Marine Jungle Fighters Take Vantage Point

200 Japanese Fall Under Leatherneck Determined Drive

By ROBERT EUNSON ADVANCED ALLIED HEADQUARTERS, NEW GUINEA, Sunday, Jan. 9 (AP)—Driving inland from the face of Japanese machinegun fire, marine jungle fighters have slain 200 enemy troops and reached Hill No. 660, a good artillery observation post, headquarters reported today.

The new enemy losses were added to more than 2,000 previously inflicted during the invasion of the Cape Gloucester sector of western New Britain which opened last Dec. 26.

Allies Reported In Yugoslavia—An unconfirmed report from Stockholm said that several Allied divisions (flags and positions) had landed on the coast of Yugoslavia. It followed a report that American and British forces were concentrating at Bari, Italy, for a Balkan invasion.

Offensive Aims At Town Of Cassino Six Miles Away

By JOSEPH E. DYNAN ALLIED HEADQUARTERS, ALGIERS, Jan. 8 (AP)—American infantry and tanks, forging relentlessly forward through a maze of German fire from every conceivable fortification, punched into the Cassino plain today to follow up their fiercely-won victories at San Vittore and Mt. Porchia.

The fall of these two enemy strongpoints controlling the approaches to the town of Cassino, six miles down the broadening valley, came at the end of days of bitter fighting and was announced officially in today's communique.

Associated Press Correspondent Don Whitehead, with the Fifth Army at this sector of the Italian front, said the fighting for the hump-backed Mt. Porchia, 900 feet high and two miles southwest of San Vittore had been of great intensity with tanks joining in support of the infantry more closely than at any time since the battle on the beaches of Salerno.

Rooney, Garland Co-Star At Ritz Today, Monday

George Gershwin's gay and sparkling musical comedy, "Girl Crazy," comes to the screen at last and co-stars Mickey Rooney and Judy Garland, the irrepressible exponents of fun and laughter, at the Ritz today and Monday. The full Gershwin score plus the music of Tommy Dorsey and his orchestra make the film a delight to the ears as well as the eyes. Mickey and Judy, working together for the eighth time on the M-G-M lot, dance, sing and clown their way through the tuneful film, surpassing all previous performances they have ever given. Mickey is a young playboy whose thoughts lie only in the direction of having fun in night clubs. His father sends him to Cody College in Arizona, hoping the boy will mend his ways away from the influence of girls. Mickey obeys and meets Judy, the dean's granddaughter and the only girl in town. Judy doesn't think so much of Mickey, but he manages to win her over and also save the school, which is threatened with closing because of lack of students.

At The Ritz— Today and Monday Judy Garland and Mickey Rooney are featured in "Girl Crazy," with Tommy Dorsey and his orchestra.

Sings Gershwin Favorites
Judy sings the Gershwin favorites, "Embraceable You," "Begin My Time," "I Got Rhythm," "But Not for Me," and many others, and displays a dancing flair to make everyone sit up and take notice. Mickey does two of his famous impersonations as well as several novelty song and dance numbers.

Strut Their Stuff— The Tennessee Ramblers in "Swing Your Partner," featuring radio's Lulubelle and Scotty are presented today and Monday at the Queen.

A chorus of one hundred boys and girls is featured in the finale production number, "I Got Rhythm," which was actually filmed in the Arizona desert to preserve the authentic sodeo atmosphere. Nancy Walker, Gil Stratton, Robert E. Strickland, June Allyson and Frances Baffery are among the newcomers spotlighted in numbers, and old timers Guy Kibbee and "Rags" Ragland lend added zest to the sparkling film. Norman Taurog has directed expertly, giving ample emphasis to the Gershwin melodies. Arthur Freed produced and has managed to retain all the gaiety and song of the original Broadway production.

Star At Lyric Today Started As Journalist

Bob Livingston, the dashing "Nick Winner" of Republic's "Pistol Packin' Mama," opening Sunday at the Lyric Theatre, has a newspaper to thank for his film career. He was not "discovered" by a newspaper, but on the contrary, was fired by one, and as a direct result of losing his job he drifted into pictures.

Bob was born on Dec. 8, 1909, back in Quincy, Illinois, where his father, Edgar Randall, was a famous newspaper man and author of the "Say Bill" letters. His mother, Clara Meyers, was also a writer of note.

The family moved to California when he was a child, and he received his schooling in the Los Angeles, Eagle Rock and Glendale schools, graduating from Glendale High, where he was active in football, track and swimming competitions.

After his graduation he went to San Francisco and became a cub reporter on the Illustrated Daily Herald. Through circumstances beyond his control he was drifted into a traveling stock company. His brief experience in stock implanted in his mind a strong ambition to succeed some day as an actor, but he was wise enough to realize that in order to translate life he must first know it. So he embarked upon a studied career as a "drifter," wandering about the country from place to place, from job to job, for two years. He was, by turns, an able-bodied seaman on a freighter sailing between San Pedro, California and Alaska; a cowboy, an itinerant farmer in North Dakota, a bill collector, private secretary and ranch hand. He took another fling at the newspaper game, being a cub reporter on the Los Angeles Daily News under the Cornelius Vanderbilt regime, and finally decided he was ready for an acting career.

He enrolled at the Pasadena Community Playhouse and spent two years there gaining a firm professional background. Cast in the lead of one of the Playhouse productions, Bob was noticed by Carl Reid, a New York producer, who recommended the young actor to Harry Busquet, an MGM director. Bob was tested for a role opposite Joan Crawford, but he didn't get the part. However, on the strength of the test, he was placed under a long term contract and remained at that studio three and a half years, appearing in such films as "Speed," "Three Godfathers," "The Gateway," "Public Enemy No. 2," "West Point of the Air" and "Mutiny on the Bounty."

Merry Christmas One Year Late

ALEXANDRIA, La. (AP) — Staff Sgt. Henry Ezhegaray recently received a Christmas box which his parents mailed from Tehachapi, Cal., a year ago.

Swing Your Partner Showing At The Queen

When you can extract fun from dancing cheese doughnuts, you have gone some distance into the realms of novelty, and that's what happens in this fast-moving, singing, dancing entertainment in a cheese factory titled "Swing Your Partner," showing today and Monday at the Queen theatre.

In this picture Radio goes Hollywood as featured players are all air entertainers of merit who demonstrate how much jitter, swing and hot and sweet melody and dance goes into the making of cheese in the modern manner. There is a preponderance of whoopee and a minimum of cheese. Four romances from youth to the middle years give a wide range for audience appreciation. Esther Dale in the role of a cheese factory president is mysteriously tried to a fizzle on a broadcast "birthday celebration. She sets out to find the guilty employees, disguising herself and her secretary and taking a job in the factory. In the complications that ensue, she finds out many things to her benefit and to that of the workers. Romance flourishes all over the place and spectators are treated to a dancing show that is novel and unpretentious fun.

Dale Evans shines in beauty and singing talent as the secretary. Roger Clark is a handsome hero, and the entire cast is well chosen.

Gable, Turner Co-Star Attraction At State

Timely in theme as a news dispatch from the Far Eastern theatre of war, M-G-M's "Somewhere I'll Find You," co-starring Clark Gable and Lana Turner, at the State Theatre today and Monday. Gable appears in the role of a war correspondent, a characterization with which he is thoroughly familiar from several previous roles as a newspaper man. He rises to the occasion again with a superb performance.

Miss Turner is excellent as the girl reporter in the war zone who falls head over heels in love with him as she leads terrified Chinese children to safety from the Japanese bombers. Robert Sterling, as Gable's brother, also a newspaper man, plays with distinction a difficult role as the unsuccessful suitor.

"Somewhere I'll Find You" was directed for Metro-Goldwyn-Mayer by Wesley Ruggles, noted for "Cimarron," "Accent on Youth," "I Met Him in Paris" and other hit pictures. His deft touch is evident throughout the story.

Without exception the supporting cast turns in creditable performances, convincing and with sure understanding. The players include Patricia Dale, Tamara Shayne, Lee Patrick, Reginald Owen, Charles Dingle, Leonard Kinskey, Anna Lewis and Sam Haden.

The four-horned antelope of Burma is the only living animal that does have four horns.

