipes... and because we dislike saying no, we decided to prepare a small cook book which would be available to all our friends and guests. So here it is—much larger than we had anticipated."

MOTHER'S RAISED BUCK-WHEAT CAKES

Ingredients: 1/2 yeast cake, 4 cups lukewarm water, 2 cups sifted buckwheat flour, 1 cup sifted white flour, 1-3 cup sugar, 3 teaspoons salt, 1 tablespoon molasses, 1/2 teaspoon soda.

Method: Dissolve the yeast in the water. Add the buckwheat and the white flour, the sugar, and salt. Stir until smooth. Then set in a cool place overnight. The next morning add the molasses and soda. Mix well. Bake on hot, lightly greased griddle. Turn only once. Serves six. (This batter may be baked sooner if a whole yeast cake is used and the batter stands in a warm place until bubbles appear, about one hour.)

The cook book contains recipes for all the main categories of food — plus special chapter introductions. There are extra tips and directions in the recipes themselves the sort of things cooks always want to know.

Friday's Fish Menu Calls For Partners To Help Give Flavor

If you are planning to serve fish for a Friday meal choose his partners on your menu carefully so that they will really help to give flavor to this pleasantly bland food. You might start with a tangy tomato bouillon and crisp crackers. Then with fish filets or fish steaks serve baked sweet potatoes, green peas and the following nutritious and good-tasting salad. Dessert might be a delicate lemon pudding.

CAULIFLOWER, SPINACH AND CARROT SALAD

Ingredients: 1 cup coarsely shredded spinach; 1 cup bite-size pieces raw cauliflower, 1-3 cup coarsely

grated carrot, 2 tablespoons mayonnaise or creamy salad dressing, 2 tablespoons sour cream, salt and freshly ground pepper (to taste). Method: Be sure that spinach is well washed (to remove sand and dirt) and dried carefully on a towel before shredding with a sharp knife. Cauliflower should be washed and dried, or wiped off, before dicing. Mix spinach, cauliflower and carrot; add the salad dressing and sour cream, salt and pepper and fold in lightly. Makes 4 servings.

Cool Fall Mornings Calls For Breakfast Including Muffins

A simple and delicious breakfast for a cool fall morning is one of fruit juice, fried eggs and bacon, bran muffins with peach or apricot preserves, and a hot beverage. Do you know the trick of frying the eggs in butter or margarine over low heat and covering the skillet tightly until they are firm enough to suit your family's taste? And here's a recipe for the bran muffins.

Ingredients: 1 1/4 cups whole-bran cereal, 1 cup milk, 3/4 cup sifted all-purpose flour, 3 teaspoons baking powder, 1/2 teaspoon salt, 1/4 cup sugar, 3 tablespoons fat, 1 egg. Method: Put bran in a mixing bowl and add milk so that the bran will soak up most of the liquid. Sift sugar into a mixing bowl, add fat and cut in until mixture resembles cornmeal. Beat egg well and add to bran and milk along with other dry ingredients; mix enough to moisten flour but do not beat. Spoon into 16 two-inch muffin pans (measured across the top) and bake in a moderately hot (400 F.) oven for about 25 minutes.

Saturday Night's Menu Will Please With A New Desert

Whether it's just the family or guests for Saturday night supper they'll appreciate a new dessert. Here's one, of sweet potatoes and dates, that's good to make now when we have a new harvest of sweet potatoes. Here's a menu the dessert fits into well.

Dessert: Creamed Dried Beef and Mushrooms on Toast
Tossed Green Salad
French Dressing
Sweet Potato and Date Puff
Coffee

Sweet Potato and Date Puff.
Ingredients: 3 cups mashed sweet potatoes, 2 eggs (separated), 2 tablespoons melted butter or margarine, 1/4 cup brown sugar, 1/2 teaspoon salt, 1/4 cup orange juice (not strained), 1/2 cup cut dates.

Method: Add the beaten egg yolks to the potatoes along with the fat, brown sugar, and salt and mix well. Gradually add the orange juice, beating as you do so, until light and fluffy. Add the dates and mix. Add the stiffly beaten egg whites and fold in. Pile lightly into a greased baking dish and bake in a moderately hot (375F.) oven about 30 minutes or until puffed and browned. Makes 6 servings.

