# Of Japs Are Told

May 11 (AP)-Liberation of 707 Japanese-held prisoners of war by the American conquest of north-central New Guinea was announced today as fresh accounts of the enemy's cruelty toward captives came to light.

Gen. Douglas MacArthur announced that 462 of the liberated Allies were Sikhs, Indian soldiers captured in Malaya by the Japanese early in the war. Javanese numbered 86, and the rest were Americans, Australians, Chinese,

aries and other civilins.

Australian department of informa-

tion as saying they were herded like cattle on an 18-day march

from Singapore, and at one place "we saw a number of Chinese

## **Probe Asked In Postal Salaries**

live to 20 per cent in the salgries of postmasters "fantastic" and un-justified, Senator Reed (R-Kan) oday called upon Postmaster General Frank C. Walker to inrestigate the payment of overtime wages to postal workers during the last year.

Reed filed a minority report attacking the postmasters pay bill, declaring it should be held up and hat "a thorough investigation by the postmaster general will find negligence and incompetency to in extent that will justify the removal of hundreds and perhaps thousands of postmasters now solding office."

The Kansan contended that most postmasters had "outrageously abused" the authority given them by congress in 1942 to pay overtime for Saturday work of postal employes, and said the cost of this overtime had jumped from \$10,396,420 that year to \$67,557,000 in fiscal 1944.

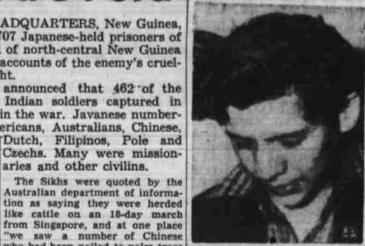

The waste of public money is ndicated, on the reports available, at around \$60,000,000 annually, Reed's report declared.

ndation made last week by a joint senate-house conference committee that postmasters' salaries be raised was an "astounding proposal to reward pumblic ofwho have been negligent and derelict in their duty, with an mcrease in salary."

in the Smith vs. Allwright case Reed said the postoffice departnent estimated the proopsed increases would amount to \$6,012,negroes, Chapman received letters

Postmasters now receiving \$1,- had been extended to Justice 100 to \$2,000 would get a 20 per sent boost, those receiving beween \$2,000 and \$4,000 would get the court as heartily as anyone in was the verdict returned by Jus-15 per cent more; between \$4,000 Texas," Judge Chapman said, "but and \$5,000, 10 per cent, and be- I invited Justice Black to speak :ween \$5,000 and \$7,900 five per before the judiciary division and sent. ## Japanese Launch Major Campaign **Against China**

Concern Spreads As Nips Take Rail Line And Cross River

CHUNGKING, May 11 (AP)-An atmosphere of unconcealed concern spread in China today as Chinese reports told of yet another thrust on Loyang, several times capital of ancient China in northern Honan province, and admitted that the enemy finally had succeeded in gaining control of the full length of the Peiping-Hankow railway linking his northern and central forces.

The Chinese claimed they had repulsed a Japanese attempt at another crossing of the Yellow river near Menghsien, about 25 miles northwest of Loyang.

But they acknowledged that they were battling enemy forces which had forced the river near Yuanchu, 45 miles northwest of the city, and that a third enemy spearhead had pushed along the Lunghai railway to the vicinity of Yenshih, only about 21 miles east of the city.

of the city.

The most important Japanese offensive in China since the successful drive on Hankow in 1938 already had carved out an area of roughly 60,000 square miles of territory, much of it the wheat-growing country, and rich wheat-growing country, and was opening the possibility of a drive on the strategic town of Tungkwan, west of Loyang at the elbow of the Yellow river. Tungkwan is the gateway to the

rich northwest.
The crossing of the Yellow cots of cruelties at the hands of delivery of ships, guns and supplies on time but to this he will in the vicinity of Yuanchu, 45 plies on time but to this he will miles from Loyang, and threatened to outflank the defenders of the ancient city, already menaced by another enemy column only six or seven miles away on the southeast.

The communique announcing that the enemy had crossed the Yellow river said bitter fighting was raging as the invaders attempted to enlarge their bridgehead. The possibility was seen that the Japanese might atand sever the Chinese escape route by dynamiting some of the numerous rallway west of Loyang.