COLORADO CITY, Jan. 8.—Postal receipts in Colorado City for December 1943 and for the quarter ending with last month top all previous records of the postoffice since its establishment, Joe Y. Fraser, postmaster said this week.

N'west Andrews Test Has Show

By JOHN B. BREWER SAN ANGELO, Jan. 8.—Prospects of production in a northwestern Andrews county wildcat and in a one-mile southeast outpost to the Mabec pool discovery in southeastern Andrews contributed to a bright oil picture in West Texas the first week in the new year.

Locations were staked for a wildcat each in Coke, Gaines, Pecos, Reeves and Yoakum counties and for a semi-wildcat in Pecos county. A wildcat each in Pecos and Crosby counties was abandoned and an Upton county wildcat struck sulphur water.

Ralph Lowe No. 1 fee, Andrews wildcat C SE SE 21-A-26-p1, Bay, three miles north of C. U. No. 1 Blitter & Lowe, opener of the East Fullerton pool, was drilling plugs from 5 1/2 inch casing cemented at 7,953 feet. It had logged porosity and saturation in the Clear Fork lime between that point and 7,383 feet, the total depth.

The Texas Co. No. 4 J. E. Mabec, southeast outpost to the Mabec pool discovery in southeastern Andrews, C SE NE 38-40-2u-G&MMBA, also was drilling plugs. It cemented 7-inch at 4,638 after recovering dolomite bleeding oil and gas from a core from 4,640-50 feet.

L. L. Horne of Fort Worth started No. 1 George D. Norman, slated 6,500-foot wildcat in southern Gaines county, C NE NW 8-C45-p1, four miles north and slightly west of the Means field in Andrews county.

Helmerich & Payne staked No. 1 Higginbotham, proposed 5,500-foot wildcat in Yoakum county C SW SW 539-D-John H. Gibson, 6 1/2 miles north of the Wasson field and five miles west of the one-well West pool.

Seaboard No. 1 A. J. Sprayberry, Dawson county wildcat 15 miles northeast of Lamesa, C NE NE 38-34-S-T&P, was plugging back for a third time, to around 6,740 feet, in an effort to shut off water and further test oil-bearing zones.

Acquiring an 8,500-acre block which L. G. Welsh of Houston had purchased last summer from Wm. F. Morgan of that city, Warren Petroleum Co. of Tulsa staked location for a proposed Ellenburger east offset to the Coke county discovery, formerly Wm. F. Morgan No. 1 J. S. Craft, 2 1/2 miles southwest of Blackwell. The test will be No. 1-M. W. Fowler C NW NW 275-1A-H&T.C. No. 1 Craft is a small pumper from the Cisco at 3,820-30 feet.

Weather Forecast

Dept. of Commerce Weather Bureau

FOR BIG SPRING AND VICINITY: Fair and warmer Sunday and Monday with rising temperatures.

WEST TEXAS: Fair Sunday and Monday, slightly higher afternoon temperatures except in the Panhandle.

EAST TEXAS: Fair and continued cold Sunday, except slightly higher temperatures in northwest portion in afternoon. Hard freeze in north portion and near or slightly below freezing in south Sunday night; Monday fair and warmer.

Table with columns: City, Max, Min. Rows include Amarillo, Big Spring, Chicago, Denver, El Paso, Fort Worth, Galveston, New York, St. Louis, Local sunset Sunday at 7 p. m., Sunrise Monday at 8:48 a. m.

Storm (Continued From Page 1)

Snow drifts ten to 12 feet high piled up from a point about 20 miles northeast of Amarillo to the Oklahoma line and communications lines north of that city were still disrupted.

Meanwhile, Rep. Worley (D-Tex.) said yesterday that the agriculture department has ordered 175 railroad carloads of soybean meal into the Panhandle to alleviate a shortage of livestock protein feed.

The Amarillo Globe reported one farmer north of Amarillo at Ferris, Tex., said he counted 159 head of dead cattle along a ten-mile stretch of highway. Maximum snowfall in the Panhandle was approximately 12 inches.

Noon temperatures at Lubbock yesterday stood at 11 degrees above zero. Livestock were not suffering, the sun shone brightly and the wind was subsiding.

Over a half inch of snow had fallen at Abilene, where the temperature was 16 degrees yesterday at 10 a. m.

Friday night's temperature of two below zero saw a new winter low at Dalhart.

An inch of snow fell at Sherman Friday night and buses were halted north to Durant, Okla. A 19-degree temperature was recorded.

The Houston weather bureau forecast a hard freeze for this (Sunday) morning with temperatures of between 20 to 25 degrees.

A special train was sent from Amarillo to pick up motorists stranded at Jericho, Tex., 60 miles to the east as Panhandle highways were blocked and trains, behind schedule, were getting through by use of snow plows. No airline flights out of Amarillo were scheduled.

Except for the Panhandle, snow fell throughout North Texas yesterday as far south as Waco. Snow covered the ground at Big Spring, Lubbock, Wichita Falls and Texarkana.

Under a bright sun and a cloudless sky, Panhandle residents yesterday dug out from under one of the biggest snowstorms in the city's history. The temperature dropped to one below zero at 8 a. m. and Friday's blizzard, with an official nine inches of snow, left drifts as high as four feet, blocking all roads out of Pampa for 24 hours.

Approximately 14 inches of snow fell at Borger and vicinity Friday and a temperature of four degrees was reported there yesterday.

Midland saw its lowest temperature of winter yesterday, 14 degrees at 8:30 a. m., with snow.

The Howard County Tuberculosis association had a goal of \$2,000 for carrying on an enlarged testing program among school children in connection with the health unit. Now that seal sales have netted more than \$2,500, maybe, the scope of the tests can be expanded still further.

It is encouraging to hear that FWA has agreed to the asking of bids on "pumping and similar equipment to be needed in the water works extension program here even before the project is completed. These provisional bids may be the means of getting additional water to this city a couple of months earlier next spring or summer, incidentally.

Plans Mapped By Scouters

Plans for the annual meeting of leaders of the Boy Scout Buffalo Trail Council are being mapped here, H. D. Norris, field executive, said Saturday.

Date for the area convales has been set for Jan. 20 at the Settles hotel with a business session in the afternoon and a banquet in the evening.

At the business section, which starts at 5 p. m., the executive board will hear operations reports for the year and pass on reports from the various committees. The election of officers also will be a part of this parley. Simultaneously, scoutmasters will be in session to pass on a proposed program of work for 1944 and to offer suggestions before the program is drafted in its final form.

Chief speaker at the banquet will be Chaplain James L. Patterson of the Big Spring Bombardier School. The presentation of traditional awards also will be a part of this program. The council in general has just ended its best year.

Italia—Volcano Predicts Future

NAPLES, Jan. 8 (AP)—A huge and spectacular "V" sign has appeared on the slopes of Mt. Vesuvius facing directly toward the Fifth army front.

It was formed by two long streams of fiery lava that spilled from the crater and staked down the side of the volcano, finally converging some 400 feet below. At night the giant "V" resembles an enormous electric sign glowing cherry red against the ivory background of the snowy cone.

Startled Italians say it is a sure omen of an early Allied victory.

GABLE INJURED LOS ANGELES, Jan. 8 (AP)—Capt. Clark Gable, veteran of bombing missions over Germany and France, was recovering today from slight injuries sustained when an automobile smashed into the rear of his car yesterday, police reported.

Slavs Bitterly Fight Germans In Mountains

LONDON, Jan. 8 (AP) — The Yugoslav partisan forces of Marshal Josip Broz (Tito) pushed today through snow and icy weather of the Dalmatian mountains to battle the Germans south of the partisan mountain capital of Jajce while other forces farther north fought to stem powerful Nazi thrusts from captured Banja Luka.

The fiercest action raged inside the Banja Luka-Prijedor-Bosanska

Gradiska triangle as the Germans apparently tried to push south to join their forces below Jajce.

Today's Yugoslav army of liberation communique, which told of the bitter forced withdrawals from Banja Luka and Bosanska Gradiska after hard house-to-house fighting, also spoke of severe fighting in central Bosnia where the Germans were attempting to invade liberated territory.