Government Experts Suggest We Use Large Pecan Crop For Meals

Government food and marketing experts suggest that we use pecans for family meals since we have an abundant crop of them. They're delicious with apples and cheese for a dessert that's easy on the cook; delectable, too, in the following cooky to serve along with a fruit compote or tuck in a lunch basket. Note the one-bowl, quick-mix method for making these cookies.

Ingredients: 2 1/2 cups sifted enriched flour, 2 teaspoons baking powder, 3/4 teaspoon salt, 1/2 cup granulated sugar, 1/4 cup shortening (must be at room temperature), 1/2 cup brown sugar, 2 eggs, 1 teaspoon vanilla, 1/4 cup chopped pecan nut meats.

Method: Sift together 1 cup of the flour, baking powder, salt and granulated sugar into mixing bowl. Add shortening (at room temperature), brown sugar, eggs and vanilla. Beat until smooth, about 2 minutes. Add remaining flour and pecans and mix well. Turn out onto waxed paper, shape into rolls and chill. Slice thin and bake on ungreased baking sheet in moderate (375F.) oven for 10 to 12 minutes. Makes 4 dozen cookies.

Vegetables, Cornmeal, Cheese Make Meal

If you've splurged on meat or fish over the week-end, try this economical main dish that uses vegetables, cornmeal and cheese. It will make an excellent supper

STUFFED PEPPERS, CHILI-STYLE

Ingredients: 2 cups cooked or canned tomatoes, 1/2 cup cornmeal, 1 1/4 teaspoons salt, 2 teaspoons chili powder, 1/4 cup chopped onion, 1 tablespoon salad oil, 1/2 cup ripe olives, 1 cup cooked or canned whole-grain corn, 1 cup yellow cheese, 6 green sweet peppers.

Method: Heat tomatoes; add cornmeal, salt and chili powder, and cook slowly 5 to 10 minutes, stirring frequently. Cook onion slowly in salad oil until tender; add tomatoes to mixture. Cut olives from pits in large pieces and add with corn and 1/4 cup of the cheese; mix well. Cut tops off peppers, remove seeds and membrane, and parboil pep-

pers 5 to 10 minutes. Drain. Fill with cornmeal mixture, and top with remaining 1/4 cup cheese. Fill a baking pan with about 1/2-inch hot water and set peppers in it. Bake in a moderate (350F.) oven about 1 hour. Makes 6 servings.

Appeal For Return Of Native Mexicans

MEXICO CITY, Sept. 30. (AP)—The Association for the Defense of Mexicans outside the Country, appealed Monday to the Senate to return thousands of Mexicans living in Texas to their native country.

Three members of the association discussed with senators alleged discrimination against Mexicans in Texas. They urged the Senate to investigate and facilitate repatriation of nations living in the

RANKING FOR THRONE

Princess Elizabeth's Baby To Be Second-In-Line Heir

LONDON, Sept. 30. (AP)—Princess Elizabeth's baby will have to go back to George III of American Revolution fame for historical precedent.

The little Windsor whose birth is expected about the middle of November, will be a second-in-line second-generation heir to the throne.

Fat George, who sent his Redcoats against the American Colonists in 1776, was the last British ruler born under identical circumstances.

Six kings and one queen have ruled in London since the death of George III. Only two of them were second in line at birth and both of these—Edward VII and William IV—were children, not grandchildren, of the reigning monarch.

George III was born during the reign of his grandfather, George II. His father, Frederick Prince of Wales, was the eldest child of the

king, just as today Elizabeth is the eldest child of George VI. But after George III the succession got rather involved. His immediate successor was his

Harris Demos Inaugure Order

MARSHALL, Sept. 30. (AP)—The Democratic executive committee of Harrison county Tuesday night decided to ignore a resolution of the convention requiring county committee to pledge loyalty to the Truman-Barkley ticket.

The resolution passed at the Fort Worth convention Sept. 14 gave county chairmen a week to sign and file the pledge after receiving formal notice from the state executive committee. It gave precinct committeemen a week to sign the pledge after receiving notice from county chairmen. It provided for their automatic removal for failure to sign.

Thomas Y. Abney, Harrison County chairman, said he received the notice a week ago.

Abney said that he and the Harrison County committeemen were duly elected in the July primary for two-year terms as required by law.

