

55 Die In TWA Plane Crash Near Cairo

CAIRO, Aug. 31. (AP)—A Trans-World Airline Constellation plane carrying 55 persons, 23 of them Americans, crashed and burned today north of Cairo, killing all aboard.

The airline announced there were no survivors among the 48 passengers and seven crewmen. Reports from the scene said the plane was so badly burned that only a small section of it remained intact.

The bodies of the victims, many of them notables and representing a dozen countries, were so badly charred that identification at once was impossible.

Officials of the district governor's office in Behaira Province placed the scene of the crash near Etag Baroud, about 75 miles northwest of Cairo. Eyewitnesses said they saw the big four-engine "Star of Maryland" plummet to earth in flames.

Earlier the district governor's office had held out hope that six of those aboard had survived, but this was dashed by messages direct from the scene, to which rescue teams had been rushed as soon as a TWA search plane spotted the wreckage in the Nile Delta area.

TWA said the bodies are being removed by plane to Cairo.

Five of the crew of seven aboard the plane, bound from Bombay, India, to Rome, were Americans. The other two were French. Eighteen of the 48 passengers were Americans, and the remainder represented 11 other nationalities. Two passengers were Indian nationals en route to a United Nations meeting in Paris. Another passenger was the Egyptian Movie Star Lilliane Cohen, whose screen name is Camelia. She is known as "the Lana Turner of the Middle East."

The Americans listed aboard included Aubrey William Schofield, 52, a native of San Antonio, Tex., who has been living in New York. He has been manager of the Eastern Hemisphere Foreign Production Division of the Gulf Oil Co. Recently he has been filling in as manager of the Kuwait Oil Co.

Another American was listed as William C. Gist, son of Justice Erwin Gist of Lake City, Ia. The senior Gist is administration services and transportation officer at the U. S. Embassy in Cairo.

Homar Garrison, Jr., state police director, said at Austin that Rangers arrested and questioned Cohen on reports he came to Texas to set up a "gambling and racketeering empire."

"After the questioning, he apparently decided the Texas atmosphere was not good for him," said Garrison.

"We were acting on definite information that he had planned to come to Texas and set up a gambling and racketeering empire. We didn't want that."

Cohen and his companions came here by car from Wichita Falls. An American Airlines spokesman said the Rangers had booked the party for a plane arriving in El Paso at 12:12 p. m. (MST) and that Cohen was to take an American Airlines plane leaving El Paso at 3:25 p. m. (MST) and arriving in Los Angeles at 5:20 p. m. (PST).

Cohen had said he was in Texas to investigate oil business. Ranv at Wichita Falls, said "Mickey Deauville, who led arresting Rangers by his own free will and accord and by air immediately."

Four Rangers arrested, fingerprinted, mugged and questioned the Californian at the Wichita Falls police station.

Cohen and his party arrived at Odessa by plane from Los Angeles yesterday. Immediately a pickup order was given out by the Texas Rangers, but the group made off and was not heard from until last night when they turned up here.

Urge HS Students Register Before School Opens

High school students who are new residents of Big Spring were urged again today to register promptly at the high school and in advance of school opening on Tuesday.

School authorities also reminded patrons that registration of all elementary school children is set for 1 p. m. Friday in the school of the district in which they reside. Only exceptions are: Bus students go to Central ward as will the seventh grade from South Ward district. The fifth and sixth grades at South Ward will go to College Heights. Buses will leave here at 12 noon Friday to pick up rural pupils except one leaving from the George White place at 12:15 for town.

At the high school, principal Walter L. Reed said that 60 new students, who had not formerly lived in Big Spring, had enrolled. He said that others should do so promptly and not wait until Tuesday. At that time the staff will be too busy to enroll new students promptly.

High school and eighth grade pupils do not report Friday afternoon. They already are registered.

More British Forces

SINGAPORE, Aug. 31. (AP)—A small detachment of men from the Royal Army Ordnance units at Singapore and Hong Kong will be added to British forces now fighting in Korea. It was announced here today.

Bureau Of Standards Set For Atom Attack

CORONA, Calif., Aug. 31. (AP)—The U. S. Bureau of Standards is preparing for the possibility of an attack on Washington, D. C.

Dr. Edward U. Condon, bureau director, says: "We plan to duplicate here much of the setup at the national capital so that the Norco Facility (a former Navy hospital) could carry on the entire program of the bureau should enemy attack upon Washington incapacitate our establishment there."

If Congress appropriates funds the laboratory, employing some 200 scientists and several hundred other workers, will be established by the end of this year, Dr. Condon said yesterday.

A SCOTCHMAN GOES TO WAR—What the well-dressed Scot wears when he goes to war is illustrated by this Highlander (center) who arrived at a South Korean airfield with the first contingent of British troops. He carries a submachinegun, side arm, knife (in stocking), bed roll, cane, tam o'shanter and pipe. (AP Wirephoto)

X-Ray Survey Opens Friday

Big Spring's mass chest x-ray survey, being sponsored by the Howard county Tuberculosis association in an attempt to head off tuberculosis infections before they reach the critical stage, is scheduled to start at 9:30 a. m. tomorrow with mobile x-ray equipment set up at 212 E. 3rd street.

A widespread publicity and information campaign has been conducted prior to the start of the survey to encourage all-out participation in the mass examination which is being given free of charge.

The survey, according to Jack Y. Smith, general chairman, is 100 per cent participation of all

Howard countians 15 years of age or older.

"Every person in the county should take the x-ray examination, even if he thinks that he is free of tuberculosis infection," Smith pointed out. "It's an established fact that hundreds of persons are carriers of the disease. Many others may have tuberculosis in its preliminary stages and the chest x-ray will show whether or not the body has been able to throw off the infection."

"It will also reveal the absence of the tubercular germs," the general chairman declared. "In cases where persons are found to have the disease, the examination and diagnosis will permit early treatment and cure if started in time."

State Health department technicians will man whole x-rays equipment. No inconvenience will be involved in taking the examination. Persons being x-rayed simply stand before a screen and a picture is made of their lungs, without the necessity of removing clothing.

The mass survey will start this year in the wake of an extensive educational campaign aimed at getting as many as possible to submit to the x-ray. House-to-house canvasses have been conducted by members of the city's PTA units. Latin-American and Negro citizens have had special campaigns to point out the need for the examinations.

Rural school children will be brought in to town aboard school buses to get the x-ray. City schools will also encourage pupils to get the chest examination.

The survey is to be conducted through Sept. 9, but x-rays will not be made Sunday or Monday. Labor Day will be Latin American Day, when all Latin

formed quarters point out that his freedom to obstruct council business will be curtailed with a westerner in the chair.

The Russian yesterday asked that two new items — "unceasing terrorism and mass executions in Greece," and Red Chinese charges of American bombings in Manchuria — be put on the agenda.

Malik, as council president, is expected to give the floor to Malik, the Soviet delegate, for an elaboration of these charges at today's meeting.

The ensuing wrangling probably will keep the council again from getting down to business on the resolution it is ostensibly discussing — an American motion aimed at localizing the Korean war.

HURRICANE SWEEPS INLAND

Florida Resort Town Appears Hardest Hit By Freak Blow

NEW ORLEANS, Aug. 31. (AP)—The freakish Gulf hurricane that swept inland last night near Mobile, Ala., appeared today to have delivered its heaviest punch at Panama City, Fla.

No loss of life was reported, and the storm apparently caused little damage elsewhere.

Mayor Carl Gray of the coastal resort in extreme Northwest Florida said in a radio broadcast a dock was destroyed by high winds and tides. Several other docks and beach property were damaged. He said 3,500 persons were evacuated from low ground to Red Cross shelters.

A tornado — believed an offshoot of the storm — seriously injured two persons and wrecked a dozen houses at Apalachicola, Fla.

Another hurricane grew in size and intensity in the Far Eastern Caribbean today. The weather bureau at San Juan, Puerto Rico, reported winds of hurricane force extending as much as 75 to 100 miles north and northeast of the new storm center.

The big wind was placed at a point about 210 miles east of Martinique in the West Indies.

Another hurricane moved northward in the Atlantic, about 500 miles east of Bermuda.

Winds as high as 115 miles-an-hour had been reported by the New Orleans Weather Bureau as the Gulf tropical storm at first advanced toward the Mississippi-Alabama-Northwest Florida coastline.

However, the highest wind velocity reported on land was a Coast

Guard estimate of 98 miles an hour at Santa Rosa Island, an isolated sand spit with a Coast Guard station and about five miles offshore from Pensacola, Fla.

But damage at the island was negligible, the Coast Guardsmen reported.

There was virtually no damage in Pensacola beyond small tree limbs which were snapped off. High tides washed out some beach property and wharves were damaged slightly when waters rose five and a half feet above normal.

Pensacola's power failed for more than eight hours.

At Mobile, 1,050 persons were evacuated from Blakeley Island across Mobile River, and 390 from Bayou la Batre.

Parts of U. S. Highway 90 along the coast were reported under water at times. The Mobile Causeway to the east was shut down because of high water, but it was expected to be opened up momentarily.

To the west of Mobile, high water blocked U. S. 90 near Pascagoula, Miss.

The storm or its weak leftover wind blew into Central Alabama during the early morning hours. Light debris and a litter of torn tree limbs marked its trail.

It threw gales and drenching rains over South Alabama.

