

Truman Plans To Declare War Emergency Is Ended

Congress Okay Needed To Erase Most Of Controls

WASHINGTON, Feb. 15. (AP) — President Truman plans to declare the national emergency ended before July 31, a high official disclosed today, erasing most of 105 wartime laws then or six months later.

In preparation for this declaration, the official said, Mr. Truman expects to send to Congress within the next fortnight a message recommending permanent extension of such laws as he deems necessary.

This legislative job can be completed during the present session, the official said. Thereupon Mr. Trumanman "can seriously consider ending the emergency before the adjournment this summer."

White House advisers have decided that the "state of emergency" can be terminated before the war itself is officially ended. An additional 250 or more laws based on "the duration of the war," or some limited period thereafter, would remain in force.

Members of the White House staff expect to go to work on "end-of-the-war" recommendations to Congress immediately after the emergency message is sent, on the theory that the war could be ended for most domestic purposes before peace treaties are signed.

The end-of-emergency message will cover powers granted under both the "limited" emergency declared on Sept. 8, 1939, just after the outbreak of war overseas, and the full emergency proclaimed May 27, 1941, after the German sweep of Europe.

It was not disclosed which powers Mr. Truman will ask to have extended. Those which would otherwise expire upon the termination of the emergency—many of them already dormant or nearly so—include:

The requisitioning of ships; lease of vessels to friendly nations; arming of merchant vessels; authority to transfer the Coast Guard to the Navy; purchase of military supplies by "streamlined" methods without advertising; hiring of dollar-year men; suspension of duties on scrap iron imports; tax rate withdrawal of alcohol from distilleries for industrial use; appointment of an undersecretary of the Navy; and certain relaxations of ship manning and operations standards.

Reviewing The Big Spring -Week-

Joe Pickle

It's a good rule to keep your fingers crossed on these lovely days, but they point toward the fact that our spring is just around the corner. Until spring rains come, there is always the possibility of a blow and until April a belated stab from the north can be felt, but chances are we are past the worst of winter.

Livestock made news more ways than one last week. The regular run at the two weekly sales hit 2,100 head. Then another 135 head of 4-H club calves and lambs and registered Herefords went through the ring. By the time it was all over, the total dollar volume was hitting around \$165,000 plus.

All the way through, quality of club animals were the best in 10 years of showing and the sale prices averaged up from last year, and hence the best thus far. The real evidence of what to expect in good cattle in Howard county, however, came in the breeders' show. Here the breeders had done their best job in exhibiting their offerings in excellent flesh. It is to the credit of breeders that they show marked improvement each year.

Few things have stimulated such widespread interest as the special railroad rate (which offers a 60 per cent reduction over single car quotations) under which Cosden already has moved three trains of 12,000 barrels of gasoline to Sweetwater. It's too early to predict results of the experiment, but it is safe to say the revolutionary principle is being watched all over the nation.

Recalling that fire extinguishers in the Hardin-Simmons university building which went up in flames at Abilene a week ago were found inoperative, Mayor G. W. Dabney urged local residents to check their extinguishers. Like a spare tire, they play out unless serviced. They can be taken to the fire station for servicing.

The Steer basketball team at last hit the dust Friday, but not without trying — perhaps too hard. The fast-breaking youngsters are still in a good position to clinch

Rent Controls May Be Lifted In 10 Months

WASHINGTON, Feb. 15. (AP)—Senate approval was predicted today for a plan to end all rent controls in 10 months and allow a general ten per cent increase.

Senator Wherry (Neb.), the Republican whip, told a reporter that if this plan is approved by the banking committee "I think it will carry in the congress."

The author of the proposal is Senator Buck (R-Del.). He is chairman of a banking subcommittee which was directed to draft rent control legislation after the full committee heard more than two weeks of highly conflicting testimony.

Senator Taylor (D-Idaho), a member of the subcommittee and advocate of a full year's extension of rent ceilings without any general increase, agreed that the Buck proposal probably would be approved.

Taylor also denied reports that President Truman threatened to veto any flat across-the-board increase. The senator reported Mr. Truman merely reaffirmed his opposition to blanket increases or removal of controls, now scheduled to expire June 30.

"The veto matter was not mentioned by me or the President," Taylor said of his White House conference earlier this week.

The Buck proposal would remove all rental controls from the jurisdiction of OPA and vest enforcement in federal courts.

All new housing or that not previously under control would be free from ceilings, as would all hotel quarters.

Owners of housing that was rented at the start of this year could increase rents up to 10 per cent. If they went above that figure they could be prosecuted in federal courts, with a fine of \$1,000 possible.

Wherry had asked that all OPA controls be ended April 30. He said he still prefers that but the Buck proposal "differs very little from mine except that state legislatures would have 10 months instead of two to enact any state rent controls."

Princess Said Killed As Plane Crashes In Sea

Tri-Motored Ship Carried Italian Opera Company

ROME, Feb. 15. (AP)—An Italian government transport plane crashed into the Tyrrhenian Sea today killing all persons aboard, reported unofficially to be 16 in number, including an Egyptian princess.

A source close to the British embassy here said the Italian Air Ministry, owner of the three-engined Savoia-Marchetti transport, notified the embassy that Princess Anina Fazil, about 50 years old and a cousin of King Faruk I of Egypt, was one of the passengers.

Unofficial sources said the plane, one of three en route from Rome to Cairo to return members of an Italian opera company who had been performing in the Egyptian capital, carried a crew of six and 10 passengers. The Italian news agency Ansa said, however, there were some unofficial reports that the plane carried 12 passengers.

The air ministry, although announcing that all aboard were killed, refused to divulge the number of dead or release a passenger list.

Budget Slash Still Debated

WASHINGTON, Feb. 14. (AP) — Nineteen House Democrats blasted the proposed \$6,000,000,000 budget slash today on the ground it might hamstring Secretary of State Marshall at Moscow, and Senator Vandenberg (R-Mich.) expressed "fear" it would mean disarmament.

With Vandenberg coming out against any cuts that would force this country to "disarm alone," indications mounted that the Senate will reject the \$6,000,000,000 cut in favor of a smaller one. Chairman Bridges (R-NE) of the Appropriations Committee, in fact, conceded as much.

The House Democrats, members of the Appropriations and Ways and Means committees, filed their protests as a minority report to that adopted by the Senate-House Budget committee yesterday recommending the cut. Individually, they declared their intentions of fighting the reduction on the floor.

Their statement, drafted at a conference, urged a delay in fixing the congressional spending ceiling until "actual hearings" can be held.

McDONOUGH, Ga., Feb. 15. (AP) — Herman Talmadge won a second consecutive victory in the courts today in litigation over the governorship of Georgia, but the judge who sustained him criticized his election by the legislature as a relic of "the stage-coach era."

Superior Judge Bond Almond, concurring in an earlier decision by a colleague, Judge Walter Hendrix, held the legislature was constitutionally correct when it named Talmadge to the four-year term of his late father, Eugene Talmadge. The ruling came three days after Hendrix had dismissed the suit of Talmadge's rival, Lieut. Gov. M. E. Thompson, who sought to oust Talmadge from office.

Both the Hendrix decision and today's ruling by Almond were appealed to the Georgia Supreme Court where a third superior (circuit) court decision awaits review. The latter, to which Talmadge was not a party but which involved the governorship, was a ruling by Judge Claude Porter at Rome, Ga., last week.

SALOONS CLOSE EARLY SYDNEY, Australia, Feb. 15. (AP) — The electors of New South Wales, Australia's most populous state, voted today by nearly two to one to retain the present liquor laws which close the saloons at 6 p.m. daily.

HANDLERS GET BOOST FORT WORTH, Feb. 15. (AP) — Members of the Livestock Handlers Union at the Fort Worth stockyards have voted to accept an eight cents an hour wage boost, Ted Morrow, department of labor conciliator, announced today.

Tobacco Dealer Hits 'Justice' In Greece ATHENS, Feb. 15. (AP)—Willie Irving Talon, 47-year-old tobacco dealer of Smithfield, N. C., said today he was fined \$210,000 by a Greek court following his conviction on a charge that he had attempted to take \$29,400 in cash out of Greece without declaring it to a customs officer.

Talon told an American correspondent in the military barracks where he is being detained that he was denied "even elementary justice" when he was tried and convicted on the charge within a 20-hour period.

College Rejected MIDLAND, Feb. 15. (AP)—Midland voters today rejected a plan for establishment of a junior college here. In a special election the vote was 632 against establishment and 93 for.

President On Flying Visit To Ill Mother

KEY BANQUET FIGURES—The Texas & Pacific Railway company male quartet, above, will furnish musical entertainment for the annual Big Spring chamber of commerce banquet Tuesday at 7:30 p. m. in the Settles ballroom when K. H. McGibbon, below, will be installed as president of the organization. McGibbon was elected by the board of directors last week to head the organization for 1947. Quartet members, left to right, are Jack Cox, Vernon Elmore and Glenn Gooch of the freight accounts department, and Bob Ferguson, office of the superintendent of transportation, at general offices of the T&P in Dallas. The pianist is "Rosy" Rosamond, assistant to the vice-president.

Mrs. Truman's Fractured Hip Said Mending

Chief Executive Will Return To Washington Today

GRANDVIEW, Mo., Feb. 15. (AP) — President Truman, worried about his mother's hip fracture, flew in from Washington today, found her condition satisfactory and decided to fly back to the White House tomorrow afternoon.

The 94-year-old Mrs. Martha E. Truman may be up and out of bed inside of six weeks, because of her will power, Brig. Gen. Wallace Graham, the President's personal physician announced after a three-doctor consultation.

"With all the will power she has, she just has to get well," Graham told a conference of newspapermen after he had consulted with Dr. Gertrude McKee, of Belton, Mo., and Dr. Joseph K. Greene, of Independence, in which X-rays of Mrs. Truman's hip fracture were examined.

The President drove into Kansas City after the consultation to spend the night in his pent-house at the Hotel Muehlebach.

He will visit his mother again before taking off at 2 p.m. tomorrow in the so-called "sacred cow" for Washington.

Graham's announcement followed a day of fast breaking developments, topped by the President's unheralded flight from Washington after he was informed Mrs. Truman had fractured her right hip in a fall at her home here Thursday night.

Washington reporters, requested to keep news of Mr. Truman's departure from Washington at 7:45 a.m. today a secret until his arrival, were on hand at the Grandview airport when his plane landed at 12:30 p.m.

After talking with his mother and ordering the consultation, the President visited a nearby luncheon room gave the 17-year-old waitress an autographed dollar bill in payment for his 70-cent Blue Plate roast beef lunch, and returned to his mother's home for the consultation.

After it was over he moved into the Muehlebach hotel in nearby Kansas City.

Graham said the X-rays showed "a complete fracture at the neck of the right femur."

Assistant Attorney General Quits Job

WASHINGTON, Feb. 15. (AP)—Wendell Berge, assistant attorney general in charge of the anti-trust division, resigned tonight, effective May 1.

This was announced by Attorney General Tom Clark, who expressed regret at Berge's departure. The resignation was submitted to President Truman January 30.

Berge will become a partner in a Washington and New York law firm.

In charge of the anti-trust division of the department of justice since August 28, 1943, Berge first joined the department in 1930.

Coahoma Voters Okay Bond Issues

COAHOMA, Feb. 15. — Voters in the Coahoma Independent School District Saturday approved a \$36,000 bond issue to cover expense of proposed improvements to the local school system's plant, and at the same time favored increasing the school tax rate from \$1 to \$1.50.

Seventy-three voters supported the tax increase, while only 18 opposed the measure. The bond issue carried by a margin of 71 to 17.

INDUSTRY-CHURCH MEET SET

PITTSBURGH, Feb. 15. (AP)—What should the churches do about economic problems? Can Christian principles have a bigger part in economic life?

Two hundred delegates from 25 denominations will try to answer those questions Tuesday, Wednesday and Thursday in a conference unlike any other in American religious history.

Labor-management issues will be among those discussed by men and women including: Eric Johnston, Episcopalian; Walter Reuther, Lutheran; Charles Poletti, Baptist; Rep. Ralph Gwinn (R-NY), Methodist; and Boris Shishkin, Eastern Orthodox.

The name of the meeting is "The National Conference On the Church and Economic Life." About 280 of the 400 delegates are laymen, the others clergymen.

Tickets For Annual Banquet Sell Fast

With the annual banquet only two days away, ticket sales for the big membership event of the Big Spring chamber of commerce Saturday were moving at a brisk clip.

A sell out in advance of the affair, set for 7:30 p. m. Tuesday in the Settles ballroom, was indicated. There will be over 300 plates provided.

H. W. Stanley, widely known speaker and chamber of commerce executive now head of the San Antonio chamber's trade extension and civic departments, is to give the featured address for the occasion. Stanley has had varied experience in the field and at one time was president of the Broadway of America highway association which pioneered traffic promotion on US 80. He also established the Southwest Institute for chamber of commerce managers at Dallas approximately 15 years ago.

Large representation from other cities in West Texas is forecast for the banquet on the basis of acceptances up to the weekend. In addition, it is probable that some

Only One Survives Quadruplet Birth NEW YORK, Feb. 15. (AP)—A one-pound, five-ounce boy was the only survivor of quadruplets born three and a half months prematurely here today, but physicians said tonight there was "not too much hope" for his survival.

A specialist was called to care for him.

Meanwhile his 22-year-old mother, bed-ridden, diminutive Mrs. Judith Nassei, was still worried because "I don't have enough arms to hold them all." She had not been informed of the death of the three babies.

Hungary Bolstered With US Credits WASHINGTON, Feb. 15. (AP)—The United States, in a new move to bolster a friendly non-Communist European government, extended a second \$15,000,000 credit to Hungary today to buy surplus American war material.

The State Department announced the grant. It also held out hope of further economic aid soon to what it referred to as Hungary's "freely elected" regime. It has been involved in a struggle by Communist and other parties to oust the Smallholder Party majority in parliament.

