

From The Editor's Window

The editor of the Stanton Reporter, James E. Kelley, announced through his personal column that he attended church recently in his home town.

It is high time the churches are calling the people back to God. The reason our country and other countries are in the awful predicament we are in today is because we have departed from God.

On account of the shortage in farm labor caused by the war a move to an increase in night plowing is advised by some of our agricultural magazines.

Reports reaching this country the past week say that Premier Mussolini was found to be in a state of nervous prostration when examined by a specialist a few days ago.

The dispatch said: "During the interview Mussolini sobbed bitterly, then burst into hysterical laughter. The specialist said Il-Duce has lost control of himself and is no longer able to manage his affairs as dictator of Italy, which now are reported in a chaotic condition."

Senator and Mrs. W. Lee O'Daniel are now grand-parents of a little girl born to Mr. and Mrs. Jack Wrather, Jr., of Tyler the past week.

The Jr. added to the names of little girls is said to be becoming quite a fad nowadays.

Pete—Why, do you look so sad, Murphy? Murphy—I just heard a man call another man a liar, and the man who was called a liar said the other would have to apologize or there would be a fight.

Three men were repairing the telephone wires. A woman drove along the road in her car and when she saw the men climbing the poles, she said: "Look at those sissy men—one would think I had never driven a car before."

Another university professor has come forward with an original plan to end the war with Japan. He says—start their volcanoes erupting.

His plan for accomplishing this is to drop bombs into the craters of the smoking mountains. The pent-up pressure of gases in the volcano would send rivers of hot lava down the mountain sides on to the Japanese cities and might also produce earthquakes and tidal waves.

Hugh S. Johnson, famed administrator of N.R.A. died at his home in Washington recently. He was 59 years old and had been ailing several months.

Teacher—What is the difference between caution and cowardice? Pupil—Caution is when you are afraid and cowardice is when the other fellow is afraid.

Dean Brothers Are Making Some Improvement On Leases

Dean Brothers who purchased the Texas Company holdings on the Davis lease and a lot of wells in the Sedwick field are working a good sized crew of men improving their leases.

Sugar Rationing Registration Days May 4th To May 7

The sugar rationing will start May 4 and run through May 7. The individual registration procedure will be for one member of a family to apply at the nearest elementary school in the district in which he or she lives, the four days from 4th to 7th.

Each family may have two pounds of sugar per person on hand without losing any of the stamps in its books for each additional pound per person. One stamp will be detached when the book is issued up to a total of four stamps.

FEED CROP ACREAGE TO BE INCREASED OVER 1941 ACREAGE

With the fine rains and the good season in the ground, the farmers are preparing to get down to farming in a big way this week if the weather is favorable.

The grain planting will begin this week and pushed until it is completed, before the cotton planting time. It looks like the cotton acreage will be about the same as last year, with possibly a slight reduction.

GONZALES TO HAVE PAN AMERICAN FIESTA FRIDAY, MAY FIRST

With the flags of the 21 Pan-American Republics flying and with sombreros and colorful costumes the order of the day, Gonzales goes Pan-American on Friday, May 1st, with all-day Fiesta celebrating Pan American Solidarity.

The celebration will emphasize the importance of Pan American unity in a world at war and is sponsored by the United States Department of Agriculture through the AAA, in cooperation with the department of State, Pan American Union. The office of the coordinator of Inter-American Affairs, and the Gonzales Chamber of Commerce.

GROVERNER & ROSE LOSE IN DISTRICT COURT IN ABILENE

Judge Whit Davidson held in favor of the plaintiff Wylie Wallace in a wage-hour suit at Albany, against Groverner & Rose drilling contractors of Albany, Wallace had brought suit against the defendant for \$1,800 in wages alleged to have been due on over-time.

Leonard Swafford, Bayou high school student, took first place in the rural school pentathlon, at the district track and field meet in Breckenridge Saturday.

Nation Girding For War As Sugar Limiting Approaches

War is cutting the supply of certain commodities which the United States usually imports from other parts of the world.

This has created a shortage of certain products which all of us use. The shortage of sugar is now sufficiently acute that a control must be placed on the consumption for non-war purposes.

This is the first time our government has called upon every individual in the United States to take a definite place in winning the war.

On the 28th and 29th of this month, all retail and wholesale merchants will register and on the 4th, 5th, 6th and 7th of May, every individual in the county, from one day old to the oldest in the county will go to the various schoolhouses and register for their War Ration Book No. 1.

