Schools Launch Adult Classes

First Methodist Church will be host to eight area churches for a Christian Workers school starting today and ending Thursday night, the pastor, the Rev. J. Frank Peery announced. Mr. Peery will serve as dean of the accredited school. Churches participating, in addition to the host church, are Bovina, Dimmitt, Earth, Lazbuddie, Oklahoma Lane, Sudan and YL. Teachers include Mrs. John English, Snyder; Mrs. Harold Morris, Anson; Mrs. J. E. Shewbert, Dumas; Mrs. Katy McMillan, Levelland and the Rev. Alby Cockrell, Brownfield pastor.

Ralph Stevenson, director of special programs for Muleshoe schools, announced this past week that adult education classes are to be started immediately. Those interested in enrolling were asked to be in room 14 of the senior high building at 8 o'clock next Tuesday evening. The courses will be non-credit.

Areas in which it is estimated there will be sufficient demand to warrant holding classes are business, woodworking, mechanics and Spanish.

The minimum class size will be ten (10) students. In order to insure that those who enroll for the classes will be able to receive sufficient individual help from the teachers to make their time and investment profitable the maximum class size will be limited to fifteen (15) in the shop courses, twenty (20) in Spanish, thirty (30) in typewriting and fifteen (15) in other subjects.

A class in Spanish will be offered on Tuesday nights from 7 p.m. to 9 p.m. Alternate time for the Spanish class, if it suits better the needs of class members, will be Thursday nights.

Typewriting classes will be offered from 3:45 p.m. to 5 p.m.

2 Killed, 12 Hurt In Bailey County August Crashes

Bailey county's highway accident record for August was one of the worst in years, but highway 84 (Killer 84) got the dubious honors of leading the accident slate. Two were killed and 12 persons were injured during August, the Texas Highway Patrol announced this past week. Altogether, the county had nine accidents. Property damage ran to \$9700.

Thurman Keeler, Patrol Supervisor for this area, said the first eight months of 1966 showed a total of 41 accidents, resulting in three deaths and 30 persons injured. Total property damage for the eight months ran to \$43,295.

Motor vehicle inspection period for 1967 opened September 1, the period will end April 15 next year.

For August, Hale county had 21 accidents with 11 persons injured and property damage of \$15,845. Lamb county reported 18 accidents, 15 injuries and \$10,650 in property damage. Lubbock's August record was one death, 47 accidents, 35 injuries and \$47,125 in property damage. This was for rural roads. Only Hockley county had 12 accidents, one death and nine injuries. Property damage was \$6315.

Cochran county had three accidents, one death and three injuries with property damage of \$3800.

Senior Citizens' Meeting Slated

Muleshoe Area Senior Citizens Organization (MASCOC) will hold its September meeting tomorrow in Fellowship Hall of First Methodist Church, the coordinator, the Rev. J. Frank Peery said Saturday.

Feature of the 2-to-4 p.m. session will be a talk by Freddy Jack, Highway Patrolman for this county, who will speak on safety for senior citizens.

Bill Moore will read poems for the group, and singing will be included on the program. Refreshments will be served.

No School Tomorrow!

School doors in Muleshoe will be closed tomorrow, but it will be a big day for school children of all ages, anyway.

Because they will be in Lubbock attending the South Plains Fair, Muleshoe high school band, under the direction of Bob Breckenridge, will play in the parade, and just about every other pupil from Muleshoe who can get word to Lubbock for the day will be watching the parade — and visiting the fair.

PUSHING & PULLING - Muleshoe Boy Scouts have been putting (see inset) reading "Push for United Fund" and "Pull for United Fund" on front doors to businesses. Mules 7 --- Mustangs 0

Muleshoe Mules ran a single touchdown into a 7-0 victory over the Olton Mustangs Friday night, but the score should have been much higher for both teams. Fumbles, near-scoring, and more fumbles highlighted the game which dragged through 2 hours and 15 minutes of hit or miss playing.

First one team and then the other would get into threatening territory only to get butterfingered and lose the ball. The little routine was repeated over and over from the opening whistle almost until the final play.

