Bailey County commissioners plan to pass an inter-governmental agreement between the city and county, and make an initial payment toward institution of a Regional Law Enforcement Communication System, at their regular meeting Monday, July 8 at 10 a.m. The meeting is scheduled to continue until 5 p.m., Judge Glenn Williams said.

Criminal Justice Division funding will provide 75 per cent of funds for the law enforcement radio communication network, with city and county governments funding 25 per cent.

At 10:30 a.m. J.W. McMories of McMories, Associates, Hereford, will meet with the court relative to the tax equalization proposal, Judge Williams said.

SPAG Committee To Meet Tuesday

Bailey County is one of the 15 counties in the area served by the South Plains Association of Governments, Lubbock, which has been approved for a grant for criminal-justice planning. Governor Dolph Briscoe approved four action grants totaling \$87,159 to the area served by SPAG for improving law enforcement and justice.

Muleshoe Mayor Alex Williams is second vice-president of SPAG. Both the city council and county commissioners' courts have, and will discuss the planning for this country's share of the grant.

A grant of \$37,900 will go to SPAG for the criminal-justice programs in Bailey, Cochran, Crosby, Dickens, Floyd, Garza, Hale, Hockley, King, Lamb, Lubbock, Lynn, Motley, Terry and Yoakum.

Neutzler Keeps Champ's Crown

It isn't every year, but four out of five, that the World's Championship Mule Shoe Pitching Contest is won by the man from Maple, Ed Neutzler. Neutzler ringed in 21 points Thursday at the fifth annual one-and-only Muleshoe, Texas pitching contest. He won at the first championship in 1970, lost the next year, but has held

the world title for mule shoe pitching since 1972. "I worked mules back in the '30's for my Dad at Maple," the champ related. "On Sunday evenings or on picnics when there was nothing else to do, sometimes we'd pitch horse-shoes, or muleshoes."

Runner-up to the 1974 champion was Troy Scott of Muleshoe, who three times for third place: Delbert Watson, Bill Taylor and Benny Pena. There were 38 men competing in the contest.

In the women's division championship, Miss Patty Pena, 15-year-old daughter of Mr. and Mrs. Benny Pena, won her second year's title in the championship.

Russell Magby, 12 years old, became Junior Champion, when he defeated James Cook. Magby is the son of Mr. and Mrs. Lee Magby. There were 14 contestants.

Muleshoe Wins Pony Relays

Paul Revere would be proud of the 46 men who "spread the word" between Needmore and Muleshoe Thursday morning heralding the 138th anniversary of Independence Day.

Muleshoe Roping Club's riders galloped the 13 miles into Muleshoe in 33 minutes, just nosing out the Needmore outsiders in the annual pony express race. They were last years winners of the relay.

All of the riders "won" a tritonal pancake breakfast at the Jaycees' airport feed, but the Muleshoe Roping Club won the trophy for the 1974 Pony express race at ceremonies following the afternoon parade. Joe Rhodes accepted the trophy in behalf of the club.

The relay-race started promptly from Needmore at 7:30 a.m., Mrs. Leon Spears, chairman said. Among coordinators were Jack Bates, and traffic, Vernon Jamison of Lariat, starter, and John Fried.

Members of the Muleshoe team were Mike Russell, Chesla Williams, L.R. A two-car and truck collision occurred Friday night at 9:25 p.m. on American Boulevard and Seventh Street, when an automobile, driven by Fred Johnson, who stopped to turn left off American on to Seventh, was struck by a second automobile driven by Jearell Burge. Burge's automobile was struck in the rear by a Houston-based truck.

July Fourth Kid Game Winners Announced

The Beta Sigma Phi sponsored Kids games night at 10 a.m. in the blocked off area of West Second Street, between the Law Enforcement Center and the library.

Royce Clay was director of all events, with Mrs. Danny Nobel chairman for the sorority. She was assisted by Mrs. Gene Howard and Mrs. Reagan Cox.

Perhaps the most exciting event was the dart throwing contest. There were 96 entrants, and it was the last event to end and took several hours to complete ending at 1:10 P.M. It took several run-offs before the first place winner Shelly Dunham beat out the second place winner Israel Ryna. Raymond Cabrera won third place in this event.

Jumping rope, all little girls favorite sport, was won by three girls. First place went to Rhonda Dunham, second place to Shiela Hunt, and third went to Marlin Bunum.

Downtown, Airport, Parks Have Hundreds

The annual fourth of July 1974 all-day-long celebration brought several thousand persons in and out of Muleshoe for the many and varied activities during the day Thursday.