Furthermore, he said, the county convention's action in endorsing the States' Rights candidates, J. Strom Thurmond for president and Fielding Wright for vice president, was approved by a two-to-one vote in a Harrison county referendum in the August primary.

Plane Attack Hit By Trans-Jordan

PARIS, Sept. 30. (AP)—Trans-Jordan protested to the United Nations yesterday the shooting down of an Arab air line transport last week by an Israeli fighter plane.

The Trans-Jordan government said in a note to Secretary-General Trygve Lie that the air incident was a serious breach of the Arab-Jewish truce in Palestine.

Three passengers were killed, including two British newsmen.

Italy Gets More Aid

WASHINGTON, Sept. 30. (AP)—Italy was given \$26,500,000 more in foreign aid funds today by the Economic Co-operation Administration. ECA said \$25,200,000 of the total was allotted for cotton buying and the rest for ocean freight.

eldest son, George IV who was born two year after the death of George II and therefore was a first-in-line heir.

This fourth George died childless. So one of his brothers, William IV took over. This William had been born second-in-line, all right, but he was a generation nearer the throne than Baby Windsor will be.

Then things got complicated. William had never expected to be king. When it became apparent he would have to, he tried in vain to raise a family. So did his younger brothers. First to succeed was the next in line, Duke of Kent.

So, when William died, the crown passed to a young niece, Alexandra Victoria. At the time of her birth she was fourth-in-line.

Victoria reigned so long her successors were practically standing in queue.

First in line, the eldest son, became a grandfather before he mounted the throne as Edward VII.

Fate worked it out so that this pleasant ruler—the jolly king who gave his name to that period known as "Edwardian"—was succeeded by his second son, George V. Thus another "third-in-line" won the honors. Death had taken the second, his elder brother Prince Albert Victor, Duke of Clarence, eight years before the death of Queen Victoria.

George V was succeeded by his eldest son, the Prince of Wales, who had been born during Victoria's reign and therefore was another "third" in the queue.

Termination of the Prince's brief rule as Edward VIII—he preferred marriage to a throne—brought his younger brother, the present King George VI to the throne. This king had been a fourth-in-line at birth.

Princess Elizabeth, born during the reign of her grandfather, is another third-in-line.

Husband Slays Estranged Wife

DETROIT, Sept. 30. (AP)—The unhappy marriage of Uris and Patricia Flowers ended in a blast of gunfire before stunned pedestrians on a busy west side street Tuesday.

Uris, 37, a machinist, firing a shotgun concealed in cardboard box, killed blonde Patricia, 33, a moment after escorting her from her place of employment, police said.

Then he fled down an alley and shot himself fatally before officers could seize him.

One gunshot from a pursuing policeman cracked through a window of a house, nearly striking an invalid woman.

Relatives said the Flowers couple, married two years, had been estranged. Mrs. Flowers, mother of a 10-year-old girl by a previous marriage, complained of mistreatment.

Segregation Is Unconstitutional Says Sooner Court

OKLAHOMA CITY, Sept. 30. (AP)—College segregation restrictions in Oklahoma were held unconstitutional yesterday by a three-judge federal court.

The state was given temporary relief, however, on a request to the court by Gov. Roy J. Turner.

The governor informed the judges he would ask amendment of Oklahoma segregation laws as early as possible in the next legislature.

Winner in the injunction suit against University of Oklahoma officials was G. W. McLaurin of Oklahoma City, a retired Negro professor.

McLaurin seeks entrance to the school to complete work on a doctor's degree in education.

His enrollment was denied and university officials admitted it was because of his race alone.

Pope Says Women Today In Danger

VATICAN CITY, Sept. 30. (AP)—Pope Pius XII said yesterday the modern young women, because of an illusion of wordliness, is in more peril than the woman of past generations.

"She has the illusion of experience and believes herself, on her own authority, superior to the young women of past generations," the Pontiff told representatives of the Society for the Protection of Young Women.

"Her experience is superficial, insufficient to guard her against the roguery and hypocrisy of seducers. She believes herself able with impunity to read everything, see everything, try everything, taste everything. She is disarmed before the peril."

The Pope urged the group, holding its 11th international congress, to extend its efforts throughout the world. The society, founded in Switzerland and represented by branches in many European countries, is devoted to the rehabilitation of wayward women.