Any person having a supply of sugar in excess of two pounds but not in excess of six pounds, will have removed from his ration book, at the time of registration, at the rate of one stamp for each excess pound, the weight value of the first four stamps being one pound each.

The teachers of Callahan county have been called upon to supply the clerical work and the local Superintendent of Schools has been appointed by the County Superintendent as School Site Administrator for the registration. It is the duty of the School Site Administrator to secure a sufficient number of helpers and have general supervision of the registration.

It is suggested that at least one helper be secured for every eight to be registered in the district.

When you arrive at the place of registration, it is absolutely necessary that you have the following information, which should be made out on a piece of paper in order to expedite the registration of your family: Height, Weight, Color of Eyes, Age, Number of Persons in

MAY 1, DESIGNATED BY THE PRESIDENT CHILD HEALTH DAY

The Congress of the United States by joint resolution of May 18-1928 has authorized and requested the President of the United States to issue annually a proclamation setting May 1st, as Child Health Day, and the proclamation has been made by President Roosevelt designating May the 1st as Child Health Day.

Americans have done a great deal in the past to make the United States a better and safer place in which to live, the all important years of childhood, but in spite of this, American childhood has not yet been made as it can be.

Dr. Cox of the State Health Department says, "the foundation for future health is laid in the years of life. All parents must realize that raising child health standards is a job for the especially, that better to keep them from getting sick than to try to save their lives when they are ill. Every body is requested to observe Child Health Day, May first."

MRS. NORMAN COFFEY IN CHARGE OF WOMENS MISSIONARY MEETING

The WMU of the Cottonwood Baptist church met Monday afternoon April 20th, with Mrs. Norman Coffey, president in charge of the meeting.

The Bible lesson was taught by the Bible Study Chairman, Mrs. Sam Moore.

Present were: Miss Eunice Hembree, Miss Mary Thomas and Mmes. H. S. Varner, W. R. Thompson, J. F. Coffey, W. B. Shirley, J. D. Mitchell, J. R. Ramey, Sam Moore, and Norman Coffey.

On Monday afternoon, April 27th at 2:30 p.m. a Mission Study lesson from the book "The Larger Stewardship", will be taught by Mrs. R. T. O'Neal, Mission Study Chairman. All ladies are urged to be present for the WMU meeting.

Miss Ann Johnson formerly of Cottonwood, who has been in charge of the Welfare office in Callahan County for the past several years, and well known over Callahan county, was married last week to R. F. Mayfield, owner of a Dry Goods store in Baird. The wedding was a complete surprise to everyone.

Answer—No. Each stamp is good for only the announced period.

Question—Do we each have to take our ration books to the store to purchase sugar?

Answer—No. Anyone may take the Ration Book to the store, provided they are buying sugar for you. The mother or father, or any of the children, or anyone connected with the family, may take some or all the Ration Books to the store and make the purchase.

Question—May I tear out the stamp and take it to the store to buy the sugar?

Answer—No. You must take the Ration Book to the store and tear out the stamp in the presence of the storekeeper or employees.

Question—May I order sugar over the telephone?

Answer—Yes. The delivery boy may make the delivery, but you must tear out in his presence the necessary stamps to cover the amount of sugar you have ordered. Not more than one stamp for each book.

Question—What if I need more sugar than I can get with my Ration Book?

Answer—If it is necessary for your family to have more sugar for canning, illness, or some other special reason, you should make application to the Ration Board, family unit, including yourself, total amount of white and brown sugar owned by the family unit. If you will have this information on hand, it will greatly facilitate the registration of your family.

Following are some of the typical questions that are usually asked about the registration:

Question—How much sugar may I get with each stamp?

Answer—You may buy one pound of sugar with each of the first four stamps.

Question—May I get the same amount of sugar with each stamp?

Answer—Not necessarily. The ration of sugar may be changed from time to time according to the total supply of sugar in the country.

Question—For how long is each stamp good?

Answer—Each stamp is good for the period of time to be announced by the Office of Price Administration.

Question—Can I save up my stamps and get all my sugar at once?

TEACHERS AVERAGE SALARY LESS THAN \$1200.00 IN TEXAS

Dean B. F. Pittenger, president of the Texas State Teachers' Association made the following statement to the board of education this week. It is clear that the present emergency is bearing especially heavily upon the high schools of the state, and particularly upon those fields of teaching which is most necessary to maintain at high efficiency if we are to meet successfully the requirements of a longer year.

The association has also made a survey of public school teachers salaries in the state for 1941-1942. The average salary of the 36,842 white teachers included in the study is \$1,177. Over 50 percent of these teachers are receiving less than \$1,000, and nearly 8 percent, less than \$800, for the current school year. Less than 600 will be paid to each of 455 of these white teachers.