Indefinite Power Blackout Possible LONDON, Feb. 15. (AP)—Britain faced an indefinite continuation of the power blackout today. Manufacturers in the Manchester area stated the industrial paralysis there would last at least a second week despite a government announcement of "real and steady progress" in the six-day battle to move storm-bound coal supplies.

Mysterious Army Alert Cancelled

FRANKFURT, Germany, Feb. 15. (AP)—The United States Army in Germany announced tonight it had cancelled an unexplained alert for 28 American transport planes and declared mysteriously that "the emergency apparently was passed."

The crews of the 28 big C-47 planes at Riem Airfield near Munich were alerted this morning.

The mystery deepened with the announcement late tonight of an Army spokesman, Col. George S. Eyster, theater public relations chief, who said:

"Whatever their mission was, it has been completely cancelled and dropped."

He indicated that the alert and its cancellation were on orders from Washington, and said the action had "a planned purpose."

British-India Debt Conference Is Ended NEW DELHI, Feb. 15. (AP)—Conversations over the settlement of Britain's wartime debt to India ended today, and a communique said the talks were "extremely useful." The debt amounts to more than \$4,800,000,000.

Further talks, on a more formal basis, will be held in April. Sir Wilford Eady, of the British treasury secretariat, indicated the next meeting might be in London with the chancellor of the exchequer, Hugh Dalton, participating.

## The Texas Poll— 200,000 In Market For Better Homes

AUSTIN, Feb. 15. — Approximately 200,000 families are in the market to build or buy homes this year. This demand is estimated by The Texas Poll on the basis of its latest scientific sampling of the population.

The Poll finds:  
1. About 85,000 families are planning to build new homes.  
2. Nearly 120,000 want to buy homes.

3. One-half of the prospective home-builders and buyers are depending for the most part upon savings, rather than borrowed money, to carry out their plans.

To a large extent, the Poll finds Texas residents are still in a period of post-war readjustment: four out of every ten feel they are not settled in the houses where they are now living. In spite of inadequate housing, however, Texans as a whole are viewing the future optimistically. Three-fourths believe this year will turn out to be financially and otherwise, as good as or better than last year. As a class, home-owners are more optimistic than renters.

A representative cross-section of the adult population was asked:  
1. "Insofar as you and your family are concerned, financially and otherwise, do you think 1947 is going to be better, not as good, or about the same as last year?"

Families Owns Renters	
Better	37% 42%
Same	38% 31%
Not as good	20% 17%

**TALE BY THE TAIL**—That's the story of Ector J. Stockton, rancher and oilfield worker of Chalk, and an eagle. Driving on US 87 near the McIntyre ranch 15 miles west of Sterling a week ago today, Stockton saw an eagle crouched in a barrow ditch. He stopped his car and walked toward the eagle. Just as he came upon it, the bird fluttered and took to the air, but not before Stockton could grab it by the tail. Then ensued a brisk battle between Stockton and the bird with Stockton prevailing when he got to a stick for a weapon. The bird measured six feet and four inches from tip to tip. (Jack M. **West Texas Cattlemen Buy 54  
Registered Herefords At Sale**

Buyers from West Texas, most of them from the immediate Big Spring area, paid \$16,611.09 for 54 registered Herefords Friday afternoon at the Howard County Hereford Breeders Association's third annual sale.

Average prices were up considerably over the 1946 sale, indicating that quality has been improved in herds of association members.

Thirty-one bulls averaged \$295.64 and 23 females averaged \$236.75. Overall average for the 1946 sale was \$220.

Bill Currie of Garden City paid the top price of the sale. He bought Mousel Lampighter Jr., a bull calved June 1, 1945 and consigned by the Roden Ranch, for \$650. R. T. Shafer paid \$600 for Supreme Mischief 41st, a two year old consigned by C. A. Walker, for the second highest price in the bull sale.

Top female, Lady Anxious 34th, consigned by Roden Ranch, went to D. D. Douglass of Big Spring for \$600.

Douglass was heaviest buyer at the sale, purchasing eight females for a total of \$2,315. Spade Ranch of Mitchell county bought seven bulls for an aggregate of \$1,660. Col. Walster Britten of College Station was auctioneer.

At conclusion of the regular sale Mrs. Pearl Cauble sold 12 heifers in groups of four. Sam Cauble paid \$140 each for the first group and \$110 each for the second group. The third group of four went to Albert Davis for \$110 each.

**Army Promotion  
Grades Re-Opened**

Army promotions to the grades of technical and master sergeants have re-opened. Lt. George M. Kesselring, local recruiting officer, announced today.

Promotions to those grades were stopped last October due to the large number of former commissioned officers who were returning to enlisted grades.

Until today, enlistment of men who had been out of the Army more than 20 days could not be made in grade higher than staff sergeant.

Crop variety demonstrations to give farmers local information are being arranged for 1947 in many North Dakota communities.

LINEUP OF HOWARD COUNTY CHAMPIONS—Blue ribbons came only after spirited competition at the 10th annual Howard County 4-H club Livestock show this year, and the champions are believed to be the best club animals ever shown here. After the judge made his final rounds Tuesday he left the four animals pictured above at the top of the list. Above left, James Fryar, son of Mr. and Mrs. R. V. Fryar, exhibits his Hightweight milk-fed Hereford which was named grand

champion of the beef division. The animal was bred by Winston Bros. of Snyder. Above right is Ronnie Davidson, son of Mr. and Mrs. L. J. Davidson, and his reserve champion milk-fed Hereford which was bred by Ernest Grissom of Fort Worth. Raymond Phillips, (below left) shows his grand champion lamb, and (below right) Delbert Davidson, a brother of Ronnie, exhibits the reserve champion lamb. Both lambs were bred by J. J. Phillips. ## WINGS OVER 'BIG SPRING— New Plane Models Shown At Airport

Vernon Smith, local Swift dealer, now has the new Swift 125 on display at the Municipal port. Smith already has been giving some demonstrations and has invited others to come out and inspect the plane. It has a cruising speed of 150 miles an hour, is a trim two-place plane with retractable landing gear.

Clyde Thomas left Saturday afternoon in his Swift 85 for Austin with his son, Don, as a passenger. Don was flying back to resume his work at the University.

Several new Navions have landed at the Mury port during the past few days on cross country flights, and also some Stinson 150's and Swifts.

Two more private pilot's licenses were issued last week at the Big Spring Flying Service. They went to O. F. Priest Jr. and James Simms. Both are now working for their commercial licenses.

Also at the Big Spring Flying

Service, Ray King, Bill McLendon and J. R. Smith have completed 10 hours of night flying each. L. Easley, J. W. Kent and Mr. Daniel are soloing in the Cessna 140 at night, and J. R. Smith and L. W. Pearce have been checked and are nearing their commercial licenses.

Vernon Smith flew to Temple last week in his Swift 125 to pick up G. G. Morehead, who underwent surgery recently at the Scott-White hospital. Morehead was allowed to return home 10 to 12 days ahead of schedule, provided he could travel by air. Smith plans to fly his Swift 125 to Oklahoma City Tuesday on a business trip and return the same day.

## Shoplifting Charged To Small Children

Two Latin American children, a girl, 10, and her seven-year-old brother, were picked up here Saturday afternoon by members of the sheriff's office on charges of shoplifting.

Two minors reportedly had a sackful of pilfered merchandise when intercepted at a local store.

## Christian Lecture Scheduled Tuesday

The third in a series of lectures on Christian doctrine will be presented Tuesday evening at St. Paul's Lutheran church by the pastor, the Rev. O. H. Horn.

The service, scheduled for 8 p. m. is held in preparation for adult membership in the church.

Each Friday evening from now until Easter lenten meditation will be held at the church, with sermons based on the seven words of Christ on the cross. Meetings will be held at 7:30 p. m.

## World Famed Tenor Will Sing Here

Emanuel Mansfield, regarded by many as the world's second greatest tenor, is to appear here in the Municipal auditorium under sponsorship of the Lakeview Negro school, E. M. Watson, principal, announced Saturday.

Mansfield will be accompanied by Robert Evans, the only recognized pianist of Indian ancestry. They form the only musical team of its kind in the United States, Watson said.

The March 5th appearance here will be their first in this part of the country. Arrangements are being made for advanced ticket sales, and tickets will be available soon.

## Farm And Ranch News

**By WACIL McNAIR**

Some buyers at the 4-H club stock sale Wednesday changed their minds rapidly when they got a close look at the animals they purchased. Prior to the sale it was estimated that approximately 25 of the club steers would be offered for resale, but when the bidding was concluded only 17 parted with their purchases. That meant that 28 steers were kept, most of them going into private cold storage lockers.

The buyers were guaranteed a resale price of 24 cents a pound for the club steers and 22 cents a pound for the club lambs. Armour packing company's representative made the guarantee on behalf of the A&P stores. The resale price for the steers was approximately two cents a pound above the local market price.

Even the commercial livestock buyers like the looks of club animals. At the Big Spring Livestock Auction company's weekly sale Wednesday, three FFA hogs brought \$28.60 cwt., about three and a half cents above the regular market.

Dress percentages on the 4-H

club here were extremely high. The dry-lot champion, which was fed by Frances Weeg of Big Spring and came from the C. A. Walker herd, weighted 1,045 pounds and dressed 668 or approximately 64 percent. Howard Smith's 1,000 pound steer bought by Cosden, dressed 671, or 67.1 per cent. N. M. Smith was the breeder of Howard's steer.

Col. Walter Britten of College Station, who has been retained as auctioneer for a number of registered Hereford and club sales here, took a day off in Big Spring Thursday, after selling the club steers and lambs Wednesday. Despite the fact that he was to return Friday and sell for the Howard County Hereford Breeders association, Britten ordinarily would have booked another sale for the in between date, but he elected against it after experiencing a fatiguing schedule at the Houston show. At Houston he sold some 800 club steers, beginning at 9 a. m. and continuing until 5:45 p. m. In addition he was auctioneer for Aberdeen-Angus breeding cattle, capons and rabbits. It was his first rabbit auction, but Britten managed to sell the 300 offered at \$1 a pound or better.

Harvey Wooten, local feed dealer, is justifiably proud of an unusual record in connection with the 4-H livestock show. All of those placing in the show fed products from his store, and all except one or two exclusively. In appreciation, his company offered special awards to winners. Last year at Fort Worth exhibitors in the winning carload lot were presented with new boots. Wooten has taken special interest in the calf and lamb feeding program the past two years. This year he gave \$20 prizes to both the dry lot and milkfed champion steers and to the champion lamb.

Grady Cross has decided he really got a bargain when he brought a bred cow at the Lomax registered Hereford dispersal sale last year. Last week the cow made a real addition to Cross' registered herd by giving birth to twin calves.

Roy C. Davis, president of the Texas Palomino Exhibitors association and one of the leading Palomino breeders of the Southwest, is grooming entries for the Palomino show at the Southwestern Livestock Exposition at Fort Worth in March. He is entering Bonanza del Sur, a coming four-year old stallion which took the championship at San Angelo and El Paso last year along with Donna del Sur, a coming two-year-old filly, and two yearlings. Incidentally, Davis has called a meeting of the Texas association for March 8 at Fort Worth for the annual election of officers. Last year the annual meeting was held in Mineral Wells.

KEYS made at Johnny Griffin's.

**GIRLS COMPETE**—Although few in number, Howard County 4-H club girls must be reckoned with before champions are declared in the local livestock show each year. The five lassies pictured here mixed it with the boys when the judge appeared Tuesday at the 10th annual Howard County Club Show, and the young ladies came off with a creditable share of the ribbons. In the top picture, left to right, are Wanda Robinson, daughter of Mr. and Mrs. T. M. Robinson; Marie Petty, daughter of Mr. and Mrs. T. J. Pettig; and Connie Crow, daughter of Mr. and Mrs. O. R. Crow, with their respective beef steer entries. Below are Frances Weeg, daughter of Mr. and Mrs. F. H. Weeg, and Billie Jean Walker, daughter of Mr. and Mrs. A. L. Walker. The steer shown by Miss Weeg was named champion in the dry-lot fed class. The animal was bred by C. A. Walker. Barbara Lewter, daughter of County Agent and Mrs. D. W. Lewter, (not pictured) had two entries in the lamb show, making a total of six girls in the competition. (Jack M. Haynes Photos).

## Somber Liberty Ship To Carry War Dead Home

SAN FRANCISCO, (UP) — A somber gray liberty ship will arrive at San Francisco's port of embarkation in mid-August, and from it will be removed the first of a long and solemn line of flag-covered pine boxes.

It will be the beginning of the second redeployment—the return of the men "who didn't come back."

At approximately the same time an identical ship, with colors at half mast, will arrive in New York harbor from Europe.

Appropriately, the first of the Pacific war dead to return to their native soil will be the men who fell at Pearl Harbor on the "day of infamy," and who have since rested in Hawaii's seven military cemeteries.

The pattern of the reburial program will follow closely the path of the campaign—from Pearl Harbor to the Solomons, Australia, New Guinea, the Marshalls, Gilberts, Guam, Philippines, Iwo Jima, Okinawa and finally Japan itself.

**PROGRAM ALREADY STARTED**  
To prepare the way for the re-

turn of the 73,816 known Pacific war dead, the government today has its reverent program in full swing.

In the Pacific, army graves registration teams are at work on the exacting task of identifying each body as it is prepared for shipment from the 53 army, navy and marine corps temporary cemeteries.

Here on the Pacific coast, several liberty ships are being converted to carry their grim cargoes. Scores of former hospital trains are being refitted to carry the thousands of bodies from distribution centers to their final resting places.

At the Oakland, Cal., army base, part of the San Francisco port of embarkation, a receiving pier is being built at which the ships will discharge their burdens. At Oakland also a distribution center will be erected—one of 15 such centers

to be built at strategic locations in all parts of the nation, from which the caskets will be dispatched to their ultimate destinations.

