

## Home State GOP Gives Joe Ovation

MILWAUKEE, June 12 (AP)—Sen. McCarthy (R-Wis.) declared he would support President Eisenhower if he were running for office today, but added he would not be "a rubber stamp even if it involves the flesh of the Republican party."

## Reds Claim U. S. Spies In Custody

MOSCOW, Sunday, June 13 (AP)—Two "American spies" have been sentenced to 25 years in prison by the Supreme Court of the Soviet Union, Pravda announced today.

The Communist party newspaper said the two men had been spirited into Murransk with the aid of Norwegian officials.

Pravda identified the alleged spies as Vladimir Constantinovich Galai and Yuri Alexandrovich Khrantzev.

The story said Galai deserted from the Soviet army in Austria, contacted American intelligence in Vienna and was sent to a "spy school" under the name of Lawrence O. Johnson.

The account said Khrantzev left the Soviet sector of East Berlin, was picked up by Americans in the Western sector and sent to a "spy school" under the name of Gregory Vaslov.

Following completion of their training, Pravda said, the two were taken by American intelligence to Norway with the aid of Norwegian border officials, they were smuggled into Murransk, Soviet arctic port.

The story gave no details as to how the two were caught in that area but was fairly specific otherwise. It said both men got entangled with the Americans because of black market activities in Austria and Germany.

The newspaper said both men admitted the truth when they were caught and gave details of their training in an American intelligence school. Pravda said they were not sentenced to death, but were given relatively mild sentences in a corrective labor camp, because they had thus cooperated with Communist officials when they were apprehended.

## Reviewing The Big Spring Week

With Joe Pickle

On Monday we had hot sultry weather, a norther and a duster, warm and blustery weather, three inches of rain with chunks of ice. That's the West Texas gamut for you. Hot hours, neon signs and automobiles caught in the brunt, but hundreds upon hundreds of roofs were damaged, too. Insurance men anticipate 3,000 to 6,000 claims within the next six weeks. This could be our most costly storm.

Those who might think the detention dams above the western part of town haven't helped because of two recent flash floods should take a look at high water marks. Monday the structures probably held back 10 to 15 million gallons of water until the impact was passed.

Monday is Flag Day. This commemorates the simple resolution by which the Continental Congress adopted official colors 177 years ago. If you possess a flag, fly it proudly Monday.

The City got final word from the Veterans Administration on proposed paving on Myon Street. The government has no funds for paving participation. The government is worse off than we thought.

Our National Guard unit (Battery B, 132 Field Artillery) begins a two weeks stint at Fort Hood today. With Capt. Charles K. Vaughn as seven other officers and 57 enlisted men, the best showing the unit has ever made in summer camp. A good report.

Ever since we can remember there has been a campaign for a permanent all-weather road to Gall, our sister county seat to the north. Now there are two such routes. Last night in the pavement has been completed.

See THE WEEK, Pg. 6, Col. 1

good friends, nothing could be further from the truth.

"I think that Eisenhower has conducted his administration so infinitely better than the previous administration, that I could with a very clear conscience go out and campaign for him today if he were running for office."

McCarthy also asserted, "Now is the time to let the country know that as long as we are in power, there will be no rubber stamp and the test of party loyalty is not how well you can play the game of follow the leaders."

McCarthy said, "I won't promise I won't make mistakes, but the only way you can avoid making mistakes is to stay in bed and do nothing."

McCarthy addressed a cheering Republican state convention in his home state. Shortly before his speech to some 4,000 delegates and guests, the convention adopted by rousing voice a resolution commending him.

The convention in adopting that resolution praising McCarthy howled down an effort by Harold Michael of Amery, president of the recent unsuccessful Joe Must Go movement, to speak against the resolution.

Examination shows there is neither honesty, integrity nor decency in the record of the junior senator from Wisconsin," Michael shouted into the convention floor microphone above the din.

Michael, Polk County GOP chairman and president of the Joe Must Go Club of Wisconsin, said, "The future of the Republican party must be our primary concern. McCarthy is certainly not concerned with the welfare of the Republican party."

The convention chairman, Rep. Laird (R-Wis.) pounded furiously with his gavel for order but the delegates booing Michael paid no attention.

"McCarthy is the one who is spreading disunity within our party—splitting Republicans against Republicans," Michael declared. "He is the one who is following the Communist line of divide and conquer. We, as a party, cannot afford to coddle McCarthy any more than we can afford to coddle Communists and by passing this resolution we are doing just that."

The Joe Must Go club filled in a recent drive for enough signatures on petitions to force McCarthy to submit to a recall election.

In a preceding resolution the 4,000 delegates sided with McCarthy against President Eisenhower on the question of giving legislative committee details on top level administrative conferences. Eisenhower has ordered that no details of such a conference concerning McCarthy's row with the Attorney General be given to the Senate investigations subcommittee conducting a hearing on the clash.

The Wisconsin GOP convention, however, also adopted a resolution praising the Eisenhower administration in general.

After his address, McCarthy arranged to leave immediately by private plane for Sioux Falls, S.D., where he is scheduled to address a state American Legion convention Sunday.

## Old Timers Reunion Is To Be July 23

July 23 was the date set for the Howard-Glasscock Old Settlers Reunion at a meeting Saturday. The reunion will be held at City Park.

Five reunion-planning committees, consisting of 10 members, also were named. Joe Hayden, Temp Currie Jr., L. R. Mundi and Sam Childress are on the finance committee.

Wood committee members are L. M. Harris and H. D. McElreath. L. C. Matthes will be in charge of the ice water, benches, and shade committee.

Childress and Nath Allen are most committee members. Ben Schaffer is in charge of the beans and coffee committee.

Old Settlers officers are Nath Allen, president; Ben Schaffer, vice president; and Mrs. Dick Sides, secretary-treasurer.

Those present at the meeting were Mrs. Maggie Richardson, A. F. Hill, J. E. Sanders, Mrs. L. R. Mundi, C. C. Stevens, Jim Caudle, George Rice, those named to committees and officers.

A June 26 meeting was called. At that time the Old Fiddlers contest and dance will be discussed.

Truckers Elect

DALLAS, June 12 (AP)—Texas truckers today elected George Howard of Dallas as president of the Texas Motor Transportation Assn. He succeeds William Wise Jr. of Fort Worth.

Ike At His Lodge

THURMONT, Md., June 12 (AP)—President Eisenhower relaxed in the warm sun and visited with guests today at his Camp David lodge in the Catoctin Mountains.

### Kidnaped Mother Back At Home

Mrs. Evelyn Ann Smith, 23, smiles happily during reunion at Phoenix, Ariz., with her husband, Phoenix industrialist Herbert Smith, after being kidnaped for \$75,000 ransom. Smith said he paid the money after notes directed him to her in the desert. Dr. Angus de Pinto (standing), family physician, watches Mrs. Smith. (AP Wirephoto.)

## SEARCH FOR RANSOM Kidnaping Charge Brought In Arizona

PHOENIX, Ariz., June 12 (AP)—A kidnaping charge was filed today against short, swarthy Daniel J. Marsin, 41, who was identified by Mrs. Evelyn Ann Smith as the man who abducted her and collected \$75,000 ransom.

Marsin, an unemployed welder with a wife and two children, had been seized near a ranch house four hours after Mrs. Smith, 23, was released unharmed in the Superstition Mountains Thursday night.

Immediately after filing of the kidnaping charge by County Atty. William P. Mahoney, Marsin was hustled before Justice of the Peace Al Flood. He was ordered held under \$20,000 bond.

If found guilty, Marsin faces imprisonment from 20 to 50 years without possibility of parole until the minimum sentence imposed has been served.

Under Arizona law a person convicted of kidnaping for ransom in cases where the victim has been harmed shall be punished by death or by life imprisonment, whichever the jury shall recommend, without possibility of parole. Criminals sentenced to death in Arizona are executed in the gas chamber at the state prison at Florence.

Marsin had made no statement about the kidnaping.

His wife, permitted to visit him in the city jail, urged him to lead officers to where the ransom money was hidden. He refused.

As the charge was filed against Marsin, officers were searching the foothills of the Superstition Mountains, 45 miles east of Phoenix, for the \$75,000. They believed it had been buried.

Hunting the money in that rocky, brush and cactus-covered area was like looking for a needle in a haystack.

The searchers started from a spot where they had found a partially burned valise in which the victim's husband, Herbert, a wealthy pipe and steel company executive, carried the money to the rendezvous with the kidnaper. Then they fanned out over the rugged area, looking for signs of fresh digging or removal of rocks.

Marsin was silent during his brief court appearance. He was represented by John J. Flynn, Phoenix attorney.

County Atty. Mahoney talked with Marsin before filing the charges.

"He gave marginal details of the kidnaping but would neither admit nor deny the act," Mahoney said.

"But, this much I know—he's the guy."

A barking dog caused Marsin's arrest Thursday night. Officers had stopped at the Quarter Circle U ranch in their search for the kidnaper.

"When the dog barks twice some stranger's around," Mrs. Jim Ruiz told them.

The officers spotted a man skulking in the darkness and seized him. Marsin told them he had been prospecting in the mountains and become lost.

In Marsin's home detectives found a typewriter which had been See KIDNAPING, Pg. 6 Col. 5

## French Defeat Laniel, Stymie Geneva Parley

## Knowland Fears Surrender Due In Paris Change

WASHINGTON, June 12 (AP)—Sen. Knowland (R-Calif.) called today for an end to the Geneva conference and invited the Associated States of Indochina to declare their independence if France sets up a "peace at any price" government.

Knowland, the Senate Republican leader and a member of its Foreign Relations Committee, declared in an interview that Geneva negotiations "have gone on long enough to demonstrate clearly that neither the Soviet Union nor Communist China is prepared to negotiate anything but the abject surrender of the French in Indochina."

With Premier Joseph Laniel having offered his resignation after losing a vote of confidence in the French Assembly, Knowland said he fears a "surrender" government "may be formed."

"It is my very strong belief," he said, "that Viet Nam, Cambodia and Laos are not going to sit complacently by and exchange a position of not being completely independent in the French Union for one of complete domination by the Communists."

"The Associated States may issue a declaration of independence, just as we did in 1776, and appeal to the United Nations and the free nations of the world for help if the French are prepared to agree to a settlement which would destroy Indochina's hope of independence and sovereignty."

"I don't believe they are going to sit back and have their freedom bartered away by a French government that may be established on a 'peace at any price' basis."

Knowland said he thinks the three states might be willing to accept help from the Republic of Korea, said that the French previously turned down.

He said he is convinced that anti-Communists in Indochina are willing to fight "if they can get the arms and equipment to do it."

Knowland said that in his view the Geneva conference has reached the point where if the negotiations are continued by the free nations "we will lose the respect of the whole world."

"I don't see how we can continue to go on with sessions that are being used as a sounding board for Communist propaganda," he said.

"These sessions are merely paralyzing the free nations while the Communists make their troop dispositions preparatory to taking over more territory in Indochina."

## Jaycees Gather

COLORADO SPRINGS, Colo., June 12 (AP)—The first of 7,000 delegates from 48 states and U. S. territories began arriving today for the annual Junior Chamber of Commerce convention opening Monday.

## Knowland Calls Flanders Move Harmful To Party

WASHINGTON, June 12 (AP)—Sen. Knowland (R-Calif.) sharply condemned today as a "mistake" and "not justified" a move by Sen. Flanders (R-Vt.) to oust Sen. McCarthy (R-Wis.) from his Senate chairmanship.

Knowland, the Senate Republican leader, said that if a fight broke out on the Senate floor over the Flanders proposal it might "completely block" President Eisenhower's legislative program.

Flanders filed in the Senate yesterday a motion that would strip McCarthy of his chairmanship of the Senate investigations subcommittee and its parent group, the Government Operations Committee, unless he answers questions raised about his finances in a 1953 Senate Elections subcommittee report.

The Flanders motion was permitted to "lie on the desk" without assignment to a committee, which would permit any senator—Republican, Democrat or Independent—to call it up.

Flanders said that despite opposition from Knowland he will push for a showdown in the Senate, unless McCarthy answers the questions raised about him.

"I agree that this is embarrassing to the Republican leadership," Flanders said. "But it's past time for them to be talking about that now."

He said the Senate leaders "should have been thinking about this issue and motion months ago."

"I have not consulted anybody on my speeches dealing with the junior senator from Wisconsin," he said. "If I did consult them, they might talk me out of giving them."

Flanders said his office has been swamped with telegrams since his Senate floor speech and his surprise television appearance to make McCarthy he was going to make the address.

Taken by surprise by the Flanders move, Knowland told reporters "I do not believe that is the procedure to be followed" in dealing with McCarthy, currently engaged in a televised controversy with Secretary of the Army Stevens over their charges of "pressure" and "blackmail."

"I don't believe the motion entered is justified," Knowland said. "I think it is contrary to established procedure in the Senate. I think it would open up the door ultimately to action which would be disruptive of Senate procedure and practice established over a long period of years."

"Any action bringing the issue to the floor of the Senate would be certain to precipitate a controversy that might completely block the administration's legislative program."

Despite this, Knowland said he had no plans to consult President Eisenhower about the matter at the regular Monday morning meeting of legislative leaders with the President.

"No decision of the executive branch of the government is involved," the California Senator said. "I feel that the President would regard it as completely out of his province and I am certain he would feel that he should not advise the Senate on its procedures."

Flanders has said he has no immediate plans to bring up his motion, and McCarthy, filling speaking engagements in Wisconsin and South Dakota this weekend, has dismissed the move as another "smear" against him.

McCarthy, who has stepped down temporarily as chairman of the investigations subcommittee while it requires into his dispute with Stevens, has said he may not be back in Washington in time to resume the witness stand Monday morning.

In that case, his subcommittee chief of staff, Francis P. Carr, probably will be the witness.

McCarthy and Roy M. Cohn, his chief counsel, have denied charges by Stevens and Army Counselor John G. Adams that they used improper influence in efforts to obtain favored Army treatment for Pvt. G. David Schine, a former unpaid consultant.

Stevens and Adams in turn have denied McCarthy-Cohn charges that they sought to use Schine as a "hostage" to sidetrack a McCarthy investigation of alleged Communists in the Army.

Sen. Cooper (R-N.Y.) has indicated he would back the Flanders proposal and some Democratic senators.

### All Smiles

Alfred E. Perlman (above), executive vice president of the Denver & Rio Grande Western Railroad, smiles as he boards train at Chicago, Ill. Perlman has been mentioned to succeed William White as president of New York Central if Robert R. Young's forces gain control of the road, as unofficial reports indicate. (AP Wirephoto.)

## Guatemalans In State Of Panic

SAN SALVADOR, El Salvador, June 12 (AP)—The Communist-backed government of neighboring Guatemala is in "near panic" over a growing threat of revolution and may declare martial law at any time, reports reaching here said today.

"I don't believe they are going to sit back and have their freedom bartered away by a French government that may be established on a 'peace at any price' basis."

Knowland said he thinks the three states might be willing to accept help from the Republic of Korea, said that the French previously turned down.

He said he is convinced that anti-Communists in Indochina are willing to fight "if they can get the arms and equipment to do it."

Knowland said that in his view the Geneva conference has reached the point where if the negotiations are continued by the free nations "we will lose the respect of the whole world."

"I don't see how we can continue to go on with sessions that are being used as a sounding board for Communist propaganda," he said.

"These sessions are merely paralyzing the free nations while the Communists make their troop dispositions preparatory to taking over more territory in Indochina."

Sworn statements of campaign expenditures and receipts are due from all candidates for political office again Monday.

Fourteen candidates, including one for a district office, already had filed their second campaign statements with County Clerk Pauline Petty Saturday. The law requires the filing of the statements at 20-day intervals between May 25 and the July 24 primary, with the last statement due not more than five nor less than two days prior to the election.

County and precinct candidates must file with the county clerk. Candidates for district and state offices are required to file their statements with the secretary of state.

Approximately a dozen Howard County office seekers failed to file their first campaign statements by May 25, apparently through oversight. This drew protests from two other candidates, J. T. Thornton Jr., county Democratic chairman, said.

However, Thornton added that the Democratic committee isn't contemplating any action that would keep the names of the late filers off the Howard County ballot. The early filing of statements has drawn no protests.

In addition to the statements due Monday, the campaign reports are due on July 4 and July 19-21.

## Odessa Man Heads Post Office Group

HOUSTON, June 12 (AP)—Wade Slough of Odessa is new president of the Texas branch of the National Assn. of Postal Supervisors.

Slough was elected today to succeed Arthur Price, Houston.

Others elected at an annual convention included Mrs. W.M. Lovrance, Wichita Falls, treasurer of the women's auxiliary, and Mgs. C. B. Harrison, Killeen, historian.

## Cabinet Loses In Confidence Vote

By HARVEY HUDSON

PARIS, June 12 (AP)—Premier Joseph Laniel, who had skinned through two confidence votes in the last five weeks, finally lost out today.

The National Assembly, torn by conflicts over the Indochina War and the proposed European Defense Community, rejected him and his government 366-252.

The 64-year-old Premier, a wealthy independent Republican who has guided France for 50 weeks, promptly submitted the resignation of his seven-party coalition Cabinet. President Rene Coty, who won out over Laniel in a race for the presidency last December, refused to accept the resignation until a new premier can be found.

The vote created further confusion in the conference in Geneva trying to end the fighting in Indochina. The French government can make no decisions at all, since it is half-in, half-out.

In a day of quick-shifting political developments in a city already bored with the Assembly's instability, these were the highlights:

1. The Assembly defeated Laniel on his demand for deferring consideration of Communist and Socialist resolutions critical of his government. Since the votes against him fell seven short of 313, a majority of the total number of deputies, Laniel was not constitutionally obliged to resign. In practice, however, premiers step aside when put in a minority on an important issue.

2. Laniel and his Cabinet met at the Elysee Palace, France's White House. They offered their resignation as a group. Coty did not immediately accept. A new Cabinet meeting will be held Monday and the Laniel government will remain in office at least over the weekend.

3. A source close to Coty said the resignations probably will be accepted, but that the President is anxious to avoid giving the outside world the appearance France is drifting without a government. The President immediately started calling in political leaders to talk about the chances for a new man to get an Assembly majority.

Meantime, Foreign Minister, Georges Bidault said he planned to be back in Geneva Monday to continue work at the Asian conference. Since the Assembly has refused to endorse the Laniel government's policies and has suggested no other, Bidault smilingly remarked he will follow his "personal policy."

The first callers at the Elysee Palace after the Cabinet meeting were Andre Le Troquer, president of the National Assembly, and Gaston Monnerville, president of the Council of the Republic (Senate).

The Laniel government has been coming apart at the seams for months because of internal squabbling. Some of its severest critics were members of parties that presumably were supporting him.

On the policy level, there are two great divisions, on Indochina and on the European Army. The present crisis is one of the few in French history motivated by foreign policy. Usually governments fall on relatively minor domestic issues.

Handling of the Indochina situation was the subject of the last confidence votes won by Laniel. He was upheld 313-252 May 5. That was the day before the fall of Dien Bien Phu. May 13 he survived by a margin of only two votes, 289-287.

At that, his government has lasted longer than most in postwar France. The average over the last 10 years has been 5 months, 25 days. He took office June 22, 1953.

Arbens cracked down hard on all elements suspected of opposition ties, even arresting some members of his own governing party. Arbens claims there is an organized, foreign-inspired plot afoot to overthrow his government.

For the first time since a 2,000-ton arms shipment from Red Poland brought angry U. S. objections on May 17, setting off Guatemala's political crisis, significant military leaders were breaking away from the Arbens camp this week.

Five army and air force officers and six senior cadets of the Guatemalan Military Academy fled the country in a stolen air force plane. One incident so widely discussed, despite censorship, that the government had to issue a denial.

Now, there are widespread reports that Army Chief of Staff Gen. Carlos H. Sarti also has disappeared. Whether he is out of the country or behind prison bars is unknown.

## 183 BLOCKS Zachry Completes City Paving Work

H. B. Zachry Company was moving out its plant this weekend after completing a paving project of approximately 183 blocks. Last street was topped Thursday, and Zachry Company crews are now doing the finishing work. Spaces behind some curbing must be filled in, and many areas have to be cleaned.

City Engineer Clifton Bellamy said Saturday that the paving appears to be in good shape. However, he has not yet approved the new units. Inspections, he said, will be made during the coming week.

The original paving program was estimated at \$600,000 cost, and Bellamy is of the opinion that the figure will prove out about right. A number of changes have been made in the streets to be paved since the project began, however. Quite a few streets originally planned for paving had to be scratched from Zachry's schedule when property owners did not sign up to pay their share of the cost. Other streets were substituted, and Bellamy said that about 183 blocks were paved. This is the same number of blocks originally planned.

The Big Spring City Commission last Tuesday authorized the issuance of time warrants for the paving which has been completed. Warrants totaling \$150,000 for the city share was originally approved. Approximately half of Zachry's asphaltic paving plant south of the city had been moved by Saturday, and the other half is scheduled to be transferred by Monday.

Zachry Company will have crews here until all the finish work is complete, said W. R. Spahnman, firm engineer.

## Ralph Yarborough To Bring Campaign To City Wednesday

Ralph Yarborough will bring his campaign for governor of Texas here on Wednesday.

Charles Butts, county chairman for Yarborough forces, said that the Austin attorney would arrive here from Midland around 5 p.m.

There will be a reception at his rooms in the Crawford Hotel from 5:30 p.m. to 7 p.m. so that anyone who can may have an opportunity to chat with him, said Butts.

There will be a dinner at the Waggon Wheel at 8 p.m. and afterwards Yarborough will deliver an address which will be broadcast.

The affair is open to all friends, and reservations will be handled by Butts (phone 4-4780 or room 525, Permian Building). Butts pointed out that reservations should be made.

## THE WEATHER

BIG SPRING AND VICINITY: Clear to partly cloudy and warmer today and tomorrow. Scattered thunderstorms late Monday.

High today 84, low tonight 64, high tomorrow 86.

Michael temperature this date 1954 is 66 in 1953, maximum 82, minimum 46, date 6-13-54.

# Demo, GOP State Committees To Certify Candidates Monday

By The Associated Press  
Democratic and Republican state executive committees meet Monday to certify candidates already out campaigning.  
Democrats meet in Austin and Republicans in Dallas.  
The purpose is to certify state office candidates in the July 24 primary elections.

There'll be other business, too. Hugh Prather Jr., a Democratic state committeeman from Dallas, said the Democrats "may take some action on the Wright Morrow controversy." Prather said it was likely the committee would reaffirm support of Morrow.  
Morrow, from Houston, is Texas'

disputed Democratic national committeeman. He resigned in 1952 to support Republican Eisenhower for president. The state committee refused to accept the resignation, but Stephen Mitchell, head of the national committee, said he accepted it and Morrow no longer was committeeman from Texas.  
The head of the Republican state committee, Alvin Lane, Dallas, has announced he will resign at Monday's meeting. Republicans are expected to name John Q. Adams, Harlingen attorney, as Lane's successor.

## 'SEE CINDY WALK'

### Sherman People To Aid Baby Born Minus Limbs

SHERMAN, Tex., June 12 (U.S.P.)—Pretty little Cindy Inman is only six months old, but she appears to marvel at this strange world of people with arms and legs.  
Cindy has none.  
She was born Dec. 7 at St. Vincent's hospital here. Even before her mother, Mrs. Lloyd Inman, saw the baby, she suspected something was wrong.  
"They wouldn't say anything about the baby, at first," she said. "They kept telling me everything was going to be all right. But they avoided mentioning the baby."  
Her husband, a 30-year-old line-man for Texas Power & Light Co., finally broke the news to his attractive, red-haired wife.  
"After my husband told me about it," she related, "I kept crying for Cindy and they finally brought her to me. I remember

taking the baby in my arms and saying, 'She's mine.' There were suggestions that I put her in an institution. I never even considered the idea.  
"It's our baby, I told them, and we were going to keep her."  
"I told them God gave her to us and we were going to raise her, like a normal child."  
During her stay in the hospital, Mrs. Inman was visited by her pastor, the Rev. George Sullivan of Central Baptist Church, and other civic and religious leaders.  
"They helped us over the rough spots," she said.  
The Rev. Mr. Sullivan will announce in his church tomorrow plans to raise funds to buy artificial limbs for Cindy.  
Plans are to raise \$4,000 for the first year, with gifts to be addressed to "Cindy Fund," Central Baptist Church.  
The campaign is to be called "See Cindy Walk."  
The Inmans took Cindy to Kessler Institute for Rehabilitation in Orange, N.J., several weeks ago. The trip was sponsored by Central Baptist Church and T.P.&L.

"They took a load off our minds," said Inman. "We found that Cindy could have arms and legs, and could learn to walk like other children. I think the doctors told us there were three other cases of limbless children, and they showed how one of them had learned to use the arms and legs they made for him."

## Charges Are Filed Against 3 Persons; One Pleads Guilty

Charges were filed against three persons in County Court Saturday and one of the defendants entered a guilty plea and was fined.  
Cristiano Chavarria was fined \$55 when he pleaded guilty to charges of driving while intoxicated. To the fine was added court costs of \$23.85.  
Charges of aggravated assault were filed against Alvin Viererge and Melquides Almazen.  
Charges against Viererge, made by Ed Carroll, alleged that Viererge struck Carroll with metal pliers, causing bodily injury.  
Alejandra Oliva made the complaint against Almazen, alleging that she was struck by the defendant.