More than 65 percent of the white teachers in Texas public schools are this year receiving less than \$1200 per year. The regular salary paid for stenographic work by the state of Texas is \$1350 per year. While the teachers work year is shorter than the stenographer's work year, each has to live twelve months on a year's salary.

The average salary of colored teachers in Texas this year is \$745. More than 90 percent of these colored teachers will receive less than \$1200; about 85 percent less than \$1000; about 65 percent, less than \$800; and over 30 percent, less than \$600.

MISS ANN JOHNSON MARRIED TO R. F. MAYFIELD AT BAIRD

Miss Ann Johnson formerly of Cottonwood, who has been in charge of the Welfare office in Callahan County for the past several years, and well known over Callahan county, was married last week to R. F. Mayfield, owner of a Dry Goods store in Baird. The wedding was a complete surprise to everyone.

Hon. Clyde Garrett Of Washington In Putnam Wednesday

Hon. Clyde Garrett of Washington and former congressman from this district was through Putnam, Wednesday afternoon. He stopped at the News office, but the writer was not in and failed to see him. He was on his way to Abilene where he had an appointment and was in town only a few minutes.

Mr. Garrett has been in the district for several days, conferring with friends and visiting. He told some parties in Putnam, he had not fully made up his mind as to whether he would enter the race for congress again this year, or not.

Rain To Wednesday Night 5.91 Inches Against 7.67, 1941

The rain of 46 of an inch Saturday evening makes a total for April of 5.03 inches and a total of 5.91 inches for the year to Wednesday night. The first rain for the year was in February when we had .27 of an inch and in March 61 of an inch, and April to the night of 22 5.03. In 1941 January we had 1.20 of an inch, February 2.83; March 2.15 of an inch, making a total of 7.67 of an inch to the night of April 22, 1941.

Callahan County To Get \$800,000 Aid On Highway 80

The congressional appropriation made several months ago for road building and then frozen, has been released and the department Thursday announced to two projects on United States highway 80.

Two jobs cover 22.6 miles in Callahan County and 7.5 miles in Nolan county, at a total estimated cost in excess of more than \$1,000,000.

In Callahan County the work will contain the "construction of the Bankhead highway, bringing it up to army standards, from Clyde eastward to the east Callahan county line, six miles west of Cisco. Estimated cost through Callahan county will be about \$800,000. About 75 percent of the cost will be borne by the Federal government. It will likely be two or three months before the contract will be let.

Personals

Mary Guyton was transacting business in Abilene Wednesday afternoon.

Mrs. J. W. Rhodes of Midland spent the week end visiting with her sister, Mrs. J. B. Brannon, returning home Sunday.

Mrs. G. P. Gaskins spent the week end visiting relatives and looking after business in Fort Worth, returning Monday afternoon.

about three miles west of Putnam, was taken to the County hospital seriously ill last week, however he is reported to be improving.

Mr. and Mrs. S. D. Terry are moving to the McDonald lease on the Wagley about ten miles north of Putnam this week.

Dr. C. A. Davis of Hobbs, New Mexico was visiting in the home of Mr. and Mrs. S. W. Jobe over week end. Mrs. Jobe is a sister of Dr. Davis.

Homer Boatwright was in from his ranch about five miles west of town Wednesday afternoon. Homer was all smiles since the good rains as it will produce plenty of fine grass and he has a nice herd of white face Hereford cattle.

B. A. Butler To Be Editor Of Weekly Record Eastland

B. A. Butler of Cisco, formerly editor of the Daily News has been selected as editor of the Eastland Record, so states news story in the last weeks weekly Record.

The record was established in 1931 by Earl Williams and V. O. Hatcher. Mr. Hatcher retiring several years ago, since which time Mr. Williams has been the sole owner. The paper has been a paper without a subscriber. The paper has been delivered to its readers by boys in town and through country on routes by automobile.

The paper was purchased by Victor Cornelius, and he states the intention is to give the people of Eastland county a first class weekly newspaper.

Those present were: Miss Steffens, Mrs. R. S. Peery, Mrs. Floyd Coffey, Mrs. O. D. Strahan, Mrs. Greene, Mrs. Bryan Bennett, Mrs. Bud Strahan, Mrs. S. E. Strahan, Miss Missouri Strahan and Mrs. Norman Coffey.

The Cottonwood Club will meet with Mrs. Bud Strahan Friday afternoon May first, at 2:30 p.m.

