## CREAM SEPARATORS

In skimming efficiency, simplicity, durability and convenience, the new 1908 Improved De Laval Cream Separators are fully ten years ahead of any other machine on the market today. Thirty years of experience, protecting patents, and the many valuable improvements devised and perfected by the De Laval engineers in all parts of the world during the past three years, are responsible for this fact. Every feature of the De Laval has been improved, from the supply can to the base. The new centre-balanced bowl with its separate spindle is alone a triumph in separator construction and must be seen to be fully appreciated. Then, there is the new one-piece "anti-splash" sanitary supply can, adjustable shelves for skim-milk and cream receptacles, new frame designs, and many other but less important improvements-all combining to make the De Laval an absolutely ideal separator for farm and dairy use. There is the proper size machine for every size dairy from the smallest to the largest and no cow owner can afford to be without one of these improved machines. It will cost you nothing to see and examine the new De Laval, and right at your own home too, if you will but say the word. Our new illustrated catalogue describing the De Laval improvements in detail is sent for the asking. Write us at once and you will receive this interesting book by first mail with full information as to how you may have a free demonstration of the improved De Laval at your own home. It will pay you to do so and your only regret will be that you di n't investigate sooner.

### THE WHITE SEWING MACHINE

The White Rotary Shuttle Sewing Machine is the best for general use, because it will do more kinds of work and do it better and more easily than any other machine made. It makes either

the two-thread lock-stitch or the single-thread chain-ttitch perfectly on the same machine.

It is the fastest sewer, and runs decidedly easier and lighter than is possible with any other White rotary mechanism and ball-bearings make it wear twice

For nearly forty years the White has proven its superiority and supremacy by greater usfulness and universal satisfaction.

You prove your intelligence when you investigate and buy a Rotary White. Call on me at the Record office or phone me at my residence, No. 183.

#### THIS IS A FENCE-NOT A NETTING.

A strong and all-important distinction. Is especially designed as a poultry and rabbit fencing, it is sufficiently strong to stop all larger animals. Costs practically the same as the lighter nettings, while in the matter of service and durability it is worth ten times as much.

The Card Club met Tuesday with Mrs. Snyder at Mrs. Brennand's. Euchre was played with the usual good and bad luck, but the luck made no difference to the pleasure of the members, so all had a good time.

Miss Emma Dupree on Monday evening entertained a number of the young crowd at her home east of town. The trip was made in buggies and autos, and everybody was in fine spirits on arriving. Hearts was played and a very delightful evening enjoyed. At a late hour dainty refreshments of cream and cake were served, after which the guests departed and the drive as nice as the rest of the party.

Oh Thursday from 4 to 7, Mrs. Raymond Johnson entertained a few friends and neighbors in honor of her cousin, Mrs. George Johnson of Mississippi. Fortytwo was played and the usual good time enjoyed. The prize was won by Mrs. Snyder, the booby by Mrs. Pierce. Delicious cream, with cake and devil's food, were served by the hostess, who is one of the most popular and delightful entertainers among the young matrons.

The U. D. C. held a pleasant meeting Monday with Mrs. Ed Dupree. A very interesting program was given. The following ladies were made honary members of the Chapter: Mesdames M. B. Smoot, T. Q. Mullin, Sam Cooksey, A. S. Bell, Mary Mullin E. T. Terrell, J. W. Nunn and M. A. Sneed. After concluding the business two funny little contests were enjoyed. Then appetizing refreshments were served by Misses Emma, Hallie and Elinor Dupree and Mrs. Vivian Shropshire. Adjourned to meet next month with Mrs. F. M. Burns, when a memorial service to Stephen D. Lee will be included in the regular program.

On Tuesday from 5 to 7 Mrs. John T. Johnson, entertained in honor of ther charming cousin Mrs. Geo. Johnson of Miss. Only those who had called on her guest were bidden and all were on time. After, a little while spent in conversation slips of paper bearing the name of a song were passed and each given a sheet of paper on which to draw a representation of the song.