The first half had been a see-saw battle with both teams making four first downs but neither being able to rack up a score on the scoreboard.

In that stanza, too, the Mules got one of their first big breaks when the Mustangs failed to signal for a fair-catch after a Mule punt. An alert Mule fell on the oval and the Mules found themselves within 12 yards of the Olton goal when the quarter ended.

But the Mules were held to a 22-yard run. However, the Muleshoe threat died when a pass from Quarterback Andy Stovall intended for Billy Darnell went awry and was snagged by Olton. The would-be Olton drive died at the end of the half.

The third quarter was rocking along when the Mule tally-

First Phase Will Start 'Very Soon'

Contract for the first phase of a motel, restaurant and shopping center complex just west of Muleshoe which eventually will total more than a quarter million, was let this past week, it was announced by Mr. and Mrs. Lawrence (Bill) Shankles, the owners.

Successful bidder for the first phase construction was the M. E. Lee & Son contracting firm.

The initial contract calls for Phase 2 will be built later and will include an elaborate restaurant and swimming pool. The complex will be known as the Muleshoe Ranch Inn.

The mobile home park will be located on the other end of the six-acre development, Lee said, and will be for "permanent" mobile homes. Later an over-night mobilehome park will be built to provide private accommodations for trailers on the move and for campers. The later facilities will include showers for the overnight campers.

Construction will get under way "as soon as the present corn crop is cleared off the land," the Lee firm said. A spokesman for Lee said he expects the actual construction "to get under way within two or three weeks in time for completion before the end of the year."

Dream Came True, He's Back on Farm

Farmers Home Administration put two of its borrowers on display yesterday in the Needmore area, and revealed the story of how each had been saved from financial ruin through the lending agency which puts out its money only where the usual agencies say "no!"

One was a young farmer who had been born and reared on the farm, but had left the ground to this farm about 10 years ago, it was unproductive and few people thought he could succeed.

With Farmers Home Administration financial and farm management assistance and through much help, Mc-

in Bailey County made up this year's itinerary. John C. Kennedy is the Bailey county supervisor; he headed the tour which had been postponed a week because of rain.

Here's the FHA's own story of the two farms visited:

First, the group visited the O. E. McMakin farm nine miles south of Muleshoe, when McMakin, his wife, and sons moved to this farm about 10 years ago, it was unproductive and few people thought he could succeed.

The other was a farmer who had been kept in the farming business after his farm had virtually wiped him out.

2. Do you favor the retention of the 7% investment credit on the purchase of new equipment?
3. Are you in favor of our present policy on equal distribution of surplus fresh water?
4. Do you favor representation on the school board from all areas of the school district?
5. Do you think our school bus service could be improved?
6. Are you in favor of more junior colleges and having a

She gave a short resume of the history of federation and said that at the present time there are 11,000,000 women in the General Federation.

Mrs. Cummings has also asked that the Hi-Plains Center for retarded children at Plainview be supported as one of the main projects for the Caprock District during her regime.

'Try Pimentos' As a Meat Dish

Mrs. R. O. Gregory ...reveals recipe

Mrs. R. O. Gregory gives fried pimentos as her favorite recipe. She names cooking and sewing as her hobby and is a member of the First Methodist Church, Wesleyan Sunday School class, Mary Martha Circle, Muleshoe Study Club and The Friends of the Library. "This recipe," says Mrs. Gregory, "can be used as a meat substitute."

FRIED PIMENTOS

1 can pimentos drained and cut in half. Dip pimentos in butter or pan cake batter consisting of 1 egg, dash of salt and 1/4 cup milk, adding enough flour to make batter thick. Fry in enough fat to cover

pimentos; when browned on both sides, lay on platter in single layer. Put slice of cheese on each pimiento, heat 1 can tomato sauce to boiling point then pour over the pimentos and cheese. Serve at once.

Curried hard-cooked eggs are a good choice for a ladies' lunch. Slice the sliced eggs in their curry sauce with steamed rice, mango chutney, salted peanuts and flaked coconut.

