Our heart goes out to our good friend, Frank Grimes of the Abilene Reporter-News, who received the message last week-end of the death of his son, Capt. Rudyard K. Grimes, in a Japanese prison camp on June 30. We had known the boy from his infancy up to boyhood and it seems hard to realize these mere children of a few years ago are the mature fighters who are defending our nation in these perilous times. It seems only a short time since the birth of this child when the proud father named him for the famous writer, Rudyard Kipling. He was on Bataan with other West Texans, some still unreported, and although he had been known to be a prisoner, his death brought a new grief and shock to the fond father. Such messages are being sent to parents in all parts of the nation but yet they bear a bitter sting that only war can produce.—Shackelford County Leader.

The Fourth of July holidays over

the week-end were perhaps the quietest that have passed in the United States for scores of years. Many different reasons, all attributed in some way to the war, made this the safest Fourth and thereby left less grief and sorrow on the home front. Few families cared to celebrate with members of their own group, on the battle fronts and most of them were unable to do much celebrating because of the various shortages, all credited back to the war. Rodeos, held annually in almost every town and village in West Texas, were almost a curiosity this year, with only the Palo Pinto county rodeo observing the annual custom. But with Camp Wolters soldiers looking for amusement, it was in line for that county as necessary war entertainment.

Even though it does seem dry and hot, crops over the county are looking fine and reports reveal they are not so bad in other parts of the state. Judging from these reports, good feed crops are already made in many localities and cotton is well on the way to a good crop. Gardens in some places are standing up fine and if the bean crop canned in this county is any indication of the food being put up for winter use, there will be plenty of vegetables in many homes, regardless of their point value next winter. Corn has also made a fine crop and lots of it has gone into cans for winter table use. We hear a lot of complaint about tomatoes failing to put on fruit but some report good crops. In our back yard we have a lot of stuff growing and it has supplied many good dinners despite the fact we started late in April to plant garden seeds. Plenty of good water at reasonable rates put that garden over and whether it rains any more this year or next, we are going to have lots of ripe tomatoes pretty soon to mix with the rest of the truck.

Goodyear passenger and tractor tires in stock and you can get them now at Shackelford's.

**Young People to Hold Buffalo Gap Meet**

Stressing the war-time needs of Youth, the Presbyterian church conferences at the Buffalo Gap park, 12 miles southwest of Abilene will embark on a 5-day conference for intermediates beginning Monday, July 13, with attendance slated to be near 100 in the 12 to 14 year age groups, ranging from Brownfield, Vernon, Brady to Fort Worth, comprising the areas of Abilene and Brownwood Presbytery.

Chairman of intermediates is Rev. Victor K. Aubrey of Breckenridge, with a complete staff composed of Rev. Al Dorsett of Houston, as dean, Miss Carmen Demmer of Ballinger, as dean of girls, Rev. Victor Janek of Lampasas, as dean of boys, Dr. David A. Johnson of Brownwood, Rev. Hubert Travis of Snyder, Rev. Rodney Gibson of San Angelo, Mrs. Fred Walker of Brownfield, Mrs. J. L. Glenn of Cross Plains, Rev. J. E. Ramsey of Artesia, New Mexico.

Presbyterian Park facilities consisting of a \$25,000.00 plant north of Buffalo Gap in the hills, dining room and recreation hall, concrete swimming pool, cottages and dormitories, out-of-doors arbor and a thito church, provide all necessary equipment, accumulated and added to during a period of 20 years.

Senior conference for 15 year group and older, will begin on July 16th, at the close of intermediate group. Rev. J. A. Owen of Albany is chairman, and staff members in addition will be Dr. John Angus MacMillan, Rev. E. E. Dodge, Mrs. R. E. Harrington, Mrs. W. H. At-taway, Mrs. Glenn S. Post.

All sanitary and health inspections and requirements will be enforced and a summer holiday for youth of Presbyterian churches will be carried out with hiking, picnics, study and all out-of-door activities. The leaders are placing added impetus on value of youth conferences during war-time, declaring that greatly increased problems must be confronted with study and planning.