## Talks Still Pending On Chalk Roadway

Another conference is expected to be scheduled soon between county officials and Mrs. Otis Chalk, Mrs. Doris Chalk Cole and Mrs. Albert McGeehe.  
The county expects to purchase about a mile of road right-of-way from the Chalk Estate for the purpose of constructing a paved route from the Otis Chalk Community to Highway 50 in the eastern part of the county.  
Talks had been scheduled for last Friday, but Mrs. Cole and Mrs. McGeehe were unable to be present.  
Approximately 14 miles of new pavement will be constructed as soon as the right-of-way is secured. Roadway across the Chalk land is all that is needed. The State Highway Department has set July 20-21 as tentative dates for letting contract for the project.

## Rites For Roberts Infant To Be Monday

James Wade Roberts, infant son of S-Sgt. and Mrs. James S. Roberts, 207 E. 9th, died Friday afternoon two hours after birth in a hospital here.  
Services will be held at 10 a.m. Monday at Nalley Chapel with the Rev. Carlos McLeod, North Side Baptist pastor, officiating. Burial will be in the City Cemetery. Beside the parents, survivors include the paternal grandparents, Mr. and Mrs. James S. Roberts Sr., Claxton, Ga.; and the maternal grandparents, Mr. and Mrs. Gordon Roseman, Ruston, La.

## 3 Firms Obtain Webb Contracts

Tentative contracts have been awarded by the purchasing and contracting office at Webb AFB to three firms.  
Mead's Fine Bread of Big Spring was low with a bid of \$14.515 for 231,100 pounds of white bread and 2,400 pounds of whole wheat bread over a six-months period ending Dec. 31, 1954.  
Paine Laundry of 210 Avenue P, Lubbock, was low on the proposal to launder miscellaneous items consisting of aprons, blouses, caps, coats, mattress covers, pillowcases, sheets, trousers, buttoned jackets, rags, flying suits and jackets. The figure was for \$13,985.  
Burdan Company, Midland, submitted the low offer of \$41,175.75 for furnishing buttermilk, cottage cheese, frozen whipping cream, hot margarine, hot lard and half cream during the six-months period ending Dec. 31, 1954.  
Before becoming final bids must be approved by headquarters of Flying Training Air Force.

### Revival

Bill Kinney, above, Itasca, will be the evangelist for revival services which start today at the Church of Christ in Forsan. Services will be held twice daily — at 10 a.m. and 8 p.m. — through June 20. O. W. Fletcher, Forsan, is to lead in the song services.

## About 450 Taking Part In Recreation

Approximately 450 youngsters have been participating in the city-wide recreational program.  
B. B. Lees, director, said Saturday that the program was beginning to shift into high gear. Two other phases of it are due to be started this week.  
Currently, the biggest drawing card is the annual YMCA swimming classes, which are integrated into the program. There are 269 enrolled, including 112 boys and 157 girls, said Lees. He is handling the swimming with the aid of 10 volunteers. Most enrollees are beginners. After having played games to overcome fear of water, they watched demonstrations of the force of buoyancy, learned to float, and have been doing push offs and kicks. Some can go half-way across the pool now without using their arms. The intermediates are learning advanced strokes and will move out of their 5-foot water into the deep zone this week with the advanced students.  
What Lees described as the "backbone" of the program is the

activities for girls under direction of Floyce Brown. Around 70 young and teen-age girls are meeting with her daily at the YMCA. There is big interest in tumbling and tap, and 10 girls are in the tennis class. Although attendance is good, Lees said there is still room for many more, particularly among the teenagers.  
John Hardy is experiencing a good turnout at the West Side park. He is having from 50 to 60 daily for playground activities along with reading, music, games, ping-pong, etc., in the West Side hall.  
Attendance is picking up also for Harold Reason at the Junior High gymnasium and campus. Swimming has cut the morning attendance but in afternoons an increasing number are turning out for games, softball, tumbling, volleyball, and other things. Around 50 have been taking part each day.  
Bobby Jack Gross will be on hand to start the program for children in the Lakeview School area on Tuesday. Thereafter, there will be activities at the school on Monday, Wednesday and Friday morning. By Thursday, it may be possible to start a program. Kate Morrison for the Latin American youngsters. Supervised play for boys and girls will be held there on Tuesday, Thursday and Saturday mornings.

## Lining Work To Start On Tuesday At Odessa Tank

Work is due to be started Tuesday on the lining of the earthen storage tank of the Colorado River Municipal Water District in Odessa.  
H. B. Zachry Company of San Antonio holds contract for installing the plastic membrane on the earthen tank which will be capable of holding an 80-million gallon reserve. The project will cost \$143,200 but is being undertaken as a means of conserving water and providing a margin of safety for the western terminal city on the CRMWD system, said E. V. Spence, general manager.  
Work is due to be completed within 45 days. In the meantime, water will be delivered to steel tank storage. After the work is complete and the reservoir filled, Odessa could operate several days at peak consumption without any difficulty were trouble to develop on the main supply line.

## Four Highway Accidents Occur

Four collisions were reported to Big Spring police Friday evening and Saturday. All were on highways within the city limits.  
Lavonda Wood Herrington, 1110 North Bell, and Troy W. Renfro, Snyder, were operators of vehicles which collided at the intersection of 3rd and Gregg shortly after 9 p.m. Friday.  
The other Friday accident, in the 2300 block of South Gregg, occurred about 10:45 p.m. Drivers were Finston Odum, 1202 Austin, and James S. Roberts, 207 East 9th.  
A truck driven by William Solan Garner of Texarkana, was in collision with a parked car in the 200 block of West 3rd about 9:45 a.m. Saturday. Officers said owner of the car was not known.  
Clenda Jane Atkins, Ellis Homes, and Bobby Earl Steward, 1903 Donley, were operators of vehicles which were in an accident in the 100 block of East 3rd about 1:35 p.m. Saturday.

## Active Wells Jump Sharply For Week

AUSTIN, June 12 (U.S.P.)—Well drillings shot upward to 493 in Texas this week, more than 200 above last week's figure, the Railroad Commission reported today.  
Completion of 867 oil wells—one of the biggest totals ever recorded for a single week in recent years—catapulted the year's total to 5,303, far ahead of the year-ago total of 4,495.  
Thirteen gas wells were brought in, raising the year's figure to 555 against 419 a year ago.

## Succumbs

Dr. O. L. Savage, pastor of the First Presbyterian Church here in 1940-42, died Friday at Killam. Services are to be held at 3 p.m. Sunday at the Presbyterian Church and burial will be in San Antonio on Monday. The family home is at 1302 Carrolway in Killam.

## U.S. Seeks Way To Deal Firmly With Asia Crisis

By JOHN M. HIGHTOWER  
WASHINGTON, June 12 (U.S.P.)—Officials, dismayed by spreading weakness among the Allied powers, searched urgently today for ways to check the drift and come to grips more firmly with the Indochina crisis.  
The breakdown of French leadership was regarded here as especially unfortunate. It comes at a time when Indochina peace negotiations at Geneva are in a critical state and the Communist military bid for a new victory over French and native forces in the Hanoi area is mounting steadily toward a great battle.  
Secretary of State Dulles has advised Undersecretary of Walter Bedell Smith, chief U.S. delegate at Geneva, that he would like to see the Geneva negotiations brought to a quick conclusion. Dulles thinks it is now completely clear that the Reds are using diplomacy at the conference table to delay and confuse Allied efforts to meet the Indochina crisis.  
Dulles conferred for several hours today with his top advisors on the whole range of difficulties related to the French and Indochina problems. These questions include both the possibilities of American and Allied intervention in the Southeast Asia conflict and the chances of French measures to strengthen the defense of the free world in Western Europe by ratifying a proposed European army. Officials indicated that Dulles is reaching the end of his patience on this long-frustrated project, about which he has repeatedly warned the French government and people.  
Dulles returned from a flying tour of the West Coast after midnight today. By 10 a.m. EDT, he was at his State Department desk conferring with Counselor Douglas MacArthur II, Deputy Undersecretary of State Robert Murphy, Asst. Secretary Livingston Merchant, who deals with European affairs; Acting Asst. Secretary Planning Chief Robert Bowie and others.  
There was no prospect that the United States government will intervene in the Indochina war prior to the battle for Hanoi, if it is joined by July 1 as officials now expect. There is a belief, however, that if the Allies could begin to take the political steps toward military intervention it would overcome some of the bad morale among native forces in Indochina and strengthen the French resolve.  
But there is no certainty that these political steps can be taken in time and the uncertainty has been greatly increased by the French National Assembly's rebuff today to Premier Joseph Laniel's government, resulting in Laniel's offer to resign. These events may be dealt with quickly next week, but there is a big chance that France will be paralyzed for days or weeks insofar as great new policy decisions are concerned.

## 3 Firms Obtain Webb Contracts

Tentative contracts have been awarded by the purchasing and contracting office at Webb AFB to three firms.  
Mead's Fine Bread of Big Spring was low with a bid of \$14.515 for 231,100 pounds of white bread and 2,400 pounds of whole wheat bread over a six-months period ending Dec. 31, 1954.  
Paine Laundry of 210 Avenue P, Lubbock, was low on the proposal to launder miscellaneous items consisting of aprons, blouses, caps, coats, mattress covers, pillowcases, sheets, trousers, buttoned jackets, rags, flying suits and jackets. The figure was for \$13,985.  
Burdan Company, Midland, submitted the low offer of \$41,175.75 for furnishing buttermilk, cottage cheese, frozen whipping cream, hot margarine, hot lard and half cream during the six-months period ending Dec. 31, 1954.  
Before becoming final bids must be approved by headquarters of Flying Training Air Force.

# Cadillac

He's Ten Years Younger Today!

Here's a man who has just taken ten years off his age—insofar as his spirits and mental outlook are concerned.  
He's going for his first ride in his first Cadillac—and he's a happy, happy man—with his hopes in the sky and his heart singing a song it hasn't recalled for a decade.  
He's having an experience which we can't tell you about. You have to live it yourself—at the wheel of that first Cadillac—in order to evaluate it.  
You know how it goes. You work and you worry and plan and hope. The years go by—and, bit by bit, you get things done. The insurance creeps up where you want it—the mortgage on the home goes into the fire—there's that next-egg against the future and the college fund is in the bank.  
And then, one day, you feel there's no further need for resisting—so you order the Cadillac—and wait for the happy news—"It's here!"  
Your ride home will live in your memory forever. You've put the cap sheaf on your world of dreams.  
Of course, this great sense of personal well-being is only the first thrill that comes with your Cadillac.  
There's its magnificent performance—its marvelous balance and roadability—and its rare comfort and safety and handling ease. Every hour at the wheel is a privilege—and every journey is a wonderful memory.  
Is the time about right for you to step up to a Cadillac?  
If so—please come in and see us. The longer we're in business, the happier we are when we deliver a man his first Cadillac.  
We'll be waiting to welcome you—anytime.

Webb Honor Guard

These airmen from Webb Air Force Base will act as official bearers at the Flag Day ceremonies in Midland Monday. The program starts at 8 p.m. in the Midland high school stadium, under auspices of Elks Lodges of Big Spring, Midland and Odessa. The 509th Air Force Band of Webb AFB will participate in the ceremony.

## Elks Of Three Cities To Join In Annual Flag Day Ceremonies

Formal exercises at 8 p.m. Monday at the football stadium in Midland will commemorate the 117th anniversary of the adoption of the first American flag.

As in past years, sponsors of the colorful ceremonies will be the Benevolent and Protective Order of Elks through joint efforts of the

Big Spring, Midland and Odessa lodges. Last year the rites were held in Big Spring; next year they will go to Odessa on a rotation plan.

The patriotic address, always the climax to the program, is to be delivered by Col. Fred M. Dean, commander of Webb AFB. Also appearing on the program will be the 509th AF Band and the crack drill team from Webb which will serve as the honor guard.

Traditional rituals of the Elks in connection with its major emphasis upon Flag Day observance will be followed.

Joe Clark, exalted ruler, Oliver Cofer and W. C. Ragdale of the Big Spring lodge have joined with George Christie and D. D. Varnell of Midland and the Rev. Evans, A. M. Morris and J. B. Etheridge of Odessa to handle the ritualistic work.

Mayor G. W. Dabney formally proclaimed Monday as Flag Day, calling upon all citizens to "display Old Glory in your business houses, homes and institutions and to make every effort to attend the interesting and colorful Flag Day ceremony at Midland football stadium." The program, he added, not only would be a means of paying proper respect to the flag but also would contribute toward still better inter-city relations.

Elks have invited mayors and managers of Chambers of Commerce in the three cities to be on the speaker's platform during the

program. Among other invited guests are Reps. Ken Reagan, Midland, George Mahon, Colorado City, State Rep. Obie Bristow and State Sen. J. T. Rutherford, Odessa.

State Fair Musicals' Advance Sale Is High

DALLAS, June 12 (AP)—The State Fair Musicals for 1954 will open Monday night with the largest advance ticket sale in the summer series' 13-year history.

The increase is about 43 per cent over any previous year, state fair officials said. Traditionally, the musicals in the 4,300-seat State Fair Auditorium here include six shows during a 12-week run.

Opener for the season will be "The Jack Benny Revue," the first variety show ever presented during the summer season.

Travis County Has 3 Polio Cases In Week

AUSTIN, June 12 (AP)—Mrs. Dolph Simon, Travis County's third polio case within a week, was reported in very good condition at Brackenridge hospital today.

Travis County has had four polio cases this year, two more than a year ago.

## 177th Anniversary Of Flag's Adoption Is Marked Monday

A calm Flag Day observance will commemorate in Big Spring the adoption of the Stars and Stripes by the Continental Congress on June 14, 1777, 177 years ago.

No official city, American Legion, nor VFW observance will be held. However, it is expected that numerous townsmen will fly flags at their homes and businesses on that day.

Local Elks will go to Midland for a Flag Day program in cooperation with Elks of Odessa and Midland.

Betsy Ross and her connection with the first American flag has, in recent years, become as traditional as the legend of George Wash-

ington and his father's cherry tree.

Mrs. Ross, a young Philadelphia widow who supported herself and children by her excellent needlework, was commissioned by George Washington in 1776 to make the first flag, the classic story says.

The stars in the union of the American flag represent all 48 states collectively. No single star, contrary to popular belief, can be designated as belonging to a particular state.

Some historians say the stripes in the US flag were taken from the red and white striped flag of the British East India Company, while the stars came from the family seal of Washington. Others believe the stripes evolved from the Dutch

## Rankin Adds Water Wells

RANKIN, Tex., June 12 (AP)—This little town in the dusty West Texas sheep and oil country finally has plenty of water and is boasting it will become an oasis.

Rankin is in one of Texas' driest sections. Its water situation started getting really tough half a dozen years ago when oil was discovered nearby and the population of 600 more than doubled.

Last year Upton County voted \$360,000 in bonds for water for a Rankin park system, the excess to be sold to residents. This week water from nine wells was turned into the city mains.

The county has storage capacity for 400,000 gallons. The city can bring that up to 500,000 gallons. And more than half a million gallons a day can be pumped from the new wells.

The county owns two sections of water rights for Rankin so that additional wells can be dug if needed.

County Commissioner Tom D. Workman Jr. said the wells cost about \$220,000, so the saving of \$140,000 from the bond issue will be used for park improvements and any further water expense.

What residents like best about the new water system is that instead of a front yard full of dust and prairie bushes a pretty soon they'll be looking at grass and flowers.

## 113 Communicable Infections Listed

Local doctors reported 30 cases of tonsillitis and 21 cases of strep throat in this area last week. Total number of communicable diseases listed with the City-County Health Unit was 113.

Other diseases with a large number of cases included upper respiratory, 12, and diarrhea, 16. The weekly report also included measles, 2; chickenpox, 8; mumps, 2; influenza, 2; pneumonia, 4; bronchitis, 6; gastroenteritis, 6; meningitis, 1; and virus, 3.

flag, and the stars were taken from the Rhode Island flag. The symbolism of the US flag was explained by Washington, who said that the stars had been taken from Heaven, the red from England, and the white stripes had

been added to indicate a separation from the mother country. Stars have long been used to denote dominion and sovereignty. Blue, as an honor color, contrasts both white and red. Therefore, it is technically incorrect to speak of the American flag as being red, white, and blue. It is actually blue, white, and red.

## Badger Nephew Dies In Korea

Word has been received here of the death in Korea Monday of Bertrand M. (Mack) Badger, 21, of San Angelo, a nephew of Bert Badger, Big Spring inspector for the Department of Agriculture's Pink Bollworm Control Division.

Cpl. Badger, who died in a helicopter crash, was one of the two sons of Mr. and Mrs. Marlon Badger of San Angelo, where the father, a veteran of World War II, has been county agricultural agent for several years.

Last Oct. 4, Cpl. Badger and Miss Patricia Cooke of San Angelo were married there. He went on active duty with the Army while a member of the 64th Armored Field Artillery National Guard unit at San Angelo. He had only been on active duty a few months.

Cpl. Badger graduated from the San Angelo High School and had attended Texas A&M College for one year before applying for active duty.

Survivors include the widow, parents, and one brother, Marlon D. Badger, 18, a student at Texas A&M.

The body will be returned to San Angelo by the most expeditious route, according to a message received by the family from the office of the Adjutant General in Washington.

## Guard Units Are To Train

NORTH FORT HOOD, Tex., June 12 (AP)—Thousands of green-clad National Guardsmen today were headed for North Fort Hood and the annual field training of Texas' 36th Infantry Division.

Some of the division's 9,000 guardsmen already were on the move aboard troop trains.

Advance detachments from all units of the division already were in camp, setting up kitchens for a hot meal to be served the troops on their arrival, checking out equipment, stringing up communication wire and putting in shape the various installations that will serve the T-Patchers for the next two weeks.

During the second week of the camp this year, the entire division will move out into the field to live and train under simulated combat conditions. Firing of all weapons of the division on the various ranges will occupy much of the first week.

Next Saturday the T-Patchers will hold the annual "Governor's Day" parade and review before Gov. Allan Shivers and military and civic dignitaries of the state.

## Judge To Address Texas Bar Banquet

AUSTIN, June 12 (AP)—Chief Judge John J. Parker of the U. S. Court of Appeals for the Fourth Circuit, Charlotte, N. C., will address the annual banquet of the State Bar of Texas convention July 2 in San Antonio.

He will discuss "Leadership of the Bar."

## Killeen Radio Station Plans Get FCC Okay

WASHINGTON, June 12 (AP)—The Communications Commission has tentatively granted an application of W. A. Lee, A. W. Stewart and Franklin T. Wilson, doing business as Highline Broadcasting Co., for a radio station at Killeen, Tex., on 1050 kilocycles, 250 watts, daytime only.

In the absence of objection, the grant will become final in 60 days.

## KNOW YOUR COURTS

The District Court is the highest Trial Court in the judicial system of Texas. It has jurisdiction over land titles sometimes involving millions of dollars. It has exclusive jurisdiction over divorces, and the most important part of which is the proper handling and disposition of the semi-orphan children resulting from broken homes.

The Court has jurisdiction over all felonies and capital punishment crimes—thus in some instances the life or death of one charged with crime.

The Federal Court does not have jurisdiction over murder, rape, theft, burglary and such like crimes. The Federal constitution does not give Congress the power to enact laws making it a federal offense to murder, rape, steal, or burglarize. The only exception is where such crime grows out of the property belonging to the Federal Government or the crime is transacted across the State line.

We see, then, that the Judge of the State District Court exercises the most important judicial functions of any Trial Judge in the State of Texas. He should be a man that has a profound knowledge of the law. He should be a man who has had a vast amount of experience in the actual court room as well as practice in the appellate courts.

Not only that, he should have an appreciation and understanding of the human element in the problem involved, not only in dealing with adults, but in dealing with the custody and disposition of children from broken homes.

The judge should be a Christian gentleman actively engaged in some kind of church work. A judge that has cared nothing for the Church, and has never been accustomed to work with his fellow man in some religious activity, has not developed, and cannot develop, such a sense of righteousness as to better qualify him to administer the duties of his office. Righteousness is a much needed element in dispensing justice, and a man that shuns church does not develop this mental balance.

### CLYDE THOMAS

Candidate for District Judge for Howard, Glasscock and Martin Counties

(Pub. Adv. paid for by Clyde Thomas)

# New engine power! New operating economy!

## New Chevrolet Trucks... do more work per day... more work per dollar!

You save hours on the road. Thanks to new high-compression engine power, you can maintain faster schedules without driving at higher maximum road speeds. Increased acceleration and hill-climbing ability cut your time per trip.

You save extra trips. That's because of extra load space. New pickup bodies are deeper, new state and platform bodies wider and longer. Also, they're set lower to the ground to make loading and unloading faster and easier.

You save time on deliveries. With new truck Hydra-Matic transmission, you can forget about clutching and shifting—for good! This proved, economical automatic transmission is optional at extra cost on 1/2-, 3/4- and 1-ton models.

You save on operating costs. The "Thriftmaster 235" engine, the "Loadmaster 235," and the "Jobmaster 261" (optional on 2-ton models at extra cost), deliver greater horsepower plus increased operating economy.

You save with lower upkeep, too. New Chevrolet trucks are built stronger to last longer. For example, there are heavier axle shafts in two-ton models, bigger clutches in light- and heavy-duty models, stronger frames in all models.

And your savings start the day you buy. In fact, they start with the low price you pay—and they never stop as long as you own a Chevrolet truck. Chevrolet, you know, is America's lowest-priced line of trucks.

Come in and see all the wonderful new things you get in America's number one truck. We'll be glad to give you all the money-saving facts.

MOST TRUSTWORTHY TRUCKS ON ANY JOB! Chevrolet Advance-Design Trucks

Now's the time to buy! Get our BIG DEAL! Save with a New Chevrolet!

# MEN IN SERVICE

STEPHEN GAY

Stephen and Robert Gay, sons of Mr. and Mrs. Morris Gay, 304 East 18th, are both in the Air Force but stationed opposite sides of the world.

Stephen Gay, an airman first class, is now on his way to Tokyo aboard the U.S.S. Breckenridge. He recently re-enlisted for a six-year hitch after serving four years. Part of the time he was stationed at Webb Air Force Base.

Robert Gay, now stationed at McDill Air Force Base in Tampa, Fla., has been in the service only since October of last year. He is attending Air Force Instrument mechanic school in Florida. He is 18.

Both men are graduates of Knott High School and both played football. Stephen's wife the former Shirley Ache, resides here with her parents at 702 East 12th.

John E. Robinson, electrician's mate third class, USN, son of Mr. and Mrs. William T. Robinson of 607 W. 17th, is serving aboard the light cruiser USS Manchester in the Far East as part of the UN Peace Patrol.

Sailors aboard the Manchester had the distinction of being among the first Americans to observe Easter this year when the ship crossed the International Date Line en route to the Far East. With the crossing of the line and the rolling forward of the ship's clocks, Saturday was eliminated, causing Easter Sunday to fall on the day after Good Friday.

Joe E. O'Brien, whose wife Betty lives at 815 North 18th in Lamesa, recently transferred from the 40th Infantry Division to the

ROBERT GAY

7th Infantry Division in Korea. Corporal O'Brien holds the Korean Presidential Unit Citation Badge. The corporal, son of Mr. and Mrs. C. O'Brien, Route 4, Lamesa, entered the Army in October, 1952.

Pfc. Marvin N. Wilkerson, 20, son of Mr. and Mrs. Albert Spivey, Colorado City, recently arrived in Korea for duty with the 2nd Infantry Division.

Wilkerson entered the Army in April, 1953, and was last stationed at Fort Leonard Wood, Mo. He and other members of his division are undergoing intensive training as part of the U. S. security force on the Korean peninsula.

Pvt. Wid K. Hyer Jr., 19, whose parents live at 1007 East 2nd, is now serving with the 7th Anti-Aircraft Artillery Group on Okinawa.

Hyer, a former student at Big Spring High School, entered the Army in November, 1953, and completed basic training at Fort Bliss, near El Paso. He is with the 2nd AAA Battalion in his group. Okinawa is located off the coast of China between Formosa and the southern tip of Japan.

Three Big Spring men have been accepted for service in the United States Marine Corps. They are Jimmy Don Ellison, Ray Todd, and Kirk Falkner. They left here Tuesday for San Antonio and passed their physical exams Friday there in San Diego, Calif. To begin their boot training, Jimmy Don Ellison is the son of Mr. and Mrs. E. L. Ellison; Ray Todd is the son of Mr. and Mrs. Clarence Todd; and Kirk Falkner is the son of Mr. and Mrs. B. T. Falkner.

## New PAL Flight Schedules Will Start Monday

Pioneer Air Lines will provide express, stop-over service from Fort Worth and Dallas to Big Spring when new schedules become effective Monday, B. R. Watson, local company manager, announced Saturday.

Pioneer also has filed with the Civil Aeronautics Board an application to permit the company to land two flights daily on the Houston-Austin-San Angelo-Midland-Odessa route at Big Spring if a passenger reservation had been requested.