When you are pickling watermelon rind, tie the whole spices usually called for in a cheesecloth or white cotton bag so they won't discolor the rind. To add rosy color to the pickle, add maraschino cherries during the last 5 minutes of so of cooking.

Pamela Pierce, Gary Chilcoat Exchange Vows

Miss Pamela Pierce and Gary Chilcoat exchanged double ring vows in the Blodgett Street Baptist Church in Carlstad, N.M. The bride is the daughter of Mr. and Mrs. Darwin Pierce, Carlstad, and the groom is the son of Mr. and Mrs. Jim Chilcoat, Twenty-nine Palms, Calif.

The wedding was solemnized at 6 p.m. Sept. 5. The altar was adorned with twin white baskets of pink-glad-oli and a candleabraum entwined with greenery, tied with a shocking pink bow and holding tall white candles.

Barbara Evans, Perryton, was the maid of honor. Other bridal attendants were Mrs. George Frederick, Albuquerque, Lubbock; Miss Connie Harrington and Miss Diana Evans, Carlstad, N.M. Flower girl was Connie Patterson and ring bearer was Ray Nance. Candlelighters were Terry Patterson and the bridegroom's brother, Kenny Chilcoat.

Trent Cummings, Los Alamos, N. M. was best man. Groomsman and ushers were Roy Dale Pierce, Littlefield, cousin of the bride; David Farley and Chris Westfall, Albuquerque, and Sonny Watson, also Albuquerque.

The bride was given in marriage by her father, and wore a floor-length white Saki wedding gown fashioned with a shallow scooped neckline in the back. Three gathered tiers extended down the back of the dress, and held in place by two self bows. Each tier and the

weight, Burrey was introduced by Maggie Ann Lamb from KMUL.

Selma Redwine was named queen for the week and her courtesses were Rose Sain and Jewell Peeler.

The area recognition day to be held in Littlefield Oct. 8 was discussed. It was decided the group from Muleshoe would wear dark dresses with square white collars with their pins attached.

Evelyn Harris was presented a birthday gift from the birthday boy. Dess and measurement night

short sleeves were edged with Venice lace.

Her elbow length veil of white silk illusion was held in place by a cluster of silk and lace rosebuds edged with pearls and rhinestones. She carried a white orchid atop her white bride's Bible.

She wore a white cameo belonging to her grandmother, a blue garter and a penny in her shoe.

Her attendants wore street length dresses of pink bonded crepe with elbow length sleeves and empire waistlines edged with shocking pink velvet ribbon as were the sleeves. Large roses with double illusion net covered their heads. Each carried an American Beauty rose and each wore a single drop necklace, gift of the bride.

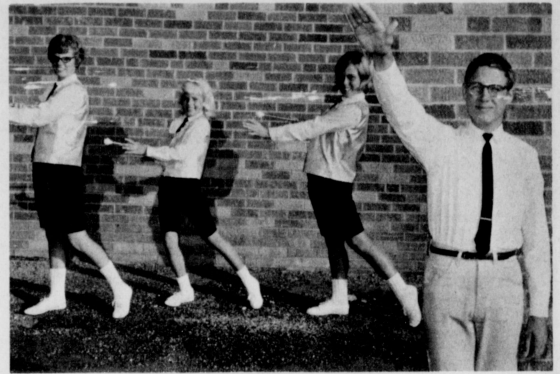

The mother of the bride wore a blue silk dress with matching shoes and hat. The bride's grandmother chose a two-piece blue suit with deep blue accessories. The mother of the bride-groom wore a white carnation corsage with pink ribbons.

A reception followed the ceremony in the church fellowship hall. The bride's table was covered with a white damask cloth overlaid with pink net and draped into scallops at the edges held in place by tiny pink roses. The three-tiered wedding cake was pink and white and topped with a miniature bridal couple under an arch. It was served by Mrs. L. V. Pierce, Littlefield, aunt of the bride, and Mrs. N. M. Buchanan and Miss Nelda Watson, Carlstad, N.M. and Miss Claudia Elkin presided at the guest book.

