It's "Dinner Time" . . .

It's Time to Side-Dress With

SOL-U-PHOS.

"The SOLUTION For Your Fertilizer Problem" Division of Goodpasture Grain & Milling Co., Inc. -- Home Office . . . Brownfield, Texas

Side-dressing will really pay off when you side-dress with SOL-U-PHOS Liquid Fertilizer. SOL-U-PHOS will give your crops the plant nutrients needed at "dinner time," to carry them on into a fruitful harvest. Rememberevery drop of SOL-U-PHOS is a chemical combination of plant nutrients in a neutral SOLUTION . . . this fact alone insures balanced fertilization for your crops. Don't deplete your land! Increase your crop yield, maintain high fertility with SOL-U-PHOS Liquid Fertilizers.

Everywhere you look, more and more farmers are "going modern"-they are switching to SOL-U-PHOS Liquid Fertilizer . . . why? They like the "filling station" type of of operation . . . there is no heavy lifting needed . . . you get the correct analysis of plant nutrients without having to buy unwanted quantities of other nutrients . . . you don't have to have a field full of farmhands to get the job done . . . one man can easily side-dress up to fifty or more acres per day . . . you pay only for the plant nutrients delivered by your dealer . . .

Loyd Arant, of Goodpasture Grain & Milling Company, is dealer for SOL-U-PHOS Liquid Fertilizer in the Ropesville area. Before you buy any fertilizer . . . talk to your friends and neighbors who have used SOL-U-PHOS . . . come in and get all the facts, then you will see why so many farmers are "sold" on SOL-U-PHOS Liquid Fertilizer . . . the fertilizer "made" for farming.

Go Modern ... See The Man Who Sells