HURRICANE MOVES NORTHWARD—The map (above) shows how a Gulf of Mexico hurricane moved northward toward the Louisiana, Mississippi and Alabama coasts. Hurricane warnings were displayed in the shaded area of the map. (AP Wirephoto Map)

Reds Hit In South With Major Attack

Invaders Strike With 2 Divisions

TOYKO, Friday, Sept. 1.—The Korean Reds threw a major two-division assault against the U. S. 25th Division in extreme South Korea today.

There were fragmentary reports that the Reds also were heavily attacking the U. S. Second Division farther north along the Nakdong River.

AP Correspondent Stan Swinton reported from the southern front just west of Masan that the North Korean invaders struck before dawn at 15 points after a heavy preparatory barrage.

Fighting was raging today all along that front in what might be the start of a new general Red offensive, Swinton reported.

The new Communist onslaught, which had been long expected but had been delayed, followed stalling of Red efforts to crack the United Nations defense lines on the northern and eastern fronts.

The new outbreak came as American and South Korean forces on the east coast anchor of the defenses hurled the Reds back north of the port of Pohang.

The enemy had tried for two days to crack through to Pohang along the east coast road but Gen. MacArthur's post, midnight summary said they had been driven back within 500 yards of their starting point, about four miles north of Pohang.

The Reds were still firing artillery and mortars in the area of ravaged Kigye, nine miles northwest of Pohang.

In the face of light fire, the Americans reopened the road north from the threatened port on the Sea of Japan.

They moved from three to four miles north of the city beyond the spot where an enemy roadblock Thursday had made it impassable.

Army Photographer Ray Turnbull of Miami Beach, Fla., reported the road reopened. He accompanied American tanks and infantrymen north to the city and returned to Taegu, main allied bastion west of Pohang later in the day.

The Reds had missed their target deadline—last midnight—for driving the United Nations forces out of Korea. It was set by Red Premier Kim Il Sung.

Deep on the south coast at the other end of the 120-mile long battle-line, South Korean marines reported the capture of large amounts of enemy material and the killing of 500 Reds in two weeks.

The Pohang action highlighted the Thursday activities on the war-front.

The North Koreans were reportedly losing 1,000 men a day in the drive on Pohang mounted by 28,000 men.

The Air Force estimated it killed 1,200 North Koreans in strafing and bombing attacks on the front-lines at Pohang. Seven hundred Red dead were counted in one sector and 500 more in another.

Warships and tank guns added heavily to the enemy losses during Thursday, when the North Korean drive gained only about four blocks on the outskirts of the No. 2 Southeast Korea port.

Knott Veterans Class Sets Limit For Cotton Pulling

Members of a veterans vocational agriculture class at Knott have taken the lead in announcing a price for cotton pulling this season.

There was unanimous agreement at a meeting Wednesday evening at Knott that \$1.50 per hundred, delivered at the gin, is the maximum that can be paid.

Several farmers from Martin county, all of them veterans, participated in the meeting at which farm operators discussed the price level for harvesting.

"With tremendously heavy costs already in the crop for repeated replanting, chopping and especially poisoning," said James B. Frazier, instructor of the class, "the veterans felt that \$1.50 at the gin was the absolute maximum that they could afford to pay and have any hopes of coming out on the crop."

Most of them, he added, are renters or share-croppers. Most of them, too, have early cotton as is evidenced by the fact that Aubrey Langford had the first bale at Ackery's Cecil Gibbs and S. F. Johnson the first bale at two Knott gins. This accounted for their early attention to a harvesting rate, said Frazier.

At the same time, the vets expressed a hope that farmers in the other parts of the country would make similar expressions. They also were in hopes that there would be general agreement on a level and observance of that figure by all producers.

C-C Canvass Starts To Raise Money For Yuletide Decorations

Approximately 30 members of the chamber of commerce decorations committee started a canvass this morning to raise some \$4,000 for purchase of Christmas decorations for downtown streets.

The group plans to complete the drive for funds by Saturday. Gilbert Gibbs, chairman, declared.

All retail and wholesale merchants, professional workers, and operators of other service establishments will be contacted.

Money raised will be used to purchase 34 strings of street decorations. The committee, formed by the Retail committee at a meeting yesterday, started the drive following an orientation meeting at 9 a. m. today.

15 HURT IN RAIL WRECK

LAMPASAS, Aug. 31. (AP)—At least 15 persons were injured in two train wrecks about 100 miles apart in Central Texas early today.

A Santa Fe passenger train left the rails in pre-dawn darkness near here. At least 11 were hurt, none seriously.

Near Teague, about 100 miles northeast of Lampasas, four men were injured as 47 cars of a fast Rock Island freight derailed.

About 40 persons were aboard the passenger train. A Santa Fe spokesman said "we were awfully lucky no one was killed or critically hurt."

The injured in the freight train wreck were reported to be an engineer, fireman and brakeman, all from Fort Worth, and an unidentified Negro. Most of the cars carried wheat, much of which was scattered along the track.

The wreck of the Santa Fe passenger train tore up a long stretch of track.

The diesel-powered train, making its regular run from Los Angeles to Houston, derailed in rolling country about 12 miles west of this Central Texas town about 3 o'clock this morning.

Eleven injured were hospitalized. Several received only first aid treatment.

The injured under treatment at Rolland Brooks Hospital here: Melvin Loreman, Cameron, Negro.

E. Wells, Cameron, Negro. Granis Cox, Houston, Negro. Flordeasa Waiters, Houston, Negro.

Miss Rae Shield, 19, Houston. Mrs. Earnest Lykins, 32, Coeman.

D. S. Kennedy, 40, Snyder. Arthur Moody, 32, Oakland, Calif.

Taken to the railroad's division headquarters hospital at Temple were:

J. P. Butler, Temple, the conductor. F. W. Wilson, Temple, the brakeman.

A news agent also was hospitalized at Temple. His name was not available.

A Santa Fe spokesman said the train, No. 78 due in Houston at 7:14 a. m. (CST), was "making a reasonable rate of speed" at the time of derailment.

He said three sleepers left the rails but did not overturn, and the chair car, diner, lounge car and "Jim Crow" car (which carries Negro passengers) left the rails and overturned.

The engine, mail car and baggage car did not leave the rails and proceeded to Temple.

"There were about 40 passengers on the train," the Santa Fe official said. "So far as I can learn, none suffered more than cuts and bruises."

Several passengers who received first aid at a Lampasas hospital were sent by bus to Temple to be transferred to another train.

Deputy Sheriff Henry Cunningham said the accident occurred in a sort of ravine where the roadbed had been built up at last 15 feet above the ground.

"It looked as if one side of the

rails gave way. The track was torn up awful bad and for more than the full length of the train."

Ambulances from Lampasas and the nearby towns of Temple and Belton carried the injured away. The deputy said two sleepers and three or four coaches left the tracks, and that only the engine and baggage car held to the rails.

The derailment occurred only 200 yards from Highway 190 between Lampasas and Lometa, which eased the problem of getting the injured out.

"At least one coach rolled over more than once and ended up on its wheels again," Cunningham said. "When I got there about 4 a. m. (CST) — the accident happened about 3 a. m. — they had the injured laid out on the roadbed and some in the coaches."

"It was pretty cold then. A north-er had just blown in."

The deputy said the injured included men, women and children, both Negro and white.

The injured were brought to Rolland Brooks Hospital here and to a Temple hospital.

HIS FORMER NAME SMELLS

LITTLE ROCK, Aug. 31. (AP)—An Arkansan of Indian descent had his name changed in court yesterday — and the reason seems obvious.

Hereafter the former John Polecat of Searcy will be known as John Simpson.

British Plane With 10 Aboard Missing

SINGAPORE, Aug. 31. (AP)—A Royal Air Force transport courier plane was reported missing today over the South China Sea with a crew of five and five British Army and Air Force passengers.

RAF headquarters said the plane took off from Changi early this morning, bound for Saigon, Indochina.

Texas Farm Income For July Over June

AUSTIN, Aug. 31. (AP)—Texas farm cash income for July totaled \$113,448,000, up 30 per cent over June but 40 per cent under July a year ago, the University of Texas Bureau of Business Research reported yesterday.

The bureau's index placed the July income at 391 per cent of the 1935-39 base period, compared with 218 for June and 654 for July of last year.

Bus Driver Strike Averted For Time

ST. LOUIS, Aug. 31. (AP)—A threatened strike by 300 bus drivers which would have tied up operations of the Missouri Pacific Transportation Co. in 10 states has been averted, at least until the end of the year.

Pfc. Billy Awtrey Killed In Action In Korea Fight

A Big Spring, soldier, whose brother is listed as missing in Korea, has been killed in action.

He is Pfc. Billy Wayne Awtrey. Word to this effect was received here today by Haskell L. Awtrey, 501 W. 8th, brother of the deceased.

Awtrey was enroute to Snyder in an effort to locate the mother, Mrs. Unie (George) Jackson, and inform her of Billy Wayne's death.

Date of details concerning his loss were not listed in the telegram from the adjutant general.

Pfc. Burton Cozell Awtrey, 21, had been listed as missing in action since July 16, as the first Big Spring casualty in the current Korean conflict. He had been stationed in Japan with a company of combat engineers since shortly after his enlistment three years ago. No word has been received of him since July 16.

Billy Wayne had been with him until shortly before the outbreak of the Korean fighting. At that time, however, the two were believed to have been separated.

Another brother, Bascom Awtrey, resides here on U. S. 80 west. The father, W. N. Awtrey, is a resident of Ringling, Okla. Pfc. Awtrey also leaves a wife and young child.

America's Weapons

F-51 MUSTANG is 33 feet long, has 37 foot wingspan. Its top speed is 450 m.p.h. ceiling, 32,500 feet combat radius, 950 miles. It can carry two 1,000 lb. bombs.

