School Board Meeting.

On Monday night the school board met in regular session.

After going over the general routine business and discussing the work and progress of the building the board decided to appoint Messrs Webb and Earnest as a committee of overseers to look after the building as the work progresses.

Miss Sheppard, one of the newly elected teachers in the school, offered her resignation on which was accepted and the vacancy left open until next meeting. Miss Willie has taught two years here and this was her third election and she resigned here because she has secured a like position at her home in Nashville, Arkansas.

The question of electing a music teacher then came up and after considerable discussion Miss Bettie Smythe of Gainesville was elected. It is customary in the north and central part of the state for the music teacher to give a certain per cent. of their income to the school board to help pay for fuel, janitor hire, etc. Miss Smythe, besides being highly recommended as a splendid teacher, offers ten per cent. of her income to help keep up the expenses, and for this reason, everything else being equal she was elected.

The committee appointed to confer with the Kindergarten ladies asked for further time. These ladies have made application to have their school placed under the supervision of the board but no action has yet been taken.

After allowing several bills the board adjourned.

For guaranteed horseshoeing see Will McKinzie at the brick wagon yard.

A Royal Good Time.

Last Friday evening the Shropshire's returned home from their pleasant summer outing of a two week's fishing trip down at Forest, on Hackberry, Mr. Frank Shropshire and family of Weatherford and his brother J. T. Shropshire and family of Colorado composed the crowd. They had an expert cook, caught plenty of fish and greatly enjoyed camp life and the rest, etc. Mr. Frank Shropshire and family spent several days in Colorado and were greatly pleased with our town and country.

THE METHODIST COLLEGE

STAMFORD AND COLORADO BOTH SECURE COLLEGES.

The committee appointed to locate the Methodist College arrived in Stamford last night and have been viewing the situation of the Stamford proposition to-day. They have met at Colorado first, then at Abilene, where they opened the respective bids and then came to Stamford. On opening the Stamford bid, they were very much surprised to see it so much greater than the other towns, and after visiting the campus site today announced that Stamford is awarded the college by a unanimous vote. The proposition of Stamford, in brief, is as follows:

1. Money—total, \$67,000, of which \$27,000 is in cash, \$10,000 is convertible into cash on 60 days notice, and \$30,000 is in notes.

2. Site and interest in land—offered by Dr. W. N. Bunkley, 15 acres for campus and outright gift of 100 lots 50x165. Offered by Stamford Townsite Company, per E. P. Swenson, 20 acres for campus and ten per cent. interest in 300 acres of residential property, or say 1,000 lots 50x165, also a definite proposition to develop a 160 acre public park, some forty acres of which will be covered by a lake.—Stamford Tribune.

COLORADO'S PROPOSITION.

Before the locating committee adjourned Rev. S. J. Vaughan read to the committee the following proposition from Colorado:

Colorado, Texas, July 9th, 1906.
To the Locating Committee for the Methodist College:

We, the undersigned committee of Colorado, Texas, in compliance with your suggestions in your letter of the 3rd inst. beg leave to herewith hand you our subscription list, as donations from the citizens of Colorado and adjacent thereto, to the building of said College, if located in Colorado, together with the amounts contributed by each and the postoffice address of each.

We have a bona fide list in our possession of which this presented to you is a copy; that the same has been examined by the City National Bank of this place and approved by it as being good and collectable.

This subscription is for \$27,691.00, available by the 1st of Sept., 1907, and \$1250 of this amount available in one to five years from date of location of the College in Colorado.

We also offer a donation of ten acres of land as a campus to be selected by the Locating Committee from several tracts offered in different parts of the town of Colorado.

Certified to and approved by
P. C. COLEMAN, Charman Com.
and C. M. Adams, Willis R. Smith, J. S. McCall, Robert M. Webb, C. S. Knott, J. L. Doss, J. E. Hooper, F. M. Burns, W. C. Neal, N. J. Phenix, A. B. Robertson, C. H. Earnest, W. B. Crockett, Gus Bertner and R. A. Jeffress, Committee.

When the locating committee met at Colorado they were very much impressed with our offer and highly pleased with the town and the proposed college location, so before the committee adjourned they passed the following resolutions:

1. "Whereas, the Colorado district

conference at its last session passed the following:

"Resolved, that if said committee shall decide best to locate two schools in the bounds of the two districts we will abide by their decision."

2. "Whereas, there is a large territory contiguous to Colorado and especially N. W. that can be accommodated by an institution in Colorado.

3. Whereas, the people have fully endorsed the location of a school at Colorado in addition to the one in their city, therefore,

Resolved, that we indorse the establishment of a school at Colorado, provided, their subscription be increased to \$30,000, and we also advise the securing of ten acres additional to the campus. Respectfully,

Jerome Duncan, Jno. R. Morris, J. T. Griswold, M. H. Hudson, D. T. Averitt, J. A. Biggs and S. J. Vaughan, locating committee."

On Monday evening of this week a mass meeting was held at the fire hall and attended by an enthusiastic body of our representative citizens. The meeting was presided over by Judge Crockett, and after short talks and explanations from Revs. Vaughan and Griswold the matter was open for discussion. A motion was made that the committee's actions be endorsed, the College accepted and the present subscription list stand and be increased to \$30,000.

This was discussed by C. M. Adams, R. A. Jeffress, Judge Crockett, Dr. Phenix, Dr. Neal, Mr. Merrill, F. M. Burns and others, and all were enthusiastic over the subject and nearly all increased their subscription and

some new subscriptions were secured. It was finally carried and a committee appointed to get up the \$30,000 and locate the College on Park Square hill as was originally intended.

There are some who seem to think the Stamford school will interfere with the College here, but such is not the case and really Colorado has the same proposition before her as she had before the Stamford meeting.

It's up to Colorado.
What will we do?

The mission meeting of the Sweetwater association meets today at Herbert and will continue over Sunday. The people of Herbert are expecting scores of visitors.

Mr. J. W. Sheppard who has been absent the past month with his merry-go-round returned home this week and reports a splendid time, lots of picnics and plenty of politics, and the boundless, booming bounding West on a veritable boom.

WRITE MY NAME ON YOUR TICKETS.

To The Voters of Precinct No. 1:

Having entered the real estate business in Colorado, and having been solicited by my friends to accept the office of Justice of the Peace, I come before you at this later hour, subject to the Democratic primary Saturday. I made up my mind only last Monday not to teach again this fall, but to handle real estate, hence the lateness of my announcement. I have taught school in Mitchell county three years, having come here four years ago. I have read law two years, having held temporary license to practice. My standing and recommendations as a teacher in this county can be easily learned, and I think my qualifications for the office of Justice of the Peace sufficient. I want the office for the small fees, and the convenience of being ex-officio notary public, as this will aid me in my business, and because I have been asked to accept it. I ask all to investigate, and if you prefer me to either of the other candidates, then please write my name on the tickets at the primary Saturday. Yours truly,

(PROF.) J. LEROY LANCASTER.

LOOKING FORWARD.

COLORADO IN NINETEEN HUNDRED AND TWENTY-SIX.