Granting of the Pioneer request would permit the company to stop at Big Spring between Midland-Odessa and San Angelo so as to provide commuter type service south to Austin and Houston. By the same token, one daily northbound flight could stop at Big Spring after leaving San Angelo and before landing at Midland-Odessa to provide return service from the Austin and Houston area.

The two Pioneer flights on the Houston-Midland-Odessa route would stop at Big Spring only if there was a passenger reservation for the same on that segment, Watson explained.

Effective with the June 14 schedules, Pioneer will have four flights daily to Big Spring. One flight, Number 41, will leave Dallas daily at 7 a. m. and Fort Worth at 7:16 a. m. and arrive in Big Spring at 9:11 a. m. after stopping only at Abilene.

The second plane from Dallas and Fort Worth will leave the former city daily at 6:15 p. m. and arrive in Big Spring at 8:54 p. m. Both planes continue on to Midland-Odessa.

Service from Big Spring to Abilene, Fort Worth and Dallas will be based on two flights daily leaving Big Spring at 6:27 a. m. and 7:42 p. m. The 6:27 a. m. flight arrives in Fort Worth at 8:45 a. m. and in Dallas at 9:01 a. m. while the 7:42 p. m. plane arrives in Fort Worth at 10:12 p. m. and in Dallas at 10:28 p. m., Watson explained.

Service from Big Spring to Abilene, Fort Worth and Dallas will be based on two flights daily leaving Big Spring at 6:27 a. m. and 7:42 p. m. The 6:27 a. m. flight arrives in Fort Worth at 8:45 a. m. and in Dallas at 9:01 a. m. while the 7:42 p. m. plane arrives in Fort Worth at 10:12 p. m. and in Dallas at 10:28 p. m., Watson explained.

## Big Spring Schools To End Year With Healthy Balance

The Big Spring Independent School District will finish its fiscal year on Sept. 30 with a healthy balance.

This is indicated in the financial statement for the first nine months of the year—the nine months which carry the major financial load of instructional service.

Disbursements for the period have aggregated \$848,847, or \$160,786 under the budget for the year. However, three more months must be charged against that budgetary difference.

During the first nine months of the year receipts amounted to \$901,936, which is \$46,513 less than is anticipated for the year. One of the sources of revenue, that of payments from the federal government in lieu of taxes, was \$37,257, or \$26,000 more than budgeted. Of \$346,954 due from the state per capita payments, \$79,840 is lacking. So is \$22,280 of the \$181,667 anticipated from the state foundation program.

The district collected \$409,355 in taxes, or \$31,636 more than budgeted. Delinquent taxes amounted to \$10,004, which is within \$2,987 of the anticipated figure.

Administrative costs for the first three-quarters were pegged at \$31,371, or \$13,483 under the year's outlay. This department, however, will continue to incur costs during the summer months. Instructional costs stood at \$557,994, which is \$111,921 under estimates. Here again, supervisory salaries, supplies, will pull down this margin perceptibly before the end of the year.

Other disbursements show plant operation \$53,334 (\$21,215 under), plant maintenance \$17,494 (\$9,005 under), auxiliary service \$15,327 (\$5,518 under), fixed charges \$30,976 (\$6,476 over), capital outlay \$22,191 (\$2,186 under), debt service \$84,938 (\$3,933 under).

Derrell Dobbs, 1410 Ash, Abilene, who saw (in his rear view mirror) the car swerve across the road, ran back to the wreckage and found Mrs. Rickett on a fence. He and others brought her to the highway but she died within a few minutes.

No cause of the mishap had been fixed, said Highway Patrolman W. A. Jacob.

Mrs. Rickett was a native of Big Spring. Her parents, Mr. and Mrs. E. W. Hale, lived here from 1903 until they moved to Breckenridge in 1931.

Rites will be in charge of Dr. Jordan Grooms, pastor of the First Methodist Church. Burial will be in the City Cemetery.

Mrs. Rickett leaves her husband, to whom she was married in 1947 in Big Spring; two step-children, Barbara Ann and Tony Kay; her parents; five sisters, Mrs. Joe Wood, Mrs. Albert Knappe, Mrs. P. E. Witt of Big Spring; and Mrs. Cecil Filler and Mrs. Buster Wood, Breckenridge.

Fallbearers will be Perry Dally, D. L. Knightstep, Rufus Davidson, W. A. Fitzgerald, Troy Love and Tolly Hale.

## Duncan Venture Has Trouble With Swab

The swab has been stuck at Duncan Drilling Company's No. 2-A Currie, a Howard-Glascock venture some 12 miles south of Big Spring.

Operator lost swab after perforating and acidizing and attempts to loosen it have so far failed. The No. 2-A Currie is 330 from south and 510 from east lines, 4-32-29, T&P survey.

## Hockley Prospector Projected To Reef

Stanolind and J. F. Abercrombie et al No. 1 G. W. Sosebee is a new wildcat prospect in Southeast Hockley County slated for a test of the Pennsylvanian.

Projected drilling depth is 10,000 feet, operator reported. Drill site is 860 from north and east lines, 64-12-Donley CSL. It is located about six miles northwest of Ropesville.

## Gulf States North Midland Wildcat

Gulf has spotted its No. 1-L Scharbauer Cattle Company as a wildcat prospect about four miles north of Midland just inside the north line of Midland County.

The wildcat will be drilled to 10,000 feet and tests will be made of the Ellenburger. Drill site is 860 from south and 1,980 from east lines, 3-39-1s, T&P survey.

Give Dad the gift he'd choose himself—Van Heusen

Here's six excellent gift ideas that will please Pop Sunday, June 20... gifts that he'd pick himself. Bring the kids, come in tomorrow and let us wrap-up your Father's Day gift problems in our special gift wrap paper.

**Dress Shirts**

His favorite brand, Van Heusen, in whites and colors. French or barrel cuff. Several collar styles.

**\$3.95 up**

**SLACKS**

Select his slacks from our new arrivals just for Pop's day. All wools, deans and blends.

**\$7.95 up**

**Sport Shirts**

Van Heusen sport shirts are just the thing for his leisure hours. Nylon, dacron, rayons and cottons. Pick several.

**\$2.65 up**

**BELTS**

Braid and stretch belts in colors to go with every shade of slacks. They breathe with him, are more comfortable.

**\$1.50 up**

**SOCKS**

Pick Dad's new socks from our stock of argyles or stretch nylons. New colors for spring and summer wear. All sizes.

**55c up**

**Cuff Links**

New cuff links or cuff link and tie bar sets are ideal for the Father who has everything. By Swank, new styles.

**\$1.50 up**

**FREE GIFT WRAPPING**

**RODGER'S**

205 MAIN

## BAYLOR

WATER Resistant

Popular Boy "Sportsman"™ with shock resistant, 17-jewel movement, water resistant stainless steel back and band, some styled expansion band.

**NO DOWN PAYMENT**

# Nixon Says U.S. Must Aid Asia To Defeat New Red Techniques

WHITTIER, Calif., June 12 (AP)—The United States must support Asian causes to defeat the new Communist techniques of aggression evidenced in Indochina, Vice President Richard Nixon said today.

In an address prepared for delivery to the graduating class of his alma mater, Whittier College, Nixon said these techniques involve use of a foreign-controlled, directed and inspired revolution.

"The natives of the country they desire to dominate do the fighting for them," Nixon said. "And they accomplish this by winning the leaders over to the Communist cause."

The vice president, who flew to Los Angeles from Washington last night and then escaped injury in a traffic accident, was the principal

speaker at a commencement where he received an honorary doctor of laws degree.

"The record clearly shows that there is only one threat to the peace of the world—the one which is presented by the international Communist conspiracy with its power center in the Soviet Union," Nixon said. "Except for the Communists, every nation in the world has rejected war as an instrument of national policy."

He said that because of the United States policy of "peace without surrender," cooperating with the United Nations, maintaining military strength and stressing retaliatory power, chances for overt Communist aggression have been reduced to a minimum.

But he said the Communists have developed revolutionary techniques.

"In Indochina we see one of the most effective of those techniques," he said. "Here is the greatest present danger to the free world. No soldier has marched across the border and none landed on the shore. Yet Indochina is in grave peril and if it falls, the consequences to the free world could be desperately serious."

Nixon said limiting of our reaction to an attempt to aid existing governments in putting down revolutions once they begin is to head for disaster "because we will be confronted with one Indochina situation after another all over the world."

"If Indochina is lost by negotiation at the conference table or by defeat on the battle field," said Nixon, "the Communists will use that fact in a subtle and devastating way to convince those on the fence in Asia that the Communist side is the winning side."

In outlining what he termed America's policy of "peace without surrender," Nixon said: "We must recognize that we can't do the job alone. We need allies all over the world. We, therefore, cooperated with the United Nations in resisting aggression in Korea. We have called for united action to resist aggression in South-

east Asia. We are developing alliances in South America, in Asia, and in Europe to resist Communist aggression."

"We have adopted a new military policy which places primary reliance on mobile, retaliatory power to be used against the major source of aggression at our discretion. We have done this, not because we want an atomic war, but because we don't want one."

The vice president's traffic mishap last night came shortly after he left the airport en route to his parent's Whittier home.

Nixon's automobile, leading a cavalcade of three from the Los Angeles International Airport, was sideswiped by a swerving car which then crashed head-on with one in which Secret Service men rode.

No one was injured. Police identified the driver of the car that struck the Nixon cavalcade as Harold Belfry, 43, of Los Angeles. He was booked on suspicion of misdemeanor drunk driving.

Wow! What A Head!

Joey Pientrandrea, 3, holds his head and exhibits two beautiful "shiners" and a bandaged head in the Receiving Hospital in Detroit, Mich. He might have gotten by colliding with a truck. But police said he was the victim of a beating by his 20-year-old mother, Mrs. Rosemary Pientrandrea, because Joey spilled a glass of milk. The lad's father filed a complaint against Mrs. Pientrandrea. (AP Wire-photo.)

## Ex-Convict Denies Killing Aged Couple

BRISTOL, Tenn.-Va., June 12 (AP)—A slight ex-convict calmly denied today he killed a Texas woman and wounded her husband after kidnapping them from a roadside picnic table.

William Charles Stubbs, 22, of Rochester, N. Y., his shirt bloodstained, was captured at a roadblock here last night and jailed without bond on a murder charge in the death of Mrs. Ruth Holm, 55, of Karnes City. He also was charged with felonious assault in the wounding of her husband, Axel Holm, 62, a farmer.

Sheriff Ham Hurd said Stubbs was released June 4 from the Texas Prison at Huntsville, where he had served a sentence for burglary.

"He just won't say anything about it," Bristol police said. They said he admitted only that "an elderly couple" gave him a ride, and that he had been fishing in a stream along the highway.

Holm, who last night told police Stubbs was his assailant, related this story:

Holm, a native of Sweden, and his wife were en route to Providence, R. I., where they were to catch a plane for a visit to Sweden. As they passed through Blountville, Tenn., about 15 miles west of here, some 50 miles southwest of here.

A gunman appeared. Mrs. Holm was ordered into the rear seat. Holm in the front and the highwayman took the wheel—steering with his left hand and brandishing a revolver with the right.

As they passed through Blountville, Tenn., about 15 miles west of here, some 50 miles southwest of here.

## Steelworker's Wife And Children Found Dead; Mate Caught

BEAVER FALLS, Pa., June 12 (AP)—A steelworker's wife and her two children were found shot to death today in a two-room cabin which neighbors said had been the scene of frequent domestic quarrels in recent days.

State police said tonight they had apprehended Patrick Lance, 30, husband and stepfather of the victims. They gave no details. The police had broadcast a three-state alarm for Lance, describing him as "armed and dangerous."

The victims were Agnes Hoffman Lance and her children, Clyde, 9, and Agnes, 11. Police said the children had been going by the name of Lance since the couple were married two years ago.

## BEAR NO MATCH FOR AGED MAN

PORTAL, Ariz., June 12 (AP)—A clout on the snout is what a bear got when he mugged around with leathery old Ignacio Flores.

Flores, a woodcutter, is more than 100 years old. He's an independent man and never bothers others.

While Flores slept, the bear came upon his camp, ripped the canvas tent to shreds and whacked the man a vigorous slap on the head.

Flores grabbed a stick of wood and slapped the bear right back. The intruder lumbered away.

## Local Graduate Wins Prize Job, Takes Another

Will White, graduate of Big Spring High School, has settled down to a less glamorous job after earning a coveted journalism prize.

He was one of three winners in a nationwide writing contest among American university and college students. The 22-year-old graduate journalism student at the University of Texas was granted a summer internship on Newsweek Magazine. This carried with it travel pay to New York, a handsome salary, experience in virtually all departments of the magazine, and association with some top newswriters.

But he declined. Reason was that he had accepted a regular position as assistant director of public relations for the Texas Insurance Advisory Association in Austin. This will enable him to continue with his graduate work at the University.

White is the son of the Rev. and Mrs. Aubrey White. His father, pastor at Merkel, was formerly pastor of the Wesley Methodist Church here. Will was born in Laton, Mo., and attended schools in Oton, Happy, Clyde and Big Spring, graduating here in 1949. He gained his Bachelor of Arts degree from McMurry College in 1953.

In Austin, White has been an assistant night editor of the Daily Texan. He worked six months as a general reporter for the Abilene Reporter News prior to that.

His winning piece in the contest was a 1,200 word analysis dealing with Communist "brainwashing" techniques. Earlier, he had won a special award for the best feature on a newspaper personality (Ham Wright of Abilene) written by University journalism student.

## Vietnam Militiamen Throw Back Commie Night Assault

By LARRY ALLEN  
HANOI, Indochina, June 12 (AP)—Vietnamese Catholic militiamen, fighting side by side with French forces, beat back a Vietminh night assault on their village 15 miles northwest of this war capital, in the only heavy Red River Delta fighting in the past 24 hours.

A French army spokesman said possibly 700 Communist-led Vietminh raiders turned back after the assault on their village 15 miles northwest of this war capital, in the only heavy Red River Delta fighting in the past 24 hours.

He was one of three winners in a nationwide writing contest among American university and college students. The 22-year-old graduate journalism student at the University of Texas was granted a summer internship on Newsweek Magazine. This carried with it travel pay to New York, a handsome salary, experience in virtually all departments of the magazine, and association with some top newswriters.

But he declined. Reason was that he had accepted a regular position as assistant director of public relations for the Texas Insurance Advisory Association in Austin. This will enable him to continue with his graduate work at the University.

White is the son of the Rev. and Mrs. Aubrey White. His father, pastor at Merkel, was formerly pastor of the Wesley Methodist Church here. Will was born in Laton, Mo., and attended schools in Oton, Happy, Clyde and Big Spring, graduating here in 1949. He gained his Bachelor of Arts degree from McMurry College in 1953.

In Austin, White has been an assistant night editor of the Daily Texan. He worked six months as a general reporter for the Abilene Reporter News prior to that.

His winning piece in the contest was a 1,200 word analysis dealing with Communist "brainwashing" techniques. Earlier, he had won a special award for the best feature on a newspaper personality (Ham Wright of Abilene) written by University journalism student.

## U.S. Ideas On Guatemala Gain Support

WASHINGTON, June 12 (AP)—Washington diplomats said today widespread Communist-fomented disorders throughout Latin America, plus a secret U.S. State Department report on Communist tactics in Guatemala, have helped line up hemisphere support for a U.S. move to quarantine the Central American Red stronghold.

American informants predicted this country would ask Monday, at a meeting of the Council of the Organization of American States here, that united action against Guatemala be considered at the Montevideo, Uruguay, conference of foreign ministers scheduled to take place about July 1.

U. S.-proposed resolutions aimed at preventing the Soviets from shipping more arms to Guatemala and stopping Guatemala from stirring up trouble in other Central American countries were reported calling for:

## Forsan Woman Hurt In Wreck

FORSAN — Mrs. C. L. Draper of Forsan was in a hospital at Waurika, Okla., Saturday with injuries suffered Friday night when the car in which she was riding was involved in a highway collision.

Friends here had not learned the extent of Mrs. Draper's injuries. Three other persons in the car suffered serious injuries.

The mishap occurred early Friday night. Mr. and Mrs. C. L. Draper, their daughter, Vera, and Chequita Fowler, daughter of Mr. and Mrs. Cliff Fowler of Forsan, were enroute to Ardmore, Okla., on a vacation trip.

The car collided with a truck and then was struck by another truck. The automobile was demolished.

## Eden, Molotov Talks Reach No Conclusion

By LYNN HEINZELER  
GENEVA, June 12 (AP)—Anthony Eden and Vyacheslav M. Molotov taken over proposed kill-or-cure remedies for the Geneva conference deadlock today, but failed to reach agreement.

The British and Soviet foreign ministers, co-chairmen of the Indochina parley, conferred for an hour at Molotov's villa on courses which could either break the deadlock or end the conference.

A British spokesman described the talk as inconclusive.

The outcome hardened the view of the Western powers that the conference would begin to break up next week.

The plight of the French Cabinet in Paris added to the general atmosphere of frustration in Geneva.

East and West have been trying for seven weeks to reach some common ground on ways of uniting Korea and bringing peace to Indochina, but progress has been almost imperceptible.

From the outset, the Communists have rejected the Western demand for "truly impartial" supervision of free elections in Korea and of any armistice in Indochina. There have been other disagreements, but this was the paramount issue. The West charged the Communists were insisting on a veto right in both instances.

Western sources expected the Korean talks would be wound up by Wednesday, although there was no indication as to how this would be accomplished. A break-off in the Indochina talks was expected to follow soon afterward unless there is some softening of the Communist attitude.

## Indoor Sports Club, For Handicapped, To Hold Meet Here

Approximately 40 handicapped people from Texas and Louisiana will be in Big Spring next weekend for a district convention of the Indoor Sports Club.

The convention will be held at the Settles Hotel, and activities will get under way at 1 p.m. Saturday. Delegates are expected from Amarillo, Plainview, Shreveport (La.), and Weatherford. The convention will last through Sunday at 4 p.m. County Judge R. H. Weaver will deliver a welcome address to the delegates. Edith Dodds, national vice president of the club from New Mexico, will install the officers for the coming year. There will also be a speaker from Austin.

Highlight of entertainment will come Saturday night with "wheel chair square dance" performed by handicapped club members from Amarillo.

Approximately 75 people are expected to attend the convention. This figure includes the "good sports," people who take care of the club members. Host chapter for the convention is of course, Big Spring. James Horton, president (La.), and Weatherford, is convention chairman.

## Steelworker's Wife And Children Found Dead; Mate Caught

BEAVER FALLS, Pa., June 12 (AP)—A steelworker's wife and her two children were found shot to death today in a two-room cabin which neighbors said had been the scene of frequent domestic quarrels in recent days.

State police said tonight they had apprehended Patrick Lance, 30, husband and stepfather of the victims. They gave no details. The police had broadcast a three-state alarm for Lance, describing him as "armed and dangerous."

The victims were Agnes Hoffman Lance and her children, Clyde, 9, and Agnes, 11. Police said the children had been going by the name of Lance since the couple were married two years ago.

## Lions To Observe Silver Anniversary At Banquet Friday

Twenty-fifth anniversary of the chartering of the Big Spring Lions Club will be observed here Friday evening.

Roxie Dobbins, president, said a large attendance is expected for the Ladies Night affair which starts at 7 o'clock in the Settles. Speaker for the occasion will be the Hon. Cecil Collins, associate justice of the 11th District Court of Civil Appeals at Eastland. He was the first president of the club.

Some former presidents of the organization together with those who were members at the outset but who are not affiliated now are expected to participate. Marvin Kay, Alpin, district governor-elect of 2-T-2, will make a presentation of awards.

## Navy Jet Crashes At El Paso, Pilot Dies

EL PASO, June 12 (AP)—A Navy F9 Pantherjet skidded houses, clipped telephone poles and crashed here last night, killing the pilot.

No houses were damaged in the crash or the fire that followed. The plane hit about 50 feet from the nearest residence.

The jet took off from the El Paso Municipal Airport. It was en route to El Toro, Calif.

Observers said it looked as if the plane had power failure, pending notification of next of kin.

## American Doctor, Admitted Ex-Red, Asks For Asylum

LONDON, June 12 (AP)—A young American doctor who said he formerly belonged to the Communist party is being allowed to stay in Britain as a political refugee. He said the British government has already turned him down and is trying to send him back to the United States.

Dr. Joseph H. Cort, a lecturer at Birmingham, England, University, announced at a news conference he was opposing efforts both of the U. S. Embassy and British Home Office to send him home by the end of this month. If forced to return to America, he said in a prepared statement, he faced "lack of employment . . . loss of citizenship and five to 10 years in prison."

Cort, 26, said the American Embassy had accused him of leaving the United States to evade military service. He denied the charge but said if he went back he could be tried under this accusation and under the McCarran Immigration Act. Cort, son of Mr. and Mrs. Boris Cort of Brookline, Mass., said he hoped to become a British citizen if allowed to remain here.

"My own wish is to settle down quietly in the United Kingdom and to continue my scientific work. I firmly believe that my legal and moral position is quite justified and clear."

## Cotton Allotments Total 80,000 Acres

Aggregate cotton allotment for Howard County this year is 86,001.9 acres. Gabe Hammack, county manager for Agriculture Stabilization and Conservation, reported Saturday.

This represents about 70 per cent of the county's record cotton acreage—the 120,000 acres of 1949.

However, Hammack said he doubts that the entire 86,000 acres will be planted to cotton this year. "We never quite use up our allotment," he stated.

Most farms in the county already have cotton crops growing, although some were damaged by hail Monday night and a fierce sandstorm blasted young plants to death on a few farms in the Lomax area Tuesday night.

The county's record for cotton production also was set in 1949, with more than 60,000 bales harvested from the 120,000 acres.

## Shivers, Opponent Differ On Action In Insurance Case

AUSTIN, June 12 (AP)—Gov. Shivers and his opponent in the race for governor, Ralph Yarborough, took different views today on the out-of-court settlement of the Lloyd's of North America insurance case.

Shivers issued a statement extending "heartiest congratulations to the Insurance Commission and to the attorney general's office for their conclusive victory" in securing the company's agreement to accept receivership.

He said it was "part of the drive to clean out weak elements in the Texas insurance industry."

Yarborough, who, like Shivers, was subpoenaed but never called to testify, was suspicious.

"The fact that I was not allowed to testify gives rise to the suspicion that the Insurance Commission is seeking to cover something up," said Yarborough.

He declined knowing anything about the case and said he had nothing to hide.

## 35-Day Bus Strike Ends In Pittsburgh

PITTSBURGH, June 12 (AP)—A 35-day strike by AFL bus and trolley operators on the city's main public transportation system ended today with the workers agreeing to a new basic hourly wage of \$2.01, a 9-cent increase. The new rate is the highest in the country, equalled only by Boston's.

Some 1,222 drivers, members of Division 85, AFL Amalgamated Transit Union, and the Pennsylvania and Motor Coach Employees, voted to accept the offer. There were 172 negative votes. In all, the Pittsburgh Railways Co., operator of the lines, employs 2,700 drivers.

The new contract freezes into the basic wage structure a 6-cent cost-of-living bonus which the men had been getting on top of the old basic rate of \$1.92 an hour, and adds 3 cents more.

The lines serve some 200,000 commuters daily. Since the strike began May 9, the Steel City's downtown workers and shoppers have been pooling their cars and hitchhiking to get to their jobs.

## KIDNAPING

(Continued From Page 1)

purchased two weeks ago. It had not been established if it was the typewriter on which the ransom note was written.

When Marsini appeared in a police lineup, Mrs. Smith quickly picked him out and said:

"That's him. There's no question about it."

She had been with her kidnaper for 29 hours from the time he seized her in front of a Phoenix beauty parlor Wednesday until her husband brought the ransom to the mountains Thursday evening.

Marsini's wife was brought to the police station last night. When told why her husband was being held, she faint.

"I just can't believe it," she sobbed. "He's such a good man."

Marsini and his family came here from Brooklyn 2 1/2 years ago. He had worked for a steel manufacturing company and a construction firm here.

He said he had changed his name from Marsini "for the children's sake."

New York police records show David J. Marsini was arrested in April, 1940, in Brooklyn on a grand larceny charge involving an automobile. The charge was reduced to petit larceny and Marsini received a suspended sentence.

## Texas Poetry Society Announces Its Awards

DALLAS, June 12 (AP)—The Poetry Society of Texas announced today its annual awards for 1953. They included:

Everett Gillis, Lubbock, Old South Prize, \$100; Martin Shockley, Denton, Alamo Prize, \$25; Arthur Sampley, Denton, Maverick Prize, \$10; the late Dean Robertson, Rising Star, Texas Prize, \$25, and Panhandle Prize, \$10.

## Reds Reject Atomic Plan

LONDON, June 12 (AP)—Western officials said today Russia has turned down a broad new Western plan to end the world arms race in both atomic and conventional weapons.

The Western Allies, at the same time, were reported to have rejected Russian proposals for:

1. A Soviet-American agreement to renounce the use of atomic weapons.
2. A pledge by the Big Four powers and Red China not to use any weapon of mass destruction. The Soviets called for these agreements as first steps toward a wider disarmament program that would include a total ban on atomic weapons.

