WHERE DID YOU GET THAT SUIT, MR. SWELL DRESSER.

A FRIEND MET MR. SWELL DRESSER ON THE STREET. "WHY WHERE DID YOU GET THAT BIRD OF A SUIT YOU'VE GOT ON," HE ASKED.

"NOW YOU SHOULDN'T ASK A QUESTION LIKE THAT," ANSWERED MR. SWELL DRESSER. "YOU SHOULD KNOW BETTER. I USED TO GO TO THE TAILORS TO GET MY CLOTHES MADE AND LAY DOWN \$25 TO \$35 FOR A SUIT OF CLOTHES. BUT I HAVE GOVER THAT MR. SWELL DRESSER SMILED WISELY AT HIS FRIEND.

"WHAT! HAVE YOU QUIT GETTING YOUR CLOTHES AT THE TAILORS?" ASKED THE FRIEND.

"TO BE SURE," REPLIED MR. SWELL DRESSER. "WHAT'S THE USE PAYING THE TAILOR \$35 WHEN I CAN GET A SWELL SUIT OF CLOTHES FOR \$15 TO \$20 AND GET IT ANY MINUTE I WANT?"

FIFTEEN DOLLARS ON A SUIT IS A GOOD LITTLE BUNCH OF MONEY TO SAVE AND YOU CAN DO THIS IF YOU WILL BUY YOUR CLOTHES FROM

Born.

Born, on Saturday morning last to Mr. and Mrs. Jesse Bullock a sweet little girl. As summer stars in their serenest splendor, Shine down on earth's flowerets from above, So shine the mother's eye, so fond, so tender On her young child, the first fair flower of love.

Up to date 283 bales of cotton have been ginned by the local gins and about 640 weighed by public weigher Fields.

Meeting City Council.

No business except of a routine nature was transacted at the regular meeting of the Council on Tuesday night. The following claims were allowed and ordered paid:

P. G. Avery, \$1.25 for repairing two culverts, out of street and alley fund.

Whipkey Printing Co., for one seal, book, and printing ordinance, \$7.68, out of general fund.

Burton-Lingo Co., cedar posts and blocks used in building culverts, allowed \$4 on street and alley fund.

H. L. Ransom allowed the sum of \$275.37 as commission for assessing taxes and warrants ordered issued on three different funds for amount.

The application of the Western Telephone Co., asking for a franchise through the city and thru the streets and alleys, was tabled.

Franchise granted the T. & P. Telephone Co. for a term of ten years, to conduct a local and long distance business, the franchise contract providing the maximum price charged should be not over \$1.50 for residence phones and \$2.50 for business, and said company shall not raise these rates unless by permission of the City council, and the service shall be first class at all times.

The report of H. L. Ransom for occupation and dog taxes collected for Sept. was approved.

The resignation of H. L. Ransom as marshal, assessor and collector was tendered and accepted.

By a unanimous vote of the council the office of assessor and collector was separated from the office of marshal and the office of city assessor and collector was created and Earnest Keathley was appointed to fill said office of assessor and collector, without a stipulated salary but his compensation was fixed at 2 1-2 cents on the \$100 for assessing and 2 1-2 per cent for collecting, and 5 per cent for collecting occupation and dog taxes.

No action was taken with reference to selecting a marshal, but the council will meet soon in called session to appoint one.

The Demand for Peanuts.

Only a few days ago two young men started a soft peanut factory in Marshall on a very small scale indeed. Last week Judge Hull wrote to this establishment asking how many peanuts they could use from Panola county each season, and the reply he received was somewhat astonishing.

They told him that they could handle the entire crop of Panola county; that they bought peanuts wherever they could get them and that if the Panola peanuts were ready for the market they would send their buye over right away, as they would use about 20 cars within the next ten days. They use the small Spanish nut.

We publish this statement to inform the farmers that there is a market for all the peanuts they can raise. The price fluctuates according to supply and demand. The hay is tip-top, feed and is worth \$10 and more the ton. We hope to see the farmers of Panola county take up peanut culture on a large scale, as it will beat raising cotton and fighting the boll weevil all to pieces. —Panola Watchman.

It will be but a year or two at most when a peanut oil mill will be established in west Texas and before many years may be as frequent as cotton oil mills.

Simple Home Recipe.

Get from any prescription pharmacist the following:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Shake well in a bottle and take a teaspoonful dose after each meal and at bedtime.

