tion to renew.

ANOTHER MISTAKE

Now we know why we always print another paper. It must be to correct mistakes we made the week before.

This time we said the week end Youth Revival was last week, but it wasn't. It is this week — starting last night, Feb. 5th, and continuing thru Sunday, Feb. 9th. We hope you will attend.

YOUTH REVIVAL

A Youth Revival opened at SNOW BLANKETS the Nazarene Church Wed-THE PLAINS nesday night and will co tinue through Sunday. Johnny Warrick, high school student of Lubbock, will bring the messages. Local youth of the church will have charge of each service.

You have an invitation to attend these services.

---000---ON THE SICK LIST

Charlotte, daughter of Mr. and Mrs. Merlin Hobbs, was ill the first part of the week with a cold.

Morris Beaty is still on the sick list, and is receiving medical care.

Artie Thomas was ill over the weekend with a virus.

Becky, small daughter of Rev. and Mrs. Bill Johnson, is improved after suffering a sore throat and other ail-

Mrs. John Smith is reported to be improved after being ill several days.

Janet, daughter of Mr. and Mrs. John Ream, was taken to Lubbock Saturday for med.

ical care. Cathy Abston, daughter of Mr. and Mrs. H. S. Abston, was ill last week and taken

to a doctor for medical care. It was discovered there were no fractured bones in Artie Thomas' hand when he fell last week.

MRS. MOSS IMPROVING

severely burned a few days the worst blizzards in history Berry, the officers, directors, ago, is reported to be improving in a Lubbock hospital.

As we understand it, Mr. Moss was attempting to thaw out some pipes by attaching to a hydrant on the outside, in February. and the butane went into the bathroom where it exploded and burned Mrs. Moss. JARVIS CATO

IS IMPROVING Jarvis Cato, who was injured in a gin accident at Lockettville some weeks ago, is said to be improving. He almost severed an arm, but the doctors were able to save it.

MRS. PERRY HOME Mrs. Wayne Perry, who has been in a Lubbock hospital be A Demonstration on Gas its aspects; to national and for treatment, is now home.

WINTER SLICK STREETS AND HIGHWAYS POSE PROBLEMS

Safe driving on icy and snowy streets and highway demands greater care and effort than driving under normal road conditions. The following are some tips on how to drive safely and help to avoid accidents on ice and now laden streets and high-

1. If your car has a convenshift, start in second gear and engage the clutch very gently with little gas. With an automatic transmission feed gas very gently to start holding the accelerator steady as soon as the car moves Increase gas only if it can done without spinning the wheels.

2. Drive well under dry road speed. Speed limits set for normal driving conditions are not realistic on slick streets and highways.

3. Keep the car pulling; steadily. You need moderat power, not speed. To falter or hesitate is, often, to stal or go into a skid. Rollin friction is substantially greater than sliding friction.

4. Make no sudden changes in speed, gear ratio, or direc tion. Any of these can cause a serious skid. Make these changes, if necessary, moscautiously.

5. To stop or slow down on! lcy streets, lightly pump the brake pedal in rapid successsion. This action permitthe front wheels to steer when they roll and gives greater traction on the ice for stopping as the wheels are not locked. The intervals

f steering will keep the vee from skidding off a crowned road into a ditch.

When the car actually is in a skid, steer in the direction which the rear end is kidding to recover. When he car begins to straighten ut, then also straighten o'.t. the front wheels.

6. Keep windshield, back windows, outside rear-view mirrors, and all lights clear of dirt, snow, frost, sleet, and

7. Keep yourself under coutrol. How can you control a car helpless against the forces of nature, if you cannot control yourself. You need all your capacities to think fast and act accordingly.

WATER CONSERVATION DISTRICT NC. 1 HAS LECTION

Lubbock - Residents of Plains Underground Water Conservation District have elected two new District Directors and twentysix new County Committee-

was elected to represent Director's Precinct No. 2, which consists of Cochran, Hockley and Lamb Counties. He won over three other residents of are V. E. Diersing or Pep, Henry J. (Chick) Schmidly of Levelland and H. G. Waiker of Olton.

Two Committeemen in each of the 13 counties comprising the Water Conservation District were elected.

The Directors were elected for two-year terms of office. while the Committeemen are elected for three-year terms. The Board of Directors is a

policymaking body which, with one counsel of the County Committees, set the administrative policies of the District. The County Commitees recommend all waterwell drilling permits and serve in an advisory capacity on District matters in their respective counties.

In Hockley County the Ropes vote was as follows: 1. V. E. Diersing 0 2. Weldon Newsom 0

3. Henry Sshmidley 11 4. H. G. Walker 0 ___000___