**ESTRAY NOTICE**

Notice is hereby given that O. D. Allen, County Commissioner of Precinct No. 3, of Callahan County, Texas, has this day legally estrayed the following animal:

One black mottled faced mulley yearling with swallow fork under bit of left ear and Cross brand on right hip, weight about 425 pounds. Said animal has been running at large on the Joe Green farm about 5 miles southwest of Putnam. Said estray will be sold for cash to the highest bidder at the Joe Green farm about 5 miles southwest of Putnam, Texas, on the 26th day of July A. D. 1943, between the hours of 10:00 o'clock A. M. and 4 o'clock P. M.

Given under my hand and seal of office this the 6th day of July A. D. 1943.

LESLIE BRYANT,  
Clerk, County Court, Callahan County, Texas.

**STYLE**

(By Emy)

Time was when we looked askance  
At a woman wearing pants  
And we said she'd lost her pride  
When first we saw her ride astride.

'Twas said when she rolled her hose  
How she'll wear 'em next the Good  
Lord only knows,  
Then shoes she wore without the  
socks,  
And the briefest sort of frocks.

With the skirt up to the knees  
And the waist without the sleeves  
Her head went bare a while  
Then 'twas tied up Indian style.

Next came the perky little hat  
Old style I'm sure that's coming  
back,  
For Solomon said there's nothing  
new,  
And I'm quite sure Old Solomon  
knew.

Hair cut short then long you know,  
Most changeable as the winds that  
blow,  
The crimson lips and cheeks as  
well,  
A style introduced by Queen  
Jezebel.

Now they've got us guessing,  
How next they'll be dressing,  
But why worry 'bout what to wear  
and when?  
If there are no admiring men.

J. H. Jones is seriously ill at his home here. Mr. and Mrs. Jones and daughter, Miss Nila moved here from Scranton about two years ago.

**Miners Received Raise by Raising Price to Consumers**

Did you know that the Guffey coal law came into effect in 1935 at the instance of John L. Lewis to keep down a strike of the miners? The Supreme Court held the first act unconstitutional, a revised Guffey act was passed in 1937 again under the demand of higher wages or a coal strike?

Mr. Lewis insisted on a law such as the Guffey act which forced the mine operators to raise the price of coal so that the mines could pay higher wages to labor. This is an indirect way of taxing the public for the benefit of a specified group. The Guffey coal act was to have expired in April, but the house and senate extended it for 30 days on the ground that Congress should have time to consider the renewal.

In spite of the fact that a majority of the coal operators have been virtually subsidized to the point of acquiescence in this legislation against their better judgement as to its soundness an economic principal, here is an under current in Congress that it may be better to eliminate it entirely before our Republic reaches that stage arrived at by Diocletian 300 A. D., when sons were compelled to follow the vocations of their fathers under penalty of death. Diocletian formulated a complex and vast system of price fixing, labor relations, and a scheme of government that constricted liberty to the point of making his subjects thoroughly miserable, it broke down. The New York Times makes the following comment of our endeavors to fight inflation, and at the same time prolong the life of an act like this which not only encourages but compels price in wage boosting which all consumers must pay for the benefit of a special class.

"If it were sound to set up selling monopoly for the coal industry, so that it can raise prices against the public in order to pay miners high wages, then it would be equally sound to turn other industries into selling monopolies so that they could boost the price of their products and pay higher wages to their workers. The Guffey act if flagrant contradiction of the economic policy that government has been advocating in other fields. Coal prices should be subject, merely to ceilings like the prices of all other necessities today. This very special gift to Mr. Lewis ought to be allowed to expire quietly."

It is high time that powerful minority groups which have not hesitated to jeopardize the safety of the nation, be required to operate under the same legislation that applies to all the people.

**BUY WAR BONDS**

Figure It Out Yourself. How can you effectively join in saving all the little children of the world from human slavery, death and injury from the Nazis and Japanese? Put more and more of your pay into war bonds every payday. Your savings will go to war in the form of war equipment and other munitions. How much more should you put into war bonds? The only ones who can answer that are—you and your family. It's up to you to decide just how much more you'll do to win the war.