As a result, the informants said, a deadlock seems imminent in secret talks here among the five leading atomic powers on a pact for worldwide disarmament.

Details of the new allied proposal were not disclosed officially. But informants said the plan firmly links any future control of atomic weapons with control and reduction of national forces. Its general aim seeks military parity between the great power blocs. Provisions for light, international supervision are stressed to insure that any program for a gradual and balanced reduction really is carried out.

## THE WEEK

(Continued From Page 1)

pleated and you can get to Gail in a hurry by Vealmoor or Luther.

Newest organization in town is the "Writers' Workshop. It is composed of those who make an effort to sell their output. Through evaluation of manuscripts, members hope to help one another to produce better material. President of the group is L. L. Walter Stewart; Mrs. Anne LeFever is secretary.

Welcome mat is out for Chief of Police E. W. York. He completed a three months course at the FBI Academy on Friday and will be back in harness putting into effect some of the new methods he learned.

Howard County Junior College trustees acquired an electric organ for the auditorium and for teaching—and already 10 have indicated they want to take lessons. Nearly \$2,000 in more equipment for the industrial education (shops) department was added. Another nine business machines have been ordered for the commercial department.

Number of TV applications for Big Spring was reduced to one last week. Texas Telecasting of Lubbock withdrew, leaving Big Spring Broadcasting (KBST) as sole survivor. If FCC holds hearings and grants a permit, action could come within a couple of months.

Chamber of Commerce directors went on record asking the City to take steps to see if Webb AFB could be given permanent status. Starting plans to find what all is involved, and that may not be as simple as it sounds. Anyhow Big Spring is proud of the base and would like to see it perpetuated through proper designation.

Jessie Grasso, who has put in 42 years in Chamber of Commerce work, was recognized appropriately by the Chamber at the annual meeting in Galveston. They named her one of the state's outstanding women.

## Snyder To Start Using Lake Water

The City of Snyder is due to start taking water from Lake J. E. Thomas this week.

Since last autumn Snyder has been drawing upon its well supply. For several months Lake Thomas water had been used but operators had some difficulty in the autumn with settling processes. Since then the city had been seeking to stay on wells until its new filtration plant is completed. However, demand for water now is approaching the limit of the wells. The filtration plant likely will not be ready for another month.

## Health Checks Set In City Lowlands

City Sanitarian Lige Fox stated Saturday that periodic health checks will be made during the coming week of the lowlands area which flooded last Monday.

It is possible that the area will have to be sprayed for mosquito and for prevention against disease, he said. Though the flood waters have drained, several sinks are still filled.

The area was sprayed with a disinfectant chemical mixture of creosote and diesel oil following the May flood.

## What Might Cause Ike To Veto Running Again?

By D. HAROLD OLIVER  
WASHINGTON, June 12 (AP)—Will President Eisenhower run again in 1960?

Would the election of a Democratic Congress this November settle it as far as he is concerned? What two other "certain conditions" might make the President decide to retire when his first term is up?

These are some of the intriguing questions left in the wake of a three-day meeting of district chairmen of the National Citizens for Eisenhower Congressional Committee.

Eisenhower addressed the opening session Thursday with a call for "less political fixation and more political fusion" behind his legislative program.

But the political Geiger counters didn't really go into action until late last night when Eisenhower's top aide, Sherman, said, "I think Adams told the gathering in an off-the-cuff talk that he could think of 'certain conditions' that might make the President's farm at place to retire to."

## Knowland

(Continued From Page 1)

tors have predicted that a large majority of their party members would vote for it if it came to an issue.

With the motion lying on the table, Republicans cannot control the timing of any possible move to bring it up. Any Democratic senator or Sen. Morse (Ind-Ore) who broke with the Republicans, could move for its consideration.

Similarly, it might require a test vote in the Senate if GOP leaders moved to send it to the Rules Committee, where it might be bottled up, or to kill it.

Flanders said he acted without consulting the leadership and Knowland, in talking to reporters, scolded the Vermont senator for not taking the matter up first with the Senate Republican Policy Committee or the conference of all Republican senators.

"I thought it was a mistake for Sen. Flanders to put in this kind of a motion without consulting the leadership," Knowland said.

The California senator said that, in essence, the Flanders move involves an attack on the Senate's jealously guarded seniority rules by which members claim chairmanships.

Knowland said that if McCarthy were removed from his chairmanship, then a minority party in the future might upset the Senate organization by recruiting a few rebels from the opposing party.

As the situation now stands, the Republicans are in the minority but Democrats have made no move to take over the organization. There are 48 Democrats, 47 Republicans and one Independent. The latter often votes with the Democrats.

When the McCarthy-Army hearings resume Monday the subcommittee may have to deal with a "feud" between Cohn and Robert F. Kennedy, adviser to the Democrats on the group.

Kennedy charged that in an exchange of hot words Friday Cohn threatened to "get" Sen. Jackson (D-Wash) who had been asking leading questions of McCarthy about Schine.

Cohn denied any such threats, but he has served notice he wants to use a questioning round to answer some of the charges he said Jackson had been making against Schine.

Cohn was quoted by Kennedy as saying that the McCarthy camp will produce something written by Jackson that "favors Communists."

But Chairman Mundt (R-S.D.) said Cohn had told him he knew of no such writings.

## Kansas Quartet Is Top Singing Group

The Four Hearsemen from Amarillo, representing Southwest Barber Shop quartet singers, finished second in international competition Saturday night in Washington.

First place went to the Orphans from Wichita, Kan.

Ranking behind the Amarillo quartet were the Rhythmites from Toronto, Canada. Fourth place went to the four Lytle Brothers of Pennsylvania. The fifth place winner was the Statesmen quartet from Sacramento, Calif.

The Amarillo entry of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc., won the regional contest which eluded a Big Spring quartet, the Southpaws, by a single point.

## Police Hold Negro On Rape Complaint

Police Saturday night were holding a 45-year-old Negro man for investigation of attempted rape and on drunkenness charges.

He was arrested at the rear of a cafe in Fort Worth Big Spring about 7:15 p.m. Complainant was a 79-year-old Negro woman, officers said. She was not injured in the alleged attack.

## Roundup Wetbacks

SAN FRANCISCO, June 12 (AP)—The Immigration Service said today it will round up thousands of Mexican Nationals, or "wetbacks," illegally in Northern California, next week. Plans, with two-way radio, and autos will be used.

## THE WEATHER

# DO IT YOURSELF Occasional Table For Versatility In Home

By BILL BAKER

Today I want to tell you about an interesting item of furniture called the occasional table. It is one of the newest innovations on the modern scene and top interior decorators are only now discovering it and learning about its versatile features.

I predict that before too many months pass every home will have

It's as simple as one, two, three to get your modern occasional table pattern.

1. Clearly print your name and address on a piece of paper, adding that you want BILL BAKER PATTERN NUMBER 119. 2. Address an envelope to Bill Baker, BIG SPRING HERALD, P. O. Box 1111, Los Angeles 33, California. 3. Enclose only fifty cents (50 cents) in cash, check or money order, seal and mail.

at least one occasional table. As more people discover the many useful advantages of this unit it will become as widely accepted and widely used as the coffee table.

By using Bill Baker's extra-simple pattern number 119 you'll be able to be the first in your crowd to discover the new occasional table. With the pattern you'll be able to have the finished product in your home by spending only a few hours in your workshop.

And when the table is finished you'll discover how versatile it really is.

For example, you might want to use it to dress up a vacant spot in either your living room or dining room. On the occasional table you'll be able to display treasured art ob-

Occasional Table

Newest do-it-yourself pattern is the smart occasional table—a new and versatile item. Adele Mara, popular star of motion pictures and television, shows you how the finished product will look in your home.

jects, potted plants or cut flowers. Or you could use it for book and magazine storage.

Or, perhaps, you might want to use two of them as end tables. Many have discovered that the unusual two-level construction makes an interesting and smart addition to a sofa arrangement. Lamps placed on each of the raised sections brings a whole new look to a room.

Use redwood in turning pattern to finished product and you have a useful and smart item for your yard.

If you use part of your living

room as a dining area, or if your dining table is in a separate "L" of your living room, you'll find the occasional table is an ideal room-divider. Although it doesn't break up a room, it does give depth and separation between the two areas and gives a small room the illusion of being large.

Like all patterns in this series, actual size pattern pieces made of heavy-duty paper are included. All you have to do is trace the pattern, cut and assemble.

Full and complete directions are also included, along with a list of required material.

## Three Texas Cities To Test A-Bomb Defenses Monday

By The Associated Press

Promptly at 11:49 a.m., CST. Monday, June 14, one and a half million Texans are going to be in danger—with quotation marks. In a game of make-believe, imaginary enemy bombers will fly over Houston, Dallas and Fort Worth and drop imaginary atom bombs.

The people will be warned at 8:50 a.m. that the make-believe bombers are on their way. The three Texas cities are among 42 in the United States, Hawaii, Alaska and Puerto Rico selected in an international operation to test civil defense communications.

Fifteen "saboteurs" already have been at work in Houston for days. Monday they're supposed to "blow up" telephone exchanges, bridges, power stations and water facilities.

Fort Worth already has tried out its warning sirens. It has figured out that 37,000 persons will be "killed" and another 24,000 "injured," there.

When the sirens sound, all traffic

in the downtown area will be stopped and the occupants will take shelter in the nearest building for a period of 10 minutes. In the residential areas, drivers will stop their cars but should remain in them.

Dallas has pinpointed the corner of Main and Field streets downtown for the center of the atomic blast and figured all buildings within a 3-mile radius will be destroyed.

The Southwestern Bell Telephone Co. said Dallas would be better off than Fort Worth or Houston in the matter of telephone communications.

The downtown telephone building in Dallas would be in the zone of complete destruction and the long distance exchange would suffer about 25 per cent damage. The telephone company said circuits to the north and east and to Houston and Southeast Texas would be unimpaired. Circuits to the west and south would be knocked out, but communications with Austin, San Antonio and South Texas would be restored quickly by tying on to the Dallas-Houston cable at Corsicana. Communications to the west of Dallas could be restored in four hours.

The blast in Houston would leave adequate local service available outside the destroyed area, the telephone company said. The bomb dropped at Capitol and Austin streets in Houston would destroy both the downtown telephone building and the long distance building. Long distance would be restored partially within four hours.

In Fort Worth, the blast would destroy the downtown telephone office and would leave adequate service locally only outside the destroyed area. Long distance service could be restored partially within four hours, the telephone company said.

## Water Main Break To Take Around Three Days To Fix

A break in a 20-inch water main on East 10th between State and Goliad will take approximately three days to fix, it was estimated Saturday by City Engineer Chilton Bellamy.

The water main broke early Saturday morning near the dip across 10th which leads into Birdwell Tank. Bellamy said the huge line leads direct from the filtration plant to the main part of town.

It is expected that several areas in mid-city will have low water pressures during the repair period, but Bellamy said there would be no discontinuance of service. Water is being pumped from wells south of Big Spring through other pipes to assure an adequate supply.

The huge 20-inch main will have to be cut off at 10th and State and at 10th and Goliad so workers can make repairs. Water superintendent Lee Nuckles is in charge of the repair project.

Thirty accidents resulted in injuries, the report says. A total of 41 persons were injured.

Area patrolmen investigated 104 accidents. Eighty of them occurred on state and federal roads, 24 on farm to market roads and in small towns.

Principal violations causing the accidents, the report says, were speeding, failure to yield right of way, following too closely, and running off roadway.

## 254 Get Certificates In Foodhandling Class

Certificates in sanitary foodhandling were awarded Friday to 254 people who successfully completed the State Health Department's annual Foodhandlers' School here.

The school was "most successful," said Lige Fox, Big Spring sanitarian. Total enrollment was 296, the highest of any school since 1945.

Classes, held twice daily Monday through Friday, were taught by C. B. Bredlove, instructor from Austin. In addition to presenting lectures, Bredlove gave several demonstrations and showed motion pictures on sanitation.

"After all," says Mrs. Sue Esther Hilton, a tall, graying woman of 47, "out of one blood all flesh is made. The Lord says that. We just want to be treated the same."

"I'd like to go to school with white children," said Henrietta Hilton, a solemn, pretty girl of 14, with chestnut-colored skin. "I just don't like to segregate myself because of my color of hair. I'd like to be able to pick friends on another basis."

"I think I'd enjoy being friends with some white girls. Maybe they'd enjoy being friends with me."

"I never wished I was white," said Morgan Hilton, 16. "I just wished many times I was treated like the whites."

What about the fears of so many white people that the end of segregation would lead to intermarriage?

"That don't cross my mind," Hilton said slowly, squinting out at the cotton fields. "That'll take care of itself. Colored people aren't specially anxious to start marrying whites."

"If a daughter of mine wanted to marry a white man, it'd be up to her. I didn't want any dictation along that line. I married who I wanted to marry."

On May 17, 1954, when the Supreme Court of the United States announced its decision outlawing segregation in the schools, William Hilton was out in a pasture stringing wire. He happened to come into the house shortly after Mrs. Hilton heard the news on the radio.

Both, they said, sank to their knees to thank the Lord. Hilton recalled that he offered thanks for the "nine fathers of the country" (the nine justices).

Mrs. Hilton said that as she prayed she thought of Richard Allen, the first slave to buy his freedom, and she thought of Abe Lincoln.

## CAROLINA COUNTY IS EXAMPLE

# Deep South Whites Dead Set Against Interracial Education

By SAUL PETT

SUMMERTON, S. C., June 12 (AP)—This is Clarendon County, in the Deep South, where humans, not legal abstractions, are caught up in a two-color world they never made.

Summerton, where one of the historic Supreme Court cases on school segregation began three years ago, has about 1,500 people—roughly 1,100 colored to 400 whites. Most folks farm for a living, cotton generally being the "money crop." The town business district is little more than one block of a state highway, where promptly at Thursday noon every storekeeper closes up to go fishing.

In Summerton, where Negroes outnumber whites by almost three to one, an overwhelming majority of the whites are militantly opposed to integration in the schools or anywhere else.

This feeling is not one that can be applied to all of the South because sentiments on the segregation problem vary from area to area, especially in proportion to the Negro population. For example, the problem is different in some cities and in states such as Oklahoma and Texas, where the feeling on both sides seems to be that, given time, the segregation issue will work itself out under the Supreme Court's directive.

But here, in Summerton, the white position is clear and strong. If integration is forced on them, they say, they'll send their children to private schools. There is some talk of raising money for such schools by private subscription.

Most of Summerton's whites fear that school contact would lead to social contact and social contact would lead to intermarriage.

That one word, intermarriage, is the end fear in all the discussions and leads to the inevitable question put to the visitor, "Would you want your daughter to marry a Negro?"

"My girls will never go to school with niggers," said a tall, barrel-chested storekeeper. "The Bible says the Lord never intended for the races to mix."

A middle-aged farm woman, a lady with charm and dignity who occupies a house more than 150 years old, politely but firmly refused to discuss the subject beyond saying:

"If Mrs. Roosevelt likes the Negroes so much let her come down here and live with them. We're dead set against any mixing."

A lawyer leaned back in his swivel chair and said that what was needed was a calm appreciation of the problem by the North. "It's been said before but it's still true," he said. "You in the North love Negroes as a class but despise them as individuals."

"We take individual Negroes into our family—they cook for us, they raise our children, and we're loyal to them and they to us. But we don't want the whole class forced on us."

With the whites feeling the way they do, what's it like to be a Negro in the Summerton area?

The question was put to the family of William Hilton, 48-year-old tenant farmer, who has 13 children. Hilton says he feels no bitterness to white people in the area. He recognizes, he says, that they can't help feeling the way they do any more than he can. He is an active member of the National Assn. for the Advancement of Colored People and feels that segregation in all forms should end. It would be difficult to tell whether a majority of the Negroes in Summerton share Hilton's views. Some say they want segregation to continue as long as facilities are equal. Some are

against it. Many won't say, either way.

Until two years ago, the Hilton children went to small, wooden public schools. Heat, they said, was supplied by a coal stove in each classroom which sometimes smoked them out; the roof leaked and the school was so overcrowded that in some cases two teachers had to teach two different classes

## Governor Honors 'Handicapped Man' Of Year In Texas

AUSTIN, June 12 (AP)—Gov. Allan Shivers today honored Cecil Downey of Seagoville, an ex-Marine who lost both legs on Iwo Jima, as the "Handicapped Person of the Year" for the state of Texas.

Award of the honorary certificate was made at a meeting of the Texas Committee on Employment of the Physically Handicapped.

The governor also presented an award to Chance Vought Aircraft, Inc., of Dallas as "Employer of the Year" of handicapped workers. Downey won the honor because of his comeback after having both legs blown off and his hands mangled when his squad was advancing against the Japs on Iwo Jima. A mine field blew up under the squad's feet. Downey was the only man left alive.

After years of painful hospitalization, he finally was able to begin rehabilitation training.

He learned leathercraft, wound up as manager of the Ayres Leather Goods Co. in Dallas, then established his own business, the C and D Leathercraft Co. in Seagoville. He now has nine full time employees and six salesmen and has trained five physically handicapped persons.

## Farmers Must Get Cards For Wheat

Farmers with small tracts of wheat—approximately 15 acres—must secure marketing cards before they can sell their 1954 crop, Gabe Hammack, county manager for Agriculture, Stabilization and Conservation, reported Friday.

Marketing cards may be secured at the ASC offices in the courthouse. Farmers must get the cards prior to harvesting their wheat crops, Hammack said.

The ASC manager said some producers have misunderstood the ruling and have harvested wheat without securing the marketing cards. They have been unable to sell their wheat as a consequence.

## Police Chief York Due Back In City

Police Chief E. W. York, who has been attending a Federal Bureau of Investigation school in Washington, D. C., for the past three months, is due back in Big Spring Monday.

York is the first police official from Big Spring to attend the school. He graduated in a class of 51 Friday.

## Workman Injured When Ice Slides

Jose Villa was hospitalized early Saturday with injuries sustained when two large blocks of ice slipped together and caught him.

He received no fractures, Cowper Hospital attendants reported. The accident occurred at the T&P ice dock. Villa is employed by Southern Ice Company.

# Moore Stepout Will Test The San Andres

Preparations were being made this weekend to test the San Andres formation at Lone Star No. 1 Middle Walters, a northwest step-

## Luther Offset Due To Core

Unofficial reports are that two cores will be taken this weekend at Goldston Oil Corporation's No. 1 Morton-Atlas Life Insurance, a southeast wildcat edger to production in the Luther Southeast Field. Total depth on the project Saturday was 9,772 feet in lime and shale. The Siluro-Devonian pay zone of the field is usually topped around 9,900 feet.

Actually the No. 1 Morton-Atlas Life is a southeast offset to Lone Star No. 1 Merworth, which was recently completed for a flowing potential of 379 barrels of oil per day. Location of the Goldston try is C NW NW, 26-32-2n, T&P survey.

## Reef Completion To Plug Back To Dean

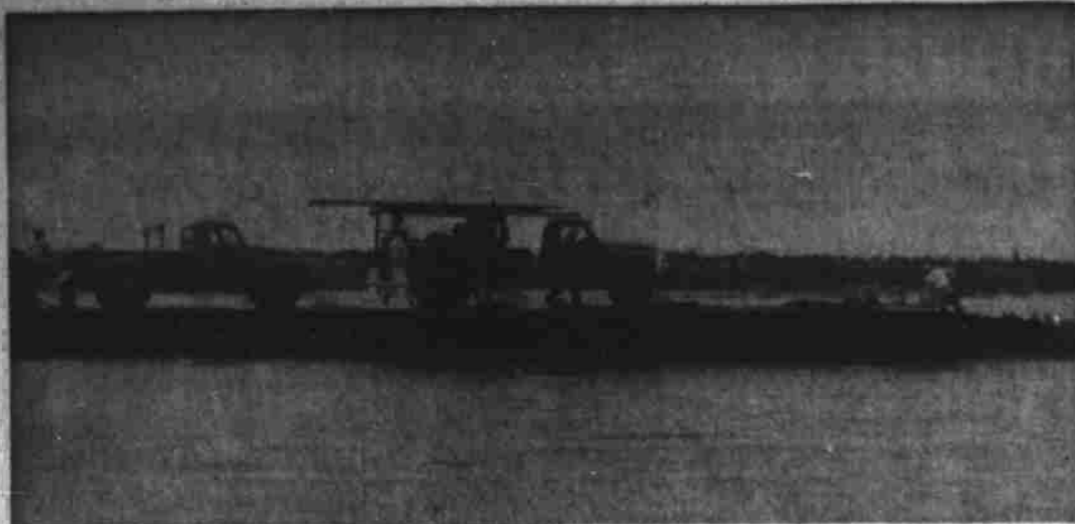

Operator of Texas Pacific Coal and Oil's No. 1-B Philippe, another Luther Southeast try, is still squeezing cement in back of casing in an attempt to cut off water. Last test, at 9,923 feet, had 17 hour recovery of 44 barrels of oil and 209 barrels of water. This project, a west stepout to production, is C NE SE, 10-32-2n, T&P survey.

## Barging On The Prairies

This makes fit fodder for "Believe It Or Not," barge transportation in the middle of semi-arid West Texas. Above left, a light well servicing unit and pickup truck are loaded on the CRMWD barge. Above, the 70x25 steel hull heads out to one of the oil well mounds to take equipment for servicing the well. Ramp on the front of the barge is sloped to match that of the mound ramp so equipment may be driven off easily. Below, C. D. McDonald and E. V. Spence, general manager, inspect two of the four 25-hp motors which power the big barge. (Mathis Photos.)

# Barge Operations Go Smoothly On First Try At Lake Thomas

Maiden voyage of the big CRMWD and 36 inches when at capacity load of 50 tons. This leaves one foot of freeboard. The District, which provided the mounds on

which producing wells are located, furnishes transportation to oil companies when wells in the basin must be serviced.

## Reef Falls Only Slightly Southeast Of The Oceanic

Cosden No. 2 John Jackson, east offset to the Oceanic Field, has topped the Pennsylvanian Reef only slightly low to nearby projects and still has 120 feet of section.

Reef top was picked at 8,153 feet. Elevation is 2,678, making a datum minus of 5,475 feet. This is 11 feet low to its north neighbor, Cosden No. 1 Jackson, which had a datum minus of 5,464 feet. It is also low by 11 feet to Oceanic No. 4 Winans, one location west.

## Vincent Tests Drilling Ahead

Three projects in the area just west of Vincent were reportedly drilling ahead this weekend without eventual development.

Rutherford No. 1 Ed Carpenter, wildcat about 1 1/2 miles southwest of Vincent, is making hole at 5,900 feet in lime and chert. Projected depth is 8,100 feet, and location is 467 from north and west lines, 8-25-H&T.C. survey.

The other two ventures, being drilled by Russell Maguire, are in the Sara-Mag pool about three miles west of Vincent. Maguire No. 1 Barr, C NE SE, 14-25-H&T.C. survey, reached 5,100 feet in lime and shale. Maguire No. 1 Hodnett, C NW NW, 15-25-H&T.C. survey, bored to 6,465 feet in shale.

## Outpost Scheduled To East-Howard

D. L. Dorland staked his No. 7 L. C. Denman in the Istan-East Howard field this weekend. It is 990 from north and east lines, northwest quarter, 16-30-T&P survey, some three miles southeast of Cosden.

Location is on a 120 acre lease, and the projected depth is 3,000 feet. Elevation is 2,385 feet.

# Natural Gas Industry May Be Nearing Balance With Demand

NEW YORK (AP)—There are signs that the laws of supply and demand are catching up with the natural gas industry, which has grown at a breath-taking pace in the last decade.

As a result, there are indications in some parts of the country that natural gas is losing the price advantage it has held over competitive fuels.

N. C. McGowen, president of United Gas Corp., the nation's largest natural gas company, says it is possible that natural gas is "prying itself out of some markets."

In many areas, especially in the mid-Atlantic and Northeastern states, natural gas is coming into direct price competition with oil and coal, according to McGowen.

Gardiner Symonds, president of the Tennessee Gas Transmission Co., one of the nation's largest pipeline operators, says, "The gas industry will have to fight to keep its markets; its growth will have to come from growth of the country and from competing fuels."

Symonds takes the position that "gas should sell at a premium" and that East Coast utilities facing stiff competition from other fuels should "go after the market for premium high-grade industrial business such as ceramics, heat treating and glass making."

He concedes that gas cannot compete with heavy fuel oil as a boiler fuel for factories and power plants.

A sharp upturn in coal and oil prices after World War II had a lot to do with swinging other sections of the nation to natural gas from Texas and Louisiana.

Temporary postwar shortages of

other fuels also spurred demand for gas, and the relatively small natural gas output in the Middle West and the Appalachian area fell behind local demands. The result was a big crop of transmission lines to draw on the gas fields of the Southwest.

The constantly increasing demand for gas has raised prices at the well from around 5 cents a thousand cubic feet in 1943 to double that price, with some current contracts being written as high as 21 cents a thousand cubic feet.

McGowen says, "The rising field prices are gradually forcing up the price of gas to the ultimate consumer in many areas."

The field price, however, is only part of the picture, as the principal cost of gas is in transportation and distribution.