Last week we published an article headed "Looking Backward" which carried the reader back twenty years, showing how they did things in those days. This week we project the mental vision forward twenty years and anticipate the local happenings of that time, taken from The Record of July 1926:

Gus Bertner, president of the Colorado National Bank, came in this morning over the Pan Handle Short Line and as he alighted at the union depot, was accosted by a Daily Record reporter, and he gave it out that the big lake up the river where the national dam was built a few years ago, was soon to have a steam launch provided as a pleasure craft.

J. E. Hooper, president of the great Orient system, dropped down from Canyon City and was met at the union depot. Mr. Hooper was on his way to Panama to hold a conference with ex-President W. J. Bryan concerning the canal.

The Highland Park tennis club has beautiful grounds out beyond the Methodist college, not a vacant lot nearer town.

Snyder Elks visited Colorado in a body, guests of the local order, coming down on the interurban.

The inter-collegiate rowing regatta on the lake above the dam resulted in a victory for Colorado's varsity crew.

The Daily Record has just installed its 2nd lynotype machine and is now working a large force of men.

Looney Park in East Colorado is crowded day and night, while the visitors find ample diversion in the shoot-the-chutes, air ship, captive balloon, etc.

The interurban people have put on another express car to handle the products from the irrigated farms below the city.

Congressman Smith's work in behalf of federal help in irrigation is now being appreciated and farmers are taking advantage of the provisions of the act. Judge Smith's long service in the halls of congress fits him better to serve his district. There is talk of bringing him home and making him governor of Texas.

The contract, we understand, was let yesterday for the construction of an iron fence around the city hall and beautify the yards.

The street railway people have put on two open observation cars for night runs to and from the parks.

The new whistle put in at the cotton mill is a wonder. It is called the "siren" and has a sound range from the deepest basso profundo to such a fine point that it will almost bore a hole, and when the festive engineer runs it from bottom to top and back again in about two seconds time, it gives one such a sensation that all other troubles are forgotten. It will be used as a fire alarm.

Trains on the Panhandle road north and south have been loaded the past week with excursionists and prospectors.

Four new automobiles were added to the town this week, which shows pretty well for a 15,000 census town.

The fountain in the court house park needs but one thing more to mark its completeness. Won't somebody donate an alligator;

one with a cultivated taste for dogs and coons.

The public concerts by the band these beautiful nights are greatly enjoyed by all. The generosity of our business men in bearing the expense of these concerts is much to be commended.

A committee from the town council of Abilene, a town 65 miles east of us, was in the city yesterday, inspecting our system of sewerage. While here these gentlemen looked through our several industries, specially commenting on our most excellent water power. The cotton mill, furniture factory, brick, tile and concrete works, were all so visited. Abilene is now pushing right along. A few years ago it was a larger town than Colorado, and may yet attain to considerable size and commercial importance.

Attention, Shooters.

A silver cup will be given away next week to the one making the best score in five shots at the shooting gallery.

News at the Court House.

Around the court house this week we glean the following, and are under obligations to clerk Earl Morrison and H. W. Stoneham for assistance rendered:

In justice Coe's court we find several drunks and misdemeanors disposed of by fines, etc.

County court has continued the criminal docket until next term and is turning out grist from the civil docket in a few minor cases, keeping up with the work. The county judge and commissioners went out Thursday evening and accepted the new bridge across Morgan creek, for the county.

Marriage license for the past month shows an increase, and is as follows:

Rouse E. Thomas to Miss L. D. K. of Abilene.

Martin L. Armstrong to Miss Pearl Stepp, in South-east part of the county.

Robt. S. Ray to Miss Mary Hyde.

Chas. W. Davis to Miss Isla M. Grifford.

T. L. Redman to Miss Cora L. Wilton.

Jesus Baysa to Julia Cortina.

J. J. Myles to Miss Nina Brown.

Geo. L. Callan to Myrtle Bradford.

- That will stand Hard Usage.
- That will not Sag Down at the Top.
- That has stays that will not Slip.
- That will Conform to Uneven Ground.
- That has no Slack Wires.
- That is Low in Price and that does Not Require an Expert to Erect.

Then Read What We Guarantee

1. That the stays are ELECTRICALLY WELDED to strands, forming a perfect union and an amalgamation with the strands not found in any other fence.
2. No wraps to get loose or hold moisture and cause rust.
3. No projections to injure stock or tear wool from sheep.
4. Stronger at the joints than any other fence: welded together by electricity.
5. Guaranteed that the wire is not injured at the joints.
6. Guaranteed adjustable to uneven ground.
7. Guaranteed that stays will not separate from strands.
8. Guaranteed all right in every particular.
9. Made by the most modern process and on the latest improved machinery.
10. Most of the weak points in other fences are on account of the way the stays are fastened. Our stays are amalgamated with the strands by means of electricity and the strength of the fence increased a hundred fold over the strength of a fence where the stays are wrapped or clamped on the strands.

Baptist Sunday School.

There are a number of strangers coming to Colorado all the time who stay over Sunday, and there are many others who do not avail themselves of the advantages and privileges of Sunday school from the lack of knowing where and when to go. To all such we extend a most hearty and cordial invitation to come to the Baptist Sunday school any and every Sunday at 10 a. m. We have classes from the smallest children to gray haired ladies and gentlemen, and will find a place for you. Glad to have you come any time.
Robt. M. Webb, Superintendent.

Big Land Deal.

A deed was filed this week for record at Roby, from S. P. Allen and wife to C. C. Magenheimer, conveying the Long ranch for a recited consideration of \$271,140.

It is understood that this sale will in no manner effect the previous plans to colonize and sell off these lands, but is in the interest and perfection of plans already made.

Mr. Magenheimer lives in Chicago and is reputed to be a very wealthy man and it is expected that his becoming interested in this section of Texas means much for local development. —Sweet-water Sun.

The new sensational melo-drama presented only by Eiler's big show. The play will no doubt prove interesting and entertaining, being properly staged with special scenery for every act and an excellent company, which has always been one of the desires of the Eiler shows, to give his patrons only the best. Having gone to the expense of over a thousand dollars in securing this great play, making this now without doubt the best show of this nature traveling. The company is composed of fully thirty people, traveling in two fine Pullman cars. Under canvass at Colorado, Wednesday Nov. 14th.

Big Ranch Sale.

Word comes from Judge Ed J. Hamner at Mineral Wells to the effect that he has just closed a deal selling the 81 sections of unsold land out of the Bush & Tiller pasture, or ranch. The parties who bought this property will immediately cut it up and place it on the market for sale to actual settlers.

When it comes to handling the big deals the Judge always gets there, for this deal amounts to nearly a half million dollars, and is the largest land sale that has been made by anybody in this section for many years.

This closes up the sale of this big ranch, and by the way, is about the last big ranch near Colorado to be sold. The F. E. McKinzie place has been surveyed into quarter sections and placed on the market, and in less than twelve months there will be a farmer on every 1-4 of a section in the Colorado country.

Killed by a Train.

