Bill Scrapping Food Subsidies Assailed By FDR As He Vetoes

Cars Needed To Take Soldiers To The Rodeo

At least 100 cars will be needed at the Bombardier school gates this evening, to transport soldiers to the rodeo.

Soldiers Get A Look Today At A Rodeo

Despite the threat of more rain, rodeo officials rounded up (final plans for the USO-sponsored rodeo today with a large number of contestants signed up for participation in the western show which will be put on through the courtesy of the Big Spring Rodeo Association at the rodeo grounds in eastern Big Spring this evening at 6 o'clock.

It's Inflation Measure, His Message Says

Lengthy And Sharply Critical Note Is Sent To Congress

WASHINGTON, July 2 (AP)—Declaring it to be "an inflation bill," which would set the soldier, worker, and unorganized consumer "at war with the farmer," President Roosevelt vetoed today a bill which would extend the life of the Commodity Credit Corporation and also junk the administration's plan to whittle down food prices by subsidizing processors.

Wants An Inquiry Into Wallace Feud, Jesse Jones Says

WASHINGTON, July 2 (AP)—Secretary of Commerce Jesse Jones formally told the house rules committee today that he would welcome a congressional investigation of the feud between him and Vice President Wallace over stockpiling war materials.

"I have said on two occasions," he replied, "that I welcome such an investigation, and that is my statement to this committee."

Crop Outlook Improved By Showers

A greatly improved crop outlook was the welcome news Friday in the wake of Thursday evening showers which apparently were general over this area.

Southern End Of Red Front Active

MOSCOW, July 2 (AP)—Attention swung again today to the extreme southern end of the vast Russian front with Soviet disclosure that long-range bombers had attacked the German occupied ports of Kerch and Senaya, both on the shores of the Crimea opposite the Nazi bridgehead on the Taman peninsula.

Bank Deposits Soar 50 Pct; In A Year

Table with 3 columns: Category, June 30, 1942, June 30, 1943, Gain or Loss. Rows include Loans and Disc., Cash, Deposits, and Tot. Resources.

The free flow of money, occasioned by wartime economy—higher prices, government expenditures, fewer commodities, retrenchment on credit—was reflected sharply in bank statements made public Friday in response to a call issued by the comptroller of the currency.

Nazis Losing Production Race

LONDON, July 2 (AP)—Strained by nearly four years of total war and hammered day and night by allied air power, German industry has lost the production race essential to victory, although Germany still has plenty of fight left, reliable British and foreign sources indicated today.

President Commutes Traitor's Sentence

MILAN, Mich., July 2 (AP)—Plucked back from the gallows' shadow seven hours before he was to have been hanged as a traitor, German-born Max Stephan Kissel, the hands of his lawyer and jailer, wept and shouted for joy until he collapsed—and today looked forward to some future presidential commutation restoring his freedom.

PLANES IN ACTION

LONDON, July 2 (AP)—A strong force of British planes which observers said apparently included bombers crossed the southeast coast headed for France early tonight.

JURY DISCHARGED

BROWNWOOD, July 2 (AP)—Judge A. O. Newman dismissed a 25th district court jury yesterday after it failed to reach a verdict in the case of Seborn Darwin, truck driver charged with murder in connection with the death of Trammel E. Cason, Brownwood ranchman.

Huge War Fund Bill Signed By FDR

WASHINGTON, July 2 (AP)—The \$1,500,000,000 "decisive war bill" was signed into law today by President Roosevelt, giving the war department three times as much money to spend toward victory in the next 12 months as the entire cost of the first World War to the nation.

Coal Supplies Beginning To Grow Again

Steel Furnaces Resume Operations; Miners Returning

PITTSBURGH, July 2 (AP)—The U. S. Steel corporation, the industry's largest producer, announced today it has restored six more blast furnaces to operation in view of increasing supplies of coal dug by an ever-growing number of miners returning to work after their third recent strike.

On the 12th day of the prolonged walkout about 100,000 of the nation's \$21,000 miners were still idle.

Reopening of the six furnaces left but five still inactive of the 27 U. S. Steel has in the Pittsburgh area. At the height of the coal shortage 14 of them were down.

Alabama operators said they might have to bank additional blast furnaces in the Birmingham area unless the coal situation improves there.

In southwestern Pennsylvania picketing today kept an additional 1,800 men from three mines.

IN THE EASTERN PENNSYLVANIA anthracite field the return to work proceeded and officials of the United Mine Workers predicted full production would be restored there Tuesday following the Independence Day weekend.

Reports from the vast fields indicated a net gain of more than 30,000 workers in the pits yesterday, about 15,000 of them in the anthracite area where 30,000 still were out.

Ex-Governor Faces Charge

OKLAHOMA CITY, July 2 (AP)—Former Governor Leon C. Phillips and his pardon and parole officer, Robert R. Fitzgerald were charged with conspiracy and bribery today by \$5,000 parole pay-off and both promptly entered pleas of innocence.

Arraigned before Justice of the Peace Evert Crismore only a few minutes after County Attorney Miskovsky filed the charges, both waived trading of the information and arranged \$3,000 bonds.

City To Close On Monday

Big Springers were reminded today to do their buying and banking for a "long weekend," since business generally will be suspended in the city Monday for the observance of Independence Day.

Transport Lost

The Navy reported that the transport McCawley (above) was disabled by Jap planes after landing troops on Rendova Island and subsequently was sunk by a Japanese submarine. The Navy added that reports indicated there was no loss of life. (A.P. Photo from Navy).

Warships Go Unchallenged; Rendova Conquest Complete

By ROGER GREENE Associated Press War Editor

Allied naval supremacy in the Southwest Pacific appeared unchallenged today as U.S. warships steamed deep into the northern Solomons, shelling a series of Japanese strongholds, while victorious American troops completed the conquest of Rendova Island after wiping out the enemy garrison.

U.S. shore batteries on Rendova were heavily bombarding the Japanese air base at Munda, New Georgia Island, seven miles away.

A bulletin from Admiral William F. Halsey's headquarters announced today that 123 Japanese planes had been blasted out of the skies over the New Georgia Islands Wednesday and Thursday, against a loss of 25 U.S. planes and 15 pilots.

Twenty-two enemy craft were destroyed Thursday, a communique said, after 101 had been knocked down the day before as the enemy apparently threw every available aircraft into an attempt to break up the American thrust.

At Gen. Douglas MacArthur's headquarters, a spokesman said tonight (Australia time) that there was nothing further to report from the New Guinea or Solomon fronts. From this it was assumed that all operations were proceeding satisfactorily and on schedule.

Allied warships pounded the enemy at Munda and Vila, on nearby Kolombangara Island, and boldly paraded into the heart of the enemy's northern Solomon defenses to attack the Faial area.

Faial is a village in the Shortland Islands, 30 miles southeast across Bougainville Strait from the big enemy base of Buin on the southern tip of Bougainville Island.

There was no sign of the Japanese fleet rallying forth to battle in the four-day-old Allied offensive.

Dispatches said Allied casualties in the Solomons had been light despite the hazards.

