

From The Editor's Window

The scarcity of tin has recently been brought before the American public and has caused some genuine uneasiness among the manufacturing class as to what may be used in its stead.

The state of Nevada comes forward to announce through its State University that tin has been found within the state and is thought to be in sufficient quantity for commercial uses.

The unemployment situation throughout the country is still serious, according to recent reports of the National Industrial Conference Board. The report said that the number of unemployed increased 1,000,000 in January and brought the total for that month to 4,150,000.

Details of the sugar rationing program have not been worked out to date and will not become effective until some time in April, the Office of Price Administration has announced.

More than 400 Japanese aliens living on the Pacific coast in our country have been moved into New Mexico or internment.

The CCC camps in that area have been converted into internment camps and has been surrounded by heavy barbed wire fencing.

A mild earthquake was felt in South Dakota during the past week in the region of the Black Hills. The tremor, accompanied by a decided rumble, lasted for several seconds with a slight jar followed immediately by a more vigorous one, but no damage of consequence was noted.

Old Lady:—"Here's a penny, my poor man. Tell me, how did you become so destitute?"

Tramp:—"I was just like you, ma'am—always giving away vast sums of money to the poor and needy."

The dull boy in the class unexpectedly distinguished himself in a recent history examination. The question asked was, "How and when was slavery introduced into America?" To this he replied:

"No women up to this time had come over to the early Virginia colony. The planters wanted wives to help with the work. In 1657 the London Company sent over a shipload of girls. The planters gladly married them, and slavery was introduced into America."

"I hear you and the leading lady in the play are on the outs with each other."

Electrician:—"Yes, due to a misunderstanding. It was one of those quick-change scenes with the stage all dark. She asked some one for her lights and I thought she said lights."

Now that mumps are prevalent we submit the following taken from the Rockdale Reporter:—"There is always more than one way to kill a cat—or maybe I should say 'to cure.' Take, for instance, young Emmitt McBride, Negro shine boy at Holley's Barbershop, who went home one Thursday sick with the mumps but was back at work the following Saturday. When Holley asked him how he cured the mumps, Emmitt said he stopped at a grocery store on the way home and got a nickel can of sardines. He ate the sardines and rubbed the oil on his jaws. We don't guarantee this cure, but Emmitt might.

HOME ECONOMIST ASSOCIATION TO MEET APRIL 20TH

The regular monthly meeting of the County Unit of the Home Economists' Association was held in Clyde on Saturday morning at ten o'clock with four members present. The four being Miss Helen Willard, Baird H.E. teacher, Miss Vada Cole, Callahan County FSA supervisor, Miss Nila Pearl Appleton, Atwell teacher and Mrs. Belmarie Travis, Clyde H.E. teacher.

Plans were made for further exchange of nutritional exhibits, which are being placed in store windows over the county. Plans for demonstrations on making peanut butter to be given by Miss Cole to the homemaking classes in the Clyde and Baird schools, as well as Nutritional Talks to be made by members of the group.

The next meeting of this group will be held in Baird on Monday night, April 20th with Miss Vada Cole as hostess.

Mrs. E. E. Booth's Father Passes Away At Cisco March 23

Mrs. E. E. Booth of Putnam received a message Saturday stating that her father, H. J. Webb, Cisco, was seriously ill at the Graham hospital. She immediately left for Cisco, where Mr. Webb died Monday, March 23rd. Mr. Webb was 86 years old at the time of his death and lived in this vicinity for a number of years prior to his death.

Children present at the time of his death were: Mrs. E. E. Booth, Putnam; Mrs. Young, Wichita Falls, Mrs. Virgel Parrish, San Angelo; O. E. Webb, Livita, Texas; and H. E. Webb, Jacksonville.

Grandchildren present: Mrs. C. J. Cogburn, Miss Margarette Richardson, Mr. and Mrs. Chester Richardson, of San Angelo, Mr. and Mrs. Irvin Phippen, Cisco, Mr. and Mrs. L. H. Yeager, Moran and Mr. and Mrs. Stanley Miles, Livita, and 20 great-grandchildren.