Midget Auto Is Replacement For Boy's 'Dangerous' Bike

ROTHSCHILD, Wis., Sept. 28. (AP)—Young Bob Schlei doesn't have to worry about riding a bicycle to school—his dad had built him an automobile and likes the idea so well he may go into business. In fact, Schlei, Sr., has instructed four small cars in his workshop and figures he can sell them at about \$300 each. They have maximum speeds of 40 miles an hour and get about 100 miles—that is right—on one gallon of gasoline. The Schlei cars at the moment are one-passenger vehicles, but their maker figures on turning out two-passenger models in the near future. Ben Schlei made the first of the little cars when he started thinking about Young Bob, 14, riding his bicycle to high school in Wausau, of which Rothschild is a suburb. "I worried about the boy riding on a bike or scooter because they are too dangerous in traffic," Schlei explains. "I experimented and came up with the little automobile." His little car weighs 282 pounds. It's powered with a two-horsepower motor started with a rope pull somewhat like an outboard motor and has one speed forward but no reverse. Speed is controlled with a throttle patterned after a motorcycle hand grip and the car can be slowed down to walking speed. More than 90 per cent of forest fires are started by carelessness.

AA Teams Lead City Brigades

By the Associated Press
Three games stand out in Texas schoolboy football this weekend, one of them figuring in the feud between the City and Class AA conferences.

A half-dozen of the 23 undefeated, untied teams in the state can see storm signals ahead. It is pretty certain that the list will be trimmed below 20 before the firing clears Saturday night.

There are 51 games in the two conferences, 10 of them inter-conference affairs. Five districts — four in Class AA — will have conference games.

To date this season Class AA is running ahead of the City Conference in the rivalry. Class AA teams have won 19 games against 15 for City Conference teams. There have been four ties.

The major game sends Jeff Davis (Houston) to Arlington Heights (Fort Worth). It is a City Conference intra-conference tilt matching undefeated and untied eleven.

Adamson (Dallas) of the City Conference plays at Class AA Marshall and Orange and Baytown get together in an intra-Class AA squabble. These games also send unbeaten teams against each other although Marshall and Baytown have been tied.

Three conference games are on the schedule in the San Antonio district of the City Conference — Champion Brackenridge meeting Lanier, Alamo Heights clashing with Burbank and Harlandale taking on San Antonio Tech.

Odessa and Big Spring start the

conference race in District 3 of Class AA. Stephenville and Cisco get together in the District 7 campaign.

There are three inter-sectional games on this week's schedule with Forest of Dallas playing Poly of Mexico City at Dallas, Sam Houston (Houston) going to Lake Charles, La., and Bowie (El Paso) engaging Mesa, Ariz. Texas thus far this season has won five, lost two and tied one in inter-sectional play.

Moody Traded By Rebel Nine

Joe (Lil' Abner) Moody, star rightfielder for the Odessa baseball Oilers last year, has been traded to the Louisville Colonels of the American Association by the Dallas Rebels.

Moody who hit .270 for the Oilers last season, was on loan to Odessa from Dallas.

Moody's batting average belies his value to the Oilers. He drove in 107 runs and clouted 24 homers for the second-place club.

Bob Ramsey, who spent last season with Lubbock, was traded to Louisville by Dallas along with Moody and Jerry Witte and L. D. Meyer, first baseman and second sacker, respectively. The Dallas club also gave up \$10,000 in the deal.

Texas Christian is well equipped with football lettermen. Twenty-four of last season's 36 letter winners have returned plus three more from previous teams.

LOOKING 'EM OVER

With TOMMY HART

Gordon (Moe) Madison, who would have had another season of high school athletic eligibility had not the interscholastic league thrown him a curve ball, is home, favoring a game leg.

Madison, a jarring back, was injured while performing for Eastern New Mexico college. Tiny Reid's old school, against Panhandle A&M last weekend. Reports from Portales say the Aggies were unnecessarily rough in that one. ENMC won, however, 20 to 0.

Madison is getting around on crutches. He doesn't know yet how long he'll be out of action.

B. B. Lees, another Big Spring boy who is playing for the Portales school, showed to great advantage in the Panhandle game. Despite the fact that he is only a freshman, B. B. ran, passed and kicked like a veteran. He is especially adept at quick kicking.

