

# Youths Freed Here Tell Of Kidnaping

## Third Man Seized Remains Unfound

While West Texas officers maintained a sharp watch for two armed desperadoes, two Gallup, N. M., youths Thursday morning told how they had been held hostage on a 1,600-mile trip with nothing but a hamburger for food in 32 hours.

Emmett Mason, employe of the Howard Woods Tire Co. in Gallup, and his cousin, Lester Mason, ranch employe, reported to Sheriff A. J. Merrick here that they had been released by two bandit-kidnapers 15 miles south of here when the car in which they were riding exhausted its gasoline supply.

Sheriff Merrick was questioning the two youths in the case Thursday afternoon, checking details of their account of the reported kidnaping. FBI officers were being checked in connection with the case.

The hijackers, said the Masons, then fingered a 1935 or 1936 black Chevrolet coupe, held up the driver and sped off to the south.

Emmett and Lester attempted to catch a ride back to Big Spring but gave it up and walked to the Continental Oil Corp. camp to call the sheriff.

Deputy Sheriff Bob Wolf estimated that the two had driven for the handle, at the point of gun, for approximately 1,600 miles. As best he could tell, the course zig-zagged southward across New Mexico probably to Las Cruces, then through a devious route across the mountains of the southeastern part of the state and into Texas north of here.

"We had just come out of the show about midnight Tuesday," said Lester. "Emmett remembered he had to cut off an air compressor at the station where he worked."

"While we were in the station, the two men—a big one and a little one—came up and threw down (pulled a gun) on us."

"They got about a dollar and a half out of the cash register and took \$15 off me. I had just cashed my pay check from the ranch."

According to Emmett and Lester, the two men then demanded that a new Pontiac be taken from the place, but Emmett said it did not have gasoline. Finally, they settled on a comparatively new Chrysler belonging to Howard Woods, and had the boys drain three other cars to fill it tank.

Then, under threat of the men not to talk, they alternated at driving continuously.

"They even made us soak the spare tire for gas," said Emmett. "I don't know where it was, for it was at night and at a little station off the road."

At one time they spotted a road sign which said 80 miles to El Paso. Soon thereafter, they were ordered to turn north.

"They acted like they knew the roads real well," said Lester. "They told us where to drive and wouldn't let us talk. We learned to signal a little with our eyes."

The kidnapers, said Lester, would stop occasionally for hamburgers. "Wednesday noon they gave me the boys a hamburger. Hence, that was all they had to eat."

Out of Lamesa early Thursday morning, one of the bandits asked about the gasoline supply. Emmett said the gasoline gauge didn't work and averted his eyes. Lester then verified this, and both walked for the car to run out of gas. It happened 15 miles south of here.

At first the desperadoes "talked pretty rough and got tough with us," said Lester. After that they talked between themselves only in whispers and "we couldn't hear what they said."

One of the men was described by Emmett and Lester as being about 30 years old, weighing 160 pounds, having a brown suit and large brown hat. The other was estimated to be about 25 years old, weighing around 140 pounds.

L. S. McDOWELL

## L. S. McDowell Quietly Passes 90th Birthday

A toast, gentlemen! A toast to a gentlemen's gentleman, Big Spring's No. 1 citizen for many years—L. S. McDowell.

Today he observes his 90th birthday quietly at the ranch he founded as a young man in northern Glasscock county 48 years ago.

He and Mrs. McDowell came to their town home here briefly at noon today before returning to the ranch where no party or observance of any kind had been planned on the occasion.

Mrs. McDowell said that their daughter-in-law, Mrs. Lorin McDowell, had been called to Kansas City on the death of her father, Mr. Mills. Saturday night and that they were helping Lorin care for their grandson, Lorin McDowell, II.

Mr. McDowell, who carries his 90 years with the vigor of a man a quarter of a century younger, is in his usual good health on his 90th birthday. Although his step may not be as sprightly as it was years ago, he still carries himself with dignity and dresses meticulously in his usual good taste.

The son of a pioneer Ohio couple, Mr. McDowell learned from his Scotch-Irish father the lessons of hard work, gentlemanly bearing, and thrift. His English mother taught him an appreciation for the arts.

Typically, Mr. McDowell saved his first dollar and came to Texas, settling near San Angelo where he started out in sheep raising modestly. In 1894 he picked out a spot in northern Glasscock county as his ideal of a ranch location.

From this he expanded his holdings, had ranches in Martin and Dawson counties, raised good stocker cattle and never overgrazed his pastures.

He contributed to development of this section by giving leases for the West Texas discovery oil well (which never did produce), the General Oil Co. No. 1 McDowell. However, he later was rewarded by commercial production on his land.

His philanthropies have been many, but unostentatious. He took over the Petroleum building against his wishes when the local enterprise was floundering in financial difficulties. Always Mr. McDowell has maintained a progressive view, standing for all worthy community enterprises. None ever contested his right to be called the city's foremost citizen.

## British Say Fue Found Demoralized

CAIRO, Egypt, Feb. 27. (AP)—British headquarters said today that a 570-mile drive of imperial forces into Italian Somaliland, leading to the capture of Mogadiscio, the capital, had brought the surrender of large fascist forces "evidently demoralized."

Seven thousand prisoners have already been counted, a consular official said, with many more straggling into the British outposts.

During the advance which resulted in the capture of Mogadiscio, the British said they freed 206 allied seamen who had been held for months as Italian prisoners of war at Marsa, a coast town south west of the capital.

## Governor Asks Abolition Of 5 State Departments

### Department Of Agriculture Is Most Affected

Industrialization Of Prisons Also Asked By W. Lee O'Daniel

AUSTIN, Feb. 27 (AP)—Abolition of five state departments which deal with agricultural problems and consolidation of their functions under a state board of agriculture was recommended by Governor W. Lee O'Daniel today.

The governor also recommended industrializing the prison system by permitting convicts to produce goods for purchase by state institutions.

The recommendations were in two special messages delivered personally by the governor to the legislature, which was called suddenly into a joint session to receive them.

The departments to be consolidated under the plan and the department of agriculture, the state board of water engineers, the livestock sanitary commission, the game, fish and oyster commission and the soil conservation board.

Certain phases of work done by the state board of reclamation engineers transferred to the state land office two years ago also would be placed under the state board of agriculture.

The new board would be composed of five members who would select a state commissioner of agriculture.

