## FOOD EXPERTS OF BRITAIN ASK FOR PLANKTON TO WIN

A proposal to sweep up whale food from the Atlantic and utilize it for human consumption in an effort to beat the German counter blockade has been made.

Sir John Graham Kerr, one of the world's leading zoologists, will ask Major Gwilym Lloyd George, Parliamentary Secretary to the Minister of Food, to appoint a committee to investigate the practicability of a large scale collection of plankton by means of mechanical separators.

Sir John said large areas of the sea off the west coast of Scotland are rich in plankton and that this substance can readily be converted into nourishing human food.

Earl Jobe while out running a combine last week had one of his fingers caught in a gear wheel, and had his index finger on his right hand badly mangled before getting loose.

Mr. and Mrs. John Hinkle of Abilene spent Sunday visiting with Mr. and Mrs. Pierce Shackelford. The writer is not doing any talking but it looks a little suspicious, since Mrs. Hinkle was out with Mrs. Shackelford where she was feeding a lot of Cornish game chickens, and she may have had an eye on the chickens rather than visiting, as they will be just about right in two or three weeks.

plankton, he declared have been made at the marine laboratories at Millport.

The study of plankton was begun about 1884 by the German zoologist, Johannes Muller, in the sea around Helgoland and wide other wide areas.

Texas Irish Potato Crop Sharply Up

AUSTIN, — This year's Texas crop of commercial Irish potatoes is expected to show a 16 per cent increase over last year, according to a report from the Austin office of the United States Department of Agriculture Marketing Service. This increase was attributed to the fact that six new Texas counties have planted heavier than usual this year—Castro, Deaf Smith, Floyd, Hale, Lamb and Swisher. Production of garlic, tomatoes and cucumbers was expected to be lower than usual.

### JULY 4TH FIESTA AT STEPHENVILLE

In an effort to put over the biggest one-day July Fourth celebration in Texas, the Stephenville Lions Club is rapidly completing plans for a program that will include virtually every form of amusement.

A jalopy race, patriotic parade, famed Stamps Quartet, public speaking, health and beauty revue and, finally, a dance involving sons and daughters of all foreign wars are among the main entertainment features.

Cash prizes will be offered in many of the contests. The affair will open Friday morning, July 4, and will close that night at midnight. All expenses are being paid by the Stephenville Lions Club, with most of the entertainment features being free to the public.

### GREATEST MECHANICAL EVENT OF ALL HISTORY

A tall gangling fellow worked in a shop down town for years for \$50.00 a month and at night time worked at his little shop in his back yard, trying to perfect a thing that since has been called "a Model T." One morning about 2 a. m. while it was pouring down rain and cold as blixen, the thing was brought out in the open. A woman came out with a shawl over her head and hands wrapped in her apron. She came to see what The Thing would do. The tall, thin man turned something in front that made a fearful noise, then he stepped into The Thing, put his hands on an upside-down wheel, touched something else, and The Thing started down the alley—chick-a-lack, chick-a-lack. And so the T model Ford was born—no cheering crowd was there—no one to witness this historic event, except his companion who had encouraged him in his untiring efforts to produce the first horseless carriage. He improved his first invention, and at this time made between 40 and 50 thousand automobiles. And is classed among the richest men in the world.

**LEGIONS FAMILIES ENJOY BARBECUE**

Callahan County Legionnaires, their families and a few invited guests enjoyed the legion barbecue at the Nobles Night Club grounds in West Baird on Monday evening, June 16. This meeting was the regular monthly meeting of the Eugene Bell Post of the American Legion and special guests were several young men, who are on the list for selectees for military service, who are expected to be called soon. Other guests were members of the present and past draft boards.

Beef and goat meat were barbecued by Buck Smith and H. B. Starkey and everyone present was of the opinion that these two are undoubtedly the world's best when it comes to cooking delicious barbecue. The goats were furnished by Buck Smith and the beef was bought by the post. Cakes and pies and other food was furnished by the wives of the legion.

After everyone had eaten, the legion held a short executive session and then the club house was opened and everyone invited to partake in the legion dance. Music was furnished by a local orchestra and varied from old time square dances, polkas, etc., to modern pep music enjoyed by the youngsters.

Some fifteen or more soldiers were present and were invited to

take part in the festivities and perhaps no one enjoyed the occasion more than these boys from Camp Barkley, who seldom have an opportunity to attend a community of this kind. These soldier boys received many compliments on their behavior and their conduct. The legion membership appreciate the attitude of these boys and is glad to have such well behaved guests.

Everyone was so well pleased with this barbecue-picnic that the legion post is already planning to have another meeting of this kind before the summer is over.

The management of the Nobles Night Club has offered their building and grounds to the legion for any meetings. The Club managers furnished the building, grounds and lights and would not accept pay even for the lights used.

In the home, these foods should be kept dry and clean, and protected against insects and other vermin. For tea, coffee and spices the containers should be as nearly airtight as possible.

Dried meats, such as smoked hams, strip of bacon and jerked beef, and home dried fruits and vegetables are best kept in muslin bags hung in a clean, cool, dry storeroom. If dried meats are hung in the cellar or dried fruits or vegetables are stored in the steamy kitchen, they are likely to mold.

Jellies, jams and home canned fruits and vegetables should be kept in a clean, dry, cool closet or storeroom, preferably on narrow shelves so that the supply can be locked over easily and spoilage quickly detected.

Heat and excessive moisture tend to injure the texture and favor the growth of molds on jellies and preserves that are not sealed in airtight containers.

**EARLY LEGISLATORS WERE PLENTY TOUGH**

AUSTIN, — In early Texas history, legislators weren't content to shout angry words at each other across the halls of state, but preferred to fight it out with pistols and fists.

Records in the University of Texas library—being studied by William Hoyan, a graduate student from University, La. — reveal at least five fights occurred between

law-makers during the Texas Republic.

The University of Louisiana historian said one day a shooting between two congressmen took place on the very steps of the Texas capitol—all over a matter of legislative policy.

Texas who would like to see facing return to Texas point to the fact that some of the leading citizens of the land were in the throng at the Kentucky Derby: former Postmaster General James A. Brown, Lana Turner, Don Ameche and Robert Young. Texas would have such notables and such crowds if racing were permitted.

The most brazen act in connection with the 1941 Legislature was the forging of the name of a member of the House at the instigation of the bold and powerful loan shark lobby. Judge S. J. Isaacks of El Paso, one of the ablest and most highly respected House members, is the author of a bill that makes provision for an added penalty so as to provide for an adequate attorney's fee when a victim sues a usurious lender. Difficulty had been experienced in getting a quorum of the committee and a meeting was set for the close of the House session one day recently. Judge Isaacks who does not hear perfectly, nevertheless heard his name called and, upon inquiry, found that the reading clerk had read a notice which had been handed in, bearing Judge Isaacks' name, announcing that the committee meeting had been called off. Isaacks took the floor, denounced the forgery and the committee met, with the result that the bill received a favorable report by a big majority.

They have a new system of deciding who will pay for the mid-morning coffee in Austin—it's called "Honest John".