Transportation costs have risen sharply, particularly for companies served by cross-country pipelines built at recent high prices.

In general, gas is most expensive in cities which have just obtained it through new pipelines, and cheapest in communities which had the fuel before World War II.

A recent check showed that the amount of gas that costs \$2.03 in Kansas City and \$2.62 in Cleveland costs \$6.15 in Milwaukee and \$8.54 in Brooklyn, N. Y. Kansas City and Cleveland received natural gas before World War II, while Milwaukee and Brooklyn obtained it for the first time during the past few

## Completion Rate Is Double That For All Of Last Year

Howard County is almost assured of completing as many producing oil wells during the first half of 1954 as during all of 1953.

Already completions for the second quarter have outstripped those of the first three months. A check on Herald records shows that so far in the second quarter there have been 43 completions for the county. During the initial three months of the year there were 41. Add another half dozen to the total of 84 and the figure for last year would be equalled.

Based on the number of wells now in the pay zones and preparing to take potential tests, another week or 10 days could easily supply the six completions.

This is the brisk rate of drilling for the county since the boom days of the late 20s. For the past three months Howard County has ranked in third place for drilling activity in all the Permian Basin.

By fields completions for the second quarter so far, and the corresponding figures for all of the first quarter shown in parenthesis are: Moore 16 (23), Oceanic 11 (6), Snyder 2 (1), Howard-Glasscock 7 (5), Vealmoor 1 (10), East Vealmoor 1 (0), Luther Southeast 4 (2), East Howard 1 (2).

# MAY ENLIST THE FISH Oilmen Exercise Ingenuity In Exploring For Offshore Crude

LOS ANGELES, June 12 (AP)—If barracudas, manta rays and sharks aren't yet in the employ of offshore oil explorers, it won't be for lack of ingenuity on the part of the oil hunters.

With the re-opening of the tide-lands to the states, knowledge of sub-sea oil deposits has become important to oil firms. The oil industry has estimated the tidelands may contain as much as 40 billion barrels of oil.

The tools used to take samples of the coastal shelf form a list a fathom long.

Possibly the most elementary is the human diver. A group called diving consultants is composed mainly of former Scripps Oceanography Institute students.

The divers, fitted with underwater breathing equipment, descend to certain depths, measure the strikes and dips of the formations and return to the surface with samples of the ocean floor.

Mechanical devices have been in use many years. One of these is a bottom sampler called the clam shell, which operates like a miniature vacuum shoveler.

A similar device is the bottom snapper, which grabs a sample of the ocean floor in response to a trigger action.

A drop sampler is also used. It runs off a wire line and has a dart at the end which grabs material from the floor. The wire is reeled back, the dart is extracted and the explorer can examine the contents.

At the same time the dart grabs the ocean floor sample, a camera

# Danger!

## HEAVY TRAFFIC AHEAD!

This is special Summertime traffic . . . the kind that bears watching. Boys are on their bicycles, more than ever during the vacation months. They're likely to be darting anywhere.

They have had instruction in safety, and mostly they try to observe the rules. But young fellows get interested in fun, sometimes, and could, for one split-second, forget about the traffic.

This means ALL THE MORE, MR. MOTORIST, THAT YOU MUST BE CAREFUL. Watch out for this special summer traffic. It's heavier during vacation time. It could be dangerous. When you see boys on bicycles, IT'S TIME TO SLOW DOWN!

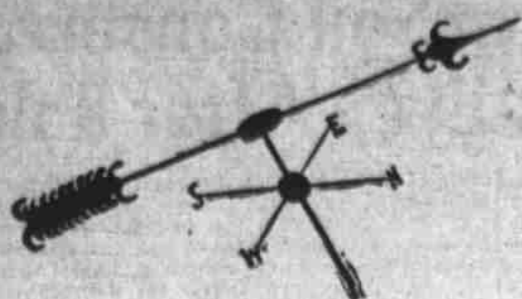

# MAKE IT THE SAFEST SUMMER EVER!

## Atom-Powered Plane Research Program Stepped Up Recently

By ELTON C. FAY  
WASHINGTON, June 12 (AP)—Research on the lagging atom-powered airplane program has been stepped up in recent months, it was learned today.

A year ago Secretary of Defense Wilson, after making a survey of a project started in 1951, virtually brought it to a stop until a new program could be worked out. This has now been done.

Even the reborn project remains, under Pentagon policy, confined to blueprint and laboratory study, with no time set for actual construction of an aircraft or engine to fly it. But the money and technical studies going into research is being increased.

Some officials say that if the problem were only one of demonstrating that an airplane can be

flown by an atomic engine, that probably could be done within two or three years. But this would not meet modern military needs.

Any modern warplane must be fast, with requirements now pointed toward supersonic speed. With present know-how, a nuclear reactor engine probably could be built of a size and weight capable of being fitted into one of the larger Air Force planes, such as the B36 bomber, the XC99 or C124 transport. While such an adapta-

tion might produce an airplane of virtually unlimited cruising range, it would be slow—and thus vulnerable to enemy jet attack.

The goal which designers hope to reach is an atomic-propelled aircraft faster than any plane now flying, either interceptor or bomber.

Hall L. Hibbard, vice president of engineering for Lockheed Aircraft Corp., one of the five firms with nuclear powered aircraft research contracts, said recently that eventually atom-engined planes would have speeds up to three times that of sound (which travels about 760 miles per hour at sea level). And, Hibbard said, they will possess "almost unlimited endurance, regardless of speed."

The primary problem, until lately an almost insurmountable obstacle, has been to find a method which would protect a plane crew from the dangerous radiation coming from the atomic engine without using the immensely heavy shielding of lead and concrete used in all nuclear reactor installations now.

Scientists have studied a wide variety of new shielding methods, including use of forms of fibre glass mixed with other material, and also a "divided shielding" system which would put engine and plane crew in separate compartments with space between the compartments.

Neighbors said they didn't know why Benjamin appeared with the guns. One told police: "He just came out and started yelling and waving them around."

Around 100 curious crowded toward the house during the battle as police tried vainly to keep them out of danger. Police fired 48 shots during the exchange. They said that Benjamin was firing almost constantly.

HOUSTON, June 12 (AP)—A 22-year-old Negro was shot to death last night by an off-duty police officer.

Motorcycle patrolman T. C. Pickens Jr., 31, said he shot James Ira Williams after Williams lunged at him with an eight-inch knife.

## IT HAPPENED

### One Of Those Days

EAST PROVIDENCE, R. I. (AP)—A would-be holdup man had "one of those days" Saturday and swiftly landed in jail.

He entered a hardware store and pointed a gun at the proprietor who snatched the weapon and called police.

The gun turned out to be unloaded—and rusty.

Worse still, a customer recognized the man.

And it got particularly funny when police found out the getaway car at the curb was out of gas.

DALLAS, June 12 (AP)—Operators at a service station laughed yesterday when a man in a beat-up old car drove in for gas.

The sign on his rear bumper read, "Don't try to push me off the road, Buster — It's obvious I was here first."

LONGVIEW, Tex., June 12 (AP)—State Representative D. H. Buchanan of Longview thought he'd do a little politicking over at the Little League Baseball Park.

He shook hands with some young sluggers and their coaches — and stood along a baseline.

A line drive smacked into him sharply.

Buchanan had no comment this morning, but it was noticeable that he did most of his sittin' down standin' up.

DALLAS, June 12 (AP)—Police shook their heads when a woman in University Park, a Dallas suburb, phoned in with a complaint that a fox was in a tree in her yard.

"There are no foxes in University Park," she was told.

"Then maybe it's a cat," she said politely.

Police Sgt. E. R. Rice went to retrieve the "cat" and left the gray-backed fox at the city pound.

MOSCOW, June 12 (AP)—Moscow is having a heat wave. The mercury climbed to 87.8 degrees yesterday, the hottest June 11 in 74 years, and it was just as hot today.

LOS ANGELES, June 12 (AP)—Leon Rains, 83, retired opera singer and longtime member of the metropolitan and Damrosch-Ellis opera companies, died yesterday after a short illness.

### Straddling No Fences

LONGVIEW, Tex., June 12 (AP)—State Representative D. H. Buchanan of Longview thought he'd do a little politicking over at the Little League Baseball Park.

He shook hands with some young sluggers and their coaches — and stood along a baseline.

A line drive smacked into him sharply.

Buchanan had no comment this morning, but it was noticeable that he did most of his sittin' down standin' up.

DALLAS, June 12 (AP)—Police shook their heads when a woman in University Park, a Dallas suburb, phoned in with a complaint that a fox was in a tree in her yard.

"There are no foxes in University Park," she was told.

"Then maybe it's a cat," she said politely.

Police Sgt. E. R. Rice went to retrieve the "cat" and left the gray-backed fox at the city pound.

MOSCOW, June 12 (AP)—Moscow is having a heat wave. The mercury climbed to 87.8 degrees yesterday, the hottest June 11 in 74 years, and it was just as hot today.

LOS ANGELES, June 12 (AP)—Leon Rains, 83, retired opera singer and longtime member of the metropolitan and Damrosch-Ellis opera companies, died yesterday after a short illness.

## Butane Damage Hearing To Open

STANTON (SC)—Trial of a civil suit brought by Earl Freeman against the Stanton Implement Company is set for Monday in 118th District Court here.

Freeman asks judgment for \$20,435 as a result of injuries he alleges resulted from the over-filling of a butane storage tank. Pop-off valve of the tank permitted gas to spray in Freeman's face on Feb. 17, 1953, his petition claims.

Attorney for the defendant is Elton Gilliland of Big Spring. Representing the plaintiff is the firm of Rodgers & Adams, also of Big Spring.

A jury Friday returned a verdict in favor of the plaintiff for \$16,045 in the case of Lloyd Hastings vs. the Texas & Pacific Railway Company. Plaintiff asked damages as a result of a grade-crossing accident involving a train and a car operated by Mrs. Hastings.

Representing the plaintiffs in this case was the firm of Thomas, Thomas & Jones of Big Spring. Gilliland, of Big Spring, and George Leonard, Sweetwater, were attorneys for the defendant.

## Detroit Gun Battle Fatal

DETROIT, June 12 (AP)—A man apparently gone berserk was killed and four policemen wounded in a wild gun battle on Detroit's East Side today.

Police identified the dead man as Malachi Benjamin, 40.

Patrolman Lawrence Magnotte, one of those wounded, said: "We got a call that a man was on a porch with a rifle. He ran inside when we drove up. He had a shotgun, too. Everyone started shooting."

Seriously wounded were Police Lt. Valde Kreiger and Patrolmen Robert Fullerton and Harold Davis. Magnotte was shot in the right hand.

Neighbors said they didn't know why Benjamin appeared with the guns. One told police: "He just came out and started yelling and waving them around."

Around 100 curious crowded toward the house during the battle as police tried vainly to keep them out of danger. Police fired 48 shots during the exchange. They said that Benjamin was firing almost constantly.

## Off-Duty Policeman Shoots Negro Youth

HOUSTON, June 12 (AP)—A 22-year-old Negro was shot to death last night by an off-duty police officer.

Motorcycle patrolman T. C. Pickens Jr., 31, said he shot James Ira Williams after Williams lunged at him with an eight-inch knife.

## Singing For Pleasure

A formal development of that great American yen for joining together in song is an organization with the somewhat unwieldy name of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America. SPEBSQSA groups are active all over the country, stage their regional and national contests, are in demand as entertainers and achieve professional ability. By and large, though, SPEBSQSA is for those people with a desire to harmonize and who get great enjoyment in producing the golden chords of the classics of American song. Big Spring has its own SPEBSQSA group, and has been so active that wives, too, have formed their own vocalists' organization. Some of the members are pictured on this page. The men meet each Tuesday evening at 7:30 at the Settles Hotel, the women each Monday evening at the same time and place. They invite singers to join them who are willing to rehearse for capable song presentation, who find sheer enjoyment in such harmony. The ladies point out that it is not necessary to be the wife of a Barber Shopper to join.

**DIRECTOR**—Harry Lee Plumbley, one of the guiding hands in organization and development of the local SPEBSQSA group, has been director of both the men's and women's groups from inception. Plumbley recently has moved to El Paso, however, to study for his Master's degree in music, and Curtis Baker of Colorado City is now the local director.

**THE SOUTHPAWS**—This quartet (above) has advanced in competition which regularly is sponsored by the SPEBSQSA. It was the Big Spring entry in a regional contest in Abilene and just missed, by one place, getting in the finals for a territory that includes Oklahoma, Louisiana, Texas and New Mexico. Members are, left to right, Bill Pratt, Kerry P. Kicklighter, Bob Lougee and Bob Spears.

**DISTAFF VOCALIZING, TOO**—Wives of Barber Shop singers have banded together for their own organization to promote friendly music-making. One group of the distaff vocalists is pictured at right. Left to right, Mrs. Bob Spears, Mrs. B. E. Freeman, Mrs. Carl Barnett, Mrs. Bob Stowe and Mrs. Florence Rhoton. Mrs. Freeman is president of the group.

**THE MIGHTY KNIGHTS**—Another foursome for harmonizing is the group pictured above. Left to right, Ed Johnson, Gil Cook, Bob Clark and Stan Peurifoy. The SPEBSQSA groups meet regularly, put in real work in rehearsing, but have a lot of fun out of it, too.

**NOT FOR MEN ONLY**—Barber Shop harmony is not necessarily for men only, as the group above demonstrates. This group of harmonizers included, left to right, Mrs. Gilbert Cook, Mrs. Dick Thomas, Mrs. Dan Conley, Mrs. V. E. Sorrells and Mrs. Bob Clark. Telford Durham serves as director of the women's groups.

**IN FULL FORCE**—Members of the local SPEBSQSA have ensembles, but they sing as a chorus, too. Pictured above is the group in full force for one of their popular presentations. This picture was made during the presentation of a program at Gay Hill.

# Big Spring Daily Herald

MRS. TRUMAN JONES

### DRESS PARADE

For a summer afternoon leisurely spent on the patio with a tall glass of lemonade for refreshment, Mrs. Truman Jones wears this casual cotton of tiny blue and white pin stripes. The wide, low cut neckline and the sleeves are set off with piping. The gored skirt is given that extra fullness with gathers on each side.

### Home Can Be A Source Of Accidents

COLLEGE STATION — There's no place like home — for accidents, so before you relax with the evening paper, better check to see if your home is as safe as you think it is.

Eight check-spots to insure a safer, and incidentally more attractive home are these, says Sadie Hatfield, homestead improvement specialist for the Texas Agricultural Extension Service:

1. Is your driveway arranged so that you can head into traffic, rather than to back into it? And does your driveway have a clear view of all passing and approaching cars? Cut your shrubs low enough so that you can see over them, and prune tree limbs off to a height which will enable the driver to have a clear view.
2. Do you have a safe trashburner? A large percentage of home fires are started by burning trash. A large metal container of almost any kind may be fitted with 1/4-inch mesh covering. This will keep flaming particles inside the burner. Trashburners are easily built of rock, brick, or cement block.
3. Do you have 1/4-inch wire mesh over the top of all chimneys, flues, outside furnaces, and barbecue pits?
4. Is your clothesline a snagging snare? It should be raised above head level and the sag tightened so that one may walk or run under them with out danger.
5. Are you sure you have no holes in your lawn? Grass growing over the holes will obscure them and may cause someone to stumble or fall.
6. What about stumbling blocks such as stones or stumps and bumps in the lawn? Walks that are higher than the ground may be filled along the edges with soil so that they will not rise above the ground level.
7. Is your garbage can fly-tight and water-tight? Such a container should be arranged to hold cans, bottles and other rubbish until these can be carried away. This will discourage insects and insure no broken glass in the yard for the children to cut themselves upon.
8. Do you have a play area arranged to keep toys and children's play equipment in one place? Scattered playthings may lead to dangerous falls.

ment, Mrs. Truman Jones wears this casual cotton of tiny blue and white pin stripes. The wide, low cut neckline and the sleeves are set off with piping. The gored skirt is given that extra fullness with gathers on each side. For her accessories, Mrs. Jones chooses large, white-headed hoop ear rings and a white-headed bracelet. Her cool summer attire is completed by her white bare-foot sandals.

At a recent farewell party in her honor, Mrs. Charles Watson wore a two-piece linen dress in a luggage shade. Her accessories consisted of white costume jewelry and brown and white spectator pumps.

Mrs. W. W. O'Neal wore a deep aqua linen sheath dress to a recent luncheon. The sleeveless dress had a low, wide neckline bound in brown and topped with cutwork lace in the same shade of her dress. She wore a wide-brimmed brown Milan hat and brown pumps and bag.

### Mrs. W. D. McNair Honored At Coffee

Mrs. Toots Mansfield held a coffee in the home of Mrs. Ova Mae Edwards Saturday morning at 10 o'clock honoring Mrs. W. D. McNair. The table was decorated with an arrangement of day lilies. Mrs. Joe Pickle poured, and a copper coffee service was used. Guests were Mrs. Wayland Yates, Mrs. Jimmy Johnson, Mrs. Woodrow Dowling, Mrs. Joe Hedleston, Mrs. Curtis Driver, Mrs. H. W. Smith, Mrs. J. C. Morgan, Mrs. J. T. Baird, Mrs. Ross Boykin, Mrs. Cecil Hamilton, Mrs. R. C. Thomas, Mrs. A. C. LaCroz, Mrs. Matt Harrington, and Mrs. Luther Bean.

will discourage insects and insure no broken glass in the yard for the children to cut themselves upon.

Do you have a play area arranged to keep toys and children's play equipment in one place? Scattered playthings may lead to dangerous falls.

### Malayan Legislator Visits In US

By JANE EADS  
WASHINGTON — Mrs. Elizabeth Su Moy Choy, only woman appointed to the Legislative Council of Singapore, was wearing a Chinese sheath-type, high-collared dress of oyster white satin, set on the sides to the knees and embroidered in fuschia.

"It was specially made to wear to Queen Elizabeth's coronation, where I sat in the Abbey," Mrs. Choy told fascinated guests at a tea in her honor here. "The dragons in the embroidery mean wisdom, longevity and loyalty. The Chinese characters spell out 'Long Live the Queen,' and 'May there be Universal Peace.'"

This tall, singularly beautiful woman, who was born in North Borneo and whose name in Chinese appropriately means "Peerless Blossom," knows the value of peace. During the Japanese occupation she and her husband, a business man, were arrested and questioned under torture when the Japanese learned of her activities in aiding the Chinese.

She was told her husband would be executed and she buried alive, but both refused to talk—even when, before her husband's eyes, she was given a series of electric shocks by her tormentors. Finally she persuaded the Japanese she was acting from humanitarian principles and was freed. Mrs. Choy, now on a tour of the United States and Canada, spent

four years in London recuperating from her experiences. Both she and her husband, Choy Khun Heng, received the Order of the British Empire decoration. While in London Mrs. Choy studied domestic science and art appreciation and worked on the side as an artist's model.

Mrs. Choy left her husband and two small adopted daughters back in Singapore. She showed photographs of little Bridget, 4, and Lynette, 2.

"Bridget was born in a 'Tiger Year,' which is considered very unlucky for girls in China, so that her parents were very glad to get rid of her," Mrs. Choy said.

She got up to show us her dress. "My tailor always cuts the slits so very high," she laughed. "He says my legs are so long I couldn't walk with shorter slits. My English friends teased me. They said the slits were naughty." "If we wore skirts slit that high here, the young men would whistle at us," I reminded her. "They did that in London too sometimes," she replied.

### Hamburger Hints

Good cuts of beef to have ground for hamburger are lower round, fore part of the chuck, lean sections of brisket and other small pieces of meat of good flavor. A pound of ground meat "as is" makes four good-sized patties for pan-frying or broiling.

Always be kind to the cutting edge of any slicing or carving knife by using a cutting board against which to slice the food to be cut through.

## Twinkling Toes Are Prettier In Color

By VIVIAN BROWN  
AP Newsfeatures Beauty Editor  
This is the season for twinkling toes. Pretty toenails and not-so-pretty toenails spend cooler months in anonymity. But now they may kick off their shoes and traipse gaily on sands, grass and terraces.

Tired feet will get a lift from a pedicure. But you can't rectify an entire winter of neglect in a few seconds. A quick coat of a bright nail polish can't cover up ragged cuticle, uneven edges of nail and rough tell-tale spots on feet and heels.

If you want to walk fancy-free with the sunshine, perk up your feet now. Set yourself a schedule of one pedicure a week for a month, then follow with one every 10 days or so. You can do a good professional pedicure in 20 or 30 minutes. Here are steps used by salons:

1. Remove old polish with oily polish remover. Moisten a ball of cotton, press it against the nail for a few seconds. Wipe down with a single stroke towards the nail tip. This will keep old polish from running into the cuticle. New cream polish removers help condition the cuticle as they remove polish.
2. File straight across the nail with an emery board. Scissors may be used if nails are extra long, but take care not to cut too close. Do not file or cut nails at the corners, for this encourages ingrown nails. Shape gently with emery board or file.
3. Soak your feet in warm, soapy water. Scrub them with a soft brush. Use a pumice stone to make callouses disappear. Dry feet thor-

oughly, being especially careful to blot moisture between toes. 4. Apply cuticle remover with a cotton wrapped orange stick, working gently around the cuticle and pushing it back. Wipe away loose cuticle with a towel. In loosening dry skin under the nail, be careful not to dig or bruise the skin, which is very tender.

5. If you have difficulty keeping your toes apart when you apply polish, try putting rolls of cotton between them. 6. Now you are ready for your favorite shade of polish. Watch the load on the brush. It is better to have not enough than too much which runs down the sides and under the cuticle. Oily polish remover, however, can be used to clean up these problems. Two coats of polish wear much longer than one. Allow the first coat to dry for a few seconds before the second one is applied for best results.

Choose a shade of polish that will go with summer costumes—swimsuits, play clothes and dance dresses. This year fashion experts predict that pearly polishes ranging from silver to tomato shades will be popular. These complement white, pastels and soft greens and yellows, so popular for summer wear. If a good all-around shade of polish is chosen, you won't need to change it each time you wear a new color. Chip-proof polishes are available, too, making the pedicure even more fool-proof.

### Avocado Goes In Rich Spring Salad

A rich, yet spring-like combination, is a gelatin salad of fruit and cheese.

**AVOCADO PARFAIT SALAD**

1 medium-sized avocado  
1 (3-ounce) package cream cheese  
2 tablespoons milk  
Salt  
1/2 cup mayonnaise  
1 1/2 teaspoons plain gelatin  
1/4 cup cold water  
1/2 cup syrup from canned pineapple  
1 tablespoon lemon juice  
1 cup cut canned pineapple  
1/2 cup whipping cream

**Lettuce**  
Cut avocado into halves lengthwise, and remove seed and skin. Cut into cubes. Blend together cheese, milk and a few grains salt. Stir in mayonnaise and mix until smooth. Soften gelatin in cold water. Heat pineapple syrup and dissolve gelatin in it. Stir in lemon juice. Cool and blend with cheese mixture. Stir in avocado cubes and pineapple. Fold in whipped cream. Turn into large mold or pan and chill until firm. Slice and serve on lettuce. Serves 6 to 8.

Twinkle Toes... The tomato print of her play suit exactly matches her toenail polish.

### Clear The Deck For Sandy

Little Sandy Haycock looks helplessly for something to grab, while Daddy, Mr. J. B. Haycock, rescues a stein from him. The stein, from Japan, is one of Marcia Haycock's collection of what-nots.

## Haycocks Busy With Interior Decorating

If a person walked into the J. B. Haycock home at 1300 Pickens, one of the first things he would notice would be the bright and freshly painted walls. Mr. Haycock and his wife, Marcia, are both interested in interior decoration and both share a liking for the modernistic touch. It seems that every house they've moved in since they've been married has needed remodeling. In the year and eight months that they have been married, they have moved nine times, and each time they have completely painted and remodeled their home. Mr. Haycock is also interested in gardening, although he hasn't had much of a chance to try his hand at it here yet. He says that his gardening is nothing

professional, but he does like to putter around in the yard. Mrs. Haycock has hopes of taking ceramics in the near future, and she is also learning to sew. Of course, she is often rather pressed for time with her young son, little nine-month-old Sandy. As of yet, Sandy hasn't developed any hobbies or interests.

Mr. Haycock is a graduate of the University of Idaho, where he majored in speech and English. He attributes his interest in fishing to the fact that Idaho is such a good fishing country. Granby, Colo., the Haycocks' previous home also provided some good fishing spots. Their fishing trips are always made more enjoyable with a little swimming thrown in on the side. Marcia, having taught swimming lessons at one time, is especially interested in it.

Mr. Haycock's talents not only lie in the business world (he is manager at the Singer Sewing Machine Store), but he is also quite interested in sports. He helped coach the Golden Gloves Boxing Tournaments in Clovis, N. M. By the way, Clovis is the place where the couple met. They were both working at a radio station there.