The above is considered by an eminent authority, who writes in a New York daily paper, as the finest prescription ever written to relieve backache, kidney troubles, weak bladder, and all forms of urinary difficulties. This mixture acts promptly on the eliminative tissues of the kidneys, enabling them to filter and strain the uric acid and other waste matter from the blood which causes rheumatism.

Some persons who suffer with the afflictions may not feel inclined to place much confidence in this simple mixture, yet those who have tried it say the results are simply surprising, the relief being effected without the slightest injury to the stomach or other organs.

Mix some and give it a trial. It certainly comes highly recommended. It is the prescription of an eminent authority, whose entire reputation, it is said was established by it. A druggist here at home when asked stated that he could either supply the ingredients or mix the prescription for our readers, also recommends it as harmless.

A SAFE COMBINATION.

Letter to A. B. Robertson.

(Colorado, Texas.) Dear Sir: No man is in a position to influence men with regard to their property more than you in that little room where they tell you their troubles. Pity, if you don't know how to keep a house dry and sound, any sort of structure, house, store, factory, warehouse, shop, fence—any sort of fence, except rail—with paint.

What paint? The paint that takes least gallons; for paint costs money and putting it on costs twice as much as the paint.

That is short; but that's all; it includes the rest. One paint wears long and another wears short; but as one that wears long is the least gallons paint; least gallons means more durable and most gallons means adulterated and weak, besides small gallons.

Paint is one of the biggest interests in the United States; not the business of making it; no, the business of paint taking care of property. Paint is worth a great deal more than it costs and the best costs least: Devoe.

Yours truly, F. W. DEVOE & CO. P. S. Colorado Drug Co. sells our paint.

The east Texas papers are also waking up to the value of the little Spanish peanut as a marketable commodity. A Rains county paper points out the fact to the farmers of that section that \$25 to \$30 per acre can be realized from the peanut, which, it declares, beats even a half bale of cotton in the boll weevil district. If \$25 per acre beats cotton at half a bale in east Texas,

how much more does \$85 to \$100 per acre beat it in central west Texas? And this is just what many have realized this year in west Texas on the little 'belly-acher.' There is one farm either in Jones or Fisher county which has on it a peanut patch of more than one section of land, and the crop is contracted for at \$1 per bushel. As an illustration of what the country around Colorado will do, the Record asked a farmer friend who had about one-tenth of an acre planted to the Spanish peanut, to bring in two or three hills for exhibition purposes. He pulled three up at random. On one vine there were 127 full grown nuts and 32 immature ones; on the other two were 154 mature and 57 immature nuts, and of course there were some left in the ground. He told us after all of them had been dug, that the one-tenth acre had produced 11 1/2 bushels. Sell 'em? Not for any man's money! He, his wife and their five children came from Georgia, and what were 11 1/2 bushels of peanuts among that family?

Twenty Tons of Alfalfa per Acre.

F. W. Johnson, formerly president of the Pecos Valley Bank, a deacon in the Baptist church, and a man of unquestionable veracity whose word has never been doubted, makes the following statement:

"I have a town lot adjoining my residence which had been seeded to alfalfa and a first-class stand obtained. Am now having it cut for the sixth time and will get one, if not two more cuttings from it. These cuttings have yielded on an average an equivalent of more than three tons per acre, which gives an aggregate annual yield of 18 to 20 tons per acre. This yield, of course seems too enormous for normal or average conditions, but it shows what can be done by high fertilization and intensive farming." Pecos Times.

THE SOCIETY REALM

Mrs. J. G. Merritt, Editor

The Aethum Literary society of the High school held its first meeting Friday evening with Glen Barfield. The welcome address was given by the new president, Leftwitch Shepherd. A reading by Lula Merrill and piano solo by Mable Dodson, Olive Greenwood, Rose Hatch. After the program was finished a jolly time was spent by the eighteen juniors and seniors who, in spite of the lowering clouds and falling rain, turned out to the meeting. Dainty refreshments were served by the hostess and her mother. The next meeting will be with Mable Dodson.

The first meeting of the Hesperian club was held Friday with Mrs. Sam Majors at Mrs. Coe's. The program was a very interesting one, the president's greeting by Mrs. Carter being a particularly happy and beautiful expression of her desire for the club. The response to this by Mrs. A. J. Payne was both appropriate and expressive of her feeling for all. The piano solo by Miss Henry and the readings by Misses Ella and Jo Dry were all delightful. The hostess was assisted in serving the delicious orange-ice and cake by Misses Majors and Dallman, who together with Mrs. Baptiste, were guests of the social hour. The meeting Friday will be with Mrs. A. J. Payne.