METHODIST YOUTH FELLOWSHIP RALLY

On Tuesday night of this week about 125 young people of the Cisco District gathered at the Eastland church for a banquet supper and a wonderful period of fellowship study, recreation and worship. Conference officers from Fort Worth and Dallas were present to lead the interest groups and stress the Summer activities, especially Camps and Assemblies.

WOMAN'S SOCIETY OF CHRISTIAN SERVICE

The Woman's Society of Christian service program at its meeting this week was as follows:

Music, "I Live For Him".

Hymn: "What a friend we have in Jesus."

Devotional by Mrs. W. P. Yarborough.

Mrs. Milton Slayden, a delegate to the first Annual Conference of the Woman's Society of Christian Service which met April 15-17 at Corsicana, gave a part of the report and she will continue the report next Tuesday. The theme of the conference was "Christ" the light of the World."

There were five missionaries who spoke during the conference.

Mrs. W. P. Yarborough and the recommendations of the Spiritual Life Message.

Mrs. Hugh V. Smith, Sr. read the recommendations of the Christian Social Relations and social church activities.

Mrs. Hugh V. Smith, Sr. read the recommendations of the children's work.

Mrs. Milton Slayden told about World Federation Program.

Song: "A prayer for peace."

Benediction, Mrs. C. F. Davis.

Spring is that season of the year when you return your neighbor's snow shovel and borrow his lawn mower.

Men 45 To 64 Will Register For Non Military Service

The fourth inventory of the manpower of the United States of America will be taken Monday, April 27, as men from 45 to 64 are registered for non-military service.

Announcing the distribution of instructions to Texas local boards concerning the April 27 registration, General J. Watt Page, State Selective Service Director, said recently that plans are under way to register approximately one and one-half times the number of men who were registered in the third registration.

General Page pointed out that although the men affected by this registration are not for military service under the Selective Training and Service Act of 1940, as amended, they will be registered in much the same manner as men who enrolled in previous registration.

Local boards will conduct the registration with the assistance of volunteer registrars, and will record the same information on registration cards as was required in the first three registrations.

Registration cards will be buff in color and there will be no substantial change in form.

General Page pointed out that since registrants who were forty-five years old or over on February 16, 1942, are not liable for military service, there will be no National Lottery and no order number will be assigned, although the registration cards will be serially numbered by local boards.

COTTONWOOD CLUB MEETS ON FRIDAY IN STRAHAN HOME

Making useful and attractive slip covers for furniture was the demonstration given by the agent, Miss Ellen Steffens, to members of the Cottonwood home Demonstration Club Friday afternoon, April 17, in the home of Miss Missouri Strahan.

How to estimate yardage for material needed, blocking out pieces and cutting an accurate pattern were some of the features shown.

Slip covers have three uses namely: as a protection, in place of upholstery, and as a decorative asset. The ideal slip cover fabric should be pre-shrunk fast color and easy to tailor as well as serviceable and decorative; emphasized Miss Steffens.

Those present were: Miss Steffens, Mrs. R. S. Peery, Mrs. Floyd Coffey, Mrs. O. D. Strahan, Mrs. Greene, Mrs. Bryan Bennett, Mrs. Bud Strahan, Mrs. S. E. Strahan, Miss Missouri Strahan and Mrs. Norman Coffey.

The Cottonwood Club will meet with Mrs. Bud Strahan Friday afternoon May first, at 2:30 p.m.

Cross Plains Boys Make Fine Showing At District Meet

Moony Scott became the first Cross Plains boy in history to win first place in a track and field event at the district U.L.L. meet, when he raced in ahead of all other contenders in the 440 yard dash. His time of 52.5 seconds was the second best recorded in the state at district meets. In addition Moony also copped second place in the 220 yard dash. He will go to Abilene Saturday to enter regional competition, if he places first or second there he will be sent to the state meet at Austin.

On the literary and forensic side of competition Cross Plains schools were proud of the showing made by Jack Ripper, Jr., in the seniors boys extemporaneous speaking contest. Young Ripper took second place in a close contest.

This KING of All Cough Mixtures

—Acts Like A Flash

The King of all cough medicines—Buckley's CANADIAN Mixture—has been used for years in over 70% of Canada's homes. Fast working, triple acting Buckley's Mixture quickly loosens and raises phlegm lodged in the tubes—clears air passages—soothes rasped raw tissues, one or two sips and worst coughing spasms cease. You get results fast. You feel the effect of Buckley's instantly. At all druggists.

