

Nothing Can Be Sold At Any Price Unless The People Know It Is For Sale

VOLUME 14

PUTNAM, CALLAHAN COUNTY, TEXAS

Thursday, April 6, 1950

NUMBER 10

From The Editor's Window

BY MRS. J. S. YEAGER

The Library of Congress at Washington is now 150 years old and has the important distinction of being the largest library in the world and still growing. It was back in 1800 that congressmen decided they should have a library of their own in which to keep posted on current affairs and to look up necessary events and happenings of the past.

Our Library of Congress now has more than 8,500,000 books, 125,000 bound volumes of newspapers, around 2,000,000 maps, 11,320,000 phonograph records. The people all over the country take great pride in the fact that practically anything they wish to inform themselves about may be found in this wonderful library.

A clipping from the Wall Street Journal has this to say—It has been predicted that in 50 years the average man will be making \$12,000 a year, and at the rate we're spending, he'd better.

The United States Bureau of Land Management says about 116,000,000 acres of public land is yet unsurveyed in the continental United States.

The Army has recently announced that it has awarded a \$3,117,431 contract to the International Ore and Fertilizer Corp. of New York City for phosphate fertilizer to be sent overseas to occupied areas.

The Christian Science Monitor relates that a newly naturalized citizen whose income was too small to be taxed sent a letter to the Internal Revenue collectors. Inside they found a check for \$25 and a pledge to pay \$75 more in quarterly installments. The letter said in part: "I shall welcome the day when I make enough money to pay taxes."

The collectors kept the check as a contribution.

A husband drew his chair up beside his wife's sewing machine. "Don't you think you are running too fast?" he asked. "Look out! Mind that corner, now! Slow down! Watch your finger! Steady!"

"What's the matter with you, John?" asked his wife, alarmed. "I've been running this machine for years."

"Well, dear, I thought you might like me to help you, since you help me drive the car."

In a secluded corner of their club an actor was being scolded by his wife. "John," she said, "of all the low-down reptiles, I believe you are the worst."

The actor, noticing that a group of friends had taken a table within earshot, quickly broke in with, "Quite right, my dear, and what else did you say to him?"

It is said that the Hague office of the Netherlands National Tourist Office reports that two hotels, each with a 200-bed capacity, are being built in Amsterdam and The Hague. Two hotels in Rotterdam are being enlarged to accommodate 100 additional beds each, and many others are being modernized. These improvements are being made of course to attract tourists, vacationists and other travelers.

General Dwight D. Eisenhower has been elected an associate member of the French National Academy of Moral and Political Sciences, according to reports, and will take the place left vacant by the death of General John J. Pershing.

Henry Wadsworth Longfellow is the only American whose bust is in the Westminster Abbey in England.

Longview, Texas, is the southern terminus of the "big inch" pipe line extending into Illinois.

Edward Everett, famous orator, delivered an address two hours long at the Gettysburg dedication.

SOMETHING FOR EVERYONE—A super market in Caldwell, N.J., is featuring original oil paintings in its windows. Customers look at the pictures which range in price from \$10 to \$100 and, after making a choice, they just pay for it as they would for food purchases.

MRS. VELLA SANDLIN AND MRS. NELL MILLS ATTEND LUNCHEON

Miss Vella Sandlin, Worthy Matron of Baird Eastern Star Chapter, and Mrs. Nellie Mills of Baird, attended a beautiful buffet luncheon in Brownwood Saturday at the home of Mrs. Leona Low, Deputy Grand Matron, honoring the Worthy Matrons of her section.

The buffet luncheon was served from her imported Japanese china. The house and tables were artistically decorated in Japanese pansies. A most enjoyable afternoon was spent. Plans were completed and assignments made for a school of instruction to be held in Brownwood May 3.

Putnam once had an active Eastern Star Chapter organized in 1920 by Miss Mae Cherry, district deputy from Big Spring. Mrs. George Biggerstaff was the first Worthy Matron and the late Y. A. Orr first Worthy Patron. Putnam is eligible to have a

Mrs. Clampitt Is Named President Of Girl Scouts

Mrs. Kay Clampitt was elected president of the Cisco Girl Scout Council at a called meeting of council members and leaders held at the Chamber of Commerce building at 1:30 p. m. Wednesday.

Mrs. J. B. McCombs was elected vice-president, Mrs. Jeff Gregory, secretary and A. E. McNeely, treasurer.

Other officials included Mrs. M. Tabor, organization chairman; Stanley Webb, finance chairman; publicity chairman, Elsworth Mayer; program chairman, Mrs. Delmar Johnston; camp chairman, Mrs. W. J. Tarver; nomination chairman, Austin Flint.

The new officers will assume their duties prior to the next regular meeting on April 20.

Mrs. Bethel Gallagher is the retiring president. She has served since Girl Scouting was organized in Cisco a year ago.

It was announced at the meeting that the area meeting would be held in Breckenridge beginning at 4 p. m. Thursday. A number of Cisco scouts were expected to attend. The meeting will be held at the First Christian Church there and the question of an area board will be discussed.

Kublai Khan's armies were kept constantly at the most rigid training.

Farm Questionnaire Will Ask Many Things, Take Up Much of Your Time

The national census has begun and people who are living in the rural districts are confronted with a questionnaire of more than 300 questions to be propounded when the enumerator reaches you, in a few days.

The questionnaire for people living in town will be different with not so many questions. If you haven't seen one those rural questionnaires it would be well enough that each person secure one and make themselves familiar with the questions. It is doubtful if 10% of the people can answer the questions that are on the sheet and many people could not fill one out. It is doubtful if the writer could fill one in, though we have filled many blanks connected with the war and other government activities.

Thirty-three years usually constitute a generation.

Collision At Clyde Puts 3 In Hospital

In a car collision near Clyde, Mrs. A. H. Vickers is recovering from injuries sustained when the car in which she and her husband were riding was struck by a 1949 Oldsmobile near Clyde Friday morning.