Illinois made approximately 60,000,000 pounds of cheddar cheese in 1944, and now ranks as the second state in cheese production.

**Former Big Springer Is Seriously Ill**

Friends here learned Saturday morning that Mrs. J. H. Lewis, formerly of Big Spring, is seriously ill at the family home in Marshall. Her husband was foreman of the blacksmiths in the T&P shops here until 1932, when he transferred to Marshall.

In 1880, only 14,000 people lived in the District of Columbia.

**Phone Strike Ends**

JUAREZ, Mexico, Feb. 15. (AP)—Striking employees of the Erickson Telephone Company returned to their jobs in midafternoon today, ending a walkout which paralyzed communications here for 14 hours.

New production records were set by 11 crops in 1946. They are: corn, wheat, potatoes, rice, soybeans, tobacco, peaches, pears, plums, cherries and truck crops.

**More Than 100 Veterans Aided Here By Red Cross Last Year**

To tide them over difficult periods, more than 100 veterans have received financial assistance from the Howard-Glasscock counties chapter of the American Red Cross during the past year.

Through the home service program of the chapter, Mrs. Mores Sawtelle, executive secretary, has helped veterans file disability claims with the government, and has assisted them in obtaining factual evidence needed to complete the claim. If the veteran designates the Red Cross as his claims representative, home service provides further aid by enlisting the

help of Red Cross field directors in Veterans Administration offices.

Made in the form of grants or loans without interest, calls for financial aid arise from a wide range of problems. The most frequent are for food and rent while the veteran and his family wait for a claim to be settled.

Other calls are for funds necessary for the veteran to remain in school while awaiting his government check to cover educational benefits, funds to cover the cost of transportation to a distant job, and funds for living expenses while the veteran awaits his first pay check, once he has found a job.

Sometimes veterans require assistance from the local chapter in solving special problems. The worker here can put veterans in touch with the proper agency for such aid since she is kept abreast of the resources in this community.

This year, with more veterans enrolled in colleges and universities, the local chapter has been aiding with back-to-school problems of veterans and their wives. All Red Cross services are available to these veterans who have resumed their college work or are enrolling for the first time.

**'Ladies Night' Program Given By JC Singers**

Howard County Junior college's vocal ensemble presented a program at the Big Spring Rotary club's "Ladies Night" meeting Friday night in the Settles.

The ensemble is composed of Raymond Moore, Ernest Moore, Harry Echols, Melvin Newton, Leola Holcombe, Colleen Davidson and Leatrice Ross. Eddie Lou Haug, music instructor at the college is director of the group.

Charles Davies another student at the college, presented a humorous dialogue skit, with Miss Haug accompanying on the piano.

Bill Hix was student master of ceremonies.

Dr. P. D. O'Brien was Rotary master of ceremonies, and Delbert Downing of Midland, was principal speaker.

Decorations for the ballroom followed the Valentine theme. They were arranged by Mrs. R. R. McEwen, Mrs. Elmo Wasson and Mrs. Jessie Townsend.

Rotary Ann's presented red roses to the men, and novelty bottles of perfume were favors for the women.

**Scouts Plan Round Table Discussion**

Cub Scout leaders in the Big Spring district will conduct a round table discussion at 7:30 p.m. Monday in the chamber of commerce office, D. M. McKinney, cubbing commissioner, announced Saturday.

McKinney urged all cubmasters, den mothers, cubbing committee members and pack committee members, to attend. The Big Spring district includes cub packs here and at Forsan and Coahoma.

Topics to be discussed at the meeting include plans for training courses and a calendar for pack meetings during the coming year.

**Chamber Reaches Pre-Banquet Goal**

The Big Spring chamber of commerce reached its pre-banquet goal of 700 members Friday afternoon and by Saturday the total membership had climbed to 707, officials announced.

Jack M. Haynes, local photographer, became the 700th member when he joined Friday afternoon. A total of 59 new members have been added to the chamber rolls since the current drive was launched, and 71 have joined since Jan. 1.

Others who joined Friday and Saturday included the Big Spring Rendering and By-Products company, South Plains Wholesale Co., H. C. Stipp, Don G. Burke, Obie Bristow, Clarence Fox, Big Spring Clock and Key shop, Pat Stasey, Roberts Package store.

**Legion Magazine Lauds Local Post**

The Howard county post of the American Legion hit the news jackpot in the current issue of the Texas Legion News. Page one of the publication has a picture of the installation of post officers with cutlines describing the local unit as one of the fastest growing in Texas. Another picture shows the post's mass initiation of new members, which set some sort of state record, and also has a picture of E. V. Spence, former Big Spring city manager.

**215 Students Enrolled At Junior College**

With all but three adult evening school classes organized, Howard County Junior College enrollment had reached 215 Saturday.

One non-credit class in clothing taught by Mrs. Clara Irby, head of the homemaking department, has not completed enrollment and if more women are interested in the unit, which meets for three hours each Thursday, a second section may be organized to meet on another afternoon. Several Big Spring matrons are taking the special course.

Announcements of a Bible course are being made in most local churches today, asking that persons interested in the class, which could offer three semester-hour credit, to be at the college at 7:30 p.m. Monday. Elizabeth Akers is to be the instructor.

A blueprint reading class under Norcliffe Meyer will complete organization at 7:30 p.m. Tuesday and persons wishing this instruction should be at the college at that time.

Other adult classes now underway include those in beginning and advanced shorthand, advanced and beginning bookkeeping, business psychology, government, elementary education and conversational Spanish.

Although the total enrollment is down but slightly, there has been no loss in the regular college enrollment. E. C. Dodd, president, said Saturday.

**On Target for '47**

STAND back — take it all in — and make sure you don't miss a thing.

For what we've pictured for you here is the whole Highway Hit Parade of 1947 — wrapped up in one glamorous bundle.

Those long, flowing, follow-through fenders — there's a style note you'll see echoed in automotive fashions for a long time to come.

That generous beam amidships — there's the drivingroom you've been seeking, with legroom, headroom, elbowroom all around.

That broad deep bonnet spells power aplenty — eager, lively

fireball power from an engine that seems to stay forever young.

That hug-the-road look means steadiness; coil springs on all four wheels spell matchless, floating ride; wide-swinging doors open on interiors both handy and handsome in arrangement.

In a word — here's a car squarely on target, whether you go for

style or size, performance or value. Here's America's most wanted car — and easily America's most sought-after buy.

So why let the crowd get ahead of you? Why wait — when waiting can only postpone delivery, not hasten it.

Just remember that faint heart ne'er won a fair car like this — and get your order in!

## Kick-Off Breakfast On Thursday Will Start Red Cross Fund Drive

Howard-Glasscock chapter of the American Red Cross will begin its annual fund drive at 7:30 a.m. Thursday at a special gifts campaign kickoff breakfast in the Settles hotel, Charles White, special gifts chairman, announced Saturday.

Preliminary arrangements for

the special gifts drive have been completed, and a group of 80 workers are to begin making contacts immediately after the kickoff breakfast. A speaker for the kickoff ceremony will be announced early next week.

White has selected two group leaders, R. B. Reeder and Jack Roden, with each to be in charge of eight teams composed of five men each.

Tea captains already selected for Reeder's group include C. O. Nalley, A. S. Darby, Joe Pickle, Ted Phillips, J. B. Collins, Cecil Collings, and Iva Huneycutt.

Roden's list of team captains is composed of Charlie Watson, Bert Tate, H. W. Smith, J. L. LeBleu, Champ Rainwater, Otis Grafa, R. R. McEwen.

Team captains already selected four men each to serve with their respective groups, and the two group leaders have asked their respective captains to file lists by Tuesday.

The special gifts drive provided approximately 60 percent of the quota in the 1946 drive, and workers are hoping to exceed that record this year.

The regular campaign and residential canvass will begin after the special gifts drive is launched.

## Tubbs No. 1 Jones Picks Up Staining

Wildcats for northwest Mitchell and southeast Borden counties were announced last week as actively picked up in the Coleman Ranch field of Mitchell county and the wildcat J. B. Tubbs No. 1 Chester L. Jones, seeking Vincent pool pay, picked up staining. Tubbs No. 1 Jones, section 60-20, LaVaca, in the northwest corner of Mitchell county, drilled at 4,322 feet in lime, picked as the Clear Fork. Staining and odor were present in samples logged at 4,300 feet but no free oil. The test is

due to continue, possibly exploring for shows picked up in the Dunn area around 4,700 feet.

Standard of Texas planned to start a scheduled 2,900-foot cable tool wildcat Monday three miles southwest of the Coleman Ranch (Clear Fork) pool. It will be No. 1 J. C. Womack, et al in the SE SE 5-28-1n, T&P. Honolulu, Devonian and Cascade prepared to spud the No. 1 J. R. Canning, projected 4,200-foot cable tool wildcat 18 miles southeast of Gail and in the southeast part of Borden county. Location will be 440 feet out of the northwest corner of section 142-25, H&TC, near the center of a 5,980-acre block that extends into southwestern Scurry county.

In the Coleman Ranch field, W. K. Byron spudded No. 1 Dave Womack, 330 feet from the north and east lines of the southeast quarter, section 3-26, H&TC, and drilled at 412 feet in shale. F. A. Gillespie & Son rigged up cable tools for No. 1 Lucy Coleman, 1,650 feet from the north end 330 feet from the east lines of section 4-26, H&TC. Both are new operators in the pool.

Doswell & Morgan swaled orders on No. 1 R. L. Solomon, 330 feet out of the southeast corner of section 71-97, H&TC, with 500 feet of oil in the hole. First pay was picked from 2,564-70 feet in brown lime with an increase at 2,702 and with broken brown lime from 2,740-2,815 feet, bottom of hole.

Norman & Roche pumped 93 barrels in a six-hour run on No. 2 S. R. Coleman, section 70-97, H&TC, rigged clean up tools on No. 4 S. R. Coleman, and spudded No. 5 S. R. Coleman, also in section 70, drilling at 339 feet in redbeds after setting 10 3-4-inch string with 15 sacks at 49 feet.

Buttram & Associates completed No. 3-A S. R. Coleman, section 70-97, H&TC, for 274 barrels on a 24-hour test, rigged cable tools on No. 2-A Coleman, and drilled to 2,323 feet in lime on No. 1-B Coleman, which topped lime at 1,640 feet.

R. L. Wheelock No. 1 S. R. Coleman, 330 feet out of the north-east corner of section 6-26, H&TC, shot with 720 quarts from 2,685-2,848.

## DAV Chief Will Visit Here Monday

Sol Glickman, chief of staff of the Disabled American Veterans, department of Texas, will visit Big Spring Monday and attend a special meeting that night in the Settles hotel.

The meeting has been scheduled for 8 p.m. At the time all disabled veterans of World Wars I and II in the Big Spring area are urged to hear Glickman speak. Glickman will be accompanied here by Duncan Perkins, assistant deputy of Disabled American Veterans. The organization is composed only of veterans who were disabled in wars.

Glickman has had an active part in American Legion work for the past 28 years, and at present is on the state membership committee of the "40 and 8."

## Coahoma Boy Tops For Steer Feeding

Bobby Powell, Coahoma, emerged as top boy in most gain for a drylot steer in connection with the annual 4-H Club livestock show held here last week.

Starting at 550 pounds on Oct. 12, the calf bred by R. L. Powell finished with 890 pounds, a net gain of 340 or an average daily gain of 2.85 pounds.

Pressing closely was the Bud Flannagan calf fed by Wade Choate, Midway, which showed a net gain of 335 pounds, or 2.80 pounds per day.

## Daily Newspaper Circulation Gains

PHILADELPHIA, Feb. 15. (AP)—Circulation of daily newspapers in this country reached a record 50,751,000 last year — a gain of nearly 2,000,000 over the previous year, the 1947 edition of N. W. Ayer & Son's directory of newspapers and periodicals disclosed today.

## Warner Says New Film Pact Slated

HOLLYWOOD, Feb. 15. (AP)—Jack L. Warner, back from a two-month survey of conditions in England and on the continent, said today that a new British-American film trade agreement will be made this spring and "it seems likely that some restrictive quota will be placed on Hollywood products."

## Murder Charge Filed For Narcotic Slaying

DALLAS, Feb. 15. (AP)—Charges of murder were filed today against three men in connection with the fatal shooting yesterday of George Jenkins, 36, government narcotics informer.

Facing charges are George Herman Miller, 41; his brother, Walter Robert Miller, and James Guthrey. Jenkins was fatally shot yesterday at a south Dallas grocery store.

## Library Friends Group Takes Definite Form

Concrete steps toward the organization of a Friends of the Library association were taken at an open meeting held Saturday afternoon at the YMCA headquarters.

Those present unanimously adopted a motion to name an organization committee and called another general meeting to hear the committee's report at 2 p.m. Saturday, Feb. 22.

Olen Puckett, chairman, met with the special committee, composed of Mrs. Matilda Maer, Mrs. J. B. Mull, Joe Holladay, Mrs. Shirley Fryar, and Mrs. J. D. Benson, immediately after the general session.

At the meeting, called as a result of two previous committee studies, the purpose of the proposed association was explained as having one group whose prime objective would be to foster activities which would benefit the development of the library.

Many suggestions were offered, such as having a rental shelf for newest books, with proceeds to be returned to the fund and the books to the free shelves as rapidly as a particular book is paid; Saturday morning book reviews at the library for youngsters; book reviews for adults with proceeds to go into the library fund, and several others, including possibility of enlarged tax support.

Approximately two score people attended the meeting with most parts of the county, as well as Big Spring, represented.

## Two-Year-Old Boy Struck By Auto

A two-year-old boy, Robert Lynn Ellis, son of Mr. and Mrs. Elmo Ellis of Big Spring, was carried to Malone and Hogan hospital at 4:30 p.m. Saturday for treatment of injuries received when he was struck by an automobile at Third and Main streets.