The members of the board would be chosen by a state agricultural advisory board of 21, elected under a system of precinct, county and district conventions among farmers, perhaps as the state soil conservation board now is elected.

The governor said a prime essential to solving the problem of agriculture was to give farmers the control of that part of the state government which deals with agriculture.

He declared thousands of citizens living in cities vote for the agriculture commissioner at present although most people who live in cities "know little, if anything, of the problems of agriculture."

"The office is right in the middle of state politics," he asserted. "Being a good handshaker is a far better qualification for getting elected commissioner of agriculture than knowing the agricultural problems of the state," the governor said.

The governor expressed the See O'DANIEL, Page 7, Column 4

## Reds Object To Nazi Troop Movements?

### Balkan Diplomats Hear Rumblings From Moscow's Direction

By The Associated Press

Balkan diplomats heard today that Soviet Russia has raised objections to the passage of German troops through Bulgaria as dispatches from Belgrade said the Yugoslav general staff ordered a speed-up in defense preparations.

Yugoslavia was said to fear now that German armies massed in Rumania might attempt to invade Greece through Yugoslavia instead of Bulgaria.

Yugoslavia's Foreign Minister Aleksander Cincar-Marcovic was called back unexpectedly to Belgrade from Budapest, capital of Hungary, where he had arrived only yesterday to sign a Yugoslav-Hungarian treaty of friendship.

Diplomatic quarters in Budapest heard that his abrupt recall was connected with "impending events of importance between the axis and Yugoslavia."

Long the traditional protector of her "little Slav brothers" in Bulgaria, Soviet Russia may have decided to stiffen her attitude toward a German thrust into southeast Europe as a result of conferences now going on in Ankara, Turkey.

Sir Stafford Cripps, Britain's envoy to the U. S. S. R., flew to Ankara today as Foreign Secretary Anthony Eden and Gen. Sir John Dill, chief of the British imperial general staff, conferred with Turkish leaders—presumably on moves to counter any Nazi attack on Greece.

Sir Stafford, it was believed, may be carrying news of Russia's attitude if Turkey should resolve to fight.

Relations between Britain and Bulgaria were further strained by the mysterious disappearance of a member of the British legation staff in Sofia, said to have been kidnapped "Bulgarian police at the behest of the Germans."

In the Far East, Japan ordered her nationals to be prepared to leave French Indo-China and arranged to take what the Japanese press described as "appropriate measures" in the event of a breakdown in peace negotiations between Thailand (Siam) and Indo-China.

Domei, Japanese news agency, said a climax was expected within 48 hours, "with present indications not too optimistic."

Japan has been reported to have sought military and economic concessions from the French colony as the price for mediating the Far East dispute, and has massed warships in the Gulf of Siam.

Ready for action, thousands of Australian troops have been sent to man British defense posts on the Malay border, facing Thailand.

In the war at sea, the Germans painted another black picture for Britain's all-important convoy system.

## Seven Die In Plane Crash At Atlanta

### Eddie Rickenbacker, Eight Others Seriously Injured

ATLANTA, Feb. 27 (AP)—Dropping away from a radio beam, an Eastern Air Lines plane ripped itself to pieces in a pine woods near here today, killing seven and injuring nine others, including famed flier Eddie Rickenbacker.

The 14-passenger sleeper banded against a wooded knoll shortly after midnight while attempting a beam landing after a run from New York but searchers didn't find the wreckage until shortly after dawn when an injured passenger made his way to a phone to call for help.

Five miles from the airport and 700 yards from the nearest dirt road, rescue work was painfully slow and it was not until mid-morning that seven bodies had been removed from the smashed cabin and nine injured taken to hospitals.

At one time Divisions Operations Manager L. H. Pabst told newsmen that the death list was ten but a re-check of hospitals and undertakers showed only seven dead, although two or three of the injured were in critical condition.

Undertakers reported seven bodies brought in. Three of these were identified as those of the crew, Captain James Perry, co-pilot, L. E. Thomas and Steward Clarence Moore, all of New York.

The other four bodies were those of passengers listed on the official See CRASH, Page 7, Column 5

## Committee Approves O'Daniel Appointees

AUSTIN, Feb. 27 (AP)—Three of Governor W. Lee O'Daniel's most important appointees—Chairman Harry Knox, Jr., and member Frank Davis of the board of control and State Auditor Tom C. King—may be confirmed soon by the senate.

A committee yesterday recommended the upper legislative chamber confirm the trio, about whom there was considerable delay in the committee, but the approval was not tantamount to favorable action by the senate.

The appointees' names probably will be submitted to the senate next week.

## Hollywood Academy Awards Awaited

HOLLYWOOD, Feb. 27 (AP)—The members of an auditing firm alone know now which actress and actor Hollywood considers 1940's best.

But neither those two stars, nor any of their fellows, will know until late tonight who gets the annual awards of the Academy of Motion Picture Arts and Sciences.

They will be announced seconds only before presentation. And so Hollywood, for a change, is more or less breathlessly anticipating the event.

## British Claim Sofia Legation Officer Seized

SOPIA, Bulgaria, Feb. 27. (AP)—British quarters here said today the mysterious disappearance of a member of the staff of the Sofia legation may lead to a break in diplomatic relations between Britain and Bulgaria.

The man is Wodin Grenovitch, British passport officer, Russian by birth but a naturalized British subject.

Associates of Grenovitch said they had "good reason to believe" he was taken off a train while en route from Sofia to Istanbul, Turkey, "by Bulgarian police at the behest of the Germans."

The police made no statement regarding his disappearance.

George W. Rendel, British minister to Sofia, was received today by Premier Bogdan Philoff to protest concerning the affair, and later said that the British were "taking an extremely serious view of the situation."

It has long been expected that Britain would sever diplomatic relations with Bulgaria as soon as Nazi troops began crossing the Danube from Rumania.

BRITISH, GERMAN CLASH IN NORTH AFRICA—The British penetrations of the Italian empire in Africa are indicated by the black-shaded areas. British Somaliland is still under domination of Italy. The first clash of German land troops with British forces in Libya was reported southeast of Agedabia (1) and the German high command said its fliers had bombed Tobruk and damaged British ships. On Italian force still resisted at the Giarabub oasis. A Free French force also had pushed up from Lake Chad (2) to join the British earlier in the campaign. The British still tried to close in at (3) toward Massaua. The British claimed they pushed on in Somaliland, reporting the capture of the capital, Mogadiscio (4).