Saturday evening last near the Colorado salt works, Fred Veale, aged 22 years and single, was accidentally run over by an east bound freight train and almost instantly killed. The remains were embalmed by McLure, Basden & Co., and shipped to his parents at Breckenridge on Sunday. It seems that he was walking on top of the train while it was running and slipped off or fell off and was run over. Young Veale was in the employ of the Roberts Telephone Co. at Abilene when killed.

Legislators Waking Up.

Texas legislators are taking notice of the active campaign which Holland's Magazine has been waging against food adulteration in Texas. The November number of Holland's contains a number of letters from members of the next legislature pledging support for a stringent pure food law for Texas. The difference between the care exercised by the state over the feed sold for live stock and the food sold for human consumption is strikingly brought out in a cartoon which accompanies an article by Editor Walter B. Whitman of Holland's. Two hogs are shown growing fat on feed bearing the state inspection tag; contrasted to them are two sickly peaked children drinking milk adulterated with formaldehyde with their morning meal. Holland's employs its own chemist and is making a systematic examination of food sold in the state. The results have been such as to make any man shudder who reads of the practices of some food adulterators whose greed for gold outweighs all considerations for human life. Texas needs a stringent pure food law, well enforced, and Holland's is doing a good deal to secure it.

We heard a man say, (and he can speak by the card) that more than 200 gallons of whiskey were "delivered" in Colorado last Saturday.

Sweetwater takes some pride in the fact that the new passenger train will stop at that place. There may be some advantage after all in being a railroad junction.

Prosperity is not an unmixed blessing. It tends to extravagance and improvidence for the future. It requires a well balanced head and an even keel to enjoy good fortune without running into excesses or becoming careless of the future.

Six hundred German immigrants arrived in Galveston last week, each of whom possessed from \$100 to \$1000 in money. Of these, about half expected to locate in Texas and the others in the northwest. These are the kind of people Mitchell county needs—thousands of them.

Just think of it! You can now eat your breakfast in Colorado, enter one of Bill Jones' auto-cars and be in Snyder by the time the business of the day is fairly opened up; transact your little affairs, eat your dinner, then back to Colorado in one hour and thirty minutes—if nothing happens. "Surely, the world do move."

The Loraine Advertiser, Vol. 1 No. 1, came to our table last week. It is neat mechanically and clean in its utterances, and editor Stovall shows himself no novice in the sanctum. If now the people will support the paper sufficiently to give it a power and influence, it will do more to build up and develop that town than all other agencies combined. In the language of the lamented Rip, "may it live long and prosper."

Senator Bailey is a modern Saul of Tarsus in the suddenness and completeness of his conversion. He came "down breathing out threatenings" against all who dared to differ with or criticize him. He defended his course in representing corporations and declared he would continue to do so, but in the course of his Mart speech, the "scales as it were, fell from his eyes" and he came to a full apprehension of the truth. He came out boldly on the side of the people and denounced in scathing terms the practices he had but the day before so stoutly defended. It was the most remarkable about face ever witnessed in politics, says Waco Times-Herald.

Got His Just Deserts.

Leon Joseph, a whiskey drummer, seems to be up against it in Merkel. He was before the courts Saturday on a charge of selling whiskey to minors, and his fine was assessed at \$140.00, which he paid. Not being satisfied with this, he must go out, do some work, get arrested, and failing to make the required bond he was remanded to the calaboose for safe keeping. Sunday evening he gave bond and was released, leaving that night for the east swearing vengeance against our officers for doing their duty. The officers are doing their duty and should have the support and encouragement of all. The officers alone can not enforce the laws, but with the help of the citizens they can do so, and the whiskey drummer will soon learn to steer clear of Merkel.—Telegram.

No class of men know the provisions and scope of the local option law better than the whiskey drummers; they study it in order to keep out of trouble, and have not the moral excuse of ignorance of the law as extenuating circumstances. But when the whiskey drummer goes into a community where a large majority of the people say they do not want whiskey sold or shipped, and he sells it to boys as well as to men, he is knowingly defying public sentiment and is accorded little sympathy when the arm of the law takes him by the scruff of the neck and lands him in jail. In fact a man who will accept a job of selling whiskey in local option territory, is more than a fool, because he's a knave, and worse than a knave, because he's a fool.

The Cisco Apert celebrated its 14th birthday last week, and was so modest about it that it was blushing pink all over. We hope to see you chronicle your 28th, Brother Wilson.

This is the time of year to pay up. The Record has never said pay until now. We have 1500 names on our list who owe us \$1 to \$2 each. If all would pay up The Record would celebrate. It is only a dollar to you, but to us it is many, in the aggregate. Come into The Record office and pay up and watch the editor of this great religious weekly smile.

Our northern suburb of Snyder is welcome to all the honor, glory and other appurtenances thereunto appertaining, which inheres in the conception, ownership, starting and ending pint of the Bill Jones Automobile Line, and Colorado will rest content to sit on the fence and see the thing turn round in the road, without a look of envy. But "honest injin" Bro. Western Light, aint the whole thing just a joke, like the navigation of the Trinity river at Dallas? Really we have so taken it, and enjoyed the horse-play of your press agent's dispatches from the front.

The man who advertises most is the one who gets the most business, and the indifference of the local merchants to the value of judicious advertising, is the secret of the enormous business done in this country by the mail order houses. They know the value of advertising their goods and prices and sow their catalogues broadcast. The home merchant could do the same thing and the result be just as certain. Not in a week, nor a month, nor yet a year, as many seem to expect, but persistently keeping at it would bring the same results. The patronage of the big mail order houses was not secured by spending \$10 or \$15 per month for advertising, for a week or two, but by spending hundreds of thousands of dollars every year after year for thirty years. It is no trick, simply cause and effect.

Good Cow Feed.

Cotton seed meal and hulls mixed in sacks is the best cow feed made. This is a specially prepared food sold by J. S. Vaughan, the feed man.

Some Fancy Shooting.

On Tuesday, Capt. Geo. E. Bartlett, an ex-deputy U. S. Marshal and a South Dakota scout, who now represents the Peters Cartridge Company, gave an exhibition of fine and fancy shooting. Quite a crowd of our ammunition dealers and local sportsmen gathered to witness this novel means of advertising and were amazed at the skill of Capt. Bartlett as a marksman.

He began his exhibition by using a 30-30 rifle, using the regular Peters 30-30 cartridge, with soft nosed bullet. Pieces of boiler plate steel, 3-16 of an inch thick and 2 1/2 inches square were thrown into the air and punctured as cleanly as if drilled. A sealed tin can filled with water was thrown into the air and with one shot was reduced to a twisted scrap of tin and a cloud of vapor, scarcely a drop of water falling to the ground. A large Irish potato given same treatment was "creamed" as nicely as if pounded for half an hour, the only disadvantage being that so far as could be observed, it failed to return to earth. The rifle used in this feat was the regular 30-30 lever action, but the cartridges fit equally well in any rifle of like calibre.