The attending physician said Saturday night that the boy sustained a fractured left thigh, fractured right leg and several bruises in the mishap.

Police who investigated the accident said the boy was struck by a car driven by Fred C. Farmer of Dublin. He apparently pulled away from his parents and did not see Farmer's vehicle crossing the intersection, officers said.

# Hubble Bubble Wins \$50,000 Media Event

ARCADIA, Calif., Feb. 15. (AP)—California-bred Hubble Bubble was declared winner of the \$50,000 San Vicente handicap today when movie magnate Louis B. Mayer's favored Stepfather was disqualified and ruled out of the money in one of the wildest finales seen at Santa Anita Park.

As 53,000 fans waited 15 minutes for the Stewards' ruling, Jockey Johnny Longden of Stepfather, ostensible winner by half length over Hubble Bubble in a mad scramble down the stretch, was knocked out of the \$38,050 first-place money in the race, final major test for three-year-olds before the \$100,000 Santa Anita Derby March 8.

# Trustees May Meet This Week To Study Coaching Applicants

## 'Best Man' To Be Named, Says Board

With the problem of naming a head football coach at hand, the school board will probably meet this week to discuss the situation and weed out some of the 22 candidates who are already in the derby. There is no indication that a final decision will be made that soon, however.

When the task of filling the post was checked to the trustees, they elected to throw the job open and interview as many applicants as they could before settling the issue.

Once news that the change was taking place got around in the coaching fraternity, the applications started flowing in from all over the state. Grid men from as far away as Orange and Greeley, Colo., have forwarded their requests for consideration plus their credentials.

## Hogan Unworried Over Golf Game

FORT WORTH, Feb. 15. (AP)—Ben Hogan isn't worried over that tie for fifteenth place he got in the Texas open at San Antonio and neither is the loss of the driver that served him 13 years giving him too much concern.

Golf's greatest money-earner, stopping over here waiting for the 36-hole winner-take-all \$5,000 international match next week-end at San Diego against Dal Rees, the British links star, just said: "Those things all even up in the end."

Hogan still is the leader for the year in cash earned although fellow-Texasan Jimmy Demarest is less than \$350 away from him.

Little Ben started with a victory in the Los Angeles open, finished third at Richmond, Calif., took first at Phoenix and second at Tucson.

### TEAMS SIGN PACT

VICKSBURG, Miss., Feb. 15. (AP)—The Vicksburg Billies of the Eastern League have established a working agreement with the Birmingham Barons of the Southern Association, and will also operate the Natchez franchise in the Evangeline League. Keith Williams, president of the local club, announced today.

# LOOKING 'EM OVER

Add to those who have applied for the coaching post at Big Spring high school the names of Bobby Savage, former Steer basketball great, and Jack Perryman, one-time TCU standout and now the assistant mentor at Sul Ross College. Bobby played both football and basketball here, set an all-time cage scoring record in 1940 when he looped 384 points. At present, Savage is on the last lap of his work toward a degree in Colorado State college at Greeley. He is perhaps best known here as a softball pitcher, having set all kinds of records in Muni league play some years ago. Perryman made a trip here last fall with the Sul Ross team which played Lutheran college in Steer stadium. Supt. W. C. Blankenship says he prefers assigning the job of athletic director to some party other than the coach, who ever gets the Big Spring job. According to W. C., the two jobs are entirely too much for one man to handle. When Texas Ed McKeever landed the job as assistant mentor at Boston college that eventually led him to the heights in the coaching game, he was making \$50 a month working for Pete Cavthon at Tech. BC hired him at a salary of \$5,000 annually. When he takes over at San Francisco university, he'll probably be earning somewhere between \$15,000 and \$20,000 per annum. Dick Menchaca, the Port Arthur biffer who recently TKO'ed one John Longin in the semi-final of a Beaumont fight card, was a great amateur bantamweight seven or eight years ago. He is one of the few Texans ever to hold a national Golden Gloves championship.

## Four Players Sign With Lamesa

Four members of last year's Lamesa Lobo baseball team have returned signed contracts. They are Jack Wilcox, an infielder; W. B. Fowler, outfielder; and two pitchers, Jim Allstock and Jack Haupt, pitchers. Haupt is perhaps the most reliable of the lot. Pepper Martin, who performed in center field and at second base for the Lobos, has already launched workouts here. He intends to have his legs in top condition by the time workouts begin. The San Francisco baseball park will probably have its wire screen replaced by large panels of tempered glass this year. The new backdrop, tested recently, will be 28 feet high and about a half inch thick. Incidentally, Paul Fagan, part owner of the Seals, is one of the most fabulous sportsmen living. Some years ago, he paid \$35,000 for a green driveway to his garage because he liked the color. That's a lot of green. The New York Yankees won't, by any means, be the first North American ball team to make a trip to Caracas, Venezuela. The veteran Neal Rabe, who was an umpire in the WT-NM league last summer, took an all-star contingent from that circuit to the South American country and stayed two weeks back in 1939. One of his players was Bobby Decker, then the Big Spring second sacker. Washington's Senators, parent club of the Big Spring Longhorn league entry, are taking two Cubans, two Canadians and a native of Italy to spring camp with them this year. The athletes from the Congo land are Luis Aloma, a right-handed pitcher, and Gilberto Torres, holdover infielder. The local diamond club will no doubt have several Cubans on its roster. Norman Von Nida, who finished fourth in the British Open golf tournament last summer, is being heralded as the greatest linkman in Australian golfing history. He'll probably come to America for further campaigning. Woodrow Wilson, one of Stanton's great athletes and later a grid star at West Point, is at present a lieutenant-colonel with the US Army occupation forces in Japan. Wilson played against Task Dennis and Company here in 1931 and got nowhere as the Bufts lost a 45-0 decision.

## Two WT-NM Umps Earn Promotions

DALLAS, Feb. 15. (AP)—Four new faces will be seen among the men in blue when the Texas league race opens in April.

The list of umpires was announced today by President J. Alvin Gardner with Frank L. (Buster) Capps of Dallas, Chester Fowler of Dallas, Perry Hunter of Sherman, Milton Steingraf of Oklahoma City, Bill Wilson of Houston and Mike Williamson of San Antonio returning to the firing line.

Louie R. Smith, who umpired last year on leave of absence from an oil company where he is employed, chose not to come back unless need arises for his services. Pat Orr is going to the Pacific Coast league and L. C. Carter to the Southeastern league. Coming to the staff this year will be A. L. (Andy) Andrews of San Antonio who worked in the league in 1942 when the circuit disbanded for the duration, and is returning from service in the Eastern league; Carl Sandt of San Diego, Calif., and Fred Sigler of Dallas, both from the West Texas-New Mexico league, each with a year in umpiring professional ball behind him, and Charles Ullenberg of St. Louis, who worked in the Three-I league last year and the Carolina league in 1945 and who umpired in the Girls Professional Softball league in 1944.

## Juniors To Have Tourney Aug. 4

SAN ANTONIO, Feb. 15. (AP)—The twenty-first annual Texas State Junior Golf championship tournament will be held at Brackett Park course here Aug. 4-8 with winners qualifying for the National tourney 10 days later.

Gene Towry of Dallas is defending champion. He won the title last year over Joseph (Red) Conard of San Antonio in a final match that went 40 holes. The tournament age limit is 21 years. The winner, runner-up and two defeated semi-finalists will qualify for the William Randolph Hearst National Junior championships in Los Angeles the week of Aug. 18. There is no entry fee for the state junior. Ladder Tournament Qualifying To End Golfers can qualify for the ladder tournament at the Muni course through today. Pro Foy Fanning announced Saturday. Those who get into the fight after today will be placed at the bottom of the ladder and have to meet each of the linkmen rated above them in order to advance in the ratings. Drawings for first round of play will probably be made up by Fanning Monday and players will be permitted to plunge into competition immediately thereafter.

# War Birds Maul Big Springers Friday, 45-34

The Big Spring Steers ran into too much Abilene Friday night. Jake Bentley's War Birds hit town with the intention of sewing up second place in the District 3AA basketball standings and did just that, sailing through Johnny Malaise's rugged defenses for a 45-34 victory. They did it by going out in front early and staying there.

The resident quintet brought up its heavy artillery in the last two quarters and ultimately began to look like their own selves but by that time it was too late. Bentley's gang had the decision under lock and key from the first round on. Our town's brigade scored only one field goal and trailed by a 17-2 score at the first period. They did somewhat better in the second stanza but the Flock still led by 23-12 at intermission time.

Bentley used craft and some chicanery to queer the Steers' fast break, which had proved disastrous to all other teams in 3AA. He did it by sending defensive bulwarks down in opposite ends of the Abilene court and keeping them there when the Steers had the ball. Then he strung the remainder of his crew across the courts like a fish net. Capt. Horace Rankin and his cohorts found it extremely difficult to maneuver past the center stripe.

As if that weren't enough, the Eagles were Dead-Eye Dicks on shots from the foul line. Twenty infractions were called against the Herd and the Taylor court gang made good on 15 of their opportunities. The Annie Oakleys helped detonate the Eagle TNT.

Biggest thorn in the Big Spring side was lanky Duane Hendley, who rang the bell for 19 points, five of them on gratis pitches. 'Country' Poor also had a mean attitude — he banked 12 digits because being thumbed out before five fouls.

Rankin exploded in the final two innings to collect 15 points, which represented his best outing in some time. The guests did a good job of cornering his running mate Eddie Houser, however. The rubber-legged junior had five points to show for his efforts.

The Steer Bees had a bad time of it, too. The L'l Eagles thumped them, 34-28, after a late start. The Dogies led, 7-5, at the end of the first quarter but the Flock had pulled even at half time and then scored ten points to all but clinch matters in the third period.

# Baseball Plant Proposed As 'Living' War Memorial

## Chamber Joins Drive For Funds

Probability of developing the baseball park project as a memorial to those who served in the armed forces from Howard county, and especially to those who gave their lives shaped up Saturday as the Big Spring chamber of commerce joined forces with others pressing for the plant.

Since there has been no war memorial established in Howard county, officials of the Lions club, which has been conducting a fund campaign, baseball supporters and chamber officials felt that the park project held definite possibilities as falling under the "living memorial" category suggested for World War II veterans. It would not be in conflict to any other memorial efforts which are or might be contemplated.

Should the plan go through, efforts would be made to secure memorial contributions from residents and other friends of the movement on the basis of \$15 per unit. In other words, any person contributing as much as \$15 to the construction fund would have the privilege of designating a seat on behalf of some individual who went into armed service. There would not be, of course, any limit on the number of such designated contributions a firm or individual could make.

It is not contemplated that these contributions would be made in memory of those who gave their lives—for preliminary thinking is that there would be a suitable memorial at the park entrance together with a bronze plaque with the names of all those from Howard county who made the supreme sacrifice.

Memorial plates, of bronze or other suitable material, would be attached to seats so that they would become a permanent part of the plant. Similar plans have been followed in other cities in developing war memorials instead of the previous traditional memorials in statuary, etc. which did not lend utility for community use.

Details of the plan have not been perfected, but it is probable that steps in this direction will be undertaken during the week, although the formation of plans for contracts will not be completed until the memorial idea is adopted definitely. Expressions from civic leaders and many servicemen Saturday indicated that it would have a wide foundation of popular support.

## Cager Believes In Hard Work

AUSTIN, Feb. 15. (AP)—Few men in college basketball today have worked harder to regain their pre-war stamina and coordination, impaired by combat injuries, than John Langdon, 5 foot, 1 inch center for the University of Texas Longhorns.

Langdon spent long hours working to overcome the handicap of badly frost bitten feet suffered as an infantryman in the "Battle of the Bulge." Many sessions with Coach Jack Gray re-developed Langdon's ball-handling and backboard timing, and a hot summer's work in the oil fields helped his feet.

To Langdon the difficult task of delivering balance and backboard strength while keeping pace with the fast break, speed and dash of the spectacular "Mighty Miles," all standing 5 ft. 10½ inches or less.

A polished performer on offense, Langdon shines on defense. His job is holding down the "good big men" on opposing teams. Early in the season he held Bill King, former all-big six center now with the Continental Air Lines, to a minor scoring performance. Against Long Island University he held all-around center Dick Holub all but scoreless and still found time enough to drop in 13 points himself.

Langdon began basketball with Beaumont High, lettering three years before coming to Texas as a freshman in 1941. He lettered on the Texas '43 squad before entering the Army as an infantryman. Langdon is counting on a basketball coaching career after finishing his senior season with the Longhorns next year.

## Ex-Forsan Man Tutors Champs

PATTON SPRINGS, Feb. 15.—The Patton Springs Rangers, coached by Supt. Dan McRae—a former Howard county man—recently swept to the District 8B basketball title by churning through a double round-robin of play and then won all honors in the district tournament at Girard. The Rangers played a total of 22 games and lost but once.

McRae's forces captured championship honors in three tournaments during the season and have defeated such Class A schools as Spur, Matador, Rails and Lockney. Over the season, the Rangers chalked up a total of 578 points to their opponents' 365. Marvin Young, an able center, led the quintet in individual scoring with 235 points.

McRae left Forsan high school last May to assume the job at Patton Springs, which is near Af-ton in northern Dickens County. Forty-nine dependents of Mexican War veterans still were on the pension rolls at the end of 1946.

# Site Of 3AA Tourney To Be Decided Soon

Executive committee and coaches of District 3AA's basketball teams will meet sometime after Tuesday, date of the final round of regular play, to decide the site of the district tournament.

It is not improbable that the meeting, set for Friday and Saturday of this week, will be staged in the local gymnasium, since Big Spring is centrally located in respect to the conference.

The four top teams of the double round-robin play drawing to a close will take part in the tourney, with the winner earning the right to compete in bi-district play.

Three quintets—Big Spring, Abilene and San Angelo—have already clinched places in the meet while Midland is expected to complete the bracket.