## Chicken Goes Spanish In This Recipe

**FRIED CHICKEN IN SPANISH SAUCE**  
1 frying chicken  
3 or 4 tablespoons butter or bacon drippings  
Salt and pepper to taste  
1 medium sized onion, chopped  
1 bay leaf  
1/2 pound rice  
Cut frying chicken into serving pieces. Salt and pepper and dredge in flour. A handy way to fry pieces of frying chicken is to place about one cup flour in a medium sized paper sack and shake two or three pieces of chicken at a time until well coated with flour. Place floured chicken pieces in hot skillet of 3 or 4 tablespoons butter, margarine or bacon drippings or a combination of these cooking fats. Brown chicken on both sides. Add to the skillet chopped onion, minced parsley, bay leaf, and a can of tomatoes, slightly cut up. Cover and simmer for about fifteen minutes. Add uncooked rice. Again cover and simmer, until rice and chicken are tender, stirring occasionally. If necessary, add a little water if mixture cooks down too much or becomes too dry. If you have any on hand, a little chicken broth may be added instead of water. When done, serve the chicken and the Spanish Sauce mixture all together while still very hot.

## HOSPITAL NOTES

## Desk, Derrick Club

The Desk and Derrick Club will have a regular meeting Monday at 8 p.m. in the Chamber of Commerce Conference Room. All women and girls who are employed in the oil or allied businesses are invited to attend this meeting.

## PLEASURE COMBINED WITH BUSINESS

### R. L. Tollett Returns From Inspection Trip To Canada

R. L. Tollett returned to the office Friday afternoon after an absence of ten days, spent in Tulsa and Canada. While in Canada, he inspected refining facilities at Regina and Saskatoon, Sask., and found an opportunity to fish three days in Lake Lac Rouge and one day in Lake McTavish. These lakes were 300 and 400 miles north of Saskatoon and above the fifty-fifth parallel. He reported good catches on each of the four days and on one day he had the biggest fish in the party of 24. On his return he was accompanied by D. O. Givens, vice president of Refinery Engineering Company, who came to Big Spring to expedite completion of the alkylation plant.

Mr. and Mrs. Bert Korn left Friday night for Passaic, N. J. where they will visit Korn's family.

Mrs. J. A. Coffey and Glenna have gone to Glorieta, N. M. Coffey attended an equalization tax board meeting in Borden and Nolan counties this week.

Mr. Atkins of Universal Oil Products Company and Mr. Travis of Refinery Engineering Company both arrived in Big Spring Wednesday to help in the start-up of the alkylation unit.

Mrs. Glyn Jordan's mother and sister, Mrs. L. E. Purdy and Mrs. C. E. Leahy, from Fordyce, Arkansas are here for an extended visit.

Dewey Mark spent Wednesday in Dallas on company business.

Mr. and Mrs. George Zachariah and Mr. and Mrs. Larry Sanville attended the bull fights in Villa Acuna last weekend.

C. V. Warren returned to work Monday after being off due to illness.

E. L. Kent, president of Wickett Refining Company, Wickett, visited the offices on Thursday.

Walt Burick, Worthington Pump Company field service engineer has been here three days this week checking pumps on the new alkylation unit.

Mrs. Joe Pickle and Mrs. Ches-

lean Boatler engaged

Mr. and Mrs. Pat Boatler of Sterling City are announcing the engagement and approaching marriage of their daughter, Peggy Jean, to Earl Norman Blair, son of Mr. and Mrs. Raymond Blair, also of Sterling City. The wedding will take place July 1 at the First Presbyterian Church in Sterling City.

## B&PW Completing Plans For Fourth

Plans are near completion for the Fourth of July celebration, sponsored by the B&PW and American Legion. There will be band music by a Webb Air Force band; Bruce Frazier will be master of ceremonies, and Chaplain H. O. Hitt will offer a prayer. Mrs. David Barlow of New York, the former Cornelia Frazier will sing as Mrs. Myrtle Lee makes a chalk drawing. There will be a solo by Arnold Marshall. These are just a few of the numbers planned for the evening entertainment, but others will be announced as they are worked out.

Dreamy soft, glove leather, foam cushioned

## barefoot flats

Summer's open-air look! Just straps 'n buckles on thick cloud-soft soles. Cool flattery with cottons, pedal pushers... for beach wear too! Beige smooth leather... Sizes are 4 1/2 thru 9. Widths are narrow and medium.

**Gilbert's SHOES**  
Mrs. Patti Gilbert, Owner  
(Across Street From Courthouse)  
108 W. 3rd Dial 4-7391

Kelly spent Monday and Tuesday in Corpus Christi on company business.

Mr. and Mrs. F. D. Reese of Austin were visitors in the home of Mr. and Mrs. Joe Moss last weekend.

Fishing and just loading is how most of the following refinery employees will spend the next two weeks of their vacation: M. E. Thompson, D. R. Gartman, Thurman Gentry, J. J. Smith, V. S. Baird, J. D. Allison, J. A. Roberts, M. L. Daniels, R. D. Lane, L. G. Stuteville, Marion A. Lilly, Billy Joe Digby, Ervin W. Platte and Duane H. Griffith.

## In The Lunchbox

When you are packing sandwiches for the lunchbox, be sure to wrap each one separately. If you are including a main-course sandwich, as well as a sweet one, put the latter on the bottom. Main-course sandwiches are good made from eggs, meat, cheese or fish. Sweet sandwiches may be made from peanut butter and honey, or cream cheese mixed with dates, drained crushed pineapple, chopped raisins or figs. A little grated lemon rind added to the cream-cheese mixture adds piquant flavor.

## Macaroni Combines With Frankfurters For Casserole

Catsup-filled franks top an attractive and delightfully seasoned casserole. The base is a smooth blend of macaroni and cheese with Worcestershire sauce and chopped pimiento added for flavor and color appeal.

### FRANK RED CAPS WITH MACARONI

8 frankfurters  
1 cup uncooked elbow macaroni  
1/2 cup milk  
1/4 cup chopped pimiento  
1 teaspoon salt  
1/2 teaspoon pepper  
1/2 teaspoons Worcestershire sauce.

1 1/2 cup grated cheese  
Chill sauce or catsup  
Cook macaroni in boiling water until nearly tender, about eight minutes. Drain well and add milk, pimiento, salt, pepper, Worcestershire sauce and cheese. Pour into a greased 8 by 8 inch baking dish. Split franks almost through lengthwise. Cut in half and arrange on top of macaroni mixture; fill slits with chill sauce or catsup. Bake at 350 degrees F. for 25 minutes. Makes four servings.

## Irene Hood Becomes Bride Of Donald Ray Gross

In a semi-formal, double ring ceremony, Lois Irene Hood, became the bride of A-20 Donald Ray Gross, son of Mr. and Mrs. J. T. Gross, on May 28 at the Highland Baptist Church in Albuquerque, N. Mex. The Rev. Luther D. Mitchell, pastor of the church, officiated. The bride is the daughter of Mr. and Mrs. Everett Hood.

Mrs. Mary Gram sang "Because" and "The Lord's Prayer," accompanied by Eleanore Whitehall, who also played the traditional wedding marches.

The bride, given in marriage by her father, wore a street length dress of white lace over taffeta. Her fitted bodice closed at the neck with a Peter Pan collar and was fastened down the front with tiny covered buttons. Her hat was of white lace and rhinestones. Her flowers were pink carnations atop a white hibiscus.

For something old, she wore her father's ring, which had been worn by her mother at her own wedding. Her dress was new, and she carried a handkerchief that was borrowed from Mrs. L. J. Burrow. For luck, she wore a penny in her shoe and a blue garter.

Kathy Bien was maid of honor and she wore a dress of pale blue embroidered organza over taffeta.

## Golden Circle Class

Mrs. W. H. Patterson and Mrs. Ruth Davidson were co-boutesses for the Golden Circle Sunday School Class of the Phillips Baptist Church Friday afternoon in the Patterson home. Reports were given by officers and chairmen, and the devotion was brought by Mrs. Virgil Smedley. Mrs. G. L. Brooks and Mrs. Davidson offered prayers. Refreshments were served to seven members.

### Plans Wedding

Mr. and Mrs. W. R. Morrison of Coshoma are announcing the engagement and approaching marriage of their daughter Doris, to S-Sgt. Michael B. Smolko. He is the son of Mr. and Mrs. M. G. Smolko of Jessup, Pennsylvania. The wedding date has been set for July 14.

### Betrothed

Mr. and Mrs. J. C. Spalding, Knott, are announcing the engagement and approaching marriage of their daughter Ann, to Johnny Shortes, son of Mr. and Mrs. Floyd Shortes, also of Knott. The wedding has been set for June 30.

MRS. DONALD RAY GROSS

...when there's healthful comfort in every room with electric CENTRAL AIR CONDITIONING

Summertime living's a joy in a completely air conditioned home... cleaner, quieter, more healthful... with cool, refreshing, filtered air in every room.

An electric central air conditioning system is the modern, most efficient way to cool your entire home. One compact unit with thermostat control maintains the proper degree of coolness all over the house... and assures you a cool house... a happy home... in hottest summer months.

Your air conditioning contractor gladly will submit recommendations for a central air conditioning system for your home. Electric central air conditioning systems are available in 2, 3 and 5-ton units, compactly designed for small and medium-sized homes; larger sizes for larger homes.

Investigate the advantages of complete home air conditioning... today!

### Let us help!

We'll be glad to go over your air conditioning plans, help you with suggestions and answer any questions about operating costs. By knowing of your plans in advance, we'll be ready to serve your new system promptly.

Imagination Can Be Used On This Dress  
'Popover' Is Easy To Make  
As Its Namesake In Food

Claire McCordell calls this favorite design of hers a "popover." This easy-to-make day-in and day-out dress can be drawn as tightly around the waist as you want. The bodice is cut on the bias with a front side seam opening that artfully drapes into the side seam,

and the skirt is cut on the straight of material for fullness. No matter how far your imagination carries you, this little dress fills the order, depending on the material you select. Claire McCordell cut her "popover" from a plaid gingham cotton and it made a perfect sun and play dress. We suggest silks too—even silk jersey.

Mrs. Nell Airhart  
Chosen Noble Grand

KNOTT—At a regular meeting of the Knott Rebekah Lodge, No. 14, Mrs. Nell Airhart was elected Noble Grand and Mrs. Loray Jeffcoat was elected Vice Grand.

Mr. and Mrs. J. W. Motley and Mrs. R. H. Unger attended Memorial Services at the John A. KEE Rebekah Lodge No. 153, in Big Spring recently. The Rev. Elra Phillips of Sparsburg was the speaker.

B. W. Jackson has returned to his home in Cuthbert after visiting his son and wife, Mr. and Mrs. W. A. Jackson and family.

R. H. Unger has returned to his home after spending several weeks in the VA Hospital in Big Spring. Guests in the home of Mr. and Mrs. C. G. Ditto are her parents, Mr. and Mrs. M. E. Cockrell of Meridian, and their daughter and family, Mr. and Mrs. Billy Mac Crawford of Waco.

Mrs. Earl Castle, Lila Castle, and Mrs. Edgar Airhart visited Mrs. Murry Cook in the Flower Grove Community Thursday afternoon.

Adrien Smith Honored

Angela Fausel recently held a cake party honoring a new resident in Big Spring, Adrien Smith, daughter of Dr. and Mrs. Wilson Smith, 1319 11th Place. Guests included Betty Earley, Nita Heddlston, Mary Lee James, Sharon Lewis, Nancy Pitman, Shirley Ward, and Belva Wren. Miss Smith will be a senior in high school next year.

Size 10, bust 33 1/2, waist 25, hips 35; size 12, bust 35, waist 26, hips 36 1/2; size 14, bust 36, waist 27 1/2, hips 37 1/2; size 16, bust 37, waist 28, hips 39.  
Size 12 requires 5 1/2 yards of 39-inch material.  
To order Pattern 1146, address Spadea Syndicate, Inc., P. O. Box 535, Dept. B-S, G. P. O., New York 1, N. Y. State size. Send \$1.00. Add 4 cents for handling, if paid by check or money order. Airmail handling 25 cents extra.

Born to Mr. and Mrs. Robert Hayden, St. Lawrence, a boy, Charles Michael, weighing 7 pounds 2 ounces, at 2:26 a.m., June 10.

FATHER'S DAY

Mildred Louise Thomson became the bride of Pfc. Reg Maness, who is formerly of Sardis, Miss., and is now stationed at WAFB. She is the daughter of Mr. and Mrs. B. L. Norris of Graham.

The couple was married at an informal, single ring ceremony Friday evening in the First Methodist Church. The Rev. Jordan Grooms, pastor of the church, read the ceremony. The bride and bridegroom were attended by Mrs. and Mrs. Earl Moore.

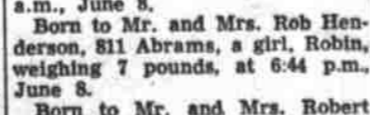

The bride wore a navy blue dress with white accessories. She is an employee of Newsom's Super Market. The couple will make their home at 203 Lindberg.

Officers Wives Club

Mrs. John Thomas will be the instructor for beginners at bridge on Thursday at the Officers Wives Club. A new plan, of giving a mystery prize, will be tried out that day. Hostesses for the occasion will be Mrs. Alec Goodkin, Mrs. Robert Bumgarner, Mrs. Foch Denevent and Mrs. Darrel Clark. Family rates will be in effect at the nursery.

Three Musketeers

Each one is what a man can always use. The Trio consists of Lenthéric's famous After Shave Lotion, masculine "Tanbark" Cologne, flesh-tinted After Shave Powder or Scalp Stimulant \$2.25, plus tax.

Man has possibilities limitless in extent. A young man born in a manger and with no powerful friends, wealth, nor special education illustrated the possibilities latent in humanity. He said greater things than these shall ye do. "What is man? . . . Thou . . . hast crowned him with glory and honor." — Pa. 8:4, 5.

Maintenance Project Is A Money Saver; New Furniture Could Be

The summer maintenance program of the Big Spring Independent School District now is well underway. For a few thousand dollars spent each summer in repainting, refinishing, repairing, this program has been one of the best physical investments that the district makes.

Not only have plants been made more attractive and given substantially more utility, but they have been maintained in sound condition. That means that they will last longer and thus give the taxpayers, who are called upon to perform a Herculean load in an attempt to stay abreast of the rising crop of youngsters, will be given some measure of relief.

Today And Tomorrow—Walter Lippmann

Failure Of A United Front Now Means New Plan For Indochina

Things have about reached the end of a chapter in Indochina. It has been concerned with an attempt to form a united diplomatic front for the purpose of negotiating an armistice. The attempt has failed and the second chapter has begun.

to where they stand and is clearly a case of calling a spade a spade. It has been necessary, I suppose, to do this. But it is certainly too bad that the French have to go into their dangerous negotiation with their hand exposed as holding no card from this country.

Confident Living—Norman Vincent Peale

Exercise Control Of Emotions, And Insults Won't Bother You

I would like to pass on to you a valuable suggestion I received from a psychiatrist about handling an insult. In probing inner conflicts he sometimes awakens the hostility of a patient who may flare up at him saying bitter and insulting things.

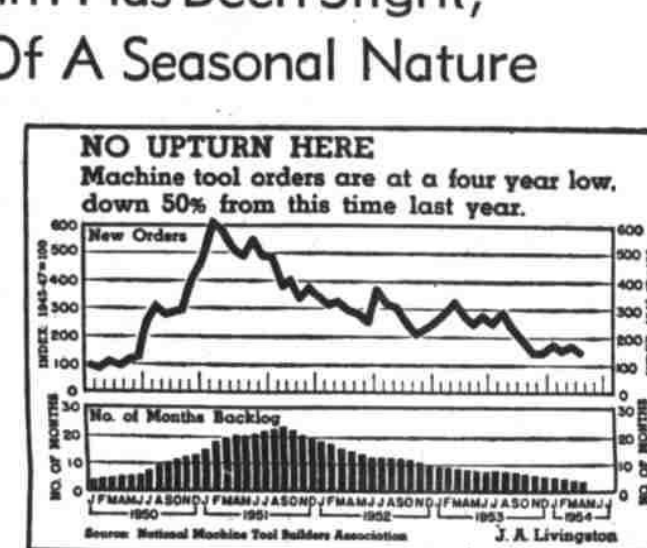

tific attitude and you will come out on top in the end. Well, I could literally see this man rise to lofty heights of judicial impersonality. He actually became amused and, in time, began even to pray for the man who had insulted him.

Business Outlook—J. A. Livingston

Business Upturn Has Been Slight, And Largely Of A Seasonal Nature

WASHINGTON — On one count, Arthur F. Burns, chairman of the President's Council of Economic Advisers, was lucky. The afternoon papers had not come out when he held his first press conference since taking office 15 months ago.

A McGraw-Hill survey, he noted, showed a change upward in business men's intentions to spend money on new plant and equipment. So did a survey made for the Council of Economic Advisers.

Washington Calling—Marquis Childs

Crisis At Hanoi May Bring New Demand For Indochina Decision

WASHINGTON — The American policymakers who have been most active in promoting "united action" to try to save Indochina from Communist conquest are just now taking a cautious line. They say that no final commitment has been made to the government of Premier Lanxi in Paris to intervene directly should the Communist bloc at Geneva continue to stall on the terms of an armistice acceptable to France and Britain.

April 26 was set, in a carefully worked-out plan, for a request to be made to Congress in person by President Eisenhower for authority to intervene in Indochina. It was presumed that Congress would respond immediately and that, therefore, under the plan an air strike would be launched on April 28.

Outdoor Grilling Of Steaks Is Strictly Not For The Amateurs

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald—Editor's Note.

There's nothing like a good grilled steak, cooked outdoors on a summer evening. That's what everybody says, to which I agree—if somebody else does the cooking.

Bible Words to Live by. ROMANS 7:24,25—"Miserable wretch that I am! Who will rescue me from this body of death? God will! Thanks be to Him through Jesus Christ our Lord!" (Noffatt). Few men of any generation have lifted the veil to the inmost sanctuary of their personality as did the apostle Paul in the seventh chapter of Romans.

MRS. WELDON TIBBS

## Miss Young Says Vows With Weldon Tibbs

Before an altar arrangement of candelabra, entwined with greenery, and centered in tall baskets of gladioli and stock, Genelle Young became the bride of Weldon Tibbs at 7 p.m. Thursday in the West-side Baptist Church. She is the daughter of Mr. and Mrs. Milley G. Young, 905 Main, and he is the son of Mr. and Mrs. Fines C. Tibbs, 611 Bell.

The Rev. Cecil Rhodes, pastor of the church, officiated at the formal, double ring ceremony. Rosetta Flowers, accompanied by Marian Murphy, sang "Because" and "At Dawning." Miss Murphy played the wedding music. The bride, given in marriage by her father, wore a dress of white satin, with a yoke of Chantilly lace. The fitted bodice was joined to a full skirt with double peplums, which fell into a cathedral train. Her long sleeves came to a point at the wrists. A finger-tip length

veil of silk illusion was attached to a crown of satin embroidered with seed pearls. She carried a white Bible topped with white roses.

For something old, the bride wore her mother's wedding ring. Her pearls were borrowed; her garter was blue, and she had a penny in her shoe for luck. The maid of honor was Laura Rhotan, who wore a waist-length dress of aqua embroidered organza. She carried a colonial bouquet of summer flowers.

The best man was Ray Thomas. Ushers were Ronald Young and Jimmy Cox, who were also the candle lighters.

Following the ceremony, a reception was held in the home of the bridegroom's parents. In the receiving line were the parents of the couple, the bride and bridegroom and their attendants.

The bride's table was laid with a white lace cloth over pastel green and appointed in silver and crystal. There was a three-tiered cake, which was served by Mrs. Raymond Folk. Mrs. Roy Thomas presided at the punch bowl. Joann Young was in charge of the register.

For a wedding trip to San Antonio, the bride wore a blue silk shantung suit with white accessories. Her corsage was of white roses. Upon their return, the couple will be at home at 410 Johnson.

Mrs. Tibbs has been a student in Big Spring High School, and the bridegroom is a graduate of the local school. He is employed by the Big Spring Herald.

Out-of-town guests for the wedding include Mr. and Mrs. Carl W. Young and Ricky of Reseda, Calif.; Mr. and Mrs. Raymond Folk of Newark, N. J.; Mr. and Mrs. Arthur Cox and family of Old Glory and Mrs. Alvis Bird and son of Haskell.

**Marzetti Is Good One-Dish Meal**

Texas A&M foods and nutrition specialists suggest Marzetti as the recipe-of-the-week.

**MARZETTI**  
 Ingredients:  
 1 pound ground beef  
 2 tablespoons shortening  
 1 large onion, chopped  
 1/4 oz. can mushrooms (stems and pieces)  
 1/4 teaspoon salt  
 1/4 teaspoon black pepper  
 1/4 teaspoon oregano  
 1 can condensed tomato soup  
 1 can tomato paste  
 1-3 cup water  
 4 ounces medium noodles  
 1/4 pound sharp cheese  
 1 tablespoon Worcestershire sauce

**Method:**  
 Brown meat in shortening. Add onion, green pepper and mushrooms. Cook until tender. Add seasonings. Combine tomato soup, tomato paste, water and Worcestershire sauce. Cook noodles in boiling salted water. Grease an oblong casserole medium sized. Place a layer of noodles on bottom, then a layer of meat, cover with sauce and half the cheese which has been sliced thin or shredded. Repeat. Bake for 45 minutes at 375 degrees F.

## HI-TALK

By PEGGY HOGAN

A group of F. F. A. boys and their sponsors straggled home last week from five days of sun, fun, and fish at Buchanan Dam. The Big Spring chapter was able to take about 12 boys on the trip and three sponsors. Mr. Vines, Mr. Baumhardt, and Coach Roy Baird. Did they catch anything? Well, you'd better ask them about that.

Tomorrow morning, thirty F. F. A. girls will be scrambling out of bed early in order to get started to camp. Their destination is Camp Cisco. The girls will attend meetings for 3 days which include a well rounded program of lectures, demonstrations, and recreation. Also in connection with the summer program, a swimming party was held Thursday, and a machine clinic on Tuesday. The machine clinic was open to the public and demonstrations of the use of sewing machine attachments were conducted.

The last of a series of three classes was held this week to conclude the group sessions of the girls who are taking summer projects. About 60 Senior High girls have enrolled for the course which merits one-half credit toward graduation after a constructive summer home program. Each project is outlined to include two or more phases of homemaking. Ninety working hours and 18 hours of group sessions are required.

Last Saturday at Snyder the Big Spring DeMolays walked off with all the honors pertaining to degree of competition. Leading the organization to the outstanding victory of the District Elimination were: Harris Wood, David Ewing, Howard Smith, and Bennie Compton. This team will now represent this district at the State Conclave in Fort Worth, August 28-30.

A bus full of Rainbow girls left at 6:30 this morning for the Grand Assembly of Texas at San Antonio. Practically every minute of the six day trip has been filled with big plans for a good time. The group will conclude their trip with a day at Brackenridge Park (in San Antonio) and then return home on Friday. The "Rainbows" are carrying two VIP's along. Ann White is the grand representative from Oregon to Texas. Grand Assembly of Texas, and Bette Anderson is a member of the grand choir.

The kicking of feet, the waving of arms and the splashing of water are a few of the sights that can be expected for the next week by 11 ambitious girls are "attempting" to instruct the younger set of our city in the art of swimming. Headed by B. B. Lees, Kenda McGibbon, Tommie Jo Wil-

lamson, Nan Farquhar, Pat Tidwell, Lila Turner, Teenie Richbourg, Bette Anderson, Nancy Smith, Sue Barnes, Sally Cowper, and Clara Freeman are the girls that spend each morning from 10:00 till 11:30 in trying to change awkward strokes into ones of grace and beauty.

Eight sleepy-headed, pajama clad girls huddled over a fire at Moss Creek Lake sniffing the delicious aroma of sausage, eggs, and biscuits at 5:30 last Sunday morning. The occasion celebrated the sixteenth birthday of Kenda McGibbon. Sally Cowper, Tommie Jo Williamson and Margaret Fryar combined ideas to "cook up" the come-as-you-are affair. Attending the party were: Suzanne Reynolds, China Carroll, Frances Reagan, Glenda McGibbon, Kenda, Sally, Margaret, and Tommie Jo.

Another group of kids (exes of Big Spring High) was seen picnicking at Moss Creek last Saturday. The crew was made up of Libby Jones, LaMar Bailey; Anna Mae Thorpe, Roger Brown; Anne Gray and Jim Farmer.

From what I hear, Marilou Staggs was a very happy girl last Wednesday. It seems some of her friends gave her a surprise birthday party. Some who came were Lila Turner, Glenna Coffey, Barbara Bowen, Iris Jones, Carolyn Miller, Janice Nalley and Marilou.

Taking in New Orleans with all the glamour and romance of the French Quarters last week was other than Harris Wood. He visited with his brother, Woody Wood, while touring the Queen City of the South.

Mary Walker and her family toured several major cities of Texas last week. The exciting vacation trip was started in Austin, then San Antonio, Corpus Christi, and Eagle Pass.

Norman Gound left last week on a sight-seeing tour of Washington D. C. and several eastern states. The Gounds plan to be gone about two weeks on their "Yankee Spree."

Glorieta - bound last Thursday were several Baptist teen-agers (Glorieta is a Baptist camp in northern New Mexico.) Experiencing a week of fun, classes and education are: Glenna Coffey, Frances and Judy Reagan, Linda and Gloria Coker, Sharon Creighton and Robert Morehead.

