I'm a very important payroil contributor among West Texas' many industries and enterprises.

Night and day, in numerous ways, I'm put to work for businesses both large and small.

Ranchers and farmers, from dawn to dawn, find a hundred chores or more for me to do.

In hospitals, too, I'm busy helping save lives.

Like all good citizens I dig deep to pay my taxes.

I bring light and power; convenience and comfort ... my company, which was organized in Texas, chartered under the laws of Texas, with its property dedicated to the public's service, is directed and managed by Texans, men who live and work in West Texas... I'm your electric servant, I'm REDDY (TEX) KILOWATT!

A bank is merely the custodian of Other People's Money. Our use of these funds must recognize a dual obligation—to the owner and to our community, thus establishing what is called institutional policy.

Our lendable dollars may be used by prudent business men of this section as sound expansion plans are formulated and initiated. The requirements we shall impose regarding the productive use of our lendable funds, are designed to recognize the needs of business and simultaneously give effect to the trusteeship factor which attaches to Other People's Money.

MANUFACTURERS ASSOCIATION TRADE

"CP" trademark is unusual because not one but twentytwo automatic gas range manufacturers feature it on their ranges. "CP" is displayed in addition to private brand names. • Before "CP" mark of quality is added seventeen performance and convenience advantages must be built into the range. . Some of these advantages are: automatic lighting for oven, broiler, and top burrers, automatic oven heat control, smokeless broilers, fixed simmer position on all burners. . Look for "CP" before you buy.