One of the largest crowds to review the parade Thursday afternoon was an estimated 1,100, Chamber Manager Tommy Black estimated.

More than 700 were fed the real pit barbecue at the East City Park and served by the Lions Club. While in the morning the Jaycees served tritonal pancakes for more than 160, plus the 50 riders of the pony Express relay race.

Watching events such as the parachute jumping, model airplanes, and mule shoe pitching contest were 400 to 600 persons. In the cool of the evening more than 600 sat in the football stadium

to hear the Gallians and others in concert.

In addition to the downtown, airport, stadium, and park crowds, there were family reunions, backyard swimming parties in the country, ice cream suppers and other neighborhood, family or friends' get-togethers.

The parade, sponsored by the Kiwanis Club, and marshaled by R.E. Bradley, was well-received. The riding clubs with bright colors and on well-appointed horses were a traditional favorite. Taking first honors in the senior riding clubs was the Lamb County Sheriff's Posse, with Lubbock Riding Club, second, and Friona Riding Club, third place.

Junior Riding Club winners were the Lubbock Rangers, first place; Progress 4-H Riding Club, second place and the YL Saddle Tramps, third place.

In the antique car division, winners were Howard Watson, first, driving his 1926 Ford truck model T, and H.W. Harbage of Farwell, with his 1936 Chrysler.

The winners of the riding clubs and World's Championship mule shoe pitcher Ed

Certification

Final Date Set

Bailey County farmers who have not signed up to certify crop acreages and sign up in programs should do so before the first crop is harvested, but not later than July 15, John Fuston of the ASCS, said this week.

"Those who have allotments and have their farm in grass or other conserving uses must certify to the acreage for history protection," Fuston stated.

An erroneous certification could result in a penalty, a loss of any program payments which the farm may earn and/or the loss of allotted acres, he added. Spot checks will be made as in the past on certified acres.

"We have only 100 farms certified out of the 1,051 to certify, so please come in as soon as you get your crops planted," Fuston said.

IS HE OR ISN'T HE . . . really plowing that is? Pictured is J.H. Clay from Clay's Corner and yes he is really plowing. Tuesday afternoon people driving by could see Clay out in his garden plowing away with Toby in the lead. The burrow and plow belong to James Robertson. Clay said that the mule shoves plow and 100 use to belong to Robertson's dad from Waco. But Robertson brought them to Clay's Corner for the specific reason of plowing his own garden and Clay's vegetable and flower gardens.

 Neutzler of Maple, as well as the Muleshoe Roping Club as winner of the Pony Express Race, received trophies.
 Wayne Mosley, president of American Sky Divers, and three other members of the Amarillo Skydivers Club, made four spectacular jumps over the Muleshoe Airport. Using a para-plane chute and jumping from 7,500 feet, Mosley made his 797 jump. Wind and weather conditions prohibited the group from continuing afternoon performances as scheduled. The looking-up-to-watch-the-jumps was countered with a fine exhibit of model airplanes which did not fly quite as high as the parachutists.
 More than 150 children of all ages, and their parents and other interested spectators enjoyed the Beta Sigma Phi games and contests which were held between 10 a.m. and 1 p.m. Royce Clay was chairman.
 "One of the very best hobby shows ever" was the comment in regard to Muleshoe Hobby Club display at the Muleshoe

State Bank. Large crowds attended the show, registering from as far away as Boston, Mass. Another popular spot was the Muleshoe Art Association's annual membership show on Main street.
 More than 600 persons attended the Galileans' show at 8 p.m., with the local gospel-singing group the Crusaders. The singing groups were well-received as were the Karate students and their master Charles Riddle who gave a demonstration prior to the gospel singing.
 Muleshoe Jaycees, who have raised more than \$8,000 in four years for the Stegall Opportunity Plan, added two new winners to the list with Dave Rounton and Troy Atkinson winning a half a beef each, and Helen Hall and Sherri Besire, one half of pork each. The pork was donated by Norman Head, while the beef, donated anonymously was processed by Muleshoe Locker.
 Other donors to Jaycees' pancake breakfast include Williams Brothers, Trifolite Foods, Alsups 7-11, White's Cashway, Figgly-Wiggly, Jim's Pay and Save, Massey-Ferguson, Lubbock, Royal Gem Grocery, Gibsons, and Perry Brothers.

Man Killed In Head-On Crash

Robert James Matchett, 44, a Hereford insurance credit investigator was killed instantly 3:20 p.m. Wednesday on FM 1072 in a two car head-on collision about seven and one-half miles southwest of Olton.