Capt. Bartlett is not only one of the best all round marksmen on earth, but is an historical character of no little note. He is a typical man of the plains. Well built and hardy looking, his fine physique is marred only by a slight limp caused by a weak knee. In a fight with horse thieves in 1883, Capt. Bartlett was shot in the knee, so that he now walks with a slight limp. Along in the 80's Capt. Bartlett conducted a store near the Pine Ridge Indian agency in Dakota. The Indians soon began to call him "Wounded Knee" on account of his injured limb.

Injunction is Dissolved.

The motion of the defendants in the case of the Board of Trustees vs W. B. Martin and T. J. Galbreath, to dissolve the writ of temporary injunction issued on Sept. 27th 1906, restraining the defendant, from further working on the high school building, was heard before Judge J. L. Shepherd Saturday afternoon last, and upon conclusion, the court entered an order dissolving the temporary injunction as prayed for, and continuing the case for final hearing at the next term which meets Dec. 31st.

A Fragment.

Go thou hence, vain joys
Why wilt thou tempt me yet again
To follow thee in thy fickle course?
When the end is but remorse and aching pain,
Of an empty life! nothing done, Do I pray thee, leave me, my work to pursue.

For man's mission here on Earth
Is not of pleasure undue, nor excessive
Mirth, but to accomplish, to perform
And learn more fully how to live
So that when his hour draweth nigh
He shall have no fear to die.

TALKS PROSPERITY. Says All West Texas Towns Are Enjoying Great Prosperity.

Captain S. M. McMurray formerly of the Texas Ranger force, is in Fort Worth from a tour of inspection of all parts of the state and in speaking of general conditions said: "There is an era of prosperity all over the state. I have not been in a town from the Rio Grand to Red river that is not on a boom. Not an unnatural boom, but one that has a solid basis. The demand for Texas land is unprecedented and people are flocking in from everywhere by the thousands."

"If present conditions continue for two, or for even one year, Texas will be in the lead of any state in the union. Not only is it that people are flocking to Texas, but outside money is coming

in and being invested in Texas lands. The whole of Texas is on a big-but solid boom, particularly the western portion of the state. Ft. Worth Telegram.

Rev. O. S. McIver, who lives in the Union community, dropped in to see us Tuesday on his way home from the annual conference of the M. P. church, he being an elder in that denomination. The conference was held at Bunion and Bro. McIver reports a fine meeting and enjoyed his trip. He says the Colorado country is the finest in Texas. Rev. McIver will fill the Presbyterian pulpit here on the 3rd Sunday, both morning and night, and as he is a good preacher, a good audience is desired.

Mart Hurlock left Tuesday night for a short business trip to West.

O. M. Mitchell the cotton man, visited his family at Mabank last week, returning to Colorado Tuesday.

Mrs. D. C. Byrne left Saturday night for El Paso where she will spend a few weeks with friends.

Byron Byrne, from the Gray Rock Home ranch south of town, was a Colorado visitor Saturday.

Miss Mamie Riordan and her band of little people were entertained by Lillian Payne Monday evening.

The Record office furnishes all and any kinds of rubber stamps.

If you are interested in the public school library you will show it by attending the entertainment at the school building on Friday night, Nov. 23rd, given by the faculty and senior class for the library fund.

Wm. Morrison left Monday night for a several weeks trip to Mexico, where he has large ranch and cattle interests.

New goods arriving every day. Our store is a perfect wilderness of new beauties and novel creations in ladies' hats. Come and see them. Mrs. B. F. Mills.

Mrs. Chas. W. House and Miss House, aunt and cousin of Robt. M. Webb, also his sister, Miss Mary C. Webb, all from New York, are welcome visitors here this week, the guests of Mr. and Mrs. Ben Van Tuyle and Mr. and Mrs. Robt. M. Webb.

Miss Zilpha Fox spent Sunday with her sister, Miss Alpine, who is in the convent at Stanton.

Your fall hat is here. Mrs. B. F. Mills.

Mrs. T. A. Morrison and daughter, Miss Lillian, are expected home Sunday from a three weeks stay at Mineral Wells.

For guaranteed horseshoeing see Will McKinzie at the brick wagon yard.

Mr. and Mrs. F. E. Beckwith have sold their ranch in Gaines county, and were the guests of Mr. and Mrs. M. A. Churchill the first of the week, while enroute to their former home in Michigan. They are well and favorably known in Colorado, and their departure is regretted.

Buy your winter's supply of wood and coal—buy it now. I don't say the price will go up, but then, you know it may. It did last year. I have a big supply on hand and you had better buy now. H. F. Wheeler, the wood and coal man.

Rev. S. J. Vaughan left this week on a visit to his grandchildren at Brownwood, and as the Northwest Texas Conference will meet there next week, he will remain for that occasion. Presiding Elder J. T. Griswold will fill the Methodist pulpit here on next Sunday.

There is no questioning the fact, good as our hats have been in past seasons, we have striven and succeeded in surpassing all our former efforts. Mrs. B. F. Mills, the Milliner.

ONE NIGHT ONLY

CURTAIN AT 8:20 P. M.

Our good friend, B. F. Osborn, just north of Loraine, came in Monday and renewed for The Record and said he was well pleased with the paper. He was accompanied by his son, R. W., who also subscribed. Mr. Osborn came from Georgia to Texas five years ago, and moved to this country 18 months ago and is highly pleased with it. He has made a good crop this year, and says there is no poor land in the Colorado country.

E. B. GAMEL, The Land Man.
COLORADO, TEXAS. PHONE NO. 253.

Read below some bargains offered and come to see me if you want to buy or sell. If you have any kind of land for sale LIST IT WITH ME. I will do all the advertising, bear all the expense and find you a buyer.

BARGAIN LAND LIST

640 acres 5 miles north of Westbrook, Texas, in thickly settled community, all good land, the adjoining farm making a bale of cotton per acre this year, public road runs by the land. South side of this will make a fine home and is cheap at \$12.00 per acre, 1/3 cash, and five years on balance.

320 acres one mile south of the above, same kind of land at the same price and on the same terms.

320 acres 4 miles north of Westbrook, Texas, on public road 1/2 mile to school, 2 miles to store, P. O. and gin, price \$10.00 per acre easy terms. You can get 250 acres of level valley land on this tract. Good dirt, plenty of wood and water. The above is my own land.

I also have one of the best homes in Comanche county that I know that I am offering at a bargain. It consists of 509 acres two miles of good town, and is on a public road, 2 telephone systems goes by the house, 1/2 mile to school and church and gin, blacksmith shop. The improvements are one 7-room house new and finished completely, cost \$1500, fine new barn that cost \$1000, 2 wells of the very best of water with a windmill over each, water works all over the place, fine orchard, nice yard and garden, good lots, the place is all under a four wire fence with walnut posts, 50 acres of fine land in cultivation, 200 more of the very best to put in, 20 acres of heavy post oak timber. I am offering this at \$9000, 1/3 cash, balance in 5 years. There is not an acre within 5 miles of it as good as this that you can buy for less than \$25 per acre, but you see I want to sell this. I might take some trade.

I buy and sell. Have sold land this year that has doubled in value in less than six months.

Better Buy Now!

See me for prices and terms. Office with Whipkey Printing Co., (Record Office) Colorado, Texas.

