Named to Head March of Dimes

George D. Wilson

Appointment of George D. Wilson, Houston businessman and civic leader, as Texas State Chairman for the 1948 March of Dimes was announced today by Basil O'Connor, president of the National Foundation for Infantile Paralysis.

The 1948 campaign to be held Jan. 15-30, will mark the tenth anniversary of the National Foundation, established by Franklin D. Roosevelt to "lead, direct and unify" the fight against infantile paralysis. The March of Dimes each January is the sole support of the National Foundation.

Mr. Wilson formerly headed the trustees of the University of Houston, the Houston Board of Education and the Junior Chamber of Commerce. He has been active in the American Red Cross and served on the Presiding Bishop's Committee on Laymen's Work of the Protestant Episcopal Church. He was 1947 March of Dimes chairman for

In announcing that Mr. Wilson had accepted the state chairmanship, Mr. O'Connor revealed that since 1943 infantile paralysis has taken a tragic toll, with more than 72,000 Americans having been

"Thousands," he warned, "continue to face a long fight for recovery. This summer, fortunately, we had a 'breathing spell' as polio incidence nationally did not approach the awful total of 1946.

"The cost of the 1946 epidemic alone will run to some \$30,000,000, without taking into account the those stricken this summer. We do not know what 1948 may bring, but we must be prepared."

A bank's usefulness to the community in which it is domiciled is largely dependent upon its disposition to serve. Practically all banks have available lendable funds but there must exist a desire, on the part of custodians of money, to channel lendable dollars into productive avenues if a community is to enjoy its fullest measure of growth and development.

We have attempted, here at our bank, to bring about a merger between financial capacity and disposition to serve. Thus we welcome each opportunity that presents itself to render wholesome service to residents of this area.