The Oldsmobile was occupied by Johnny Gaines, 28, and Ganell Dunbar, 26, of Cisco. All were treated by the Callahan County Hospital after the collision. Two of Mr. Gaines' sisters were also in the car, Patricia, 26, and Ganell Dunbar, 28.

Patricia Gaines was charged with aggravated assault with a motor vehicle in county court at Baird. Gaines, who Sheriff Pierce said was wanted by Plainview officers, and Patricia, wanted in Amarillo, are being held.

Cotton Producers Face Cut In 1951

Cotton growers who were squeezed by the major cut in cotton acreage and production for 1950, will face another cut of about 4 million acres in 1951 unless this crop falls far below expected production.

Members of the House Agricultural Committee who are at work on a cotton acreage for 1951 that it will probably be necessary to slash another size acreage reduction of all acreage for 1951.

Henry Balderree Heads Census

Henry Balderree, Jr., of Putnam is crew leader of Callahan County in enumerating the 1950 Census filling the place made vacant by the resignation of Mr. Clyde D. Lane of Cross Plains. Other enumerators in the county are: Nila Pearl Fowler, Baird; Gladys M. Wall, Putnam; Beryl M. Lusk, Cross Plains; Helen M. Hass, Baird Rt. 1; Mary J. Campbell, Clyde; Missouri Strahan, Cross Plains; Welton E. Stephens, Rowden; Vella M. Sandlin, Putnam; LeR. I. Munson, Clyde; Gertrude Harris, Clyde Rt. 1; and Bell S. Crook, Eula.

Instructors James F. Longley of Abilene has been conducting a school of instructions Monday through Friday last week, in the basement of the Methodist Church, at Baird. Enumeration was begun Saturday, April 1.

Eastland County Singing April 8th.

Of interest to many Callahan County folk, the Eastland County Singing Convention will convene at the Eastland High School building on Saturday night, April 8, and continue through Sunday afternoon. Many noted singers are expected to attend. Sunday singing will continue until Sunday afternoon.

Henry Carter of Rising Star is president of the convention, which was organized more than 50 years ago. Judge M. S. Long of Eastland is chairman of the committee appointed to handle arrangements. Homer Smith of Eastland is secretary.

A basket lunch will be served during the noon hour Sunday. The public is invited to attend.

Burleson To Send Out New Cookbooks

Congressman Omar Burleson has informed The Press that he has for distribution in the 12 counties of his Congressional district some 3,000 copies of a new cookbook prepared by the Dept. of Agriculture. It is entitled "Family Fare, Food Management, and Recipes."

Mr. Burleson said that the book was prepared with care to offer suggestions and other helps to emphasize the importance of food in health. He said he would send books to all those who write to him for as long as the supply lasts.

Madame Curie is the only person ever to receive the Nobel Prize twice.

Save Time And Effort In BANKING BY MAIL First National Bank in Cisco Member F.D.I.C.

Private Utilities Give Better Electric Service Than Gov't

A short time ago, according to a New York Times account, the chairman of the Tennessee Valley Authority, that the "cry of Socialism" in connection with the issue of public control of electric facilities had been initiated by the "special privileges" group that were unable to show a record of progressive public service.

Going on, he warned that private power interests were trying to buy electricity at the point of its manufacture by the government owned multi-purpose dams so they could sell it over their own transmission lines and "dictate their terms to the consumers."

These are far reaching statements. And it is a matter of the highest interest to analyze them and see just how accurate they are.

First of all, the claim that the utilities have failed to show a record of progressive public service. This is absurd on the face of it. They have pioneered with private capital every major public scientific electric development. They are now engaged in completing the greatest campaign in all their history, with special emphasis on completing the job of electrifying rural America.

During the war, to take particularly outstanding example, they carried the great bulk of the load imposed by war industry, and met every necessary demand.

Second, the statement to the effect that the utilities want to distribute government produced power in order to gouge the consumer shows a reckless disregard of the facts.

When a government dam sells electric current to a private company, the government determines the wholesale price and the company pays it. And when the power is retailed by the company to the consumer, price charged is regulated and dictated, not by the utilities, but state regulatory commissions. The utility is allowed only a small profit on the capital invested, usually about 5%. Government owned electric projects are the ones that are free of all state regulations that protect the consumer, and they are the only ones free to make their own rates.

Finally to say that ownership of our public utilities has no bearing on the free enterprise question is ridiculous. If government controls an absolutely essential domestic, industrial and agricultural service, government can call the tune for all business and all economic activity.

State and local rights of regulation and taxation are destroyed. Political appointees become our masters. And once they are in the saddle, the people have no effective recourse because government business is above the law and taxes applying to private business. Socialism always ends in tyranny. And all deceiving arguments in the world cannot disprove that fact.

Wayne C. Sellers, 34, son of M. S. Sellers of Rising Star, has been named production manager of the San Francisco News, one of the West Coast's largest daily newspapers, it was learned here today. He has been with the Fort Worth Star-Telegram for several years and formerly published a newspaper at Moran.

Young Sellers, who has many friends in Cisco and Eastland County, has been prominent in Texas newspaper affairs. His father is co-publisher of the Rising Star Record.

Mr. and Mrs. J. K. Dau of New Braunfels stopped in Cisco Monday for a visit with friends, Mr. and Mrs. I. D. Strawn. The two men were associated while working in the shipyards in Houston during the recent war.

James Madison agreed to declare war on Great Britain in 1812 if elected president.

Camp Colorado, east of Coleman, Texas, was once commanded by Col Robert E. Lee.

Private Utilities Give Better Electric Service Than Gov't

THERE WAS NO MESSAGE—Claude D. Noble, business-magician from Detroit, Mich., kneels before a crowd as he asks the "spirit" of Clarence Darrow to rap on the lawbook he's holding in Chicago, Ill. Noble had once agreed with Darrow and the late magician Howard Thurston to perform the rite, and the scene is where Darrow's ashes were scattered in 1938. However, nothing happened.