ELLWOOD FENCE

This is a picture of Ellwood hog fence. More of this style is used than of all other makes combined. In connection with several strands of plain barbed wire, it puts up a fence that is absolutely pig-tight and will also turn large stock.

I have it
from eighteen to fifty-eight inches high.

SUPERINTENDENT'S REPORT

Honorable Board of Trustees, Colorado Independent District:

Gentlemen: I beg to submit to you the following summary of the schools for month ending Oct. 26th.

Number of pupils in scholastic age enrolled, male 251; female 269; total 520.

Number of unders enrolled, male 5, female 5; total 10.

Total enrollment all ages, male 256, females 274; total 530.

Average daily attendance of pupils within school age, males 181, females 213, total 394.

Average attendance of unders, males 3, females 4; total 7.

Average daily attendance of entire school, males 184, females 217; total 401.

Number of cases of corporal punishment reported 6.

Total number of cases of tardiness reported, 186.

Number of days taught, 20.

Gratifying progress has been made along many lines. Our course in Science has been strengthened so that affiliation with the State University in that subject is now an assured fact. This has been made possible only by the generosity of the Hesperian and Standard Clubs, the latter recently contributing \$65 for the purpose of properly equipping the physical laboratory. When this affiliation is secured we will have the distinction of being the only school on the T. & P. save El Paso, that is so related to the University.

One cause for regret lies in the fact that the list of tardies remains as great as it does, 186 this month as against 210 last. There is no better lesson that can be taught any child than that of promptness, one that all may learn. We ask that parents cooperate with us in trying to banish this evil from the school.

HONOR ROLL

Below is the Honor Roll for the month just closed:

Primary, Lorena Smith. Low first, Paul Terrill. High first, Lula Mae Dulany. Second, Hazel Fore. Low third, Ruby Buchanan. High third, Erlene Vinson. Low fourth, Thelma Warren. High fourth, Eddie Snowden. Low fifth, Homer Simpson. High fifth, Jeanette Earnest. Sixth, Annie Gardner. Seventh, Eva Terry and Nora Blandford.

Fresman, Nora Shannon. Sophomore, Leftwitch Shepherd.

Junior, W. E. Sullivan. Senior, Lillian Davis. South Ward School: First, Dorothy Knott. Second, Bennie Copeland. Third, Oliver Beauchamp. Fourth, Amy Knott. Fifth, Tom Nunn.

A cordial invitation is extended to all to visit the schools. Respectfully submitted, T. J. YOE.

HIGH SCHOOL NOTES.

We are much pleased to have Misses Clydie Jenkins, May Young, Bessie and Lula Scott, Verna Louder and Messers Jess Louder, Jessie Jenkins and Geo. Witten. with us to help the good cause along.

The school wishes to express its appreciation to the ladies of the Standard Club for the gift of 65c for the benefit of the library. We feel we are obligated somewhat to the ladies of the various clubs of our town for their interest and assistance given us in the many ways; we are striving to show our appreciation to the ladies by our efforts.

Miss Roe asked a pupil in an oral test the capital of Texas. The bright lad quickly answered, "Australia."

On the first Friday afternoon in December, at 3 o'clock, Prof. Yoe will give a talk on the meaning of Tennyson's "Idylls of the King." We invite those who are interested in the literary work to be present; we will be glad to

have all come who will. This will be the first of a series of talks to be given by Prof. Yoe during the session.

The amateur chemists are having much fun with their oil-cloth aprons this week. We expect to turn out great scientists in May.

The Hunters' Call.

With the opening of the quail season in Texas and the coming cooler weather, the nimrod has heard the call of the wild, and the country is resounding with the echo of the cannon's roar.

The Texas open season for deer is from November 1, to January 1, and on turkeys, prairie chickens, partridges and quail, Nov. 1 to Feb. 1. The limit is 25 birds per day. The deer and turkey season in Arizona closes on Dec. 1, while the deer season in New Mexico closed October 31st.

Mexico's laws are not so restrictive and deer and all kind of game may be killed during the entire winter.

Another Boom For Stanton.

Every week, something for the good of Stanton turns up. First one thing and then another, and so on—the result of which is, the town is continually growing, and that very fast. But what will probably be of the greatest benefit to Stanton, is the fact that Higginbotham, Harris Co. let the contract this week for 35 tenant houses to be built on their land north of here. Their land is as good as there is in the country, and with the additional trade these 55 farmers who tend this land will throw to Stanton will be a great boon to the town. —Stanton Reporter.

McAfee Place Sold.

The McAfee residence in South Colorado sold this week for \$1100 cash. Miss Nellie Smith of Sterling City being the purchaser.

Everybody says so. What? That Bob's restaurant puts up the best 25 cent meal in town.

Cheap Lands

6 Section pasture, well improved, with good farm. Price \$2.50 per acre.

5 Sections, splendid grass, water and protection, \$1.75 per acre.

8 Sections; part of each section fine farming land. \$2.75 per acre. Will take one-third cash, one-third to State at 3 per cent interest, one-third in five annual payments at 6 per cent, on the above lands.

20 Section pasture, well improved, one-fourth fine farming land, 5 sets houses 300 acres in cultivation. \$2.00 school land, \$2.00 bonus. Will take some stock on any of these trades.

All in Sterling county.

Synacate To Buy up Ranches. San Antonio, Tex., Nov. 2. —Northern capitalists headed by J. H. Rogers of the Standard Oil, and James Stillman, are negotiating to purchase the King, Kennedy and Driscoll ranches, with a total acreage of 2,000,000 for the purpose of establishing a great agricultural colony. They will bring Dutch and Italian settlers. They have secured options on all ranches, except the King. Ten million dollars have been offered for this property.

ELECTION RETURNS

New York Hearst (dem) is
defeated nearly 40,000, two years
ago Higgins (rep) was elected by
80,560. Most of the state ticket
claimed by democrats.

Illinois—Republican state tick-
et wins, democrats get two con-
gressmen.

Oklahoma—Solidly democratic,
also Indian Territory.

California—Gillett (rep) elec-
ted governor and entire state tick-
et also.

Ohio—Republican solid.

Indiana—The entire republican
ticket was elected

Kentucky—Republicans gain
one congressman.

Nebraska—Sheldon (rep) elec-
ted governor by 9000.

The entire south stands solid
as the Gibraltar rock.

Close Statehood Vote

Santa Fe, N. M., Nov. 7.—The
vote for statehood was closer
than had been anticipated by
both parties, who had endorsed
the Hamilton bill, but from pre-
sent indications it will have at
least 6000 majority. Big inroads
have been made on expected re-
publican majorities in Bernalillo
and other counties, which will
probably reduce the majority for
Andrews (rep) for congress to
less than 4060.

Later reports show joint state-
hood between Arizona and New
Mexico as having been defeated.

The New Congress.

Chicago, Nov. 7.—Dispatches
to the Associated Press show
that the Republicans have elec-
ted 114 congressmen and the dem-
ocrats 71. The democratic fig-
ures include: Alabama, 9; Ark-
ansas, 7; Louisiana, 7; Georgia,
11; Mississippi, 9; Texas, 15; Flor-
ida, 3; Virginia, 9. Total 71.
The democrats have gained one
district in Maryland and one in
New Jersey and the republicans
one in Kentucky.

