HOMEMAKING REPORT DUE FRIDAY, JUNE 27

Mrs. Miller will be in the Homemaking Department all day Friday, June 27th, to accept reports on summer home making experiences and practice.

A suggested outline for the narrative report is:

- What was done
- How project helped the family
- What was learned

Cost

Menus of meals prepared or names of dishes prepared (list of sewing done, etc.)

Be sure to bring calendar showing activities and time spent working each day, and samples of sewing or other handwork that can be graded. (Bring only one glass or sample of glass etching completed.)

It has been a pleasure to visit in homes with families and to see the accomplishments of students and families working together. Mothers have expressed gratitude for the assistance the daughters have given at home during this month. Several are already planning home practice experiences for next summer.

Students getting practice in child care are: Sandra Armstrong, Melba Gregg, Betty Mannin, Helen Martin and Lena Christopher. Those who have improved the interior or exterior of homes are: Anita Alvarado, Sandra Bain, Charla Berry, Beverly Bartlett, Delores Brown, Marilyn Fletcher, Lenda Ray, Patsy Wright, Karen Blackmon, Kathryn Ayers, Priscilla Green, Dorothy Kulms, and Cynthia Gresham. All have gained experience in painting, papering, lawn mowing or gardening. Need some help?

Eleven girls are learning to launder the family clothes and household linens; four are improving personal habits or food intake and grooming; seventeen have assisted with food and meal preparation and freezing; and eleven have constructed or renovated garments.

The 28 students have practiced on projects of many types that are classified under eleven titles. Four studied consumer buying and spending of family funds, and two were interested in helping provide family recreation to improve and enjoy better family social relations. Never underestimate the enthusiasm and efforts of young people!

OVERHAULING BARBER SHOP

Bill Chandler and John Proctor have been busy this week overhauling the Ropes Barber Shop.

Among other things new floor covering has been laid and the interior "prettied" up. John is not only an A-1 barber, but he believes in keeping his place nice clean.

County Democratic Chairman Bill Boedeker, of Levelland, furnished the Plainsman with the following information:

Article 269 of the penal Code of Texas, states among other things, the following:

"... every candidate and campaign manager is hereby required to file a sworn statement of all monies previously received or disbursed by him including monies borrowed and liabilities incurred but not paid, not more than thirty nor less than twenty-five days prior to the date of the primary election, and not more than twelve nor less than eight days prior to the date of the primary election. . . ."

Article 14.08 (b) of the Election code states among other things the following:

"Each candidate whose name appears on the ballot. . . shall file a sworn statement, not less than seven (7) nor more than ten (10) days prior to the day of each election. . . the statement must include all such gifts, loans, payments, debts and obligations made or incurred. . ."

It appears that both statutes above quoted in part are in effect although there is some overlapping. Other parts of the above statutes concerns, among other things, the filings after the first primary and prior to the second primary.

'Stray' Norther Drops Mercury 40 Degrees

A genuine West Texas "norther" broke the heat wave over the South Plains Tuesday night, dropping

the temperature from 101 to 63 degrees Wednesday morning.

During the early part of

the night Tuesday the sky became overcast and the wind shifted from the south to the north, blowing from

30 to 35 miles per hour, and as the night progressed the wind became cold, and it remained cold.

EUIN EVANS' FAMILY VISIT IN ROPESVILLE

Mr. and Mrs. Euin Evans and children, Yolanda, Janice and Terie, arrived in Ropesville from Houston on Sunday morning. They are visiting in the home of his parents, Mr. and Mrs. Shelby Evans, and other relatives and friends.

Euin was reared in Ropes and attended Ropes school before the beginning of World War II. At that time he was too young to join the fighting forces, so he took a job in the Houston shipyards and helped build ocean going vessels until he reached the age of enlistment, at which time he enlisted in the Navy and served that branch of the service for the duration.

YE EDITOR ON SICK LIST

If it hadn't been for the timely help of Mrs. James Thomas and Donald Morris it is likely the paper last week and this week would have had some tough sledding in getting on and off the press.

The editor and backshop man, Troy Morris, has been on the sick list for three weeks, and up to Tuesday of this week he was still too ill to help with the paper. So, Mrs. Thomas and Donald are again joining their mother, Mrs. Morris, in putting the paper to bed.

MRS. A. RUSSELL VISITS ROPES

NOTICE

There will be a Community-wide Foods and Nutrition Workshop July 1st and 2nd at the school cafeteria from 2 until 5 p.m. Mrs. Jewel P. Robinson, county home demonstration agent, will be in charge. Freezing foods and canning by water will be demonstrated. Everyone is invited to attend.

Hip Fracture Sends V. Bates to Hospital

Vaughn Bates, formerly of Ropes community but now living near Denver City, has been in the Methodist Hospital at Lubbock for the past week with a broken hip.