Henry Potter Dies Near Baird Sunday

Henry Potter, age 56, died at the home of a sister, Mrs. Ora Herring, at 11:30 Sunday, March 26, of a heart attack.

Funeral was held for Mr. Potter at the Wylie Funeral Chapel Tuesday afternoon at 3 o'clock with Rev. A. A. Davis of the First Baptist Church at Baird officiating. He was born June 3, 1894, in Dallas, and was a veteran of World War I. Survivors are three sons, Homer and Norman of Borger, and Edward in the Army stationed at Ft. Riley, Kansas; three daughters, Mrs. Elsie Russell and Evelyn Potter, both of Fort Sumner, New Mexico; and Jaukanna of Borger; four sisters, Mrs. Lydia Harper and Mrs. Mary Broek, both of Sweetwater, Mrs. Ethel Watson of Canadian, and Mrs. Ora Herring of Baird.

Burial followed in the Ross Cemetery under the direction of Wylie Funeral Home of Baird.

Baptist Gained 463 New Churches

Southern Baptists gained 463 new churches last year. They now have 27,285 churches and 6,761,265 members, according to an announcement made by Porter Rout, secretary of survey and information for the denomination. They baptized 334,892 new members in 1949. This was 24,666 more than in 1948.

Net gain in church membership for the year was 272,044. Sunday School enrollment was up 3% to 4,643,650. Training Union enrollment was up 14.5% to 1,235,438. WMU enrollment was up 10.1% to 943,135. Brotherhood figures showed 19.4% increase to 142,412. Southern Baptists built \$97.8 million worth of new church property to bring the total value to more than a half billion. They gave \$178,337,307 for the support of the churches last year. This was \$22,762,803 more than in 1948. Mission gifts last year were \$31,316,818.

Wayne Sellers To Go To West Coast

Wayne C. Sellers, 34, son of M. S. Sellers of Rising Star, has been named production manager of the San Francisco News, one of the West Coast's largest daily newspapers, it was learned here today. He has been with the Fort Worth Star-Telegram for several years and formerly published a newspaper at Moran.

Young Sellers, who has many friends in Cisco and Eastland County, has been prominent in Texas newspaper affairs. His father is co-publisher of the Rising Star Record.

Peanut Acreage Bill Signed To Benefit Growers

Signing of controversial cotton and peanut planting bill by President Truman, announced Friday at Key West, Florida, will put \$500,000 in the pockets of Eastland County farmers, business leaders here believed Saturday.

The measure restores for Texas 100,000 peanut acres that had been previously cut off. The increase for cotton will not have any material local effect, it was said, since this country raises very little cotton.

Since Eastland County is the state's second leading peanut county, the local share of 100,000 acres will be large. The increased acreage will be supported in price and it was understood that the harvest would go into peanut oil stock.

4-H Youth Raise 3,000,000 Birds In Poultry Program

Based on the increasing popularity of the National 4-H Poultry Achievement program, 4-Hers should top their last year's record of raising a total of 8 million turkeys, chickens, ducks, and geese.

The enrollment figure in the program is expected to pass the 150,000 mark reached in 1949. County extension agents and local 4-H Club leaders work with the youth, instructing them in the newest methods and approved practices used in poultry and egg production.

The 4-Hers carefully keep records showing production of birds and eggs, and general achievements in other phases of Club work. At the end of the year these records are judged for special honors which will again be provided by Dearborn Motors, program sponsor. Five silver medals will be presented winners in each county; a trip to the National 4-H Congress in Chicago for the state winner; and scholarships of \$300 each to the 10 national champions.

INSURANCE COMPANIES READY TO PAY OFF IN FULL IN GYM FIRE

Adjusters for insurance companies notified Cisco school trustees today that they were ready to pay off the full \$50,000 on the Community Gym that was destroyed by fire here Tuesday night. The insurance had been placed with several companies.

Abilene adjusters told W. C. Hogue, board member, that they were convinced the loss would exceed that amount and that they were recommending settlement on the full face value of the policies.

Hogue and Board Members Wesley Smith and Homer Ferguson, appointed as a building committee, inspected a steel and masonry gymnasium at Miles, near San Angelo, Thursday. They were accompanied by Arlin Bint, O. L. Stamey, Coach Buck Overall, and Edward Lee.

President G. R. Nance of the board said the committee was told that a similar building could be erected here for some \$40,000 — cost of the Miles gym. It is a quonset type building with a masonry front.

Nance said the local board will continue studying the situation before making a decision regarding the type of building to be erected. The board voted Wednesday to replace the destroyed structure in the best way possible.

Free gravel for use in a new building was offered to the board by W. B. Starr, resident of the Dan Horn community. Nance said. He added that an electrical contractor has volunteered to handle the wiring work on a new building at cost.

"The board genuinely appreci-

Sen. LeBlanc Continues Rationing of Hadacol

The continued increasing demand for HADACOL, one of the truly great medical discoveries given to the world by Senator Dudley J. LeBlanc, has made it necessary to decrease the ration allowance on HADACOL from six bottles to two bottles.

"We placed the limit at two bottles to a customer only after trying every other alternative," said Senator LeBlanc. "The de-

ployes are working shifts around the clock but one bottleneck after another comes up. We expect to lick them all but meanwhile we are asking our customers to have patience and accept no inferior substitutes.

"For instance, when I created HADACOL I read every available authoritative medical and drug book in order to use the very finest ingredients regardless of cost. For instance I read on page 234, U. S. Dispensary, 23rd edition, that 'Theoretically Calcium Glycerophosphate should be for many purposes be superior to most other calcium salts because it represents both calcium and phosphoric acid in a soluble combination.'