## Indo-China Given Ultimatum By Japs

TOKYO, Feb. 27 (AP)—Japan was reliably reported tonight to have delivered an ultimatum to French Indo-China, demanding that she accept Japan's "final" proposal of mediation in the Indo-Chinese Thailand border dispute at midnight Friday.

A refusal by France's Far East colony might result in Tokyo enforcing her demands by full military control over Indo-China—a further expansion southward—and possibly precipitate counter-action from Australian troops massed on the Malay border, facing Thailand.

Japan's "forceful action" would be taken to "win justice for Thailand," it was said.

Significantly, the admiralty announced appointment of Vice Admiral Hiroko Yamamoto as commander of Mako naval base, in the Pescadore islands, part of Formosa, of the East China coast. Yamamoto is believed to have taken the post already.

## Australian Troops May Retaliate If Country Invaded

WASHINGTON, Feb. 27. (AP)—Senator Taft (R-Ohio) asserted in the senate today that President Roosevelt was "deliberately holding back aid to England in order to put pressure on this congress" to pass the administration's British aid bill.

His assertion brought a retort from Senator Chandler (D-Ky.), that "the senator from Ohio says he wants to help England but he wants to help 'em just enough so they're certain to get beat."

"He (Taft) wants to be in a position at some time in the future," Chandler declared, "that both sides will think he was for them. He wants to aid 'em \$2,000,000,000 worth so they will get beat."

## Roosevelt Accused Of Holding Back Aid

DALLAS, Feb. 27 (AP)—A Miami, Tex., school teacher paid her income tax with a penny. The government over her six mills change.

The return, filed in the office of W. A. Thomas, collector of internal revenue, listed a net taxable income of 10 cents.

## 10,000 Soldiers Move To Abilene Friday

ABILENE, Feb. 27. (AP)—Abilene tomorrow will welcome in festive attire more than 10,000 of the 49th division's officers and men who move into Camp Barkley after a 223-mile trek from Fort Sill, Okla., the training center.

The soldiers will travel in 1,104 vehicles over two routes.

Window placards, street banners, lapel buttons and windshield stickers in the national colors, and clusters of flags around street lights at downtown intersections will be this city's visible welcome to the huge contingent.

There are 12,500 officers and men at Fort Sill.

The movement will be the largest of the division's four-part exodus to West Texas and its new training base. Except for advance detachments of service companies which have been quartered at Camp Barkley since Sunday, the movement will include all four regiments, less one officer and 40 men each from each service company, and Company C, 179th Infantry, which will stay at Fort Sill as clean-up troops until the final movement March 7.

The third movement is scheduled March 2.

The seat column will leave Oklahoma over the Burkburnett bridge of the Red river and travel via Wichita Falls, Olney, Threeforks and Albany. This column will consist of 55 vehicles, including 148 new type weapon carriers, the four-wheel baby truck recently received in the army's plan to motorize foot units, and 208 two and one-half ton convey trucks.

Brig. Gen. W. E. Gunther, chief officer of the 88th Infantry brigade, will be in command of the seat column. Major General W. S. Key, division commander, accompanied by Major Henry Boots, director of recruit training, will go ahead of both columns and await their arrival at Camp Barkley.

The west column will enter Texas over the Davidson bridge and follow a route through Vernon, Maybelle, Seymour, Munday, Haskell, Stamford and Anson. It will contain 489 vehicles including 277 two and one-half ton convey trucks and will be commanded by Brig. Gen. Louis Ledbetter. All of the 179th and 180th Infantry regiments except Company C, 179th and a detachment from each service company will be included in the column.

Both columns will be preceded by 57 two and one-half ton trucks carrying kitchen equipment.

All trucks are to travel at 100-yard intervals and at 30-mile per hour speed outside of towns and 15 miles per hour within towns. There will be hourly rest periods and a noon halt of one hour.

The troops will escape no mud or changing cantonments. Wet weather both here and at Fort Sill has prevailed for 10 days and Camp Barkley company streets are quagmires. However, concrete and asphalt paving has been finished two weeks.

## Hardin County Bear Gets Protection

AUSTIN, Feb. 27 (AP)—Colleagues raised eyebrows when Senator Alvin Shivers of Fort Arthur asked them to pass a house bill closing the hunting season on bear in Hardin county.

He assured them there were some bear in the county and they passed the bill.

It wasn't brought out very clearly in discussion but the measure also closed the seasons for five years on fox, wild turkey and deer.

## In Concert Here—

# Rubinoff Wins Hearts Of The People

By MARY WHALEY

Big Spring gave Rubinoff the keys to the city last night!

The violinist won the audience's heart with his first number, and tucked it in his pocket with his closing selection, "Ah, Sweet Mystery of Life," at concert at the city auditorium.

He made his violin laugh through "Fiddlin' the Fiddle," his own composition, swinging through an encore number, "Oh Johnny," and a rousing "Dance Ruse."

Of his "Rhapsody in Blue" by Gershwin the violinist Stradivarius showed its best for tonal quality, dramatic climax, and Wagnerian-like power. Here his muted violin during the repeated theme sang the melody that had haunting, unforgettable qualities.

Solite de Solis, pianist, was enthusiastically received for his dif-

ficult "Grand Polonaise" by Chopin and his concert paraphrase of "Night and Day" and "Smoke Gets In Your Eyes."

As an accompanist, his music blended with Rubinoff's violin and they seemed as one.

If Rubinoff had not gathered the audience in with his music, then his curtain talk would have done the job. He spoke briefly before he played his final number, "Give Me a Moment, Please," his radio theme song. He thanked the audience for its wonderful reception and paid tribute to the Kiwanis club who sponsored the concert.

Dr. Frank Boyls, who drove to Lubbock to bring Rubinoff and Solis and Miss E. Kaye, secretary to Big Spring, made a talk during intermission and put into words the thought of the audience when he stated, "I have learned a differ-

## GERMANS SAY BRITISH MAY BE LANDING AGITATORS ON DUTCH SOIL BY PARACHUTE, BOATS

BERLIN, Feb. 27. (AP)—The possibility that "British agitators" are being landed in the Netherlands by parachutes and swift motorboats at night was suggested in Berlin today.

A Nazi spokesman declared, however, that the effectiveness of such operations was limited and that measures being taken by German military authorities to suppress disorders in Amsterdam and Rotterdam were proving adequate.