Johnny Malaise's Big Springers, who took their first loss of the season here last Friday night, close out their regular schedule on the road, meeting Lamesa in the Tornado gymnasium. The Longhorns hold one victory over the Lamesans and will be favored to turn the trick again.

Eddie Houser and Capt. Horace Rankin are continuing their neck-and-neck race for top scoring hon-

ors on the Steer squad. Houser is ten points to the fore, which is the exact margin by which he led The Hoss a week ago.

Houser had a great night against San Angelo Tuesday night but failed off against Abilene Friday while Rankin awaited the Eagle go to hit his stride.

Best pitcher from the free throw line is big Delmar Turner, who has gathered no less than 38 points on gratis tries. However, Turner has fouled up on 39 other opportunities.

Scorers table with columns for Player, Pts, Fg, Ft, Reb, St. Lists names like Eddie Houser, Horace Rankin, Delmar Turner, Harold Berry, Bobo Hardy, Gary Wright, Jackie Barron, Jim Bill Little, Bill Cypert.

## S'West Teams Are Experienced

The Southwest Conference baseball campaign is less than a month away with each of the six schools fielding teams bobbing up with plenty of veteran material.

Defending champion Texas will have 15 lettermen, four of whom are pitchers and including Bobby Layne, who didn't lose a game in the title race last season.

Texas A&M will show 14 lettermen and so will Rice, each boasting three experienced pitchers. Baylor will have 13 lettermen and Texas Christian and Southern Methodist eight each.

Baylor is regarded as the chief challenger to Texas and Rice must be figured in strongly while Texas A&M appears to have its best team coming up in years.

Each school except Texas Christian is well-fortified with lettermen pitchers.

The schools will play each other three times with the championship race opening March 27 and closing May 17.

First practice games are scheduled in early March when Texas Christian plays Hardin-Simmons and McMurry on a jaunt through West Texas.

In intersectional play Texas Christian, Texas and Baylor meet Oklahoma while Southern Methodist and Texas Christian take on Ohio State. Games also will be played with Texas league clubs by some of the conference teams.

## Holladay Named Track Director

District 21B's executive committee, convening at Coahoma Friday night, appointed Joe Holladay, Foran, as athletic director of the 1947 track and field meet and tentatively set Saturday, March 22, as the date for the games. The meet will be staged at Steer stadium in Big Spring, if arrangements can be made for that facility.

Holladay will appoint his assistants to help him conduct the show. Seven schools will send teams to the games. They are: Coahoma, Courtney, Knott, Stanton, Sterling City, Garden City and Foran.

## Texas Poloists Star As Cadets Triumph

NEW YORK, Feb. 15. (AP)—Army's polo team established itself as a favorite in the Intercollegiate indoor championships to be held here next month with a 14 to 5 victory over Norwich university of Northfield, Vt., tonight at the Squadron A armory.

George Edwards of El Paso, and Tom Hoffman, San Antonio, Texas, West Point No. 1 and back respectively, scored two and five goals each in the assault. Neil Ayer, No. 2 of Boston, Mass., also tallied five times.

## Schedules Denton 11

GAINESVILLE, Fla., Feb. 75. (AP)—A 10-game football schedule for 1947 has been completed at the University of Florida, Coach Raymond Wolf reported today. The schedule includes: Oct. 4, North Texas State Teachers, here.

## Legion Entered In Cage Meet

STERLING, Feb. 15. — Three teams from Howard county — American Legion of Big Spring, Knott's Independents and the Forsan Oilers — are entered in the Sterling City basketball tournament, which gets underway at 6:45 o'clock here Thursday evening and continues through Saturday.

Twelve quintets will vie for the championship laurels. Besides the Howard county representatives, there are Bronte, Ellis Parts of San Angelo, Gem of Angelo, Landers Auto of Angelo, Stanton, Courtney, Lorraine, Midland and the host team.

Individual trophies will go to each member of the winning team while the runner up club will get a trophy. In addition, each all-tournament player will be rewarded.

The all-star squad will be selected by a select group of fans. Admission fees nightly will be 25 and 15 cents. Tournament directors are G. W. Tillerson and Chesney McDonald.

## Amarillo Kegler Sets Hot Pace

By J. BOYLE  
Jim Fletcher, one-armed kegler from Amarillo, shaped together an impressive 1,575 pins here Saturday night to lead the first shift of bowlers entered in the fourth annual Cosden Bowling Sweepstakes. The total was for eight games.

Riding in second place among the early qualifiers was Jake Douglass, Big Spring, who rallied strongly in the last two games to finish with 1,516. E. B. Dozier, Big Spring trailed with 1,496 while Pete Howze, another local entry, finished with 1,465, good for fourth place.

Douglass was 133 pins down at the sixth game but fired a 253 on his seventh try and finished with a 229. No one could match that hot streak. If Jake qualifies for no other prize, he had won himself \$10 for leading his shift in game scoring.

Another shift of pin-toppers lines up on the mapsles at 3:30 p.m. The tournament will be completed next weekend. A prize of \$150 goes to the winner.

## McKenley Leads Illini To Win

CHAMPAIGN, Ill., Feb. 15. (AP) Illinois' powerful track team, winning nine of 12 events, defeated Minnesota today 74 to 30 before 4,000 fans.

Illinois, defending Big Nine champions, broke eight dual meet records, two Illinois records and two Army records.

Herbert McKenley, Jambain runner, won the 440 yard run in 48.6 seconds and came back with a sizzling anchor quarter in the mile relay, which Illinois took in three minutes 19.2 seconds.

Dwight (Dike) Eddleman, who has been concentrating on basketball and has not worked with the Illinois track team this year won the high jump with a leap of six feet, six inches. Illinois swept the event when Harry Anderson cleared six feet five inches and Lou Irons, freshman from Chicago Heights, went six feet four.

## Sterling Carded By Local Girls

Arah Phillips' high school girls' volleyball team, which lost a narrow decision to Sterling City in its initial game last week, play a return game with that contingent here Thursday. It has not yet been decided whether the contest will be held in the afternoon or at night.

The bounce ball aggregation is making plans to play in the Water Valley tournament next weekend.

Three teams have accepted invitations to compete in the second annual Big Spring tournament, which will be conducted March 21-22. They are Sterling, Foran and Stanton. Something like a dozen teams will probably compete here.

# Courtney Flock District Champ

## Defeats Coahoma In Last Round

COAHOMA, Feb. 15. — Courtney's Eagles and the Stanton Bulldogs will play the first game of a series to determine the District 21-B basketball champions at Stanton Monday night.

The second game will take place at Courtney on Wednesday and the third, if necessary, will be played either in Midland or Big Spring Friday night.

Courtney upset the apparent by winning the district tournament here Saturday night, defeating Coahoma, 26-24, after the Bulldogs had earlier edged favored Stanton 14 the semifinals, 32-29.

B. J. Smith and Taylor Cross were the Courtney standouts in the final game.

# Poggi To Square Off With Wayne Martin Monday

## As a Fireman on the Merchant Boats in the "Old Days"

After a layoff of a week while the "nice boys" had at it, Gorilla Poggi returned to action Monday night in the main event of Promoter Pat O'Dowdy's wrestling show at the West Texas Auction barn.

The Bull of the Pampas, who has been associated with the grappling game for more years than he cares to remember, took his holiday after he put the arm on Johnny Carlin. His treatment of the Boston strong boy was something awful, though not many customers seemed to mind it.

Poggi gets a crack at Wayne Martin this time out, and the feathers are due to fly before they're through. Martin returned to put Bobby Burns in irons last week after taking his lumps from that self same patron of the arts only seven days before.

Dory Detton, a fair-haired boy among the local spectators, gets back to action in the preliminary and his return should be enough to pack the house. The Amarillo —win, lose or draw—has always proved popular in the village, especially among the youngsters. Detton has a knack for hitting it off with the kids, who follow him about as if he were the Pied Piper.

Detton's opponent will be Burns, the Montana menace. Burns, for very obvious reasons, steps on the spectators' corns. He seemingly tries to court their animosity and does an excellent job of it. They usually ride in the corner of his opposition, who ever it might be.

Burns and the Texan will probably step through the ropes around 8 bells.

**SPORTS WRITER DIES**  
NEW YORK, Feb. 15. (AP) — Walter St. Denis, widely known as a sports editor and boxing publicity man, died today. He would have been 70 years old March 19. St. Denis was born in Pembroke, Ont., and was brought to New York as a 14-year-old by his father, a printer.

## Friends To Honor Denton (Cy) Young

NEWCOMERTOWN, O., Feb. 15. (AP) — The greatest baseball pitcher of them all turns 80 next month and this city of 5,000 is preparing to shoot the works in honor of its illustrious neighbor.

Denton T. (Cy) Young, who has won more major league mound victories than any other pitcher ever has or probably ever will, reaches his 80th birthday anniversary March 29, and Newcomertown's chamber of commerce is inviting some 750 baseball bigwigs and sports figures to a gala banquet in his behalf.

Cy, who works a farm at nearby Peoli, won 511 games and lost 315 in 22 years before retiring from baseball at the age of 44 — a record which experts say never will be surpassed.

Bobby Feller, for example, has been clipping off 20 games or more a year during most of his major league career, but he would have to hurl until 1967 — 20 more years — before besting old Cy's mark.

Cy things Feller "will be a great pitcher" even if he can't match the old cyclone's record.

"All Feller needs to be really great," he declared, "is to develop a sinker."

# Golf Tournament Title Bracket Upped To 32

The Big Spring Invitational golf tournament, annually one of the big links events in West Texas, will be a five-day event this year, beginning with the Hall & Bennett Cup Matches on Thursday, Aug. 28, and continuing through Monday, Sept. 1.

Pro Shirley Robbins said the official qualifying day would be Friday, Aug. 29, while match play will take place the following three days. The championship bracket will be increased from 16 to 32 players.

Defending champion of the tourney is Raymond Marshall of Lubbock, who will probably captain the invading team in the trophy matches. The "foreign" squad, led by Iverson Martin of Fort Worth, won the huge cup in last year's show.

Regular home-and-home matches will probably be played between a picked Country Club team and squads from such cities as Midland, Odessa, Lamesa and Lubbock when the weather gets warmer, Robbins said Saturday.

WT-NM Loop Meet In Pampa Today

PAMPA, Feb. 15. (AP)—Officials of the West Texas-New Mexico baseball league meet in annual session here tomorrow and will consider a proposal to increase the monthly player salary limit from \$2,200 to \$2,801.

The league already had adopted a player limit of 16 including playing managers.

Pampa, defending playoff champion, is expected to make a bid for the annual All-Star game.

Milton Price of Dallas, president of the league, will preside.

Eastern Intercollegiate Basketball Final score: At Ithaca NY, Columbia 41, Cornell 27.

### John Patric, Writer And Traveler, Stops Here For Chat With Philips

One author paid his respects to another here Friday night and Saturday, when John Patric, traveler and writer of books and magazine articles stopped in Big Spring for a chat with Shine Phillips.

Patric's newest work is "Yankee Hobo In The Orient," which has gone into its seventh edition. It is a collection of yarns based on his travels in the Far East shortly before the outbreak of World War II.

He currently is working on another book, tentatively titled "Hobo Years," and previously has written "Geographic Journeys," a play "For Auntie's Sake" and "Simon Legree's Book." The latter is a collection of humorous essays he originally wrote for The Daily Texan, student newspaper at the University of Texas.

Patric hails from Oregon, but since he attended the University of Texas, calls this state his second home. He has been in New York, was en route back to Fryling, Pa. Creek, Ore., when he stopped off here.

He had read Shine Phillips' work, "Big Spring," found it extremely interesting, wanted to know more about the author and the locale of the book.

Patric has done considerable writing for Reader's Digest. His "Yankee Hobo In The Orient" was condensed in one issue of that magazine.

MEN'S WEAR OF CHARACTER

## Coke Extension Oil Highlight

By JOHN B. BREWER  
SAN ANGELO, Feb. 16. — Important south extension to the Jameson (Strawn) pool in northwestern Coke county and the Andector (Ellenburger) field in northwestern Ector county and indicated addition of the Wichita-Albany to multiple pays in the Fullerton field in Andrews county made this week one of the brightest of the year in oil in West Texas.

The promised Ellenburger strike in the Penwell (San Andres) pool in southern Ector struck sulphur water after drilling a thin pay section and set casing to test. A western spread was given Devonian production near the north end of the TXL field. Midland county's second pool opener was completed in lower Permian on the pump.

Sun No. 1. Fred Jameson became the second producer in the Jameson field in Coke when it filled with oil at a rate estimated at 21 barrels hourly on a drillstem test from 6,160-90 feet and flowed oil the last four minutes of the 51-minute drillstem test until the tool was closed. Oil headed while drillpipe was being broken down.

More porous, oil-stained crinoidal lime of the Strawn section of the Pennsylvanian was cored to 6,220 feet and on a 20-minute drillstem test from 6,200-20 recovery was 315 feet of clean oil and 315 feet of heavily oil-cut mud. No water had appeared. Coring continued, exploration to the Ellenburger being scheduled. The test is in the C NE NW 315-1A-H&TC. It entered the crinoidal at 6,136 feet, 4,071 feet below sea level and 40 feet higher than in Sun No. 1 Allen Jameson, the discovery, finished in December from 6,225-45 feet with a natural daily flowing potential of 168 barrels of 45.2 gravity oil.

Sun started No. 1 H. H. Jameson, scheduled 6,500-foot test a quarter mile west of the pool opener and near the C SW SW 253-1A-H&TC.

Humble No. 1-G Cowden and others in Ector county, C NW SW 1-45-1n-T&P, one mile south of Ellenburger production in the Andector field, unloaded oil while pulling drillpipe following a one-hour drillstem test from 6,620-39 feet in the top 19 feet of the Ellenburger and recovered 8,350 feet of pipeline oil.