Imperial Tokyo headquarters again broadcast fantastic claims, asserting that Japanese forces had sunk six Allied warships and three transports, damaged five other vessels and shot down 77 planes in the battle of Rendova Island Wednesday and Thursday.

The enemy claims, sharply conflicting with acknowledged Allied losses, said the ships destroyed included a cruiser, four large destroyers and a small destroyer. Another cruiser, a destroyer and three transports were listed as damaged.

Tokyo admitted the loss of only 21 Japanese planes in scoring these purported successes.

The Navy announced yesterday that a single Allied vessel, a transport was lost. While American troops consolidated their hold on Rendova Island across from the enemy base at Munda, New Georgia, other U. S. soldiers surged forward into the jungles of New Guinea on the left flank of the 700-mile Allied offensive arc.

Dispatches said sea-borne Americans who swarmed ashore at Nassau Bay without losing a man were meeting resistance as they struck inland toward a junction with Australian forces in the Mubo area, eight miles away, but details were lacking.

Nassau Bay lies only 12 miles south of the large Japanese base at Salamaua, New Guinea.

Australian patrols also moving toward a junction with the Americans killed 26 Japanese and wounded many others en route, a communique said.

In the Solomons campaign, Admiral Halsey's headquarters announced that U. S. Marines captured (See PACIFIC WAR, Pg. 6, Col. 5)

SOLOMON ISLANDS Pacific Ocean

Allied Offensive

Allied forces have landed at Nassau Bay (1), on Trobriand and Woodlark Islands (2) and at Rendova and New Georgia Islands (3) in a new offensive apparently aimed at the Japanese base at Rabaul, New Britain (Jap flag symbol) and with Gen. Douglas MacArthur in supreme command. It is the first big push against the Japs since the allied landings in the South Solomons last year.

Axis Shipping Is Pounded By Allied Planes

ALLIED HEADQUARTERS IN NORTH AFRICA, July 2 (AP)—Allied airmen shot down four German fighters and slashed again at axis Mediterranean shipping yesterday in the wake of a fire-strengthening attack upon barracks and railway facilities of Cagliari, Sardinia's major port, it was announced today.

The Italian communique said that Palermo, the Sicilian capital, was attacked again last night, and that the royal palace was "among the numerous buildings damaged."

Catania, Sicily, also was raided, it said.

RAF planes of the Middle East command again bombed a medium-sized axis transport which was found listing heavily to port and blocking the Levkas channel entrance as a result of previous direct hits and shot up an enemy schooner off the west coast of Greece yesterday, a Cairo communique announced.

Wellington bombers, which have pounded away night after night for many weeks at vital ports in Sicily, Sardinia and southern Italy, concentrated upon troop quarters and the railway station of Cagliari Wednesday night.

Cigaret Fund Sale Slated Saturday

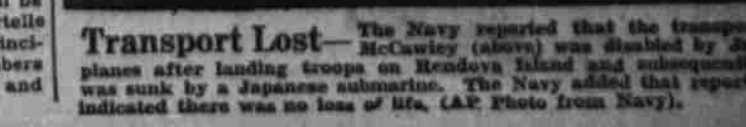

Volunteers will be on the downtown streets Saturday all day selling ribbons in observance of MacArthur Cigarette Overseas Day being sponsored by the American Legion post of Big Spring. Funds derived during the sale of ribbons and from boxes placed in downtown cafes and stores will be used to purchase cigarettes for soldiers overseas in all branches of the service.

Volunteers, who will sell the ribbons, are asked to meet at the chamber of commerce at 3:30 Saturday morning to get their materials.

Since five cents buys one package of cigarettes and fifty cents will purchase a carton, the cigarette drive can be participated in by everybody. All mail contributions can be sent to the American Legion Cigarette Fund, care of the chamber of commerce.

Large donors may purchase a case of cigarettes for \$25, and in such lots, the packs will carry a 13-word special message from the firm or individual. Legionnaires are hoping that there will be several \$25 purchases here, so that good wishes may go from Big Spring to the men overseas.

Dale Thompson, legion commander, spoke before the Service Men's Wives club at luncheon Thursday in soliciting their help in selling the ribbons and asked that any other women who could participate even for a few hours should report to the chamber of commerce Saturday morning.

Transport Lost—The Navy reported that the transport McCawley (above) was disabled by Jap planes after landing troops on Rendova Island and subsequently was sunk by a Japanese submarine. The Navy added that reports indicated there was no loss of life. (A.P. Photo from Navy).

Rookie Curtwright Of White Sox Setting A Hot Pace With His Bat

Has Average .362. Hits In 26 Contests

By JUDSON BAILEY
Associated Press Sports Writer

Since Joe DiMaggio swept through his spectacular 56-game hitting streak two years ago every other consecutive-game hitting performance has been dwarfed in its significance.

But a little known rookie outfielder for the Chicago White Sox, Guy Paxton Curtwright, right now is nursing a hot hitting streak that has reached 26 games and it rates attention from the fans not only because it is the longest of the year but because it has made Curtwright currently the leading batter in the major leagues.

His average today was a glossy .362, ten points better than Babe Dahlgren of the Phillies, the National league leader, and 24 better than Vernon Stephens of the St. Louis Browns, who has been the American league pace-maker most of the spring.

Curtwright is a chunky right-handed hitter whom the White Sox brought up from St. Paul this spring.

Three weeks ago his average still was a modest .290, and then began to click.

He made only one hit yesterday, but this was a lousy triple and it kept his streak going although it did not figure in the Sox 2-0 triumph over the Washington Senators. Credit for this went to the effective four-hit hurling of Bill Dietrich. Both Chicago runs came on three hits in the seventh inning.

The Cleveland Indians were given a 3-2 decision over the New York Yankees when Rookies Charley Wessoff walked two men with the bases loaded in the first inning to force in two runs and Catcher Ken Kneass fumbled a grounded with two out in the eighth to let in the Indians' other run.

Detroit, outlived 13-7, nosed out the Boston Red Sox 3-2 when Ned Harris singled with the bases loaded in the ninth and the St. Louis Browns trampled the Philadelphia Athletics a little more firmly into the American league cellar with a 2-1 eleven-inning victory. The Browns were held to two hits for ten frames by Rookies Don Black, but bunched four singles in the eleventh.

In the National league the Brooklyn Dodgers lost a wild 10-9 twelve-inning verdict to Cincinnati and missed a chance to move fractionally ahead of the idle St. Louis Cardinals 3-1-2 hours during which 32 hits were made off ten pitchers and a total of 36 players saw service. Manager Leo Durocher using all but five of the 25 men on his squad. Brooklyn batted Bucky Walters off the mound with a four-run outburst in the second inning, then the Reds retaliated with four runs off Johnny Allen in the fourth, moved into an 8-5 lead, and was caught in the eighth through a triple by Arky Vaughan, who altogether batted in five runs.

The Reds scored twice off Bobo Newsum in the 12th and Elmer Riddle gave -10 of these back, but he snuffed out the threat in 13th.

Chicago nosed out Boston Braves 6-5 for the seventh time this season and Philadelphia divided a doubleheader with Pittsburgh. Schoolboy Rowe pitched five-hit ball to win the first game for the Phillies 6-1 and Bob Klingner nailed the second 2-1 with seven-hit hurling.