THE WEATHER

BIG SPRING AND VICINITY: Generally fair this afternoon (tonight and Friday) with much change in temperature.

High today 88, low tonight 62, high tomorrow 82.

Highest temperature this date 103 in 1902. Lowest this date 48 in 1915. Maximum rainfall this date 2.50 in 1922.

DEMAND HIKES

War "Buys" More Trouble With Labor

By The Associated Press
 NEW YORK, Aug. 31.—War-born inflation is fathering still another form of scare buying—labor, restive under the threats of wage controls, appears out to "buy" another round of pay boosts before all-out war could make them scarce.
 Rising living costs are stirring up wage hike demands among workers in the steel, rubber, auto and some observers see another wage-price inflation spiral in the making.
 Just as the Korean outbreak gave a new pattern to prices, it appears to have given a new aspect to the labor picture. This time a year ago the unions had switched from asking higher pay to demanding security in the form of pensions and "fringe benefits."
 In recent days, however, the soaring cost of living has brought demands for still another round of wage boosts on top of the four general rounds since 1945. In today's packet of news are these items:
 1. Philip Murray, head of the CIO steelworkers union, says it's "a very good assumption" that steel workers would ask for wage increases this fall.
 2. An immediate cost of living wage increase was asked of the Ford Motor Co. by some of its tool and die workers.
 3. Demands for a wage increase were made on the General Elec-

tric Co. by the head of the CIO International Union of Electrical, Radio and Machine Workers of America.
 4. Union and B. F. Goodrich Co. officials confer today on the CIO United Rubber Workers' demand for a 25-cent hourly wage increase. These four industries—steel, auto, electric and rubber—have usually set the wage pattern in the post-war years.
 In the auto industry the rising cost of living has already brought wage increases, or promises of them, to many workers. General Motors automatically hikes pay next month because its wage contract is tied to the Bureau of Labor Statistics' cost of living index, which has risen sharply since the Korean war started.
 Chrysler last week voluntarily raised wages 10 cents an hour, citing the cost of living rise.
 Labor's position now is set forth in a statement today by the CIO's Executive Board: "Labor enters the mobilization period at a decided disadvantage. There is ample room for wage adjustments without disturbing existing price levels."
 Management thinks not, and there you have what may be this winter's big industrial controversy.

DADY'S LITTLE GIRL GOES TOO—With a firm grasp on her father's hand and her head nestled on his shoulder, 14-month-old Brenda Fay Souris goes along in the arms of Staff Sgt. G. S. Souris, Jr., as the Army reserve-enlisted man marches to active duty from Alexandria, Va. Brenda Fay postponed the sad parting until the troops left the railroad station. (AP Wirephoto)

 SAN ANGELO HIGHWAY

Record Number Of Deaths Loom For Labor Day

CHICAGO, Aug. 31.—The National Safety Council said today there may be a record toll of 435 highway traffic deaths over the Labor Day week end.
 The council's prediction was for the 78-hour period from 8 o'clock Friday evening until midnight Monday. It was made with the expectation that 36 million cars will jam the nation's streets and high-

ways over the long week end. And, the council said, the usual critical minority of drivers will show unreasonable symptoms of great hurry, gross inattention or helpless confusion.
 Traffic fatalities last Labor Day week end totaled 410, eclipsing the previous high of 310 for the Labor Day holiday period in 1937. In all types of accidents last Labor Day, 550 persons were killed, a record for the holiday. Included were 53 drownings and 87 deaths from miscellaneous causes. The previous high was 428 in 1937.

HOW MUCH IS IT WORTH?

THE TELEPHONE has become so much a part of our business and family life that sometimes we forget how much it means.
 Here in Big Spring, people make an average of more than 37,500 local telephone calls every day. The city turns to its telephones for hundreds of different reasons every 24 hours.
 We lift the receiver to call a friend, to order from the store, to talk to the doctor. ... Modern business depends upon the telephone. *One call* may be worth more than the service costs for a whole year!
 Few of us would even try to put a price-tag on telephone service.
THE TELEPHONE COMPANY asks only for enough to pay the cost of handling your calls—with enough left over to provide a reasonable return to those whose savings we use to build the telephone system.

Because rates established 22 years ago are too low to pay today's operating costs, we have asked the city commission for a reasonable increase in our prices.
 The proposed new rates are: *
30 cents a day for a business telephone.
About 14 cents a day for a private-line residence telephone.
About 12 cents a day for a two-party telephone.
 An adjustment in the charges for other local services in relation to today's higher costs of furnishing them.
 *Plus Federal Tax.
 The new rates are necessary to justify installing a new dial system, costing about \$1,997,500, in Big Spring.
 It is important to the welfare of Big Spring that the telephone industry be progressive. It cannot be progressive long if it is not financially healthy.

VFW Wants Truman To Oust Louis Johnson, Dean Acheson

CHICAGO, Aug. 31. (AP)—The Veterans of Foreign Wars, with only a few of their 4,000 delegates dissenting, yesterday urged President Truman to discharge two members of his cabinet — Secretary of Defense Louis Johnson and Secretary of State Dean Acheson. A resolution calling for "new and

competent leadership in the Department of Defense" was adopted by a standing vote by the 4,000 delegates at their 51st national encampment. Only five opposed the measure. The resolution urging Mr. Truman "seek out and appoint new,

patriotic and able persons" in the State Department was adopted with only three delegates opposing. The resolutions, charging military unpreparedness and diplomatic blundering, did not name Johnson and Acheson specifically. But a dozen delegates who spoke from the convention floor at the Chicago arena preceding the vote named them and called on President Truman to replace them.

"We deplore and condemn the present policy of our Department of State, which is endangering the very existence of our beloved country," the resolution on the State Department said.

It called for the immediate discharge of those "whose ignorance, misfeasance, and nonfeasance have resulted in the failure in the field of diplomatic relations."

The resolution on the ouster of Johnson put the encampment on record condemning "those disastrous and capricious policies and procedures of the Department of Defense which have brought our nation's defense to their present shameful and inadequate condition..."

Senate Group Seen Ready To Okay Foreign Aid Bill

WASHINGTON, Aug. 31. (AP)—A \$4 billion foreign military aid program, mainly for western Europe, appears ticketed for early Senate Appropriations Committee approval. That was indicated after Secretary of State Acheson and Secretary of Defense Johnson told the committee yesterday that "a forced draft effort" is needed to re-

arm U. S. allies against the threat of Communist aggression.

"The danger we face is clear," Johnson said. "The free world must raise and equip forces sufficient to deter further aggression."

Johnson and Acheson came in for some stiff questioning at the closed door meeting. Reports were that tempers of the witnesses as well as of the senators flared.

The hearing concerned the foreign aid portion of the now nearly \$16,900,000,000 supplemental defense-military aid bill asked by President Truman.

Johnson told the committee in a statement made public after the session that \$2 billion of the \$4 billion requested by Mr. Truman will be used for "tanks, artillery and modern aircraft to withstand a mechanized assault." Just how the weapons are to be distributed was not disclosed.

But Johnson did say that \$3,504,000,000 will be used for rearming North Atlantic treaty countries; \$132 million for Greece, Turkey and Iran, and \$303 million for the ar East and the "general area of China, including the Philippines."

Johnson added that the military assistance — an addition to \$1,222,500,000 previously voted by Congress for this purpose — will be geared directly "to the rate at which the recipient nations raise, organize and train the expanded forces to employ this equipment."

House Set To Okay GI Allotments

By WILLIAM ARBOGAST Associated Press Staff WASHINGTON, Aug. 31. — Relieved that it won't have to vote on universal military training this year, the House was ready today to approve a compromise GI allotment bill.

Worked out by a Senate-House committee after the two branches passed separate bills, the measure provides allotments ranging from \$5 to \$165 monthly to families of enlisted servicemen. The figures include deductions ranging from \$40 to \$80 from the serviceman's monthly paycheck, the government putting up the balance.

The bill is a direct outgrowth of the fighting in Korea, being designed to relieve hardship among families of men called into service. On another phase of the military manpower question, Maj. Gen. Lewis B. Hershey rapped the armed services for being too choosy in selecting manpower. The selective service director said in a speech that nearly 60 per cent of men now being called in the draft are rejected as unfit for service.

"The armed forces are still laboring under the psychosis of the time when they required relatively few men and could pick and choose," Hershey said.

The armed forces made no immediate reply. The family allowance bill before the House was expected to receive prompt approval there and in the Senate.

The amount of allotments and deductions varies with the number of dependents and the rank of the man involved. In most cases, the government would put up more than the GI does.

Lodge Burglary Charge On 3 Men At Garden City

GARDEN CITY, Aug. 31.—Burglary charges have been lodged against three men in connection with entering of the Houston & Cook Hardware store here early Monday morning.

Bound over for grand jury action was Tim Beard, 38, Hobbs, N. M., driver of a car stopped at a roadblock in Midland about an hour after Mr. and Mrs. Reggie Morgan had sounded an alarm in Garden City. They had been awakened by burglars attempting to enter the hardware store and sounded an alarm.

Two others named were Otis McCreary and Herman S. Whitley, both of whom were being held at Hobbs, N. M. Two men were alleged to have fled as the car neared the roadblock.

Officers continued efforts to link the burglary here with three at Sterling City the same night.

Gulf Waterway Sets Decision Sept. 29

DALLAS, Aug. 31. (AP)—Interested parties will have until Sept. 29 to present their views on investigations of the Gulf intercoastal waterway in Texas.