Sears Robuck And Company Will Continue 4-H Program

Sears Robuck & Company are planning to sponsor their 4-H pig program in the six counties of the district again, for 1942, plans were made yesterday at a meeting of the County Agents with C. A. McGaughey, manager of the Sears Robuck store at Abilene.

Mr. McGaughey says the program will be continued as was announced several weeks ago by Sears officials through E. N. Regenbrecht, extension service hog specialist, who has sponsored the program.

Gilts were given eight outstanding Jones, Shackelford, Callahan, Eastlans, and Coleman counties last year about this time. Under that program, these boys were to repay the company by giving a gilt pig from their first litter a year hence.

Reports on the first litters farrowed were made from three counties. Five gilts in Eastland county have farrowed 33 pigs, Clyde Well assistant agent reported, and in Callahan County 21 pigs were farrowed from four gilts.

The pigs will be given selected club boys at a meeting, which probably will be held early in June this year.

Under terms of the program the pigs awarded at the June meeting will be brought back to the West Texas Fair in the fall and shown in the Sears Robuck contest. See the county agent for further information on securing one of the pigs.

MRS. WINNIE JOE DUNLAP AWARDED \$720 DAMAGES

In the damage suit of Winnie Joe Dunlap and her infant son was awarded a judgement against the West Texas Utilities Co., for \$3,720 in the electrocution of her husband, Elbert Dunlap near Baird July 1st, 1941.

In addition the court awarded \$320 to S. N. Dunlap father of Elbert, for funeral expenses. His father was not connected with the suit. Dunlap was electrocuted while working on a building under construction at the Baird refinery, when he contacted an overhead West Texas Utilities company wire with a tin roof saddle he was attempting to place on the building.

Hollis McKinney was in Putnam Saturday morning and stated he had made application for a tire for his tractor and had already driven about one hundred miles and still did not have any tire.

Putnam Grain Crop Will Be Complete Failure This Year

The grain crop in the Putnam territory will be practically a failure in 1942, since the grain is practically all dead. Very few fields even look green only in small spots and it is too late to sow anything else with the exception of a feed crop.

Many farmers report their fields as bare as the dead of winter with only a few scattered spots about over the field that even look like making anything. Most farmers think that the green bugs have done more damage than the dry weather. Under the AAA this vast acreage can not be used for anything except a feed crop, which will be more acreage than will be needed for feed.

Sugar Rationing May 4-5-6 and 7th At The Schools

National Sugar Rationing registration has been set by the price administration for April 28, 29 for distributors and May 4-5-6 and 7th. There will be four days to register. All of the registering will be done at the Public Schools in which district you belong. In the Putnam precinct all registrants will be required, as I am reliably informed have to come to Putnam from any place in the precinct.

Rev. Milton Slayden pastor of the Methodist church and one of the teachers in the Putnam school, said the school would suspend for one full day so that people might register. After that there would be one teacher look after the registration. It is not definitely known just how much sugar that each person will be allowed, but according to best information it will be less than one pound. Every member of the family will be required to register, and the stamp books will be good for 28 weeks.

REV. JUDSON PRINCE RESIGNS PASTORATE OF CISCO CHURCH

Rev. Judson Prince, pastor of the First Baptist church at Cisco resigned as pastor last week, to accept a position as pastor of the Victoria Baptist church. Rev. Prince had been pastor of the Cisco church for several years. The church met in regular conference last Tuesday night and accepted the resignation and appointed a pulp committee to arrange for securing a pastor and some one to fill the place temporarily until the church can secure a regular pastor.

Members appointed on the pulp committee were: Asa Skiles, W.W. Fewel, W. F. Walker and F. E. Sheppard.

SPECIAL SERVICES AT THE METHODIST CHURCH APRIL 3 TO 12

There will be special services at the Methodist church beginning April 3rd and extending through April 12th. Everyone is invited to attend these services.

FEDERAL LAND BANK PROGRAM OVER KRBC

"We are informed from the Washington D. C. office," says M. H. Perkins, Sec-Treas., of Citizens N.F.L.A., Clyde, and V. G. Carothers Sec-Treas. of the Abilene N.F.L.A. Abilene. "That a program will be carried over Station KRBC, Abilene, Tuesday, March 31, at 7:45 a.m., dealing with the twenty-fifth anniversary of the Federal Land Bank, and presenting NFLA members from coast to coast."