Units of at least six Japanese divisions have been identified in the fighting, as well as numerous other elements, a communique

Nothing comparable to the present Japanese operations, at least in amount of territory involved, has developed since the invaders captured Hankow, then the capi-tal of China, in the fall of 1938 after a bloody campaign which resulted in the removal of the Chinese government to Chungking.

Of the wounded, he said, 37,009 have was received there, the management would be pleased to confer with the heads of the organizarecovered and returned to duty. tion. Some of the latter said to The latest navy casualty report, which includes marine and coast press representatives that under guard personnel, showed 19,221 killed, 12,070 wounded, 9,034 no circumstances would their union participate in a six-hour strike missing, 4,453 prisoners of war. The last previous casualty repurt a week ago listed a total of

by the management union, 197,841, divided 153,302, in the army and 44,539 in the navy.

## Other Ships Attack **Areas Along Coast**

LONDON, May 11 (AP)-American Liberator bombers continued the systematic destruction of Hitler's western railroad system today, bombing three yards in France after Marauders and Havocs had thrown new blows at airfields near Paris and coastal installations.

The Liberator thrust under cover of Lightnings, Thunderbolts and Mustangs marked the return of Britain-based American heavy bombers to the pre-invasion offensive after a one-day lay off.

German radio broadcasts said other formations were over southwest Germany during the afternoon, and Londoners said the ground-shaking roar of bomber formations streaking for Europe in the 27th straight day of the roundthe-clock assaults was the

loudest they ever heard. The daylight armadas fellowed up last night's fourth assault on Budapest by bombers striking from bases

Last night's heavy and medium bomber attack on the Hungarian capital came close on the heels of daylight blows yesterday in which more than 3,000 Allied aircraft winging in from both Haly and Britain poured some 4,500 tons of bombs into Europe.

The air ministry announced that RAF heavy bombers in strength last night attacked railway yards at Lens and Lille, and France, and at Ghent and Courtra!, Belgium, while other bomber formations struck at Military objectives on the French invasion

Speedy mosquitos carrying 4,000 - pound bombs also raided Ludwigshafen, Germany. In other aerial operations, the communique said, British planes laid mines in enemy waters.

From all of the overnight op-

erations, the ministry announced, 15 planes were reported

It was the second straight night that the RAF sent heavy bombers against mysterious emplacements the Germans have thrown up to attempt to block Allied invasion

The air ministry said the big night - flying bombers concen trated on one coastal objective this time, whereas on the previous night seven were hit by as many task forces, suggesting that whatever the objective might have been it was considered of sizable dose of explosives.

Yesterday was the first time in 17 days that a full day ha passed without Bratain-based heavy bombers hitting some part of Hitler's domain.

However, planes flying from British bases spent the day me-thodically blasting at rail centers and airfields in France and Beigium as the massive aerial softening - up for the coming invasion progressed.

To date at least 46 different rail targets in Germany and the occupied countries now have been on the night forsy against Budabombed - some of them several times - in 152 attacks made day and night since Allied air units began working on these supply lines March 2.

## Hit Budanest In Night Raid

Naples, May 11 (A)-Allied bomb ers from Italian bases swept inte Hungary last night and attacked Budapest rounding out about 2, 000 sorties by the Mediterraneas Allied air forces during the day and night, it was announced to

The night attack followed daylight raid by medium forces of American heavy bombers against a German aircraft factory at Wien er Neustadt, in Austria neat Vienna, and against the Yugoslav railway center of Knin, a communique said. Thirty-three Allied planes

were reported missing from all the operations. At least 13 enemy Aircraft were destroyed by escorting fighters, but the communique said "bomb-er claims have not been evalu-

The Budapest attack was exe cuted by both heavy and mediu

In other daylight raids medium bombers kept up their attacks on bridges and viaducts on the main railway line between Rome and Florence while fighter-bombers and light bombers hit similar tar-gets south of the Italian capital.

In attacking the Wiener Neustadt alreraft factory and an airfield near Vienna, a force of be-tween 250 and 500 Flying Fortresses and Liberators fought their way through approximate-

Escorting fighters knocked down 11 of the Germans, it was offiers bagged an additional number not immediately totalled. Many German planes also were destroyed aground on the Vienna airfield, it was announced.
The total of 33 Allied planes

lost included 29 bombers and three fighters on the mission into Austria and one RAF Wellington

## French System Of Travel Vital

LONDON, May 11 (P) - The importance of France's transport system in the impending invasion of western Europe was empha-sized by both the Allies and Germans today as the London radio urged the French to keep off the highways after the attack starts and Vichy repeated that passenger train service would be cut Monday to facilitate troop movements.