Col. Louis W. Prentiss, division engineer, announced the extension yesterday. The original date was Aug. 1. The report concerns shore erosion at the west end of Bolivar Peninsula near Port Bolivar in Galveston Bay.

Merrill Benton, Former Sun Oil Employee, Dies

Funeral for Merrill Presley Benton, 70, Rhome, retired Sun Oil Company employee, will be held at 3:30 p. m. Friday in Jacksboro.

Mr. Benton, who was visiting here with Mr. and Mrs. A. H. Shroyer, died in his sleep on Aug. 29. Death was attributed to heart involvement, said Justice of Peace W. O. Leonard.

A maid became alarmed when she could not arouse Mr. Benton, who was sleeping in a little cottage adjoining the Shroyer home.

Mr. Benton was a veteran Sun employee and had been a lease superintendent at the time of his retirement.

Survivors are one daughter, Mrs. Gladys de Montreuve, Vancouver, B. C., Canada; a stepdaughter, Mrs. B. C. Sheffield, Harlingen; a sister, who resides at Rhome; a niece, Mrs. Troy Stockman, Rhome.

Services will be held at the Church of Christ in Jacksboro and interment will be at Rhome Nalley funeral home will be in charge of arrangements.

Goodyear Making Largest Blimp

AKRON, O., Aug. 31. (AP)—The Goodyear Aircraft Corp. reported yesterday that it is building the world's largest blimp for the U. S. Navy.

Work on the ship, which will approach zeppelins of World War I in size, is well under way, the company said.

It will cost the Navy about \$5 million and will be used mainly in spotting submarines, Goodyear said. The blimp would be able to hover almost motionless or travel at speeds ranging up to 75 knots. Carrying a crew of 14 men, the ship will be powered by two seven-cylinder engines. Some 875,000 cubic feet of helium will keep it aloft.

Gilliam Appointed Superintendent Of New Trinity Park

G. E. Gilliam has been appointed superintendent of the new Trinity Memorial park, located on U. S. 87 south of the city.

The appointment was announced today by John Wells, who said that Gilliam would assume his duties Friday morning.

"The superintendent will be at the park each day and he will be prepared to answer inquiries and handle transactions at all times," Wells said.

An office for the superintendent will be erected shortly.

Gilliam, a well known public official, is now completing his second term as a member of the Howard county commissioner's court.

Ninety B-29s Roar Over North Korea, Drop Over 800 Tons Of Bombs In Raid

TOKYO, Aug. 31. (AP)—More than 90 B-29s spewed over 800 tons of bombs on strategic targets in Korea today.

Of the total load, 600 tons were dropped on industrial installations at Chinnampo, port of Pyongyang, North Korean capital. Both cities were targets of raiding planes from carriers yesterday.

The Air Force reported United Nations pilots killed 1,200 North Koreans in two days in the raging battle for Pohang on the east coast. Four F-51 Mustang fighters were credited with killing 500 Reds yesterday in vicious rocketing and strafing attacks in support of UN ground troops north of Pohang and east of Kigye.

Bodies of 700 other Red infantrymen, killed in fighter sweeps the preceding day, were counted by UN ground troops advancing yesterday west of Kigye. Kigye is nine miles northwest of Pohang, number two allied port on the east coast.

It was the greatest two-day toll claimed by the Air Force in the Korean war. An Air Force release added:

"A constant series of low level strikes in all sectors caused other casualties for which no estimates could be given."

F-80 Shooting Star jets and F-51 Mustangs were out at dawn Thursday to continue the hammering support for a 111-d ground actions.

Night operations included a combined strike by B-29 Superfortes, B-26 light bombers and fighter planes at Seoul, former South Korean capital. B-1s bombed pontoon bridges the Reds have been throwing up to replace permanent structures demolished in previous strikes. Then they dropped flares for the smaller

bombers and fighters to make night runs at close range.

"All bridges across the Han River at Seoul are now considered impassable," the Air Force said.

City College of New York's cross-country team has gone through the last three seasons unbeaten in dual meets.

Mrs. John Ackerly of New York City has been the guest of Dr. and Mrs. E. H. Happel.

Now Many Wear FALSE TEETH With Little Worry

Get back, laugh at those without fear of insurance false teeth dropping, slipping or wobbling. **PARTEETH** holds place firmly and more comfortably. This pleasant powder has no gummy, sticky taste of being "dental paste" on your teeth. It's alkaline (non-acid) checks "bad odor" (denture breath), Get **PARTEETH** at any drug store.

IT'S 16 to 1 - YOU WON'T LOSE YOUR HOME BY FIRE!
YOU CARRY FIRE INSURANCE... Why Not HOME MORTGAGE PROTECTION?
There are 16.3 deaths among mortgagors compared to one loss of home by fire. This plan provides for monthly mortgage payments as they come due or cash to pay off the loan. In addition to fire insurance, carry mortgage protection. Talk to...

TODDLERS' 1.98 BOOTS REDUCED! 1.77
Mothers! This is the lowest price in months for these good quality boots! Soft leather uppers, sturdy leather soles. White, 2 to 8; brown 5 1/2 to 8.

REG. TO 4.75! BETTER QUALITY RED BANDS FOR BOYS AND GIRLS 3.96
Money-saving values, even at regular price! Made to strict quality standards, they have sturdy uppers of select grain leather, solid leather counters and three-sole Goodyear Flex-Sewn construction. Sizes to big 3

CHILD'S COWBOY BOOTS, REG. TO 5.98 4.88
For your young cowhand... two styles, both reduced! In brown-and-burgundy with flat heels and round toes or brown-and-beige with higher heels, square toes.

ONCE-A-YEAR Family Shoe Sale SAVINGS UP TO 20%

- Your opportunity to save on your family shoe bill—prices slashed up to 20%
- Every pair from our regular stock, every pair made to Wards strict quality standards!
- Hurry In! Remember, this sale ends Saturday—then these shoes go back to regular price!

SEE HOW YOU SAVE ON 3.98 CASUALS 3.48
Perfect for Fall for almost every occasion... with just about any outfit! And since they're currently on sale, the time to buy is RIGHT NOW! Our wide variety includes suedes, patents and smooth leathers. 4-9.

LOWEST PRICE IN YEARS FOR WING STEP GOOD QUALITY SHOES! 4.78
REG. 5.98 COMFORT SHOES—Sensational values at this sharply cut price! They're made of choice, supple kidskin, with snug heels and comfortable, long-wearing leather soles. Black, sizes 4 to 9.
REG. 5.50 SPORT OXFORDS—You save plenty on these carefree shoes, too! Our wide variety includes all of the season's most popular styles, all made with genuine Goodyear-welted soles. Sizes 4-9

SAVE NOW! BOYS' OXFORDS, REG. 5.50 4.66
Every pair has Goodyear-welted soles, a quality feature rarely found at this extra low price! It means these shoes retain their shape longer, wear more comfortably, repair easily. Brown, 2 1/2 to 6.

7.50 GRENADIERS CUT FOR BIG SAVINGS 6.66
Men! The same good quality shoes that are so popular, day in and day out, at regular price! Compare them with more expensive shoes for style, construction and rich leathers. 6-11.

GREEN BAND WORK SHOES REDUCED FROM 5.39 4.66
Your chance to save! They're Wards good quality, re-tanned for extra strength and to resist soil acids. Black, with long-wearing Wardolite soles. sizes 6 to 12

A Bible Thought For Today—

I the Lord search thy heart, I try the reins, even to give every man according to his ways, and according to the fruit of his doings.—Jer. 17:10.

Any Baby Sitters Or Servants? Then You May Be Tax Collector

Well, bureaucracy has finally invaded the great American home, and hereafter the housewife will have to do some book-keeping for the government. That is, she will if she employs a domestic servant even part-time. The new social security law brings such servants into the "covered status," and imposes a double duty on the employer: 1. To deduct the social security levy from the employee's wage, and to add an equal amount to it; and 2. To see that a report of this is made to the "Government," accompanied by the social security tax thus collected.

Highway Between Big Spring And Snyder Will Be Used Increasingly

The cutting of a ribbon across the Colorado river bridge in formal recognition of the completion of state highway 350 connecting Big Spring and Snyder may not be exactly a historic incident. But to the scores of people in each of the two cities who long have pressed for the road, and to the smaller number who have been in the thick of a persistent campaign for it these past 10 years, it was a mighty welcome one.

Affairs Of The World—DeWitt MacKenzie

Aid And Comfort For Possible Enemy Is A Common Practice

WINSTON CHURCHILL'S DISCLOSURE (confirmed by the government) that a British factory is producing for Russia tools suitable for the repair of military tanks, is a disturbing commentary of an incongruous practice. This isn't confined to Britain, however. It is common practice by many countries. America supplied Japan with oil and iron the latter needed to launch the attack on Pearl Harbor. Britain helped equip the Kaiser for World War I. And most other nations have pursued or are pursuing similar tactics.

Even now a contingent of Scots Highland troops are beginning to arrive in Korea to join MacArthur's forces. These are the famous soldiers who were called "Ladies from Hell" by the Germans in the first World War because they went into action wearing their kilts and fought like devils to the weird shriek of the bagpipes.

Pressman Has A Real Story To Tell -- Communism In Our Trade Unions

WASHINGTON. — When the House Un-American Activities Committee put Lee Pressman on the witness stand they got two things not usual in the pattern of their hearings. One was a brilliant lawyer who understands what evidence is and stuck to it.