For a wedding trip, the bride selected a three-piece navy suit with matching accessories and an orchid corsage. After a short stay at Red River, N.M., the couple will live at Terrace

Following a song from the gainers for the past week, the club sang their godnight song and were dismissed.

Lee Pools Home From Mexico

Mr. and Mrs. Lee Pool and Pool's brother and wife from Lovelland, Mr. and Mrs. Harvey Pool and their daughter and husband, the Ray Rutledge from O-Messa, returned to Muleshoe Thursday following some two weeks vacationing in Mexico.

The Pools drove by car to Chihuahua where they went by Mexico train to Los Moches, Mex., and on the Mazatlan. The main sight in Mazatlan was the Mexican Independence Day parade and celebration. The group stayed at the Shrimp Bucket while at Mazatlan and also celebrated Lee's birthday, with the hooree in bed with a "mexican bug."

The group tried fishing a few miles from Mazatlan, but after having no luck, found out there were 5 days in the year that fishing was absolute not any good and this particular day happened to be one.

After a few days of trying to restore Lee to health and not much luck, they decided to fly to Los Moches.

Mrs. Pool reported they had a wonderful time and there was "honestly no place like Mexico."

President Woodrow Wilson's ancestral home in Northern Ireland's County Tyrone has been designated an Irish National Monument. STEPS TO GOOD PUBLICITY

(Editor's Note: TO ORGANIZATIONS, CLUBS, NEWS REPORTERS:

1. **Be the only person** from your group to contact news media. Two members calling the same newspaper editor are bound to bring conflict or confusion.
2. **Be quick** to establish personal contact with the right persons at each newspaper.
3. **Be sure** to write everything down. Train your memory, but don't trust it.
4. **Be prompt** in meeting every deadline.
5. **Be legible.** Type news releases. Erase and correct errors. Don't use carbons, except for your own file copy.

BASIC B's FOR PUBLICITY

You need the same WHO, WHAT, WHEN, WHERE, WHY and HOW for feature stories, which our staff will be interested in working with you.)

6. **Be accurate.** Double check dates, names, places before you submit your copy.
7. **Be honest and impartial.** Give credit where due.
8. **Be brief.** Newspaper space is costly.
9. **Be brave.** Don't be afraid to suggest something new if you honestly believe you have a workable idea. Media people welcome original ideas when they're practical and organized logically.
10. **Be business-like.** Never try to obtain publicity by pressure of friendship or business connections. Never ask when a story will appear. Never ask for clippings.
11. **Be appreciative** of all space and time given your club's publicity. The media giving it also have space and time for sale.
12. **Be professional.** Members of the press are always invited guests. Never ask them to buy tickets or pay admission. Arrange a special "Press Table" for large banquets.

Powder Puff Teams To Clash October 3

Blackburn-Moore Chapter of Future Teachers of America is now in the beginning of a new school year of activities.

First on the agenda is the annual Powder Puff football game which taps the freshmen and sophomore girls against the junior and senior squad. Girls of both teams began practice Tuesday the 18th.

The game will take place as scheduled on Monday, October 3, at 8 p.m. at Benny Douglas stadium. Girls of each team will decide on their team captains, name and colors.

Players of both teams are to elect three boy candidates for their "beau", one of which will be crowned at the half time during the game.

The freshmen-sophomore team is holding practice sessions on the practice field south of the high school, while the junior-senior squad practices at the Babe Ruth baseball field.

Tickets for the Powder Puff game will go on sale either Friday the 21st, or the following Monday.

TB Test Date Set: Parents Sign Slips

Notice to parents and to students:

The Muleshoe schools in conjunction with the Texas State Department of Health, will conduct its annual school tuberculin heat skin testing of the students in the first and seventh grades Monday Oct. 3, school nurses Imogene Tiller and Betty Jo Davis announced Friday.

In most cases the result of the test will be negative and no report will be sent to the parents.

Should the findings be positive, it does not mean that your child has active TB but only that further testing is needed to determine whether or not tuberculous germs have done any damage to the lungs.