If you were fighting in the Solomons or in Africa or forcing a landing in Europe you'd like to feel that the folks at home were back of you—all the way—you'd be proud of your family and your friends if you knew they were buying war bonds not at 10 per cent or 15 per cent, but with every cent beyond that which they need for necessities.

**Invasion Costs More Money—Up Your Payroll Savings today**

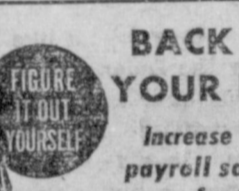

If Hitler wins, the issue for you will be living itself and not just the cost of living. Think that over and figure it out for yourself how much beyond 10 percent of your family income you should put into War Bonds every payday.

**BACK UP YOUR BOY Increase your payroll savings to your family limit**

**Up Your Savings**

**JAPS EXECUTE DOOLITTLE MEN**

**WE'LL PAY YOU BACK TOJO if it takes our last dime!**

**BUY MORE WAR BONDS**

There will be American justice for the savages of Tokio but our trial and punishment of Tojo and his criminals will cost blood, sweat, toil and tears and money. You can supply the money by upping your war bond buying through the payroll savings plan. Figure it out yourself and see where the money is coming from. How much does it cost you and your family to live each month? How much money is coming in from all members of your family? Put the extra money into war bonds, every penny of it. Let 10 per cent be only the starting point for figuring your allotment.

# MORAN AND COMMUNITY

## My Column

MRS. C. C. CADY

Mr. Cady and I left Moran last Wednesday just after luncheon club to attend the annual meeting of Harry B. MacRae C. S. B., of Dallas, with headquarters at the Adolphus Hotel. Accommodations were engaged for us, arriving at 11:30 p. m.

All hotels had up posters for guests to vacate their rooms Saturday morning, but on account of this meeting we were allowed to have our room until 6 o'clock p. m. All west bound buses were sold out for Friday and Saturday.

So our good friends, Rev. and Mrs. J. A. Scoggins came to our hotel Saturday evening at 6 o'clock and took us to visit them, six miles west of Dallas on Highway 67, in their new home they have recently purchased. All modern improvements and a 3 acre lot with gardens, 100 chickens, 3 milk cows and Trixy, the colt in Moran, is now a three year old, and a wonderful cow horse. Even Tony the dog, knew we were from Moran by the way he wagged his tail.

Mr. Scoggins rides Trixy twice a day for the cows, staked out along the edge of the farm, where green feed was as high as the animals. He said tell his rodeo pals, Trixy gets his oats twice a day despite the high price of oats.

We found our friends so nicely located with close neighbors on every 3 acres, with modern improvements in all the homes. A quarter acre in zenias was too pretty to plow up for more garden space, Mr. Scoggins stated.

Garland is a suburb of Dallas, a thriving little city of about six thousand inhabitants. The State National Bank of Garland capitalized at two million, two defense plants with more than 5,000 workers on 8 hour shifts, a hat factory, a large pickle factory and many other industries are located in and around Garland.

Another attraction was the high power towers of the K. R. L. D. broadcasting station, with its colored lights reflecting in every direction.

Our friends own their own water system, consisting of a 30 foot well with abundance of soft water and equipped with an automatic electric

pump, which supplies water for home and garden.

They live two miles west of Garland with aaved roads in every direction. The drive from Dallas to Rock lake, long drives where the large trees meet at the top which make it a cool drive on hot days.

Mr. Scoggins has a government position as guard at the Hudson Air Training School, a branch of Love Field, which is only 10 minutes ride from their home. He was recommended for the position by such men as Jess F. Tucker, prominent rancher and pioneer of Dallas county, Towne Young, Associate Justice of Court of Civil Appeals, Fifth Supreme Judicial District and A. R. Davis, president of The State National Bank of Garland. They live close enough to attend S. M. U. Sunday services when they wish, but rather attend in Garland, where they have several relatives.