County Agent Says - -

Pocket Gopher Control

The Situation: Serious losses to food and feed crops grown on a large percentage of sandy soil in Texas result from damage by the pocket gopher. Control of the pest is of first importance in increasing crop yields. The rodent is especially the enemy of peanuts and truck crops.

Control: The most practical methods of control are poisoning and trapping. Where control is sought over a large area heavily populated by gophers, either poisoning or a combination of poisoning and trapping should be used.

Poisoning: As a pocket gopher will put up as many as 75 mounds in constructing its runway, each runway system should be baited at two or three places. Use about one level tablespoonful of poisoned grain, or two pieces of poisoned carrot or sweet potato at each baiting place. Locate the main runway by probing near, or between, fresh mounds. Do not probe too near a mound. Close opening in runway so that no light will enter, but avoid allowing sand or loose dirt to cover the bait.

Poisoned grain for control use is prepared by the United States Fish and Wildlife Service in its cooperative bait mixing plant at San Antonio. It is available to farmers at cost through commissioners courts or farmers' organizations.

Trapping: The specially designed pocket gopher traps when set will fit inside the runway or burrow. A gopher probe or iron rod may be used in locating a runway. The runway should be opened up to allow placing of the traps. Traps should be set as far back in the runway as possible, one heading each way from the opening, and should be staked or tied together with wire. The opening should be left uncovered until after the prey is caught.

Pointers For Texas Agriculture Fertilizer a year old is as good as that newly made, say Extension agronomists. It may cake in storage and have to be broken before use.

Bait mixture of 2 1/2 pounds bran, two ounces paris green, one cupful molasses, one orange or lemon and about two quarts of water should be scattered in areas infested by cutworms as soon as they appear. If the bait dries make three applications at four-day intervals.

To preserve rubber-insulated electric cord, lay it flat in storage and out of the sunshine. Avoid sharp kinks and bends.

As a preventive to coccidiosis, add 2 1/2 pounds of dusting sulphur to 100 pounds of mash and keep it before chicks until they are about 16 weeks old. Begin when chicks are three weeks old and have had access to sunlight (six hours of sunlight weekly is sufficient.)

The 1942 Texas goal for peanuts is 1,056,000 acres, or more than three times the acreage planted the previous year.

Lespedeza will grow on some soils too poor for any clover and on fertile soils too acid for either alfalfa or sweet clover, extension specialists say.

In summer pastures when grass is dry and dormant, lespedeza increases total yield from 25 to 100 per cent.

Whorled Milkweed Poison To Young Turkeys

A mouthful or two of whorled milkweed may kill a young turkey in a few hours. Because of its deadly character, George P. McCarthy, poultry husbandman of the A. and M. College Extension Service, advises raisers to eradicate the plant from turkey ranges before young birds are turned out.

Ranchmen long have known that this species of weed kills cattle, sheep and horses on the range each year, and have destroyed the poisonous plant wherever found. Recently, however, whorled milkweed has been proved a killer of turkeys and chickens as well. Immature, tender milkweed plants prevalent in the spring seem to be more deadly than more mature ones.

A man may have a greasy hat and the seat of his pants may be shiny but if his children have their noses flattened against the window pane half an hour before he is due home for supper, you can trust him with anything you have.

NEGLECT MAY INVITE PYORRHEA

An Stringent Antiseptic that must please the user or druggist return money if first bottle of Leto's fail to satisfy.

Y. A. Orr Druggist Putnam, Texas

In coming months, ranchmen in the extreme west part of Texas may be asked to grow pilot plantings of gaura, the plant from which rubber may be extracted. Areas in California, New Mexico, and Arizona also are said to be suited to the desert plant.

LENGTH OF WOMEN'S SKIRTS ARE DROZEN

Women's skirts won't be going up or down during this war. They're to be "stabilized" at present lengths to save cloth and prevent existing wardrobes from becoming obsolete.

The War Production Board moved into a field today where no husband would dare tread—women's fashions—and issued an order designed to eliminate frills and frumpiness from present dress styles and halt radical fashion changes in future women's clothes.

The order is expected to save millions of yards of cloth annually and make possible production of at least 15 per cent more garments out of the same yardage of cloth.

Here are some of the major things that won't appear in the future on women's clothes: French cuffs on sleeves, balloon and leg-of-mutton sleeves, patch pockets of wool, swirly, pleated skirts of great circumference; long, full daytime skirts and sleeves; wide belts. Also eliminated will be suit and coat ensembles of more than two pieces at one unit price.

