

TEXAS DEPARTMENT OF PUBLIC SAFETY

The Texas Highway Patrol investigated 11 accidents on rural highways in Hockley County during the month of September, according to Sergeant Hal E. Pirtle, Highway Patrol Supervisor of this area.

These crashes resulted in five persons injured, and an estimated property damage of \$6,150.

The rural accident summary for this county during the first nine months of 1969 shows a total of 104 accidents resulting in eight persons killed, 74 persons injured, and an estimated property damage of \$126,865.

The month of October will bring about a drastic change in driving habits. With the return to Central Standard Time on Oct. 26, many motorists will find themselves going to and from work in darkness. The increased hours of darkness will hide dangers otherwise visible during the daylight hours.

The Sergeant listed some factors why driving is more hazardous at night than during the day. (1) Reduced visibility prevents drivers from seeing hazards. (2) It has been longer since most drivers have slept and the resulting fatigue increases perception reaction time. (3) It is easier for drivers to become confused and panic. (4) More drinking drivers will be on the road.

These factors in varying degrees coupled with high speed cause accidents that would not occur in daytime.

NOW AT HOME

Mr. D. C. Crai is now at home and reported doing fine after spending several days in the hospital undergoing tests and treatment.

IN ROPES

Commissioner Emmett Schoenrock of Levelland was in Ropes on Wednesday, wearing a coat, and in between chattering of teeth, he allowed it was cold in his part of the county.

ON SICK LIST

Rodney Allen has been on the sick list this week. He is the son of Mr. and Mrs. J. T. Allen.

HUNTSVILLE — Officials and inmates of the Texas Department of Corrections will honor Lt. Gov. Ben Barnes on "Ben Barnes Day" Sunday, Oct. 19, at the third performance of the 38th Annual Texas Prison Rodeo. H. H. Coffield of Rockdale, Chairman of the Texas card of Corrections, said the special day has been designated in appreciation of Barnes' long support of the prison's rehabilitation program.

Special guest star for the October 19 show will be popular television and recording star Buck Owens, along with his Buckaroos, who proved to be a crowd-pleaser when he appeared during the 1967 Prison Rodeo series.

Rounding out the two-hour show beginning at 2 p.m. in the prison stadium will be those rough and tough convict cowboys who throw all caution to the winds in an effort to win prize money. From the opening Mad Scramble event to the famous Charlot Race, there's action galore and family entertainment from start to finish. Judging from the results of the two previous Sundays, the bruising rodeo stock has made "believers" out of many of the veteran convict contestants.

Tickets may be obtained by writing Texas Prison Rodeo, Box 99, Huntsville, Texas 77349. All seats are reserved and are priced from \$3 to \$5.50. A check or money order must accompany ticket orders. Proceeds benefit the 12,500 inmates of the Texas Department of Corrections.

HAVE VISITORS

Visitors this past weekend in the home of Mr. and Mrs. Travis White and family were her mother, Mrs. Viola Nelson of Salt Flat, and her aunt, Minnie Harrison of Artesia, New Mexico.

ON SICK LIST

Kathy Hobbs was ill last week with the flu. She is the daughter of Mr. and Mrs. Merlin Hobbs.

VISIT HERE FROM MORAN

Mr. and Mrs. B. G. Young of Moran were overnight users Friday in the home of Mr. and Mrs. Eddie Erry. They all visited in Littlefield Saturday with other relatives.

IN HOSPITAL

Mrs. Minnie Fewell is reported to be in the Brownfield Hospital.

VISIT HERE

Mr. and Mrs. J. C. Whitfield of Lubbock visited Saturday evening in the home of her mother, Mrs. Troy Morris, and cousin, Marguerite Morris.

IN LUBBOCK SUNDAY

Mrs. W. E. Walling was in Lubbock Sunday visiting her sister, Mrs. Bob Abbott.

Waco — Extension of unemployment compensation to farm workers is highly impractical because of the temporary and seasonal nature of most farm work, according to Sidney Dean of Victoria, president of the 110,000-member Texas Farm Bureau.

"In Farm Bureau, we believe that extension of unemployment compensation to farm workers is highly impractical because of the temporary and seasonal nature of most farm work," Dean said. "As you know, we hire students, housewives, retired people, unemployed persons or friends and neighbors who work their own farms most of the time.

"Adoption of this proposal would force a record-keeping chore on farmers which would be most unwelcome, difficult and time-consuming. Cost of such a program would be disproportionate to value received under the circumstances," the Texas farm leader said.