"Little did I realize when I made Calcium Glycerophosphate a part of the now famous HADACOL formula that in time the demand for this great medical discovery—HADACOL—would be so great that we would use up the entire available supply in the United States of this product. But that is exactly what we have done and great plants throughout the nation are now working to increase their facilities to expand production of this essential ingredient which blends with other expensive products to help so many million suffering people in distress."

Yes, in HADACOL Senator LeBlanc envisioned the medicine that would bring blessings to folks of all ages, and in perfecting this formula he worked in his own small laboratory, sometimes 18 to 20 hours a day. Perhaps others could have placed the same ingredients in a medicine, but it remained for him to develop a formula which contains the most expensive ingredients of their kind. For instance, he uses Vitamin B-6 which costs at the factory \$550 a kilogram, which is less than half a gallon.

"We placed a ration limit of six bottles to the customer several weeks ago but still cannot catch up with production. Our 300 em-

ates these and other expressions of desire to help with a new building," Nance said. "As soon as we know what we can do, we will let everyone know how they can be of assistance."

Prospects Bright For Mississippi Oil In Bankline

Prospects were bright Saturday for the Bankline Oil Company's No. 1 Mrs. Briggs Owens, wildcat test east of Cisco, to be completed as a successful producer in the Mississippi Lime.

A drill stem test in the Mississippi formation, topped at 3,715 feet and bottomed at 3,745 feet, showed considerably gas with oil and oil cut mud. Drilling continued and the hole was 3,895 feet deep early Saturday.

The Ellenburger was topped at 3,890 feet. A drill stem test was scheduled for this formation late Saturday. Earlier tests had indicated production was probable in the Lake Sand.

Location is in Section 48, Block 4, H&TC Survey, L. H. Choate, Cisco, is the drilling contractor. E. C. Johnston's No. 1 Daniels, two miles southeast of Cisco, will drill below 2,000 feet Saturday. It is a Lake sand offset to production. It was understood that Johnston has staked a new location 30 feet from the No. 1 Eppler that was recently lost.

Ministers Plan Sunrise Service

Members of the Cisco Ministerial Association met this week to make plans for an Easter Sunrise Service on College Hill.

It was planned that both laymen and ministers take part in the program.

F. E. Shepherd, First Baptist layman, will lead the invocation. Ernest Hittson of the First Presbyterian Church will lead the song service, and Mrs. Troy Powell of the First Christian Church will be at the organ.

Paul Forgy, Night School band director, will be in charge of special music for the service.

Rev. Cecil Stowe of the Church of the Nazarene will read the Scripture and Pastor Paul Stephens of the East Cisco Baptist Church will bring the message.

Rev. Maurice D. Swisher, pastor of the First Christian Church, will lead the benediction.

Before 1920, the national zoo in Washington was inferior to most city menageries.

The San Antonio Public Library owns the greatest collection of circus mementos in the world.

Control Of Pests Not Easy, But A Clean City Helps

AUSTIN, March 29 — "There is no easy road to the abatement of insects and rodents," says Dr. George W. Cox, state health officer. Frequently people get enthusiastic about the destruction of the insects and believe that if an airplane fly over the town, or a huge fogging machine roll through town spreading an insecticide, the insects will be instantly killed and peace from the nuisance remain forever. This is erroneous and unfortunate, for it creates an unwarranted sense of security, says Dr. Cox.

Before any killing is anticipated, a thorough cleanup of the community should be effected. This means cleaning up the rubbish and garbage and eliminating all insect feeding and breeding places. It might mean the drainage or filling in of wet areas for destruction of the mosquito larvae. When this is done, one will be surprised, according to the health officer, at how few insects will be left to become a nuisance and, perhaps, a public health menace.

Following this, it is suggested that insecticides be sprayed by hand in those places inhabited by the insects. Experience has shown that a 2% to 5% solution of DDT is still the most effective insecticide to use for general sanitation. This is spread to form a thin coat on the surface, where it can remain for future destruction. A spray that will just moisten the surface is sufficient to be effective. Spray only those areas where insects are known to gather, the State Health Department advises.

Census To Seek Poultry Figures

The United States Bureau of the Census will ask farmers in Eastland County about the number and kind of poultry on their farms as a part of the 1950 Census of Agriculture to be taken in April. Poultry and eggs sold and poultry raised on farms will be reported for the calendar year 1949.

Every decade since 1840 and every five years since 1920, the Bureau of the Census has collected information about farms and farm production. More than 3.4 million farms reported poultry or poultry products sold in 1944 totaling more than \$1½ billion according to the 1945 agricultural census. In 1945, there were 274,504 poultry farms having sales of poultry and poultry products in 1944 exceeding \$770 million or an average of \$2,807 per farm.

Farmers raised 971 million chickens in 1944 which had a total value of \$1,005,759,731.

Chicken eggs produced on farms in 1944 amounted to 3,370,577 dozen.

IS IT YES OR NO?—Hollywood rumors are romantically linking actress Shelley Winters and Gene Bearden, ace twirler, to the Cleveland Indians. They are shown together in Tucson, Ariz., where Shelley is on location for a new film and Bearden is going into spring training. As usual, the rumors are being denied by both.

Eight Specific Questions To Be Asked In Census

Only eight specific questions in the 1950 Census of Population will be asked of all individuals when enumerators make their calls at households during April. This was pointed out today by District Supervisor, Donald F. Pulver, in charge of the local office of the United States Bureau of the Census.

The eight inquiries to be made concerning every person will be name, relationship to head of household, race, sex, age, marital status, state or county of birth, and citizenship status.

Two additional inquiries concern all persons 14 years old and over. These relate to employment status and kind of job.

The remainder of the questions will be asked only of a sample of persons, selected by chance according to the order in which their names fall on the census schedule.

For every fifth person, there will be four questions as to place of residence one year ago, country of birth of father and mother, whether attending school, and highest grade attended. For every fifth person 14 years old and over there are four questions on number of weeks worked in 1949, income in 1949, veteran status (males only), and duration of unemployment (if unemployed).