The Allied request to French civilians was made in a BBC broadcast of invasion instructions. It stressed that troop movements must have right-of-way.

The announcement by the Ger-man - controlled Vichy radio of the forthcoming passenger train reduction, made originally three days ago and reiterated today, caused many in London to wonder whether the Nazis were seizing the remnants of the bomb-riddled railway system for what it was worth in helping to main-

The latest German guess on when the Allies will strike is Monday, the same day the French train service change is effective.
Called in last night as window
dressing for a Berlin broadcast
on anti-invasion preparations, an
astrologer intoned:

"The seventh day after the full moon often sees casualties and death." Monday is the seventh day after the full moon.

with unsanitary brooder houses.
If your losses were from the chicks getting chilled, you could By RHEBA MERLE BOYLES

Co. Home Demonstration Agent Now that spring is here, a moth would like nothing better than to have saved most of them by giving them a dose of epsom salts, helping them get rid of the feed set up housekeeping in a wool dress at the back of your clothes

If the trouble was pullorem This No. 1 enemy of your valdisease you might have avoided it uable woolens is likely to be in almost any house at any time of again you might have prevented most of the losses by careful daily sanitation, and the destruction of year. And right now, moths are

hunting food. week. Pullorem disease is given but if a wool dress, suit and coat the mother han at the egg from hang unused in Ordinarily moths don't bother long, the moths will seek them contagous among chickens until out. The best preventor for moth they are over two weeks old. damage is to store your woolens Thus you may buy 100 chicks, two of which have pullorum disease. months.

These two will give to the others Frequent airing and brushing. and you may loose half of them within the first three weeks. This disease is spread in little chicks by the droppings. Hence any cleaned. That kills not only the by the droppings. Hence any cleaned. That kills not only the droopy chicks should be taken moths but the eggs and larvae as out as soon as they are noticed, well. So does washing with a and the brooder house cleaned of strong solution of neutral soap, if droppings every day the first your clothes require that kind of week. A sun porch floored with treatment. Then store your woolhalf inch hardware cloth can be ens in a dust-proof and mothused for feeding and watering proof bag or box. You can buy Then, it the brooder house is these bags and boxes, or perhaps dark inside, there is very little you can make them yourself. Another important thing is to

store your woolens in a dry place . . and as cool a place as your house affords.

Now for some clothing-conservaweeks old another disease usually tion reminders that will be good makes its apearance. Coeldiosis anytime. . . . Buying a good stiff-may be brought about by damp bristle clothes brush if you haven't one already. Brush your clothes both on the inside and out. Air your clothing frequent-ly, and don't overcrowd things in your clothes closet, for fresh air gives life to wearing apparel. Finally, it's a good idea to give your clothes frequent rests. A 24hour rest adds life to a suit or dress and reduces the amount of necessary pressing.

#### Lard Or Syrup Bucket As Milk Pail Means **Trouble Invitation**

COLLEGE STATION, May 11-Families who still cling to the old practice of using syrup or lard bucket as milk pail are inviting trouble, for these are difficult to clean and furnish hiding places for basteria. In addition, these buckets with a rim around the top

seamless, small-topped or hooded milk pail is recommended by the Texas A. and M. college n service. pail is not available, a seamless straight-edge one certainly should be provided, says Gladys Martin, extension specialist in home

dairying. Another important piece of equipment necessary to clean equipment necessary to clean milk is the strainer. Select one which can be cleaned easily and which is large enough to take care of the milk produced, Miss Martin advises. She considers preferable the strainer in which a cotton filter pad can be used. The pad should be used only once, then discarded.

Use of chlorine water to act as a sterilizer also is essential to the proper handling of milk. Following their use, milk utensils first should be rinsed with cool or lukewarm water, Miss Martin explains. Using hot water cooks the casein in the milk and makes the containers hard to clean. Next, wash the buckets, strainers, and bottles with hot water and an alkaline washing powder. Use a stiff brush, for it will clean much better than a dish rag and soap.

After the bucket, strainer and milk containers have been washed they should be rinsed with boiling water and turned wrong side up to dry. They should not be wiped. Just before starting to milk, rinse the utensils in the chlorine solution to sterilize them. This practice costs only about a half cent a day, Miss Martin estimates.