Pat Lamb and Jackie Barron, who went from here with Madison and Lees, also got into the game with Eastern New Mexico.

The Greyhounds play Sul Ross in Alpine this weekend. Big Springer will be playing against Big Springer in that one. Hal Battle and Frank Barton, who played together here in 1939 and '40, are with Sul Ross.

Another of the high school students whose job it is to cater to the football Steers needs is Bill Satterwhite (pictured). Bill played regularly with the Big Spring B team last year until he hurt his back. His doctor advised him to remain out of action but Bill wanted to stay in football in some capacity. He took the job as manager of the varsity squad and, in that capacity, handles a thousand and one details for the coaching staff.

TURNER NOW ATTENDING LOCAL JUNIOR COLLEGE
Delmar Turner, the big tackle who had enrolled at Eastern New Mexico college, is now attending Howard County Junior college and will prove a valuable addition to Harold Davis' Jayhawk basketball team next winter.

COBBS, LASWELL LOOM AS FUTURE STEER GREATS
Two of the Big Spring high school gridders who will be heard from in 1949 are Robert Cobb, a B string back and Richard Laswell, a stellar lineman who is seeing a lot of action with the regulars as a tackle this year.

Cobb has shown a world of improvement in the first six weeks of fall training. He has shown an ability to do all things required of a back and do them well.

Laswell is growing like a weed. He may go over 200 pounds by next Autumn.

LEON LEAPARD ATTENDING ACC ACADEMY
Leon Leopard, the local track ace who at one time was lined up to go to the University of Texas, is furthering his schooling at Abilene Christian college's academy and will do his collegiate running for the Wildcats.

He'll be tutored by Tonto Coleman, one of the very best track and field mentors now active in these United States. ACC annually lines up one of the best rounded track schedules of any team in the country.

Sysonby Mile To Citation
NEW YORK, Sept. 30. (AP) — Citation had better win all the money he can this year. In 1949, the handicappers are apt to hang anvils, kitchen sinks and other assorted weights around his neck in order to bring him back to other horses.

The Calumet Farm three-year-old champion collected \$20,200 so easily yesterday that there ought to be a law against horses obtaining money by false pretenses.

Citation was just pretending to run most of the way in winning the Sysonby Mile at Belmont Park. He licked the stuffings out of five others, among them stablemate Coalstown. Jockey Eddie Arcaro actually had Citation pulled up to a trot as he coasted under the wire four lengths to the good of C. V. Whitney's First Flight.

Coalstown came up fast to grab third place, just half a length away from the Whitney filly.

Next comes the \$100,000 Jockey Club Gold Cup at Belmont Saturday with another \$75,000 or so depending on the number of starters. Eighteen were nominated for the two-mile test, but Citation's Sysonby performance probably has half of them already scared to venture from their barns.

It costs \$1,000 to start in the Gold Cup, and with \$20,000 to second, \$10,000 to third, and \$5,000 to fourth a few stout horses should come out and try.

That's what they did in the Sysonby-ried. Dixiana's Spy Squad started with a bang and got out in front three of four lengths, while W. M. Jefford's Natchez and Coalstown churned along in his wake.

Citation was in no hurry. Eddie kept him under wraps some eight or nine lengths back until the far turn. Then Arcaro cut Citation loose. About midway in the bend, for home he was up there in his accustomed front place.

YMCA To Show Bike Safety Film
"On Two Wheels," a safety picture for bike riders, is to be projected at the YMCA at 7:30 p. m. today.

The occasion will be the meeting of the Hi-Y club, but all high school boys are invited to be guests of the Hi-Y for the picture and other program details.

The film shows the younger generation taking bicycle traffic in its own hands and learning lessons in two-wheel safety. J. W. King, Jr., sponsor for the Hi-Y club, urged youths to witness the film because he feels it will be helpful in encouraging bicycle safety.

ALL-AMERICA — Charles (Choo-Choo) Justice, who missed the boost as a sophomore last year, is in line for All-America honors this season. The North Carolina halfback led the Tar Heels to a 34-7 victory over Texas university last Saturday.

Tribe Idle Today As Yanks And Bossox Play 'Catch-Up'

By the Associated Press

Victory is a must today for the Boston Red Sox and the New York Yankees. They have to win in order to keep alive their slim mathematical chances of overhauling the front-running Cleveland Indians in the American League pennant race.