The order will not affect clothes for this spring and summer, most of which are already made. The restrictions on woolen garments become effective tomorrow in time to apply to next fall, and winter clothes. Restrictions on cotton, rayon and other materials become effective June 19, when this summer's clothes will be completed. Restrictions on retailers' stocks go into effect August 17.

There were some fields of the feminine wardrobe that even the WPB did not (dare) enter—hats, for example and lingerie. Neither does the order apply to infants' and toddler apparel (sizes from one to four), bridal gowns, maternity dresses, clothing for persons of abnormal size, burial gowns, or robes and vestments as required by the rules of religious orders or sects.

Here's how the new fashion order affects the principal garments of a woman's wardrobe:

Coats:

No cuffs; no wool evening wraps; no wool linings; no sleeves cut on the bias; no belt wider than two inches; no wool cloth lining under for trimming; no hem more than two inches.

Maximum lengths—for size 16 with others in proportion—42 inches for box coat; 43 inches for fitted coat.

Maximum sweeps—for size 16—60 inches for box coat; 70 inches for fitted coat.

Dresses:

No sleeves wider than 14 inches for size 16; no hoods, shawls, capes, scarfs, petticoats, overskirts, or aprons made with dress; no belt or hem more than 2 inches wide.

Maximum lengths -- for size 16—

43 inches.
 Maximum sweeps -- for size 16—78 inches for rayon and cotton, 75 inches for wool of less than nine ounces, and 64 inches for wool over nine ounces.

Evening Dresses
 No overskirts or aprons; no wool evening dresses; no hood; no belt or sash more than two inches wide, no slips with dresses of non-transparent materials.

Maximum length -- for size 16—59 inches.

Maximum sweep—for all sizes — 144 inches.

Suits, Jackets and Skirts

Skirts—no matching or contrasting belts; no wool lining; no hems exceeding two inches.

Jackets—no vents, bi-sweep, Norfolk styles, bias cut sleeves, cuffs, hoods, capes, scarfs, bags or—hoods, capes, scarfs, muffs, bags or vests with jackets.

Length of suit skirt—28 inches. Length of jackets—25 inches. Sweep of suit skirts—wool of less than nine ounces—72 inches; nine ounces or over—64 inches.

Slacks:

No cups, patch pockets, flaps, or belts.

Maximum length—45 inches out-seam measurement, 19 inches at the bottom.

CLOTHING STYLES NOT EXPECTED TILL FALL

Here are the facts on what the recent WPB ruling on men's clothing means.

There have been a lot of stories making the rounds lately about how "strange men are going to look in the new "Victory Models." About men wearing suits with no lapels, suits with extremely short coats, etc.

This order only affect clothing manufactured after March 30. But all clothing, except that which is tailor-made, is manufactured several months in advance, hence there will be no immediate changes of importance in the styling of men's clothing.

Actually, the only thing that will happen to clothing one buys after March 30, is that the trousers won't be styled with cuffs. Certainly a change like this won't cause any hardship on any body. After all, dress clothes never have had cuffs, and cuffless trousers for regular suits have often been accepted style in the past.

Too, coats will be only half an inch shorter, and double-breasted suits can be vestless, which are among the changes for clothing made after March 30. But such clothing won't be available here until early next fall. Two-trousers suits and trousers with pleats still will be available for several months, if they're manufactured before March 30.

I GIVE YOU TEXAS by BOYCE HOUSE

Cynical Sam says, "Charity begins at home—but, in too many cases, it ends there, too."

Along the Bowen route: Down at San Antonio, Frenchy's Black Cat Cafe has a cash register that can ring up a ticket for \$999.999.99. The machine cost \$1,000 and, of course, there's no need in the restaurant of registering such a staggering sum as practically a million dollars but this high-priced register had features not available in a less expensive one.

And your observer never realized that the making of a fur coat was so elaborate until a display at Josk's showed one being made and there must have been at least a thousand pins holding the material in place.

That reminds me of the lady who was looking at a coat made of skunk and she asked the salesman, "Will this be injured by the rain?" He replied, "Madam, I have never seen a skunk carrying an umbrella."

"In all likelihood, Governor Coke Stevenson will not have an opponent," remarks the Clarendon News, editorially, "for if he does, the opponent will be some chap running for publicity with a scant chance of getting warm, since the Governor has made so many friends by his quiet, kindly efficiency. The Governor should be returned to office and Texas voters will see that he is returned by a landslide."

Sign of a Los Angeles book store: "Bring a wheelbarrow and your small change—we mean business!" (If Judge Ralph Yarborough had been out there, there really would have been action for the Austin jurist likes nothing better than browsing in a second-hand book store and emerging from the dark interior with some old, out-of-print precious

WARNING!