A new club was organized Friday at the home of Mrs. M. K. Jackson with a membership of six, including Mesdames Bell, Payne, Simon, Webb and Jackson. The name is the Reading Club, the study to be history. With six such brilliant women, anything undertaken will prove successful.

The Card Club met Tuesday with Mrs. J. L. Doss. Euchre was the game and a most enjoyable evening was spent. Mrs. Frank Greene won the royal prize, a pretty plate, and Mrs. E. B. Dodson the lone hand prize, a dainty pin tray. The next meeting will be with Mrs. A. J. Payne, Miss Stonerod entertaining.

The Free Kindergarten opened Monday with twenty-five pupils. We predict a splendid year's work under the management of Misses Mitchee and Ruddick.

Miss Nell Ruddick is home after a month's visit to her sisters, Mesdames Johnson and Towle of Snyder.

Mrs. F. E. McKenzie, daughter Hazel, Misses Katie Warren, Elsie Bertner, Douglass Burns, R. O. Pierson, Forrest Payne, Briggs Robertson, Mr. and Mrs. Bert Wulfjen, were among those who took in the Ringling circus at Abilene Monday and don't care if the community does know it. They enjoyed it.

The revival services being held by Rev. Dodson at the skating rink, are being well attended and proving very interesting. Rev. G. C. Shutt, district Mission organizer and colporter, preached Monday morning, a fine sermon on the "Missionary Spirit." Bro. Dodson has done all the rest of the preaching and his sermons so far have been to church members particularly. A stove has been put up and all who attend may be comfortable. The services will continue through next week.

Mrs. Griswold is entertaining her mother, Mrs. Ellis and her brother and sister, Mr. and Mrs. Ellis, of Birmingham, Ala., this week.

Mrs. Will Singleton is in the sanitarium at Fort Worth, having undergone a successful operation last Saturday.

Cap Hall and wife and Mrs. Harry Hall of Dunn, are visiting Mrs. J. W. Shepperd.

Cheaper Than Dirt.

If you can be interested in a land proposition, I can do it. I can do all but collect your profit for you. I offer two sections of land in southern part of Mitchell county, separately or together, at almost what it would cost to file on and hold down school land. Good farming land, only 10 miles from railroad. It's a golden opportunity for somebody, why not you? C. H. Earnest, Colorado, Texas. 4tf

How to Cure a Cold.

The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotten rid of the less the danger of pneumonia and other serious diseases. Mr. B. L. W. Hall of Waverly, Va. has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to all my friends and they agree with me." For sale by W. L. Doss.

Dallas Fair Rates.

Rates to the Dallas Fair have been announced by T. & P. railroad as follows: Unlimited ticket good for entire duration of Fair, \$9.40. Two day limit ticket, one fare for the round trip, \$7.85. Tickets on sale one day preceding date of opening of Fair.

"I spent two days on the Plains, and the grandeur and extent of that country is simply more than the most fertile imagination can picture. The possibilities of the plains within the next five years, no man can tell. In the Hockley country they have better corn than we have; their milo maize and kaffir corn is simply immense; they will make half a bale of cotton per acre—some figure on three-fourths; and each section, in fact each country looks just as good as the other, and any man with half an eye can see that the great fertile plains at from \$10 to \$20 per acre can not long go to waste—Mayor Isbell in McGregor Mirror.

Resolution of Respect.

Whereas, God in His mysterious providence has called unto Himself our beloved mother in Israel, Mrs. Mary J. Churchill at the ripe age of eighty years, Therefore be it resolved that we deeply deplore the loss of one of our most faithful members whose place can never be filled; the memory of whose gentle christian character will ever linger with us as a sweet incense to all with whom she came in contact.

Secondly, we will try to emulate her many virtues, especially her love for our Home Mission society and Womans' Home Mission society; and her great zeal for the Master's work. As the delicate perfume of some rare flower lingers after the flower is dead, so will her influence continue proving that scripture true "Their works do follow them."

Thirdly, that we thank God for Sister Churchill's sixty-five years of faithful christian life and rejoice that she looked forward to death sustained by all the comforts of our holy religion; that we commend the bereaved ones to the blessed promises of God, who tells us that there remaineth therefore a rest for the people of God.

Fourthly, that they be assured of our sympathy in this hour of trial and we pray that God may give them consolation from the sanctuary.