Patty Berg Tries For 'Comeback' In Chicago Tourney

CHICAGO, July 2 (AP)—Five years ago Patty Berg, as the teenage wonder, added an amazing crescendo to her golfing record with the unduplicated trick of winning the National amateur, the Western Open and the Western Amateur—all on Chicago courses.

Today, the sturdy Minneapolis campaigner—her flaming red hair and freckles as pronounced as ever—attempts to climax one of sports' most sensational comebacks by again taking the open championship.

She meets an old rival, Dorothy Kirby, the 28-year-old sportswriter from Atlanta, Ga., whose name jumped to the front in 1939 when she was runner-up in the National, winner of the Women's Western medal "derby" and a champion of the winter tournament through Florida.

The last time the two met was in 1939 on the Florida winter swing. They were matched in two tournaments, Patty winning the first, Miss Kirby the second.

Their match today comes at an opportune moment, for each probably is playing her best golf in some time—Patty's bid being a little more sensational in view of her return to competition after an 18-month enforced layoff from golf because of injuries suffered in an automobile accident.

In eliminating some of the country's outstanding stars this week, both sharpshooters have steered close to par. Miss Kirby, however, moves into today's scheduled 36-hole title match with the record of shooting the lowest round of the meet.

Shipped—Opl. Lee Doyle, Mr. and Mrs. A. M. Whetzel of Lee's community, has advised his parents of his safe landing on an island somewhere in the Southwest Pacific. Opl. Whetzel is with a quartermaster depot company in a storage platoon. He was graduated from Foran high school in 1938 and was employed by the Oregon Oil Co. until he enlisted Aug. 1, 1942. The US Navy got high praise from Opl. Whetzel for the safe trip.

Wickard Says FSA Needed

WASHINGTON, July 2 (AP)—Secretary of Agriculture Wickard declared today that mounting demands for food make essential the mobilization of the nation's small farmers through rehabilitation loans and supervisory programs now being carried on by the Farm Security Administration.

The cabinet member made this statement in testimony before the special house committee investigating the FSA.

Urging continuance of the agency on a permanent basis, Wickard said:

"We not only have the opportunity of doing much to win the war and secure the peace; we have at the same time and through the same efforts an opportunity to accomplish what we set out to do in farm security work—help farm families climb the agricultural ladder to ownership and thus make a stronger and happier rural America."

He estimated that there are a million and a half farmers who have land and labor to produce more food, but are unable to do so because they lack credit and skills.

Steve Lach Added To College Team

CHICAGO, July 2 (AP)—The college all-stars who meet the professional championship Washington Redskins August 25 in Dwyer stadium, Evanston, today added the name of Steve Lach, Duke University halfback, to their roster.

Haegg's Record In The Mile Broken

STOCKHOLM, July 2 (AP)—Arne Anderson, the "flying school teacher" known as Gunder Haegg's "shadow" shattered Haegg's 4:04.6 world record for the mile by stepping the distance in 4:02.4 yesterday.

One Man Signed For Aircraft Work

Representative from Ft. Worth's Consolidated Vultee Aircraft at the United States Employment Service office this week signed up only one man for employment. The representative, L. E. Adams, spent only a few hours here Wednesday morning before going to Lamesa where he was to interview other applicants there.

Oklahoman Is The Victor In Senior Golf

AMARILLO, July 2 (AP)—Husky Harrison Smith of Oklahoma City today was holder of the ninth annual Tri-State Senior Golf association championship.

Smith, a member of the Trans-Mississippi Golf association and a director of the Western Golf association, defeated Don Bothwell of Tulsa yesterday 6 and 4.

Smith defeated the defending champion, Roy Allen of Oklahoma City, 1 up to enter the finals as Bothwell was moving to meet him with a 3 to 1 victory over H. F. Bradburn of Oklahoma City.

The new champion one-putted on six holes, with three of the putts for 30-foot birdies.

The tournament, which drew a field of 104 entries, with each man 50 years old or more, was played over the Amarillo country club course.

Elmer Winn, 80-year-old Plainview, Tex., veteran, went to the finals in the fifth flight but lost to C. F. Anderson of Slaton, Tex., who won 2 up.

John Wolcott, Pioneer Merchant, Rounds Out 60-Year Span As Big Spring Resident

By JOE PICKLE

This story, only a fragment out of a rich experience in the building of a pioneer Big Spring and West Texas, had its beginning 60 years ago today when a lad stepped off the train and took a good look at Charlie Read's perfectly waxed mustache and black sleeve covers.

That marked the beginning of a new world for John Wolcott.

There was something about this station-master's bearing that stuck in Wolcott's brain, and today as he looks back on three score years as a West Texan, he always starts out with Charlie Read.

In the spring of 1883 John's father, E. F. Wolcott, had sold out his Ellis county farm and invested in some cattle. With two older sons, W. R. Wolcott and E. R. Wolcott, he headed west and set up in the later part with camp up north from where the Ray No. 1 Willard Road (Charlie Read's son) oil well is now located.

Not long afterwards they bought out Jewell Rice's claim at Lucian Wells, and it was at this spot that his first John put his head down for his first night out in this country.

Then followed trades with the T. & T. outfit (Sam Hillburn, George W. Peavy, and H. A. Pierce of W. Washburn) in 1884 and migration westward to the Queen Babe claim in what is now the southeastern corner of Midland county. Where a spring boiled up at the edge of a salt flat and controlled grazing land for miles around. The nearest house was 80 miles away.

Back To Stay

His father sold out to his brothers, Andy J. Wolcott and G. W. Wolcott, and the family moved back to Thorp Springs in 1887. Three years later John Wolcott was back—and to stay.

Instead of cowpunching, he went to work for the old Big Spring Grocery Co. and put in four years with the firm until he and the late R. D. (Bob) Matthews got ambitious.

John had saved up \$588 out of his meager earnings, Bob Matthews had only \$300. So they went to the bank and Matthews borrowed another \$200 with Wolcott as security and they set up a general merchandise business on \$1,000 capital.

From the time the sign of Matthews & Wolcott went up over the building where Harry Lees tailor shop is now located to until they sold out 20 years later, the name was a household word in ranch homes for more than 100 miles around as well as in Big Spring.

Motor Business

Once out of the mercantile business, Wolcott resolved just to "knock around," but after a year and a half of it he bought into a motor company, known as Stokes-Wolcott Motor Co.

By 1930, the business, to Wolcott's notion, had degenerated into "trading for junk," and he found himself in a new era of business when a man's word was no longer his bond; and he had learned a thing or too about implicit trust. Anyhow, he quit the business. In 1935 he went in as an assessor-collector of taxes for Howard county and he has been as much a part of the courthouse as the corner store since.

But this saga hinges largely on the mercantile business, and this is the first time that much of this has been put down on paper—for if John Wolcott had one consuming rule about his business, it was to let no one anything about it.

He knew groceries. He studied quotations like a navigator pores over his tables. Consequently, he knew what items were worth, what was the lowest they could be bought at in carload amounts, what freight rates were on various classes from Fort Worth-Dallas, Chicago, and numerous other places.

When Is A Marine Not A Marine?