We have been advised that a large number of radio tubes will be taken off the list. If you need to replace your weak radio tubes you should do so before they are discontinued. Complete stock of tubes at

Schaefer's Radio Shop Cisco, Texas

The upper class and lower class are lucky. The in-betweeners are the ones who are afraid to let dignity go and have a good time. —Fort Worth Star-Telegram.

STOP Scratching! Relief is quick! For quick relief from itching of eczema, pimples, athlete's foot, scabies, rashes and other externally caused skin troubles, use world-famous cooling, antiseptic, liquid D. D. D. Prescription. Greaseless, stainless. Soothes irritation and quickly stops intense itching. 35c trial bottle proves it, or your money back. Ask your druggist today for D. D. D. PRESCRIPTION.

Regenerated Rubber Heels Shoe heels equal in wearing strength to natural rubber have been perfected by Goodyear research scientists. Actual rubber will be used only by the United States Army, not only for heels but for entire soles. The new substitute heels will be made only in black. They are said to outwear natural rubber.

Mix Lemon Juice AT HOME TO RELIEVE RHEUMATIC PAINS

Money Back—If This Recipe Fails Good news travels fast—many of the thousands of folks who now take lemon juice for rheumatic pain—have found that by adding two tablespoonsful of Ailens to one tablespoonful of lemon juice in a glass of water, they get faster relief for the aches and pains caused by rheumatism, lumbago. It's no surprise either, for Ailens is a 15 year old formula to relieve rheumatic aches and pains. To act—if it does not help—your money back. What could be fairer? Get Ailens today at any live druggist. Only 8c cents—Do it Now

book on Southwestern history).

A motorist was speeding along at 90 miles an hour when he was stopped by a highway patrolman. The driver, injured, apologized, "The officer replied, with elaborate politeness, "Oh, no! You were flying too low."

One of the tricks of Texas loan sharks is to have the borrower sign a check for the amount he promises to pay back on a loan. It doesn't make any difference whether he has a checking account, the lender says—it's "just a matter of form." But if the borrower gets behind in his payments, the check can be waved in front of him and he is reminded of the "hot check" law, which provides stiff punishment for persons who write checks without having a checking account in a bank. Faced with a jail threat, the borrower is an easy victim for a new loan at a still higher interest rate.

The Rockwall Success says that a young widow applying for membership in a certain life insurance organization was asked, "What is your husband's occupation?" Her answer was, "An angel."

Other replies by life insurance applicants:

"Father went to bed feeling well and the next morning woke up dead."

"Applicant has never been fatally sick."

"Grandfather died from a gunshot wound inflicted by an Indian arrow."

"Father died suddenly—nothing serious."

State Banking Commissioner McAdams announces that farm compliance checks hereafter will be mailed out of the regional office in Dallas direct to the farmer. This will make it unnecessary for the farmer to go to a designated town, usually the county seat, for his check—in some instances, making several trips to the AAA office to see if his check had arrived.

SEE SUGAR RATIONING AS AID TO ASTHMA SUFFERERS

The war-time sugar rationing program will have its bright side for asthma sufferers, Dr. Earl J. Drinkall, Chicago physician reports.

Dr. Drinkall told the Western Pennsylvania Osteopathic Association that asthma sufferers can find great relief by total abstinence from sugar and sugar products.

Sugar aggravates asthma, he explained, describing the breathing difficulties of afflicted persons as a "reflex from the action of sugar in the stomach and intestines."

Woman Lives Through 5 Wars BILLINGS, Mont. Mrs. Sarah Vorus, 102, bases her conviction that "war is a terrible thing" on the fact that she has lived through five of them—from the Mexican war of 1849 to the present conflict. Her husband was a first lieutenant in the Civil War, in which she served as a nurse.

Raymond Clark manager of the Clark ranch here is in Fort Worth this week trading in cattle, with a few of buying a few head and putting them on his ranch as they have plenty of grass since the rains.

C. L. Carmon county foreman for the Texas Highway Department was in Putnam Wednesday morning and while here visited with the News for a short while.

The following young people Miss Quintina Wiggins, Gertrude White, Allen Nelson, Theron Byrd, with Rev. and Mrs. Milton Slayden attended a Sub-District meeting of the young people at Eastland Tuesday night.

Y. A. Orr who has been seriously ill at his home for the past ten days, is reported to be improving.

COTTONWOOD

Sgt. and Mrs. Parker Coppinger spent Saturday night and Sunday in the home of his mother, Mrs. T. A. Coppinger.