"There is no preventing parachutists from landing and some boats might reach the coast," the spokesman said, "but no big vessel with upwards of 1,000 agents could land. We see to that."

"At any rate, disturbances in Holland which led to a number of deaths and institution of a military administration in one province (North Holland) are not to be regarded as a great political development. It is a little incident which cannot possibly cause any serious trouble."

"Psychologically, the behavior of the Dutch is easy to explain: the country is occupied by a foreign power, and by such occupation he by God or devil resentment in some quarters is inevitable and Germanians thoroughly appreciate the situation—which the rich had no wish to impose on blameless Dutch citizens."

"Under the circumstances, of course, the low countries are a fertile ground for agitators. We are striving by patience to demonstrate the uselessness of opposition and we hope the Dutch people will find the way to the rational leaders rather than look to the ghetto or England for leadership."

ent conception of artists today by meeting these two men."

During the afternoon, Rubinoff played for two high school assemblies, making short talks to the students. He devoted most of the time to stories of American composers and played some of their compositions.

He also gave a matinee performance at the auditorium for students who turned all out to give the violinist a warm, spontaneous reception.

Late last night, Rubinoff was conferring with officials with regard to leaving medals here with Dan Conley, band director, to be presented to the youngsters making the most progress in the violin.

But to young and old, music is music and "folk" the Rubinoff concert will be a high spot long remembered in Big Spring.

**Pains in My Arms Made Them Stiff; Hoyt's Helped Me**  
 Muscular Aches and Pains, Constipation and Nervousness Were Relieved by Hoyt's Compound, Says Mr. W. R. Perry.  
 "Hoyt's Compound brought me such quick and effective relief that I want all my friends to know about it," declares Mr. W. R. Perry, 800 East Harrison St., San Antonio, Texas. He continues: "For a year I had muscular aches and pains in my arms and shoulders. I had to be helped into my coat, and I couldn't raise my arms over my head. At times I had similar pains in my legs. I was badly constipated, and I couldn't sleep because of nervousness. I want others to benefit from Hoyt's Compound as I did. Aches and pains are gone now, and I raise my arms easily. Constipation is relieved. I feel better in every way. And I do praise Hoyt's!" Hoyt's Compound is recommended and sold by the Collins Bros. Drug Store and by leading drug druggists everywhere.—adv.

## Miss 'Laneous' Notes

By MARY WHALEY

Did you ever meet a person who is so alive and full of vitality that he made you feel that way too? It is a wonderful experience. Somebody who is so enthused with what he is talking about and so interested in the things that he is doing, that you are swept along in a wave of vicarious interest. Mostly you meet persons who, with jokes and laughs, sobriety or boredom, dampen any enthusiasm you might feel about what he is saying.

Mostly people hide their real interests under so many veils that are called by so many different names, that it is hard to know what they are like. If you could spend a whole day peeling off the outside shells of people you meet, then you might arrive at the interesting part. But who has time to do that!

You meet someone, say "howdy" and go on your way. You met a personality probably, but tomorrow it would be hard to call them by name. Behind their build-up fences, you could barely see what the person looked like. But to meet someone who with a quick handshake, a few words and gestures makes you know what he is about, what is important to him, and what he feels, then you have met a personality that doesn't fade with time. You've seen the real person. Further acquaintance only deepens your first impression.

## C. L. Louder Observe Golden Wedding With Family Reunion

STANTON, Feb. 27 (Sp1)—Mr. and Mrs. C. L. Louder celebrated their golden wedding anniversary Sunday with a family reunion and dinner.  
 Mr. Louder was born January 29, 1856 in North Carolina. In 1880 he moved to Rockwall county, Texas. While visiting in Anderson county in 1889 he met Miss Sarah Kale, and on Feb. 19, 1891, they were united in marriage.

# Aid Bill Supporters Consider Seeking Cloture Of Debate

## New Driving License Bills Await Senate

AUSTIN, Feb. 27 (AP)—Altered in legislative committee, two bills designed to curb mounting highway traffic fatalities today awaited senate action.

Ready for consideration by the upper chamber were originally identical house and senate proposals providing for a bolstered state highway patrol.

The senate highways and motor traffic committee last night approved modified versions of both bills, after strong arguments centered chiefly on the proposed \$1 biennial operator's license.

Senator A. M. Aiken, Jr., of Paris, successful last week in striking out the fee entirely, failed in a similar attempt after the \$1 fee had been restored by a subcommittee in a redrafted bill.

A bill already passed by the house provided for a 75-cent fee.

Consideration of a bill by Senator Olan Van Zandt of Tioga for a gross load limit of 28,000 pounds for trucks was postponed until March 12.

Spanish railways are not standard European gauge.

## Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 miles of tiny tubes of filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up at night. Frequent urination, backache, and a feeling of weakness sometimes shows there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep.

When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatism, pain, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

## Junior Teams At Moore Given A Banquet

MOORE, Feb. 27 (Sp)—The junior boys and girls' basketball teams were honored with a banquet on Monday night by the P.T.A. in the gymnasium.

Guests gathered in a classroom until 7:30, when the group was called to the banquet table which was arranged in the form of a "U", with a basketball, flanked by four beautiful trophies forming the center piece. A pair of green and gold candles was placed on either side of the center decorations, with green and gold streamers of crepe paper laid on a white linen cloth. The trophies were those won by the teams at invitational tournaments this season. George Washington motif was carried out in table napkins, cherry colored bread, and desert.

Place cards were novelty miniature figures holding a basketball. Miss Anna Smith, coach of the teams, presided, and introduced others on the program. M. L. Rowland gave the invocation, and others who spoke were Miss Smith, Mrs. Lomax, Mrs. Holland, and Mrs. Groff. Several team members gave brief talks also.

Miss Anna Smith, coach of the teams, presented the second string boys with small pearl-handled knives, while the first stringers received the clasps made of a wooden letter "M" above the year 1941. Girls were presented with pins of a similar design.

Following the meal the group was entertained with games. Those attending were Eula Fay Newton, Aubrey Conway, Lee Donald Hayworth, Gertrude Hull, Dorothy Cell Wilemon, Mary Frances Phillips, Billy Barber, Willis Burchett, Grover Shanks, Billy Leatherwood, Billy Hayworth, Howard Engle, Milton Kincaid, Fred Phillips, Garland Conway, Delois Posey, Margie Posey, Maxine Key, Eva May Shanks, Josephine Brown, La Vern Fuller, Aubrey Kincaid, Mrs. J. ## Filibuster On Bill Looms As Likely Course

WASHINGTON, Feb. 27 (AP)—Senator Chavez (D-NM) and Senator Brown (D-Mich) took up the cudgels today on the British aid bill, Chavez contending that the legislation invited war while Brown argued that it was the best, "the only weapon" at hand for the self-defense of American democracy.