Three other inquiries will apply only to every thirtieth person 14 years old and over in certain categories. One in 30 persons neither working nor seeking work during the week the Census will be asked to report on kind of job last held if employed at any time in 1949. One in 30 persons reporting themselves as ever having been married will be asked if they have been married more than once, and the number of years in present marital status. One in 30 married women will be asked how many children they have borne.

Sanitary Methods In Food Handling Urged By Officer

AUSTIN, March 30 — The Texas State Department of Health's program of teaching the food handlers sanitary methods of preparing and serving food continues to be very popular, according to Dr. George W. Cox, state health officer.

It is one method of attack on that great group of respiratory diseases which include influenza, scarlet fever, measles, whooping cough, and the common cold, the viruses of which are spread from person to person by the excretions of the nose and mouth.

Restaurant sanitation programs have become more necessary because of changes which have taken place in our national eating for most people in Texas and in the U. S. to eat three meals a day at their own table. To "eat out" was an unusual and exciting event. Now, all the family, including the baby, eat out.

In this constant mingling of people to eat and drink there exists a vast and complicated arrangement perfectly designed for exchange of saliva via cups, glasses, spoons, forks, and fingers that go in and out of millions of mouths. There are few hours of the day in any community when these vectors of respiratory and other diseases are not busy.

The prime purpose of restaurant sanitation is to have all dishes and utensils sterilized and to have those who handle or serve food understand and practice restaurant sanitation every day and all the time.

A well constructed suit of armor took three men a full year to make.

Jujitsu means literally "the gentle art."

EXTRA VALUES

EXTRA POWER

EXTRA ECONOMY

Make the **JOHN DEERE Model "MT"** the Outstanding Tractor of Its Class

Add up its extra values—the dual Touch-o-matic hydraulic control, the wide selection of Quik-Tatch working equipment, the real operator comfort, wide adaptability and utility, unexcelled view of the work, and easy handling.

Include the simplicity of design, quality of materials, workmanship, and the smooth lugging power of its two-cylinder engine.

Top this with its amazingly low fuel and servicing requirements—real economy—and you'll be thoroughly convinced that the "MT" is out ahead of the field... truly the outstanding tractor of its power class. See us for full details.

SOFTBALL LEAGUE PLAY TO BEGIN IN MAY; ABC CLUB PLANS DRIVE

At a meeting of the ABC Club Friday evening at the Chamber of Commerce, the first week of May was tentatively set for opening the 1950 softball season. Softball chairman Glenn Boyd, assisted by O. W. Edwards, is formulating schedules for the church league as well as the city league.

The latter group is expected to include Romney, Cisco Junior College Night School, Seranton, West Texas Utilities Co., and other entrants to be announced soon. Sponsors are sought for teams in this league, with many good ball players eagerly awaiting assignment to a team.

A grounds committee headed by H. O. Anderson includes Troy Stewart, Stormy Davis, Jack Everett, and E. H. Cheves. It expects to start in a few days to get the field in shape for opening day. Other committees appointed by ABC Club President Mayor G. C. Rosenthal are: Mem-

bership — Otis Strickland, chairman, assisted by Ralph Glenn and John Webb; concessions — Ronald Rhodes, chairman, aided by Paul Farrow; and finance — Arlin Bint, chairman. W. P. Knight was appointed publicity director.

It was decided to give a share of the first month's softball gate receipts as well as a portion of the membership dues to the gym re-building fund. The building that was just destroyed by fire played an important part in the ABC sports program. The club's basketball tournament that ended recently drew a large group of district cage enthusiasts to the games held in the gym.

An extensive membership drive will be staged about the middle of this month. Efforts will be made to top the record of members achieved in 1948, when 273 Ciscoans were on the rolls. The ABC Club is actively supported by the Cisco Ministerial

Association, the Chamber of Commerce, Lions and Rotary Clubs, all war veterans' groups, and by local schools and Cisco Junior College.

Activities of the club, especially the summer playground programs of 1948 and 1949, brought considerable praise from both local and county civic and business leaders. They pointed out that the club was helping keep juvenile delinquency in the Cisco area at a new low.

Merit Council To Hold Job Exams

Competitive examinations for positions with the Texas Employment Commission and the State Department of Public Welfare will be given on May 6 by the Merit system Council, Clas. S. Gardiner, director, announced in a statement released March 25.

Stenographers are needed in every part of the state, Gardiner declared. Clerk-Typist, Field Workers, Interviewers, and Clerks are needed primarily in the smaller

cities and towns throughout the state.

Key Punch Operators and Tabulating Machine Operators are needed to work in Austin.

Qualifications for these positions vary from high school graduation to college graduation. Appropriate experience may be substituted for education in many cases. The positions of Key Punch Operator and Tabulating Machine Operator require training in the use of these machines.

Gardiner stated that these examinations present to people the opportunity for employment with the state under the most favorable conditions. Work under the Merit rule, he pointed out, leads to permanent employment, with good salary, promotional possibilities, liberal vacation and sick leave, and retirement benefits.

Gardiner said that official application blanks can be obtained from the local office of the Texas Employment Commission or the State Department of Public Welfare, or by writing the Merit System Council, 1000 San Antonio St., Austin, Texas. Applications must be postmarked before midnight, April 15.

BUSTING OUT ALL OVER—Flowers aren't the only things that grow with the coming of spring; blisters burst forth, too, especially at baseball training camps. Gus Mauch, trainer for the N.Y. Yankees at St. Petersburg, Fla., treats a blister on the foot of Duane Pilette, Yankee pitcher.

and Nada Wagley took fifth.

The typing team will go to the regional meet in Dallas on April 22 and Miss Shaver will take her volleyball team to the meet if it include contests of the type.