Results in The State.

The exemption amendment has
evidently been carried; that pro-
viding for a jury tax may be re-
garded as in doubt, but that pro-
viding for increased pay for leg-
islators, from present indications
has been decisively defeated.

The entire state and the vari-
ous county democratic tickets
won out. No other party elec-
ted a single office.

The returns from most of the
counties show a very light vote.
The day was ideal for farm work
which had much to do with the
small interest taken.

Rural sections have polled the
lightest vote in years despite the
earnest efforts of the committees
of the various parties to bring out
a strong vote on the issues. The
republicans and the re-organized
republicans polled a very small

vote over the state, but some
strength has been shown in sec-
tions. The socialist vote was
not heavy in any part of the
state. Mrs. Laura R. Payne, the
woman nominated in Ft. Worth
for congress, received small sup-
port.

Mitchell County Returns.

Less than 300 votes polled in
the county. This gives us one
vote in the convention two years
from now. It is probable that the
next legislature will pass a blan-
ket primary election law and we
will get our representation from
the next legislature.

Commissioner precinct No. 3,
(Herbert) known as Liberty
school house voting box, polled
37 votes. R. A. Hood the dem-
ocratic nominee seems to have
been beaten by Mr. Crump, who
was a candidate in the primary
but who was defeated by Mr.
Hood. It seems that a majority
scratched Hood and wrote Crump
on the ticket. Mr. Crump was
not a candidate in the general
election.

Lorraine polled 54 votes, Cuth-
bert 8, Seven Wells 5, Westbrook
and Iatan not reported,
Ben Van Tuyl says the high
tariff defeated him.

MITCHELL COUNTY.

Tuesday's election passed off
quietly, only about 25 per cent of
the county vote being cast.

Colorado box has about 450
votes and only about 140 votes
were polled, Lorraine box polled
51 votes and went democratic.
In the Colorado box Elbert T.
Collins lead the ticket, with Earl
Morrison, Frank Johnson and J.
M. Baker close seconds.

The two first amendments car-
ried, while the third was lost.
The socialist labor and socialist
parties received no votes here.
Below we give the vote at this
box:

An Interesting Letter

St. Louis, Mo., July 14, 1906.

Dear John:--

Am about through selecting one of the Swellest, Choicest and Up-to-date lines of stuff that can be picked from the Eastern markets.

It has taken me longer than I thought for, as I had to take my time in order to find the right quality and at the same time get it at prices so we can give the Mitchell County people "Good Stuff" at prices never before equaled. # # # # # I certainly have picked a "nobby" line of the brightest, choicest merchandise, and the Stetson Hats are dandies.

Baptist Sunday School.

There are a number of strangers coming to Colorado all the time who stay over Sunday, and there are many others who do not avail themselves of the advantages and privileges of Sunday school from the lack of knowing where and when to go. To all such we extend a most hearty and cordial invitation to come to the Baptist Sunday school any and every Sunday at 10 a. m. We have classes from the smallest children to gray haired ladies and gentlemen, and will find a place for you. Glad to have you come any time.

Robt. M. Webb, Superintendent.

Protracted Meeting.

I desire to state that the protracted meeting, heretofore announced in this paper to begin on August 26th, has been postponed until the first Sunday in October. The Sweetwater Baptist Association will convene with us on Oct. 4th, and we will follow the associational meeting with our annual protracted meeting. In another issue I desire to speak further concerning the meeting of the association.

H. J. NICHOLS, Baptist Church.

Gymnasium Hall Sold.

Doctor Willis R. Smith has bought the gymnasium hall and will remodel it and make an office building of it, to be occupied by Dr. Smith, Dr. Neal and Judge Homan. The purchase of this hall has nothing to do with the fire station which is connected with the hall. In reporting the matter Mr. Robt. M. Webb handed us the following:

At a meeting of the fire department Tuesday night, Aug. 7, the matter of the gymnasium was taken up, and the following resolution was offered:

That the building known as the gymnasium be sold to Dr. W. R. Smith, for the sum of \$500.00 cash, and that the same be pro-rated among the subscribers to the gymnasium fund.

The resolution was seconded by R. L. McMurry, and was carried. The meeting then adjourned.

The gymnasium has served its day and time, as it has become of little use. The fire boys had two years use of it, and had a good time, but of late some have moved away, and the hall is not in use. It needs painting and fixing up, or it would get in bad repair and there are no funds for that purpose.

It was suggested that the \$500 be placed in the treasury of the fire company, but it was agreed when the money was collected, that in case the hall was sold, or burned down, the money would be refunded, it was thought best to do so.

We understand that Dr. Smith will at once fix up the hall as an office. Will paint it outside, put down a walk, cut it up into offices inside, and that Dr. Neal and Judge Homan will also have offices in the building. Considering the fact that the subscribers got back as much money as went into the building, and considering that they had no idea of ever getting back a cent, and considering that it will be put in good shape, and become an ornament to the town, we think it well disposed of, and everybody happy.

Rain Fall.

The rain fall in Colorado for the month of August shows in inches, 3.15.
In August last year we had 4.07 inches all the month, and up to the 12th of August this year we have 5.44.

A Delightful Occasion.

Those fortunate enough to be among the list of callers at the reception of Mrs. Morgan C. Knott, on Wednesday afternoon from 4:30 to 7 o'clock, unanimously pronounce it one of the most recherche affairs of the many brilliant events in the city's social whirl.

The reception was in honor of Mrs. Theron S. Taber, of Putnam, and Miss Jennie Knott, on the eve of the latter's departure for an extended stay in New York City.

This home is one of the most tastily appointed in the city, and with elaborate floral decorations, made one eager to enter but exceedingly loath to depart.

The reception hall, where each arrival received a cordial greeting by Mesdames C. S. Knott and A. J. Payne, was bright and fragrant with the beauty and breath of the American Beauty rose and trailing evergreen. The front parlor, and throughout the reception suite, the color scheme, white, pink and green, was beautifully carried out.

In the receiving line were Mrs. Morgan C. Knott, Mrs. Theron S. Taber, Miss Knott, Miss Brittan, of Putnam, Mrs. Davis, of Oklahoma City, Mrs. Jas. T. Johnson, Mrs. Root, Mrs. Brennan, Mrs. Gus Bertner.

In the back parlor, Mrs. W. C. Neal graciously presided. From there, Mesdames Lee Jones and C. A. Pierce led the way to a veritable fairy bower, the cozy back hall with the downiest of gay pillows, a great profusion of cut flowers and trailing ferns. In the center, amid huge clusters of white grapes and banks of fern, stood a splendid pure white china punch bowl, from which Misses Julia McLure, Nell Ruddick and Ina Wulfjee served most refreshing pink fruit punch. Above the bowl the rays of light fell, softly shaded with pink draperies.