FORT WORTH, July 2 (AP)—Fullback Bob McCollum of Texas Christian university is in the odd predicament of being a healthy, single young man with no official military status.

Bob thought he was in the Marine reserve until recently. He has a card supporting that theory. But the USMC headquarters in Washington can find no record to that effect and pending such a discovery won't recognize him as such.

Bob is not registered with selective service because he enlisted in the Marines before he became eligible for such registration.

'Forgotten Man' Finally Gets To Serve Pen Term

HUNTSVILLE, July 2 (AP)—Jack Allen Rayburn, a forgotten man since 1927, was serving a sentence in the state penitentiary here today.

Warden A. C. Turner of the Texas prison system told the story: Rayburn appeared at the prison on March 13, 1927 and requested admittance to begin serving a five-year sentence for burglary in Palo Pinto county. He told prison officials his case was before the criminal court of appeals, but had not been acted upon.

He was refused admittance to the penitentiary because no papers concerning him had been received there. He left his name and address in the warden's office, went to Houston and took a job in a restaurant.

A short time later Rayburn's conviction was affirmed by the appeals court but Rayburn was never arrested or notified. Early this year he tried to enlist in the army but was rejected.

He applied for work at a shipyard and inquiries revealed his sentence never had been served. Yesterday he appeared voluntarily at the prison and began serving his term.

WANTS REA PROBE
WASHINGTON, July 2 (AP)—Senator Shipstead (R-Minn.) has introduced a resolution (S164) to investigate administration of the rural electrification act and determine whether groups have been organized for political purposes.

Hill's Homer Gives Medicos 6-5 Victory

A four base blow by Hill in the last half of the seventh, with one man on, sewed up a softball game Thursday evening for the Medical detachment in its AAFBS league contest with the 78th squadron. The score was 6 and 5.

The Medicos had jumped into an early lead, with two runs in each of the first two frames, only to see the 78th pull ahead by the end of the sixth. It was Hill's homer that brought home the bacon. Weickie for the Medical unit also got a homer. He and Hill, with Drass and Carter for the winners, had two hits, while Visalgio of the 78th also got two blows.

Melcher, Medical pitcher, limited his foes to six hits and struck out five. The line score:

When is a twin not a twin? Carl Blomsheld got to thinking about it today, because he has twin sons, John and Harry, in the service. John, in the Army, is believed to be in European or African theater. Harry, a Navy man, is in the Pacific. Which all means that they're on opposite sides of the international dateline, and it's Thursday on John's side and Friday on Harry's side, then Harry is a day older than his twin brother. Carl hasn't figured it out yet, but is trying.

Grain Movement Expected To Be At Record Rate

CHICAGO, July 2 (AP)—A new crop year for wheat starts today with predictions that the grain will go into consuming channels at a record rate during the next 12 months.

Wheat will be used more rapidly than grown during the crop year now starting, grain experts agreed, but a heavy carryover from past years should suffice to make up the gap, barring crop catastrophes not now foreseeable.

Shifting the country's diet away from meat and toward cereals, heavy feeding to livestock and utilization for conversion into industrial alcohol are combining to create an unprecedented demand for the bread cereal, grain men stated.

The department of agriculture predicted disappearance of wheat during the next 12 months would total 1,100,000,000 bushels, or about 100,000,000 bushels more than the record disappearance in the crop year just closed.

The carryover for the 1942-43 year, ended yesterday, was estimated at between 570,000,000 and 610,000,000 bushels.

GUERRILLAS AT WORK
LONDON, July 2 (AP)—The Moscow radio quoted the Soviet army organ Red Star today as saying that Russian guerrillas had killed more than 21,000 Germans, smashed 238 German trains and smashed 222 locomotives and 1,809 boxcars in the last five months.

Field Events Set Saturday At Air Base

The Big Spring Bombardier school's top athletes in track and field will be known after Saturday, when the post stages its first all-inclusive "field day," a jam-boree of contests that will see entry lists from practically every detachment on the post.

Many of the men at the field were star performers in college and high school days, and the fact that they keep up a rugged course of physical training means that they probably are as in as good condition as they ever were in school. Thus, some fast events are in store.

The program, under direction of Lt. Jas. W. Tolbert, director of physical training, gets under way at 2:30 p. m. Trophies will be awarded to winning teams and outstanding individuals, and there will be recognition for all place winners.

Entry blanks provide for competition in these events: 60-yard dash, gas mask drill, 100-yard dash, 220-yard dash, obstacle course, high jump, broad jump, shot put, chinling, push ups, tug-of-war, 440 shuttle relay and mile relay. Team trophies and individual medals are to be awarded.

Organizations which probably will have entrants include the 365th air base squadron, 78th headquarters squadron, 812th maintenance, 1047th guard squadron, 202nd ordnance, 359th aviation mess company, medical detachment, cadet detachments (classes 10, 11, 12 and 13), 908th quartermaster, and 983rd quartermaster (colored).

WAAC Will Accept Officer Candidates

WASHINGTON, July 2 (AP)—Establishment of WAAC officer candidate training program in which applications will be received for direct entry from civilian life was announced today by the war department.

Women seeking the officer's training, the department said, must be within 21 and 49 years of age and must have had at least four years of experience beyond the high school level in work, study, social or civic fields.

Applications for the training may be submitted in writing to any WAAC recruiting service.

Miss Nina Rose Webb Becomes The Bride Of Ensign William Walker

Miss Nina Rose Webb, daughter of Mr. and Mrs. J. L. Webb, became the bride of Ensign William Lowell Walker, son of Mr. and Mrs. J. W. Walker of New Franklin, Mo., Thursday evening, 7 o'clock in the home of Mr. and Mrs. S. M. Smith. Chaplain James L. Patterson of the Big Spring Bombardier School read the single ring service. The couple stood beneath an arch intermingled with fern and flanked with floor baskets of Picardy gladioli.

Downtown Stroller

Mrs. RUBY MARTIN went down to Abilene a few weeks ago to fill a vacationer's job in that branch of the Highway Patrol Driver's license bureau. She planned to be back soon but she sent us a card the other day saying it looked like she would have to stay on for awhile.

Lunched with MAURINE WORD the other noon and she was laughing about her waiting and waiting for 12 o'clock to come so she could go to lunch. Finally about 12:15 someone pointed out to her what time it was. We caught up with her rushing downtown to eat and still get back in her regular lunch hour.

In connection with the rodeo tonight at 6 p. m. some of the local residents got the idea that maybe it would be fun if everybody turned out in rodeo regalia to add a more western touch to the scene. Probably the word didn't get around in time for everybody to do so, but it would have been a good idea, all right.

Heard the other day that one of our local girls is wearing a diamond on her third finger, left hand, from a bombardier, who graduated here recently. But since there has been no announcement yet, you'll just have to stand by and wait awhile.

One of the best victory gardens in town is the American Business club plot, according to J. D. JONES, who is one of the chief "farmers." This is work that is really going to pay off JONES says.

Activities

At The USO

FRIDAY
Lions Auxiliary—Game Hostesses 8:15—Learn to dance, ballroom class.
6:00—Rodeo, sponsored by USO and service clubs.