Sixteen million of the 22 million victory gardens needed this year are expected to be in cities, small towns and villages.

#### **Food Optimism Jolted By Report**

WASHINGTON, May 11 (AP) Official and public optimism over the nation's food situation got a jolt today from an agriculture department crop report telling of serious delays in spring planting throughout much of the country. In a report issued less than a department declared flatly that hoped-for 1944 acreages can no ably cold weather.

four weeks behind normal, and because of labor shortages, of needed repairs for farm machinery, and other obstacles farmers will be unable, the department said, to make up the lost time. The planting situation will have

Hogs 2,800; fairly active and since supplies at the moment are ited with a son-in-law, Pvt. The steady; good and choice 200-270 in excess of demands and storage as Daring who is stationed facilities.

A poor crop season this year would be reflected in reduced supplies later in the summer and in the fall and winter. Officials concede that it would be wise to hold some of present consumption for the future, but they point out there is not sufficient storage cerning Mt. Vesuvius and its last facilities, particularly for perish-

Crops that may be affected serioldy by the delayed farm work include oats for livestock feed, corn, cotton, rice, tobacco, beans and vegetables for canning and

## Rate A Point For Pride

Sale of the city's \$400,000 waterworks develop ment issue for a record low rate of interest doubtless is cheering news to every municipal taxpayer. It ought to be a point for pride as well,

After all is figured in, the rate of interest for issue is 1.61 on the average. Although these bonds are optional at or after 10 years, there is little prospect that this issue ever will be disturbed at this rate of interest which is well below the 1.75 per cent with which we were so pleased in 1941 when we floated a \$25,000 airport bond issue.

While it must be admitted that now is a most propitious time for entering the bond market (mucipal issues being almost non-existent, there is more than a favorable market behind the rate which the city obtained. It should be remembered that the city, so far as bonded indebtedness is concerned, is now something better than 20 per cent of the amount of assessed valuation. Normally this would be cause for many bidders either being wary raising their rates to care for whatever element of risk was involved

Offsetting this, however, is the city's record of never having defaulted on any tax bond payment. The record has been so good that with the exception of the depression days, City of Big Spring bonds have commanded a premium. Added to this is a sound financial condition which must have had a persuasive effect on bidders-for virtually every bid offered was a good one.

One could only wish that all our bonds in the past had been issued on a callable basis after a given number of years. Had it been so, Big Spring today could refund its bonded obligations at an interest savings of about a quarter of a million dol-

But alas it is not so. We shall have to be content with our current good fortune and with the extending of commendations to those who contributed to a record which made it possible.

#### Let Patton Fight

If General Patton had deliberately tried, he could hardly have produced in small compass a bigger batch of propaganda for the Nazis, the Japanese and the Chicago Tribune than he did in his speech opening a club for American soldiers in

But others will hardly accept as settled government policy the thoughtless bombast which came out the first time the general has had a chance to blow off since the unhappy soldier slapping incident last July. United Nations efforts to win the war and organize the peace will not be thrown askew by any assertion that Britain and America

are destined to "rule the world." If the Sloux tribe were asked to provide an Indian name for the General, they would doubtless come up with something like "Chief Poot-in-General Patton fights well; his superiors should keep him at it.-Christian Science Monitor.

## The War Today

by DeWitt Mackenzie

Allied bombing and other preparations for D-

Day are slipping rapidly towards their peak. It's evident that we are approaching the peak of preparedness. That's true not only in the invasion zone but in all other European theatres. For this greatest land-water-air operation of history ("triphibian," the phrase-coining Winston Churchill calls it) is to be supported by the coordinated, all-out efforts of every fighting unit that can lend a useful hand, wherever it may be.

Everything seems to be gauged by its relation to D-Day. The recapture of Sevastopol normally would have the world on tiptoe of excitement, since it has everything that makes for drams.

Yet we measure its fall by its relation to the invasion of western Europe.

The two events are related in a big way, for the recapture of this strategic Black Sea naval base was essential to the perfect functioning of the great Russian war machine which will come into full action again as the Allies strike in the west. The Russian fleet now will be able to give full cooperation to the projected Red offensive through Romania into the Balkans, even landing reinforce-

ments on the Romanian coast if necessary. Meantime the Red armies are getting set on other fronts for the concerted onslaught against Hitler's fortress, and the fall of Sevastopol will ex-

Over in Italy, too, there are signs of Allied op- By ROBBIN COONS erations to support D-Day. The Hitlerites are looking for offensives both on the Cassino front and from the Anzio beachhead.