Vaughn had a cellar dug in his yard last spring, then got too busy in his crop to put a top on it. One night last week he started to his pickup. Forgetting the hole was there he walked into

midair and fell 6½ feet.

Vaughn says he could have had several cellars covered for what this expense will amount to, besides the pain.

His son-in-law, Weldon Ferguson, came home on 30-day leave from the Army, to assist in working his crop. His neighbors also came to his aid last Saturday with tractors.

MAYFIELDS' RETURN FROM TENNESSEE

Mr. and Mrs. R. M. Mayfield and grandson, Bob Knoy, who have spent the past few weeks in Tennessee visiting in the home of relatives, have returned to their home.

Immediately after arriving there Mrs. Mayfield became ill with pneumonia, and had to spend a week in the hospital, and another week recuperating. She stated that the weather was fine, and that in all the places they visited crops were above par.

Returning home with them was their niece, Naddell Cantrell. Her twin sister, Nadine, returned earlier with Mr. and Mrs. Aubrey Mayfield, who also visited in Tennessee.

WEATHERLYS' MOVE TO ROPES

F. E. Weatherly and two children, Jackie and Joy, have moved to Ropes from the New Home community, and will make their home here.

Mr. Weatherly is employed by a gin at Meadow.

RETURN FROM VACATION IN KANSAS

Mr. and Mrs. Ray Abney and children, of Brownfield, were in Ropes Monday tending to business.

They had just returned from a vacation in Kansas. Mrs. Abney said it was a very pleasant trip outside of the fact that it rained most of the time.

M. HANNAFORD RETURNED TO THE STATES

YN 2nd Class Mindon Hannaford, his parents are notified, arrived at Treasure Island, San Francisco, at 11 o'clock on Wednesday night, the 18th inst. He has been stationed on Guam.

He expects to arrive in Ropes between July 11 and September 1, at which time he will be discharged from the service.

LOUIS OWENS HERE MONDAY

Louis Owens, candidate for county judge of Hockley County, was in Ropes Monday.

Louis came in ahead of the sandstorm and was worried for awhile that the sand would knock him out of campaigning. However, the clouds and sand moved south in short order, and the sand came out, making it a beautiful day.

SUNDAY GUESTS IN HOME OF ROBERT HALL

Sunday guests in the home of Mr. and Mrs. Robert Hall were Mr. and Mrs. W. B. Nabours and son of Dallas, Mr. and Mrs. E. B. Ray, Larry and Judy, Mr. and Mrs. Jay Nabours, of El Paso, and Mr. and Mrs. W. D. Nabours, parents of Mrs. Hall.

STILL IN HOSPITAL

Rev. and Mrs. Frank Story visited Mr. and Mrs. J. C. McCullough at Brownfield Tuesday. Mr. McCullough is recovering from a heart attack in a Brownfield hospital. Mrs. McCullough is a sister of Rev. Frank Story.

ELMO BAXTER IS INJURED

Elmo Baxter, employed by Doc's Garage, was struck by a bolt from a motor Tuesday which inflicted a wound requiring five stitches to close.

J. D. Nichols took him to Lubbock to a doctor.

RALPH RIOJAS IS IMPROVING

Ralph Riojas, who recently underwent major surgery for a back ailment, is recovering. He is now at home and says that he can spend from two to three hours "knocking" around before he has to rest.

His many friends in the community are hoping for his speedy return to normal health.

It was cold even to the extent that folks pulled out their coats, and in some instances turned on their gas heaters.

While this kind of weather would be unusual in some other sections, we can't say that any kind of weather is usual in West Texas — in years past it has been known to snow on the 4th of July, and blizzards have struck in June.

But, it is pointed out that when we have such weather we will have a short fall, and a killing freeze will come early. Whether this will hold good this year, your guess is as good as mine.

**CHESTER BORDERS
MAKES FORMAL
ANNOUNCEMENT**

I would like to ask the voters of Hockley County to consider my candidacy for County School Superintendent on the basis of training, experience and record.

I was born and reared in Runnels County in Central Texas. In 1936 I graduated as valedictorian of Bronte High School. The next four years were in West Texas State College at Canyon where I worked for most of my expenses. I graduated in 1940 with a Bachelor of Science degree. Since then I have completed two summers of graduate work at Texas Technological College. My Texas teaching certificate is a lifetime school administrators or superintendent and principal certificate.

My experience totals seventeen years with two years as a teacher, four years as an elementary principal, four years as high school principal and seven years as a superintendent. I have been a resident of the county twelve years. For eleven years I was employed by the Whitharral Independent School district. The last seven years at Whitharral I served as superintendent where we had from sixteen to nineteen teachers, about six other employees and an attendance of around three hundred twenty-five students. I believe this experience as a superintendent to be the most valuable in qualifying me as a candidate for county school superintendent. I have been reelected each year in the schools where I have taught and any changes I made were by resignation. As a reference I ask you to contact any of my former teachers or patrons of the Whitharral Independent School.