With the general debate now in its tenth day, some supporters of the bill manifested fresh uneasiness over the possibility of a surprise opposition filibuster, despite an agreement to start consideration of amendments next week.

Senator Van Nuys (D-Ind) said he would not be surprised at such tactics, and announced that in such an event he would favor cloture of debate. Normally consideration of amendments signifies the approach of a final roll call, but it was pointed out that opposition senators could continue to speak at any length during the amendment discussion, if they wished.

Cloture—which requires a two-thirds majority—would impose drastic limitations on any speech-making. No senator would be allowed to address the chamber more than once, and his time allotment would be one hour.

Van Nuys voiced the belief that enough votes were available to impose cloture—but a number of colleagues seemed very dubious about this point.

There were indications, however, the administration leadership might decide to call on its parliamentary strength in an attempt to get a final vote next week.

One well-informed leader said that, while unlimited debate would be acceptable for the next day or so, "we may have to take steps" to terminate the speechmaking.

# Picard Plans To Quit Golf Tourney Wars

ST. PETERSBURG, Fla., Feb. 27 (AP)—Henry Picard, a former national P.G.A. champion and a top-line golfer for years, is planning semi-retirement from tournament competition at the height of one of his greatest scoring sprees. When Picard shot a five-under-par 66 yesterday to lead in the 25,000 St. Petersburg open, it marked his seventh consecutive round as front-runner of the professional brigade.

He began his spurge in the last two rounds of the Texas open, won the New Orleans open with a record 27, and resumed here after skipping the Thomasville, Ga., tournament. Subject to a change of mind, Picard plans to leave the tournament circuit after the St. Augustine pro-amateur March 13-14. He will take up his new duties at the Twin Hills club in Oklahoma City April 1, and thereafter expects to play only in the national open, the P.G.A. championship and perhaps a couple of other tourneys annually.

Preferring the stability of a teaching profession to the tournament grind, Picard resigned his present post at Harshy, Pa., where Ben Hogan will take over. Hogan, conversely, hopes the change will permit him to continue playing the full tournament schedule.

Picard led a corps of 35 par-crackers into the second round of the St. Pete open today, but the pack was close on his heels. Hogan, the year's leading money winner, former national open champion Ralph Guldahl, the ever-shuffling Sam Snead of Hot Springs, Va., and Chick Harbert of Battle Creek, Mich., were only a stroke off the pace.

# 3 Texans Still Bidding In Nat'l Golden Gloves

CHICAGO, Feb. 27 (AP)—Three Texas fighters—Dick Manchaca of Fort Arthur, Jesse Gonzalez of Allen Academy and Morris Corona of Port Arthur—remained in the national Golden Gloves tournament today as the field took a rest until March 7. Manchaca, defending national bantamweight champion; Gonzalez, flyweight, and Corona, welterweight, advanced to the semi-finals by winning two matches each last night.

Three other Texans—featherweight Arlo Royce of San Angelo, lightweight Billy Cox of Dallas and light heavyweight Buster Burrell of Fort Worth—went out, Royce and Cox in the quarterfinals and Burrell in the third round. Texas had sent eight fighters to the tournament. Both semi-finals and finals are scheduled March 7.

# Jenkins Due To Give Ambers Repeat Whipping Friday

NEW YORK, Feb. 27 (AP)—A lean guy up from Texas, with sagebrush for hair, slaps for ribs and rocks in his fists, will go into Madison Square Garden ring tomorrow night and determined to show he's one man who can lick Lou Ambers and make it stick.

The lean guy with the perpetual hungry look is Lew Jenkins, who learned about mules in the army and since has been demonstrating on assorted lightweights how hard mules can kick. Jenkins does this with his fists, and did it so effectively last May that it took him less than nine minutes to knock Ambers' lightweight crown right off his head.

This time there will be no title at stake, since Ambers, who has grown a bit, will come into the ring at about 138 pounds. But Jenkins is anxious to prove that all good things must come to an end some time, the good thing in this instance being Ambers' record of never having been licked twice by the same man.

The guy who bet apparently can't see how Jenkins can lose, for they've made him a 2 to 5 favorite. In fact there seems to be hardly anyone who sees how Jenkins can lose except Ambers, who couldn't be expected to see things that way except under pressure. Ambers, in fact, insists one reason he lost the first time is that Jenkins tagged him two beautes after the bell ended the second round.

Just what Ambers' tactics will be is something that's puzzling the combats along Jacobs Beach. The one-time Harkimer Hurricane has

lost a good deal of velocity, and lost with it is most of that bounding, bounding style that used to make him the little man who wasn't ever where you expected him.

From Lou's training camp comes a hint he's going to turn slugger—will come in flat-footed and flail away. They say that in his bootleg amateur days he stopped five of his six foes that way.

In that case it's likely to be one of those "hold your hats, boys, here we go again" things, for there's anything Jenkins likes better than an elusive target, it's one that comes right at him.

# S'west Cagers On Last Lap

By The Associated Press  
Only six games remain on the Southwest conference basketball schedule and the teams start cleaning them up tonight.

Texas A. and M. meets Texas at College Station.

Then tomorrow night the champion Arkansas Razorbacks open a series with Southern Methodist university at Dallas.

Saturday night Rice meets Texas at Houston and Baylor plays A. and M. at Waco.

The final game will be played Tuesday night when Texas meets A. and M. at Austin.

# Trackmen Are Preparing For 1941 Season

Big Spring high school's Coach Pat Murphy said Thursday morning that local track efforts would be moving into the preparatory stages with the coming of clear weather. As yet an untested crew, the local thirty-clade are out to improve on the showing made in a rather unimpressive 1940 season.

Outstanding prospects for 1941 include Len Nations, 220 and 100 yards; Horace Bostick, 440; Billy Womack, miler; Clifton Patton and Doyle Stewart, weights; C. H. Collins and Donald Patton, middle distances; Junior Moore, 220 and 100; and Clifton Engle, quarter-mile.

Engel is a transfer from the Monahan school while the others have shown their wares on Big Spring fields before.