One mile north, Plymouth No. 1-12 Cowden flowed 43.8 gravity oil at a rate estimated at 50 barrels hourly for 90 minutes after closing tool on a 50-minute drillstem test of the Ellenburger from 6,434-99 feet. It drilled ahead. Location is the C NW SW 12-45-2n-T&P, an east offset to Humble No. 1-F R. B. Cowden, second completed well in the field, one-half mile south of the Humble discovery.

Gulf No. 1-E-A Fogelson-University, prospective Ellenburger strike in the Penwell pool in Ector, C NW NW 7-35-U, got sulphur water on a test from 8,962-85 feet and ran 7-inch pipe. It had recovered 2,160 feet of clean oil and 225 feet of oil and gas-cut mud, of which half was estimated oil, on a drill stem test from 8,925-60 feet. The Ellenburger was reported entered at 8,910 feet, 6,086 feet below sea level.

Shell and Arkansas Fuel No. 1-D P. D. Sator, Jr., C. N. E. SE 1-46-1a-T&P, 3-8 mile northwest of the nearest completed Devonian well near the north end of the TXL field in Ector, was finished with a natural daily flowing potential of 303 barrels of oil from open-hole pay at 7,887-8,059 feet. No. 2-D Sator was staked half mile north and quarter mile west.

Humble No. 1 Mary E. Turner, discovery lower Permian lime producer in Midland county 12 miles southeast of Midland, pumped off

in 22 hours, recovering 139 barrels of 40.1 gravity oil, for completion through casing perforations at 8,500-65 feet. It had been acidized with 6,000 gallons. The Devonian was found dry in drilling to 11,444 feet. The well is in the C SW NW 43-37-2s-W. T. Holcombe, two miles south of Humble No. 1 Mrs. O. P. Buchanan, opener of the Midland (Strawn) pool, producing through casing perforations at 13,370-390 feet.

Pure Oil Co., asked permission of the Railroad Commission for completion as an oil well of its No. 1 J. S. Oates in Pecos county, pumping up to 500 barrels of fluid daily, 80 per cent water and 20 per cent low gravity crude for which there is a market as load oil. The well is 23 miles southwest of Fort Stockton.

### Jackson Taken To Midland Jail

Henry Jackson, negro, under a sentence of three years confinement for burglary, was transferred to the Midland county jail there by peace officers of that county. Jackson drew the prison term here after having been found guilty of participating in the burglary of the Waffle Shop last New Year's night.

He was under a two years' suspended sentence in Midland county for a similar conviction at the time.

## 4-H Club Show Lambs On Sale

GARDEN CITY, Feb. 15. — Fifty-five lambs and four calves will be sold at the conclusion of the annual 4-H club and FFA livestock show here on Feb. 21. H. M. Fitzhugh, Glasscock county agricultural agent, has announced.

There will be two classes of calves in the judging, milkfed and drylots, and three classes for fine wool, Rambouillet-Suffolk cross and Rambouillet-Corriedale cross. A barbecue lunch, famous as a part of the Glasscock show, will be given at noon, following the judging by W. T. Marshall, San Angelo, district extension agent. The sale starts after lunch.

## Felipe Juarez Runs Into More Trouble

Felipe Juarez, whose troubles have been mounting lately, ran into more heavy weather this morning.

Felipe was arrested one day last week on a charge of wife and child desertion and lodged in the county jail. He won temporary release on bond but was back in his cell a short time later, accused of assault with intent to kill. He won his release again by making a new bond.

This morning, however, the Latin-American was sought out and returned to the bastle. One of the persons who had gone his bail decided to withdraw his support.

### Veneral Disease In Texas Increases

AUSTIN, Feb. 16. (P)—An upward trend in the incidence of venereal diseases in Texas during the past year was reported today by the State Health Department. State Health Officer George W. Cox said the increase was to be expected during the immediate post war period.

"One of the most important methods of combatting these diseases is through case finding and contact investigation," he said.

"If every person under treatment for a venereal disease would name his contacts, the chain of infections could be broken."

Dr. Cox declared that patient education is "an intelligent and direct approach" to the accomplishment of this purpose.

### Passenger Credit Cards Go Into Effect On Monday

A new development in travel convenience goes into effect Monday when the Texas & Pacific Railway company inaugurates its travel-on-credit plan with T&P credit cards.

The T&P is the first road in the West to put on such a plan.

A credit card holder will not have to stand in line at windows or counters. A telephone call to any T&P ticket office will be all that is necessary to purchase rail and Pullman accommodations. If the trip does not involve a Pullman, the card holder can board the train and present his credit card to the conductor and receive his ticket. Cards are also good for use in diners and T&P restaurants, and for excess baggage charges. Statements are mailed at the first of the month for charges incurred during the preceding month.

Knives or rough scouring materials should not be used to clean glass cooking ware. It may scratch the protective surface and make the glass less resistant to breakage.

Illinois produces most of the United States red top seed crop.

# Golf Association Party Nets Over \$300 For Project

One of the most successful parties ever staged at the Big Spring country club was held Friday evening when members of the Ladies Golf Association entertained with a tacky party and box supper that netted the organization over \$300 toward a 1947 project and provided entertainment for 45 couples attending.

Guests were all in costume and winners of the style revue were Mrs. Ripp Smith and C. J. Staples.

Easter, Christmas, Valentine and Thanksgiving motifs were used in the decoration scheme of the clubhouse which was draped with streamers and lighted by lanterns. Red and white checkered cloths were on individual tables, and out-moded pictures of guests provided entertainment in the art gallery.

Decorated boxes of food sold as high as \$15, and late comers not in costume were fined \$5, boosting total proceeds to \$318.10.

Hack Wright served as auctioneer for the box supper and master of ceremonies for the style show. Music for dancing was furnished by nickelodeon.

Mrs. Hack Wright, social chairman for the Ladies Golf Association, announced Saturday that efforts will be made to sponsor an entertainment each month to raise additional funds for the club project.

Committee in charge of the tacky party included Mrs. Elmer Cravens, Mrs. J. B. Williams and Mrs. C. J. Staples.

# Miss Lomax, W. W. Wilson Are Married

In a simple ceremony read at the First Presbyterian church Saturday afternoon, Miss Ethel Lomax, daughter of Mr. and Mrs. W. J. Lomax, became the bride of W. W. Wilson, son of Mr. and Mrs. W. G. Wilson, Jr.

Single ring wedding vows were repeated by the young couple at 2:30 p.m. and the pastor, the Rev. R. Gage Lloyd, officiated. The bride was attired in a powder blue tailored suit with black accessories and was attended by Mrs. J. T. Langley. Attending the bridegroom was J. T. Langley.

Following the ceremony, the couple left for a wedding trip to El Paso. Mrs. Wilson is employed as night supervisor at the Big Spring hospital and Wilson is connected with the Texas and Pacific railroad. Before his discharge from the US Navy, he served overseas as a petty officer.

Mr. and Mrs. W. J. Lomax attended the wedding.

# World Day Of Prayer To Be Observed With Program Here Friday

World Day of Prayer, to be recognized in countries the world over, will be observed in Big Spring with a program at the First Christian church Friday, Feb. 21 at 4 p.m.

Under sponsorship of the United Council of Church Women the meeting will be held at a later hour in order that young people in school might attend. Mrs. L. M. Brooks will be leader for the local observance, and featured on the inspirational program will be numbers by the Rainbow Girls choir.

An invitation has been extended to the public to attend the service, regardless of church affiliation.

# Past Matrons Meeting

Past Matrons of the Order of the Eastern Star will meet with Mrs. Dorothy Hull Monday evening at her home which is located three miles north on the Gail road. The meeting is scheduled for 7 p.m., and all members are urged to attend.

# Student Debate Presented For Woman's Forum

A debate on "Socialized Medicine" was presented Friday afternoon when the Modern Woman's Forum met with Mrs. R. A. Eubanks.

High school students, under the direction of Arah Phillips, presented the debate, and taking the affirmative side of the question were Ronald Johnston and Athol Atkins. On the negative side were Edna Stephenson and Betty Jo Burns. Mrs. Charles Koberg was in charge of the program and introduced the four speakers.

Mrs. Thomas J. Coffee presided over a business session, and refreshments which were served, followed the Valentine theme.

Those attending were Mrs. Koberg, Mrs. Coffee, Mrs. Cecil Collings, Mrs. A. B. Wade, Mrs. Bill Bonner, Mrs. W. F. Cook, Mrs. Bernard Lamun, Mrs. L. E. Eddy, Mrs. R. L. Warren, Mrs. D. C. Sadler, Mrs. J. P. Dodge, Mrs. W. L. Meier, Mrs. Iva Huneycutt, Mrs. S. N. Winham, Mrs. M. F. Summers and Mrs. W. L. Hawkins. Mrs. Charilla Leonard was a guest.

# Shower Honoree

Mrs. M. J. Copeland entertained with a pink and blue shower recently honoring Mrs. Monroe Copeland.

Gifts were presented to the honoree and refreshments were served to Mrs. Joe Myrick, Mrs. Charles Copeland, Mrs. John McGary, Mrs. E. C. Clement, Mrs. Pat Cranfill, Mrs. Elmer Hensley, Mrs. Oscar Norman, Miss Sybil McGary, Miss Laura Ogden, the honoree and the hostess.

# Daltons Observe 57th Anniversary

Today marks the 57th wedding anniversary of Mr. and Mrs. N. I. Dalton, and they plan to observe it quietly at their home at 609 1/2 Main.

Mr. and Mrs. Dalton were married in Pittsburg, Texas, and came to Big Spring on May 3, 1921, residing here continuously since that date. For the past six years he has been retired. Mr. Dalton is 81 and Mrs. Dalton is 76, and both are in good health.

Two of their children, N. C. Dalton and Mrs. J. A. Myers, will help them celebrate the occasion of their anniversary, but it is not likely that the other two children, E. C. Dalton of Port Arthur and Mrs. Fred Dozier of Midland will be able to be here.

# Thelma Lou Tucker Feted On Birthday

Thelma Lou Tucker, daughter of Mr. and Mrs. E. T. Tucker, was honored on her 13th birthday anniversary with a party Friday evening.

Guests met at the Tucker home and went on a hayride to the city park where a weiner roast was held. Following the park entertainment, they returned to the Tucker home where gifts were presented to the honoree.

Games were played, and those present were Darlene Colter, Savoy Kay, Jean Wood, Anita Forest, Kenneth Williams, Wendell Stasey, James Williams, Mary Sue White, Sonny Tucker, Wyatt Lankster, Lawrence Wilson, Violet Hopper of Stanton, Dewey Thomas, Mr. and Mrs. E. T. Tucker.

# Engagement Announced

Mr. and Mrs. W. P. Mims announce the engagement and approaching marriage of their daughter, Mary Joyce, to Lemuel A. Nations, son of Mr. and Mrs. Clyde C. Nations.

The wedding ceremony will take place in the home of the bride's parents Thursday evening, Feb. 27, with Dr. Dick O'Brien, pastor of the First Baptist church, officiating.

Miss Mims is a 1944 graduate of the Big Spring high school, and was a member of the High Heel Slipper and Sub Deb clubs. Nations, who was graduated from the local high school in 1941, was a member of the B. Association. He served in the US Army for 38 months, 28 months spent in the European theatre, and is now attending the Howard County Junior College.

# Doris Estelle Taylor Marries John H. Day

Friday evening at 7:30 o'clock a single ring ceremony read by Dr. P. D. O'Brien in the parlor of the First Baptist church united in marriage Doris Estelle Taylor, daughter of Mr. and Mrs. Lonnie Taylor, and John Henry Day.

For the ceremony the bride wore a two-piece aqua dress with black accessories. Something old was designated by a pair of ear-rings; something borrowed, a strand of pearls belonging to the bride's sister, Mrs. Bob Hendry. She carried a penny in her shoe for luck and the wedding corsage was a white gardenia.

The couple was attended by Mrs. Mary Frances Hendry, sister of the bride, and Milton Knowles. Mrs. Hendry was attired in aqua, and wore a red rose corsage. Mrs. Day attended Big Spring schools and is at present employed at the Bell Telephone company. Day, who also went to schools here, was a bombardier with the Air Corps in the Pacific war theatre. He received his wings at the local air field. The couple will live at 704 Goliad street. The groom is enrolled in Howard County Junior College.

# High Heel Slipper Club Members, Guests Attend Party In Home Of Mrs. Tom Harris

Members of the High Heel Slipper club and guests were entertained Friday evening at the home of HHS sponsor, Mrs. Tom Harris, with an informal party using the valentine motif.

The serving table was covered with a lace piece and featured a center arrangement of red and white small flowers. Red and white candles burned in candelabra on either end of the table, and red paper high heel slippers, with the girls' names written on them, were laid in profusion about the table decorations.

Mrs. Harris poured punch, and other refreshments were chicken salad sandwiches, and cake squares laid in white topped with red candy hearts. Present were Rebecca Rogers, Cuin Grigsby, Dot Purser, J. T. Erwin, Joyce Worrell, Ell Cyfert, Mary Robbins, Jimmy Jones, Delores Hull, Johnny Hooper, Lindell Gross, Gorman Rainey, Patsy Young, Nancy Whitney, Billie Jean O'Neal, Ernie Ache, Nancy Hooper, Larry Hall, Mr. and Mrs. Tom Harris.

### Formal Wedding Ceremony Read In Colorado

COLORADO CITY, Feb. 15.—In a ceremony at the First Methodist church in Colorado City Saturday evening, at 6 o'clock, Juanita Brown, daughter of Mr. and Mrs. Earl Brown became the bride of Clarence W. Cook, Jr. The bridegroom is the son of Mr. and Mrs. C. W. Cook, Sr., Colorado City.

Rev. Jim H. Sharp, pastor, officiated for the double ring vows, said in the presence of several hundred guests.

At the altar were baskets of Picardy gladioli flanked with candelabra holding wedding tapers. The choir loft was massed with woodwinds from to form the decorative background.