This notice is being given because the Clyde and Abilene association have so many members in the range of this station that would be interested in hearing this program, which should furnish many people first hand information regarding the loans made through the Federal Land Bank.

It is said that the Federal Land Bank was the greatest lending agency to farmers and stockmen in the United States. The total assets of the Federal Land Bank in the U.S.A., was \$2,193,017,728.07 as of December 31, 1931 and in the state of Texas total assets were \$208,619,685.07 as of December 1941. The rate of interest in New Federal Land Bank Loans are 4%, while for the last eight years, all the loans have cost the borrowers only 2 1/2%, this being done by act of congress.

CALLAHAN COUNTY 4-H CLUB GIRLS MEET LAST WEEK

"Get the Good From Vegetables" was the subject of the Vegetable Cookery demonstrations given by County Home Demonstration Agent, Ellen Steffens, to the Girls' 4-H Clubs of Callahan County during the week, March 16th through March 20th.

One hundred and nineteen club girls attended the six demonstration held at the schools at Payon, Denton, Eula, Clyde, Oplin and Cottonwood during the week when the vegetable used to demonstrate the proper method of cookery was cabbage. The cabbage was served with cheese sauce.

According to the high points of the agent's discussion accompanying the demonstration, vegetables are a valuable source of many of the vitamins and minerals that the body must have each day for good health, as well as cellulose that aids in the digestion. But the vitamins and minerals are the values that can be lost most easily by careless preparation. Of these vitamin C is the easiest to lose. Some of it may be destroyed by heat, some of it dissolves in the cooking water, and soda increases its destruction. Vitamin B-1 is destroyed in the same way. Minerals are not destroyed by heat, but they do dissolve in cooking water, and some may be lost if the "pot liquor" is thrown away.

April demonstration work in the girls' 4-H clubs will be on Planning the Three Meals a Day with the demonstration being on Whole Wheat Products given by the county home demonstration agent.

Mr. and Mrs. J. R. Gunn have moved from Putnam to the Pueblo community, near Moran.

Mr. and Mrs. Cotton Stewart and Stanley Hurst of Electra spent a few days in Putnam last week visiting with Mrs. A. J. Hurst, Mrs. Stewart's mother and other friends and relatives here.

Putnam Voted 154 Against Sale Of Beer To 87 For

The vote in the beer election Saturday at Putnam was very light, only 261 votes being cast. Of this number 154 were for the prohibiting the sale of beer while 87 votes were for the sale of beer. This showed that 69 per cent of the votes favored prohibition against 31 percent for the sale of beer. Late Saturday night with only one small box to report the vote tabulated in the county.

Was a total of 2,473 with the drys leading 1,739 to 734, for the wets. This is a dry vote of about 70 percent, with wets stating it looks mighty dusty.

Beer Sales At Training Camps Are Held Legal

Governor Coke Stevenson requested the attorney general Gerald C. Mann for an opinion as to whether beer could be legally sold in government training camps in dry territory.

The State of Texas can not prohibit the sale of beer in army posts exchanges where the war department has properly authorized such sales. Attorney General Mann held in an opinion to the governor Saturday morning.

The attorney general said further the army can permit beer sales in camps located in areas which are dry under state laws. General Mann has been right in most of his opinions, but this is far reaching if the courts should uphold the Mann opinion.

MID WEST TEXAS FIREMEN TO MEET AT COLORADO 4-2

Oil Operation In The Putnam Field By West & Others

West and Mikeworth on the Boatwright land on deep creek about four miles west of Putnam, is down to 370 feet on a 700 foot test, pipe will have to be run at this point. In as much as a fifty foot sand body has been drilled that showed a lot of gas and as much as one barrel of live oil. This test is five hundred feet northwest of the one drilled by West & Corney about two years ago which had a good show of gas.