FOOTBALL SEASON AT ASTRODOME

Houston's Astrodome will be the site of 21 football games during the 1969 football season — the most football activity ever slated for the Astrodome.

The Houston Oilers will play 11 times, including four pre-season games, the University of Houston will play five games, negro college games will total three, and then the two post season games will be the Astro-Bluebonnet Bowl game on New Year's Eve and the AFL All-Star game on January 17.

Thanksgiving Day, November 27, will feature a football day-night doubleheader with the Oilers meeting the San Diego Chargers at 3:00 p.m. and Texas Southern University battling Prairie View A & M at 8:15 p.m.

The complete Astrodome schedule is as follows:

- Nov. 27; 8:15 p.m. - Texas South- Oct. 25; 7:30 p.m. - University of Houston vs. Mississippi. Oct. 26; 3:00 p.m.; Houston Oilers vs. Denver Broncos. UNITED FUND IS PREPARING FOR KICK-OFF

A kickoff breakfast for the annual United Fund Drive will be held Thursday, Oct. 16, at 7 a.m. in Levelland at the Chat and Chew Restaurant. Bob Brummell, Lubbock Division Manager of Southwestern Public Service will serve as guest speaker.

In honor of the United Fund drive, Governor Preston Smith signed a proclamation designating the months of September, October and November as United Community Campaign Months.

The proclamation reads: GREETINGS: During the past year more than \$37 million was raised by 297 United Community Campaigns in Texas. The campaign, generally referred to as United Funds or Community Chests, are a great American invention to meet the needs of a modern complex society.

These coordinated efforts to raise operating funds for local, state and national health, welfare and character-building agencies make fund raising more efficient and equitable.

This year the needs of voluntary agencies are greater than ever before.

THEREFORE, I, as Governor of Texas, do hereby designate the months of September, October and November, 1969, as UNITED COMMUNITY CAMPAIGN MONTHS in Texas, and urge all people of our state to participate generously in the campaigns in their local communities.

In official recognition whereof, I hereby affix my signature this 13th day of June, 1969.

WACO — A Farm Bureau spokesman said most producers realize that a return to the market price system is the only way to reverse current downward trends in prices and exports.

Ed McKay, national legislative director for the Texas Farm Bureau, reminded county Farm Bureau leaders in an "action-requested" letter this week that the House Agriculture Committee has concluded hearings and is now writing a farm program to be presented for vote in the House. McKay requested that county Farm Bureau presidents and national policy, execution chairmen contact their Congressmen to support Farm Bureau's proposals for a farm program.

"All other farm proposals before Congress are wide open to imposition of strict limitations on payments or on acreage allotments or both," McKay said. "Most producers feel that any additional limitations would be the final straw in putting them out of business. Most producers realize that a return to the market price system is the only way to reverse current downward trends in prices and exports."

The Farm Bureau's program, introduced in Congress as the Agricultural Adjustment Act of 1969, contains five major amendments to the present Food and Agriculture Act of 1965, McKay said. These are: (1) Title I extends present Food and Agriculture Act of 1965 for five years with two changes. The first change would set price supports at 85 per cent of the average market price received by producers during the immediately preceding 3 marketing years for cotton, wheat, corn, oats, rye, soybeans, barley and rain sorghum. The second change would reduce the total amount of money spent on farm program payments by 20 per cent each year for five years. This money would be spent instead on a land retirement program. (2) Title II terminates existing cotton, wheat and feed grains programs after 1975, and sets a permanent price support of 85 per cent of the preceding three years market price average for these commodities.

(3) Title III reserves the market place for producers by prohibiting sales of Commodity Credit Corporation stocks at less than 150 per cent of the loan rate plus carrying charges. Provision would be made for disposal of stocks going out of condition.

(4) Title IV extends the present cropland adjustment program of the Food and Agriculture Act of 1965 and specifies that at least 10 million acres will be retired each year from 1971 through 1975. Whole farms would be retired through a competitive bid basis for a period of ten years.

(5) Title V authorizes a retraining program for producers with gross annual sales of not more than \$5,000.

REWARDS FOR 4-H ACHIEVEMENTS

Four 4-H Club members with a combined membership of 38 years have been rewarded for their work. They have been named to receive college scholarships from the C. J. Davidson Scholarship Fund which is administered by the Texas 4-H Youth Development Foundation. The four are Stephen Warminski, Carson County; Laura Jane Pair, Comanche County; Brenda Louise Malmstead, Comal County and Joseph Pickett, Dimmit County.