The Indians, two games ahead of the Red Sox and Yanks, are idle today. New York and Boston defeats would assure the Tribe of no worse than a tie for the crown. Should both the Yanks and Red Sox bow the Indians can clinch their first flag since 1920 by beating the Detroit Tigers Friday.

All three of the contenders have three games to play. Boston clashes with the seventh place Washington Senators in Fenway Park while the Yanks tackle the tough Athletics in Philadelphia.

Southpaw Mel Parnell (14-8) has been selected to face Washington's Early Wynn 8-18; for Boston, Parnell has been very effective against Washington, beating the Nats four times against only one loss.

Lefty Ed Lopat (16-11) has drawn the starting assignment for the Yanks against the A's. Lou Brissie (14-10), brilliant rookie southpaw, will go for Connie Mack.

The Indians maintained their commanding two game bulge by defeating the Chicago White Sox, 5-2 yesterday. The Yanks downed the Athletics, 4-2 and the Red Sox turned back Washington, 5-1.

Clubs W L Pct To Play

Cleveland	95	56	.629	-3
Boston	93	58	.616	2
New York	93	58	.616	2

While the battle to determine the American League's World Series entry raged, the National League's representative in the classic, the Boston Braves, suffered a severe jolt.

The Braves lost the services of Jeff Heath, their slugging outfielder, for the rest of the year. Heath broke his left foot sliding home in the sixth inning attempting to score from second base in a game against the Brooklyn Dodgers.

Heath was batting at a .319 pace and had belted 20 homers. The Braves won the game, 4-3, when Sibby Sisti singled in Phil Masi from second in the ninth. Johnny Sain went the distance to record his 23rd victory.

The booming bats of Joe Gordon and Ken Keltner brought Cleveland its 18th victory in its last 21 games.

Gordon drove in three runs with his 32nd homer and a double and Keltner punched in the other two with his 30th circuit blow and a two-bagger.

Bob Feller, with good support, went the route for Cleveland to post his 19th victory and seventh straight. He allowed ten hits, walked three and fanned three.

Leading 4-2 the Yanks almost blew the game in the bottom half of the ninth inning. Dimaggio dropped pinch-hitter Carl Scheib's fly ball to start the ninth. Rookie Bob Porterfield disposed of Eddie Joost but Barney McCosky followed with a double and Joe Page relieved Porterfield. Page walked Ferris Fain to load the bases and Allie Reynolds took over. Reynolds got the A's clean-up hitter, Hank Majeski, to ground into a game ending doubleplay.

Boston also had trouble knocking off the Senators. Righthander Ellis Kinder allowed the Senators 11 hits in staggering to his 10th victory.

Tied at 1-1 going into the third, the Red Sox tallied three times with the aid of two errors and four hits to forge ahead for keeps.

In the only other American League game Lefty Hal Newhouse turned in his 20th victory in pitching the Detroit Tigers to a 4-0 six hit conquest over the St. Louis Browns.

The Cincinnati Reds snapped their seventh place tie with Chicago by beating the Cubs, 5-3.

A scheduled first game of a day-night doubleheader between the Pittsburgh Pirates and the Cardinals in St. Louis was postponed because of rain but the night game was played with the Pirate winning, 2-1.

When bases are loaded and tension is high, simmer down with a cool, smooth-smoking Y-B. A blend of fine imported Cuban and Puerto Rican filler tobaccos, Y-B's score every time with men who know a good cigar. Please long your free-time pleasure... Try a Y-B Today! BY'S AND BUY Y-B!

Knott To Stage Night Opener

Knott Hillbillies will play their first six-man football game under lights on the home field Friday evening.

Homer Barnes, superintendent, said today that lights for the field have been installed and tested. Everything is in readiness when the Loop sextet from Gaines county moves into test the northern Howard county gridders.

Last week Knott dropped a close one, 13-6, to the potent Union team of Dawson county. Union previously had nailed Ackerly and, with Flower Grove of Martin county, is regarded as a favorite to cop the District No. 5-B six-man title.

Knott lost its first effort to Flower Grove but in the Union test showed to be much improved. On that basis the Hillbillies may be favored to take the Loopsters in to camp Friday. Game time is 8 o'clock; admission is 50 and 25 cents; officials are Jim McWhorter and Fred Tompkins, Big Spring.