Resolved fifthly, that a copy of these resolutions be spread upon the minutes, published in our local and church papers and sent also to the bereaved family.

Mrs. D. N. Arnett, Chairman; Mesdames B. W. Dodson, A. J. Payne, C. C. Blandford, Committee.

A Certain Cure for Croup--Used for Ten Years Without a Failure.

Mr. W. C. Bott, a Star City, Ind., hardware merchant, is enthusiastic in his praise of Chamberlain's Cough Remedy. His children have all been subject to croup and he has used this remedy for the past ten years, and though they much feared the croup, his wife and he always felt safe upon retiring when a bottle of Chamberlain's Cough Remedy was in the house. His oldest child was subject to severe attacks of croup, but this remedy never failed to effect a speedy cure. He has recommended it to friends and neighbors and all who have used it say that it is unequalled for croup and whooping cough. For sale by W. L. Doss.

The collector shall, on the 31st day of March of each year for which the state and county taxes, for the preceding year only, remain unpaid, make up a list of the lands and lots on which the taxes for such preceding year are delinquent, charging against the same all taxes and penalties assessed against the owner thereof. Said list shall be made in triplicate and shall be presented to the Commissioners Court for examination and corrections of any errors that may appear, and when so examined and corrected by the Commissioners Court, such list in triplicate shall be approved by said court, and one copy thereof shall be filed with the county clerk and one copy retained and preserved by the collector and one copy forwarded to the Comptroller, with his annual settlement reports.—Extract from Section 10, Chapter 103, Acts 25th Legislature, 1897.

Jury Calls it Lottery.

Snyder, Tex.—The Grand Jury for the September term of District court has adjourned. They returned some thirty-five indictments, most of which were against real estate agents for selling what the jury called lottery tickets or chances at lots. These indictments have caused considerable stir among the real estate people and it is understood will be fought in the court by them.

Lest We

forget—baby is restless, cant sleep at night, wont eat, cries spasmodically. A bottle of White's Cream Vermifuge never fails to cure. Every mother should give her baby White's Cream Vermifuge; so many times when the baby is pale and fretful, the mother does not know what to do. A bottle of this medicine would bring color to his cheeks and laughter to his eyes. Give it a trial. Sold by W. L. Doss.

Ed and L. C. Dupree received announcement of the death of their father, T. D. Dupree which occurred at Mt. Vernon Monday, the 7th inst. He had just returned to his home from a visit out here to his sons and hence the announcement of his death without any preceding illness came to his sons with greater shock. Old age was the cause of his demise, being in his 81st year. He came to Texas sixty years ago from Tennessee and his death is the second in a large family during 57 years. His sons left Monday night for Mt. Vernon to attend the funeral.

CITY OFFICIAL JOURNAL

Don't hold back thinking your neighbor will do what you know you ought to do. 'Tis but a short time till the Fair and we want a creditable exhibit there from Mitchell county.

The Methodist meeting at the rink is progressing very nicely. Rev. Dodson assisted by a fine choir is conducting the services without any outside help.

The Jones County Talk, by the Whites—pere et fils—apparently did not grow into its present excellence, but sprang, like Minerva from the head of Jove, full panoplied, into the journalistic arena. It's a hummer from head rule to foot slug. You're on our list.

The dividends of the Standard Oil trust for the past year were more than a thousand per cent. Trying to punish such a leech as this by fines is as useless as trying to bail the ocean dry with a pimple.

The prospectors and home-owners are still coming this way while we admit that present conditions do not show up extra favorably, yet we are told by the majority of them that no apologies are necessary as they find conditions on an average after looking the country over on a better basis in the Colorado country than any other section they have visited.

A Building Boom

Twenty-Five Thousand Dollars are Sent Out of Colorado, Texas,

EVERY twelve months for insurance. We can not keep this at home, for we must have insurance. But we can do the next best thing, and spend this money with those who are spending money in the town. For every \$100 paid me for insurance I will spend One Hundred Dollars for buildings in Colorado.

THIS CONTRACT WITNESSETH: B. N. Garrett, agent for Life, Accident, Health, Fire, Tornado, Windstorm, Live Stock and Travelers' Insurance, has received of _____ in payment of Premium for Insurance Policy _____ Receipt of which is hereby acknowledge. It is a part of this contract, and a basis upon which this contract for insurance is made, that the aforementioned B. N. Garrett is to spend an amount equal to the sum herein receipted for, toward erecting new buildings in Colorado. (Signed) B. N. Garrett, Agent, Colorado.