The driver of the other vehicle was Kenneth B. Parrish of Springlake, Parrish was seriously injured and was taken to a Littlefield Hospital and was then immediately transferred to Lubbock's Methodist Hospital where he has been in intensive care. He was then to be transferred into a private room.
 Treated and released at Lubbock's Methodist Hospital was James Sanderson of Springlake who was a passenger in the Parrish car.

According to highway patrolman Harry Keyes, a Hi-Speed brand spraying machine operated by Wayne Phares was spraying cotton on his farm along FM 1072. Phares had come out of the field going west and turned north and a spraying boom was sticking out in the highway over the right hand side of the lane. Matchett apparently swerved to miss the spraying equipment and the Gremelin he was driving collided head-on with the Parrish Buick.

Veterans since 1965 are wanted --Wanted to cash in on \$220 or more a month.
 Texas State Technical Institute, Mid-Continent Campus, Amarillo, has valuable information for qualifying veterans interested in being paid more than \$200 a month to go to school.
 The benefits apply to most accredited universities, career courses, or vocational-technical schools, giving the veteran a wide range of choices for training.
 However, Texas State Technical Institute, with four campuses in Texas, is especially adaptable to the career needs of the veteran. ISTI offers a multi-variety of vocational and skill courses, from cosmetology to avionics electronics. Courses are completed in one or two years, and job placement is almost assured.

 To be eligible for possible disaster payments, producers who have been prevented from planting grain sorghum must have requested acreage credit no later than July 5.
 If a farmer plants cotton or feed grain but it fails to come up or comes up and dies, and it is too late to replant, he should go to the ASCS office and file an ASCS-574 and have the acres released. It is important to note that nothing can be done to an area on which failed acreage credit is requested. The farm disaster payment depends on the appraisal visit. Fuston concluded.

Wayne Mosley, president of American Sky Divers, and three other members of the Amarillo Skydivers Club, made four spectacular jumps over the Muleshoe Airport. Using a para-plane chute and jumping from 7,500 feet, Mosley made his 797 jump. Wind and weather conditions prohibited the group from continuing afternoon performances as scheduled. The looking-up-to-watch-the-jumps was countered with a fine exhibit of model airplanes which did not fly quite as high as the parachutists.

To be eligible for possible disaster payments, producers who have been prevented from planting grain sorghum must have requested acreage credit no later than July 5.

If a farmer plants cotton or feed grain but it fails to come up or comes up and dies, and it is too late to replant, he should go to the ASCS office and file an ASCS-574 and have the acres released. It is important to note that nothing can be done to an area on which failed acreage credit is requested. The farm disaster payment depends on the appraisal visit. Fuston concluded.

Man Killed In Head-On Crash

Robert James Matchett, 44, a Hereford insurance credit investigator was killed instantly 3:20 p.m. Wednesday on FM 1072 in a two car head-on collision about seven and one-half miles southwest of Oilton.

The driver of the other vehicle was Kenneth B. Parrish of Springlake. Parrish was seriously injured and was taken to a Littlefield Hospital and was then immediately transferred to Lubbock's Methodist Hospital where he has been in intensive care. He was then to be transferred into a private room.

Treated and released at Lubbock's Methodist Hospital was James Sanderson of Springlake who was a passenger in the Parrish car.

According to highway patrolman Harry Keyes, a Hi-Speed brand spraying machine operated by Wayne Phares was spraying cotton on his farm along FM 1072. Phares had come out of the field going west and turned north and a spraying boom was sticking out in the highway over the right hand side of the lane. Matchett apparently swerved to miss the spraying equipment and the Gremlin he was driving collided head-on with the Parrish Buick.

Three Local Girls To Attend Seminar

The local county Farm Bureau will sponsor the attendance of three students to the 12th annual High School Students Citizenship Seminar to be held July 15-19 in Waco, according to L.P. (Pat) Vinson, president of the Bailey County Farm Bureau.

Students selected to attend from this county include: Debra Burkett, daughter of Mr. and Mrs. Jake Burkett, from Threeway High School; Suzanne Layton, daughter of Mr. and Mrs. R.H. Layton, from Bula High School; and Pam Vinson, daughter of Mr. and Mrs. L.P. Vinson, from Muleshoe High School.

Sponsored by the Texas Farm Bureau, the seminar is held on the campus of Baylor University. Its purpose, according to Vinson is to convey to the students a better understanding of our American heritage and the capitalistic private enterprise system "that will be informed about some of the forces, enterprise system" that has made ours the greatest of all nations.