Intense sabotage activity through most parts of Yugoslavia continued, meanwhile, and the 12th Slavonian division was credited with cutting the Gradiska-Osijek railway line and partly destroying two others.

Miers Funeral To Be Held Sunday

Funeral services for J. W. Miers, five-year-old son of Mr. and Mrs. E. W. Miers, who succumbed Friday at 5 p. m., will be held at the Nalley-Reeder funeral chapel Sunday at 2 p. m.

The child, who died after a short illness, was born in Big Spring December 27, 1938.

Other than the parents, survivors include four sisters and eight brothers.

Interment will be in the local cemetery.

Sheriff To Ask For Re-Election

Sheriff A. J. Merrick Saturday authorized the Herald to announce his candidacy for re-election to the office of sheriff of Howard county. He issued this statement:

"I take this method of announcing as a candidate for the office of Sheriff of Howard County, Texas, subject to the action of the Democratic Primary, July 22, 1944.

"Having been a resident of Howard County for the past 37 years I feel that most every one knows me. However, for the benefit of those who do not, I wish to state that I am married, and have two sons, I have served for the past 19 years as a law enforcement officer, I have served one term as your sheriff by appointment, and now serving my first elective term, and asking for re-election.

"Since serving as your sheriff I have made every effort to modernize the department, and to enforce the law in a fair and impartial manner, and to keep down the operating expenses as much as possible. I have well qualified, courteous, and efficient deputies. We have made a close study of all instructions received from the F. B. I. and other Government Agencies pertaining to our National Defense, and I feel that we are well qualified to take care of our part of the job along these lines.

"Should I be elected I will continue to give my full time, and best efforts to the enforcement of our laws.

"May I ask for your vote and assistance?"

Officers Report High Delinquency Among BS Youth

With juvenile delinquency on the increase in Howard county as in the rest of the nation, Police Chief J. B. Bruton and Sheriff Andrew Merrick issued a joint statement Saturday concerning the alarming situation.

"Juvenile delinquency in Big Spring has increased in the past few years until all of us are alarmed about the situation. As peace officers, we have come to the conclusion that among other things that have caused this increase is the fact that we have a good many citizens who purchase from young boys any kind of stolen property that is offered to them by these boys who have stolen it.

"Any man to whom boys offer to sell property should know that it has been stolen and when they purchase it they are contributing to the delinquency of the children who sell it. Besides, they are knowingly receiving and concealing stolen property.

"We have given this a great deal of thought and are determined to do everything possible to stop this practice and hereafter when we learn of a sale of stolen property having been made by some juvenile delinquent, we expect to file complaint against the purchaser of such property and prosecute him under the laws of the state.

"If all of our citizens would assist in this matter, we believe it would greatly improve the situation and we solicit the help of every good citizen.

"We want to say to the parents that they owe it to their boys and girls to look after them and try to prevent them taking their first step towards delinquency."

The statement is signed by Merrick and Bruton and endorsed by all Howard county peace officers who have viewed the increase of juvenile trouble here with concern.

In Australia

Marlin H. Brown, above, 21, son of Mr. and Mrs. J. E. Brown of Knott, recently wrote his parents that en route to Australia he ate Thanksgiving dinner in the air. Now a first class petty officer in the navy, Brown has been in the service since October, 1942. He wrote that he had received his Christmas presents on time. He likes Australia very much, he said. The people are old fashioned, home loving, and receive low wages he said, but are very nice to the Yanks. Brown was graduated from Knott school and spent one year at San Angelo Junior college before joining the navy.

Drastic Curb Is Placed On Draft Work Deferment

WASHINGTON, Jan. 8 (AP) — Selective Service announced today a drastic curb on occupational deferments for registrants 18 through 21 years old—a move expected to make at least 115,000 more non-fathers eligible for military service.

Major General Lewis B. Hershey, selective service director, said many in this group likely will be rejected for physical reasons, and cautioned against assuming that the order, effective Feb. 1, will delay long the drafting of pre-war fathers.

The 435,000 farm workers in the 18-21 age group (397,800 of them non-fathers) are not affected, and a registrant with an industrial deferment may retain it if his state selective service director authorizes the exception.

Aside from those exceptions, occupational deferments no longer will be granted to registrants under 22, even if they have critical skills, or are fathers. Deferments in effect Feb. 1 will be allowed to run their course, but will not be renewed.

Student deferments are sharply curtailed by the order, though a limited number of college students taking scientific or professional work are exempted.

Today Hershey said the order was occasioned because the armed forces need more men and not because of an easing of the manpower situation in industry.

Asked whether the order will be extended to the 22-25 age group later, Hershey said that it "all depends on the demands for men."

The order does not affect occupational deferments for men 22 and over, and in issuing the order to draft boards, selective service emphasized that in granting occupational deferments, fathers over 22 would normally be given consideration over non-fathers.

Hershey said 90,000 fathers were inducted in the last quarter of 1943, compared with the original goal of 446,000, and commented that draft boards are "loathe to induct fathers."

Under the order, high school

students in the last half of their academic year will continue to be deferred until the end of that year if they request it.

Persons studying to be ministers, doctors, dentists, osteopaths or veterinarians also may keep their deferments.

"Competent" students in a college approved by the war manpower commission may be deferred if they are to be graduated by next July 1, and if they are studying the following fields:

Aeronautical engineering, agricultural sciences, automotive engineering, bacteriology, chemical engineering, chemistry, civil engineering, electrical engineering, forestry, geophysics, marine engineering, mathematics, mechanical engineering, meteorology, mining and metallurgical engineering, naval architecture, optometry, petroleum engineering, pharmacy, physics, astronomy, radio engineering, and sanitary engineering.

Deferments for students who will graduate after July 1 are sharply curtailed. Such students will be deferred only if they are majoring in chemistry, engineering, geology, geophysics or physics, and even then the number will be restricted to 10,000.

This quota will be apportioned among the various schools by the WMC, which will notify schools by Feb. 15.

German Ship Is Reported Sunk

RIO DE JANEIRO, Brazil, Jan. 8 (AP) — Brazilian and United States naval forces aided by planes of both countries have sunk a German ship in the South Atlantic, the Brazilian government news service, Agencia Nacional, announced today.

While the account, date-lined from Recife, referred to the ship as a raider, it apparently was a blockade runner, for it was described as carrying war supplies to Germany from Japan, and an American officer was quoted as saying it was of the same type as the blockade-runner sunk by the British in the Bay of Biscay Dec. 27.

The officer, Capt. C. E. Braine, chief of staff of the U. S. South Atlantic fleet at Recife, said patrols located the ship after an extensive search by surface and air units and that both planes and warships participated in the engagement that sank the German. He said survivors had been imprisoned in northern Brazil.

The dispatch did not give the date, place or other details of the sinking.

RETA MAY BIGONY RECEIVES SECOND HONOR IN WEEK

McMURRY COLLEGE, Abilene, Jan. 8 — Miss Reta May Bigony, daughter of Mr. and Mrs. D. F. Bigony, of Big Spring, received a second honor of the week, Wednesday evening, when she was selected as one of six beauty queens in a contest sponsored at Camp Barkeley by soldiers of the camp. On Monday night, Jan. 3, she was crowned queen of McMurry College for the current year, her picture to appear in the Totem, college yearbook for 1943-44.

Miss Bigony was the only one of the seven beauties representing McMurry to be so honored in the Barkeley contest.

McMurry, Hardin Simmons and an Abilene sorority sent competitive groups to the camp sponsored beauty contest.

Porter Announces For Re-Election

Lee Porter announced Saturday that he would be a candidate for re-election to the office of county clerk, subject to the action of the Democratic primaries. He made the following statement:

To the Voters of Howard County:

"I wish to take this opportunity to thank the many voters and friends for the support and influence you have given me in the past by electing me your County Clerk. In the office, we have tried to render prompt and efficient service to everyone.

"I shall sincerely appreciate your continued support in the coming primaries and, if elected, shall endeavor to make the office of County Clerk one in which you feel welcome at all times. We assure you your business will be courteously and efficiently handled and any suggestions that you have will be appreciated."

Brooks Will Seek County Judgeship

County Judge James T. Brooks announced Saturday that he would seek re-election in the coming democratic primaries for the post of county judge.