Pressman detractors assert that his part has been exaggerated, the CIO counsel is not as important as generally supposed, and he isn't so smart anyway. They are on considerably firmer ground when they say that Pressman was much less effective than he could have been if he were not constantly torn between his trade-union aims and Communist sympathies.

Merry-Go-Round—Drew Pearson

Administration Was Waiting For A Chance To Crack Down On Military

WASHINGTON — Inside fact about the White House crack-downs on Secretary of the Navy Matthews and General MacArthur is that the administration had been waiting for a chance to knock down the increasing eagerness of the military to encroach on the civilian branches of government.

A lot of things have been going on which the public doesn't know about all pointing toward more and more military rule. One was the quiet attempt by Secretary of Defense Johnson to keep Guam under the military when it was supposed to go under a civilian governor July 1. Another is the Navy's attempt to hold on to the "trust islands" of the Pacific. Another has been General MacArthur's repeated attempts to dictate foreign policy.

Another flagrant intervention of the military into foreign policy was when 11 generals secretly went up to Congress and urged a \$100 million loan to Dictator Franco of Spain—despite the fact that their commander-in-chief in the White House had ruled against such a loan.

President Truman was icy cool with his secretary of defense when he heard of this. In smiling, he turned to Louey Johnson in cabinet meeting and snapped: "And I don't want any more trips by you or your generals to Congress regarding a loan to Franco."

Big Spring's Traffic Problem Parallels Growth Of The City

One does not have to go very far in order to see evidence of the gigantic growth of Big Spring. By leaps and bounds the city has expanded and with it come many problems that have to be faced. Some problems, of course, may be solved easily. Others have to be thought over for a long while and a long range plan devised.

Hollywood—Bob Thomas

Hubby Insists Jane Russell Abandon Her Short Hair Cut

HOLLYWOOD. (AP)—On her husband's insistence, Jane Russell has abandoned the short hair cut. Nearly every Hollywood star succumbed to the bobbed hair style that swept the female world a year or so ago. Jane was one of them. But when I saw her on the "Macao" set, her tresses were again falling to her shoulders. What about this?

The Nation Today—James Marlow

Three New Groups Now Come Under Social Security Law

WASHINGTON, Aug. 31. (AP)—THE SOCIAL security program has been broadened to let these three large groups of employees—kept out of it until now—come under its protection: 1. Domestic servants. It's compulsory for anyone in this group to be in the program, if he meets the requirements.

HERE'S THE TEST:

1. He or she must have worked for you, full time or part time, on 24 days out of a calendar quarter, a three-month period. 2. And he must have received from you at least \$50 in pay in that quarter.

REMEMBER: AN EMPLOYER IS RESPONSIBLE FOR TURNING THIS MONEY INTO THE GOVERNMENT.

For such employers the government will issue a special tax return form. It must be turned in, with the tax, at the end of each quarter. The government will announce details on this before the program starts on Jan. 1, 1951. The first return won't have to be made until April, 1951, after the first quarter of 1951.

Another way to further lessen the jam might be for the shopper to sit home and take advantage of Alexander Graham Bell's wonderful invention—the telephone. Many stores boast pickup and delivery service and a call to these stores will bring your purchase to you without the necessity of driving through a traffic jam.

Let's help build a bigger and better Big Spring.—FRED GREENE.

"The red color was to show up in the color pictures I was in. Now I'm in Black and White in 'Raton Pass' so it doesn't matter."

For instance, here is their joint estimate of "Kiss Tomorrow Goodbye": In this gangster picture, we see a blue-print of murder; robbery; collusion of police, lice, detectives and crooked lawyers with convicts and criminals. Once again Cagney bites out terse dialogue as a sadistic killer with paranoid tendencies. The horrible violence rampant in this film can serve no useful purpose."

Suppose a cook or a baby sitter worked for you part of two days a week for a whole quarter (three-month period) and earned from you at least \$50. Would she be considered a domestic servant under this new law? Yes.

Non-profit organizations— Now for the first time employees of non-profit—religious, educational, charitable, scientific, literary—organizations can get under social security.

BEFORE THEY CAN GET IN THESE ARE THE STEPS: 1. The organization itself must be willing—since it's going to have to share the social security tax with them—for them to get under social security. They can't get in if the organization says "no." But if it approves, then—

2. The employees must decide on whether they want to get in. None can get in unless two-thirds say "yes." Then— 3. The two-thirds or more who wanted in, get in and start paying their half of the tax. Those who said "no," still don't have to get in. But anyone hired after the two-thirds' decision must get in.

Lamesa Slashes Clovis Troupe By 17-4 Count

LAMESA, Aug. 31—Lamesa's free wheeling Lobos notched their fifth victory in a row last night as they routed the Clovis Pioneers, 17-4, behind the six-hit pitching of diminutive Israel Ten and the booming bats of his teammates who scratched three Pampa hurlers for 14 safeties.

The rout last night ran the Lobos' scoring total for three games to 61 tallies. It was the eighth victory for Ten, who also contributed a three-bagger and a homerun to Lamesa's hitting attack. His four-master came with one on in the seventh.

Pat Randall, starter for the Pioneers, was credited with the loss, his seventh of the season. In five innings, he was scratched for 11 hits and 10 runs. Ed Garrett was in to give up three safeties and seven runs before giving way to Ernie Aiken in the eighth. The latter pitched scoreless ball.

The Lamesans clouted five homeruns, the second night in succession in which they performed such a feat. Hammering the ball for circuit trips were Jodie Beeler, two, Glen Seibo, Bob Dempsey, and Israel Ten.

It will be "Seminole Night" at Lobos Park tonight. The Gaines Sheriff's posse and a large delegation of Seminole fans are due to be on hand for the contest with Clovis. Bill Rosin is likely to start pitching for the visitors. Lefty Vern Kohout will probably be the Lobo starter.

Cayuses Pilfer Eight Hassocks In 12 to 6 Win

The Big Spring Broncs returned to third place in Longhorn league standings and clung tenaciously to their five-game bulge over the fifth place San Angelo Colts by defeating the Sweetwater Swatters, 12-6, here Wednesday night.

Pat Stasey's brigade crowded seven big runs across the platter in the third frame, bombing Lee Zamora to cover in the process, but had some uneasy moments until it went out and picked up three more tallies in the sixth.

The Swatters were always threatening, it seemed. They picked up one in the second to match a Big Spring tally made in the first. They added another in the fourth and three of the guests pounded across the dish in the sixth when Bob Rose caught the Broncs outfield napping and doubled against the left field wall.

Earl Finley, the Sweetwater backstop, was invited to leave the game by Umpire Bruce Averill in the sixth after he had thrown his bat in anger for swinging futilely at a third strike wheeled in by Lefty Iglesias. That development dearly cost the Swatters. The Cayuses proceeded to steal every thing but the shoes off Finley's successor Tom Gulvin. They wound up with eight pilfered hassocks.

Manny Junco paced the 11-hit Big Spring offense with a double and two singles while Bill Hassay of Sweetwater collected "three for three."

SHAVINGS—The eight base thefts set a new team record for the Broncs. Only Hallinger has fewer stolen bases for the season than the Big Spring club. Lefty Iglesias, Big Spring's starting and winning hurler, pitched well until he began to lose his control in the middle innings. Lee Zamora, who was seeking his 11th win for Sweetwater, accented his 14th reversal, instead, Bobby Rose went after Bert Beez's swinging bunt in the first inning and fell across third base. Junco's first hit, coming in the initial frame dropped into right field after Manny Junco swung late on the ball. Danny Concepcion caught Fred Haller out of position in the third and singled through the opening. Finley had a rough night. He was struck on the arm by a foul ball of Junco's bat in the fourth and grimaced in pain.

STOP THAT SHIMMY AT S & S

Beaumont blasted Tulsa for 20 hits, including two singles, a double and a triple by Gil McDougall. The Roughnecks salted the game away with an eight-run fourth inning.

Swatters End Tenure Tonite

The Big Spring Broncs complete a two-game series with the Sweetwater Swatters in a contest scheduled to start at 8 p. m. at Bronc Park.

Swatters End Tenure Tonite

Luis Gonzales will probably pitch for the Big Springers, while either J. B. McCoy or Jerry Jones is likely to take the mound for the Swatters.

Swatters End Tenure Tonite

It was Luis' own optimistic words that started the boys speculating about another cleanup job.

LITTLE SPORT

Redskins, Sam Baugh Defeat Lions, 28-24

By HAROLD V. RATLIFF DALLAS, Aug. 31—It was homecoming for a flock of football players last night in the Cotton Bowl and those Texans didn't fall to put on a show.

Lone Star starters sparked brightest in a wide-open offensive struggle which the Washington Redskins won over the Detroit Lions, 28-24, as a crowd of 50,000 looked on.

Bobby Layne, the great passer of the University of Texas who had his greatest day in football in the Cotton Bowl in 1946 against Missouri, was up to his old tricks last night. He completed 14 passes out of 15 for 209 yards and three of his throws brought touchdowns as he kept Detroit in the lead most of the time.

Blond Bobby had to leave the game with an injured knee early in the third quarter or there's no telling what he would have accomplished. He surprised the home folk with some neat ball carrying, too. He looked much faster than when he played for Texas.

Doak Walker, Southern Methodist's famed All-America, also had a big night, taking six passes for 123 yards and dazzling the Redskins with his sleek running.

And Cloyce Box of West Texas State caught two of Layne's touchdown throws.

But it was that greatest passer of football history—that indestructible slinger—Sammy Baugh—who came through when the chips were down and when Washington sorely needed help.

