Class Officer - Cadet Johnny T. Snider, left, son of Mr. and Mrs. Craté Snider, route 1, Ropesville, has been elected vice president of the high school freshman class at Oklahoma Military Academy, Claremore, Okla. Pictured with him are Ralph T. Gibson, Tulsa, Okla., president, and Howard S. Smith, Prague, Okla., secretary - treasurer.

TRAGEDY ON THE HIGHWAY

The above picture was reproduced from a newspaper clipping and the details may not show as well as in the original picture, but the station wagon is that of G. R. Johnson, and slumped forward in the front seat is Robert Hudson, with his hat laying on the hood of the station wagon. The other car shown is the one they collided with. The accident took place near Ballinger Saturday morning about 10:45.

G. R. Johnson, Robert Hudson Critically Injured In Head-on Collision Sat.

The community was shocked and saddened on Saturday when word was received that G. R. Johnson, a former resident of Ropes, and father of C. R. Johnson, now living in Lubbock, and Robert Hudson, of near Ropes, had been critically injured in a head

on collision of the station wagon they were riding in and a car. First reports coming in stated that both Hudson and Johnson

were in a critical condition and little hope was held for them. However, in a conversation with Mrs. Hudson at the hospital, she stated that they were not hurt as bad as was first thought. Mr. Johnson had suffered a broken leg and fractured ribs. The injuries to Mr. Hudson were about the head and face. He had several teeth knocked out and others broken off, with severe lacerations about the head and face. However, they were improving. But later it was discovered that one of the broken ribs had punctured Mr. Johnson's lungs, and on Monday Mr. Hudson suffered a severe heart attack.

As this is written on Wednesday morning both men are considered in a critical condition and according to information given the Plainsman both men are under oxygen tents.

According to a report given by the San Angelo Standard - Times, the car which collided with the Johnson station wagon carried eight people, three of whom are in a critical condition.

Johnson and Hudson were carried to a San Angelo hospital and the occupants of the other car were taken to Ballinger.

It was also stated that the car in which the eight were riding, was en route to a funeral, and it attempted to pass another car and ran head-on into the Johnson station wagon.

Both of these men are long time residents of the Ropes community and number their friends by those who know them.

NEWS OF OUR SCHOOLS

GRADE 3-A

Black cats, ghosts, witches, bats, and jack-o-lanterns! Really, the elementary building is getting to be a spooky place as Halloween draws near. Each day sees a few more characters added to the display.

As the children lustily sing their Halloween songs, they shiver with delicious anticipation of the scary things that will take place on that date. Even Spelling lists are supplemented by such interesting words as witch, ghost, Halloween and spook.

We lost two pupils this week, Lyda Nell Owens moved to Olney and Martha Hernandez moved to Wolfforth. We now have 31 in our room. Mark Hardin celebrated his ninth birthday this week by having a party at his home Monday after school. Everyone reported a wonderful time.

Juan Mendez has finished a book of illustrations which he drew about the adventures of Bambi, a little deer. We read the book during our story period and Juan drew the scenes he liked best. Juan has natural artistic ability.

GRADE 4B - Mrs. Jones

Last week we studied about Americanism. Here are copies of two of the best papers we wrote using the words proud, happy, glad, thankful.

Delores Perales wrote: Yes, I am an American. Proud because the United States is a land of freedom. Happy because every one can believe what he wants to believe.

Glad because everyone can choose his own education.

Thankful because we can thank God for answering our prayers.

Yes, I am an American!

LATE

Due to the fact our type-setting machines went haywire Wednesday, we are a day late. We have two machines and the unheard of happened when they both went out of commission and we did not get them operating until 2 a.m. Thursday.

Junior High Football Game

Ropes Junior High vs. Meadow Junior at Ropes at 5:30 p.m., Thursday. We would appreciate the attendance of everyone.

Reporters, Marilyn Chitwood and Berrilyn Thomas.

TEST RESULTS

We have the test results for the fifth and sixth grades achievement tests. We would like to discuss these with the parents if they would drop by the Junior High School.

Community Chest Drive in November

The Community Chest Drive will be held in the Ropes community early in November, according to E. N. Exum, chairman for the community.

Mr. Exum stated to the Plainsman Tuesday that the Lions Club would set the time for the start of the drive at their next regular meeting.

Community Chest is a drive that takes care of most of the drives and when you give in this drive you have taken care of most of the drives.

Kenny Thrash wrote: Yes, I am an American. Proud of the people who fought for our liberty.

Happy because America is a free country.

Glad that I can choose whatever I want to do, as long as I keep within the law.

Thankful for food, clothing and shelter.

Yes, I am an American!

Pig Sale to Be Held Saturday

The annual pig sale of the Hockley County Breeders and Feeders Association is to be held at the County Fairgrounds at Levelland Saturday, October 28, 1961. Pigs will be in place all morning for the inspection of prospective buyers. Pigs will be sifted for quality, and only creditable pigs will be allowed to be sold.

The auction will start at 1:00 p.m. and pigs will be sold to the highest bidder. This sale is designed to allow the boys and girls who wish to feed pigs for the spring shows to obtain feeder pigs. Breeders are expected to furnish about 250 head of barrows in the following breeds: Berkshire, Duroc, Hampshire, Poland China, and Spotted Poland China.

Clarence (Hank) Mathews will be the auctioneer. The Grand Champion of the South Plains Junior Show came from this sale last year. He was bred by J. M. Hewlett of Ropesville and shown in Lubbock by David Pinkert of Ropes FFA Chapter.

Ropes FFA Boys Place in State Fair

R. C. Lewis and Michael Cato represented the Ropes FFA Chapter in the State Fair of Texas last week. They took six barrows and one steer. They placed five of the six barrows. The steer failed to place.