From this lovely nook, Misses Enez Freeman and Lena McLure led the way to the dining-room, which was a rival of the punch-room in beauty and appointment. On mantel, sideboard, over window draperies and every available space, were the loveliest of white and pink roses and falling fern. Upon the polished surface of the table, rested a magnificent lunch cloth of drawn work and pink roses. From the center rose a slender cut-glass vase of cut roses and fern of the color scheme. From the lighted chandelier, gracefully descended streamers of pink ribbons, to which tender fern was clinging, being caught at each corner with graceful loops and clusters of sweet blossoms.

Ice cream and wafers were generously served by Misses Grace Homan, Pearl Ruddick, Lizzie Hamner, Dera and Ina Wulfjee.

Miss Eva Hamner adorned each corsage with a dainty love knot of white, pink and green ribbons.

Choice music was furnished by Misses Henry, Doss, Warren, Brittan, and vocal selections by Mrs. Davis and Mrs. Graves.

Little Misses Teny and Dorothy Knott received the cards, which testified to an evening of great pleasure to near two hundred guests, who departed with delightful memories of the gracious hospitality of Mrs. Knott and her guests of honor.

A Birthday Party.

On Wednesday evening at the beautiful home of Mr. and Mrs. W. T. Smith, in east Colorado, the young folks gave a delightful birthday party in honor of Mrs. W. T. Smith, it being her 35th. A large crowd attended and enjoyed the evening with fine music by the Blanford orchestra, and delicious refreshments served. Games and merry conversation made time fly rapidly and at a late hour the departing guests were profuse in their thanks to the host and hostess for the pleasant time they had all enjoyed.

APPLICATIONS MANY.

Information Desired About Contracts For Chinese Laborers. Washington, Aug. 14.—Scores of applications for information concerning the proposed contract for 2,500 Chinese laborers have already reached the isthmian canal commission, and indications are hundreds of persons are waiting to make bids for this contract in the hope of realizing a small fortune from it, as several bidders did on the recent issue of Panama canal bonds. Prospective bidders without extensive financial backing will be much disappointed when specifications for furnishing Chinese are made public. It will be required by the commission that a large certified check accompany each bid. The check will probably not be of this amount and bids not accepted by such guarantee of good faith will not be considered. Advancements for proposals to supply Chinese laborers are to be published for thirty days and consequently proposals will be opened before Sept. 1. The earliest bids will be required to get the contract in the country after the contract has been awarded. Consequently the commission does not expect to have Chinese labor on the isthmus before Jan. 1, 1917.

SUPPORT PROMISED.

Disarming of Municipal Police Caused Wounding of Pulajanes. Manila, Aug. 14.—Governor Ire has returned from Manila after a conference with the President, General Wood, Brigadier General Lee, Governor Devyra, fifteen presidents and Colonel Taylor of the 1st Cavalry. The presidentes promised to support the American authorities and furnish information leading to the extermination of the Pulajanes. There are various causes for the present condition of Pulajanism in the island of Leyte, dating back to the Spanish times. The disarming of municipal police by Governor Devyra, his political opponents assert, caused the recent disturbances. It is declared that had the late Lieutenant John F. James of the Eighth Infantry, possessed correct information he would not have gone out with a small force Aug. 9. The fight occurred in the darkness and the troops were victims of a bold rush of supernumeraries, during which their rifles were of no use. The bodies of Lieutenant James, Surgeon Calvin D. Snyder, Private Wm. J. Gillick and Matthias Zeck were buried at Tacloban. Governor Ire has decided to appoint a commission consisting of Governor Devyra, General Lee, Colonel Taylor and three presidentes to visit the disarmed districts and hold meetings with town councils to impress the people with the necessity of cooperation and support in exterminating the Pulajanes. The outlaw numbers about 100 and is being hunted by leaders forcing farmers to participate in fighting them with death if they refuse.

MADE AN ISSUE.

Several Candidates Declare Against Bucket Shop Business. Birmingham, Ala., Aug. 14.—Alexander Chisholm, the bank teller who is short \$37,000 in his accounts, is still in the custody of deputies, not yet having made bond. Preliminary trial is fixed for Monday. The defalcation of Chisholm has made the prohibition of bucket shops doing business in Alabama a political issue and several candidates for the legislature have already declared themselves in favor of the Georgia law, which prohibits bucket shops.

GIRLS PALLBEARERS.

Body of Social Leader Borne to Grave by Young Ladies. New York, Aug. 14.—Michael Wyler, who was a social leader among the wealthy Poles of this city, says a Herald special from Hartford, Conn., just before his death requested that his pallbearers be young ladies. When the undertaker arrived at Wyler's residence he was surprised to find the pallbearers were eight young ladies. Six acted in that capacity and the other two as follow-bearers. The services were held in a church and the young women, dressed in white, bore the coffin in and out of the sacred edifice.

Developments Pending.

Austin, Aug. 14.—It is learned that there are some important developments in anti-trust suits instituted recently by the state against the Fort Worth Livestock Exchange and its members. Assistant Attorney General Lightfoot goes to Fort Worth from Dallas where he will confer with attorneys in these suits. The cases are set for the October term of Twenty-sixth district court here.

Surpasses Prediction.

Austin, Aug. 14.—The state banking law has been in effect exactly one year and in that time ninety-four state banks, eighteen trust companies and one savings bank have been incorporated. This surpasses the prediction made by advocates of the law in the last legislature.

Investigation Begins.

Guthrie, Aug. 14.—W. O. Cromwell, attorney general of Oklahoma, has begun an investigation of railroads of Oklahoma at the suggestion of Governor Frantz to ascertain whether any road has violated its charter in discriminating in freight rates.

Pay Increased.

El Paso, Aug. 14.—All strikers on the Mexican Central railroad have resumed work. They get an increase pay, but no other concessions.

To Be Held at Montreal.

Montreal, Aug. 14.—Canadian amateur championship contests will be held here Sept. 22.

TEXAS PROHIBITIONISTS.

Meet at Terrell and the Hall is Elaborately Decorated. Terrell, Tex., Aug. 14.—The state prohibition convention met in this city, a small attendance of delegates being present. The convention was called to order by Chairman E. H. Combs, who made a brief address on the work and principals of the prohibition party after which the invocation was pronounced by Rev. N. J. Wright of Terrell. E. H. Combs of Dallas, was elected permanent chairman and T. A. Searcy permanent secretary. Welcome address in behalf of Terrell was delivered by City Attorney J. P. Combs and on behalf of the Woman's Christian Temperance Union by Mrs. Mattie R. Turner. Responses to welcome addresses were made by Rev. John Carney and Judge E. C. Heath. The temporary chairman announced the following committee: Platform—J. L. Andrews of Dallas, chairman; J. C. Heath, Eockwall; A. A. Everts, Dallas; H. E. White, Lancaster; D. C. Warren, Waco. Nomination of State Officers—Rev. N. J. Wright, chairman; J. N. Burr, Whitehouse; S. A. Verron, Lindale; J. P. Crouch, McKinney; J. T. White, Sulphur Springs. Nomination of State Executive Committee—F. F. Paige, Dallas, chairman; W. M. McKee, Bowie; T. J. Whaley, Marshall; John Carney, Austin; J. A. Pruitt, Kleburg. Ex-Gov. St. John, formerly of Kansas, addressed the convention. The Tabernacle, where the convention is being held, is elaborately decorated.