"When I took over the post of county judge in November, 1942, I thought the war would be over by now," Brooks said, "but have decided that I'll stay, if desired, another term, thinking as I did when I came that there is some work here I can do."

Brooks took over the county-judgeship when Walton Morrison, joined the army, had held many public offices including that of mayor, county judge, district attorney and district judge.

Grice Announces For JP Office

Walter Grice, justice of peace of precinct No. 1 Saturday announced that he would be a candidate for re-election and issued this statement:

"I thank my many friends for electing me to the office of Justice of the Peace, Pre. 1, Howard County, Texas, and trust they will continue in my re-election.

"I have been Justice of the Peace for the past four years and wish to continue to be of service in this capacity, I have made every effort to be worthy of the trust and confidence offered me by the people.

"Your vote and influence is sincerely appreciated."

Wolcott Asking For Re-Election

John F. Wolcott, tax assessor-collector of Howard county, Saturday announced that subject to the action of the democratic primaries, he would be a candidate for re-election.

In making his announcement, Wolcott said that he stood squarely upon the record he had made in the office and pointed to the record of collections which has consistently stayed above 90 per cent except for the first year he was in office. At the same time, delinquent rolls have been cut down until the tax rolls are in the best condition in a score of years.

Although he worked on ranches in this area as a youth and later operated a mercantile and then automobile business for years, Wolcott said that he believed that the issue in a race for such an office as he occupies should be solely upon the ability to serve the people. He added that he knew of no more accurate a way than to look to the record not only of collections and assessments, but to the serving of taxpayers and in the operation of the office. On this basis, he asked consideration at the hands of the voters.

Slovak Fighters Escape Germans To Join Russians

LONDON, Jan. 8 (AP)—A fully armed Slovak force of 2,140, sent into southern Russia by the Germans, recently eluded the Nazis and joined the Red army, swelling the number of nationals of German-subjugated countries now fighting under the hammer and sickle, the Czech press bureau said today.

Six hundred of the Slovaks were killed fighting a rearguard action with the Nazis who pursued them toward the Soviet lines.

Today in Moscow the Red army paper Red Star disclosed a Yugoslav unit had been formed to fight with the Red army.

Forty-three applicants applied during the week for November, December, and in some cases for October dairy feed payments, the AAA office reported Saturday.

The total checks issued amounted to \$2,642.12. During December only 52 farmers applied for payments.

Agreements Made On Road Project

All right of way agreements on the Howard county land in the Garden City-Big Spring road have been secured, county commissioners said Saturday.

Crenshaw Enters Constable's Race

J. F. (Jim) Crenshaw, constable from precinct No. 1 of Howard county, Saturday announced he would be a candidate for re-election to the office. He made this statement of announcement:

"I wish to thank my many friends for the favors to me in the past, and trust that they will continue in my re-election as constable.

"I have been a peace officer in this county for many years, and have served as constable for eight of the last 10 years, during which time I have made every effort to be worthy of the trust and confidence offered me by the people of this county, and I wish to continue to be of service in this capacity. Your vote and influence will be sincerely appreciated."

Must Sell Car

PHILADELPHIA, Jan. 8 (AP)—John Craig Huff, 57, charged with 81 traffic violations in 15 1/2 months, today was fined \$418 and ordered to sell his automobile within a week.

Magistrate John J. O'Malley had told Huff yesterday that he was liable to fines totaling \$2,227.50, but at today's hearing he reduced the penalties to the minimum of \$2.67 and \$2.50 cost for each offense upon his sworn promise to sell the car.

Negotiations, which included filing condemnation proceedings on two pieces of property, have been settled, and the legal matters all cleared up from this end of the road, commissioners said.

\$165,890 Paid Out In Farm Soil Checks

A total of \$165,890.45 in Soil Conservation payments have been received so far by Howard county farmers, the AAA office announced today. This amount was contained in 1,283 checks distributed.

Since the county was expecting to receive about \$200,000 in about 1,300 checks, this only leaves around \$34,110 more to be received here.

Sockin' Sammy Byrd Still Pacing Los Angeles Open

Olin Dutra In Second Place

LOS ANGELES, Jan. 8 (AP)—Sockin' Sammy Byrd, one-time outfielder for the New York Yankees, conquered to lead the field today in quest of the \$12,500 Los Angeles golf championship.

Sammy, who fired a sensational 66 yesterday, wasn't quite up to that blistering pace today, but he still toured the Wilshire country club course in par 71, giving him 137 for 36 holes.

Olin Dutra, the host pro, was in second place at the half-way mark of the 72-hole championship, adding a 34-36—70 to his 69 of yesterday for 139.

George Fazio of Pine Valley, N. J., came in late with a 70, which with his 70 of yesterday gave him 140 and a tie for third place with Byron Nelson of Toledo, the pre-tournament favorite, who had a 72 today, and Johnny Bulla, airlines pilot from Chicago, who posted another 70.

Jug McSpaden of Philadelphia was in the fourth spot with a 36-hole total of 141.

All players found the going rougher today with a stiff wind blowing.

Ray Mangrum, unattached, pushed himself up to a threatening spot by adding a 72 to his first round 70. The 142 puts him not too far back of the leaders and in a tie with W. A. Stackhouse of Seguin, Tex. Stackhouse, a lefthander who plays golf from the right side, matched Mangrum's scores both days.

Bruce McCormick, a golfing fireman, took a comfortable hold on low amateur honors at the half-way mark, his 70 giving him 143.

In the same bracket was Ellsworth Vines, former tennis champion, who again three-putted the 18th green and went for a 73.

Jimmy Hines of Chicago in the same threesome and with an opening 69, slipped to 74. Leo Diegel, of Tucson, Ariz., skidded to 78 after an opening 70.

Rice Star Once Washed Up As Athletic Hope

HOUSTON, Jan. 8 (AP)—The lad who may catapult Rice Institute's frisky cagers to the top rung of Southwest conference net teams this year was permanently washed up as an athlete four years ago—or so his physicians said.

Lanky Don Suman came to Rice in 1938 as an outstanding athlete. He had starred in basketball and football at San Antonio and Schreiner Institute.

As a freshman he captained the Owl basketball and football teams, fulfilling all expectations. He started his sophomore grid career in a blaze of glory—and then came a cropper.

That most dreaded of all football injuries—a bad knee—bounced Suman from all athletic competition. Physicians told him he was washed up for good as an athlete.

The war came and the husky youngster enlisted in the Army air force. He progressed splendidly toward a commission—until his knee crumpled a couple of times when he was in a plane. He received an honorable discharge.

After a stint in Houston shipyards, he re-entered Rice last fall to complete work on his physical education degree.

About ten days before the net season opened he reported to Coach Joe Davis, said he'd like to try for the team. Though far behind in condition because of his four year absence from sports, Suman bore down and now is one of the Owls' key men.

He's loaded with competitive spirit. He's smart, a good ball handler and has a fine eye for the basket.

Johnson Picked As Best Rookie Of 1943

CHICAGO, Jan. 8 (AP)—Bill Johnson, star third baseman of the New York Yankees, has been selected as the major league's most valuable rookie of 1943 by the Chicago chapter of the Baseball Writers Association of America.

Johnson, 25-year-old Georgian, will be awarded the J. Louis Comiskey memorial trophy at the sixth annual diamond dinner of the chapter Tuesday.

Johnson won the honors in a two-way race with Detroit's Dick Wakefield, 188 points to 175.

Razorbacks Up To Old Tricks Again

FAYETTEVILLE, Ark., Jan. 8 (AP)—Arkansas' Razorbacks swept their opening Southwest conference cage series with Texas Christian's Horned Frogs by winning 69 to 29 tonight in a game that was a virtual repetition of last night's affair.

Seizing the lead shortly after the opening gun, the Porkers raced to a 24-6 advantage during the first quarter. TCU's defense tightened slightly and the half ended 29-12 in favor of Arkansas.

The two ordained ministers in the game—Bill (Parson) Flynn for Arkansas and Joe Wick of Texas Christian—paced their outfits in scoring. Flynn with 29 and Wick with eight. Arkansas won last night, 71-50.