Each is now enrolled in the university of their choice.

Mrs. J. C. Dorsett of Brownfield  
and Mrs. Emory Hobbs were in Lubbock

went for medical care.

**THIS WEEK IN CONGRESS**

I support President Nixon's proposal  
to raise the monthly benefits  
of the nation's 25 million recipients  
of Social Security by 10 per cent  
and to provide for automatic in-  
creases in the future geared to the  
cost of living.

This is a favorable sign from the  
Administration and must be viewed  
as a trend in the right direction.  
Earlier this year I introduced similar  
legislation to aid our Senior  
Citizens. With needed Adminis-  
tration support early action is  
more likely to come.

Because the nation's cost of living  
has skyrocketed 7.7 per cent  
since the last Social Security boost  
in February, 1968, benefit increases  
are vitally necessary. The current  
average monthly payment for a  
retired couple is \$148.50 and \$99  
for a retired individual. However,  
the minimum benefit is a mere  
\$82.50 for a retired couple and a  
barely \$55 for the retired individual.

The Administration's proposed 10  
per cent benefits increase would be  
reflected in Social Security checks  
mailed April 1, 1970. But due to  
the drastic need of Senior Citizens  
a substantial increase at the earliest  
possible time, in line with budgetary  
policy, is necessitated.

Greater benefits increases have  
been proposed. Some proposals  
have called for a 25 - 35 per cent  
increase in benefits. Such a tremendous  
increase however, would  
only serve to further delay final  
action. The 10 per cent increase  
is a realistic and pragmatic figure  
that can be achieved NOW without  
further Congressional delay. The  
10 percent benefits increase also  
offsets the 7.7 per cent rise in the  
cost of living. The 10 per cent is  
achievable. We can push for an

additional increase in benefits after  
the 10 per cent increase becomes  
effective.

The benefits increase would be  
financed by a slight rise in the present  
Social Security tax rate and a  
rise in the taxable wage base—the  
annual earnings on which Social  
Security contributions are based.  
Under existing legislation passed  
in 1967, the tax rate would rise to  
5.2 per cent in 1971, with no in-  
crease in the base. The President's  
proposal would increase the tax rate  
to 5.1 per cent in 1971, and  
increase the wage base from \$7,800  
to \$9,000 beginning Jan. 1, 1972.  
The benefit increases geared to the  
cost of living would be financed by  
automatic rises in the wage base  
to correspond with rises in levels of  
earnings. The minimum and maximum  
benefit payments would also rise.  
The present minimum for a  
married couple with a husband re-  
tiring at age 65 in 1970, is \$82.50  
per month. The new minimum  
would be \$101.50. The present maximum  
for such a couple is \$247.50  
which would rise to \$272.31 monthly.

It is estimated that the combined  
impact of the 10 per cent in-  
crease plus the higher wage base  
would raise the present maximum  
for a married couple to well over  
\$300 per month.

However, the President's proposed  
changes in the Social Security  
Retirement Test do not go far  
enough to ease the present annual  
earnings penalty on Older Americans.  
The Administration has in effect  
proposed a change of only  
\$120 a year for the lower earnings  
limit.

Presently a retired American  
can earn a maximum of \$1,680 annually.  
If a retired citizen earns  
more than this he loses Social Security  
benefits. Under existing

Social Security legislation when a  
beneficiary earns over \$1,680 a  
year he loses \$1 in benefits for every  
\$2 earned. When an individual's  
wages exceed \$2,880 annually  
he loses money on a \$1 - for - \$1  
basis—or loses \$1 in benefits for  
each \$1 earned.

The more he earns the greater  
his loss in Social Security benefits.  
This has a depressive effect on an  
older American's incentive to work.  
The present Retirement Test actually  
penalizes Social Security  
beneficiaries for doing additional  
work or taking a job at higher pay.

The Nixon proposal does little to  
alter the existing Retirement Test.  
It raises the present \$1,680 to \$1,800  
—or raises maximum annual earnings  
by \$120 before a retired citizen  
loses benefits. The Nixon  
proposal retains a \$1 loss in benefits  
for every \$2 earned beyond  
\$1,800 and eliminates the \$1-for-\$1  
loss beyond \$2,880.