By the way, I want to ask everybody to please tell me if you are going anywhere this summer. I want this column to include as many different people as possible, and in order to do this, I must have help from all of you.

As a new feature this summer I am going to try to introduce some of the new teen-agers that move to town. If these kids live near you, stop to see them, get acquainted, and introduce them to others. Let's show our new kids just how friendly we are.

This week I want to tell you about Donald and Wayne Blackwell. These boys are here for the summer from Smithville, Oklahoma. Donald, 17, is staying at 1104 Lamar and Wayne, 16, is staying at 626 State Street. Both boys played baseball and basketball last year, and they are especially interested in baseball. Don was an All Star pitcher in the area of Southwestern Oklahoma last year. The boys are working for Cowell Electric Company, and they are both interested in meeting some of the Big Spring kids.

I'm going to be gone next week, so I have turned Hi Talk over to Janice Nalley for next week's column.

## Gary Tate Given Stork Shower Party

Gary Tate was given a surprise party at the home of Stanley Peurifoy recently, although this was no ordinary surprise party. It was a turn-about Stork Shower party. The men met in the back yard of the Peurifoy home to play games, and movies were taken and skits given.

The wives later joined their husbands for refreshments and gifts. Melvin Turner, Billy Plaw, Jack Price, and Stanley Peurifoy were hosts to about 30 guests. A pink and blue decoration theme was used.

REPORT TO PARENTS

Anything That Tags Child 'Different' May Hurt Him

DR. MARTHA M. ELIOT  
A little boy ran away from a children's home in Ohio because "nobody cares about me."

The boy, whose name was Johnny, had gotten a Christmas gift from one of the service clubs in Scioto County, but to the member who drew his name, Johnny was a name, not one very real little boy who lived in a home with other children because he had no home of his own.

A member of the child welfare board of the county, who was brought up short by Johnny's explanation of why he had run away, used it to do some hard thinking about how the community felt about the children at Hillcrest, the county's children's home.

She realized, as have many others who care for children in institutions, that one of the greatest yearnings of these children is to be like other children, rather than being set apart as "home" children.

Anything that tags a child as different, in those years when it is so important for him to be accepted as being like other children, is likely to hurt him. It may even produce the feeling that he really is less of a person than he would have been if his parents had been able to care for him.

In Scioto County, as the commu-

nity came to realize this, the gifts that came to the home began to be more in keeping with the children's interests. Instead of "name" gifts, residents contributed such things as gay drapes in the dormitories, sturdy leatherette chairs in the living rooms, a television set, radios, and other similar gifts brightened the lives of the children at the home, and made that institution more like a home, a place in which they would be glad to receive their friends.

But this has not all been a process of receiving for the children. When the home is visited by Scioto County residents, the children act as hosts or guides, serve refreshments, as they would in their own home. In preparation for one open house, some of the older boys volunteered to get up early in the mornings, to paint the hallways and brighten the general appearance of the place.

Persons who are interested in the welfare of children who live away from their own homes are becoming increasingly aware that they can be most generous in giving to each child by turning over cash, or goods, to those people in the institution who live closely with the children. For these children, as do any others, want to receive gifts of their choice from those closest to them.

To Marry

Mr. and Mrs. A. D. Meador, 1102 Wood, are announcing the engagement and approaching marriage of their daughter, Barbara, to James Tibbs, son of Mr. and Mrs. Jack Tibbs, East Highway 80. The wedding will take place in the latter part of June.

MRS. WILLIAM C. PHINNEY JR.

Janie Echols United With S-Sgt. Phinney

S-Sgt. and Mrs. William C. Phinney Jr. are on a wedding trip to New Mexico following their marriage Saturday evening at 7 o'clock in the home of the bride. She is the former Janie Echols, daughter of Mr. and Mrs. Leroy Echols of Coahoma. S-Sgt. Phinney, who has been stationed at Ardmore, Oklahoma, is the son of Mr. and Mrs. Clovis Phinney Sr. of Coahoma.

The Rev. Lin Crossman, minister of the Presbyterian Church in Coahoma, read the informal, double ring ceremony. The altar was decorated with two candelabra with fern and white satin ribbons and a floral arrangement of white gladioli in the center. Jaynet Graham sang the wedding music with Mrs. Lin Crossman accompanying her at the piano.

The bride, given in marriage by her father, wore a white satin, ballerina length, princess style dress with a three-quarter length sleeved jacket. The dress and jacket were both trimmed in lace medallions and the jacket had a high, stand-up collar. Her veil of illusion fell from a cap-type hat covered with medallions and trimmed in seed pearls.

The maid of honor, Bonnie Lindley, wore a pink eyelet embroidery dress. Her hat and shoes were pink and she carried a bouquet of blue Ester Reeds. A-2C Joe Dean of Hamlin was best man, Ricky Phinney, brother of the bridegroom, was usher, and Judy Echols, sister of the bride, was candlelighter.

For something old, the bride

wore a forty-year-old pair of earrings belonging to her grandmother, Mrs. M. H. O'Daniel. Her wedding dress was new and she had on a blue garter. She borrowed a white Bible from her sister and carried a white orchid with it. She wore a penny in her shoe for luck.

Mr. and Mrs. Phinney are both graduates of Coahoma High School, and she graduated from North Texas State College in January. He attended HCJC and was employed with Cosden before entering the service in 1950. The couple will make their home in Ardmore, Oklahoma.

Following the ceremony, a reception was held in the bride's home. A three-tiered wedding cake and lime sherbet punch were served from a table covered with a pink organdy cloth. The table arrangement was of pink and white flowers. Mrs. Ray Echols, sister-in-law of the bride, and Mrs. Wayne White, both of Coahoma, served. The bride's sister, Mrs. Loby Purcell of Victoria was in charge of the register.

Out-of-town guests included Gary O'Dell of Victoria, Mrs. J. E. Brown and Wendell, Mr. and Mrs. A. C. Bass, and Mr. and Mrs. Lowell Baird, all of Big Spring.

Mrs. Viola Bailey is visiting her son, Bill, in Odessa.

Mulligan Stew Old Favorite In Lamb Line

An old favorite in the line of lamb stew is mulligan. It's a hearty combination of lamb cubes joined by cut green beans and small whole onions and garnished with

the tender dumplings. The dumplings are prepared right along with the stew. The mixture is dropped from a tablespoon on top of the meat. Then the meat is covered and the dumplings cooked until tender.

**MULLIGAN STEW**  
2 pounds lamb for stew  
3 tablespoons lard or drippings  
Salt and pepper to season  
Water to cover  
1 pound green beans or 1 No. 2 can green beans  
6 medium onions  
Parsley dumplings  
Brown meat in lard or drippings. Season, add water, cover and simmer for about 1 1/2 hours. Add onions and cook 15 minutes. Add green beans (if fresh) and continue to cook about 15 minutes (if canned green beans are used, add with dumplings). Drop parsley dumplings on top of meat and vegetables, cover and cook 15 minutes without removing cover. Serve stew on a hot platter. 6 servings.

Hot Appetizers Can Be Made In Advance

These hors d'oeuvres can be made a day in advance. Before serving, simply toss them in a skillet with melted butter until they're heated through.

**HOT APPETIZERS**  
**Ingredients:**  
1/4 pound ground beef  
1/4 teaspoon salt  
1/4 teaspoon pepper  
1 ounce Roquefort cheese  
1 teaspoon Worcestershire sauce  
2 tablespoons butter or drippings  
**Method:**  
Mix meat and seasonings together. Divide into 12 portions. Press flat into patties about 1 1/2 inches in diameter. Divide cheese into 12 pieces. Place a piece of cheese in center of each patty and press into balls in palms of hands. Brown on all sides in butter. Serve piping hot.

**PARSLEY DUMPLINGS**  
1 cup flour  
1/2 teaspoon baking powder  
1/2 teaspoon salt  
1 tablespoon minced parsley  
1 egg, beaten  
1-3 cup milk  
2 tablespoons melted lard  
Sift together dry ingredients. Add parsley. Combine egg, milk and melted lard. Add liquid to dry ingredients, stirring only until flour is moistened. Drop by spoonfuls on mixture.

### For Best-Constructed Racer

One of the special prizes to be offered in the Soap Box Derby here July 5 will be this specially designed Stanley tool board with 19 first quality tools. It will be awarded for the best-constructed car in the local race by Shell Oil Company, with presentation to be made by Ted O. Groebel, Shell jobber. The board was especially built for Shell by the famous tool company, and one is being awarded in each of the 155 Soap Box Derbies over the nation. This is just one of a great host of awards available to the lads who will run for top honors here on the Independence Day holiday. The winner, of course, goes to Akron, Ohio, to compete in the All American Soap Box Derby, sponsored by Chevrolet.

## Inspectors To Look At Soap Box Racers

Inspection teams will be out visiting this week to call on all boys entered in the Soap Box Derby, to see that racers are being built according to specifications, and to encourage the lads to have their machines ready for test runs soon. The local Derby will be run off on Monday, July 5, the Independence Day holiday, and boys between the ages of 11 and 15—more than 50 of them—are due to compete for a vast collection of cash and merchandise prizes. The winner wins the "event of a lifetime" in that he will get an expense paid trip to Akron, Ohio, to run

in the famous All American Soap Box Derby, where a \$5,000 college scholarship is top prize. Inspectors will be from the Lions Club, which organization, along with Tidwell Chevrolet and The Herald, is sponsoring the local event. Main purpose will be to see that boys are strictly abiding by the rules in building their cars. "This is entirely for the boys' sake," said the inspectors. "Since the winning car that goes to Akron must be in strict conformity to all specifications, the local caps, of course, must conform just as strictly." Boys will be urged to have their racers ready for test runs on Saturday, June 26, which will be one of their special meeting days. Other special events continue for the Soap Box contestants. Saturday morning they were guests at the Ritz theatre for a free show. Next Saturday, June 19, they are to have a free swim at the municipal swimming pool. All they have to do is appear at the park any time after 10 a. m. and present their special Soap Box Derby contestant cards. Interest is building up in the Derby, and indications are that a tremendous crowd will be on hand to see the youngsters zip their hand-made racers down the course. Winners of every heat will receive cash awards, and there are a number of merchandise prizes to be awarded.

### ABClub Hears Of India's Problems

Members of the American Business Club heard Stanley Hermit of India, who is directing Ministerial education this month at the First Methodist Church, speak on his native land. He explained India's great poverty and constantly increasing population were great problems the nation faces. He was introduced by Richard Deats, son of Dr. and Mrs. C. W. Deats. R. H. Weaver introduced Charles Butts as a new member of the club.

## All Schools Will Get Renovations During Summer

Steady progress is being made in the summer maintenance program for the Big Spring Independent School District. Using members of the regular custodial and maintenance staffs, the district's program will touch practically every building in the system during the summer. Workers have completed repainting eight rooms at College Heights (the newer wing) and next week will complete the remaining six. Program of caulking windows and repairing screens is about half finished on the school, said Pat Murphy, business manager. Floors at Senior High, Washington Place, Park Hill, South Ward, East Ward and North Ward have been cleaned, buffed and polished. Other schools will get similar treatment.

Barren spots in the football field have been resodded. The entire area has been fertilized in an effort to produce a good turf for next autumn. The stands and seats are being checked and new lumber is being installed in the place of faulty boards. New drinking fountains have been put in the junior high building replacing archaic types. Monday, the maintenance force will begin a light sanding job on the senior high gymnasium floor. The surface will be given a seal and finishing. Later in the summer the junior high gymnasium, now in use by the summer recreational program, will be cleaned and resodded.

Other projects include painting on inside of a number of buildings; repairing screens and doors; repairing playground equipment; refinishing woodwork where needed; touch up school grounds; service door checks; check all electrical, plumbing and heating fixtures and replace where necessary; re-insulate boiler flues. Raise the retainer around the boiler room entrance at Kate Morton and repair crack in the east wall; repair Senior high plaster and paint dishwashing room and all outside woodwork.

### Program Of Gospel Music Is Scheduled

A concert of gospel and spiritual music is to be offered Tuesday night at the city auditorium. Two outstanding quartets, the Blue Ridge group from Spartanburg, S. C., and the Imperial Quartet from Dallas, will blend talents for an evening devoted to the favorite numbers in sacred music. The program, to start at 8 p. m., is being sponsored locally by the First Assembly of God Church youth group called Christ's Ambassadors.

## Kids Find Library More Interesting Than Comics

By JIM CLARK

Having trouble keeping your children from reading comic books? Then send them to Howard County Free Library a few times and they'll scarcely look at the comics.

So says Mrs. Opal McDaniel, librarian. Supporting her theory she cites as an example her own fifth grade, ten-year-old youngster. "He hasn't mentioned comic books more than two or three times since he began coming to the library," she recalls. With other books around, she believes, youngsters forget all about comic books.

A large number of children now use the library, following recent school dismissal for summer vacations. Almost 400 books were checked out the day following school's dismissal—most of the borrowers children. The majority of the youngsters are in the 6 to 12-year bracket, she estimates. And they check out 60 to 75 books a day. "Approximately 60 per cent of our borrowers are children," Mrs. McDaniel says. For that reason 40 per cent of the books in the library are intended for children

readers, 20 per cent of the remainder being reference books. Most youths prefer mystery books, she notes, remembering teacher's objections to such books because they "are not well written." But regardless of teacher's opinion, the children still put their most wanted lists. "There's hardly a time when one of those volumes remains on the shelf for a day," says Mrs. McDaniel.

Bobbye Twins, science-fiction, sports, and space books are what the boys "go for," the librarian says. But they also enjoy Miss Mynervia and Hardy Boy stories. "The newest and nicest volumes we have for children are 'New Junior Classics,' she believes. The books, colorfully covered and published by Collier's, include 10 volumes. Titles are "Stories that Never Grow Old," "Fairy Tales and Fables," "Stories of Wonder and Magic," "Myth and Legend," "Hero Tales," "Sports and Adventure," "Animal Book," and "Stories from History."

Also new and popular among the young readers are 21 volumes of stories of American heritage, true history written in fiction form. The books include most all dramatic events in America's past, Mrs. McDaniel says.

"We've added volumes of true mysteries," she says. "I actually believe they're much better for the children because if they enjoy mysteries, they should be given true ones." The library has been slow in purchasing new mysteries, she

says, because "we're trying to get good ones." Mrs. McDaniel accounts for the increased number of children users by saying that the new library has helped considerably. Also, at her suggestion, children were taught how to use the library in a school. Numerous teachers brought their classes down to familiarize them with the library.

### Allred Suspends Fine, Sentence For Blum

HOUSTON (AP)—Federal Judge James V. Allred has suspended the prison sentence and fine assessed a year ago on E. W. Blum, former director of the Houston Housing Authority, for embezzlement. Allred, acting Friday, placed Blum on probation for three years. The sentence and fine—one year and \$3,000—have been on appeal since Blum was found guilty in Corpus Christi in January 1953.

## HCJC Operates Within Budget

With balances totalling \$51,934 for all funds, the Howard County Junior College is operating within its budget.

The \$3,527 in the general fund appeared more than sufficient to see the college through its summer session. Besides this, the college had \$4,347 in the state and county fund and \$13,760 in the interest and sinking fund.

Revenues for the nine-months period have totaled \$192,778, which is \$20,374 more than anticipated for the entire year. Of the plus margin \$15,590 was from more local taxes than budgeted and \$5,290 more than anticipated from state subsidy.

Disbursements for the nine months have totaled \$163,644, which is \$8,739 under the amount which was set up in the budget for the year. This portended a close squeeze on staying within the budget, although the \$29,114 more revenues than expenses offered reasonable assurance of finishing the year on the plus side.

# Carpet, Venetian Blinds, Walls Transform Station

By ANNE LAFEVER

You, who once bought gas from a service station at Tenth and Scurry Streets, would never recognize the floor where you stopped for gas anymore.

Today it is covered with a carpet in a luscious persimmon shade, and the archway is enclosed with charcoal and white walls. The entire front is composed of chalk-white Venetian blinds, from floor to ceiling.

This is the new shop of Lucelle (Mrs. E. H. Boullion) interior decorator. As you enter it, you feel as if you are walking into a living room in a friend's home. There are bubble lights made of seashells and pewter, and over the charcoal upholstered divan, is "Sea Fantasy," a picture made of abalone shells, sea-horses, starfish and sea coral. This is all placed on an opal background.

Small triangular tables which can fit together to make a complete round coffee or cocktail table, will win the heart of any hostess.

On the wall are branched candelabra, holding candles, dyed to the exact shade of the carpet. A sculpture of an East Indian elephant, done by Odien Hughes, decorates a wall above a desk and table from the "New World Group" by Baker. An easy chair, upholstered in a print to complement the carpet has its pouff—"pouff" is an ottoman to me!

The Pine Room is in panelling available from a company which makes furniture of the same wood. Here, the fabrics used are prints made from copies of old horse blankets, and it is called "Harness Button Print." This is an Early American pattern that is used in the Henry Ford Museum. Planters in this room are movable and are used for room dividers. At Lucelle's they will be planted with white caladium and daisies.

The Galliglan paper which is between the beams in the ceiling shows to advantage when the Towle light fixtures are illuminated. They furnish a soft light, and they are as pretty when dark as they are when lighted. At one end of this room is a solid cherry silver cabinet, a copy of an old piece, and it will hold 40 dozen pieces of flatware.

A grandfather clock and a large screen add interest to the room. The screen is made from reproductions of old maps. From this "family room," there is a sample room and a work desk.

The powder room would be a musician's dream! It is done in black and gold with French poodles even on the towels. The door is covered with a print called "Piano Concerto" and bears copies of the authentic autographs of Arturo Rubenstein, Fritz Kreisler, Josef Hoffmann, Paderewski, and others. Printed programs of concerts presented in Steinway Hall are mingled with the signatures.

In the office, which Lucelle says she furnished especially for her husband, E. H. Boullion, is a series of pictures placed there because Mr. Boullion is such a fisherman. He insists, though, that if he ever catches one like any of them, it will scare him to death!

Nearly everything in the office has a personal meaning to this family. There is a Ben Hur print that has been in the Boullion family for years and years. One picture is of their former home in New York, and another is of their home in Palm Beach, Florida.

This office was made with very little "tearing out" from the original office and the two restrooms of the service station. One door was made into a lovely floor-length window. At the back is an old door salvaged from the station. An antique umbrella stand is just the thing to hold all the blue-prints required, and a clock combines the modern idea with a touch of the old. It is strictly modern in design, but it operates with weights as the old cuckoo clocks once did.

To help with the hospitality of the shop is the compact little kitchenette, complete with sink, stove and refrigerator. The paper used in here even adds to the helpfulness in entertaining!

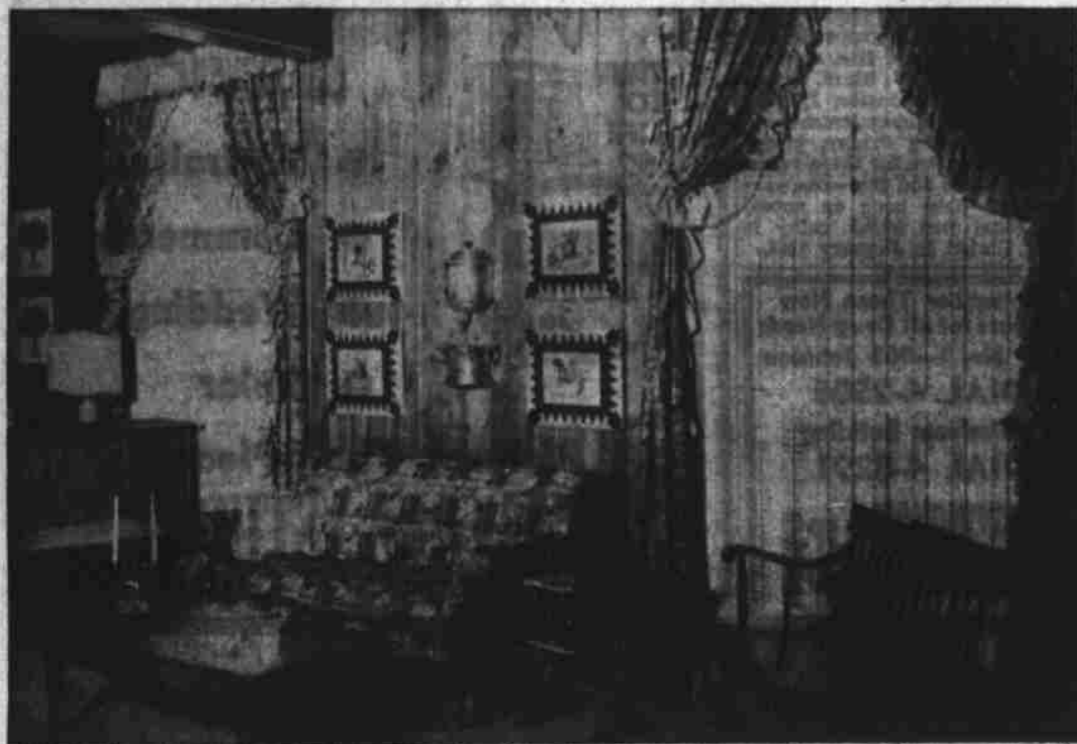

Where the original grease-rack once stood is the drapery shop of the establishment. Here are huge tables for cutting and sewing and there are racks to accommodate supplies of draperies until new homes are ready for them.

The display window is decorated at the present time with a baby bed, the first of which was made especially for the group of

American Interior Decorators to use in the museum in Grand Rapids, Mich., when they redecorated it four years ago. It was so popular that the company continued making this model.

Colors of the shop are keyed around the fountain of French lead in the courtyard. The planter contains oxalis and Queen's wreath, and Fashion roses are planted around the foundation of the house. The iron fence, which was designed by Mrs. Boullion, is painted two shades deeper than these roses. A fitting decoration for the corners of the roof are the old Venetian lanterns, made in Murano, Italy.

"Lucy Belle" as all of her friends know her, expressed the hope that women of the community will use her place for meetings. After one look at it, you'd think that she wouldn't have to insist too much for you to "come in an' see a spell."

From Modern To Period

Range is great and yet quite natural in the new shop of Lucelle's which is observing open house this afternoon. Above is one portion of the living room, including bubble lights, a pair of sea fantasies, unique sectional coffee table, specially treated walls. Below is a nook in the Pine Room, devoted largely to Early American furnishings and other period pieces. Exterior of the new plant lends the impression of provincial New Orleans. (Mathis Photos.)

## Open House Today At New Lucelle's

Open house is being held from 2 p.m. to 7 p.m. today at Lucelle's new establishment at 1001 Scurry Street.

Since 1948 Lucelle, who in private life is Mrs. E. H. Boullion, has been looking around homes, offices and business establishments in this area with the practiced eye of a decorator. Today she is urging the public to look around her place.

Many people, particularly a host of out-of-towners, went through Saturday afternoon and were high in their praise.

Mr. and Mrs. Boullion purposefully utilized an abandoned service station, turning it into a storehouse of modern and provincial decorations, appointments and furnishings.

Flipping the entire plant upon an old French import fountain, the color scheme accentuates charcoal and silver gray against coral pink in the wrought iron fence, bricked courtyard lined by fashion roses. The impression is at once that of old New Orleans.

The same basic colors prevail for key rooms in the shop. This

provides for an easy transition from the modern to Early American.

Mrs. Boullion, who is associated with her husband in the business, set up shop when they moved to Big Spring in 1946. Last year she conceived the basic idea of the new plant and collaborating with John Rollins, the exterior architecture was shaped. Owen B. Ingram of Midland built the new shop, while Mr. and Mrs. Boullion naturally did all the interior decorating.

A member of the American Institute of Decorators, Mrs. Boullion is known widely throughout West Texas. While she has become accustomed to doing apartments, homes and offices from El Paso to Fort Worth, she did consider it out of the ordinary recently when she was commissioned to do an apartment in New York City.

## Decorator Has Imagination, Enthusiasm

Imagination and enthusiasm are qualities you might expect to find in an interior decorator. Mrs. Lucelle Boullion, whose new Lucelle's Shop is having open house this afternoon, possesses each in tasteful abundance.

Mrs. Boullion says that keeping up with the latest styles in interior decorating is about the same as trying to keep up with the latest styles in fashions. For the most current styles in interior decorating, she makes three market trips a year to Chicago, Grand Rapids, and New York.

During the war, Lucelle Boullion went to the New York School of Interior Decoration. Even at that time, she never dreamed of owning an exclusive shop of her own, although she has always been

very interested in her chosen profession. Mrs. Boullion first went into business seven years ago when she and her husband, Elbert H. Boullion Sr., moved here. He is now business manager of the shop.

The opening of the new shop isn't the only big event that has happened to the Boullions this month. They just recently returned from Austin where their son, Elbert Jr., received his engineering degree from Texas University.

Although her career keeps her very busy, Mrs. Boullion does find time occasionally to "mess around at painting." She is also interested in community affairs, even though she seldom has time to participate in anything, and she would like to learn to play the organ someday.

## OIL, GAS TRANSACTIONS

## County Government Assn. Wants More Time For Its Case

OMAHA, June 12 (AP)—The National Assn. of County Officials wants more time to present its case to the commission on inter-governmental relations.