THE CLUBHOUSE

By CHIP ROYAL (AP) Features Sports Editor

NEW YORK — Don't be surprised if the Army does an about face on its handling of athletes in 1944. All signs and "off-the-record" talk point to a more helpful attitude.

Come in a little closer. Hold your breath.

We may even see that long-awaited second meeting between heavyweight champion Joe Louis and chief challenger Billy Conn—about July 4.

If the Conn fight doesn't jell with Washington, because of the after-effects of that Louis-Conn Army Emergency Relief War Secretary Stimson cancelled, then you can look for a Louis-Freddie Mills battle.

(Mills is England's heavyweight champ.)

There are all kinds of proof of the pudding around, if you're interested.

First, there's that incident involving the World Series. The Army powers who control such things didn't think it was necessary to broadcast a direct play-by-play account. They decided on a 45-minute transcription, to be aired the next day, or whenever the soldiers wanted to listen.

That's where they made a big mistake.

When the boys in the Mediterranean area didn't hear the actual accounts of the first two games via shortwave, Gen. Ike Eisenhower dropped everything and wanted to know "how come?" ending with words like "don't let it happen again."

It didn't. When Ike asks for ANYTHING, he gets it. Starting with the third game, the World Series went overseas by direct relay.

That was the greatest break sports have had from the War Department since the big battle started. The ice was broken.

Broadcasts of football games followed (even the recent Pro League playoffs), and the Army started to think more about sports programs.

The second sign also came from Africa. The boys over there, like those at every other post, had been indulging in baseball, football, basketball and other contact sports, but wanted to see some real slambang entertainment.

So a group of fighters asked Lt. Gen. Mark Clark to allow them to conduct a series of elimination tournaments behind the lines while they were resting between battles, to determine the champion boxers among the Allied troops in the North African theater of operations.

General Clark agreed. He even approved a plan to let the fighters go into training. Each division will send in its best at all the fighting weights. The champions from each Army unit will be selected to go to Algiers to fight in the finals.

No sooner had the idea hopped across the ocean than Army officers all over the country jumped on it. "Just what the men need." "There should be a nation-wide tournament." "It will make every man fight-conscious" are just a few comments.

The War Department hasn't said anything publicly but a glance at some of the recent Army doings indicates that the bug bit the right persons.

Several soldiers, who used to indulge in a little prize fighting, have been given permission to have a few outside bouts. Two or three jockeys were allowed to ride during furloughs. Hank Soar was given permission to play football for the New York Giants during weekends.

So why not permit Joe Louis to meet Billy Conn? A little birdie says that it won't be long now before both boys will be allowed to indulge in a few professional appearances during furloughs.

We know Louis is in good shape because he has been boxing at camps throughout the country. Conn will need only a few tune-up bouts and then he will be ready.

Steer Cagers Show Promise While Dropping Pair To Colorado City

The Big Spring Steers began the 1944 basketball season Friday evening inauspiciously in dropping a pair of games to the Colorado City Wolves, but if such a thing is possible the local youngsters looked promising in defeat.

After the B team had taken an 18-13 dose at the hands of the Wolves reserves, the Steer first stringers bowed out 15-13 before the Colorado City quintet, but not until an unique turn of events provided the winning margin.

With the game a heated affair all the way, Alvin Mize, who played a hustling game for the Steers and turned in some mighty fine floor work, broke into the clear and sank a clean crisp shot—his only goal of the evening. At it turned out, however, it happened to be the Colorado City goal and the two points went for Ocie Lambeth, Colorado captain. Mize had nothing to be ashamed of, for his play was steady throughout and he gave promise of being a potent campaigner this season.

Main gun of the Big Spring attack was Billy Ray Warren, a six-foot-three-inch youngster who pushed through three field goals. Woody Baker, who was elected captain just before the game, plashed through two from the floor himself, and Bobby Warren, only letterman returning, got the remaining three by a field goal and free throw. Lambeth led Colorado scoring with five points and Adams and Carter had four each.

Chief trouble with the Steers, and the B string boys, too, was in hitting the goal. That, however, can be cured with practice.

The Steers play the Phillips Tire Co. an independent Big Spring team, here Tuesday evening and then contest in Midland in the first test against 3-AA opposition Friday.

Dodger Gridders May Train In Houston

HOUSTON, Jan. 8 (AP)—The Brooklyn Dodger professional football team may come here for fall training and for two games against an Army and a pro club, Coach Pete Cawthon said today.

"I believe Houston would be a natural place for our ball club," said Cawthon, who formerly coached the Texas Tech Raiders. "We will reach a decision within a couple of weeks."

"If we could get a game with a strong Army team and then follow up with a game with a pro team, say the Washington Redskins or Green Bay Packers, it would be great."

Heretofore the Dodgers have trained in northern New York state but "it's not hot enough there for the men to shed extra weight," Cawthon said. "I believe the climate down here would be just right for them."

Bobby Jones Back In England—But As U.S. Army Major

LONDON, Jan. 8 (AP)—Bobby Jones has returned to the scene of some of his greatest golfing triumphs, but this time as a major in the U. S. army air force.

Assigned as intelligence officer with a fighter unit, Jones said, "I'm certainly glad to be here; I've been trying for a long time to get here or some place closer to the war."

This is his first visit to England since 1936, when he stopped off for a couple of weeks of golf on returning from the Olympic games at Berlin.

Friday's unheralded blitz had diminished and Saturday "Old Sol" added the finishing touches and now the snow is almost gone. Undaunted and with a ray of hope instilled by a weather prediction of fair, the American Legion Post No. 355 of Howard county and the Big Spring Bomber school are proceeding with plans for another gridiron scrap between two good all-negro teams at Steer stadium this afternoon with kickoff called for 2:30 p. m.

The Brown Bombers from the 359th squadron AAFBS, winners over an aggregation from San Angelo who styled themselves the colored champs of West Texas, will meet another San Angelo team from Goodfellow Field, who say they are out to bring the championship back to the Comcho.

The visiting team, tall and heavy, averages 5-11 3-4 in height and average of about 160 for the local boys.

Officials of the American Legion and the Bomber school announce that the snow has been scraped from the field and that the seats are dry. A parade featuring the allied flags followed by the flags of Texas is scheduled to precede the game and the band will play between halves.

The game is sponsored by the American Legion with proceeds going to the Big Spring Bomber school welfare and recreation fund. Because of inclement weather the New Year's Bowl III came out in the hole financially and this game is scheduled to make up the losses.

Tickets are on sale at the Douglas hotel, McGwen Motor Co., chamber of commerce, Dempsey's Domino Parlor, Heater's and the colored USO.

General admission is \$1.00, and 55 cents for servicemen.

Colorado College Dons New Mexico

ALBUQUERQUE, N. M., Jan. 8 (AP)—Substitute Center Lawson scored a long, leaping shot in the last three seconds today to give Colorado College a 46 to 45 basketball victory over New Mexico University.

The CC Tigers took an early lead and were ahead 28 to 18 at the half.

New Mexico rallied with Forwards Bailan and Hafen sparking a drive that caught up with CC 41-all with seven minutes to play. The New Mexico cagers a minute later took the lead and stayed there until Lawson's basket.

Rice Crushes SMU Basketball Team

HOUSTON, Jan. 8 (AP)—Led by Henry, who sank seven field goals and added four free throws, the Rice Owls tonight handed the S. M. U. Mustangs their first setback of the current southwest conference campaign, 54-34.

J. D. Thomas was second in the scoring department with 14 points. Acie Cannaday, Mustang captain, paced his team with 13 points.

A crib by Deland Brown and a long shot by Cannaday sent the Owls off to a 4-0 lead. Rice was scoreless for 5 1-2 minutes. Then Henry found the range and in one and one-half minutes counted three craps while Dennis Hayden of SMU was tallying a free throw to give the Owls a 6-5 lead.

SMU never went ahead again although it was close for most of the half. With two minutes to go Rice led 22-19. Then Thomas caged two baskets and Suman one and Rice led, 28-21 at the intermission.

Jimmy Stewart's Mustangs never were able to whittle this lead in the second half.

Coaches Pick Instructors For School

AUSTIN, Jan. 8 (AP)—Directors of the Texas High School Football Coaches association today decided on a group from which instructors will be chosen for the 1944 coaching school, scheduled for the first week in August.