SATURDAY
Volunteer Service Women, Music Study Club and V. F. W. 4:00-9:00—Canteen Open, doughnuts and coffee.
8:45—Dance at post, special services office in charge.
9:00—Recording hour at USO.

Susannah Class To Have Picnic Tonight

Members of the Susannah Wesley Class of the First Methodist Church are invited to attend a covered dish supper which will be held at the city park this evening at 7 o'clock.

Families and guests are invited to attend the entertainment, and class members are asked to bring a covered dish and table service enough for their group.

Mrs. Isa McKinney Is Initiated Into VFW

The V.F.W. Auxiliary met in regular semi-monthly session at the V.F.W. Home, 9th and Gollard, Thursday evening at 8 o'clock. Mrs. Margaret Barnett, auxiliary president, presided over the meeting and initiated Mrs. Isa McKinney into the lodge.

Refreshments were served and those attending were Mrs. Eula Lea, Mrs. Mary Ehlman, Mrs. Fanny Duley, Mrs. Jessie Brown, Mrs. E. O. Hicks and Mrs. McKinney.

Guests Honored At Luncheon In Toilet Home

Mrs. R. L. Tollett and Mrs. A. V. Karcher entertained with a buffet luncheon at 1 o'clock Thursday for Mrs. Robert Spencer of McAllen and Mrs. Marvin Miller of Graham in the Toilet home.

The house was decorated with yellow and red roses and the table was centered with a mixed bouquet of summer flowers.

The guest list included Mrs. R. W. Warren, Mrs. Carl Blomfield, Mrs. Elmo Wesson, Mrs. J. Y. Robb, Mrs. Ray Lawrence, Mrs. Dunham, and Mrs. Dave East-Red Rader of Fort Worth, Mrs. J. H. Greene, Mrs. Richard T. Allen, Mrs. Robert Currie, Mrs. G. G. Bourne of Fort Stockton.

FLOOR SHOW TO BE PRESENTED AT DANCE SATURDAY EVENING

Miss Elouise Haley, post hostess, who is directing arrangements for the Independence Day dance in the post gymnasium Saturday evening, announced today that a floor show, complete with novelty song and dance numbers would be presented at intermission.

Cpl. Phil Tucker will act as master of ceremonies, and Ladell Lee will sing. The Cornhuskers will play and Mrs. Jean Odie will be featured in a dance number. James Sheehan will conclude the program with a song number.

The informal dance will climax field day activities at the Big Spring Bombardier School which will be held in observance of Independence Day.

All enlisted men, their wives and dates are invited to attend. Red, white and blue streamers and other patriotic decorations will be used in the building.

Hoover Warns On Juvenile Delinquency

WASHINGTON, July 2 (AP)— FBI Director J. Edgar Hoover, noting a "tremendous increase" in juvenile crime since this country entered the war, declared today that law enforcement agencies "can no longer refuse to answer the challenge by crime among young men and women."

"On every hand we have tragic evidence that many boys and girls have become specialists in murder, robbery and crimes against common decency—which crimes," he said, "can be traced to improper care and supervision by delegated authorities."

"Society has not given these young people an even chance with which to face the hardships of life."

Hoover, writing in the Federal Bureau of Investigation Enforcement Bulletin, declared that juvenile delinquency, if left unchecked, "will seriously undermine our nation's security."

To help solve the problem, he suggested that all police departments establish bureaus to work with agencies engaged in checking juvenile delinquency.

Francis Outmet won the National Open golf championship in 1913 when he was only 20 years old.

Don Meads, denied a jockey license in New York, also has been turned down in Montreal.

Club Entertains With Informal Luncheon

GIFT TEA IN FORSAN HONORS MRS. J. ADAMS

FORSAN, July 2—Mrs. J. R. Asbury, Jr. complimented Mrs. John Camp Adams with a gift tea in the J. E. Gardner home recently.

The lace laid table was centered with an arrangement of pink carnations and baby breath on a reflector surrounded with moss.

The honoree received gifts from Mrs. C. V. Wash, Mrs. S. C. Cowley, Mrs. M. J. Bransfield, Mrs. W. O. Scuddry, Mrs. J. E. Thompson, Mrs. C. L. West, Mrs. Jimmie Hagar, Mrs. J. C. Scuddry, Mrs. M. M. Hines, Mrs. Walter Grassett, Mrs. C. M. Adams, Mrs. Sam Rust, Mrs. A. B. Livingston, Mrs. John Cardwell, Mrs. L. H. Greaves, Mrs. U. I. Drake, Mrs. J. R. Asbury, Sr., Mrs. J. E. Gardner, Mrs. J. I. McCallin, Mrs. Margaret Madding, Mrs. Harry Miller, Mrs. J. P. Kubecka, Dora Jane Thompson, Aquilla West.

VISITS AND VISITORS

Mrs. A. W. Fool of San Bernardino, Calif. is here visiting with her sisters, Mrs. Lou Baker, Mrs. C. W. Saunders, Mrs. A. F. Hill. Jean Steward is spending a few days with friends and relatives before she returns to El Laredo to spend the remainder of the summer with her parents.

Jack Biggs left Wednesday for Jackson, Miss., where he is stationed with the navy.

Mrs. J. B. Neill will have as her guests this weekend, Sgt. Raymond Lee Williams of Camp Shanks, N. Y., who will be here several days and Auxiliary Lillian E. Neill of Foster Field, Victoria, Tex., who will arrive Sunday for a three day visit.

Mrs. Jim Crenshaw has as a houseguest, Mrs. Herman White-side of Fort Worth.

Mr. and Mrs. Randall Pickle are visiting in Lubbock.

Cpl. Eroy Cawthron of Fort Ord, Calif., is visiting his parents, Mr. and Mrs. E. R. Cawthron.

Some Senators Now Ready To Back Subsidy

WASHINGTON, July 2 (AP)— Some senators openly and others behind-the-scenes indicated today a desire to back down from an outright prohibition of President Roosevelt's food subsidy program and instead allow it to function on a limited basis.

They expect the president to veto legislation now before him which forbids government subsidies to processors to compensate for retail price cuts.

Awaiting White House action on the bill to lengthen the life of the Commodity Credit Corporation two more years and also prohibit the administration's price-cut plan, lawmakers buzzed backstage on what to do if and when Mr. Roosevelt turns thumbs down on it.

While an overwhelming vote against the rollback in both houses appeared to indicate sufficient strength to override any veto by the necessary two-thirds margin, administration supporters and some others predicted that many would hesitate to take that action.

They reasoned that such a step might bring blame for a possible inflationary trend which the president and administrative agencies have warned would develop without the rollback program.

Indicating the trend of thought were these developments:

- 1—A proposal for issuance of food-purchase certificates to low income groups as a substitute for subsidized retail price cuts.
- 2—Plans for passage of a resolution to keep CCC alive until permanent extension legislation—with or without subsidy restrictions—can be worked out.
- 3—Announcement of Senator Taft (R-Ohio) that he would try to attach to any CCC continuing resolution an authorization for sufficient subsidy payments to retain the rollback on retail prices of meat, butter and coffee.