Young Harry Gilmer of Alabama had done a good job, completing six passes out of ten for 168 yards and two touchdowns. But it was Baugh who pulled the Redskins together for a great 80-yard drive with four minutes to go. Baugh worked the ball down to the one-yard line where, fourth down with one foot to go, Bob Goode, of Texas A&M rammed over for the winning touchdown.

Sam completed eight passes for 103 yards while he was making periodic visits to the lineup. Baugh is getting a little old, you know, he's been playing pro football now for 13 years. The old boy doesn't want to put out too heavily unless it's absolutely needed—especially in this exhibition football. Wait'll the games start counting something.

Pete Stout, the old Texas Christian fullback, was another bright star for Washington. He took three passes for 72 yards and was rough smacking the line when a few yards were needed.

The game's leading ball-carrier was Bill Dudley of Virginia, who played football in Texas with Randolph Field during the war. He got 57 yards totting the pigskin. He also caught two passes for 46 yards.

Walker kicked a 15-yard field goal and three points after touchdown for Detroit. He also gave the crowd a thrill with some quick thinking in the clinches. Back to run and trapped near his goal line, the Doaker stopped suddenly and kicked the ball for the Washington 34.

There was one fight during the game with Paul Lipcomb, Washington tackle, and Howard Brown, Detroit guard, taking socks at each other and rolling around on the ground in full view of the crowd. Officials and players separated them and both were thumbed out of the game.

Shortly afterward a fight broke out in the crowd. It didn't amount to much, however.

The game was put on by Dallas Salesmanship Club and was for the benefit of its boys' camp.

New Titlist Assured In Golf Tournament

Williams Will Not Be Here

A new champion will be crowned in the 19th annual Big Spring invitational golf tournament, which gets underway at the Big Spring county club Friday and continues through Labor Day.

That fact was assured yesterday when it was learned Jack Williams of Plainview, who copped the crown by defeating Marlon Pfeleger in the 1949 finals, would not be able to compete here. Williams was a runnerup in 1948.

Pfeleger, a University of Texas ex who now plays out of Midland, will probably assume the role of co-favorite along with Big Spring's Billy Maxwell, now that Williams has stepped out of the picture.

Maxwell has never won here but he is currently playing the best golf of his career and there is no reason why he shouldn't burn up the local course.

A total of 91 entries are now in the fold and more are registering every hour. Last year's record of 192 entries may be bettered.

Only those who qualify Friday will be eligible for the medalist's prize. Maxwell will be a favorite to grab that premium.

The Hall and Bennett trophy matches will be played Friday, starting at 1 p. m. Bill White of Lamesa, captain of the visiting team, will try to take the big walk away from Big Spring.

Van Lipon of Midland led a visiting octet in 1949 that captured the trophy by a count of 4 and 3.

Jack Morgan, the local captain, has lined up a formidable team but it may be outgunned by the classy visitors.

Making up White's team are Frank Freer, Lamesa; E. C. Nix, Hobbs; N. M. Raymond Marshall, Lubbock; Bill Breedon, Odessa; Billy Maxwell, who is registering out of Odessa, Red Covington, San Angelo; James Pritchett, Colorado City; and Bob French, Odessa.

Morgan's team will be composed of Obie Bristow, Sam Hefner, Bobby Maxwell, Bill (Red) Roden, J. R. Farmer, Earl Reynolds and Bill Crook.

The championship flight will consist of 32 players. Match play will get underway Saturday. Championship finals will be over 36 holes, finals in all other flights over 18.

A barbecue for entries and winners will be staged at the country club starting at 7:30 p. m. Friday. The catculla pool will begin 90 minutes later.

A long driving contest will be held at 6 p. m. Friday. Other entertainment includes a dance Saturday night, with Jack Free and his orchestra providing the music, and a putting contest at 2 p. m. Saturday.

Among those who have completed qualifying rounds and their scores are: (Players from Big Spring unless otherwise designated.) Rip Smith 88, Bill Phillips 86, Ray Phillips 83, J. D. Allison, Lamesa, 84, Virgil A'aron, Lamesa, 93, Grady Dulling 98, Carl Smith, 85, A. P. Spence, Lubbock, 93, John Autev, Colorado City, 84, Tommy Hutto 73, C. L. Schmidt, Lamesa, 79, Gene Reynolds, 87, J. P. Withers, Midland, 85, J. R. Cresswell, Midland, 80, M. F. Underwood, Cisco, 85, Don Hoover, 80, Pop Woodward, 83, Paul Shaffer, 91, Owen Walker, 98, and Marvin Miller, 88.

Stengel's Hunches Pay Off As Yanks Win Two

By JOE REICHLER AP Sports Writer

If Casey Stengel fell into a city sewer he would probably come up owning an oil well. The pucky pilot of the New York Yankees, who incidentally owns several oil wells, is one of the canniest managers in the business. He also is a great guy for hunches.

Hunches that clicked helped the Yankees sweep a doubleheader from Cleveland yesterday and boost them to the top in the seething American League race.

Roughies Crowd Into Top Spot

By WILBUR MARTIN AP Staff

Rogers Hornsby's Beaumont Roughnecks bounced into a healthy lead in the Texas League last night thanks to a terrific assist from the San Antonio Missions.

While Beaumont walloped Tulsa, 16-4, San Antonio kayoed Fort Worth, 16-11, 2-0, to drop the Cats a game and one half back of the Roughnecks. It was the first time Fort Worth has been out of the lead since early May.

For Hornsby's club it is the climax to a terrific struggle—one that brought them from deep in the second division to the top spot.

Tonight San Antonio starts a series with Dallas and on the results of these three games, the last spot in the Shaughnessy Playoff hinges. Right now, the Missions have a full game edge over the fifth place Eagles.

Dallas dropped a 6-1 decision to Houston yesterday in a day game, while Shreveport went ten innings to knock off Oklahoma City, 4-2.

Six runs in the seventh inning clinched a victory for San Antonio in its first game and the Missions went ten innings to lick the Cats in the second. They got only two hits off Ray Moore, 4-0.

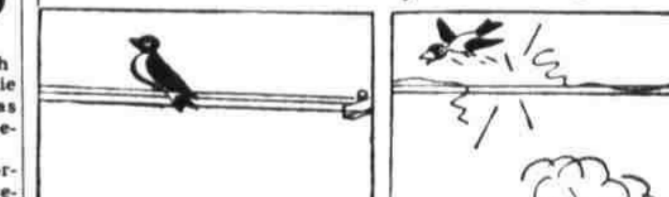

Beaumont blasted Tulsa for 20 hits, including two singles, a double and a triple by Gil McDougall. The Roughnecks salted the game away with an eight-run fourth inning.

Jerry Witte doubled home three runs in the third inning to start Houston off to its easy win.

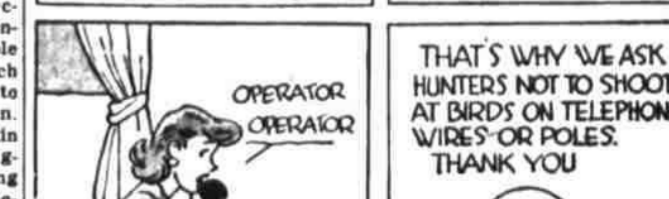

Two walks and a pair of singles helped Shreveport to its game-winning 3 runs in the tenth.

AREA OIL NEWS

New Wildcat Locations Staked As Howard Stepout Tops Reef

Glasscock and Borden counties gained wildcat location today. Top of the reef was reported in a south stepout to the East Vealmoor pool in northern Howard and fractured formation was recovered in a northwest Howard exploration. Hubbard S. Russell of Maricopa, Calif. staked his No. 1-20 Wragge-Hendrickson, 2,050 feet from the west and 663 feet from the north of section 20-36-3s, T&P, of northwest Glasscock. This puts the well near the Midland county line and 2 1/2 miles east of the nearest (Sprberry) production in the Tex Harvey pool 18 miles southeast of Midland. Contract calls for a depth of 8,000 feet and operations will start soon.

Plans Pressed For 1950 County Fair

Machinery for the 1950 Howard County Fair is swinging into operation now. Catalogues for the Fair are now being compiled. Prizes will approximate \$500. The executive committee has arranged for a 50x110-foot tent to be used in place of the livestock and poultry building, which was destroyed by fire early in the year. Information on the Fair is being circulated among the H. H. and other rural organizations in anticipation of the Sept. 28-30 fair. There will be no appreciable changes in the classes for displays with the exception of the addition of a hobby division.

Two Big Springers Get Degrees From TSCW At Denton

Two Big Springers, Colleen Genevieve Slaughter and Mrs. Zolite Mae Rawlins, were among 46 persons receiving master's degrees, awarded by the Texas State College for Women in summer commencement exercises at Denton today. Miss Slaughter is the daughter of Mr. and Mrs. L. A. Slaughter, Big Spring schools.

Legion Steps Up Barnaby Campaign For State Honors

Letters recommending that Neel G. Barnaby of Big Spring be elected sergeant-at-arms of the American Legion Department of Texas have been forwarded to officials of all Legion posts in the state, Roger Miller, commander of the local post, has announced. Election of state department officers will be held at the annual convention Sept. 7-9-10 in Galveston. In the letters of recommendation the local post has pointed out that Barnaby was a close second in the race for sergeant-at-arms last year, although no organized campaign was carried out in his behalf. He has been appointed by the state department as a National Hospital representative and serves as chairman of the 19th District Child Welfare committee. A past commander of the Big Spring post, Barnaby was a member of the "100 member club" in 1947-48-49, signifying that he signed 100 or more members for the organization in each of those years. He signed 100 or more members for the organization in each of those years.