The West & Odell well about three miles southeast of Cottonwood is down to contract depth 400 feet, but they plan to take the well on down to 435 feet from which a small amount of oil was produced. The Tyree sand was in this well with about fifteen or twenty foot of lime which took the difference. The well was about 1200 feet southeast of the Hydriek-Hargrove No. 1, that had a showing in about thirty foot of sand. Mr. West states he still has hopes in the Eager well making a producer.

Walter Francisco - Warren and Miles of Cisco are moving in on the Isenhower about one mile north of Putnam to drill a six hundred foot well. This well is on T.E.&L. Co. land section No. 2978.

Stanfield an Odessa operator has a fishing job below seven hundred feet on the Harp about six miles west of Putnam.

Emery Wheeler, who has been assisting Cooper for a number of years at Baird has been made manager for the Community in Callahan County. Mr. Wheeler was reared in Putnam and moved to Baird a number of years ago.

COTTONWOOD H. D. CLUB SENDS FAVORITE RECIPE

Mrs. O. D. Strahan, member of Cottonwood Home Demonstration Club and former home food supply demonstrator for that club passes the following recipe on for spring time dessert that is both tasty and economical:

Apple Crinkle. Cut four large apples in cubes and mix with one cup of white sugar. Then mix one-half cup of brown sugar, two tablespoons flour, one-half cup oatmeal and one-half cup butter, pour this over the apple mixture and cook in a slow oven forty minutes to one hour.

Other club members comment that the oatmeal tastes like pecans in the finished product.

Rev. E. N. Baldree received a message that one of his nephews were seriously injured in a car wreck at Fort Worth, and he left immediately and was unable to fill his regular appointment at the Baptist church at the 11 o'clock and Sunday and at night.

County Votes Dry

By a majority of more than two to one, Callahan county voted Saturday against legalizing the sale of liquors containing up to 14 per cent alcohol.

Total vote was 1735 against the legalization to 738 for the legalization, with only three boxes, Baird, Hart and Belle Plain, showing a plurality for legalization.

Under the vote, the status of the county remains unchanged since July 31, when the county voted by a margin of little more than 100 votes to ban the sale of all intoxicants.

Before that election, beer and wine of alcoholic content not exceeding six percent had been legally sold in the county since 1934.

By boxes the results of the election Saturday were:

Table with columns: Box, 1942, DRY, 1942. Rows include Baird, Belle Plain, Cottonwood, Clyde, Cross Plains, Admiral, Putnam, Erath, Eula, Caddo Peak, Dudley, Atwell, Dressy, Oplin, Rowden, Denton, Hart, Lanham, TOTAL.

Veteran observers declare that the return was one of the driest ever rolled up in a Callahan county prohibition election.

Rumors Are There Will Be 3 In The Race For Congress

It looks as though we might have a three cornered congressional race in this district. Since it is rumored the former congressman, Clyde Garrett of Eastland will probably enter the race to make a come-back.

Mr. Garrett is now contact man at the house office building at Washington with a salary of 6,000 per year. If any of us go to Washington, Mr. Garrett will be the first man we will meet, if we want to see our congressman, and he will secure a person who will direct us to the office or officers we wish to contact. This is a very important position as the building is so large that anyone going there with no aid, it would be difficult to find the party you would like to see.

Callahan County Citizens Gathered Up 900 Tons Iron

According to J. C. Shockley, Callahan County citizens have really taken the scrap iron drive seriously.

Already nine hundred tons of scrap iron enough to build 100 light-weight tanks, have been collected by Jennings of Cross Plains. And the drive is continuing.

Farmers from all sections of the county have put old plow points and other useless pieces of iron and steel into use, Mr. Shockley stated.

Letters To The President

Cross Plains, Texas 3,-21,-1942

Hon. Franklin D. Roosevelt, Washington, D. C. Dear Mr. President;

We were told a few days back, that we had not sufficient interest in the war, that we did not realize the seriousness of the situation. Today we are told; we are unduly alarmed and acting on bad mis-information, gathered from the press and radio.

Mr. President, it is not mis-information from the press and the radio we are acting upon. Every town and hamlet throughout this land have representatives that have gone to the various army camps and factory sights to obtain work, and met there in charge C.I.O. foremen, who exacted 25, 50, in some cases 150 or 250 dollars before they could get a job, and often, after a few days they were fired to give room for other incoming, paying men. That has been going on now for well over a year.