B. N. GARRETT, "of course"

The Loraine Advertiser gives this valuable information to its many readers: "Loraine is the center of the surrounding country." So also is Colorado, and the surrounding country being good, the town partakes of its surroundings.

The Post is in another hole—C. W. Post. Collier's Weekly has filed suit against Post, the president and Garrettson, manager of the Postum Cereal Co., of Battle Creek, Michigan, for criminal libel, claiming \$750,000 damages. The trouble started from a statement in Collier's to the effect that the Post preparations (postum and grape nuts) were fakes. Suit for libel and heavy damages, are getting to be one of the most popular and successful methods of advertising employed by humbugs of all sorts and sizes. Even this very paragraph, in condemning the the stuff, more widely advertises it: the very end both Collier's and the Postum crowd seek.

Railroad Commissioner Colquitt is quoted as saying that every commercial Club in Texas is under the domination of railroad influences.—Waco Tribune. Bro. McCollum ought to attend

a meeting of the Abilene or Colorado Commercial Club just one time to get any such notion out from under his hat. He would wonder how the railroads managed to pike along at all under the severe restrictions we impose upon them. Why, right now, Colorado has a committee down at Austin showing Mr. Colquitt how to hold the nose and twist the tail of the railroad octopus. Dominate us? Abilene and Colorado are lambs, but not of the sacrificial breed. The T. & P. railroad knows that. If there's any dominating to be done, we do it—and cough-up afterwards.

CONSISTENCY--JEWEL OR VICE?

The Italy News Herald says: "It is tiresome to read the boasts of some newspapers. They tell of their great influence and wide circulation until they get black in the face trying to make the reading public believe that they are turning the world upside down....News-Herald collected more subscription money in one month than some of these boasters have collected in the past six months, and we are ready to show our books on this proposition."

Shall we agree with Shakespeare, that consistency is a jewel, or with Pope, that to the vice of little minds? It recurs to us

that about six years ago the News-Herald said harder things about ready prints and 'boiler-plate' than any paper, yet today, the whole of its, in 'ards' is lined with it from head rule to foot slug. Pope must have been right; "Consistency is the vice of little minds."

AND THEY WONDER WHY.

I saw a "leading" man preach through an entire meeting and not one soul was ever moved to accept of Christ. Two things I thought caused it: he preached much about himself and told many funny things that had the people in the spirit of levity all through his sermons. He simply drove the Holy Spirit out of his congregation.

Whenever a preacher thinks that he will capture a crowd by some ludicrous joke, the devil has already captured him and gone with him. The toiling classes of people who attend public worship on the Lord's day want their souls fed and they are not caring for funny sermons. The funny yarn teller does not belong in the pulpit; he will suit a medicine show better.—West Texas Evangel.

LAMESA 15 MILES

50 Tracts of 177 acres each--\$300 cash, 8 annual payments of \$139 each, at 8 per cent interest.

A FARM

On Easy Terms!

In Dawson County, Texas

Which is one of the Best Counties on the Lower Plains.

We have decided to subdivide our Two Leagues of Land (8856 Acres) into 50 Farms of 177 Acres Each, and sell the same on the following easy terms: Price \$8.00 Per Acre, \$300 cash, balance in eight equal annual payments, with interest at 8 per cent.

This land lies in the southwest part of Dawson county, about 40 miles from both Stanton and Midland and about 16 miles southwest from Lamesa, the County Site. This land is all susceptible of cultivation, there being but little to do except to go to work with the plow. It is of the Red Sandy Cat Claw kind, the ideal Vegetable, Cotton and Fruit land. Water is found at about 100 feet.

Cotton has been successfully raised in this County for several years. There are no boll weevils found here. There are gins in the County, also at Midland and Stanton.

This year has fully developed the fact that the Red Sandy Land can be counted on to produce even in a dry year.

The owners of this land agree to build a School House at the center of the tract and donate \$150.00 for the first and second years toward supporting a school. By this means a school is guaranteed.

This soil is equal in fertility to land that in Mitchell County, improved, has sold at from \$25.00 to \$30.00 per acre.

We have made these liberal terms in order to enable people with small means to secure for themselves a home. Land in this county that is no better has recently sold at \$8.00 to \$10.00 per acre without the special school advantages we offer.