Big Troop Convoys Without A Loss

LONDON, July 2 (AP)— Large contingents of American and Canadian troops have been conveyed to Britain during the past two months without loss, a reliable source said today.

The exact number of the reinforcements was not disclosed, but an unofficial British military source said their strength "exceeded the highest hopes."

Nine New Members And Three Guests Attend Meeting

The Service Men's Wives club entertained with a covered dish luncheon at the USO club Thursday at 12 o'clock and nine new members and three guests attended.

During the meeting the group voted to help with the sale of cigarettes Saturday on MacArthur Cigarette Overstay Day which will be held here under the sponsorship of the American Legion post.

Following the luncheon, the group attended a movie. New members include Mrs. C. C. Sewell, Mrs. Jerry Fingley, Mrs. Lester Piller, Mrs. Frank Auringer, Mrs. C. A. Jorgenson, Mrs. James Pianek, Mrs. James J. Gray, Jr., H. L. Davenport, Mrs. J. Munch.

Guests for the afternoon were Mrs. Ross Cuzko, Mrs. J. R. Farber and Ann Gibson Houser. Members attending were Mrs. J. H. Butler, Mrs. J. M. Moore, Mrs. H. Woodard, Mrs. G. L. Hardin, Mrs. R. L. Huston, Mrs. R. L. Brown, Mrs. L. E. Drake, Mr. H. V. Hastings, Mrs. C. M. Shaffer.

The next meeting will be held at the USO club Thursday afternoon at 2:30 o'clock. All enlisted men's wives who do not belong to the club are invited to attend the meeting.

CALENDAR

FRIDAY
SUSANNAH WESLEY Class of the First Methodist church will entertain with picnic at the city park for members and families and guests.

SURGICAL DRESSING room open from 9 to 12 o'clock in the morning and from 2 to 8 o'clock in the afternoon.

SATURDAY
OPEN HOUSE and informal dance will be held at the country club, 9:30 o'clock. All members and guests invited to attend.

Heroes On The Home Front

Any individual American who happens to feel the least bit futile about what he or she can do towards winning the peace can accomplish something constructive in that direction...

the frequency with which economic frictions ignite wars. We do not recommend that the United States depress its living standards to world levels.

considering the deferred world demand, and the acute need for food, clothing, materials of shelter and other items, clearly does not make for amity.

Writer Tries 'Infiltration Course' Live Bullets Used To Save Soldiers' Lives

(First Of Two Articles) By HERMAN H. ALLEN AF Feature Writer FT. BRAGG, N. C.—I'll never be scared again.

to keep their heads and tails down when crawling across or "infiltrating" areas dominated by enemy fire.

the course was Sgt. Wally Sjoblom, brother of Correspondent Paul Sjoblom.

the end of it, rolled over for the single strand of barbed wire just beyond.

hunched forward again, rolled over in the prescribed manner, negotiated the barbed wire, crawled on to the four-foot-deep trench...

THEY CALL IT PACIFIC

Chapter 29 When we cleaned up the story of Midway in the AP office I began to think again about going home for a few weeks.

three weeks later, we rendezvoused one sunshiny Sunday afternoon with a tremendous force of ships.

Swifly the minutes sped by, and soon the horn on the flight bridge bellowed the take-off signal.

Washington—Byrnes Ranking Hopkins As The 'Second' Man?

WASHINGTON—There are two schools of thought in Washington. One holds that James F. Byrnes, head of the Office of War Mobilization, is the "Assistant President," with greater powers than ever accorded before to an appointive official.

Looking at the map of the Solomon and the Jap position there, many of the younger officers decided that our plan of attack was limited by overconservatism.

It was fully light when I climbed into the seat of a torpedo plane behind Lieutenant Bruce Harwood, a big, easygoing pilot who was itching for his first action of the war.

ideas. Even from songs not good enough to publish at the time there will come inspiration—after working so hard on a song there's almost bound to be one good phrase in it at least.

The revival of "God Bless America"—written in 1917 as a finale for Berlin's "Tip Yip Yaphank"—and thrown out as too corny—was a dramatic example.

heads now. More and more boys came tumbling into the trench, grinning through dust-blackened teeth. It came to me that it had really been a terrible thing. It was terrible, but it was exciting and wonderful and terrific and colossal and stupendous and all those other Hollywood words, and I wouldn't have missed it for the world. The firing stopped. Sgt. Sjoblom shouted "When you hear me yell 'Grenade!' climb out of the trench and run behind the machine guns."

He yelled "Grenade," threw a stick of dynamite into the trench. We all piled out and ran. The dynamite went off, and we went back and took a shower.

already surfaced and steel gangways partly completed. Two miles west of the runway

Story

(Continued From Page 6)

Next morning I flew in to Tulagi with Lieutenant Harold Lar-

sen in his torpedo plane. The marines were meeting bitter, last-ditch resistance on Tulagi and on the near-by island of Tanambogo. It was the same kind of fighting we had faced on Bataan and later faced in New Guinea.

The Marine shock troops—the "Raiders"—were more than a match for the Japs. Armed with tommy guns, grenades, bayonets, knives, and bravery, the Marines calmly and coolly fought their way across the mile-long, quarter-mile-wide island of Tulagi. Supported by shelling from our ships, the Marines wiped out the last Jap after two days of fighting and firmly consolidated their hold on Tulagi and the near-by islands.

On Guadalcanal they reached the airport and seized it within two days. One day later it was ready for our planes. Everything went well those first two days of the landing. The Japs came back on the afternoon of August 8 with torpedo planes, but twenty-one out of twenty-four of them were blasted out of the air by our fighters and the anti-aircraft guns of ships in the channel. The Japs never located our carriers.

The afternoon of August 8, aboard the carrier, I heard that a small Jap warship force was coming down toward Guadalcanal. Army and Navy reconnaissance planes reported that it was consisted of two or three carriers and a couple of destroyers.

One of the torpedo plane pilots came to me. "Get your life jacket and helmet," he said. "Maybe we'll be taking off soon to hit those babies."

But the planes never took off. When all the planes were back aboard that evening our carriers and their screening ships turned around and headed south. The following morning they were still heading south. The planes were launched and flew as far as the south shore of Guadalcanal Island, but by that time the Japanese had attacked and their ships were safely speeding back to Rabaul, undamaged, after striking one of the most devastating blows in the Pacific war.

Pension Checks To Be 2c Less

AUSTIN, July 2 (AP)—Texas old age pensioners will have to take a cut of two cents on their July checks.

The department of public welfare announced that average payments to the aged on its rolls will have to be \$20.29 compared with \$20.31 in June.

Figured another way, the department said that because of this lack of funds, a flat \$2.64 must first be deducted from each certified grant before arriving at the amount of the average check, in order to reconcile cash on deposit with the total number of checks. The legislature has placed an absolute ceiling of \$1,900,000 monthly as the amount of state money which can be utilized for pensions. This is matched dollar-for-dollar with federal funds.

July payments will total \$3,718,332.30. June payments totaled \$3,719,367.78.