This is not mis-information, this is common knowledge throughout the country, gleaned first hand from our good neighbors and friends who experienced it. Thousands of men, being out of work and money, paid the price, and said nothing; because they were getting what was to them, undreamed-of wages, unnecessarily paid, and they needed money.

Besides that, we know what the NLRB. did to Mr. Ford; besides that, we know about the supreme court decision in the Copper Queen Case; besides that, we know about the rail-roads having to pay our neighbors up to \$15,000.00 for work never done. Besides that, we know that thousands of small business men have been sued for enough back pay to wipe them out in their little business, and we were afraid to hire a man, for fear he might sue us for more than our entire assets amount to, hence we are sitting down afraid to move.

It is barely possible, Mr. President, that the mis-information is on the Washington end. Washington was misinformed about France's strength and determination. Washington was misinformed about Germany's power. Washington was misinformed about the supply of rubber. They were misinformed about the strength and striking power of Japan. They might be misinformed as to what part union labor played in elevating Mussoline, Hitler and Stalin to their present position. We think they are badly misinformed as to what the labor laws passed in the last ten years and we are demanding repeal of some, especially the ones that are now interfering with production; as the forty hour per week, over time and the closed shop. Union labor has intimidated the people through their government, and we have rebelled.

We are willing to go our whole length to win this war but we are not willing to see all of our efforts wasted building up a tyrannical power in this country with which a vengeful tyrant can wreck the nation.

Respectfully submitted; CLEVE CALLAWAY

Frank Norris, the novelist, once declared, "There are three romantic cities in the United States—New York, New Orleans and, pre-eminently, San Francisco." Mr. Norris, being from San Francisco, was perhaps a bit biased—but certainly New Orleans is romantic a-plenty.

The old French quarter, its narrow streets lined with tiny shops, suggests a foreign clime and a distant time. Most of the aged buildings are two or three stories high and the scene is in shadow except when the sun is directly overhead. There are balconies, centuries old, of wrought iron. Here is a display of delicate Belgian lace; in the next little window is Dresden china. That is a furniture store, with a glimpse from the sidewalk of satin-backed chairs on which generals, who fled from France when Napoleon fell, may have sat. This is a veritable "old curiosity shop", with an array of muskets, dueling pistols and

rusty swords.
Yonder is a sign, "Bottom of the Tea Cup," where leaves' readings are free. And the tea room across the street is even more generous, for you have your choice of learning your fate from the tea leaves, from your palm or from a crystal ball. Maybe from the cards, too.

A more modern note is struck by the souvenir shops where you can buy everything from colored postcards to miniature bales of cotton filled with delicious pralines—or you can mail a friend (or foe, for that matter, and maybe more appropriately), a live baby alligator or an unweaveably small, live turtle, its back dyed in pink or green or blue as your fancy may desire.

Who has not visited the French quarter in storied New Orleans has missed a thrill.

A dear old lady sent a Christmas box to the parsonage with a note which read: "Knowing that you do not eat sweets, I am sending candy to your wife, and nuts to you."

Someone defines an old-timer as one who can remember when the only thing one could get free from the government was a package of garden seed, says the Gladewater Times-Tribune.

speakers. On the program will be Governor Coke Stevenson, R. D. Clark, civilian advisor to the Quartermaster General, and other authorities from New York, Pittsburgh and Chicago. Running a restaurant now presents greater problems than ever—the effect of price controls, possible emergency feeding in case of disaster, conserving food supplies, solving the questions of waste, labor scarcity and rising costs.

Your columnist may look in on the convention because it'll be another opportunity to see the association's genial and versatile executive secretary, Pat Moreland—who has distinguished himself as a minister, poet, Governor's private secretary, member of the State Unemployment Commission, stump speaker and story-teller.

A bit late for St. Patrick's day—but an Irish story is always in order:

An Irishman with a luxuriant head of hair and a Jew with an equally luxuriant beard got to arguing as to which belonged to the greater race and it was agreed that, as each named a great man of his own race, he could pluck a hair from his adversary.