Permission slips will be sent home with each child to be signed by a parent. Parents are urged to sign slips and return to school promptly.

The mobile X-ray unit will be in Muleshoe Oct. 13. All adults are urged to have this X-ray annually.

The X-rays are free, but a contribution may be made to the unit at time of X-ray. This mobile unit is made possible through the sale of Christmas Seals.

The Health Services of the Muleshoe schools will be checking the vision and hearing of each child soon, Mrs. Tiller and Mrs. Davis announced also.

Hereford scored at the beginning of the second quarter on a 15 yard run around right end.

Their extra point was successful. Score Hereford 8 - Muleshoe 0.

The Mules got on the scoreboard at the beginning of the fourth quarter when defensive end, Jerrell Haberer, intercepted a Hereford pass and ran the yard for the touch down. The extra point play was short of the goal line and the score remained at 8 to 6 for the remainder of the game.

The Mules offense was outstanding in the game. On four different occasions the Mule defense stopped Hereford drives inside the Mules 15 yard line.

Dear Freshman: Not 'Dear John'

Dear Freshman:

You and I know that ever since school started there have been those people who have ridden you and teased you for being "Fish", as they like to put it.

You may be "Fish" in their eyes, but you contribute just as much and sometimes more than these so-called upper-classmen do to MHS. You may not come out as top dog on the totem pole everytime, but what you lack in experience you make up for in eagerness and a willingness to work.

Of course, you have that 10 or 20 per cent in your class who don't care and never will. But I am not talking to them and they know it.

I am talking to the 80 or 90 per cent of you who really put forth an effort to make MHS the best school there is anywhere!

To you I send my most sincere congratulations for the fine job that you are doing. I only ask that you continue to keep up the good work!

New Books Adopted For Freshman English

By Debbie Bryant

Freshman English is composed of two parts: literature and language.

Many types of literature are studied in freshman English. Short stories written by such famous authors as Guy de Maupassant, O'Henry, Jessamyn West and Eric Knight provide the students with a variety of amusing episodes, tragic and comical poems by Froe, Stevenson, Emerson, Shakespeare, and Kipling are entertaining to the readers. Biographies and autobiographies of famous people are beneficial to the reader for use in more than one subject.

Two novels are read in freshman English. These are Homer's Odyssey and Charles Dickens' Great Expectations.

New grammar books were adopted this year. This particular series of textbooks will

be used for four years. These books indicate that the study of language is necessary for effective communications -- both oral and written. The emphasis of freshman English is placed on self-expression. The students are persuaded too that writing is fun.

Mrs. Ernest (Ruby Lee) Kerr teaches freshman English at Muleshoe high school. She has taught in the Muleshoe school system for five years. She received a B. A. degree from West Texas State University and a M. A. degree from Colorado State College.

Mr. Kerr is manager of the Federal Land Bank. The Kerrs have three daughters. The oldest, Pam, is a freshman at Texas Tech; Lindy is a sophomore; and Debbie is in the sixth grade.

SELF-EXPRESSION- Mrs. Ernest (Ruby Lee) Kerr is shown here with two of her students from Freshman English class. Emphasis is placed on self-expression in Freshman English.

 The series ran like this: Olton had come into possession of the ball on their own 30 after the Mules had fumbled and Olton recovered. own 37. Calvert picked up 7 yards, an Olton penalty added five more and Swint moved the ball up to the Olton 45. Young got four and the Mules found themselves on the Olton 4. Julian dashed around left end for the six points, and Stovall's educated toe sent the ball through the uprights for the extra point.
 That was five minutes and 26 seconds before the third quarter ended, and with that play, the scoring ended.
 The fourth quarter turned into a re-run of the previous stanzas --lots of fumbles. Even so, it was definitely Muleshoe's game after that heart-warming touchdown.
 Stovall was unable, however, to place-kick for a goal, a stunt which had worked successfully the previous week when the Mules played Littlefield. The try last Friday night, however, ended with the ball striking the goal posts.
 Terry Kendall again did a good job on defense, and for the Mustangs, a big end by the name of Jim Huckabee was the defensive star. Steve Spain and Dave DeBerry did most of the ball-carrying for the Mustangs, Bobby Turner and Benny Akin adding some yard-

age also.
 Despite the fumbles, interceptions and passes that fizzled, it was a better game, (for watching, that is) than the score indicated.
 To vary canned or packaged potato soup, you may want to add canned whole-kernel corn. Use the liquid from the corn as part of the amount of liquid called for in preparing the soup.