Feed Company Sponsors Move To Increase Farm Output

At a meeting called for Purina feed dealers, county agent, home demonstration agent, chamber of commerce and newspaper representatives, in the chamber of commerce offices Thursday evening, T. H. Buckingham of San Angelo and field representative for Purina Mills discussed plans for conducting a survey of Howard county farms for the purpose of aiding in warding off a national feed shortage threat, in a Food for Victory crusade.

This program, according to Buckingham, has the approval of the U. S. department of agriculture and the Office of War Information, and is based on a previous survey of 10,000 farms, findings from which showed that 99 per cent of dairy farms called upon, 97.2 per cent of poultry flocks and 97.1 per cent of pork raisers needed correction.

Conditions sabotaging milk, eggs and pork as determined from the survey appear easily correctible if attention were called to the farmer, such as disease, parasites, overcrowded and unsanitary quarters, preventable accidents, inadequate feeding and watering facilities, wasteful feeding methods, low producing birds and animals, etc.

Quoting statistics, Buckingham stated that if one farmer would wean two more pigs per litter he would produce enough extra pork to feed twenty fighting men for a year. The same farmer could be caring for only 200 layers in the proper manner produce enough eggs to feed nineteen fighting men for a year and by properly caring for six or seven cows could produce enough milk to feed the same number for a year.

H. M. "Mack" Neel, Big Spring dealer in Purina feeds, said that he planned to set one day a week apart for the sole purpose of visiting Howard county farms to conduct the survey and to help the farmers in any way he could to correct inadequate conditions now in use.

Other dealers present were Ector Thornton, Stanton, and Albert Woods of Midland.

Food Handlers Course Ends First Week

The first week of the Food Handler's short course came to a successful close Friday afternoon at 2:30 o'clock at the city auditorium where a large representation of local food handlers and cafe managers continued the study of food and public health safety.

The films and discussion centered on "The Customer's Competitor and Big Spring's Biggest Food Thief," along with "The Housefly" and "No Good on Earth."

The fourth lesson in the course is to be held next Tuesday afternoon with foods discussed by Graham Smoot, consultant, bureau of public health education, and the film, "Eating Out" will be shown. The fifth and sixth lessons will be Wednesday and Friday of next week.

With cafe managers agreeing to close kitchens during the hours of the school, attendance increased to 140 persons attending.

To those who attend five of the six courses, a certificate of completion of the study will be given. Cafes whose personnel attended 80 per cent will be presented with a plaque to be hung in the cafe showing that the establishment has cooperated in full with the state health department.

The school is being conducted by the Midland-Ector-Howard county health unit in cooperation with the state department of health.

Civil Service Man Interviewing Job Applicants

Charles C. Williams, representative for the Civil Service Commission, was at the local United States Employment office Friday morning and afternoon to interview applicants for local jobs and for the Corpus Christi naval air base.

Local employment needs include typists, aircraft mechanics, aircraft engine mechanics, aircraft welders, machinists and wood workers.

Williams is also seeking for the Corpus Christi location Journeyman tradesmen with jobs paying from \$9.18 a day to \$10.08 a day.

The representative was to leave Friday night but will return to the employment office next Friday and will again seek applicants for the same type employment both locally and for the naval base.

Vincent Man Dies In Local Hospital

C. H. Gordon, resident of Vincent, succumbed in a local hospital at 11 a. m.

Eberley funeral home is in charge of arrangements, and services are pending.

Kaiser Men Face Federal Inquiry

PORTLAND, Ore., July 2 (AP)—Congressional investigators today summoned Henry J. Kaiser executives to answer charges of faulty construction in three yards building Liberty ships, tankers and aircraft carriers.

Rep. James E. Van Zant (R-Pa.) of a house sub-committee checking production of maritime commission yards said Kaiser's high speed Oregon Shipbuilding corporation here has turned out more failures than any of the 13 yards in the nation operating under commission contracts.

Weather Forecast

Dayton White is recuperating from recent major surgery.

Mr. and Mrs. James Thompson of Fort Stockton visited the J. E. Thompsons this week.

Mr. and Mrs. P. R. Stroud have returned from a vacation.

Floyd Griffith is home on a three-day pass from Sheppard Field.

Mr. and Mrs. J. W. Griffith will spend their vacation at DeLeon.

James Gardner, son of Mr. and Mrs. J. E. Gardner, is at Officers Training school at Fort Warren, Wyo. Gardner went from A. & M. with 52 other A. & M. students, including his roommate.

Texas Labor Endorses A Fourth Term

CORPUS CHRISTI, July 2 (AP)—Members of the Texas State Federation of Labor closed their convention here yesterday after unanimously endorsing a fourth term for President Roosevelt.

The move was suggested by William Moran, El Paso labor leader, who said Mr. Roosevelt had given more encouragement to labor and supported it more strongly than any other president in the history of the nation.

Members voted to seat delegates of the United Brotherhood of Carpenters, Local 14, of San Antonio, despite instructions from A. F. of L. President William Green that the local should not be accorded representation.

Warning delegates that their action could result in suspension of the state organization by the A. F. of L. State Executive Secretary Harry Arceman predicted: "We will be suspended within a week."

Andrew S. McBride, of Houston, Texas labor leader, was returned to the presidency of the federation for the ninth consecutive year, winning over B. A. Gritta of Galveston.

Arceman, of Austin, was returned to office as executive secretary, also for his ninth consecutive term.

Investigator Finds Huge War Profits

WASHINGTON, July 2 (AP)—A one-man war-cost investigating committee, Representative Engle (R-Mich.), in his second public report to the house, charged today that corporate profits on war contracts ranged as high as 53 per cent after payment of taxes.

Earlier this week the fast-traveling and inquisitive Engle, a member of the appropriations committee, lambasted the administration for what he called encouragement of exorbitant wages in war factories.

His latest report was based, Engle said, on a personal study of the corporate earnings of 48 companies. It showed the net percentage earned, after taxes, per dollar market value of the stock, ranged from 5 to 53.85 per cent in 1942, he said.

"If there is any one thing that will set the returning soldier against his government, it is excess profits paid to corporations or individuals on invested capital and excess wages paid to labor," Engle added in a statement.

Pacific War
Continued From Page 1

tured Viru harbor on the main island of New Georgia after fighting their way through a jungle against "medium" Japanese resistance.

The entire operation in the Rendova-New Georgia sector was described officially as "successful" and "proceeding according to plan."

"Our forces are well established," it was announced.

With the Japanese apparently wary of risking their warships in a show-down battle, big American Liberator bombers heaped new punishment on the enemy's air strength by dropping 23 tons of explosives on airfields at Rabaul, New Britain.

In two days, 45 tons of bombs have been dropped on the enemy's three airfields there.

Rabaul is the main Japanese base in the New Guinea-Solomons theater and may be the major objective in the developing Allied offensive. It lies 450 miles north-east of Salamaua.

Waves of Allied attack planes and bombers also raked Japanese forces in the Salamaua area in support of American ground troops, machine-gunning enemy troops and installations.

Dairy Cows To Be Given TB Tests

Dairymen in Howard county will have an opportunity to have their dairy cows tested for tuberculosis beginning Monday when Dr. B. N. Giles, veterinarian for the U. S. department of agriculture will be here to give tests.

There is no charge for the service and according to law, dairy herds must be tested for the disease at least once a year.