Ring Injuries Fatal To Boxer

CHICAGO, Sept. 30. (AP) — Kid Diamita, 22, Santa Domingo welterweight boxer, died in the Cook County hospital today, about five hours after he suffered a technical knockout in a bout at the Chicago Stadium last night.

Dr. Roger Vaughan, night superintendent of the hospital, said Diamita died of "an apparent cerebral hemorrhage."

Chest

(Continued from Page One) vation Army \$10,000, local AA club \$1,975. A provision of \$1,300 is made for supplies and clerical expenses incidental to the fund campaign.

"Judges of the various welfare agencies were scrutinized closely," the Chest committee reported. "We recommend reductions in some instances, and these were graciously accepted."

"It is felt that the \$10,000 approved for the Salvation Army covers not more than what that organization actually must spend in its relief and youth welfare activities. The local Alcoholics Anonymous figure is lower than last year, and it is felt that contributions from friends and supporters of that group alone will more than provide what this worthy undertaking is asking. The Boy Scouts have labored under local deficit created by the failure of the Chest last year to make its goal, but it was felt that the request this year should not cover that sum, inasmuch as other organizations, too, did not receive what they budgeted last year. The YMCA's program will be enhanced by its own membership fee solicitations. The Girl Scouts modest request is the same as last year except for a \$225 item to provide for improvements of the new hut that organization has acquired.

"None of the funds raised and distributed through the Community Chest go for capital expenditures by the welfare agencies, but are for operations and upkeep only. The Chest committee feels that these budgets are in keeping with the programs these agencies are undertaking for the good of our community, and it feels that the people of this community are going to respond generously to see that these without handicap."

City Featured In Publication

Big Spring—and Big Spring people—come in for an entire page in the current issue of the "Doings," a monthly paper published by E. J. Headlee, Denton, as his hobby.

Mr. Headlee is the father of Mrs. C. L. Rowe, Big Spring, and she summed his impressions of Big Spring and its developments on the basis of a recent visit here. He spoke of the banks, the hotels, the newspaper, water supply, highways and other facilities, and of the people whom he considered have made the city really distinctive. The "Doings," unique in journalistic annals, goes to friends of Mr. Headlee all over the world. It's done in a folksy, letter style.

SOIL CONSERVATION

Ranch Plan Meet Is Slated Friday

A ranch conservation planning meeting will be held Friday at 2 p. m. at the Joe Carter ranch seven miles northeast of Garden City. Carter announced this week. At the meeting the Martin-Howard Soil Conservation District program will be discussed and plans will be made for group action in planning and applying soil conservation measures on their ranches. A tour of the Carter ranch will be made to study range conditions and measures needed to improve the kind and amount of grass growing on the range. Assistance will be furnished to the ranchers by the SCS.

Three irrigation planning meetings were also scheduled this week.

Membership Drive, Charter Ceremonies Set by Allied Youth

Plans for a charter presentation ceremony were developed at the first meeting of the Allied Youth post at the high school Thursday morning.

Date for the event has been set for Oct. 19, Billy Bob Watson, president has announced.

A membership campaign is to be conducted during next week with Allen Holmes as chairman. Sunday evening representatives from the post will be sent to local churches to explain the purpose of the Allied Youth, a national organization, devoted to promotion of wholesome non-alcoholic fellowship. Arrah Phillips and Mks. W. D. McNair are adult leaders for the group in Big Spring high school.

Burglary Trial Will Be Continued Here

Trial of Ralph R. Jacks, charged with burglarizing the Burton-Lingo Lumber company offices here, was to be continued in 70th district court at 1:30 p. m. today.

Jacks, the state claims, stole a quantity of paint brushes from that concern and later tried to sell them in Odessa.

The defendant was pleading his own case. Don H. Glass entered a plea of guilty to the charge of forgery and received a two year suspended sentence in court proceedings this morning.

The glare of headlights is the worst hazard for motorists driving at night, one survey shows.