Members of the volleyball squad include Eula Hildreth, Jessie Warren, Mary Comer, Monte Lisenbee, Dorothy Harlow, Betty Green, Wylene Bint,

Pansy Phippen, Paisy Denton, Nancy Taylor, Billie Green, and Betty Hughes. The first six girls make up the starting team.

The peacock was known in Persia in the time of Omar Khayyam.

CITY GOLF TOURNEY IS SET FOR APRIL 9-30 AT COUNTRY CLUB

Plans were completed Saturday for a city-wide men's golf tournament to be held at the country club April 9-30. Every man in town was invited to enter the play with the posting of a \$1 entry fee.

Qualifying rounds were to start today and all entrants were urged to turn in their entry fee and qualifying score to Erwin Prang at the pro shop by Friday night, April 7.

Regular play will begin Sunday, April 9 and one match will be played each week until the tournament closes.

Flights will be arranged for the different score ranges and prizes will be awarded to the winner, runner-up and consolation winner of each flight.

Country Club officials reported that the course was in the best shape in recent years with the greens in excellent condition. Entrants were assured of a good playing course.

Cisco Girls Win District Honors

The Cisco High School girls' volleyball team took first place in the district meet held in Breckenridge Friday night. They won the honors by defeating the Breckenridge team in the finals two out of three games.

Miss Fern Gurney took three of her typists to the meet and the group took third and fifth places in that contest. The three making the trip were Scrippy Cluck, Nada Wagley, and Bill Mitcham. Scrippy Cluck won third place

Hereford Tour Is Planned For Area

ABILENE, Mar. 28—D. H. Jefferies, well known local rancher and civic leader, has been appointed Tour Chairman for the annual Spring Hereford Tour of the West Texas Hereford Association, it was announced today by Henry Arledge, association president and rancher from Seymour.

This year's tour will be held on May 15 and 16 and a completely different itinerary will be followed, Jefferies stated.

The tour will begin at Stephenville where those attending the tour will be guests of the Central Texas Hereford Association on Sunday, May 14. On the following two days, the many ranchers, breeders, and friends of the association will visit approximately 20 outstanding herds of Hereford cattle in the vicinity of Stephenville, Comanche, Brownwood, Coleman, Abilene, Merkel and Sweetwater, Jefferies said.

Army To Recall Limited Group

Air Force and National Guard Officers on inactive duty will be considered for recall to three years active duty if they meet any one of the following requirements:

If under thirty years of age as of July 1st and with a college degree.

Prior service officers with less than three years of active duty must have an efficiency rating of excellent or better for the last twelve months they were on active duty.

Prior service officers with more than three years active duty must have an average efficiency rating of forty or more if of company grade, or forty-three or more if of field grade, for the last three years they were on active duty.

Interested Air Force Reserve and National Guard Officers who meet these requirements should contact Headquarters Twelfth Air Force, Brooks Air Base, Texas and request application forms.

Personals

Luther-McMillan, former commissioner from the Bradshaw precinct in Taylor County, was in Putnam Saturday afternoon. He is an old friend of the writer having ginned cotton for him during the four years the writer operated a gin at Bradshaw.

Fred Heysler was in Putnam Saturday afternoon and in discussing nail incident that was in the Putnam News, sticks to his story that the nail was 12 inches long, as he measured it. He was questioned as to what he measured it with and he stated he had used Virgil Brown's fishing rule. The incident will be dropped since in telling a fish story, the fish grows one pound each time the story is told. The nail was bound to have been a foot long.

Rev. H. N. Balderes was in Baird Saturday morning transacting business in connection with getting car tags for another year.

J. C. Jones owner of the Washateria, was transacting business in Baird Saturday morning.

Mr. and Mrs. M. B. Sprawls of Fort Worth were out here spending their vacation with their parents, Mr. and Mrs. Will Jobe and Mr. and Mrs. J. D. Sprawls. They will be here about two weeks before returning to Fort Worth. While here Mr. Sprawls set his subscription up for another year. Thanks.

Mr. and Mrs. Owen Cook of Abilene were in Putnam Saturday afternoon visiting in the home of Mr. and Mrs. M. H. Cook.

Mr. and Mrs. Floyd Buchannon of the Union community were visiting with relatives and friends here Saturday afternoon.

Others renewing their subscriptions were Mrs. E. E. Sunderman and Mrs. S. Y. Hamilton of Bayard, N. Mex. Thanks.

Jo Ann Smith of Ranger was here over the weekend visiting with her parents, Mr. and Mrs. D. Smith. She is attending Ranger Junior College.

Considerable interest has been manifested in the school election Saturday, about 100 votes being cast. Fred Cook was elected as county trustee and local trustees elected were Hulian Smith, A. B.

Hutchinson, and John D. Isenhower.

Mr. and Mrs. Roy Williams of Arlington spent Friday in the home of Mr. and Mrs. S. M. Eubanks.

Jack Cook and sisters, Mrs. Bill Ruyle and Miss Lillian Cook of Dallas spent the weekend visiting with their parents, Mr. and Mrs. M. H. Cook, Sr.

Mrs. Zoah Wagley of the Hart community was taken to the Co. Hospital at Baird Monday afternoon for treatment. Mrs. Wagley had an operation and was reported doing well.

Robert McKinney, living on a ranch about three miles east of Putnam reported that everything was getting pretty dry and grain would not make much unless it rains soon.

Miss Cotton one of the county nurses was in Putnam looking after school business in Callahan County Friday.

Miss Jane Clinton, daughter of Mr. and Mrs. Bill Clinton is the new office girl at the Cisco Daily Press. Miss Clinton is well known in Putnam.

Mr. and Mrs. W. C. Yeager of the Dothan community were visitors in the home of Mr. and Mrs. J. S. Yeager the past weekend.

Walter Shirley of Cisco was in Putnam transacting business and meeting old friends Monday morning.