My residence now is five

miles northwest of Levelland where I am farming. I am a member of the Church of Christ, married, and have one son who is in the fifth grade at West Elementary in Levelland.

If I do not contact you personally, please accept this as a personal request to consider my candidacy. If I should be elected, I promise to devote my time to the duties of the office. I would endeavor to treat all school districts and patrons with courtesy, honesty and efficiency.

Vote for an experienced school superintendent—vote for Chester Borders on July 26th.

Chester Borders.

 LOYD BRINSON

Mr. and Mrs. Loyd Theo Brinson (nee Linda Hendricks) are on a trip to Colorado Springs, Colo., following their marriage Saturday night in Meadow Church of Christ. The bride traveled in a blue and white chemise with white accessories.

Bill Talley officiated a double ring service for the daughter of Mr. and Mrs. Russell Hendricks of Meadow and the son of Mr. and Mrs. L. T. Brinson at 7 p.m. An archway of greenery was flanked by baskets of glad-toll and candelabra.

The Chorolettes of Crescent Hill Church of Christ sang "Be With Us, Lord", "Whither Thou Goest", and "I Love You Truly".

Given in marriage by her father, the bride wore a gown of satin enhanced by border lace. The fitted bodice had a Sabrina neckline and long tapered sleeves.

Mrs. Walter Brinson, sister-in-law of the bridegroom attended as matron of honor, and the bridesmaids were Miss Glenda Belew of Meadow, Mrs. Jimmy Castleberry of Friona, and Miss Jean Curtis of Meadow. They wore princess dresses of periwinkle blue cotton satin and carried white carnation bouquets.

The bridegroom's brother, Walter Brinson, served as his best man. Ushering duties were performed by Jerry Tyler, Perry Lockett, Maurice Warren and Royce Terry, all of Meadow. Rings were carried by Tony Hendricks, brother of the bride.

Wedding guests were registered by Miss Nancy Smith. At a reception which followed in the Meadow school cafeteria, the serving table was covered with beige lace over aqua.

Mr. and Mrs. Brinson will be at home in Levelland where he is employed as assistant manager of Furr Foods. He graduated from Brownfield High School and his bride is a graduate of Meadow High School.

**A LETTER FROM
GEO. MAHON
TO THE FARMERS**

Dear Friends:

Indications are that unless the cotton acreage allotment law is changed, the national allotment will drop from 17 million acres to 14 million acres in 1959. This would be disastrous. The situation facing cotton growers is more serious than it has been for years. I thought I should point out this fact to West Texas cotton farmers.

Friends of agriculture in Washington are diligently trying to be helpful to producers. Representatives of the farm organizations have made repeated trips to Washington from West Texas and elsewhere for consultations and hearings before the House and Senate Committees on Agriculture.

We passed a stopgap bill which would freeze acreage allotments on cotton and other supported crops at the 1958 level for 1959. This bill was vetoed by the President last March. We do not have enough votes to override the President's veto. The problem is to get legislation which the President will approve, which will be reasonably satisfactory to the farmer and that can be passed through the House and Senate. Representatives from farm areas are in the minority.

A plan known as the Compensatory Payment Plan for cotton proposes that all cotton be sold for domestic and foreign use at the world price, enabling cotton to compete with synthetic fibers and for the American share of the world cotton market. The producer would receive a compensatory payment enabling him to get an adjusted higher return for his crop. This plan has strong support from West Texas and elsewhere, but is being set aside for the present because of the lack of support from non-cotton areas and the opposition of the Administration and some farm groups.

The House Committee on Agriculture is now working on a compromise bill which would provide the following:

1. In 1959 a farmer would be provided one of two options, Option A or Option B. Under Option A the farmer would have approximately his 1958 allotment and he would get a support of 84% of parity on his cotton production. This would be achieved by direct purchase of the cotton from the producer by the government. The government

would sell the cotton for domestic and foreign consumption at about the world price.

2. Under Option B, the alternate plan, the producer would have the option of a support price of 65% of parity and an increase in acreage allotment 'up to 30%', the exact figure to be determined by the Secretary of Agriculture. (This element of uncertainty is one of the weaknesses of the bill.)

Farmers who exercised the Option A plan would receive a support in 1960 of about 79% of parity. This would fall to 75% of parity for 1961.

This plan and most other plans being advocated offer no rosy future for cotton. The cotton farmer is being offered a decreasing level of income while his fixed costs are going up. It is pointed out that if we are to have a substantial part of the world market, our cotton must be sold abroad at world prices through the present expensive export subsidy or otherwise. Synthetics are capturing more and more of the domestic market for cotton.

George Mahon.