He also said they will be informed about some of the forces, both internal and external, that are eroding our way of life. The ultimate goal, he added, in addition to helping them to be better informed, is to cause them to want to pass on their experiences to others.

By April Rhodes

Don't cut tulip leaves while they are still green because they provide food for next season's blooms.

It's best to trim rambler roses after blooming unless you need the foliage for shade or screening during summer months.

An attic fan (thermostatically controlled) to keep attic temperatures from rising above a set limit will take some of the load off your air conditioner.

For longer lasting roses, cut them late in the afternoon, and just before the petals start to unfold.

Save baby food jars, they're just the right size to put jelly, preserves, jams and relishes in to share with friends and shut-ins.

When packing for your vacation, pack a day's supply for baby in a separate bag. It can be replenished at night for the next day.

SO THAT'S WHAT MAKES IT RUN . . . Local kids looked on while members of the Clovis Model Airplane Club explained all about planes. The club was reported to have brought nine planes for the display and demonstration. They demonstrated several models of their airplanes including their N833K.

LOUISA'S LETTER

Dear Louisa,

I am engaged to be married in early spring and my fiancée and I have rented a small apartment. It is just what we want—with conveniences and as we both expect to keep on working and eating our lunches out it seems like a good arrangement.

But this is our problem. He has been living with his mother who is about fifty years of age. She also has a good job and many friends so she is not the lonely old lady type. But she has recently suggested that we give up the apartment and live with her, rent free, but share all the other expenses. She has a yard to keep and has a maid several times a week so I doubt if we would really save any money by giving up the apartment.

But the truth of the matter, Louisa, is that I think

we will be happier if we are in our own place with no third party around. My husband-to-be seemed to like the idea of living in the home he has always lived in but I would like to know what you think about it?

Flancee-Col.
Answer:

Your mother-in-law will always be the head of the house in which she owns and unless you are willing to accept that fact I think you will be happier in your own place.

Privacy is a great help in the adjustments two young people have to make after they are married so if I were in your place, I should think a long time before I gave up the apartment.

Louisa.

On Wall Street

By Bob Hill
Lentz, Newton & Co.

One business not to have been in on September 1st of last year was the manufacture or distribution of recreational vehicles. That's when the full force of the fuel shortage and the threat of rationing hit the industry. Sales plummeted, RV manufacturers dropped like flies and dealers disappeared in droves. From November to February the industry ground to a halt with some 40 manufacturers out of an estimated 300 going out of business and the rest shutting down production and laying off workers.

Now, there's a mini-boom in recreational vehicles. Sales of some RV products are up as much as 25% in spite of a price increase of 8% to 10% over last year's prices.

As if the strong demand for RV isn't enough to cope with, the industry now has to live with shortages of components and labor which are holding down production. Sales for 1974 are estimated to hit 511,000 units, a drop of 30% from the record 725,000 units produced in 1973. Winnebago has reopened production lines but is operating at only 1/3 of previous production levels. Most of the major RV manufacturers are anticipating a shortage of units through the end of 1974.

Some of the manufacturers look on the 1973 blood bath as a healthy development for the industry because marginal manufacturers either folded or consolidated. Financially weak dealers and distributors also disappeared, leaving stronger and better-capitalized dealerships which can now carry larger inventories.

Producers are optimistic about the future because high interest rates and higher gasoline prices haven't discouraged buyers. There are fewer RV's on the highways today and camping sites are plentiful with little difficulty in finding a place to stay. The feeling seems to be that if you are going to drive a long distance at 55 mph, do it in comfort.

STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — The energy crisis may bring lower auto insurance premiums, and the State Insurance Board has put off its annual rate hearing to see if that's possible.

The hearing won't take place until late September this year.

By then, the Board hopes to get statistics on accidents and insurance claims for the first quarter of 1974.

The 55 miles an hour speed limit approved in special legislative session last December did not take effect until January 20. Driving was also curtailed sharply during early months of the year because of gasoline shortages.

If statistics for the first three months show lower rates are possible, the reduction would not go into effect until a month or more after the September hearing.

Texas Department of Public Safety has been asked to provide accident report details for the Insurance Board's 40 rating territories.

An average statewide reduction of 4.3 percent was ordered last year, and many companies have granted further "deviation" reductions below the statewide rates fixed by the regulatory agency.

CONVENTION WINDING UP — The Constitutional Convention is racing toward a conclusion, but critical decisions — perhaps the toughest of the deliberations to date — remain.

President Price Daniel Jr. is hopeful of adjournment by July 15. Before that time, 121 votes must be rallied for the final document (and separate referendum items) to be submitted to voters.