Final Rites Held For Robert Elder

Last rites were said in Baird Tuesday for Robert A. Elder, who died here late Sunday. Mr. Elder had been a locomotive engineer for 22 years and had been employed by the T&P for 37 years. The Rev. Lloyd Thompson, First Christian Church minister in Big Spring, officiated at the service, while Masons were in charge of graveside rites.

X-RAY

(Continued from Page 1) American residents are urged to report for the check. They may be x-rayed on any other day of the survey, however, Smith announced. Negro citizens will have their special "Day" on Sept. 9, but they may get the examination at any time convenient to them. Everyone is being urged to get the x-ray as early as possible. Pictures will be processed at the State Health department laboratories in Austin and individual reports will be mailed to those examined within a few weeks. Negro citizens, led by Mrs. Clemmie Johnson, plan a program at the Mt. Bethel Baptist Church Thursday night at which time tuberculosis films will be shown. A 25-minute radio program, with all-Negro talent, will be aired over station KTXC Friday from 8:05 to 8:30 p. m. Members of the various women's clubs in the city will serve as hostesses for the survey, Sept. 1-9. The 1905 Hyperion club will serve Friday, while the Junior Woman's Forum will be on hand Saturday. Other clubs and the days they will serve are Garden club, Tuesday; 1948 Hyperion club, Wednesday; 1930 Hyperion and Past Matron's clubs, Thursday; Modern Women's Forum, Friday; and American Association of University Women, Saturday. No x-rays will be given Monday, Labor Day.

Big Spring (Texas) Herald,

Big Spring (Texas) Herald,

Livermore No. 1 Currie, C NW SE section 29-31-2n, T&P, drilled to 8,342 feet in lime and shale. There were unconfirmed rumors that it may have picked a reef top.

Brinkerhoff No. 1 Jones, in the northeast corner of section 18-34-2n, T&P, Knott community, drilled to 6,875 feet in shale and sand. It had cored from 6,791-6,821 feet and recovered a 30 foot section. This contained 21 feet of light shaly sand with a show of oil in the shale fractures, and nine feet of shale with streaks of sand, which was fractured.

Condor No. 3-36 Good, 660 from the south and east lines of section 36-33-4n, T&P, has been completed for 536 barrels of 43.3 gravity oil. It flowed 24 hours through a quarter inch choke with casing pressure of 500 pounds, tubing pressure of 1,100 pounds. The flow was natural and with no water. Gas-oil ratio was 1,220-1, top of pay 7,986 and bottom of hole 7,996. Location was staked for Condor No. 4-38 Good to be 792 from the north, 1,860 from the west lines of the southeast quarter of section 36-33-4n, T&P.

34 Firms, Individuals Aid To Swell Cotton Prize List

Contributors of cash prizes totaling \$450 which helped to make up the \$150 per pound brought by Howard county's first 1950 bale of cotton were announced this morning by the chamber of commerce. Thirty-four firms and individuals shared in making the cash contributions. A like number of merchandise awards were made Saturday at a public ceremony honoring Mr. and Mrs. Cecil Gibbs, Knott, who produced the county's initial bale. Gibbs, a disabled World War II veteran, gained the bale which weighed in at 352 pounds last Thursday. Cash contributors helping make up \$450 which went toward purchase of the bale included the chamber of commerce, K. H. McGibbon, Big Spring Locker, The Herald, First National Bank, State National Bank, Hemphill-Weils Co., J. H. Greene, Truman Jones Motor company, A. Swartz, Zales Jewelry, Malone-Hogan Hospital, Howard County Farm Bureau, Lone Star Chevrolet company, Cowper Clinic, Big Spring Motor company, Creighton Tire company, Big Spring Clinic, Taylor Electric, Taylor Appliance company, and Cosden Petroleum corporation. Also, Big Spring Hardware, Cop Gin, Ellis & Phillips, Dr. A. T. Gillespie, Bill Dawes, Planters Gin, Stanley Hardware, Settles Drug, Massey-Harris Tractor company, Grautham Brothers Implement company, Taylor Implement Company, Big Spring Tractor Company and Driver Implement company. Any additional contributions coming in to the chamber of commerce will be accepted and passed on to Gibbs, J. H. Greene, manager, announced this morning.

Compromise Promised To Break Deadlock On Excess Profit Tax

WASHINGTON, Aug. 31. (AP) — A compromise aimed at blasting the deadlock on a \$4 billion corporation

Woman Killed In Lamesa Crash

LAMESA, Aug. 31.—Ouida Lee Ferris, 39, formerly of Lawton Okla., died instantly in a car mishap 3 1/2 miles south of here early this morning. Nolan Hopwood, 32, Shamrock, who was accompanying her, suffered a broken jaw, ruptured bladder and other injuries. At noon today, in a hospital he was said to be resting as well as could be expected. The accident occurred at 1:30 a. m. when the car in which the two were riding collided with a culvert on U. S. 87. Miss Ferris is survived by her grandmother, Mrs. S. E. Hoover, Hubert, Okla. four sisters, Mrs. William Wright, Lamesa, Mrs. Gertrude Landis, Ada, Okla., Mrs. C. F. Hardin, Bonham, and Mrs. Neil Harris, Orwelle, Calif. and one brother, Delbert Ferris, Stafford, Okla. Arrangements are in charge of the Higginbotham Funeral Home.

Encampment Held For Negro Youths

An encampment for Negro boys was concluded Wednesday afternoon at the Baptist encampment grounds two miles south on U. S. 87. Of the 43 boys who turned out at the start of the camp on Monday, 40 were on hand for the finish at 1 p. m. Wednesday. Three men and half a dozen women worked with the youngsters, directing their activities, studies and in preparing the food for the lads. It was, said G. G. Morehead, president of the First Baptist Brotherhood, the first camp for Negro boys sponsored by a Brotherhood in the state so far as he knew.

Gulf No. 1 Clayton & Johnson seven miles northwest of Gall, was at 7,118 feet in sand and shale. It cored from 7,056-7,118 feet. Recovery was 51 feet of sand and shale with no shows. Operators deepened.

Vickers No. 1 B Canning in southeast Borden progressed to 5,363 feet in lime.

In Dawson county Seaboard No. 1 Jones was at 3,955 feet waiting on cement to set on intermediate string. Standard No. 1 Smith was at 4,010 feet running intermediate casing, and Norwood No. 1 Vogler was drilling below 4,196 feet in lime.

Open House At YMCA To Start At 7 p. m.

Open house will be held by the YMCA in its new quarters at 5th and Scurry, starting at 7 p. m. today. The informal program will include a number of exhibition athletic performances, highlighted at 8 p. m. by the presentation of the tennis trophy to Bill Montgomery, winner of the YMCA Men's Singles Tennis tournament last week. Dr. G. H. Wood, Y president, will make the presentation.

Private Lives Like A Colonel

WITH U. S. FORCES IN KOREA, Aug. 31. — A 19-year-old private in the Air Force is living the life of a colonel. For the past month Pfc. Stanley Tompkins of Kirksville, Mo., has had a colonel's job — without the eagles. He volunteered to stay behind to handle communications when a forward airfield was abandoned. That made him commander of what was left of the base. Tompkins slept in the colonel's bed, used the colonel's electric razor, helped himself to some of the provisions the colonel left behind. And when he answered the phone he complied with Army procedure, thus: "Pfc. Tompkins speaking — base commander."

Nine More Herald Carriers Take Air Flight To Midland

Nine more Herald carriers made the flight to Midland this morning aboard a Pioneer airliner. They were part of a group of 18 who won the flight in a subscription contest. Nine others made the hop Wednesday. Flying today were Ben Faulkner, Bobby Hinkley, Jim Jenkins, Franklin Hinkley, Jess Horton, Chuck Jenkins, Bill Ray Rittenberry, Jimmy Gill, and Robert Betterson, Jack Kimball, assistant circulation manager, accompanied the carriers.

Mexican President Buys First Bond

MEXICO CITY, Aug. 31. (AP) — President Miguel Aleman bought the first 1,000 peso (\$116) savings bonds from Mexico yesterday. The first issue of bonds is for 100 million pesos (\$1,600,000) maturity value. The bonds are in 25, 50, 100, 500 and 1,000 peso denominations and sell at half their face value. Bank of Mexico officials said there will be a second issue when the first is sold out.

Boston Parents Get Mayor's Recognition

BOSTON, Aug. 31. (AP) — A majority pat on the back is being given the proud parents of all babies born in Boston. They are receiving scrolls from Mayor John B. Hynes congratulating them upon additions to the family. The attractively embossed blue and gold documents also may be used as unofficial birth certificates, the mayor's office said.

Big Spring (Texas) Herald,

Big Spring (Texas) Herald,

REDS CONTINUE PRESSURE AS GIS ATTACK NEAR WAEGWAN — Dark arrows show North Korean attacks along the battle line with the main thrust battering the eastern anchor and central sector. Reds (A) stormed at Pohang still held by United Nations forces. Enemy troops (B) dented the allied line south of Uihung about 18 miles northeast of Taegu. First Cavalry Division troops (C) attacked a Red-held hill northeast of Waegwan. On the southern front (D) U. S. and South Korean units retook bloody "Battle Mountain" near Haman. Red attempts to cross the Nakdong River south of Changnyong were repulsed. (AP Wirephoto)

Action Due On Inflation Curb Measure

WASHINGTON, Aug. 31. (AP) — A Senate-House Conference Committee hoped to work out final details of a broad anti-inflation bill today and speed it to President Truman before his talk to the nation tomorrow night. The legislation would arm the President with even more powers than he asked to gear the nation's economy to the Korean fighting and an expanded military program. Mr. Truman is expected to outline in his "fireside chat" just what the people can expect in the way of home-front mobilization. He sent word to Congress yesterday, even while the conference committee was trying to hammer out an agreement on the economic controls measure, that he would need \$60 million to begin with administration of the powers the legislation would give him. In advance of another meeting of the conferees today, Sen. Maybank (D-SC) said they had agreed to settle by noon the remaining differences between separate anti-inflation bills passed by the House and the Senate.