NUBBINS A SCHOOLBOY NOW — Forest "Nubbins" Hoffman—the "early Christmas boy" of 1944 — marches with his schoolmates after his belated start in kindergarten in Cheyenne, Wyo. Nubbins, now seven, has grown four inches to 43 inches and doubled his weight to 40 pounds in the past eight months by hormone treatment. This has enabled him to go to school for the first time and do some playing with other children. In late 1944 he was so near death from a kidney infection that his family observed Christmas for him early and his plight brought gifts from all over the nation. Although he has survived many operations since then he has never been well enough to mingle with other youngsters. (AP Wirephoto)

RCAF LAUDS BRAVERY

YOUTH HANGS HEAD DOWNWARD IN WRECKED PLANE 42 HOURS

EDMONTON, Alta., Sept. 30. (AP)—RCAF flyers today praised the courage of a seriously injured 12-year-old boy who was rescued from a wrecked plane after hanging head-downward for 42 hours beside the body of his mother.

The boy, Michael Lintner, suffered a compound skull fracture, a broken right arm and frozen feet. He underwent surgery at an Edmonton Hospital last night and his condition was reported critical.

PLANE CRASHED

Michael was being flown by his mother, Mrs. A. L. Lintner, from their home at Anchorage, Alaska, to school in the States when their plane crashed in rugged country 65 miles northwest of Fort Nelson, B. C.

The plane wreckage was sighted yesterday by an RCAF plane which led a ground party to the scene.

Two of the rescuers, Sgt. Larry Poulson and Leading Aircraftsman K. W. Clark, said the boy was conscious when they reached him. "The boy was one of the bravest I have ever seen in my Air Force experience," said Clark. "He knew his mother was dead but never mentioned it."

The boy's father, Lt. Col. A. L. Lintner of the Army reserve station at Great Falls, Mont., flew to meet the boy at Fort Nelson.

"It just happened like that," the boy told his father on the plane trip to Edmonton.

The plane was found, mangled in snows, on Steamboat Mountain. RCAF flyers said the spot was particularly dangerous territory for light aircraft. They expressed belief the ship had been caught in a down-draft.

Girl Scout Hut Fund Drive Passes Total Of \$200

Contributions to the Girl Scout building fund reached the \$200 mark Thursday morning.

The campaign to raise funds for improvement of the Girl Scout hut, so that it may be put in condition for use by Girl Scouts, is being raised without any formal drive. It is based solely on a public appeal to any person or concern that wishes to help give the hut the utility for which it was intended.

A voluntary contribution last week started the campaign. Persons wishing to make contribution to the fund may see or phone Lar-

Machine Tool Industry Looks To Possible War

NEW YORK, Sept. 30. (AP)—"Phantom orders" for war goods already have been placed with American manufacturers—to be filled only in case of armed conflict.

This foresight would save from six months to a year in getting production like the machine tool industry in action, Arthur M. Hill, chairman of the National Security Resources Board, said last night.

Addressing the Navy Industrial Assn., Hill said recent Russian "duplicitous" should serve as a warning to the United States to prepare for defense.

Hill said the United States is handicapped in girding for a mythical war because "we are never an aggressor with a known target date."

He said, however, that his board has not "marked time waiting for military requirements." Much has been done already toward planning for defense, he said, inviting industrialists to help the resources board prepare its groundwork.

The machine tool industry has been given a list of 100,000 new tools for which it would be called upon in wartime, Hill said, and next month 25,000 industrial plants will receive booklets outlining decentralization and defense plans.

U. S. And Britain Are Agreed On How To Make Nuts, Bolts

WASHINGTON, Sept. 30. (AP)—The United States and Britain are about agreed on how to make nuts and bolts.

A formal pact on standardized threadings probably will be signed about the middle of October, it was learned today. This will mark an end to decades of talk and, later, formal negotiations between the two great industrial nations.

Such an agreement will be of tremendous value to industry.

Moreover, it is vital to any true standardization of arms by the two friendly powers. Proposals for a common system of calibers, ammunition and a variety of ordnance have been discussed intensively since the war.

But of equal importance to an agreement on the size of bores for artillery or naval guns is the matter of making bolts and nuts used in British guns the same as those in American equipment—and the reverse. If quick repairs are to be made in the field or in some foreign port, they will be speeded by standard equipment and tools to handle them.

Manufacturers and scientists began talking of the need for a standardization of threads back in the early 1900's. Since the war, the effort has materialized into specific discussions by representatives of Britain and the United States. These now are near an end after a series of compromises on both sides.