As your news reporter I was amazed at the crops, corn, onions and cotton.

Our friends drove us over to visit an uncle, Mr. and Mrs. Jess L. Tucker, a prominent rancher, born in Dallas county. He has a five hundred acre farm. He specializes on onions. This year he had an 80-acre field with yield of 246 bushels of onions, and one bale of cotton to the acre. Mr. Tucker plants cotton between his onion rows every year. Here I saw proof of helping to feed America at home and in these thickly settled defense plants, corn as good as Iowa or Nebraska ever raised. One patch of 50 acres for hybrid seed only. The corn is made now and only needs maturing.

These good people, Mr. and Mrs. Tucker, were so friendly that we wish to return to see them again. He is a pioneer rancher, born and reared in Dallas county, and is a director in the bank at Garland.

Mrs. Tucker raises turkeys and said there wasn't such a thing as a coyote. They have trees in their yard that are as large as our home in Moran. Mr. Tucker told the Scoggins to stop at the corn patch and help ourselves. They employ Mexican labor to gather their crops.

We spent Saturday night with the Scoggins and after dinner on Sunday they drove us to Dallas to catch a bus for home. We rode through the campus of S. M. U.,

## Personal Mention

Mrs. H. H. Tidmore of Port Arthur brought her daughter, Betty Jo, to Moran Sunday afternoon from the Harris Memorial Methodist hospital in Port Worth to recuperate from major surgery. Betty Jo is most appreciative of the flowers and cards received from friends during her illness.

Mrs. J. S. Dennis had as her guests last week, Mr. and Mrs. N. E. Padgett and children of Artesia, N. M.

Mr. and Mrs. Oscar Wise attended the funeral of F. J. Harris at Lampasas last Thursday.

Mr. and Mrs. Grady Kelly of El Paso visited Mr. and Mrs. Floyd C. Pool over the Fourth of July holidays, returning home Tuesday.

Mr. and Mrs. J. A. Bates and daughter, La Gene of Breckenridge were guests of Mr. and Mrs. Oscar Wise Saturday.

Mr. and Mrs. C. W. McCollum had as guests through the Fourth of July holidays, Mr. and Mrs. Bruce Willis and Betty, of Strawn, and Mr. and Mrs. Jack Dunn and Janet and Carol Ann of Newgulf. Mr. and Mrs. Dunn and Carol Ann left Tuesday and Janet stayed to spend the summer.

A letter from E. B. Isham at Sunray, Texas, reports he is doing fine and is signed up for the duration as a military police. He renewed his subscription to the Leader and also ordered the paper sent to Mrs. Isham who is in Pueblo, Colorado.

Mrs. Belle Waters received a letter this week from Ensign Mattabell Downing who is in Ottumwa, Iowa. She says "I saw the fulfillment of my purpose in coming into the navy, as I replaced a man whom, in turn, replaced another to go to sea." She is an instructor in a flying school. She also sent her regards to all who should ask about her.

Mrs. H. E. Downing of Midland was a business visitor in Moran Tuesday.

## CHRISTIAN SCIENCE SERVICES

"Sacrament" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 11.

The Golden Text is: "We being many are one bread, and one body; for we are all partakers of that one bread" (I Corinthians 10:17).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For as many of you as have been baptized into Christ have put on Christ" (Galatians 3:27).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "In proportion to his purity is man perfect; and perfection is the order of celestial being which demonstrates Life in Christ, Life's spiritual ideal" (page 337).

## CHRISTIAN SCIENCE PROGRAM

by Harry B. McRae, C. S. B. will be heard over KRLD, at 8:45 a. m. on July 11-18-25.

and past Love Field airport where we saw big bombers with each wing spread of 100 feet. Flags were waving everywhere, including in the private homes.

The lovely ride around White Rock lake, through Mocking Bird lane, along Turtle Creek, and into Dallas was a most enjoyable trip. We caught a bus in Dallas for our return home.