Placings were as follows: R. C. Lewis 4th place Duroc 7th place Berkshire Michael Cato 12th place Spotted Poland China 13th place Berkshire 22nd place Duroc

The boys did rather well, since the competition was much stronger than in the past few years. They state that the State Fair is becoming a stronger boys show than in the past and more good animals are coming to the show every year.

Methodist-Nazarenes To Trick or Treat

CROP (Christian Rural Overseas Program) is the Community Food appeal of Church World Service. It serves only as a food collection agency for CWS who, in turn, takes care of overseas distribution. It serves 33 Protestant and Orthodox denominations. It serves many other Protestant denominations who may not be organically a part of CWS here in the U. S., but who take part in the distribution of many countries overseas. Some examples of these are: the Southern Baptist, Church of Christ, and Salvation Army. The distribution overseas will be made by local committees representing the Protestant churches of the country in liaison with CWS-USA through the CWS representative.

In the Congo when the Protestant missionaries saw that they were going to have to do something about relief, they formed the Protestant Relief Committee. This committee became the distributor of CROP and CWS aid in the Congo. Where there are emergencies, such as floods and earthquakes CWS is ready to help immediately. It had aid in the Congo before the press had released its stories of what was taking place. It had responded with similar rapidity to

relieve the needs caused by the Chilean earthquake. In July CROP shipped a carload of wheat from Texas for relief in East Pakistan.

The United States has been richly blessed with abundance so that it has on hand a surplus of farm commodities. It gives a good amount of these to volunteer relief agencies, like CROP, for them to distribute. Foods given in this way have been flour, milk, cornmeal, wheat, and occasionally rice and beans.

Where these are given to CROP and CWS for distribution there must be available funds to take care of the distributing, handling, and transporting costs. These vary by countries and by handling and transporting means. The Halloween program of the young people of Texas helps to make it possible for CROP and CWS to take part in distributing surplus stocks released by the government for overseas distribution.

Members of the committee in the Methodist Church and in the Nazarene Church are Mrs. Travis White, Frances Littlefield and Mrs. Joe B. Allen.

to

CROP started exporting food to the Congo as soon as trouble started in 1960. There were reports of more than 200 people dying of starvation daily at the end of 1960. The CROP foods, shipped through Church World Service, have been of great value in helping the people of this newly independent nation through a period of severe crisis. "Give us this day our daily bread," has great meaning for most Congolese, who look to CROP and CWS to help them stay alive.

Freedom In Truth

"Ye shall know the truth, and the truth shall make you free"

Solomon wrote, "Let not mercy and truth forsake thee: bind them about thy neck; write them upon the table of thine heart: So shalt thou find favour and good understanding in the sight of God and man." Prov. 3:2-3. Mercy and truth are two commodities that all can possess with unending profit. Mercy and truth have fallen in the street today and have been trampled under foot. People are strong in everything but mercy and truth. Jesus said, when giving the seven beatitudes or the seven beautiful attitudes, "Blessed are the merciful for they shall obtain mercy." Matt. 5:7. In the Devine record we are told that men will fall from their first love... their love will grow cold. When this occurs, mercy dies. Solomon said "let not mercy forsake thee". To have mercy and truth, one will have favour and good understanding in the sight of God and man. Without them he will not stand favorable in the sight of God or man. The apostle John wrote, "Greater joy have I none than this, to hear of my children walk-

**NEWS FROM
GENERAL TELEPHONE
COMPANY OF THE S W**

General Telephone Company of the Southwest has announced the appointment of Harry Elam as manager of the company's western division operations. The announcement was made by E. H. Danner, president of the company. Elam comes to Brownfield from

General's southern division office in Robstown where, for the past two years, he served as division traffic superintendent. He replaces the late J. L. (Dusty) Kemper. R. B. Shirley, who has served as temporary capacity since mid-September, becomes manager of General's north central division at Sherman.

Elam joined General as a fieldman and also served as a lineman, cable splicer and equipment installer prior to 1955 when he became assistant traffic engineer in the company's general office in San Angelo. In 1956 he became traffic engineer and in 1958 was named traffic toll engineer. He assumed the position of division traffic super-

intendent in Robstown in July, 1959. The new division manager attended Poolville High School and McMurry College at Abilene.

A member of the Robstown Lions Club, Elam is married and has a daughter, Vickie Ann, 5, and one son, Tony Glenn, 3.

Santa Fe hauls 2.3 million bales of western cotton to markets

King Cotton has moved west.

In 1945, only 36% of the nation's cotton was grown in the West. Today over 62% of it comes from states served by Santa Fe.

This year Santa Fe will haul over 2,300,000 bales of cotton to markets in 34,000 box cars—enough box cars to make up a train 284 miles long.

Hauling cotton and other important crops, materials and products from where they are grown or made to where they are needed is another example of how Santa Fe is meeting the transportation needs of a growing America.

ROPES IN

48-6 WIN OVER MEADOW

Larry Witt ignited 42 point first half in Ropes Friday night as the Eagles crushed Meadow, 48-6, for their seventh straight win of the season and the second in District 3-B.

Witt personally accounted for three touchdowns and ran over an extra point for 20 points, running his season total to 124.

He went 42 yards, five and two yards for his touchdown gallops.

Bobby Bevers went over from the three and Jackie Weatherly raced 51 yards for other first quarter touchdowns and Terry Rucker got a two-point play. That made it 20-0 after the first period.

Witt crossed the goal line twice in the second period and Rucker caught a pass from Witt and went 35 yards for the other. Bevers also got two points and it was 42-0 at the half.

Neither team scored in the third period, but Dee Lindley intercepted a pass and raced 23 yards for Ropes' final score. Meadow averted a shutout in the fourth period when Bill Sturdivant passed 16 yards to Bud Brooks.
