TELEPHONES TO CHANGE NUMBERS

Soon Ropesville will become TUESDAY, APRIL 30 the sixth South Plains city to join the Direct Distance Dialing network, according to portable radio. A small boat-Paul Farrar, Brownfield Dis- shaped vehicle floats on a trict manager for General Telephone Company of the Southwest.

Direct Distance Dialing (DDD) will allaw local phone customers to dial their own station to station long distance calls without the asistance of an operator, and at mo increased charge. The addition of DDD will be made at the same time General's April 30th. new central office system for Ropesville is placed in operation June 27.

Ropesville will be changed at vide the trained talent Amerthe time of the conversion ica must have to keep pace the time of the conversion, Farrar said. The new num- with the promise of the fubers will be composed of sev- ture," John F. Gordon, presien digits, in keeping with the dent of General Motors, detelephone industry's nationwide change to a seven digit, All Numerical Calling (ANC) Bishop of General Motors

New numbers and directories will be issued to all commercial presentation. phone customers prior to the June conversion date, Farrar that converts chemical enersaid. Under the new seven gy into electrical power. digit plan, every number in Ropesville will begin with be demonstrated, a 15-inch "562". This is the central model car which depends on office code for the city, and eight photoelectric cells for the "562" will be common to its operation. The buttonevery number in Ropes. The like cells on the hood convert nearby cities of Wolfforth light rays into electricity and Brownfield have been which drives a small motor converted to the seven digit, inside. A 300-watt lamp is All Numerical Calling plan used to simulate the sun's during the past few months. rays in the show. -000-