Mr. and Mrs. Jim Scott of Slaton visited relatives last week.

Charley Coats, Jr., who is stationed at San Angelo spent week end with his parents, Mr. and Mrs. C. W. Coats.

Theodore Nordyke of Tahoka visited with his sister Mr. and Mrs. Jno. Ivy Monday night.

Mrs. Hazelwood and son, Virgil spent Sunday with Mrs. R. G. Coppinger.

J. R. Ramey and Bill Ingram were ordained as deacons Sunday afternoon at the Baptist church. Those helping in service were Rev. E. L. Reden, Rev. C. E. Poe, Rev. Posey, Rev. Van Peit, Rev. Bell, F. W. Respass, Alton Tatum and Mr. Brashear.

Floyd Coffey and Lester Bash were Fort Worth visitors Wednesday.

Levi Nordyke of Tahoka spent Tuesday night with Mr. and Mrs. Jno. Ivy.

Judge and Mrs. B. H. Freeland and family of Baird, Miss Leta Coppinger of Abilene and Mr. and Mrs. W. H. Coppinger and son of Cross Plains visited in the home of Mrs. T. A. Coppinger Sunday.

Mrs. N. G. Borden spent the week end with Mrs. Leroy Butler and children.

Misses Reba Waldrop and Eunice Hembree spent the week end in Abilene.

Several from here attended the baccalaureate sermon at Cross Plains Sunday night.

Little Durward Everett was taken to the Baird hospital Wednesday.

THE GLASS AGE

Living in glass house is nothing. Anybody can do it now, by the simple procedure of using glass brick in the walls along with the glass panes in the windows. The walls can be transparent, translucent, or colored, according to taste.

The real wonder is that we may dress in glass clothing. Fiber, glass, made simply from sand, sodium, and other common materials, may be spun into slippers as lovely as Cinderella's. It may also be spun and woven into cloth of various kinds, said to be durable, warm and capable of taking any colors desired.

These facts have been known for some time, but not much practical use has been made of them. With common materials of commerce used up as they may be in the course of this war, we may have a notable development of glass products when it is over.

Another defense machine this country sorely needs is a red-tape cutter.

"What is more pleasant than a cold bath before breakfast?" asks a writer. That's easy. No cold bath.

We aren't yet aroused, but we are at least awake enough to hawl out everybody else for being asleep.

The young lady asked, "Doctor, will the scar show?" He answered, "That's entirely up to you."

You can always trade the present for a brighter future, if you are willing to pay the difference.

A hick town is a place where it's cheaper to feed your neighbor's chickens than to have a next-door enemy.

Mr. and Mrs. J. A. Sharp and daughters Bettie and Winnie were in Putnam Friday evening to attend the school play.

Baboon Adopts White Rat

NEW ORLEANS — Tillie, a one-year-old chincua baboon sold to the Audubon zoo by a seaman, has adopted a white rat. The motherly baboon typically holds the rat against her in a gentle embrace with one arm, and the rat, though small enough to get through the bars, makes no effort to escape.

While we're steam-lining men's clothes and leaving off cuffs and vests and so on, how about neckties, hat bands and coat-sleeve buttons?

Master Draft List For Third Military Registration

Men who registered in the third nationwide inventory of man power may learn their order numbers from the following list. To determine when questionnaire will be received deduct 10,000 from the number. For instance if number is 10,015, the registrant will be the fifteenth man in this county to be sent a military questionnaire. Or if number is 10,380, the registrant will be the three hundred and eightieth man in Callahan county to get questionnaire. The number 10,000 simple denotes third registration.

Vital in Peace — Crucial in War...

Gas shoulders arms for Victory!

TO ARM AND EQUIP our fighting men on land, on sea and in the air—GAS long ago assumed its vital role in production for war. Because it is industry's fastest fuel... quick-heating... clean... flexible... and accurately controllable—GAS is the preferred fuel in scores of industrial processes requiring high-speed precision heat. Throughout the nation as factories speed up the building of guns, tanks, ships, planes, bombs, shells and countless other implements of war—GAS concentrates on the job of meeting the special requirements of wartime production.

and on the home front GAS continues its brilliant, prestige-building record

PREPAREDNESS IN THE KITCHEN is second only to preparedness in the factories and on the war fronts. In these days when meal-planning, food economy and vitamin-saving cooking methods are so important—GAS meets the rigid specifications of wartime meal preparation.

LONE STAR GAS SYSTEM