W. C. O. Harris, coach of Amon Carter-Riverside High school of Fort Worth, and association president, declined to divulge the names of the prospective instructors at present but said they included several "T" formation men, several single wingback formation teachers and some specialists.

Site of this year's school, also considered by the association, will be announced next week, Harris said.

Coach Howard Lynch of Amarillo was named chairman of the committee to select the 24 high school players who will play at the North All-Stars in the game climaxing the week's school, and Coach Bobby Cannon of Edinburg heads the committee to choose the 24 South All-Stars.

This year, Harris said, the North All-Stars will be chosen from the eight AA, and the top half of the A and B districts, while the South players will come from AA districts 9 through 16 and the lower half of the A and B groups.

Heretofore selection has been made by basketball districts which, Harris said, created an inequality in favor of the North.

Harris announced the association directors also adopted a resolution opposing any changes in the present interscholastic league code.

Shine Phillips will be master of ceremonies for an interesting program which has been arranged.

Not only is the banquet for troop leaders, council members and sponsors, but for townspeople interested in Girl Scouting as well.

Reservations can be made by calling 4.

Second Meeting Of Colorado City P-T. A. Is Held

COLORADO CITY, Jan. 8 — The second meeting of the newly organized Colorado City Parent-Teacher Association found interest increasing, officers reported after the P-T. A. met recently in the Junior high school auditorium.

Eighty-three members have been enrolled and the membership chairman, Mrs. A. A. Mayfield, has yet to direct the membership campaign scheduled for January.

Other chairmen named, to date, by the president, Mrs. John Reese include Mrs. Nat Thomas program chairman; Mrs. L. B. Elliott publications; Mrs. J. Ralph Lee, budget and finance; Mrs. Owen B. Trulock, hospitality; Mrs. W. H. Coffey, publicity; Mrs. J. W. Randle, health; and Mrs. Pete Alsworth, child welfare.

Other committee-heads will be named when the membership drive has been completed.

For the first program, Mrs. Thomas presented Rev. J. C. Koen in an address, Every Child's Right To A Heritage. The high school chorus club, directed by Nina Laura Smith, sang two numbers.

Mrs. Trulock and her hospitality committee served tea in the homemaking room after the program and business session. The new P-T. A. is the first here in more than a decade.

Cpl. Mary Cowling is visiting her parents, Mr. and Mrs. I. F. Cowling and other relatives. Following her visit here she will return to Camp Breckenridge, Ky.

Announcement has been made of the marriage of Imogene Jones, daughter of Mrs. J. D. Knaus of Big Spring and Steve Jones of Wynecwood, Okla., and Frank L. Neill.

The couple was married in the home of the bride's mother December 25th at 8:30 p. m.

The double ring ceremony was read by the Rev. H. Clyde Smith, pastor of the First Methodist church. The room was decorated with floor baskets and gladioli, lilies and other seasonal flowers.

The bride was attired in an aqua blue epeodress fashioned with a lace yoke and her accessories were dark blue. She wore a corsage of pink carnations.

For the traditional something old she wore a pin belonging to Mrs. Mabel Quinn and something borrowed were diamond ear clips and a linen handkerchief belonging to Mrs. Logan Baker.

Tapers were lighted by Mrs. W. D. Pyhus of Odessa, sister of the bride. She was attired in a beige wool dress trimmed with pearl buttons. Her shoulder corsage was of red roses.

John Coffee Is Guest Speaker At Meeting

The regular monthly meeting of the South Ward Parent-Teacher's Association was held at the school Thursday afternoon with Mrs. J. B. Mull, president, in charge of the business session.

John Coffee was guest speaker and talked on "Thrift." Around 40 members attended the meeting.

Murray Murdoch, who never missed a hockey game during his 11 years with the New York Rangers, coaches the sport at Yale.

Mrs. Charles H. Fannin, sister of the bride, was matron of honor. She was dressed in a black ensemble and her corsage was of yellow roses.

Charles H. Fannin was best man.

The bride attended the Big Spring high school and is now employed as cashier at the Ritz theatre.

The bridegroom attended the Big Spring high school and is employed by the T & P Railroad.

Those attending the wedding were Miss Ella Carol and Lola Neill, sister of the bridegroom, Mr. and Mrs. Frank Darrow, Mrs. Lamar Smith, Mrs. Mabel Quinn, Mr. and Mrs. L. B. Williams, Mrs. Jack Stephens, Lorent Brooks, Juanita Miller, J. D. Knaus, Glen Lee Jones and James Fannin.

A reception was held after the ceremony and a wedding cake, topped with a miniature bride and bridegroom, was served from a table laid with an Irish linen cloth. Mrs. Lamar Smith presided at the table.

Doris Ryan, Lt. Blissard Are Married

Miss Doris Ryan, daughter of Mr. and Mrs. A. J. Ryan of Fort Worth, and Lieut. Grover Blissard, son of G. C. Blissard, were married in the home of the Rev. Dick O'Brien, pastor of the First Baptist church Wednesday evening at 7:15 o'clock.

The bride was attired in a white silk dress made from Lieut. Blissard's parachute. With it she wore a blue hat and carried a matching bag. Her shoulder corsage was of gardenias and for the traditional something old she wore a locket belonging to the bridegroom.

The traffic department is completely out of stenographers this week. Putz is visiting in New York, Mrs. Hensler was unexpectedly called to Lima, Ohio, because of illness, and Kathleen Underwood resigned to get married. The boys are beating out their work on the "hunt-and-peck" system.

We welcome the following new employees, W. L. Pilgrim, Walter Gentry, and Earl T. Freeman.

Janice Slaughter will be in Dallas for two weeks attending the International Business Machines School.

Mrs. Mae Stiehler returned to Fort Worth Friday morning after a two week's visit with her son, J. D. Stiehler, and family.

Mr. and Mrs. P. G. Adams and Mrs. Alfred Adams have returned from San Francisco where they visited with S. Z. Alfred Adams. While there Mr. and Mrs. Alfred Adams celebrated their first wedding anniversary on December 29th.

Marriage Announced In Colorado City

COLORADO CITY, Jan. 8 — Mr. and Mrs. J. D. Moor of Westbrook are announcing the marriage of their daughter, Mary Louise, to A. D. Wilson, farmer in the Westbrook area.

The marriage took place January 1 at the home of the bride's parents. The Rev. W. C. Bryant, pastor of the Westbrook Baptist church, read the single ring ceremony at nine in the evening.

The bride wore for her wedding a two piece dressmaker suit of powder blue flannel with accents of winter pink. She carried the pleated handkerchief which her mother used at her wedding. She is a 1940 graduate of Westbrook high school.

The bridegroom, 1932 graduate of Colorado City high school, is the son of Mr. and Mrs. Arthur Sr. of Westbrook.

The couple will live on Mr. Wilson's farm, southwest of Westbrook.

INDUCTEES LEAVE

A group containing mostly pre-Pearl Harbor fathers, left Saturday for reception centers for physical examination and induction into the service, the Selective Service office said Saturday.

Club Has Dinner At Settles

Dinner, dancing, and games were entertainments for the American Business club and X. Y. Z. club members who met at the Settles hotel Friday night.

Installation of officers was held during the dinner and Harvey Wooten was installed as new president of the club. In his response, Wooten said that with the cooperation of members, he hoped to keep the club going until those in the service come home again.

Jack Johnson was installed as sergeant at arms and W. B. Younger as a member of the board of governors. Jake Morgan, outgoing president, was installing officer.

The tables were decorated with a winter scene with a bouquet of winter leaves, iris, gladioli and fern centering these peakers table. Ducks and cat tails and potted plants furthered the decorations with cedar and pine cones hung from the walls.

Mrs. J. D. Jones was in charge of the games and prizes were won by Douglas Orme and Mrs. A. H. Ryle in bridge. Roy Cornelson won the forty-two prize and Charles Stagg bingoed.