Those desiring to see this land will be fully instructed as to our plan of showing it on application, to

OUR COMMERCIAL CLUB

NOTES AND NEWS OF WHAT THE CLUB IS DOING TO HELP COLORADO ADVERTISE THE GREAT WEST.

Last week Mr. A. S. Henry was appointed by the Club to go to Austin and go before the railroad Commission and have them compel the T. & P. Railroad Co. to build a larger depot at this place. Mr. Henry went to Austin and succeeded in getting a hearing set for Thursday the 10th. He returned and on Friday night of last week called the club together to report.

It was a bad rainy night yet a good crowd attended. The Club after some discussion, delegated John T. Johnson and L. L. Franks to go to Austin on Thursday and make a plea for better facilities.

Important business prevented Mr. Johnson from going, so the executive met and selected Judge C. H. Earnest to go to Austin with Mr. Franks. They left Tuesday night and appeared before the Commission yesterday and it is hoped they may be able to return in time to report at the called meeting of the Club Friday night.

PROGRAM OF COLORADO MEETING.

Following is the program of the meeting to be held at Colorado, on Tuesday, October 15:

Address of welcome, Mayor Royall G. Smith, Colorado; response, President F. E. Powell, Baird; report of secretary and treasurer; "The mutuality of the Central West Texas Association with each of the affiliating Commercial Clubs," Col. W. M. A one fare for the round trip has been secured for the occasion, and a large crowd, besides the delegates is expected here on that day.

The Texas & Pacific, Orient, Wichita Valley and Abilene & Northern will have representatives present to lend their aid to the work. Fifty local papers, besides the Dallas News, Fort Worth Record and Telegram have also promised to be represented. The work of the Central West Texas Association of Commercial Clubs covers 40 counties in west Texas and a large attendance is expected at the Colorado meeting. Be sure to come.

Meeting of Sweetwater Association.

Notwithstanding it rained during the entire meeting, Sweetwater Association which met at Abilene last Thursday and closed Saturday night, had one of the best meetings in its history. All the missionaries were paid in full, good reports of the general work were made, and a balance of \$200 to the credit of the Association was shown. Six new churches were received into this body and there was a decided increase both by baptism and by letter.

The Baptist church of this city was represented by Rev. Holmes Nichols, Ernest Keathley, and H. F. Wheeler and wife. The Ladies Aid Society of the Baptist church was represented by Mesdames J. E. Hooper, R. M. Webb and H. B. Smoot.

Rev. Holmes Nichols was elected to represent the Association in the Southern Baptist Convention which is to meet at Hot Springs, Ark., next May, and Ernest Keathley was elected clerk of the Association.

Numerical strength considered, no church in the Association went beyond the record of the Colorado Baptist church financially.

During the sitting of this body Rev. Holmes Nichols delivered addresses on the questions of State Missions and Christian Education, and at the earnest solicitation of the pastor, preached an acceptable sermon at the First Baptist church Sunday morning.

The Baptists of Texas are now making a strong effort to raise \$115,000.00 for State missions, and the messengers to the Sweetwater association would come up with her end of the log.

On account of crowded condition of the primary department the board at its last meeting decided to divide the primary and the first grade into two parts, letting one division come from 9 to 12 and the other from 1 to 4 p. m. This process saves from 5 to 6 hundred dollars and assures the pupils of a teacher that will do more for them in 3 hours than most primaries would do in 4 1-2 or a day about. This is sufficient time for a primary to do all he can afford to do.

W. L. Edmondson & Company bankers of Loraine have increased their capital stock from \$30,000 to \$50,000 and formed the following organization: W. L. Edmondson, president and cashier; J. H. The McLean Gin Gets Busy.

On Tuesday afternoon about 2 o'clock the last bolt was tightened, the last belt adjusted and the engine turned on at full speed at the new gin to limber things up before ginning the first bale of cotton. Everything had been done well and all the machinery ran smooth as oil. The first bale was ginned free and the sample was all that could be desired.

Mr. McLean deserves a great deal of credit for his enterprise, which shows his confidence in Colorado. Not that he simply put up a gin in Colorado for some one else would likely have done the same thing, but his confidence and enterprise is shown in the kind and quality of enterprise he established.

The building is of concrete blocks and is large enough to double the equipment and capacity of the gin at any time. It is fitted with the Munger system, having four 80 saw gins. Mr. McLean is now fully prepared to take care of your cotton in the most up-to-date manner. It takes just 12 minutes to gin a 500 pound bale of cotton.