This would allow time for the House and then the Senate to stamp final approval on the compromise Friday unless opposition should develop in the Senate, Maybank said. Under House rules, debate on a conference committee report is limited to one hour but in the Senate it ran on and on. Sen. Wherry (R-Nebr.) told reporters he certainly will have something to say about the conference committee decision to allow President Truman authority to invoke price and wage controls on a selective basis.

Married Men With Children To Be Drafted

WASHINGTON, Aug. 31. (AP) — Chairman Vinson (D-Ga.) of the House Armed Services Committee said today the draft soon will be extended to married men with dependent children. Without taking fathers, Vinson told reporters, draft boards will not be able to meet future calls to increase the size of the armed forces. Vinson made the statement just after the House passed a bill providing for allotments of from \$85 to \$165 a month for GI families. "This means," he said, "that selective service now can broaden its calls to include men with children who are within draft age. "That is the purpose of the allotment act, to make financial provision for the families of such men."

County Budget Is Being Prepared

Howard county's budget for 1951 is now being prepared and probably will be presented to the commissioners court for study at one of the regular meetings in September. County Auditor Chester C. O'Brien said most of the "rough draft" of the budget has been completed, excepting some detailed work which will be finished within a few days. Commissioners will study the figures and be given an opportunity to make any recommendations of their own before the final draft is prepared. Date for the public hearing will be set after the budget is approved by the court.

Soil Conservation District To Elect Supervisor Sept. 6

Election of a supervisor for Zone 5 of the Martin-Howard Soil Conservation district will be held at a meeting in Elbow at 2 p. m. Wednesday, Sept. 6. Frank Lovelless, secretary of the board, announced today. After the election, the farmers will make a tour of soil conservation measures in the Elbow conservation group. The supervisors elected will represent farmers in Zone 5, which includes that part of the district south of Highway 80 and between the San Angelo highway and Highway 158 from Midland to Garden City. All landowners in Zone 5 are qualified to vote in the election and are urged to attend the meeting, Lovelless said.

Six Youths Released After Questioning About "Gang" Fights

Six of a group of 11 Latin-American youths between 15 and 17 years of age, were released from city jail this morning after questioning in connection with what Police Chief Pete Green described as a series of "gang fights" which have taken place on the northside recently. Five others were held for further questioning. Some may have to answer to charges of assault and carrying concealed weapons, Green said. The police chief said the 11 boys were members of two gangs which have been fighting with stones and homemade weapons recently. Two were carrying firearms when arrested Wednesday, he said. No charges had been filed this morning. All of the group were arrested Wednesday.

Ramzy Jailed By County Authorities

R. L. Ramzy, 43-year-old white man indicted earlier this week on a charge of raping a Negro woman, was jailed Wednesday by county authorities. His bond was set at \$5,000 but he had not met it at noon today.

Grip Master Tractor Tire Gains Favor

Proving very popular with the modern American farmer is the new US Royal all-purpose Grip-Master tractor tire, sold in Big Spring by the Phillips Tire company, located at 311 Johnson street.

The Grip-Master is designed for every American soil from sand to gumbo and every crop from corn to clover.

It boasts the open-center design, new full-width bite, exclusive shoulder angle, lug bracing, reinforced rolling center and rugged carcass construction.

Designed to last, it is made to fit any size tractor.

The Royal-Master Mid-Century tire, built for passenger vehicles, also handled by the Phillips concern, is also proving very popular with local motorists.

The Mid-Century has that super-grip Royaltax tread and Ever-lasting sidewalls, which do not scuff under the most trying circumstances.

Top allowances are made by the Phillips store for unused mileage on present tires and payment terms can be arranged at the customer's convenience.

Tailor-made seat covers are also sold by the Phillips establishment. The covers come in plastics or quilted leatherettes in about any color and quality the motorist desires.

Those desiring new seat covers can be assured of speedy service in all instances.

CLOTHES JUST TOO EXPENSIVE

KANSAS CITY, Aug. 30 (AP)—Kansas City police department patrolmen are furnished their uniforms. Detectives wear business suits and buy their own.

Yesterday, Lawrence N. Hanks, 38, a detective nine years, was granted his request for demotion to patrolman.

Hanks said he pays \$100 for a suit to fit his 250-pound frame, and that's too much for his \$260-a-month salary.

ANOTHER LOAD OF QUALITY—Here is another load of Red Chain feeds being unloaded at the H. P. Wooten Feed and Produce company. With a record of demonstrated quality in each sack, the load means more eggs and milk and pounds of meat in the making for producers in the Big Spring area. Stacks like these don't last long at Wootens. Repeat customers are sold on Red Chain. (Culver Photo.)

Western Auto Doubles Its Stock In Year Of Operation

The Western Auto Associate Store, located at 206 Main street in Big Spring, is well into its second year of operation and the stock of merchandise today is twice the size of that which was on hand when the store opened in June of 1949.

Fred Crosland and W. E. Moren, co-owners of the Western Auto retail outlet here, both expressed appreciation for the patronage which has enabled them to broaden their scope of service rapidly. For the most part, stocks are based upon demands of customers. Consequently, if any new item in lines handled by the firm develops a popular demand, it will be found at the

Western Auto store. Western Auto stores originally offered auto parts and accessories as their principal merchandise, and these items still are features. There is a complete assortment of conventional accessories, parts, seat covers, as well as decorative and novelty accessories. Selections in seat covers are particularly good at this time and other shipments with attractive designs and durable materials are expected within a few days.

In addition to automotive lines, the Western Auto store in Big Spring features electrical appliances, sporting goods, etc. The firm often is referred to as the "Toy Center"

of Big Spring. Sporting goods stocks include all types of athletic equipment, games and anything required for outdoor recreation. Electrical appliance displays feature well-known brands. There also is a complete stock of house and auto paints and enamels. The Western Auto gives the S-H green stamps with cash purchases and to accounts that are paid on schedule.

Japanese Red Headquarters Hit By Police

TOKYO, Aug. 30 (AP)—More than 100 police raided the headquarters of Japan's largest Communist-influenced labor federation today and the nation's attorney general ordered the organization dissolved.

The action was taken against the National Liaison Council of Labor Unions (Zentoren) under an ordinance prohibiting anti-occupation activities and terrorism. Zentoren is a federation of more than 20 large unions with a combined membership of more than 600,000. The individual unions were not ordered dissolved.

Seized in the raid were two truckloads of documents and office equipment. Zentoren newspapers and pamphlets were confiscated.

Comet Sighted By Vatican Said To Be Old One

BERKELEY, Calif., Aug. 30 (AP)—A comet spotted near the Constellation Taurus by Vatican observers is an old one, a University of California astronomer says.

Dr. Leland B. Cunningham identified it as "Periodic d'Arrest" which has been in the Taurus vicinity a long time.

A story from the Vatican City indicated it was a newcomer to the celestial dome. But Dr. Cunningham says the Jesuit fathers who saw it on film now concur with his opinion.

The comet is invisible to the naked eye but can be photographed.

MANAGER—Head of Banner operations in the Big Spring area is Joe F. Neece, shown above in his office. Neece, a long-time employee of the Banner organization, is well-known in Big Spring. He succeeded J. D. Merrifield, who went to Midland. Policy of best home-produced dairy products with prompt, courteous service is a watchword for Neece and Banner. (Culver Photo.)

Philippine Advance Guard Is In Tokyo

TOKYO, Aug. 30 (AP)—An advance party arrived today from Manila to prepare for the assignment of 1,200 Philippine combat troops to the United Nations forces in Korea.

Headed by Lucas Madamba, political counselor in the Philippines department of foreign affairs, the group conferred with Gen. MacArthur and his chief of staff, Maj. Gen. E. M. Almond.

State Drug Offers Pleasing Variety

A convenient center for filling cosmetic and toiletry needs is the State Drug store, 318 Runnels. The State Drug stocks several well-known lines of cosmetics and other toilet goods. Such establishments as Lenel, Trifling, and Colgate-Palmolive are a few of the quality goods available at the downtown drug center.

Johnson's baby products are high on the list of favorite commodities stocked at the State. These include powders, lotions, and oils for the prevention of chafing and irritations to tender babies' skin.

The State also stocks a complete line of school supplies, including notebooks and fillers for the high school and college student and crayolas, pencils, and drawing pads for the beginning scholar. A variety of classroom accessories of all kinds is maintained. Fountain pen and pencil sets, ink typing essentials, and note pads are among these.

The handy fountain and canteen counter at the State makes it a popular refreshment stop for the downtown area. Banner dairy products—ice cream and novelties such as the famous Eskimo Pie and new Eskimo Coconut bar—are

served. Milk shakes and malts, sundaes, soft drinks, and coffee are dispensed at the fountain. A full line of candies and tobacco products are available. For that mid-afternoon or morning snack, the State also serves sandwiches, pies and other short orders. Numerous booths and tables,