Others present were Mr. and Mrs. Harvey Wooten, Mr. and Mrs. A. H. Ryle, Mr. and Mrs. C. O. Nalley, Mr. and Mrs. Charles Girdner, Mr. and Mrs. Leon Lederman, Mr. and Mrs. J. D. Jones, Mr. and Mrs. V. How anybody could do it makes you wonder about human nature. Why anybody would have it in for a fellow like Joe is a mystery. But Joe got hold of some poison and has been wavering on the edge of dog heaven ever since.

You know what Joe looks like. An under slung, short-legged soul, who moves with a side to side motion. He has venerable grey whiskers but a twinkle in his eye. He has his own loafing spot, usually under an automobile parked on the street.

So far as is known, he's never spoken out of turn, been rude to the customers, or done anything out of the way except maybe knock you and himself off balance with all that vibrates if you scratch him where it itches under his chin.

Yet Joe just about left the newspaper business for the place where all good doggies go. Science, skill, and a stout heart have pulled Joe through so far. It's hard to contemplate but maybe Joe won't like humans as much anymore if he recovers. Poisoning Joe wasn't a dog's trick. It was a human trick.

Tea To Mark Opening Of Exhibition

Paintings are now being shipped to the Texas Federation of Women's headquarters in Austin for participation in the annual art exhibit which will open there on Sunday afternoon, January 23rd.

Before, the annual art exhibitions were held at the fall convention, but this year it has been announced by club officials that the showing will be held by districts.

The program of fine arts has always been one of the chief objects of the TFWC, and Mrs. J. Howard Hodge, of Midland, district president, has announced that not only club members but anyone living in the district is eligible to enter paintings in the show.

All paintings sent to Austin are handled with care, and it has been announced that persons sending in paintings must bear the expense of shipping to Austin and back. There are no requirements for size, type or number of pictures each entrant may send.

Prizes will be offered for first, second and third places, and young women from the various towns in the district attending Texas University will act as members of the house party for a musical tea on Sunday afternoon which marks the opening of the exhibit.

Paintings should be mailed to the Texas Federation of Women's club, 2312 San Gabriel in Austin, Texas.

Housewives Urged To Turn In Waste Fats To Stores

Big Spring housewives, who have been saving waste fats and turning them in to the local butchers are doing exceptionally well in their patriotic service to the war effort, but more and more women are needed to help by saving their meat drippings and other waste fats which can be sold to grocery stores over town.

To describe fully the multitude of ways in which fats and oils serve would fill a good sized book. Since fats made it necessary for the government to appeal to housewives to salvage and turn in their used kitchen fats, it has been learned that these fats contain glycerine which is essential to the manufacture of gunpowder, sulfa ointments and a variety of other war materials.

The problem confronting the government and the war industries is to get every housewife to save every possible drop of fat not used on cooking, and to make them realize that this is just as important to the job of gaining victory as any war effort.

It has been proved that fat is a satisfactory substitute for copper, one of the scarcest metals, in the manufacture of cartridge cases. A soap-base coating is used instead of copper plating in making these cases, thus diverting war uses in which it could not be replaced.

A Pointed Test Of Democracy

One of the most pointed tests of our democracy has been, and even now is in the making, in the form of the problem of adjustment between management and labor.

We must find some means of arriving at a general solution before we may hope for a moment of economic peace; and we must have economic peace before we can hope to have political or any other kind of tranquility.

Management, except for certain encroachments brought on by first economic and then international emergencies, had the right to operate freely within bounds of common reason. This right should be continued.

Labor has, especially in the past decade, enjoyed the right to sell its services collectively. This right should be continued.

Both management and labor are helpless to produce without the other. Obviously, their welfare is bound inseparably. Like man and wife, they must get along together, or there can be no decent family life.

Hence, the need for some machinery or procedure by which the problems of the two parties may be brought under honest examination and worked out sensibly, orderly and effectively.

Of management, this examination must take into consideration the investment involved, the risk undertaken, the amount of reserve capital

by sound business principles, the element of profits, the efficiency and cost of operation and marketing. Of labor, this examination ought to include such things as working conditions, the record and potentiality of production, the proficiency with which workers perform, initiative, responsibility and the amount of real wages.

It must be recognized by both—and by the public in general—that profits and wages alike are valued only by what they will buy. It must be recognized, too, that when the one prospers, the other should share; and that when the one must cut corners, the other must do likewise.

It must be established that there is responsibility at both ends, and that once the two agree to compose their differences, the ultimate agreement must be solemnly preserved for the term of that agreement. For those who would wantonly violate honest adjustments, there ought to be exacted a penalty either in funds or in privileges.

The foundation of all this must be a spirit of fairness. With it, each can lay his cards on the table.

The implement of adjustment may be a long time in the forging. Certainly there appears no hope during the stress of war. But we have an abiding faith that the merit of American people have an inherent desire to be fair with their fellow man and that no problem is too big for big men

women to solve

LOSER TAKE ALL

By Adelaide Hazeltine

Chapter 17
You'll have to blame me for this," Ann said to the little group gathered in Mr. Baxton's office. I'm responsible for Gibbs being on the third floor.

Gibbs stood, his head bowed, turning his tattered hat around and around in his hands. When Sarah finished speaking he looked up at her and said, "I ain't a-aimin' to give you no chance. I'm a-leavin' tonight."

Ann confided her food problem to Flora whom she knew she could trust. The next morning Flora waited until the cook was out of the kitchen. Then she packed a generous basket and brought it to Ann.

Like a jack in the box, Mr. Baxton jumped up. "Searched his rooms?" He shook a threatening fist in her face. "What did you want that's in his room?"

Shaken, dejected, ashamed, she walked slowly from the room. When she found Gibbs was not waiting in the hall she supposed he would, she quickened her steps, hurried out the front door.

Outside in the dark she could still distinguish his outline among the trees. She ran, calling his name. "Gibbs! Gibbs! Wait!"

Sights And Sounds

By ROBBIN COONS
HOLLYWOOD—Remember the days when the Hollywoods were filled with second-string Shirley Temples? And studios which didn't have a Shirley were looking for one? And mamas everywhere were carting their golden darlings to Hollywood, hoping?

happy to report that she's now the first-string Joan Carroll, 12 this January, a healthy-looking, pretty child with light-brown hair and clear, honest blue eyes.

connected with her desire to keep Gibbs, that he was of use to her in a manner this person would like to understand. Though he didn't know yet about the heater his natural curiosity might goad him to discover it.

Nobody knew Joan Felt when she arrived. Nobody knew her mother. Mrs. Felt put Joan in the only dancing school she knew, and it was a lucky choice. A bit in a movie came immediately. And after a few more, Joan played in a Claire Trevor movie and got a contract at 20th Century-Fox. That was where Shirley Temple worked. Joan Felt became Joan Carroll, and the picture was rosy. Joan's father, a business man, and her brother moved out.

By GEORGE STIMPSON
The surname of Eve, like that of her husband, was Adam.

Genesis 5: 1-2 says: "This is the book of the generations of Adam. In the day that God created man, in the likeness of God made he him; male and female created he them; and blessed them, and called their name Adam, in the day when they were created."

"Adam" is merely a Hebrew word meaning man in the sense of mankind or a human being. It is derived from "adamah," earth, and is akin to a Hebrew verb meaning to build or to produce.

"Adam" was not at first regarded as a proper name, but was originally applied to the human race. In the verses just quoted, as well as elsewhere in the Bible, "Adam" is applied both to the first man and to mankind generally.

In Genesis 2 it is related that God formed the first man "of the dust of the ground" and the first woman of one of the ribs of the first man. Some have supposed this to be another account of the creation of the human race, but it is more probable that it was intended to supply additional details about the same event told in Genesis 1.

Genesis 2: 22-23 says: "And the rib, which the Lord God had taken from man, made he a woman, and brought her unto the man. And Adam said, This is now bone of my bones, and flesh of my

WASHINGTON — The capital has one topic of conversation that will do it through the holidays, namely: that it ever a session of Congress let the country down, the one just concluded did.

That summer recess, when members of the House and Senate were supposed to go back home for a bit of political pulse-taking, was to get great results. Members came back with dukes up and heads full of ideas. Nobody doubted that the session would be a stormy one, but nobody doubted, either, that big things would get done.