Earlier in this session I proposed  
major changes in the Retirement  
Test. I introduced legislation to  
increase the present ceiling on annual  
earnings from \$1,680 to \$4,000  
before any loss in benefits could  
occur. This would grant an additional  
\$2,320 a year in loss-free income—or  
\$2,200 more a year than

the Nixon proposal.  
Many older people should be en-  
couraged to work. Not only are  
they provided with added income  
but the country retains the benefit  
of their skills and wisdom. Retired  
people can offer our economy  
a great deal.

They have been hardworking  
people who have contributed a vital  
portion of the American economy.  
They must be allowed to continue  
their efforts. Their incentive  
to be gainfully employed must  
be supported by beneficial  
legislation.

Our Senior Citizens should receive  
the advantages of the growing  
economy they helped to create.  
I feel my bill grants greater assurance  
of these advantages than the  
Administration's proposal.

AUSTIN — Texas' first commodity check-off referendum was approved by state peanut growers recently with an 84.2 per cent majority, Agriculture Commissioner John C. White announced.

Results of the election were certified by Ross Wilson, manager of the Southwestern Peanut Growers Association, and forwarded to Commissioner White. Nine growers were also selected on the ballot as members of the commodity producers board which will set program goals and handle funds, White said. The new board members are

scheduled to hold their first meeting this week for election of officers. They will operate officially as the Texas Peanut Producers Board.

The commodity check-off program was authorized by the Legislature this year with House Bill 764. It enables growers of various commodities to organize and assess themselves for purposes of product promotion, education, research and disease and insect control.

COTTON TALKS  
Representatives of Plains Cotton Growers, Inc., on Oct. 9 in Dallas

took part in naming three trustees and three alternates to Cotton Producers Institute from the Texas High Plains area, in nominating two Plains members and two alternates to CPI's Cotton Board, and in electing seven cotton producer delegates and seven alternates from the Plains to the National Cotton Council.

Representing Plains Cotton Growers in the caucus of cotton producer and other farm organizations were Board Chairman J. D. Smith of Littlefield and Donald Johnson, Executive Vice President, Lubbock. They were authorized to represent

the organization at a meeting of the PCG Executive Committee September 30, at which time the committee made its suggestions for

each position. Texas has 12 producer delegates to the NCC for the coming year, up from 11 in the current year. They are elected by the five major cotton producer organizations in the State, plus the Texas Farmers Union and Texas Farm Bureau. The three year terms of CPI trustees are staggered and the terms of three of the five serving from the High Plains were scheduled to expire this year. All were reelected, as were their alternates.

**LAYMEN'S DAY SERVICES**

The services of Worship were conducted entirely by the Laity of the Church on October 12th. Mr. Travis White, the Church Lay Leader, directed the services and organized the planning for the service.

The morning worship service included personal witnesses from Miss Jana Odom who represented the Youth; and the ladies were represented by Mrs. Shirley White. The men were represented by Mr. Charles Shannon.

The Chancel Choir furnished an Anthem; and the music for the service. Both were directed by Mr. Bill Odom, the Church Choir Director.

The evening service was a song service which consisted of songs of the congregation, who chose their own selections.

All of this does to show how the laity of the church can perform the duties necessary to worship in a very efficient and meaningful measure.

Mrs. Jean Murphy, Mrs. Ann Parchman and Mrs. Syble Harris will represent the Methodist Women as they serve the regular meeting of the Lions Club at the School Cafeteria Monday, October 20th.

**STATE LIONS' "LONG REACH" AIDS WORLD'S NEEDY**

The Lions Clubs of Texas have a long reach, and the good their members do extends far beyond the borders of their state. Today, the words "Texas" and "Lions" carry a special meaning to men, women and children burdened with a heritage of centuries of poverty.

By donating \$8,239 to CARE during the past year, Texas Lions have contributed to the welfare of many needy people around the world.

They provided aid to the needy sick of three continents through MEDICO, a service of CARE. In Hong Kong, they co-sponsored a school gardening competition aimed at increasing food production. They supplied materials to build three new schools in Honduras and also built and equipped a school in Guatemala.

Lions Clubs throughout the nation contributed \$147,666 to help support CARE projects in 23 countries. Farmers were provided with seeds and hand tools; school children were given school supplies; the tools of the trade were supplied to carpenters, masons, shoemakers, aut mechanics and other skilled craftsmen; midwives were equipped with modern, sanitary supplies to deliver healthy babies; seamstresses were given sewing machines.

In all, Lions built 81 schools last year and provided school desks for more than 1,600 children, installed water systems in four Central American villages, and an artesian well in the Philippines. Lions aided the blind of India, Pakistan and Ceylon by providing educational aids, Braille typewriters and duplicating machines.