Going away to SCHOOL

At this time of the year, all over our nation, boys and girls are leaving home to attend the school of their choice. Many, for the first time in their lives, will be away from home and their home church. They should be encouraged to, immediately, seek a church nearby where they may continue to worship the Lord, and have the companionship of friends with similar outlooks on life and God.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

FLORAL DESIGNS—Some of the beautiful floral designs are pictured above at Beavers Flowerland, 520 South 1st Street, Muleshoe. This firm has a large stock of real and artificial flowers for all occasions.

Beavers Flowerland Exotic Floral Designs

Some of the most beautiful arrangements to be found anywhere can be seen at Beaver's Flowerland, 520 S. First St., in Muleshoe.

Cut flowers, pot plants and artificial flowers for weddings, homes, hospitals, funerals and churches are here in abundance. The artificial arrangements look so real you can hardly tell the difference between them and the live plants.

Artificial flowers and pot plants have become very popular in recent years, and they are preferred by many people. They can be made to order by Mrs. Spencer (Phyllis) Beavers whose artistic talent has created some of the loveliest floral arrangements ever seen.

A large stock of cut flowers, roses, mums, gladioli, carnations and many others can be found here at all times. Flowers

for hospital patients can be delivered in a short time and brings great joy to the person receiving it.

A corsage for a dance or high school graduation makes a lovely gift and is greatly appreciated by the young lady wearing it. Weddings get special treatments so that the home or church will be most beautiful and attractive. Bouquets carried by the bride and bridesmaids are also given special attention and made according to the customer's order.

Flowers can be wired anywhere in the world through Telefloral Wire Service to which this firm subscribes. Just call Muleshoe 272-3166 and tell them the kind of flowers you want sent and give the name and address.

Mrs. Beavers has three employees assisting her in run-

ning this business full time, Rheata White, Lou Hailand Jewell Pool, and also has Faye Mullins D. E. Student, and customers are assured of prompt service at all times. When you "Say It With Flowers" from Beaver's Flowerland, it is beautifully and promptly said. Why not beautify your home or office with some lovely blossoms from this shop. They will give your spirit a "lift" and make the day seem more cheerful.

Mr. and Mrs. Spencer Beavers started this business in 1958 and have enjoyed a large volume of business since that time. The business has shown a steady growth and handles as much business as many floral shops in larger towns.

Mr. Beavers is the local Post Master and well known throughout this area.

Makin got his farm on a "paying basis".

After a few years of steady progress he was able to repay the government and obtain his financing from private sources.

However, this family suffered a severe setback in 1965. He had a late crop because of hail and adverse weather in the fall. Because of the poor crop in 1965 his lender could not finance his 1966 crop, so Farmers Home Administration made McMakin an emergency loan to finance this crop. It appears that McMakin can pay the FHA emergency loan and return to his normal source of credit after this year.

The other stop that the group made was at the James A. (Woody) Dobbins farm one mile southwest of Needmore. Dobbins grew up on a cotton farm in Lubbock, but had been away from the farm for 12 years when he came to Bailey county in 1964. He had been in Dallas managing a service station, but was tired of this and wanted to get back to the farm.

Dobbins rented a farm, and Farmers Home Administration financed his equipment and operating expenses. He and his wife, Mrs. C. A. Williams, moved to the farm and started plowing, moving sprinkler pipe and hoeing weeds.

Since he had been away from farming for several years and had never farmed in this area, Dobbins asked advice from the Farmers Home Administration supervisor and successful neighbors in order to make the best technical and management decisions possible.