Those attending the funeral of Mrs. F. B. Jones at Baird, a sister of Slim Taylor, were Mr. and Mrs. Slim Taylor, Mrs. F. P. Shackelford, Mr. and Mrs. Bill Taylor, and Will Jobe, and possibly others whose names the writer failed to get.

Rev. Marcus Leveridge who was reared near Scranton, and has been a Methodist preacher for many years died in Corpus Christi Thursday. He was well known in this area having been in the Cisco-Scranton area when he began preaching.

Commissioner I. G. Mobley and John D. Isenhower were transacting business in Baird Friday morning.

Rev. and Mrs. H. N. Balderes

Hundreds Tell Bob Wills Of Hadacol's Numerous Blessings

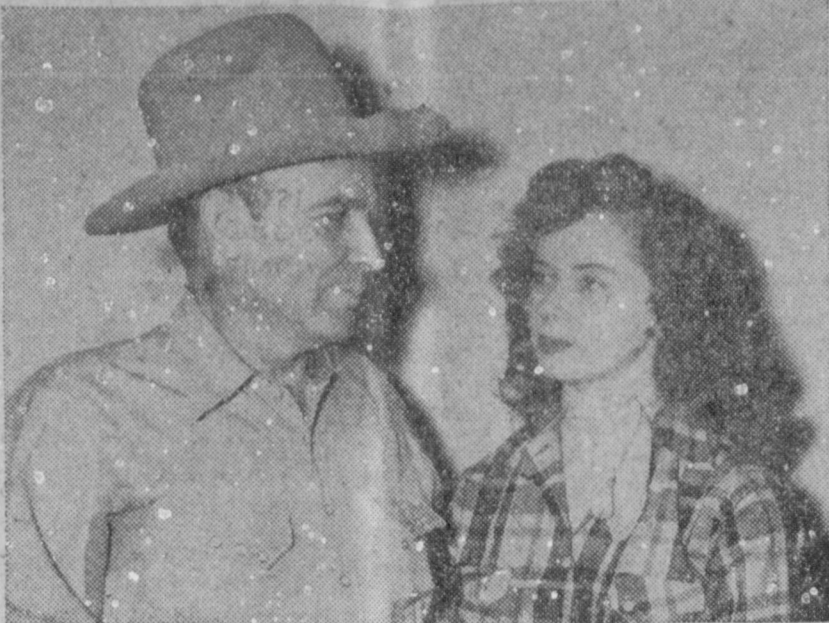

Hundreds of folks, who are benefiting every day from taking HADACOL meet at the Trianon Building in Oklahoma City where Bob Wills, famous band leader, and his Texas Playboys broadcast each noon for HADACOL.

"It looks like all my fans are getting wonderful benefits from HADACOL," said Wills. "It is a real pleasure to broadcast for HADACOL because the folks taking HADACOL are so enthusiastic that I feel like I am performing a real service for mankind." Hundreds have told Wills of the blessed benefits of HADACOL and the following statement by Miss Betty Lou Lobb, 720 College St., Bethany, a well known singer, is a good example.

"I was tired, run down and lost my appetite. I suffered with gastric disturbances. I had tried almost everything but it didn't seem to help me. I had heard about the wonderful results HADACOL had been bringing to so many of my friends. Soon after taking HADACOL I was feeling much better, had no gastric disturbances and had a wonderful appetite. I am no longer nervous. I am sure that HADACOL has helped me a great deal and I recommend it to my friends."

Miss Lobb suffered with a deficiency of B Vitamins and important Minerals which HADACOL contains. A lack of only a small amount of the B Vitamins and certain Minerals will cause digestive disturbances. . . . Your food will not agree with you. . . . You will have an upset stomach. . . . You will suffer from heartburns, gas pains and your food will sour on your stomach, and you will not be able to eat the things you like for fear of being in misery afterwards. Many people also suffer from constipation. And while these symptoms may be the results of other causes, they are surely and certainly the symptoms and signs of the lack of the

Bob Wills Hears About HADACOL'S Blessings

Bob Wills, famous western music band leader, loves to talk with his fans at the Trianon Building auditorium in Oklahoma City about the blessings of HADACOL. In the picture above Miss Betty Lou Lobb, 720 College St., Bethany Okla., a very promising young singer, tells Bob how HADACOL has helped her. Hundreds of folks who are obtaining rich blessings from the precious B Vitamins and Minerals in HADACOL visit Wills each week for his network broadcast, which is originated from KBYE, Oklahoma City, Oklahoma's western music station, and sent over a leased wire to stations, KRMG, Tulsa; KWHN, Fort Smith; KGLC, Miami, Oklahoma; KLYN, Amarillo, and KWPT, Wichita Falls.

B Vitamins and Minerals which HADACOL contains. And if you suffer from such a disorder, there is no known cure except the administration of the Vitamins and the Minerals which your system lacks. HADACOL contains not only one, but 5 of the B Vitamins. HADACOL contains not only one, but 4 of the necessary Minerals. It comes to you in liquid form, easily assimilated in the blood stream so that it can go to work right away. It is easy to understand, therefore, why countless thousands have already been benefited by this amazing tonic, HADACOL. So, it matters not who you are . . . it matters not where you live . . . or if you have tried all the medicines under the sun, give this wonderful preparation a trial. Don't go on suffering. Don't continue to lead a miserable life. Many persons who have suffered and waited for 10 to 20 years or even longer, are able now to live happy, comfortable lives again because HADACOL supplied the Vitamins and Minerals which their systems needed. Be fair to yourself. Give HADACOL a trial. Demand the genuine HADACOL. Accept no substitutes.