So what happened? Three months later Congress folded for the holidays. The tax bill (some \$8,000,000,000-odd short of Treasury demands) was left hanging between the House and Senate. So was the mustering out pay for service men. So was the problem of votes for the service men and women. So was the wage increase for non-operating railroad workers, an spite of the fact that a strike impends. So was the crude oil price increase.

The vital subsidy program, on which our whole pattern of inflation or inflation-controls may be based, was sidetracked until Feb. 17.

The poll-tax battle also was sidetracked as southern Senators from eight states which would be affected, threatened a filibuster. The cradle-to-grave social security plan, urged by the President months ago, still languished in committees.

On the positive side, Congress backed up the administration's foreign policy with a vote of confidence for some sort of participation in postwar international co-operation for world peace.

and much words, it passed the innocuous law declaring that pre-Pearl Harbor fathers shouldn't be called up in the draft until other sources were exhausted — a policy that Selective Service had announced months before.

Investigating committees made most of the headlines as war extravagances and executive department ineptness were delved into — but out of all these investigations there didn't come one piece of constructive legislation. Bills were introduced and they may be considered after the second session of the 78th Congress convenes in January, but to date the score is zero.

Several members of both chambers have introduced legislation to overhaul the antiquated congressional machine, but they grankly admit that they are swimming against a current that is too strong for them and that their proposed streamlining probably will never see the light of day.

One thing is certain, Congress can't go on forever passing the buck on vital issues. The tax bill has to be passed. The subsidy problem has to be thrashed out. The soldiers' vote bill is going to be revived and it is believed now that the pressure from boys and girls in uniform will force some action. The poll-tax scrap is in the offing. So is the fight over a new social security program.

Finds Police Oiling
NEW YORK (UPI)—John Mellillo, 45, was arrested today for helping find his wallet containing \$45 and his driver's license. They found it all right, in a Brooklyn gas station and arrested Mellillo after the owner identified him as one of three men who had robbed the station. Mellillo was sent to a county hospital for observation.

Mrs. Collins To Seek Re-Election

Mrs. Ida Collins, county treasurer, candidate for re-election, said Saturday in announcing her candidacy: "I wish to express my appreciation for the fine support of the people of Howard county, and I pledge my continued best efforts as their county treasurer. "I will ever strive to do my best to merit a continuation of this confidence."

Glenn Announces For Commissioner

Glass Glenn, pioneer Howard county resident, Saturday announced he would be a candidate for the office of county commissioner from precinct No. 4, subject to action of the democratic primaries. Glenn came to Big Spring first in 1895 and for years worked with the Texas & Pacific Railway. After a short time spent in Haskell, although he still called Big Spring home, he returned here. For 16 years he worked for a hardware firm here and for the past 18 months has been at the Big Spring bombardier school as a warehouseman. He made the race for commissioner four years ago and at that time lacked only a dozen votes getting into the run-off, and the second man went on then to election. Glenn invited voters to inspect his record as a private citizen and pledged that if he were elected "I will make the best possible public servant I can. I will devote my full time to the responsibility if I am elected."

Hawley Active In Oil Search

TULSA, Okla., Jan. 8 (AP) — John B. Hawley, Jr., of Fort Worth, who drilled 88 wildcats during the first eleven months of 1943, said Friday that while he had enjoyed no amazing successes to date he would continue the search "for new oil provinces." He found 13 with commercial oil possibilities, production so far, has been small, due partly to lack of pipe line connections in remote areas where he has operated. "While we have made some small deals," Hawley commented during a visit to his Tulsa office today, "we are not interested in mere extensions of existing pools. "We need to find major oil pools and new oil provinces, and all our main deals involve 5,000 to 30,000-acre blocks." The 44-year-old, Texas-born inventor declined to comment on estimates that Northern Ordnance, one of the world's biggest manufacturers of naval gun mounts, would spend \$10,000,000 in its first year in the oil business. He said Northern Ordnance made its big leap into the oil industry because he wanted a business which would provide employment for his vast numbers of workmen after the war. "Northern Ordnance has an operating cost of 8,000,000 a month," he said, "and must engage in big operations if it is to have jobs for its employees when the war contracts stop coming."

Headaches In State Politics

By DAVE CHEAVENS
AUSTIN, Jan. 8 — Texas goes into 1944 with two throbbing, major political headaches and the outlook for several races which may have national significance. Probably the worst headache hasn't fully developed. This is the prospect that a U. S. supreme court decision may throw the democratic primaries open to negro voters. A decision adverse to the negro who is again testing the party's rule on this matter would be a quick cure from the viewpoint of democratic party leaders. A decision in his favor would give the state democratic executive committee and perhaps the legislature a real problem to solve. Leaders have shown no inclination to retreat from the party's position that the color of its membership is a matter for the party to decide. Also in the making is the soldier vote headache. Until congress decides whether or not to check this matter back to the states, there is nothing that could be done to cure it in Texas. Should congress decide to let each state govern the machinery of soldier voting, a special session of the legislature might be called in the near future. Another interesting prospective development of the new year is the extent of ex-soldier participation in politics. Already in the legislative race from Central Texas is Mrs. Marjette McGregor Payne, widow of Luet. Col. John Payne, an air hero of the Mediterranean campaign for whom a United Nations base near Cairo has been named. his bombing accomplishments. It was considered likely that there would be many candidates for local, district and state office with a World War II service background which would make a strong campaigning point. Whether or not such background was used directly in electioneering, its political value was obvious. There were many predictions in the capital that the next legislature would convene with many freshman members from the ranks of ex-servicemen. Texas this year will name 150 members of the house of representatives and 16 new state senators. Nearly 74 inches of snow fell in one winter in California, famed for its sunshine. Bananas were sold as ten-cent souvenirs at the Philadelphia Centennial of 1876.

Colorado City Lad In Tarawa Battle

COLORADO CITY, Jan. 8 — A letter from Corporal Don Henderson, U. S. Marine, has reached his parents in Colorado City telling of his safety after having taken part in the battle of Tarawa. He is the son of Mr. and Mrs. E. L. Henderson, and the husband of the former Mary Louise Whipple. "Everything is fine here, now," he wrote, "only the flies are more trouble than the Japs were. There's a boy from Big Spring fanning them off of me while I write this."

War Contracts' Maximum Profit Is Established

WASHINGTON, Jan. 8 (AP) — The White House, laying down principals for termination of fixed-price war supply contracts, today fixed 6 per cent as the maximum profit which will be allowed on contract work begun but incomplete, and ruled that expense of conversion of facilities will be excluded in calculating the contractor's cost. The principals, first important move to establish definite procedure for ending war contracts, were incorporated in a directive from war mobilization director James F. Byrnes to all procurement agencies. They took the form of (1) a uniform contract cancellation clause and (2) a "statement of principles." They were based upon recommendations by Bernard M. Baruch and John Hancock. Baruch heads a special unit in the Office of War Mobilization to deal with war and post-war adjustment problems and Hancock is associated with him in that work. In a letter to Byrnes which accompanied their recommendations, Baruch and Hancock emphasized that the termination article and cost statement deal with only two aspects of contract termination policies. Still remaining, they said, are "such questions as payments and loans, settlement procedures, the keeping of adequate records and protection of the public interest, the special problems of subcontractors, appeals, company-wide settlements, the disposal of property and the need for legislation." "All of these problems," it was added, "are enmeshed in many difficulties which are being cut through and will be reported on to you." Byrnes described this first move, however, as "an important step toward eliminating the delay in a contractor getting his money and delay in the employee getting a job." Baruch and Hancock said "our objective is quick payment of what the government owes so that our productive capacity can be fully utilized for war and peace—destroying the dangers of unemployment and inflation."

Cosden Goes to War!

Cosden is delivering its quota of 80-OCTANE ALL-PURPOSE GASOLINE and 91-OCTANE AVIATION GASOLINE to Uncle Sam's Army and Air-Forces for the particular benefit of Messrs Hitler and Herohito. But this in no way affects our output of our well-known **COSDEN HIGHER GASOLINE** OCTANE.

The Gasoline refined under our own exclusive process to its 70-72 Octane rating. Yes, there's plenty of COSDEN HIGHER OCTANE to go around, so fill your gas tank today with mileage insurance and practice true wartime economy.