ACCIDENTS PREDICTED — Col. Wilson E. Speir, director of the Texas Department of Public Safety, estimated 42 lives would be lost in July 4 holiday traffic accidents.

Speir, who declined to make Christmas-New Year period forecasts because of changing traffic conditions tied to the energy crisis, said the situation has become more stable. He said gasoline is available in most areas, and guessed this will bring additional auto movement on the highways during the mid-summer holiday.

Thirteen died in July 4 traffic last year, but the holiday period was only 39 hours long then, compared to an 102-hour period this year (with the fourth falling on Thursday). Eighty died in 1972 holiday traffic over a similar 102-hour period.

All available DPS troopers and department facilities will be used to curb unsafe and reckless drivers. Speir said.

TRAINING CENTER ESTABLISHED — Gov. Dolph Briscoe ordered establishment July 1 of a new State Employees Training Institute to upgrade the unskilled and disadvantaged for jobs in state government.

The center, to be housed in The University of Texas, Austin. Extension Service facilities, will provide "intensive, short-term remedial education and skill training for new state agency employees and will have the capability to expand training for new responsibilities."

Texas Education Agency and UT division of Extension were assigned cooperative roles.

COURTS SPEAK — The State Supreme Court will review a \$200,000 damage suit against an Alpine dentist who shot to death a youth he believed to be stealing a battery from his car.

The High Court in a divided decision held an El Paso lawyer's license should be suspended three years (rather than revoked) for

theft of \$401 of a client's money.

A life sentence assessed a Fort Worth man in the killing of a policeman was affirmed by the Court of Criminal Appeals.

A July 25 hearing has been set in 167th district court here in a civil anti-trust suit filed by Atty. Gen. John Hill against Associated Milk Producers Inc. (AMPI). Hill claims "coercive" tactics were used by the nation's largest dairy cooperative to get a virtual monopoly on Texas milk production.

A pre-trial conference has been scheduled in Austin's 53rd district court July 16 on Frances "Sissy" Farenthold's \$2.5 million campaign finance lawsuit against Governor Briscoe.

The state settled its suit against Atlantic Richfield for \$2.8 million. The case is the fourth settlement in 27 suits Hill filed against oil companies seeking fair market prices of "in kind" payments for oil and gas royalties from public school land leases.

AG OPINIONS — An appropriations bill provision that U.S. citizenship or application for naturalization is a requirement for all state employment is unconstitutional, Attorney General Hill held.

In other recent opinions, Hill concluded:

- Attorneys fees against delinquent taxpayers are calculated on the basis of the amount sued for by taxing entities represented by county or district attorney.

- A district court may exercise probationary powers whether or not it has employed a probation officer to assist it. A probation clerk may perform some of the officer's duties directly under court supervision.

- A town whose incorporation has been declared void in a court order is not entitled to receive city sales taxes collected for it by the comptroller.

- The Wharton County court of domestic relations has jurisdiction in civil cases where the matter in controversy is at least \$200 but not more than \$5,000.

SHORT SNORTS

- Site of the first of four artificial reefs (to be constructed of surplus Liberty ships) has been approved in the Galveston-Freepport area.

- E. L. Galyean of Austin is new acting executive secretary of the 152,000-member Texas State Teachers Association, succeeding L. P. Sturgeon who retired June 30.

- Grants totalling \$7.2 million have been approved for improvement of law enforcement and criminal justice, all Texas Water Rights Commission dissolved 18 water districts.

- The Governor's Committee on Aging approved \$658,000 in grants and ratified earlier action taken at meetings held without adequate notice last December and March.

- House and Senate committees are holding hearings to assess possible solutions for the problem of soaring utility rates and shortages in some Central and South Texas cities.

- The Constitutional Convention is considering publishing a 32-page tabloid-newspaper-sized copy of its proposals to be mailed to all voters at an estimated cost of nearly \$500,000.

- Socialist Workers Party members presented petitions to the secretary of state, calling for placing their 10 Texas candidates on the November ballot.

Precious SIGHT

No price is too high to pay to protect the eyesight of ourselves and our children. Good eyesight is an absolute necessity in the earning of our livelihood, in the school work of our children, and in the enjoyment of all of life.

But there is another type of sight which in these times is often neglected — spiritual sight. We and our children need to be established and grounded in the love of God and His commandments, and to rely on Him. We need to meet His requirement of loving our neighbors as ourselves, thus making a better home life, community life and a better world. Psalms 34:8 reads, "O taste and see that the Lord is good: blessed is the man that trusteth in Him." Attend the church of your choice

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