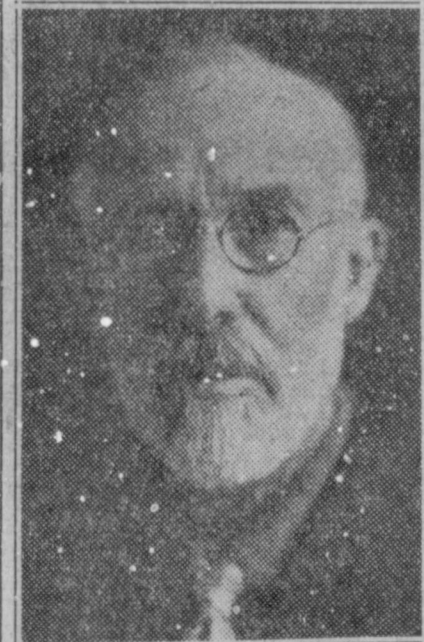

were in Abilene Thursday to meet their daughter, Mrs. Strickland, who is coming home with them for a few days.

J. A. Yarbrough of the Union community was in Putnam Saturday afternoon and in talking about the weather and the grain crop, stated that it was getting pretty dry and thought that it would be doubtful if the grain would make a full crop with rain now.

W. B. Starr Has Spent Fifty Years As Farm and Civil Leader In Eastland Co.

Few men in Eastland County have done more to shape the future of West Texas than W. B. Starr of the Dan Horn community, southwest of Cisco.

The average person seeing the elderly farmer with his snow-

white hair and beard would probably never guess that he has made numerous trips to Austin and Washington in the interest of this area, and many of his ideas have paid off in big dividends to West Texas citizens.

William Burr Starr was born in 1878 at Richmond, Indiana, which was known as "The Quaker City of the West." Mr. Starr has followed in the footsteps of his father, both in occupation and religion. No doubt some of the lessons he learned from his dad have helped to make him one of the most prosperous farmers of the county.

Mr. Starr is still a member of the Society of Friends, better known as the Quakers. He is one of the few members of the Quaker society in this part of the country.

When he was two years old, his parents, Mr. and Mrs. J. W. Starr, moved from Indiana to Southern Nebraska to take over land that had just been vacated by Indians.

He has many fond memories of those years in Jefferson County, Nebraska, although many of them were hard years. It was necessary for him to quit school to help his father on the farm.

Perhaps the most important thing that happened in Nebraska was his meeting the lady who has been his helper and companion for nearly a half century. Mrs. Starr's face lights up with a pleasant smile as she tells of her having known "Wild Bill" Starr since their childhood days in Nebraska. Her father, Dr. W. T. Jeffries, was the Starr family's physician.

On their first date, they went to church together. And then, of course, they would take buggy rides up and down the Nebraska countryside.

For four years, the couple did not see each other. Young William Starr, at 20, went to New York City to accept a job as salesman for a printing company. During these years in the na-

tion's largest city, he got off his high school education.

After he had had enough of city life, he returned to his Nebraska home. Soon he and Miss Jeffries became engaged. About one year later, they were married in Denver by the Rev. B. B. Tyler, the once famous minister of the Broadway Christian Church there.

Four months after their marriage, Mr. and Mrs. W. B. Starr moved to Cisco in December, 1903. Their financial resources were limited, but they were determined to have a farm in Eastland County.

Finally they found just what they wanted — a beautiful half section in the Dan Horn community. It was priced at \$3,200. But the ambitious young farmer didn't have near this much money. In fact, he only had \$200 to make a down payment. He managed to finance the other \$3,000 at 10% interest and soon had it paid off.

The Starrs have spent 46 happy years on this same farm. During these years, ten children were born into their home — nine boys and one girl.

The children are as follows: W. J. Starr of Texarkana, Robert F. Starr of the Mitchell community, James M. Starr of Cisco, the late Jack V. Starr who lived at Scranton, Charles W. Starr of Caldwell, Idaho, Mrs. T. D. Black of Scranton, E. W. and Rupert Starr of Grand Coulee, Washington, Bruce Starr of Baltimore, Md., and Lee Starr, who is now helping his father on the farm in the Mitchell community.

In addition to his farming, Mr. Starr has been very active in the civic affairs of West Texas. He took off from his farm to work two years as secretary of Midland Chamber of Commerce and two and a half years with the T&P Agricultural Dept.

While he was in Midland, the Fort Worth-El Paso Highway Association was organized. Starr was chosen as secretary for the association, and all of the towns along the way helped to pay his salary. He still has a petition signed by farmers and land owners asking that the old highway be put along the same route of the new highway as it has been built from Cisco to Callahan County.

In 1912, Mr. Starr led a group of Eastland County farmers in staging the first fair in Eastland County.

The first load of fertilizer ever shipped into the county was addressed to W. B. Starr. He believes in taking good care of his land as is evidenced by the beautiful carpet of rye and vetch which now covers his 320 acres.

His main annual crop, however, is peanuts. Mr. Starr had a very vital part in helping raise the price of peanuts in Texas, by helping organize the Southwestern Peanut Growers Ass'n, the first association of its kind west of the Mississippi River. The as-

sociation working in cooperation with other such groups in the East was largely responsible for raising the price of peanuts from 25c to 90c a bushel.

Mr. Starr is mighty proud of his cattle, chickens, and turkeys, but he seems to be proudest of his 250 head of hogs.

From one acre of cultivation in 1904, the Starr farm has gradually grown to its present size of 190 acres. Mr. and Mrs. Starr are still very interested in the future of Cisco and of Eastland County. They plan to spend the rest of their year here and say they wouldn't go back North for anything.

People like the Starrs have helped to make America great. With a firm determination and an unflinching faith in God, they have met every difficulty with courage and have found real joy in living by helping others.

In August of 1953, they hope to celebrate their Golden Wedding Anniversary. Their hundreds of friends in this area wish them many more happy years together.

Mr. and Mrs. Pete King and son Edward were visiting Mrs. King's sister and husband, Mr. and Mrs. Joe Burman, in Big Spring over the weekend.

PERFECTIONIST — Actress Mary McCarty, starring in a Broadway musical comedy, is still willing to learn. In her dressing room, she records her dialogue, then plays it back to see how she can improve her performance.