The bride, who entered with her father, wore a formal wedding gown of white satin, the full skirt sweeping into a train. The waist featured an off-shoulder yoke effect of net, tightly fitting bodice buttoned in the back with satin covered buttons. Her veil of illusion, fell from a coronet of orange blossoms.

The sister of the bride, Mrs. Garland Faulkenberry, was matron of honor. Her dress was pink net made in lines similar to that of the bride. She and the three bridesmaids wore shoulder veils matching their dresses and arranged from a halo of starched net. Bridesmaids were Betty Cook, sister of the groom, Mrs. R. J. Knocke, and Sarah Tanner of Houston, TSCW roommate of the bride. Miss Cook's dress was of blue net, Mrs. Knocke's yellow, and Miss Tanner's peach. All were basque-waist, full-skirted models. Their flowers were colonial bouquets of vari-colored sweet peas.

Bestman was Dick Cook, brother of the bridegroom. Ushers were L. A. Strain, Roland Pritchett, and Bobby Ratliff.

After a short wedding trip the couple will live in Fort Worth where the bridegroom is a student in TCU. The bride received her degree from Texas State College for Women in January this year. She is a 1943 graduate of Colorado City high school. The bridegroom finished high school here in 1942 and enlisted that summer in the AAF. He served 24 months overseas in the European theater taking part in the battles for France, Belgium and Germany.

## WHAT GIVES 'ROUND TOWN

By Leatrice Ross

Big Spring the paradox. One week we have a list of doings several feet in length; the next week everybody's activities are obscure, even to us.

Don Richardson and Billy Crunk are in Pittsburg, Penn., indefinitely. James Bostick, who has been living in Roscoe since he moved from Big Spring in '44, is back for good. Pvt. Ike Davidson will be home in April. Dwayne Williams is due in a few months also. Charles Lovelace was in Sweetwater last weekend. Says he saw Milton Cagle while there.

Latest hobby club in the making around town is the Shutter-Bug club. Sponsored by Ralph Cathey, the group will learn portrait arts, coloring, developing,

printing, enlarging. Currently they meet in the Y headquarters, Monday evenings at 8 o'clock. High Heel Slipper Club members and guests were at a Valentine party Friday night. HCJC newspaper staff will sponsor a barn dance, probably in the VFW hall Friday evening, the 21st.

Bill Inkman, synonymous with 'books', will give W. Somerset Maugham's "The Razor's Edge" at 8 p.m. Monday eve in the college music room. Making their first appearance, a male quartet including Murph Thorp, Bobo Hardy, Pat Lamb and George Worell were at the ABClub luncheon Friday. A vocal group made up of Raymond Moore, Ernest Moore, Harry Echols, Melvin Newton, Letha Holcombe, Colleen Davidson, and Leatrice Ross took in the Rotary club banquet and Presbyterian church Valentine party Friday night. Included as part of their act was a piano and dialogue routine by Charles Davies and Eddie Lou Haug.

Lamesa high school band performed for the local high school in assembly Friday. "With a vocalist who was something to behold," is quote one Kenny Thompson. Ronald Johnston, Edna Faye Stevenson, Betty Burns and Athol Adkins, the tentative interscholastic league debate team, fought a word tussle to the Modern Women's Forum Friday afternoon. Couples observed in the course of our weekly wanderings: Mary Louise Davis, Mickey Butts, Beverly Stulting, Beans Miller, Rose Nell Parks, Paul Shaffer, Rebecca Rogers, Jerry Houser, Betty Stuteville, Dewey Stevenson, Joyce Heene, George O'Brien, Sonia Weaver, Bobby Rutherford.

BSSH girls' volleyball team opened the season against Sterling City Monday evening. This year the team include Billie Younger, captain, Virginia Costello, Pat Monsey, Betty Burns, Lavada Crudup, and Betty Henry. As in last year's games, Virginia was high-point man. HCJC basketball quintet were on a road tour over the weekend, leaving Friday morning for Amarillo. On the return trip, the boys were to stop in Plainview for a game with the Rabbits.

The college musicians, under the banner, "Duke Neel and his Orchestra", are booked for regular appearances at a local night spot. Saturday morning, 9 a.m., the Radio Players are resuming their semi-monthly radio programs. This week's production is an adaptation by Tip Anderson, who also directed. Titled "What Price Romeo", the story concerns a love-stricken guy who agrees to play Romeo in a stage play, after the Shakespeare fashion, all by the influence of a woman. Cast as Ricky, the lover, is Bill Hix. Others in the cast are Wilma Jo Taylor, Charles Davies, Tommie Elliott.

### Wanda Warren Weds Wayne M. Lowry

Mr. and Mrs. M. A. Warren are announcing the marriage of their daughter, Wanda M. Lowry, to Wayne M. Lowry of Lawton, Mich., in a ceremony performed Friday evening.

The bride is a graduate of Big Spring high school, and has been teaching in Howard and Concho county schools since receiving a degree from Texas Technological college in 1942.

Mr. Lowry, a war veteran who served in the European theatre, received a B.A. degree from Western Michigan college at Kalamazoo, Mich. At present he is attending business college in Fort Worth.

## TRY THIS AMAZING HOME RECIPE TO TAKE OFF UGLY FAT

Right in Your Own Home, You Can Lose Pounds of Excess Weight Without Starvation Diet or Strenuous Exercise

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drug-gist and ask for four ounces of liquid Barcenate (formerly called Barcel Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonsful twice a day. That's all there is to it.

If the very first bottle doesn't show you the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many

## Breakfast Today Initial Activity Of Focus Week

A breakfast early today at the Douglas coffee shop marks the initial observance of YWA Focus Week which is being celebrated by the First Baptist auxiliary this coming week.

The group will attend Sunday school and be recognized as a group during services. Monday evening the auxiliary will meet at the church at 6 p.m. for study of the YWA manual and for a pot-luck supper. Mrs. L. T. Ewing and Mrs. Milton Meier will be in charge of the session.

Tuesday at 5:30 p.m., the group will take a basket of fruit to shut-ins and will sing songs at each of their homes.

Billie Jean Younger will direct a regular missionary program Wednesday at the church at 8 p.m. and hostesses for the meeting will be Marilyn Martin and Mammie Jean Meador.

"Frax Ye," missionary book will be studied Thursday evening at 6 o'clock when the group meets in the home of Mrs. Milton Meier for a Mexican dinner.

Activities for the week will close with a party at the church Friday at 7:30 p.m. Guests will be young girls of YWA age.

## Expecting a Baby?

Mother's Friend massaging preparation helps bring ease and comfort to expectant mothers.

MOTHER'S FRIEND, an emollient, is useful in all conditions where a bland, mild anodyne massage medium in skin lubrication is desired. One condition in which women for more than 70 years have used it is an application for massaging the body during pregnancy... it helps keep the skin soft and pliable... thus avoiding unnecessary discomfort due to dryness and tightness. It refreshes and tones the skin. An ideal massage application for the numb, tingling or burning sensations of the skin... for the tired back muscles or cramp-like pains in the legs. Quickly absorbed. Delightful to use. Highly praised by users, many doctors and nurses. Millions of bottles sold. Just see any drugstore for Mother's Friend—the skin emollient and lubricant. Do try it.

# Joan Crawford And Jno. Garfield Star In 'Humoresque'

Joan Crawford, winner of last year's Academy Award, appears with another outstanding performance in "Humoresque," the Ritz theatre's feature for today and Monday.

The picture is an adaptation of Fannie Hurst's novel of the same name, the story of a wealthy woman's love for a brilliant concert violinist, and Miss Crawford, starring with John Garfield, is given another role calling for ability and sincerity.

Garfield appears as Paul, the young virtuoso who, presented with a violin on his eighth birthday, studies for years with no worldly success until he comes under the sponsorship of the wealthy Helen Wright (Miss Crawford). She is the beautiful, neurotic wife of a rich man whom she does not love, finds herself emotionally attracted to the young artist she is assisting. Tremendous conflict develops when Helen is made to realize that her patronage and love may be doing Paul more harm than good.

A principal supporting role is played by Oscar Levant, the cinema and radio wit. J. Carroll Naish, Ruth Nelson, Joan Chandler, Peggy Knudsen, Craig Stevens and Paul Cavanagh are others in the cast.

The picture is built to a strong emotional impact under the direction of Jean Negulesco, and the theme is enhanced through an outstanding musical score under direction of Franz Waxman.

IN RITZ DRAMA—John Garfield and Joan Crawford form an exciting new love team in "Humoresque," a new adaptation of Fannie Hurst's famed novel which is at the Ritz theatre today and Monday. Oscar Levant, Joan Chandler and Paul Cavanagh are in the featured supporting roles.

ROMANTIC PAIR—Hailed as one of the top romances of the past season is "To Each His Own," in which Olivia de Havilland appears with John Lund (above) at the State theatre today and Monday. A poignant story of wartime love, the picture features Miss De Havilland in an outstanding role which has given her mention for the Academy Award.

# Olivia De Havilland Scores In Drama Of War's Impact

Described as one of the most poignant romantic dramas dealing with the impact of war is "To Each His Own," playing at the State theatre today and Monday. Olivia de Havilland has the stellar role, and plays a difficult assignment with such force and realism that it has gotten her a strong bid for the new Academy Award.

## 'The Plainsman' Returning To Lyric Screen

A colorful period in American history, the decade which witnessed the opening of the West, is brought to screen life under the direction of Cecil B. DeMille in a revival of the popular "The Plainsman," which is featured at the Lyric theatre today and Monday.

Conceived and produced on the broad and lavish scale which has set DeMille apart from all other moving picture directors, "The Plainsman," deals with the ten years which followed the Civil War and tells of the epic struggle and heroism of the frontier people. A tender love story built around the famous frontier characters, "Wild Bill" Hickok and "Calamity Jane," played by Gary Cooper and beautiful Jean Arthur, furnishes the romance.

The story goes back to World War I days, when a small town girl meets her dream man, surrenders completely to her love, and suffers alone as a young mother after her beloved's death in the war. Circumstances make it necessary for her to give up her child to another couple, and she goes on to success in the financial world. But her achievements are touched with loneliness, and it is not until the finale of the picture, when the son has become a World War II fighter and has a meeting with his mother in London that the picture touches its emotional climax.

On the same bill with "To Each His Own," is a comedy drama starring Frances Langford, "Bamboo Blonde."

## Letter Orders Korean To Start Student Strike

SEOUL, Korea, Feb. 15. (AP)—American Intelligence officers announced today the confiscation by Korean police of copies of a letter, purportedly from a Soviet official, ordering a Korean labor leader to foment student strikes in preparation for revolution in the American occupied zone of southern Korea.

Copies of the letter, which appeared to have been duplicated mechanically, were seized in a raid on a student association headquarters at Seoul on Feb. 12. The original has not been found.

It was addressed to Hu Hun, chairman of the South Korea Labor Party and, the report said, came from Major Nicolai Kuznoff, chief education officer for the Soviet Army in North Korea. He denied receiving the original.

The letter directed "the South Korea labor union to raise a great revolution over all South Korea (the American occupied zone) x x x to wipe away the entire legislative body established by the American military government."

(This evidently referred to the temporary government established by the United States as a preliminary step to restoring Korea to self government by its own people.)

"The first step in this revolutionary movement is to organize a students' strike," the letter stated.

"The Plainsman" begins with President Lincoln's decision to open the West to the overcrowded cities of the East, and, mainly, to give employment to the thousands of soldiers, Union and Confederate, thrown into idleness by the end of war. The constant depredations of the Indians makes this difficult, a situation aggravated by arms manufacturers who, contrary to law, dispose of surplus army rifles to the Indians.

Into the West, with the first spurt of immigrants, goes Cooper. He meets Miss Arthur, a hard-boiled child of the West employed as a stage-driver, and he falls in love with her. Cooper is commissioned to discover who the gun runners are and in so doing runs up against John Lattimer and Jack McCall, two notorious frontier characters, portrayed by Charles Bickford and Porter Hall.

## Saroyan Play On KBST Tonight

William Saroyan's mad, witty play, "The Time of Your Life," which won both the Pulitzer prize and the New York Drama Critics Circle award, will be The Theatre Guild on the Air presentation over KBST tonight at 9 o'clock.

With Dane Clark, Mary Anderson and John Lund playing the leads, "The Time of Your Life" deals with a group of habitués in a San Francisco water front saloon. The principal character, Joe, spends most of his money on champagne and toys. He buys the toys because a toy stopped his weeping when he was four and the champagne because he thinks about uninteresting things when he's sober. Another character is anxious to find out what it feels like to be in love with a 32-inch midget. The remaining characters are equally wacky and their observations make an entertaining, if unconventional play.

**SMITHAM TO QUIT POST AT DALLAS**  
V. R. Smitham, former city manager in Big Spring, is to retire as city manager of Dallas on April 30, he has told the Dallas city council.

He made the announcement verbally, declaring that he was entering private business. Smitham said he had planned the move for the past two years but was awaiting the return of his son from the service.

Smitham was city manager here until 1931, later was in the same position at Wichita Falls and took over as acting city manager in Dallas in 1941 when James W. Aston went into service. His appointment was made permanent when Aston resigned upon his return from the Army. Smitham last year was named president of the International City Managers association.

## Warm Lakes Found By Polar Explorers

ABOARD THE MOUNT OLYMPUS IN THE ANTARCTIC, Feb. 15. (Delayed)—(AP)—Discovery of a land of lakes in inland Antarctica opens the wide possibility that other and larger such areas may exist elsewhere on the South Polar continent, Dr. Arthur Howard of the United States Geological Survey said today.

The geologist said the lake region—found this week in the Knox coast vicinity and dubbed "Shangri-La"—might owe its existence to an underlying mass of hot rock. He said the region might be somewhat like Yellowstone Park, where heat for geysers and hot springs is believed to come from such a rock mass.

If It's Accidental, Is It A **MIRACLE**?