Those wishing to avail themselves of the opportunity may contact the local sanitarian at the city hall to list their names. Dr. Giles will remain in the county until he has completed the testing.

Anyone else wishing his cattle tested for tuberculosis whether dairy cows or not may also receive the free service.

Subsidies
Continued From Page 1

will compel every housewife to pay five cents a pound more for every piece of butter that goes on her table, and to pay higher prices for every pork chop, every ounce of beef, every slice of ham or bacon which goes to feed her family.

"This measure will make it virtually impossible to institute any additional measures to reduce the cost of living or even to hold the line."

"The bill denies to the executive any power to purchase farm products for resale at a loss or to make incentive payments to obtain increased production of food stuffs without the approval of the congress. I do not believe the congress has had an opportunity to know or to consider how seriously it may cripple our entire food program."

Mr. Roosevelt contended that the legislation would virtually nullify the economic stabilization act of last October since, he said, the cost of living can not be stabilized effectively by the government if the cost of necessary foods can not be stabilized.

Work Picks Up At Rent Control Office

The work load for the local Rent Control office increased during June to make it one of the busiest months since February for the office, Charlie Sullivan, director, said Friday.

During the month the office handled 49 new registrations of rental units, 307 personal interviews and 200 telephone calls.

Twenty-seven new landlord's petitions for adjustment were received with 29 passed on and one still pending. Ten new tenants petitions for adjustment and director's initiatives were received and 12 were passed on by Sullivan.

Petitions for certificates of eviction amounted to eight received and seven passed on. Six notices of eviction were also received, dealing mostly with failure to pay rent.

T. E. Roason, who was appointed for a two months period as inspector for the office, completed his appointment on June 30th, Sullivan said, and no new inspector's appointment has been made as yet.

Hard At Work, Tom Jordan Observes 75th Birthday With Little Formality

It was a special milestone Thursday for Tom Jordan, but he passed it by working as usual, and a quiet dinner given in his honor by his family, was the only observance of his 75th birthday.

But the long-time leading citizen of Big Spring had myriad friends who wished him good health and continued activity—activity that hasn't slowed a whit in the nearly 40 years he has been newspaper publisher and printshop operator here.

Mr. Jordan came to this city in 1904 from Stephenville, was married to Mamie Hayden that same year and became associated with his brother-in-law, Will Hayden in the newspaper business. That was the start of The Herald, a strong West Texas weekly that was a fighting voice for Big Spring throughout the years. When the progress of the times called for establishment of a daily paper in 1928, Mr. Jordan decided after a brief interval that he wanted none of the daily grind. He disposed of The Herald and opened his commercial printshop.

But there he still is busy, and working harder than ever since two of his sons, Tommy and Harry, have gone into the armed forces. Yet he takes the time to visit with his old friends daily and to give his counsel in affairs vital to the town and the section which he has upheld so vigorously.

The two sons were missing from the birthday dinner-Thursday evening, but other children were there: Mr. and Mrs. Jack Wilcox, Mr. and Mrs. Thurman Gentry, Mr. and Mrs. Cecil Wasson, Mrs. Tommy Jordan and Lillian Jordan.

Here 'n There

Included in a list of men announced Friday by the war department as being prisoners of war held by Japan was the name of Pfc. Dalton H. Phillips, whose mother, Mrs. Stella Edwards, lives at Space in Mitchell county.

Firemen made two runs Thursday night to small fires that were already extinguished by the time the trucks arrived. One call was to 700 Nolan where lightning had struck a telephone pole, doing slight damage, and another was to 1410 Benton where a small fire had started in the bathroom wall.

June, known as the month of brides according to tradition saw 50 marriage licenses issued from the county clerk's office. However, May was not far behind June with 43 licenses issued.

Lieut. John T. Moore, who is stationed with the ferry command at Love Field, Dallas, is spending a three day leave with his parents, Mr. and Mrs. L. Y. Moore. Lieut. Moore was recently promoted from the rank of flight officer to lieutenant, and has just returned from foreign service.

Warrant Officer Neel Barnaby, stationed with the navy at Camp Perry, Va., is here for a visit with his family for a few days.

Funeral Is Held For J. E. Robinson

Funeral services were held at 3 p. m. Friday afternoon at the Baptist church in Coshoma for Jessie Emory Robinson, 72, who succumbed at 10:45 a. m. Thursday morning at a local hospital after an eight-day illness.

The Rev. N. W. Pitts, pastor, had charge of the service.

Robinson, who had resided in Coshoma for the past 45 years was born in Alabama on January 15, 1871.

He is survived by his widow, one daughter, Mrs. B. F. McGettes, two granddaughters, Mrs. H. Coates and Jessie McGettes, both of Coshoma, two grandsons, B. F. McGettes and Carlisle McGettes, both of Coshoma, four brothers, John Robinson of Lamesa, and Jim, Charlie and Walter Robinson of Big Spring, and one sister, Mrs. D. A. Rhotan of Big Spring.

Eberley funeral home was in charge of arrangements.

Nonexistent Plant Gets Protection

RUSK, July 2 (AP)—For two years Rusk has been trying in vain to get War Production Board approval of a blast furnace project. Chairman Donald Nelson is still cold toward the proposal and said so in a letter received here this week.

But on the same day, according to Manager Curtis Ainsworth of the Rusk chamber of commerce, a duly accredited representative of the war department arrived to inspect the nonexistent plant as a precaution against sabotage.

STATE TODAY and SATURDAY
Open 10:45 A. M. Saturday

SONGS OF THE SAGE AS ONLY GENE CAN SING 'EM... And A New High in Thrills Too... In This Greatest Of All Range Adventures!

The fourth lesson in the course is to be held next Tuesday afternoon with foods discussed by Graham Smoot, consultant, bureau of public health education, and the film, "Eating Out" will be shown. The fifth and sixth lessons will be Wednesday and Friday of next week.

With cafe managers agreeing to close kitchens during the hours of the school, attendance increased to 140 persons attending.

To those who attend five of the six courses, a certificate of completion of the study will be given. Cafes whose personnel attended 80 per cent will be presented with a plaque to be hung in the cafe showing that the establishment has cooperated in full with the state health department.

The school is being conducted by the Midland-Ector-Howard county health unit in cooperation with the state department of health.

THE OLD JUDGE SAYS...

"Yes, I'm afraid there's no denyin' it, Judge... Jeeps and trucks and other kinds of motorized equipment have taken the place of the good old horse in modern warfare."

"It's true of lots of things in this war, Eben. Every day we hear of new tactics and requirements and new uses of products. For instance, take the alcohol that is used for war purposes. In World War 1, this vitally needed product was used mostly in making smokeless powder, chemical warfare materials and medical supplies. Today it must do far more... it must provide the base for such indispensable products as synthetic rubber, shatterproof glass, lacquers, plastics and many other of our requirements so essential to victory."

"As a result hundreds of millions of gallons are produced every year... half of which is being produced by the beverage distilling industry. Bet you didn't know that, Eben."

"As a matter of fact, I didn't, Judge. That's a mighty important war contribution that had escaped me completely."

Conference of Alcoholic Beverage Industries, Inc.