Nations, Bostick, and possibly Moore are slated to take care of some of the Big Spring relay duties this year.

# M-C Cagers In Last Rounds

Lined up for what is touted to be the hottest rounds in scheduled Major-City Basketball league play, six teams meet Thursday night at the high school gymnasium to battle for playoff standings.

This evening's affairs are opened when Citrus Servicemen clash with Wards at 7:30.

Slated to be the feature attraction of the show, Vaughn's Doughboys contest Crystal's Chels. A loss by the Doughboys will clinch a leading place for the Chels as the final lap goes on the boards, but a Vaughn win will put the circuit in a three-way scramble, according to the present setup.

Thus far in the season, the Chels have bowled over their opponents with but one serious setback, and that was against Phillip's Tiremen last Monday.

In the curtain-dropping spot is a battle between the Tiremen and Empire Gassers, with the former slated to take the victory, judging from the record book.

Top four teams in the season's standings will fight it out for the league championship. First-place quintet will meet the fourth-placer and number two will take on three in Monday night engagements.

Thursday night the two Monday winners will tussle for the loop flag while the other pair will go up for consolation honors.

Pepper games are good conditioners. Four Dodgers—Joe Vosmik (left), Harold Reese, Kemp Wicker and Steve Rachunok—are throwing the ball around at the Brooklyn camp at Havana.

Stripped to the waist, Outfielder Joe Medwick of the Dodgers swings a heavy bat during the hitting drills.

Two veterans at the Giant camp at Miami agree that the sun brings out the perspiration. Pitcher Carl Hubbell grins as Catcher Gabby Hartnett, formerly of the Cubs, wipes his face.

"If he had discovered that fact about himself before he was sworn in, his local board probably would have done something about his case," said Col. Burns by telephone from Austin.

"But it's disposition now rests entirely in the hands of his commanding officers in the United States army.

"I am of the preliminary opinion that Neveleff will have to go on and complete his year's training."

"The year will cost Neveleff \$2,746, the difference between \$10,000 a year and \$7,254 a month.

Then Private Neveleff discovered he was born April 10, 1904, instead of 1905, making him a year over draft age. He laid before the draft board yesterday a sworn affidavit to that effect from the registrar of births at New Haven, Conn.

"What'll I do with this guy?" asked Chairman Ray James and Lieut. Col. Dorrance Burns, in charge of Texas selective service. Col. Burns answered "nothing."

# The Ticker Weakens, So Uncle Billy Disch Closes 40-Year Job

DALLAS, Feb. 27 (AP)—Gently, without the dramatics of forty fabulous years that made him a character baseball won't forget, a tired old man slips into the evening of his career.

Gaunt, silvery-haired W. J. (Uncle Billy) Disch won't coach the University of Texas this year. A great heart that has pounded to many a diamond thrill since the century's turn, is tired.

Uncle Billy, the 66-year-old "boy" who only a couple of seasons ago, it seems, was still showing the kids how to steal second and hook aside into third, most obey his heart's wishes, the doctors say.

So the master of all college baseball, the sty fox with aquiline eyes who could tell a baseball player by the way he dialed a telephone, won't be around for his 32nd year at the helm of Texas University baseball teams.

The announcement came quietly. It simply said that Uncle Billy would "have assistance this year from Bibb Falk."

Uncle Billy will buddle with Falk, but the giant Texan who is one of his most noted graduates into major league baseball actually will handle the team on the field.

Back in 1900 Uncle Billy sent out Bibb Falk to make his way in major league baseball. He was the smoothest ball player the Southwest conference had ever seen.

Falk played with the Chicago White Sox, had a brief turn with Cleveland, managed at Toledo and then came back to Texas.

Last season Falk actually did the field work as Texas won its twenty-first title in twenty-six conference campaigns.

That is the record that Uncle Billy has compiled. Nowhere in collegiate athletics can there be found a record to equal it.

Over the years the Old Fox, a great pal of Connie Mack, has produced college nines that walloped the daylights out of the touring major league and Texas league clubs in spring games.

He gave the majors Falk, Frank (Finky) Higgins, the Detroit Tiger third baseman who was the hero of the 1940 world series; Ernie Koy, the Brooklyn outfielder traded to the Cardinals; Oscar Eckhardt, perennial minor league batting champion, and a flock of others.

Now he has his prize pupil. Never has he had a ball player, Uncle Billy says, with the natural ability of Pete Layden.

But he's worried about his eluding outfielder. Pete, you know, is also the star of the great Texas football team—the man who triumphed over the all-powerful Texas Aggies last Thanksgiving day.

Uncle Billy, it is whispered, thinks football is just a game to ruin good baseball players!

# Greenberg Sore About Talkative Draft Board

NEW YORK, Feb. 27 (AP)—Hank Greenberg was still pretty peeved about the whole draft business today, but he felt a little better generally after taking a look at his brand-new contract and discovering the juicy raise the Detroit Tigers were giving him for his baseball services.

However, Hankus Fankus, like the baseball world in general and the Tigers in particular, was still all up in the air about just what baseballing he'll be doing before the army calls him. Growling all over the place, he arrived home last night as sore as an open wound about (1) the statement that he had asked deferred classification in the draft and (2) the publication by a Detroit draft board of information in his draft questionnaire which he said was supposed to be confidential.

The big fellow came in by airplane at the end of a trip from Honolulu on which he was stopped "every ten minutes" to explain the whole thing, and he was mighty put out about it. It definitely wasn't the usual docile home-run ace.

"Gee, anybody'd think I was the only guy going into the army," he told baseball writers. "And I don't know a thing about it. All I know is when my number is called I'll go, and I'm not asking deferment. For any more dope, you'll have to ask that draft board in Detroit. They're making a statement every day, and every one seems to be different."

He understood, he added, that his number was 621 and that the Detroit board had reached No. 300 in calling the boys in, so he probably wouldn't get the signal until about June.

His father met him at the airport and drove him home, where he found the new contract waiting. He wouldn't reveal the terms, but you could tell from the smile that it was about the only thing to make his day pleasant.

**Sammy Baugh Signs Movie Contract**  
HOLLYWOOD, Feb. 27 (AP)—Slingin' Sammy Baugh, former Texas Christian university football star, has been signed by Republic Studio to play the lead in a movie serial, "King of the Texas Rangers."