Rev. and Mrs. Scoggins have devoted 28 years to the ministry in the Methodist church and left Moran last year to make their home in Dallas so that she could be near her physician. If you want a grand time you should visit in this home. It was a joy to be there.

## With Our Men In U. S. Service

Staff Sgt. Stephen L. Drake is home on furlough from San Marcos Army Air Base, visiting his mother and grandmother.

Hubert Tidmore returned to Moran Friday night from Port Arthur, where he has been employed by Foster Wheeler Construction Corp., to await his call to the service.

Cpl. John S. Dennis of Army Air Base, Pueblo, Colo., was married to Miss Hortense Rodriguez of Tampa, Florida, in Pueblo, Colorado, Tuesday, June 29th.

J. S. "Red" wired his mother, Mrs. J. S. Dennis of his marriage last Tuesday.

Editor's Note: The many friends of Corp. J. S. Dennis and Mrs. Dennis in Moran sends congratulations for much happiness and a long life.

Mrs. C. C. Cady has received a message from Sonny Brewster in Alaska. He says he is fine and weighs over 200 pounds. The food is good he said. Another one of the boys in Alaska said he never got warm all the time he was there. Pvt. Eugene Overby of Camp Hood visited home folks over the Fourth.

Pfc. Jack B. Pennell suffered a lacerated neck last Thursday when an automobile in which he was riding with five other soldiers from Majors Field overturned three times following a blowout, on highway 34 south of Greenville, according to a news story in the Sunday Dallas News.

A Dallas soldier, who was driving the car, received a fractured skull and jaw, but all other soldiers were released from a Greenville hospital after first aid treatment.

## A TRIP TO BOSQUE COUNTY

Mr. and Mrs. Oscar Parrish visited Fred Bankston and family at Kopperl, and while there visited with Lonnie Archer who will be remembered as a Moran telephone operator 35 years ago.

On Sunday they visited the Wallum family near Clifton. Bill Wallum and family are caring for his father since his mother passed away May 10. His brother, Andrew, who has visited in Moran several times, passed away April 29, and another brother, Harry, was buried Nov. 29. Mr. Wallum is 82 years old and in fairly good health.

They attended the old settlers reunion at Tom Pool state park on July 5. It was held under a big live oak tree where Bosque county was organized in 1854. It is a huge tree which is several steps in circumference, and Mr. Wallum says it was that large 60 years ago. There were many old people there.

Mr. Dunlap and Mr. Berry each were 94 years old. An old fiddlers contest and a square dance were entertainment features. Miss Hanna Hoff, a cousin of Bill Wallum, sang God Bless America. Miss Hoff is a school teacher and is also a cousin of Ray Hoff who used to live in Moran. They are writing a book on the history of Bosque county and its title is Ed Wheeler Rode A Horse.

## GEMS OF THOUGHT

### FREEDOM THROUGH GOVERNMENT

All the distinctive features and superiority of our republican institutions are derived from the teachings of Scripture.—Everett.

The very idea of the power and right of the people to establish government presupposes the duty of every individual to obey the established government.—Washington.

Patriotism is a blind and irrational impulse unless it is founded on a knowledge of the blessings we are called to secure and the privileges we propose to defend.—Robert Hall.

We must accept the disciplines of democracy as well as its freedoms. Discipline from without flourishes when discipline from within grows weak.—Harry Woodburn Chase.

Only free people can hold their purpose and their honor steady to a common end, and prefer the interest of mankind to any narrow interest of their own.—Woodrow Wilson.

Discerning the rights of man, we cannot fail to foresee the doom of all oppression. Slavery is not the legitimate state of man. God made man free.—Mary Baker Eddy.

The Axis stops at nothing—Don't stop at 10%. Buy More War Bonds For Freedom's Sake

## LUNCHEON CLUB

The Moran Luncheon club met Wednesday at Bob's Cafe with 15 members and two visitors present. Mrs. Mashburn served a fried chicken dinner with hot biscuits, iced tea and lemon pie. She advised the club would have a private room for the meeting next Wednesday. Claude Brooks, new toastmaster, presided for the meeting.