Berlin, feverishly trying to check on the invasion machine, reports that the southeastern coast of England swarms with troops ready to embark, and that a huge invasion fleet is assembled in channel ports. Of course, the Allies don't take the trouble to deny that. You can keep D-Day a dark secret, known by perhaps six or eight people, but you can't hide thousands of ships and hundreds of thousands

It needs no imagination, either, to believe that the greatest armada of warships ever assembled is ready for the titanic task of convoying its precious army of invasion to the hostile shores.

By and large, the universities to date have trained their students in educational or vocational compartments and have given them only the vaguest notion of American democracy.-Dr. Robert G. Sproul, president University of California.

Prices of farm products have been keeping pace with costs.-William I. Myers, New York State College of Agriculture dean.

TO THE SECRETARY OF STATE,

Austin, Texas.

BE IT KNOWN THAT W. K. Roberts of Snyder, Scurry County,
Texas, has heretofore adopted and used a certain—LABEL.

\*LABEL TRADEMARK, DESIGN, FORM OF ADVERTISING, OR
NAME, and herewith files the same for record in the Office of the Secretary of the State of Texas, as provided in Articles 843 to 851, inclusive, Revised Statutes, 1925.

1. Facsimile in duplicate of said label, design, imprint, etc., is heretofore attached.

1. Facsimile in duplicate of said label, design, imprint, etc., is heretofore attached:

2. The purpose for which this label, design, etc., or class of merchandise on which the same has been and is to be used is to be used by me as agent for buyer and seller of goods, wares and merchandise, real estate, live stock, implements, etc., in the State of Texas.

3. This label, design, etc., has been used by applicant since the 1st day of July, 1941.

By W. K. ROBERTS.

("Strike out subject not applicable to your application.")

1st day of July, 1941.

By W. K. ROBERTS.

('Strike out subject not applicable to your application.)

THE STATE OF TEXAS

COUNTY OF SCURRY

I. W. K. ROBERTS, being first duly sworn deposes and say that: I am the applicant herein, and am authorized to make this affidavit and certification in this behalf. I have read the above and foregoing application and know the contents thereof and the facts set out therein are true; that said applicant is the sole owner of said label, design, and has the right to use the same, and that no other person, institution or organization has the right to use the same, either in the identical form or resemblance thereto, such as would calculate to deceive or mislead the public; that the two facsimiles herewith are true and correct.

SUBSCRIBED AND SWORN To before me this 12th day of February, 1942.

RAY STURDIVANT Notary Public in and for Scurry County, Texas.

Bill Brookshire, Howard County Manager Room 1 and 2, State National Bank Bldg, Big Spring

learned the latest trends of hair

styling, and demonstrations show-

ed that upsweep waves are strictly the thing this spring. Not only do they add charm to the personal appearance of any woman, but they can be waved flatteringly to any shaped face whether it be

oval or slender. Flat-top styles were shown for school girls as a decided accent on youth. During the meeting hair styl-

methods in giving facials and scalp

treatments were featured. Cold

on an entire morning or afternoon schedule. In case appointments

Nabors' has strived to give

prompt service and will continue to do so, and according to Mrs.

Nabors "we feel that we owe so

much to our customers for their help during these busy days.

Now employed at the beauty

salon are Ora Cook, Iva Zelle

Cardin and Betty Lou Burns, all

attended.

Real Service is available at the C. L. Tidwell Guif station at 511 E. 3rd where automobiles may have needs of oil, gasoline, tires or batteries filled promptly. The station's lubrication department is widely known, and many car operators find the pick up service on flat tires especially welcome in these days when old tires are wearing rather thin. daily shoppers find the answer to their needs in this department. People with goods to sell also find that Rix's is invariably a good market for their furnishings.

Long a popular feature, the repair department continues to en-joy wide patronage, for more and more people are having favorite chairs, tables, vanities, etc. repaired and refinished to where they look an dserve as well as though they were new.

Still another Rix service - and one with which some people are not familiar-is machine repair, J. M. Lee, an expert and veteran craftman in this field, is associate ed with the store and can work with any type of sewing machine,