Intentional	Accidental
In 1895, an incident of world-wide historical value took place. Harvey Lillard became deaf. He was in a stooped, cramped position when he heard "something pop" in his neck. He was deaf for 18 years. In his neck was a large visible bump. Fortunately, it could be seen, otherwise it might have gone unnoticed. D. D. Palmer said: If PRODUCTION of that bump PRODUCED deafness, REDUCTION should restore hearing. He pushed the bump, three days in succession; bump was gone, and hearing WAS restored. Fortunately that bump WAS Reduced; fortunately, hearing WAS restored. That incident started and established a truth heretofore unknown and unused. Would the average man, upon a single isolated case, have discovered a universal human principle and practice? Was this man justified in laying down an all-complete, all-inclusive, and all-exclusive universal human principle? 51 years have justified that conclusion.	<b>DEAF, MUTE FOR 61 YEARS</b> <b>SPEAKS, HEARS AFTER FALL</b> Seattle, May 29 (UP) — A 61-year-old deaf mute threw away his pad and pencil today and chatted happily with his fellow workers at the Seattle army service forces depot. He was speaking and hearing his first words since childhood. Claude Berger's silence of 61 years was broken dramatically when he tripped and fell as he stacked boxes at his job. The shock of the fall apparently restored his hearing and speech. As his friends rushed to aid him he said, distinctly, "I feel fine. I can hear a little now." The significance of what had happened came to him as he was taken to the depot's medical office. He rushed to a nurse, threw his arms about her and cried: "Thanks to the Lord. I can speak. I can hear." Berger said he had been deaf and speechless ever since an attack of scarlet fever suffered when he was three years old.—"St. Louis Post-Dispatch", May 29, 1946.

## Majority Waste As Much Water As Actually Used

(This is one of a series of articles prepared with the aid of the chamber of commerce beautification committee—Ed.)

Water rates tie in directly with a beautification program, and for that reason efforts to make Big Spring a Garden of Eden likely are in for a long, long delay at best.

But the awful truth is that most people, while keeping a gimlet eye on the water bill, actually waste as much as they use. In cases of the heavier users, they sometimes waste more than they use.

There is one general rule which will give you better results and at the same time save you money. It is this:

Water thoroughly but less frequently.

That means give your lawn, your shrubs or your flowers a good soaking when you water, then lay off until they actually need it. Don't let the little mid-day wilt (you'd wilt too in our hot summer days) twist your heart into running for the hose.

In general, it is better to water early in the morning, that is about daybreak, or late in the evening. This gets away from scalding of plants and also cuts down on evaporation loss. Occasional fine spray also helps in this dry climate.

If you are watering a tree, one good rule is to dig a bowl corresponding roughly with mid-day shade mark. Turn water in and

allow to run long and slowly. Another helpful rule is to break the crust as soon as possible after watering. A mulch will hold your moisture for the plant instead of permitting caking and cracking to send it into the air.

A basic rule is to have your soil so prepared that you will get penetration. Moisture must work on soil to produce plant food. If water runs off your beds or lawn soon after turning on, your ground is too hard or plants are root-bound. You may need to back up and start all over. If, after watering a reasonable length of time, water begins to run off, the answer is simple. The ground is soaked and it's time to stop or move to another spot.

Grouping your plants so that shade shields the soil from hot summer sun and so that they help one another with their life-giving carbon dioxide is another way to get results at less cost.

### David Karcher, 75, Succumbs At Nixon

David H. Karcher, 75, father of A. V. Karcher, secretary-treasurer of Cosden Petroleum Corporation, died Saturday at 7:15 a.m. at his home in Nixon, Texas.

He died shortly before his son, who flew back from Washington, D.C. Friday to meet Mrs. Karcher for a hurried trip to Nixon, arrived there.

Services will be at the First Baptist church in Nixon at 3 p.m. today.

Mr. Karcher was born in Houston and spent most of his life time in South Texas, the past four years in Nixon. He had been in failing health for some time, but death was unexpected.

Survivors include his widow; two daughters, Mrs. C. H. Becker, Austin, and Mrs. W. H. Armentrout, Nixon; and three sons, David L. Karcher, Los Angeles, Calif., B. C. Karcher, San Antonio, and A. V. Karcher, Big Spring.

## Electrified Fence On Border Proposed

By PAUL BOLTON  
Herald Austin Bureau

AUSTIN, Feb. 15. — The experts now say that an electrified fence must be built between Texas and Mexico to keep out the hoof and mouth disease, and if they want any advice about fence building, the man to see is Lon Alsop.

Lonnie Alsop is now the director of the State Commission for the Blind; but a few years ago he became famous as the man who wanted to build, and did get the money to build, a "tick fence" between Texas and Louisiana, the length of Panola county.

At that time Texas was in the midst of the tick eradication program, while Louisiana had none. There was nothing excepting an imaginary line to separate the states at that particular place, so Alsop, as a member of the legislature, asked for an appropriation to build the fence. "That was in 1933," Alsop says, "which is

so long ago I actually can't recall how much money the legislature appropriated. But we did get our fence. Actually, two fences."

And the two fences is where the experts today might learn from Alsop. "We had no electric fence, just strands of barbed wire," Alsop recalled, "but we figured a single fence would do no good if a Louisiana cow could stick its head through the fence and drop a tick on the Texas side; so we built two fences, some six or eight feet apart."

The same situation, presumably, would apply along the Mexican border at those places where the Mexican cow could walk across the Rio Grande.

Alsop recalls that he "took an awful beating" while the "tick fence" was debated in the legislature, but that it actually got the job done until Louisiana launched its own tick eradication program.

### Million Surplus Blankets For Sale

The War Assets Administration is offering about a million all-wool blankets, originally valued at eight million dollars, between now and March 10. Ten per cent is set aside for federal agencies and other orders will be filled in the following order: Certified veterans of World War II, priority claimants, other buyers. The blankets weigh about four pounds each and are in olive drab and gray.

WAA also is offering 100 new QQ-2A "Sea Gulls" radio planes, designed as mobile gun targets, to tax supported and non-profit educational institutions for instructional use at \$50 each.

### Nine Births Recorded By Local Hospitals

Nine new youngsters were reported from the three local hospitals during the week.

At Cowper-Sanders, Mr. and Mrs. Luevano became the parents of a daughter, born at 12:40 p. m. Monday. The girl was named Angelina, and weighed four pounds, four ounces.

Sunday, Feb. 9, a son was born to Mr. and Mrs. William Carl Clanton at 10:10 p. m. The 10-pound lad has been named Carl Wayne.

At Malone and Hogan Clinic Monday Dr. and Mrs. Dick Lane became the parents of an eight pound, 10 1/2 ounce son. Darrell Ray was chosen for his name.

A son was born to Mr. and Mrs. Hollis Webb Thursday. The newcomer weighed in at 8 pounds.

Dennis Michall is the new six pound, 12 ounce boy of Mr. and Mrs. M. A. Cate.

Friday evening marked the birth of an eight pound, 11 ounce son to Mr. and Mrs. K. C. Durden.

Mr. and Mrs. C. O. Cross became parents on Friday also. Their daughter weighed six lbs. 10 1/4 ounces, and has been named Jewell Janelle.

At the Big Spring hospital, Mr. and Mrs. H. C. Reid of Coahoma became parents of a son, Travis Edward, at 10:05 p. m. Monday. The boy weighed eight pounds, six ounces.

Making a Valentine debut to Mr. and Mrs. Carl H. Albert of Ackerly Friday morning at 11:31 was six pound, 14 ounce James Patrick.

### WEEK'S BUSINESS—

## Receipts Gain As Livestock Market Booms

Big Spring's livestock markets boomed again last week after passing a comparatively light cycle. Receipts were up considerably and the markets gained strength. The hog market was especially strong, bettering prices paid in many larger livestock centers of the Southwest. Approximately 2,100 head of cattle were sold in regularly scheduled auctions. Good butcher yearlings moved up as high as \$2.50 cwt. to head the prices, but some stockers were bringing up to \$1.00 with a few even higher. The hog market gained and then steadied at approximately \$5.00 cwt.

Building figures for the year were pushed up to \$101,350 during the week, when 14 permits were issued by the city. Most of the permits were for additions and moving, however. The week's total was \$13,250.

Sale of the Westward Ho Motel on west highway 80 helped to boost warranty deed filings to a new high for the year. The deal involved \$84,000. Eighteen other instruments filed in the county clerk's office increased the week's total to \$126,932. The new total for the year is \$375,782. The county tax assessor-collector's office registered nine new automobiles and three trucks during the week.

## McCaul Appointed To New T&P Post

J. A. McCaul, Fort Worth, has been appointed to the newly-created position of director of industrial development for the Texas & Pacific Railway company. It has been announced by W. G. Vollmer, president. McCaul takes over on March 1.

Vollmer explained that the position was created "to take an even more active part in the fast-growing industrial development of Texas and the Southwest." It will be McCaul's job to coordinate the road's activities in bringing new industries into the territory and to cooperate with others in the establishment or expansion of industries in the Southwest. The industrial agent has been with the T&P since 1918 with the exception of nine years on leave of absence as manager of the T&P warehouse terminal at Fort Worth.

**Deafened People May Now Hear Clearly**

Science has now made it possible for the deafened to hear faint sounds. It is a hearing device so small that it fits in the hand and enables thousands to enjoy sermons, music, and friendly companionship. Accepted by the Council on Physical Medicine of the American Medical Association. This device does not require separate battery pack, battery wire, case or garment to bulge or weigh you down. The tone is clear and powerful. So made that you can adjust it yourself to suit your hearing as your hearing changes. The makers of Beltone, Dept. 7054, 1450 West 19th St., Chicago 8, Ill., are so proud of their achievement that they will gladly send free descriptive booklet and explain how you may obtain a full demonstration of this remarkable hearing device in your own home without risking a penny. Write Beltone today. (adv.)

**Forsan P-TA Observes 50th Anniversary With Founders Day Program At School**

FORSAN, Feb. 15. (Spl.) — "Fifty Years of Service to Childhood and Youth," was the subject of a program presented earlier this week at the monthly meeting of the Forsan Parent-Teachers Association which was held at the school.

Founded Feb. 17, 1897, the organization is now celebrating its 50th birthday anniversary with special programs on Founders Day.

"With Faith and Hope," a skit in tribute to the founders, Mrs. Alice McCellan Birney and Mrs. Apperson Hearst, was presented by members who were attired in costumes worn 50 years ago. Taking part

were Mrs. O. N. Green, Mrs. M. M. Fairchild, Mrs. C. C. Suttles, Mrs. M. E. Perry, the Rev. Bob Ewell and Mrs. W. B. Dunn.

The Founders Day Jubilee celebration will include an international broadcast next Tuesday at which time Mrs. L. W. Hughes, president of the national P-TA congress, will pay tribute to the founders.

Mrs. E. N. Baber gave the devotional, and Mrs. Jimmie Callicote read an article entitled "Developing Better Citizens."

During a business session M. E. Perry was appointed legislative chairman, and all members were urged to keep in contact with legislators concerning bills on lunchroom aid and a raise in pay for teachers.

A nominating committee elected to choose officers for the Forsan P-TA unit includes G. Kennedy, Mrs. J. D. Leonard, Mrs. E. N. Baker.

Special musical was presented by Mrs. J. T. Holliday, and it was announced that the April meeting will be held at night with the showing of a health film by Mrs. S. E. Womack, health nurse.

Council reports were given and Mrs. O. S. Clark's first grade class won the room count.

Those attending were Mrs. E. B. Grissom, Mrs. Henry Park, Mrs. M. E. Perry, Mrs. Earl Hughes, Mrs. Blease Cathcart, Mrs. Lloyd Peek, Mrs. Joe B. Hoard, Mrs. Bill Conger, Mrs. Delbert Bardwell, Mrs. E. N. Baker, Mrs. J. M. Craig, Mrs. Frank Tate, Mrs. Jesse Overton, Mrs. J. B. Sowell, Mrs. G. F. Duncan.

**Wrong Man Said Serving Time For Old Slaying**

FRESNO, Calif., Feb. 15. (AP) — Police and FBI agents today checked a story which may prove the wrong man is serving a life term for a killing near a Kansas Army camp 32 months ago.

In prison serving life is former Pvt. A. B. Richie, Hickory, N. C., who had successfully appealed from a death sentence for the slaying of Cpl. Pete de Fusco, Uniontown, Pa., near Camp Phillips. And in custody here today was Otto Charles Stockdale, 25, Fresno locomotive fireman, whom Detective Sgt. S. G. Vind quoted as saying:

"He (De Fusco) didn't like the brand of whisky I'd bought, so I hit him. Well, then he seemed to be dead."

Richie, according to this version, was not involved in any way in the death.

Vind said Stockdale surrendered to police Wednesday and related his story of De Fusco's death—breaking a 32-month silence. While the story is being investigated, Stockdale is held on a charge of failure to possess a draft card.

**Permanent Site For Camp Bought**  
Buffalo Trails Council, Boy Scouts of America, has purchased a permanent camp site to be used by scout troops in the council, C. S. Blomsheld, council camping chairman announced today.

The camp is located in Aguja Canyon in the Davis Mountain area. It is approximately 60 miles southwest of Pecos and 23 miles southeast of Balmorhea.

It will form the first permanent camping area the council has ever owned. Heretofore the council has rented camp sites for activities each summer.

Several officials of the council inspected the Aguja Canyon site several months ago, and since that time definite plans for purchasing the site have developed. The deal was consummated as scouts in the council were celebrating in observance of the world scout organization's 27th anniversary.

**Two Persons Fined On Driving Charges**  
Judge Walton Morrison passed sentence on two persons haled into court on charges of driving while under the influence of intoxicants in county court Thursday afternoon.

They were Allene Goswick, a Snyder woman, and Cruz Aguirra of Big Spring, each of whom was fined \$75 and costs.

The two were picked up at separate times by members of the city police force on Wednesday night.