Other members present were V. L. Rucker, Carroll Louder, Mr. and Mrs. C. C. Cady, A. J. Taylor, O. W. Cochran, George Surratt, A. A. Smith, F. N. Hassen, Fred Smith, Tim Hamilton, Morris Cottle, Emory Morris, and W. C. Vines, county agent. Guests were Mrs. Belle Waters and Mrs. Laura T. Wild.

War Bonds should mean something more to you than just "a good sound investment." Figure it out yourself.

This is a family war. Put your War Bond buying through the payroll saving plan on a family plan, which means figure it out yourself.

**THE LOW DOWN**  
from  
**HICKORY GROVE**

The majority of folks are honest. It is not dishonesty amongst the great majority of us, it is gullibility that is our problem. We have not been brought up on enough AESop. Otherwise we would not be took-in by everybody coming along with some new rosy idea like "security for evermore." Security clear up to the mortician, including the coffin. To just sit down and wait—all expenses paid—would sure make us a cobwebby outfit.

We have laws against the gents with the 3 shells and one pea. We need a law putting a jail term on the flowery ducks in the striped pants who try to put over catchy slogans like this, "Freedom from care and everything—and never a worry or effort."

About the time we could get nicely settled, and basking under "security henceforth," and our muscles have become flabby, along would come some unruly Foreign Highwayman Nation and slap us down—and out the window would go Security, lock, stock and barrel. Most of us thair-way savvy that perpetual motion is a fake, and we don't buy perpetual motion stock anymore, very often—but that don't keep us from being a sucker for something newer, if it sounds rosy and grand—and no sweat. We are demons for shell games.

Yours, with the low down,  
JO SERRA.

**"A" Gasoline Cards Can Be Secured Through the Mail**

Application blanks have been mailed out for A gasoline ration books and some of the counties have received them, and renewal of these books will start soon.

The A Books now in the hands of the motorists expire at midnight July 21. The blanks will be placed in the hands of each of the official tire inspection stations in the county to be given to patrons to be filled out. When filled out, the forms are to be mailed to the Callahan County War Price and Rationing Board at Baird, together with the tire inspection blank and the back cover of the existing A Book bearing the signature of the owner.

The books will be distributed as soon as the board receives the filled out applications. Remember, that it is not necessary that you go to Baird, but just mail your application to the board with the back of the old A book with your name on it and that is all there is to it.

**Payroll Savings Buys Comfort For Your Fighting Relatives**

Not all of your payroll savings and other War Bond purchases are used for tanks, planes and gunpowder. A part of your investment goes for the comfort of your father, brother, son or friend.

Put your war bond buying through your payroll savings plan on a family basis to do the most effective job in providing for the care and safety of your men in the armed forces. Figure it out for yourself how much beyond 10 per cent of the aggregate income of your family you can put into war bonds above the cost of the necessities of life.

Remember a single \$18.75 war bond will buy for a fighting soldier on the front: Two cotton undershirts at 44 cents; two pairs of cotton shorts at 76 cents; two pairs of cotton socks at 34 cents; one pair of shoes at \$4.31; a cotton khaki shirt at \$4.64; pair twill trousers at \$4.16; one web waist belt at 22 cents; two cotton neckties at 44 cents; 2 khaki caps at \$1.26 and one twill jacket at \$2.16. Total \$18.74.

An \$18.75 war bond should make a marine comfortable for the night with a 23-pound mattress at \$4.20; two blankets at \$13.54; a pillow at 56 cents and two pillow cases at 30 cents. Total \$18.60.

Or he could be provided with a rubber poncho at \$4.77; a helmet with its lining and other items of its assembly at \$5.62; a rifle cartridge belt at \$2.15; a marine corps pack consisting of haversack, knapsack and suspenders at \$5.10; a canteen and its cover at \$1.05. Total \$18.69.

Those of you who worry about the comfort of your boy in service can help insure his comfort by buying war bonds. And 10 years from now you'll take back \$25 for every \$18.75 you put in.