TWENTY-FIVE INJURED.

Katy Train and Frisco, Locomotive Collide at Fort Scott Junction. Sedalia, Mo., Aug. 14.—Twenty-five passengers were injured at Fort Scott Junction, Kan., early Tuesday in a collision between a Missouri, Kansas and Texas train and a Frisco switch engine. The injured passengers were in the chair car. The train had stopped at the Katy and Frisco crossing when the engine crashed into the chair car. The trucks were also knocked from under the Pullman sleeper. The most seriously injured are: Joseph Halleck Susquehanna, Pa., engineer on Erie railroad, badly lacerated and fingers broken; Mrs. Joseph Halleck, arm severely cut; A. W. Ruland of South McAlester, seriously injured. Others suffered bruises and minor cuts. They are not seriously hurt. The passenger train was bound from Texas to St. Louis and was six hours late. The chair car turned completely over, but the sleeper fell against a telegraph pole, which prevented its falling on its side. The injured were able to continue their journey after receiving attention. Physicians were sent from Fort Scott.

NEARLY ALL FROM US.

Japan to Buy Three-Fourths of Cotton in This Country. San Francisco, Aug. 14.—Yoshuichi Sakuri, who has just arrived from Japan in the interest of cotton merchants of his country, speaking of trade of United States with Japan, says that in the next ten years Japan will get over three-fourths of her cotton from the United States. "Last year Japan used over 1,000,000 bales of cotton and only one-fourth of that was from the United States. The rest came from the cotton fields of India and Asia. This cotton is very inferior to that which comes to Japan from the southern states and all fine work is made with cotton from the United States. The other is found to be much coarser and rots easier. Japanese realize the superiority of the American article and all first-class cotton weavers are coming to use it. The export of cotton from the United States to Japan is bound to increase enormously in the next few years," he says.

SHOT UP TOWN.

Negro Soldiers at Brownsville Disturb the Peace of That Place. Austin, Aug. 14.—Adjutant General Hulen received a telegram from Brownsville signed by County Judge Bartlett, Mayor Combe and other prominent citizens of that place advising him that the negro troops stationed there broke loose from the garrison and shot up the town. One man was killed and another seriously wounded. The Brownsville citizens appealed to General Hulen to send an armed force there to suppress the negro troops. General Hulen said that the matter would be given attention and he at once began communicating with the proper authorities in the matter.

STUBBS STAYS.

Will Remain With Harriman System "Until Kicked Out." New York, Aug. 14.—J. C. Stubbs said there was no truth in the report that he was going to leave the Harriman system to take up railroad work in London. Mr. Stubbs said he was going to stay with the Harriman system "until kicked out." He said also that so far as he knew Mr. Sproule was not going to succeed him as traffic director. From another source it was learned that Mr. Sproule will leave the Harriman system to go with another railroad company, but the name is not disclosed.

Kills Husband to Save Herself.

Toronto, Kan., Aug. 14.—John Donohue, a wealthy farmer, was shot and killed at his home near Coyville by his wife, whom he had attacked with a butcher knife. Donohue was seventy years of age. Mrs. Donohue has not been arrested.

Five Dollars.

Austin, Aug. 2.—At a meeting of the state board of education held Wednesday, it declared a per capita apportionment of \$5 for the scholastic year beginning Sep. 1st 1906 and ending Aug. 31st 1907. This apportionment is for 870,515 children of scholastic age in the state and aggregates \$4,352,575. It exceeds the total amount appropriated last year by \$159,421. The apportionment this year is 25 cents per capita less than last year, which is due to the fact that the last legislature increased the scholastic age, fixing it at 7 to 17 years, while before it was 8 to 17. This has added 100,000 children to the scholastic population of the state.

Not Scared.

Austin, Aug. 9.—The attorney general is preparing to bring suit against the Waters-Pierce Oil Co. for heavy penalties and forfeiture of charter. The suit will be both civil and criminal, and if successful somebody will go to the penitentiary.

POLITICS KEPT OUT.

One Hundred and Fifty Warehouses To Be Erected.

Dallas, Aug. 9.—Politics did not come up in Wednesday's session of the Texas Farmer's Union meeting. It was decided to erect 150 warehouses in which to store cotton.

Prof. F. W. Kile of the agricultural and mechanical college delivered at night an address on "Industrial Education in the Public Schools." D. H. Shapira of Houston talked on "The Cotton Warehouse System."

Call For a Congressional Convention.

I hereby call a convention for the nomination of a candidate for Congress from the Sixteenth Congressional District of Texas by the democratic party, to convene at Sweetwater, Texas, on Saturday, the 25th day of August, A. D., 1906, at 10 o'clock in the forenoon. All chairmen of county executive committees are urged to send in the certificates showing the votes received by the candidates for said position at the primary election held July 28th last, and also showing the accredited delegates. These certificates should be sent by registered mail addressed to the undersigned at Sweetwater, Tex. H. C. HORD, Chairman Democratic Executive Committee, 16th Congressional District of Texas.

The Snyder paper, in speaking of Mr. A. S. Henry's recent visit to his Kent county ranch, says among other things: "Mr. Henry is a business man of statewide reputation, though he has been taking some stock in politics during the campaign, because he just had to help Tom Campbell, his friend since boyhood days, in his race for governor."

ELLWOOD FENCE. This is a picture of Ellwood hog fence. More of this style is used than of all other makes combined. WINNING. The public confidence in our methods of sanitation has been our lot ever since we set up in the plumbing business. Never resting content with the past achievements, we are constantly acquiring latest and best materials and ways. See us and our samples. GREENE & CRAWFORD, Plumbers, Tinnners and Hardware Dealers. The Fort Worth Sunday Record has instituted a new and valuable feature for people who think. It is a department of economics edited by E. G. Senter, well known throughout Texas. It contains non-partisan discussions of current political, social and industrial questions and is a digest of the world's best thought. The Sunday Record was already a first-class newspaper, and this supplies a feature that will especially commend it to the best class of readers.

STUDEBAKER Wagons, Gariages, Harness. You know that for fifty years most farmers have considered the Studemaker the best farm wagon ever. You know that the Studemaker factory at South Bend is the largest wagon factory in the world. You know that more Studemaker wagons are sold every year than most manufacturers make in ten years. But did you ever stop to consider why? We can't sell the Studemaker in increasing numbers every year for fifty years if it did not "fill the bill"—full and running over. The fact is the Studemaker is in truth the best farm wagon ever built. Because we are the largest manufacturers we get the cream of timber products and the first pick of materials; because we have the largest factory we can afford the best facilities and are able to build a better, stronger, lighter draft farm wagon than any other manufacturer can build. You don't buy a farm wagon very often; why not get the best while you are able? A Studemaker will last you, it keeps as long as you live. It's not unusual for a Studemaker to run from 10 to 20 years without even retreading the tires. Studemaker Eros, Big. Co. Adams & Warren, Colorado, Texas.