In spite of a poor crop in 1964 he was able to pay his FHA loan. He then rented some more land, and Farmers Home Administration loaned him money to buy more equipment. That year (1965) was a poor year, but it appears that because of hard work and good management, this family will succeed.

Mr. and Mrs. L. C. Riddam returned home Saturday night from a two-weeks visit at Long Beach, Calif. and Buena Park, Calif. They visited with Mr. and Mrs. James Crow and family and Mr. and Mrs. Boyd Burelsmith and family.

Let George Do It

Editor's Note -- The editorial appeared in the Amarillo Daily News recently.

Please secure the letter read by Dr. Winfred Moore, pastor of First Baptist, at his Sunday morning services, heard over television and radio, entitled "Let George Do It", and print in your paper.

This will be a worthwhile effort... a tremendous letter. A READER Amarillo.

My name is George. I'm an all-around handyman, and I'd like for you to feel free to use my services for any and all chores, errands, duties which you may be too busy to perform.

Anytime there's something that needs doing and you'd rather not, you just let George do it. I'll write to your Congressman for you; I'll write your newspaper editor; I'll serve on the school board in your place; I'll do anything you're too tired or too preoccupied to do.

With me around you can be as lazy as you like. Or you can just have fun. The more the merrier, I always say.

My services are available to you for all the tedious, time-consuming things which you'd rather duck doing.

You haven't time to vote, let George do it.

You haven't time for jury duty, I have.

There is certainly no need for you to concern yourself with attending meetings. You don't want to accept committee assignments and extra responsibilities, anyway. You let old George attend to those things.

Now, you ask, why should you leave important jobs to somebody you've never met?

Well, there's a reasonable question, so let me put your mind at ease.

I'm no beginner. Maybe I'm not as famous as Krushchey is, but if it hadn't been for me - you'd never have heard of him.

And that goes for Mussolini and Stalin and Hitler, too. I made those guys!

And the big time racketeers in the United States.

You name 'em; without me those guys would be nothin'!

Why do I want to run errands for you? When I'm the

guy who runs all these "big wheels", why do I want to run errands for you? Don't you see, I get a kick out of electing presidents for school boards and unions and countries.

All these things you used to do before you took up chasing dollars and golf balls and things. Don't feel like you're imposing. I'm glad to be of service. Helping you, I'm really helping myself.

How do you think I was able to take over and run a third of the world already? Because nobody else wanted to bother. They said "Let George do it."

So I did it.

Now I'm taking over in lots of cities and counties in the United States, and I figure it's just a matter of time until I'll take over this country, too. I want to thank you for making it possible.

Remember now, if there is ever any way in which I can be of help, I'm at your service. You must have fun and don't worry about a thing. I'll do your worrying, too.

I'll bill you later.

Sincerely,
GEORGE

modern with modern motif inside." However, the outside motif will follow the western pattern with ranch-style lines. Roof, for example, will be of heavy, hand-hewn shingles.

The mobile home park, it was pointed out, will have large lots available for persons to live permanently in mobile homes. "The space for each trailer will be much larger than is usually found in mobile home parks," it was explained.

The homes will be parked on paved slabs, but the rest of the area except for automobile parking, will be grassed, and each unit will have a completely fenced back yard.

The motel portion will have a lobby, office, curio shop and living quarters for the operators, in addition to the 18 rental units. All rooms will be carpeted.

Office space or spaces for small businesses will be available when the first phase is completed, the builders said. All will have central heating and refrigerated air conditioning.

Both Lee & Son and Shankles are accepting space contracts now, it was explained.

The project was first announced in late July by the Shankles and W. J. Medlock, owners of the Muleshoe Ranch. The complex is located on the eastern edge of the old ranch property and fronts on U. S. 84-70.

The swimming pool, when constructed, will have modern outdoor eating facilities with tables, umbrellas and the like. At the time the project was first announced, spokesmen said the complex is to have "every modern convenience," including playground facilities for the mobile home park.

The Shankles said they "will welcome inquiries from persons who might be interested in locating businesses in the complex."