Baugh left for his home at Sweetwater, Texas, after signing the contract, but will report for work this spring. The pact calls for his film work to be completed so that he can report for football practice with the Washington Redskins Aug. 1.

The studio said the serial would cost \$500,000 and might be produced in part on Texas' vast King ranch.

Labor representatives and some lawmakers strongly favored it as a move to bring industry to Texas. The sub-group consisted of Reps. Ben H. Sharpe, printer from Paris, Roger Q. Evans, Denison electrician, and Arthur Cato, Weatherford druggist.

### 1,141 Workers For T&P Get Wage Raises

Approximately 1,141 workers employed by the Texas & Pacific railroad will get pay raises estimated to total approximately \$93,000 annually, when the minimum wage order of the nation's railroad workers becomes effective Saturday. It is estimated that 70,000 workers in all will be affected by the minimum wage order and wage

increases will total more than \$7,000,000 annually. The order was issued by General Philip B. Fleming, administrator of the wage and hour division, United States Department of Labor, on the recommendation of the railroad carrier industry committee appointed under the fair labor standards act (federal wage and hour law). The recommendations were made after extensive investigations and public hearings.

The minimum wage established for truck line railroads was 35 cents an hour and for short lines 23 cents an hour. About 85,000 workers will receive pay raises on the trunk lines and 5,000 on the short lines. By far the largest group affected by the order will be the maintenance of way employees, including crossing, bridge flagmen and gatemen. It will also include clerical workers, station workers, shop laborers, red caps, dining car and kitchen workers where their present wage is lower than the minimum established.

This is the third largest wage increase to be ordered under the wage and hour law. The largest was in the apparel industry where a schedule of minimum wage rates from 22 1/2 cents up to 40 cents an hour increased the rate of pay for about 175,000 workers.

The number of workers for whom wage rate increases have been ordered under the wage and hour law is now more than 600,000 and the total pay increases on an annual basis due to these wage orders will exceed \$35,000,000. The 30 cent an hour minimum for all interstate employees caused pay increases of more than \$65,000,000, making the total pay increases as a result of the act \$100,000,000.

### Mitchell Co. Public Safety Board Formed

COLORADO CITY, Feb. 27 (Sp) A public safety board for Mitchell county was set up at a meeting of delegates from men's and women's organizations and city and county officials at the city hall in Colorado City Tuesday evening. The meeting was called by Eunice Locker, public safety chairman of the Business and Professional Women's clubs.

Mrs. C. P. Gary was made permanent chairman of the board with Miss Locker as secretary. Mrs. J. G. Merritt was made publicity chairman. Each club and civic organization will have a publicity assistant.

It was decided to launch a publicity campaign immediately through newspapers, posters and schools in the interest of public safety. Mrs. Rees Jones and Miss Locker were named to have charge of the campaign in Colorado City schools. County Superintendent Roy Davis Coles in rural schools, and Vera Crippen in the home demonstration clubs.

### Legislators Seek Better Game And Fish Control Laws

Herald Austin Bureau  
AUSTIN, Feb. 27—The problem of game and fish conservation is a legislative puzzle which has cost the state a pretty penny and which has caused the defeat of many a legislator.

Each session the legislative calendars are cluttered with local game and fish bills, regulating the manner and seasons in which different species can be taken, and a staggering amount of legislative time is spent on these measures. And wise legislators long ago realized that the quickest way to get defeated was to introduce an unpopular game bill. The folks back home might forgive a lawmaker for his vote on a \$30,000,000 tax bill or a new oil commission or the child labor amendment, but if he votes wrong on a game bill that affects the local hunter and fisherman, he'd better watch out.

The game problem is complicated somewhat by the running fight between the Game, Fish & Oyster Commission and local areas. The Game Commission views the con-

servative problem from a statewide point of view; local citizens see it from their personal angle. The result is a wide divergence of opinion on many points, and the legislature must umpire the fuss. This is true in the current legislative session. The Game Commission long has sounded the toms for a universal hunting and fishing license, and for the power to fix all seasons on hunting and fishing; rather than leaving this power to be exercised by the legislature in hundreds of special laws.

These questions have bobbed up again this session, and some effort is being made to effect a permanent solution of them. Rep. Harvey Shell of Gregory and Senator John Lee Smith of Throckmorton, chairman of the house and senate game committees, have named a joint subcommittee to work together unofficially on these problems and try to arrive at some compromise agreement which may be acceptable to all. This group has not yet met, but probably will do so in the near future, according to Rep. L. W. Harris of Whitney, head of the house delegation.

### Japanese Order Nationals Out Of French Indo-China

TOKYO, Feb. 27 (AP)—The Japanese government ordered Japanese residents of French Indo-China today to be prepared to depart and informed observers expressed belief the action was a diplomatic maneuver intended to strengthen Japan's hand during the next few days should the Thailand-Indo-China peace negotiations collapse.

Editorial—Most Of Us Will Sacrifice Only In Taxes For Defense

A lot of talk is floating around about how we must sacrifice for the cause of national defense. It is true, we must make sacrifices for this cause, but much of the talk, many of the speeches, and a lot of these newspaper editorials, are pretty foolish.

Higher taxes will come when we will pay—in just one way. Higher taxes must inevitably result from this heavy spending. Both poor and rich, we will have to pay. These taxes will be the only contributions most of us will make to national defense.

Alsop-Kintner—Harry Hopkins May Get New Defense Place

WASHINGTON, Feb. 27.—Formation of a central co-ordinating office, to tie together all the complex manifestations of the defense effort, is being seriously considered by the president. If the plan goes through, moreover, there is a pretty fair chance that Harry L. Hopkins will be named to the position of co-ordinator.

Man About Manhattan—Broadway Offers Too Many Good Plays This Season

By GEORGE TUCKER NEW YORK—Some Broadway producers this season feel that a new menace—an embarrassment of riches—is mitigating against the theater. This is a surprising view, and coming from the producers themselves it may be reckoned a trifle selfish.

Some Broadway observers also feel that the weather, flu epidemics, and the draft have worked against the best interests of the box office. The draft may have hurt some, though not as much as you would ordinarily imagine.

Classic instance of the inexpensive star is William Holden, youngster launched in "Golden Boy"—in the title, starring role—at a salary of \$100 a week. Holden drew \$150 for "Arizona," struck for more than \$200 after "I, Wanted Wings"—and was held to his original deal calling for gradual increases.