"Moses," said Ikey—and yanked a hair from Mike's head.

"St. Patrick" yelled Mike, and pulled out a handful of Mike's hair. The Irishman seized the other's whiskers with both hands and shouted, "The Knights of Columbus."

HOME DEMONSTRATION CLUB MEETS IN HOME OF MRS. O. STRAHAN

Mrs. O. D. Strahan was hostess to the Cottonwood Home Demonstration club at her home in Cottonwood, Friday afternoon, March 20. "Peanuts as a substitute for meat" was the demonstration given by Ellen Steffens, County H. D. Agent.

A peanut loaf was baked and served. Peanut bread was also served. The following facts were discussed: Peanuts are inexpensive and are rich in fat, iron and phosphorus. Peanuts have 27 food values. They can be served for a complete meal. Three peanuts furnish one man with enough energy for one hour's labor.

Those present were: Miss Ellen Steffens, Miss Missouri Strahan, Mrs. Floyd Coffey, Mrs. Harry Varner, Mrs. S. B. Strahan, Mrs. J. F. Coffey, Mrs. Sub Peavy, Mrs. Bryan Bennett and Mrs. O. D. Strahan.

WAR!

... after 10 years of perpetual e-motion

"WASHINGTON officialdom complains that the public does not realize that the nation is engaged in war. A critical war. An all-out war... Washington chides the citizenry for its lethargy, its complacency. "Where does the blame, if any, lie?"

Thus read the opening lines of an editorial in the official magazine of the United States Chamber of Commerce suggesting that the average citizen feels that the bureaucrats in Washington "are not taking the war seriously."

The average man, it is said, "has become impervious to 'emergency.' He has been exposed for ten years to perpetual emotion. It is natural that he ask his leaders for something more than words... He needs examples, actions, in high places."

But, it continues, "As far as the citizen can see, not one of the 150-odd peace-time bureaus, commissions and authorities has made any sacrifice. Not one. Rather, not a one but has found the war an excuse for expanding its personal and 'services.'"

The average man knows that wars are not won with words, piddling policies, or boondoggling. Wars are won with deeds, with production, and with the full cooperation of government, labor, industry, and of ALL the people.

He knows that to win the war there must be an end to petty politics while the battle rages. He knows that his country has no need for bogus reformers, hatching and revealing industry at a time when our greatest need is planes, tanks, ships—not ideologies.

The practical business men who built up and manage America's elec-

tric companies today are providing electric power where it's needed, when it's needed!

Despite the millions on millions of dollars spent for political power projects, business-operated companies are furnishing over 90 per cent of the nation's electric supply in the present emergency. Last year they installed over 2 1/2 million more horsepower! We now have in the U. S. more electric power than all the enemy nations together.

Careful, efficient and economical production of electric power will continue, lighting air fields, army camps, industries, your home and business. The war will be won, not with words of abuse but by whole-hearted cooperation!

- ★ Use little water in cooking.
- ★ Cook vegetables for the shortest possible time.
- ★ Cover utensils to keep air out.
- ★ Avoid unnecessary stirring of vegetables.
- ★ Don't put in baking soda to brighten food colors.
- ★ Don't throw away vegetable liquids—use them in soups or cream sauces.
- ★ Start vegetables in boiling water.
- ★ Keep foods as fresh as possible—use dependable automatic refrigeration.
- ★ Serve plenty of green vegetables.
- ★ Serve foods soon after cooking.
- ★ Steaming is preferable to frying to retain vitamins.
- ★ Low-temperature roasting saves vitamins and minerals.

THE HOUSEWIVES OF AMERICA are a vital factor in this war. In the program to make America strong by making Americans stronger they are the guardians of the nation's health.

NUTRITION IS YOUR BUSINESS because good health and energy are imperative. To help do your bit toward building your family's health, serve well-balanced, vitamin-rich meals. It isn't enough just to select the right foods at the market, for many of the health-giving vitamins may be lost if the food is cooked improperly.

"I WILL WASTE NOTHING"—Pledge yourself that the vitamins in the food you buy actually reach the family table and you'll be helping to win the war.