A resolution to that effect was adopted at the conclusion of the association's three-day convention here yesterday.

A spokesman said only "token" testimony had been taken at the county level by the commission appointed by the President to make recommendations as to what should be proper fields of action for national, state and local governments.

County Judge Fred B. Glass of Martin, Tex., was unanimously elected president of the association.

## Fleming To Direct Baylor Funds Drive

HOUSTON, June 12 (AP)—Lamar Fleming Jr., Houston cotton merchant, has been named chairman of a committee which hopes to raise a \$10,000,000 endowment fund for Baylor University's college of medicine.

The first phase of the campaign will have a goal of \$400,000 a year for the next 10 years for the college's operating budget. A Baylor spokesman said one half of this goal already has been obtained.

Lake Erie is 260 miles long and 87 miles wide.

## exterior of beauty . . . for an interior decorator

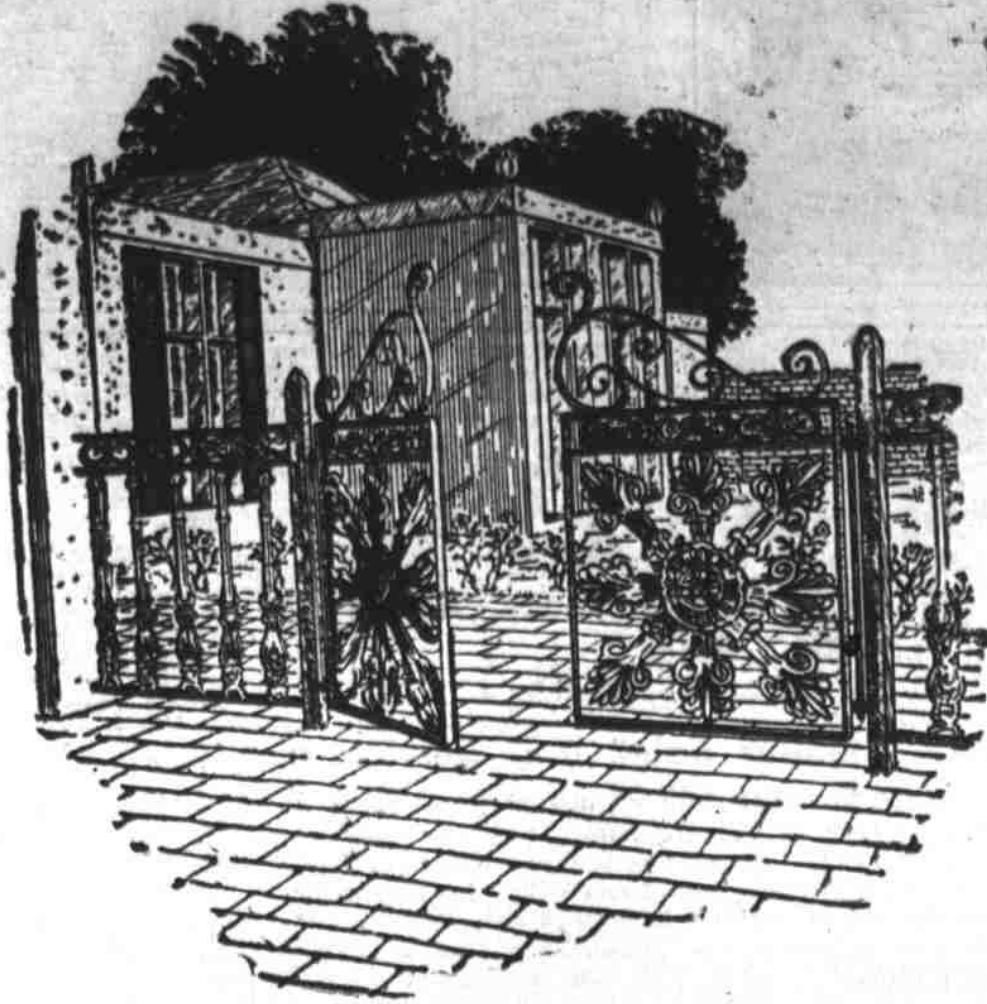

Our warmest congratulations to Lucelle's on the completion of the most modern Interior Decorating Shop in West Texas. In the design of such a distinctive shop, it is gratifying to us that Lucelle's chose decorative fencing by

Real Art Metals Company. We are proud to have had a part in keynoting the charm of setting for the new Lucelle's. If you have plans for any type of decorative iron work, your inquiries are invited.

Foremost Designers of Ornamental Iron

# ...a personal invitation...

To Visit our New Studio on the Corner of 10th and Scurry—  
Today 2:00 to 7:00

This we have done to serve you better and bring to you a Decorative Service second to none in the Southwest. In by-gone days only the Carriage trade thought of Decorators, but as Grandmother used to say; "Times have changed since I was a girl."

We can do your Home or Office in a Grand Manner or on a limited budget, both in good taste.

We have everything you need; CARPETS; Let us mention two of our favorites, Wunda Weave in Cotton and Gullistan in Wool;

FURNITURE: From the finest to the mediocre, all periods, all good; DRAPERIES: Custom made; SHUTTERS: Custom Built;

ACCESSORIES: Lamps, Pictures, Sconces, etc—you know all the things you need to complete a job that cost nearly as much as the job; FABRICS: From the finest to Denims—if you want to "Do-it-yourself"—wouldn't you like something you don't see everywhere you go? UPHOLSTERING: Professionally done; DRAPERY HARDWARE.

Remember whether it is one little window or an entire house we can help you.

MISTER BREGER

"I don't think you should've told Uncle Walter you were giving him a car—even if he is in his second childhood!"

The Wild Blue Yonder

Van Johnson and Dewey Martin are shown watching action in the sky above in a scene from MGM's "Men of the Fighting Lady." This Technicolor movie shows today and Monday at the Ritz Theatre. Keenan Wynn and Walter Pidgeon also have important roles in this film.

It's A Surprise

... Answer, that is, that Jack Lemmon gets from Judy Holliday in the Columbia comedy "It Should Happen To You," which happens to the Ritz Theatre Tuesday and Wednesday. Peter Lawford also appears in the film.

### 'It Should Happen To You' Has Judy Holliday As Star

Judy Holliday is a girl who wants fame, fortune and a "feller" but goes about in a most unusual way in "It Should Happen To You," Columbia comedy which shows Tuesday and Wednesday at the Ritz Theatre. As Gladys Glover, an erstwhile model who has just lost her job, she decides to take her savings and rent the space on a huge advertising billboard in New York City's Columbus Circle. This immediately brings Peter Lawford into the picture; he is the role of a soap company executive determined to have that billboard space to extol the virtues of his particular brand of soap. He's also a bit of a wolf. Movie newcomer Jack Lemmon plays a movie camera addict who meets Gladys in Central Park and

he is appalled by her phony publicity buildup and this drives him away from her.

The picture shows all the difficulties that are attendant upon Gladys becoming a bigtime celebrity. For in a swap with Lawford, she trades her billboard spot for six others deployed strategically around the city and soon has everyone asking "Just who is this Gladys Glover."

Constance Bennett, Ika Chase, Wendy Barrie and Melville Cooper appear as members of a television show panel which Gladys joins for one scene.

### Audie Murphy Movie To Show

The Technicolor "Drums Across the River" is to show Thursday through Saturday at the Ritz Theatre. Audie Murphy is the star with Walter Brennan, Lyle Bettger and Lisa Gray as co-stars. The gold mining town of Crown City is fast becoming a ghost town as the veins of ore play out but in the nearby Ute territory there are believed to be additional rich veins to be worked.

Audie, as Gary Brannon, joins the group that intends to open up the Indians' land to white prospectors. In this he goes against the wishes of his father, played by Brennan, who fears that such action will send the Indians on the warpath. Bettger is the leader of the group seeking to open up the Indian treaty lands. His motives are to open a way with Indians in the hope of personal gains.

Lisa Gray, of course, has the role of Audie's sweetheart. The film is a Universal-International production with Nathan Juran directing and Melville Tucher producing.

### Kettle Film To Show

One of the Universal-International Ma and Pa Kettle comedy series is on tap for the Jet Drive-In screen Tuesday and Wednesday. Marjorie Main, of course, plays Ma and Percy Kilbride plays Pa. The title of the current adventure is "Ma and Pa Kettle at Home."

Fight To The Death

Hawk and rattlesnake are shown in a death fight in one of the true-to-life nature scenes from the Walt Disney Technicolor production "The Living Desert." The film shows at the State Theatre starting Wednesday.

### 'The Living Desert' Movie, In Technicolor, Due At State

"The Living Desert," first Walt Disney True Life Adventure feature film, shows for a week starting Wednesday at the State Theatre.

This picture, like similar short subjects which Disney has produced to win wide critical acclaim, is in Technicolor and features no human actors but rather animals of the desert in their natural habitat.

Scenes include a rough-house party thrown by a band of rodents which turns into a brawl, a group of young coast mundi falling on a vulture egg, stolen by their bandit elders and brought back to the nest for a cooperative omelet-in-the-raw; how the determined peeps wasp braves the dangers of the tarantula in order to stock the larder to feed her young.

A comedy note comes from the foolish antics of the round-tailed ground squirrels. The mating dance of two scorpions is shown as is the battle of a couple of clumsy tortoises for the affection of the female of the specie. A valiant mother kangaroo rat is shown trying to raise her tiny brood to be good, upstanding desert citizens.

The film's climax features a flash flood and the floral magnificence which springs up as the waters recede.

The film was compiled from thousands of feet of film shot in the Great American Desert. Camera men were headed by the team of N. Paul Kenworthy Jr. and Robert H. Crandall. The former, a graduate of the University of California at Los Angeles, started

his study of the desert as a university thesis and then went on to join the Disney camera team.

### WEEK'S PLAYBILL

RITZ  
SUN.-MON. — "Men of the Fighting Lady" with Van Johnson and Walter Pidgeon.

TUES.-WED. — "It Should Happen to You" with Judy Holliday and Peter Lawford.

TUES.-WED. — "Ma and Pa Kettle at Home" with Marjorie Main and Percy Kilbride.

THURS.-FRI. — "Siege at Red River" with Van Johnson and Joanne Dru.

SAT. — "Outlaw Territory" with MacDonald Carey, Joanne Dru and John Ireland.

### 'Appointment' Film Stars Ford, Sheridan

Glenn Ford and Ann Sheridan star in "Appointment in Honduras," Technicolor film showing tonight and Monday at the Jet Drive-In.

Ford has the role of an American living in an unnamed Central American country at the turn of the century. The presidency has been usurped and Ford is anxious to restore things to their rights. Miss Sheridan plays the blowy wife of Zachary Scott, who plays a weakling heir. The three are thrown together as passengers on a coastal steamer.

## Movie Industry Finds Attendance Going Up

By WAYNE OLIVER (for Sam Dawson)  
NEW YORK (AP)—The movie industry, attempting a comeback after a body blow by television, is maintaining its hard-won gains of recent months and looking for a new boost later in the year from a crop of top-flight pictures.

Fighting back with new processes, better quality in story and technique, and more films in color, movies now are estimated to be attracting five million more fans a week than in 1952.

And reports from headquarters of the film companies here reflect humming activities in Hollywood studios, with production at probably the highest level in two or more years.

Theater owners in some sections, particularly where TV is newly arrived, still are having rough going but over-all nationwide attendance is well above the postwar low. Noticeable pickups are being reported from areas that have had TV a long time, and the novelty has worn off.

Eric Johnston, president of the Motion Picture Assn. of America, says a number of factors combine "to indicate a somewhat brighter economic picture for the industry during the coming year."

These include, he says, the new technical advances, an accent on higher quality pictures, economies all along the line, and record foreign revenue from American movies shown in other parts of the world. To those could be added the recent reduction in federal tax on movie admissions from 20 per cent to 10 per cent.

Seven out of 10 movie companies making financial reports on the first quarter of this year show better profits than for the corresponding three months last year.

The industry has no central clearing house on movie attendance but Chester Bahn, editor of Film Daily, estimates it's running about 50 million a week or even with last year and five million ahead of 1952. Meanwhile, Bahn reports a lull in the postwar wave of theater closings, with many new drive-ins still being built. He puts the current total of conventional theaters at a little more than 14,000 and the number of drive-ins at nearly 3,800.

Among the new processes, 20th Century-Fox's CinemaScope has been taking the play in recent

## 'Fighting Lady' Showing At Ritz

Showing today and Monday at the Ritz Theatre is "Men of the Fighting Lady" starring Van Johnson, Dewey Martin, Keenan Wynn and Walter Pidgeon. The film is based on two Saturday Evening Post articles by James Mitchener (of "South Pacific" fame) and Commander Harry Burns. It shows a carrier-

based jet squadron engaged in daily strafings of Korean War targets. Keenan Wynn plays a veteran of World War II called back into the service. Johnson and Dewey Martin also play pilots. One scene shows the fatal crash of a plane on carrier flight deck and another important scene shows the guiding to safety of a pilot blinded by antiaircraft fire. Others in the cast include Louis Calhern, Walter Pidgeon and Frank Lovejoy. The Metro-Goldwyn-Mayer film is in Anisco Color.

## Spiritual Wisdom Said Cure For Ills

Spiritual understanding alone can heal today's widespread distrust and discord and assure universal freedom and security. The Christian Science Board of Directors said last week in a special statement.

About 7,500 Christian Scientists from many parts of the world heard the directors' message at the annual meeting of the Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

Stressing the universal nature of spiritual understanding, the directors said that the healing promises of practical Christianity apply "to every human being and every group and nation."

"When we look at the world and its problems, we cannot fail to be grateful that the teaching of Christ Jesus has so broadly and deeply registered in it," the directors

said. This teaching, they declared, offers a lasting solution to confusion in government, conflicting national interests, and world tension.

Named president of the Mother Church for the coming year was William R. Knox of Boston, Mass., a Christian Science practitioner active in the healing work of the denomination for almost 50 years. His term of office is one year.

Knox emphasized the conviction of Christian Scientists that God's law and power are scientifically applicable to human problems and available to all. He said they base this conviction on the practical results of "the simple power of prayer" in their own lives and in the healing of others.

Emphasizing the significance of spiritual healing in the work of Christianity as understood in Chris-

tian Science, Knox said, "Christian healing is the lifeblood of our cause . . . that branch church is most prosperous and blessed where the healing work flourishes and the lives of its members overflow with the Christ influence."

Bearing witness to this were accounts of Christian Science healing read at the meeting which included total recovery from a case of multiple sclerosis diagnosed as incurable, appendicitis and peritonitis diagnosed as beyond help, brain tumor pronounced fatal, and a case of internal injuries and crushed pelvis medically pronounced as crippling if not fatal.

Growing recognition of the effectiveness of Christian Science healing was reflected in favorable legislative action. Will B. Davis, manager of Committees on Publication, reported, "Freedom imposes responsibility." Davis emphasized, in referring to legal exemptions from compulsory medication. He said that respect for the rights of others and careful observance of the laws relating to quarantine and the reporting of communicable diseases "has done

much to win the public respect so widely enjoyed by our cause."

Growing acceptance of spiritual healing by young people was noted by Gordon V. Omer, clerk of the Mother Church. Pointing out that Sunday School pupils are shown how to rely successfully on prayer, he told of some of the clear-cut healings by the pupils themselves that came to his attention during the past year.

## Summer Enrollment Exceeds 150 At HCJC, High School

Summer school is attracting more than 150 persons in high school and junior college.

Final enrollment figures at Howard County Junior College will not be tabulated until Monday. B. M. Keese, dean-registrar, said that the total would be about 100. There were 94 definitely on the line Saturday morning with several others scheduled to complete enrollment.

The classes at high school had aggregated 56, said Roy Worley, principal. There were a few pupils in math at junior high levels, but practically all the work was in senior high classes.

Keese said that several changes had been made in the summer school schedules due to lighter enrollment than had been anticipated.

Freshman English is being offered in the day classes and two sections of sophomore English in evening sessions. Demand for bi-

ology has been good but chemistry and math are light. The night session for accounting is good and so is the evening section for physics. None of the evening education courses panned out, but the demand was so firm on the day side that a class had to be added.

Enrollment for government and history has been small. There were more than the required 10 for shorthand, but not enough in beginners or advanced to justify a class. Typing enrollment is a little under normal for summer.

Keese said that transfers, occurring at the time of enrollment, reduced the number of enrollees from Webb AFB for the session.

Scientists think that the ancestors of modern Eskimos lived near Lake Superior about 2,000 years ago and moved north about that time.

These beautiful stainless steel steak knives are a smart buy, as practical as they are good looking! You can brighten up your table with these knives. And you can brighten up anyone with the coolest drink under the sun... *iced Lipton Tea!*

And remember it's always a bright idea, when those hot summer days lay you low, to sit back and relax with a cooling pitcher of Lipton Iced Tea. It does more than quench

your thirst... It refreshes you through and through. That's because Lipton's has a brisk flavor... a richer, livelier flavor that stands up when iced. It's the result of Lipton's own special way of blending the finest Orange Pekoe and Pekoe Teas!

So be sure to enjoy the coolest drink under the sun this summer, and send for your beautiful stainless steel Steak Knife Set. They'll both add something to your table!

Double-your-money-back GUARANTEE! If you are not fully satisfied that this 4-piece Steak Knife Set is completely as represented here, just return it to Lipton Tea, Box 317, New York 46, N. Y. and you will receive \$1.50 for the 75¢ you spent.

You always need sharp steak knives! **ORDER NOW!**

Lipton Tea, Box 772, New York 46, N. Y.

Please send me... 4-piece Steak Knife Set. I enclose 75¢ well-wrapped (no stamps), and the top from a box of Lipton Tea or Lipton Tea Bags for each Steak Knife Set ordered.

HURRY! This offer subject to withdrawal without notice! Good only in U.S.A. and its possessions

# TARZAN

Edgar Rice Burroughs

THE APE-MAN RAN TOWARD GOYAT'S TREE. A HAIRY HAND GRASPED HIM, AND TOGETHER THEY FLED TO THE FOREST.

BUT WHILE HIS ENEMIES REMAINED HIDDEN, STRIPER AND THE NATIVES WERE MYSTERIOUSLY BUSY...

LATER THE FUGITIVES STARTED SEPARATELY FOR THE VILLAGE... TARZAN INSTRUCTED GOYAT TO CAPTURE A BOW AND ARROWS.

SOON GOYAT SAW THE NECESSARY WEAPONS. WITHOUT REALIZING, HE DROPPED EARTHWARD--AND SET OFF THE TRIGGER TO STRIPER'S TRAP!

A NET HAD BEEN SPREAD OUT AND ATTACHED TO A BENT TREE. NOW STRIPER'S PLAN WAS MATERIALIZING.

GOYAT'S ASTONISHED CRIES ALERTED THE APE-MAN-- ALL THIS WAS ANTICIPATED BY STRIPER, WHO ALREADY STATIONED HIS WARRIORS IN AMBUSH!

# CASEY RUGGLES

By Warren Tufts

MORE THAN A YEAR HAS PASSED SINCE CASEY HAS SEEN HIS FRIENDS. ONE OF THEM SPIES HIM COMING AND A WILD WHOOP ROLLS OUT ACROSS THE PACIFIC.

KIT FOX! SCOURGE OF THE PALEFACE! DEFENDER OF THE RED MAN'S CAUSE!

AND CHRIS! LOVELY, ADORING, ADORABLE SISTER CHRIS!

AND GOOD OLD RELIABLE HANS HASSENFEFFER. JUST FIVE YEARS AGO TODAY THE FOUR OF THEM WERE ROLLING WEST WITH THE GOLD-SEEKING TIDE.

THE HOUSE HAS A NON-PAYING GUEST! DYNAMIC KIT CARSON, SADDLE-TRAMP, VAGRANT, AND DEAN OF AMERICAN TRAPPERS (SO HE SAYS).

THERE IS ANOTHER NON-PAYING GUEST: CHRIS'S FIANCE, MAJOR JACK BARTON. ALL IN ALL, THERE ARE TOO MANY FUN LOVERS IN THIS GANG OF ROGUES; SOMETHING IS BOUND TO SNAP!

THAT PROFESSOR IS TH' CAUSE OF IT? HE MUS' BE A MAGICIAN... HOW ELSE COULD HE BE MAKIN' SO MANY THINGS HAPPEN T' US?

TH' CAUSE AIN'T LOST YET, ESTRELLITA, GIT THINGS ROLLIN' Y' FUST UP THIS INNIN'!

GI, AMIGA! BUT SEE WHAT I HAVE FOUND TO BRING US LUCK!

NOTHIN' LIKE A BLACK CAT T' SCARE AWAY BLACK MAGIC! LE'S HOPE IT WORKS!

ESTRELLITA STARTS IT OFF WITH A SINGLE OVER SECOND...

BASES WE CANT TAG... HOME RUNS THAT AIN'T, AND WILD PITCHES ALL OVUH TH' PLACE... THIS SHO' AINT OUR STYLE BASEBALL!

WE LOST 8 TO 7!

GO AWAY, CAT... YOU WERE NO HELP AT ALL!

THUD!

WHAT WAS THAT NOISE?

LOOK! IT WAS BARNEY... HE'S PASSED OUT!

SPEAK T' US, BARNEY!

(MOAN) YOU WON'T WANT TO HEAR WHAT I HAVE T' SAY! I BET TH' OWNER- SHIP OF TH' GLAMAZONS ON THIS GAME...

...YOU NOW BELONG TO...

...THE PROFESSOR!

WE WHAT?

NATURALLY, MRS. HADDUM, IT'S COMMON GOSSIP— YOU AND BRENDA STARR HAVE NEVER BEEN TOO CHUMMY!

—AND BECAUSE OF THAT FACT... I DARED HOPE THAT YOU WOULD WELCOME A CHANCE TO HELP ME!

WELL REALLY— MISS LIPPS—!

WHADDAYAWANNA KNOW, PAL?

MEANWHILE: IT SEEMS, MADAME FOU FOU HAS CONQUERED THE OUTER SPACE KIDS

DO YOU ALWAYS WEAR DARK GLASSES?

WHY IS YOUR HAIR PINK?

WHAT ARE THE NAMES OF YOUR POODLES?

WILL YOU EVER WALK AGAIN?

WHEECH WAN OF YOU DOES ZE HAN'SOME PAPA BELONG TO?

HE'S MY DADDY—!

TAKING MERRIE'S HAND IN HER'S— MADAME FOU FOU FEELS A WILD BEATING IN HER HEART AS SHE LOOKS ACROSS THE ROOM AT HITCH RIDER—

AUTHOR'S COMMENT: BRENDA, IF YOUR EARS SUDDENLY START TO BURN, TAKE WARNING

## GRANDMA

by CHAS. KUHN

MY LAND, IT'S STARTING T' SPRINKLE, AN' I FORGOT MY UMBRELLA !!

H-M!! LOOKS LIKE I'M GONNA GET WET...

...AN' EVERY TIME I GET WET I CATCH A COLD!!

THIS DRIZLE COULD KEEP UP ALL DAY, SO I EXPECT I'D BETTER HURRY HOME !!

I SURELY DO HOPE WE HAVE NICE, SUNNY WEATHER SOON, AS I LIKE T' BE OUTDOORS A LOT!

I TURN AT THIS NEXT CORNER! I LIVE UP IN TH' NEXT BLOCK !!

GOODNESS, THEN YOU MUST BE MY NEW NEIGHBOR! WHAT'S YOUR NAME?

WELL, MY NAME IS CECIL, BUT EVERYBODY CALLS ME DITTO, AN' I NEVER COULD FIGURE OUT WHY!

DITTO, EH? WHAT AN ODD NICKNAME! I THINK I KINDA LIKE IT FOR YOU!

**NEW VEL\***  
MAKES DISHES SHINE  
**WITHOUT WASHING OR WIPING!**  
"VEL SOAKS DISHES CLEAN — saves you all the hard work!"

**DON'T WASH — JUST SOAK**  
Dishes soak grease-free in seconds! No washing is needed. If food sticks, a touch of the dishcloth gets it off. There's no greasy detergent with Vel.

**DON'T WIPE — JUST RINSE**  
Yes! Just soak and rinse. Dishes dry streak-free without wiping! Even heavy grease in pots and pans is so completely dissolved no hard scouring is needed.

\*Package for soaking. Vel cuts grease better than the leading washday detergent, liquid detergents or soap!

**—and yet  
NO 'DETERGENT BURN'  
TO HANDS!—**

PROVE IT YOURSELF!

**"HAND-HEAT TEST" SHOWS WHY.**  
Put hands in water. Then put a tablespoonful of any leading washday detergent in one hand — put a tablespoonful of VEL in the other.

**FEEL THE HEAT** from washday detergents, indicating irritating alkalis and harsh chemicals that cause "Detergent Burn"!

**FEEL NO HEAT WITH VEL** because Vel contains no irritating alkalis or harsh washday chemicals to cause "Detergent Burn"!

VEL is a miracle of mildness! Vel helps you avoid rough, red hands — causes no "Detergent Burn"!

**MarVELOUS for dishes and finest fabrics!**  
\*VEL is the trade-mark of the Colgate-Palmolive Company.