For some time, indeed, leading figures in the office of production management have been discussing the possibility of persuading Hopkins to act as a link between them and the White House. Most of them know him well, and see him regularly. They find they have no difficulty in talking to him.

Comic strip 'OAKY DOAKS' showing a character in a hat and coat. He says 'THE CALIPHS BEEN GONE A LONG TIME! HE SAID HE'D BE BACK IN A MINUTE.' Another character says 'I WON'T DO IT AGAIN! CRASH! I'LL BE GOOD BANG!'

She looked down at her slacks. "Like that I can't. Not to your house."  
"Roger considered a minute. It might be better for her introduction to the house to be a little different."  
"Then wait around there on the stone wall at the drive," he said. "I won't be a minute."  
He was as good as his word. The luxurious roadster was a far cry from the gaudy, rattling jalopy. Lovely had driven that road in the night before. She sat beside the stunned youth with his air of accustomed wealth in a sort of trance. Could it be real?  
Roger turned south on the Albany Post Road. Lovely looked at each stand they passed expectantly and was a little startled when he swung the car into the drive of Tumble Inn, gracious old stone pile rambling comfortably along a crack above the Hudson.  
"Not a place like this in these old pants!" she protested.  
"My dear, you look fit to be presented to Queen Elizabeth!"  
They were shown, and quite ceremoniously, to a table on the glass enclosed piazza and no glanced at Lovely's slacks! They had a sweeping view of the Hudson and fresh flowers in a low vase were brought to their table.  
Roger sitting opposite, watching Lovely, thought: She's lovely. Light moving on the water. Life unfolding in the petals of a flower. Wind blowing on tall sweet grass. A miracle.

around her knees, and watch the river. Across the way the spires of a village were visible. There was a picture postcard prettiness about the whole thing, a faint tangy scent of evergreen, a lulling silence, not broken but made more profound by the soft swish of the needed branches over head. It was all that gave Lovely a sense of peace and closed her mind to the uncertainty of the immediate future.  
"Well! Did they leave you behind? Or am I dreaming?"  
Lovely recognized the voice instantly.  
"I came back," she said simply, smiling up at Roger Cosgrave.  
"Come back!" Curiosity in his voice as he dropped down beside her. "How come?"  
"Yes, you see it's like this. When you have so many invitations you can't decide which one to accept and you're afraid of offending those you turn down, you run away to the country for a few days! Just like that!" Her hands moving in a gay gesture.  
"I see," from Cosgrave who was regarding her with flattering interest. "So Lady Luck smiles on me."  
"If you'd call it that," the brightness of her smile wearing down a little. Lovely was tired. She was beginning to know she hadn't eaten breakfast. Yet something about Roger Cosgrave gave her a safe, secure feeling that brought relaxation.

**Distressing Facts Of Liquor Effect On Manpower Shown**  
 A Washington writer whose column appears daily in newspapers all over the country reveals some distressing figures on the poor shape of America's manpower at the present time.  
 It is pointed out that in the first world war between 20 and 25 per cent of the first 3,000,000 men called up in the draft were rejected for physical defects.  
 Latest tabulations covering enlistments for the first six months of 1940 show that 22 per cent of those seeking enlistment during that period were rejected.  
 Army authorities admit that the physical standards applied to drafted men in 1917-18 are practically the same as those applied today, both for voluntary enlistment and for men called under the present draft act.  
 This high percentage of rejections by the army has officials in other departments of the government worried, also. The situation indicates that the health conditions prevailing throughout the country are far from what they should be.  
 It has been suggested that since repeal, too much money has been spent for liquor, and not enough for foodstuffs. People can't spend their money for "drinks" and buy bread and meat to keep their bodies properly nourished.  
 We do not mean that those who have been rejected by the army were rejected because they were drinkers; many of them, we are sure, are abstainers. But what we do say is that many of them are the victims of a bad-health situation that exists as a result of liquor.  
 We hear so much these days about the imminent invasion by a foreign foe, but nobody in a publicity position is saying a word about the worst enemy we have — the liquor traffic that is undermining our manpower.  
 With nearly one-third of our "boys" unfit for army service, it is high time that some of our national leaders did something to correct the situation. —(Contributed by the local WCTU.)

**Over 500 Pitchers Are In Unique Collection Of Forsan Woman**

By AQUILA WEST  
 FORSAN, Feb. 27. (Spl.)—Quite by accident, Mrs. Mark Nasworthy, wife of a Forsan ranchman, began a hobby of collecting pitchers. Now she has pitchers from nearly every state in the union sent to her by friends and collected by her.  
 A friend, Mrs. Hattie Frieble, who had a collection of some 70 pitchers, suggested that Mrs. Nasworthy also begin a collection and contributed the first pitcher.  
 The second and third ones in the collection came from friends who had just returned from the state fair and Colorado. From this beginning her collection has grown until she now has more than 500, ranging in size from one that holds three drops to ones that have one and a half gallon capacity.  
 Mrs. Nasworthy, who is known as Sally to her friends, says that she has purchased only 30 of the pitchers herself. One is more than 200 years old, another 100 years, and several as old as 50 or 75 years.  
 Friends who toured in Canada, France, Germany and Mexico have added to her collection.  
 And sometimes she gets a surprise addition as when a Mexican laborer, a filling station attendant and a negro woman all presented her with a pitcher when they learned of her unique collection.  
 The pitchers are of all colors, sizes and materials. The most recent additions include 15 pitchers sent to her by her niece, Annie Mae Howell, of Washington, D. C. These represented 14 different states.

**1,000 Starlings Eliminated At Experiment Farm**  
 Starlings, a bird similar to but substantially larger than the sparrow, appear to have developed a liking to federal agencies.  
 Not so long ago they were precipitating a major crisis around the capitol in Washington. Lately, they have been running hands at the U. S. Experiment Farm ragged. But Fred Keating, superintendent, and Jot Smythe, feeder, did something about it. They rigged up some canvass blinds around the feed pens, which the starlings infested, and herded them into a room.  
 The first night they mowed down 825 of them. On a return engagement, they managed to get over 400 of the pests. Thus, today the starting population around the experiment farm numbers less by more than 1,000.  
 Borrower's Memory Long  
 MONTREAL—Four books borrowed 47 years ago have been returned to their owner, and in good condition. The owner and the borrower were school teachers in a Laurentian town in 1894. They will remain unidentified, but today the borrower is a high government official and the owner is a well-known Montreal journalist.
