Seven Persons Die Violently During Holiday

Two Perish When Derrick Collapses

At least seven persons died violently in Texas on Thanksgiving Day. Three men were killed in traffic accidents, two men died when an oil well derrick collapsed and one drowned. Harry W. Peter, 60, field superintendent, and W. A. Teague, drilling superintendent, were killed in the oil well derrick accident one mile north of West Columbia. The derrick was located on the Merrick Oil Co. lease. Joe H. Ford, 42, drowned in White Rock Lake at Dallas when a fishing boat overturned. James A. Cornish, Jr., a University of Texas student, was killed last night. His car went out of control near Briggs and smashed into a tree. Steven J. Swainick, 31, was killed in an automobile accident at Arlington. Ruby T. Reid, 65, of Comanche, was killed in an automobile accident between Alice and George West. Rosa Ramirez, 58, San Antonio, died last night when she was struck by a car in San Antonio.

VICTORY FOR WEST

U. N. Defeats Ban On Economic Force

PARIS, Nov. 26. (AP)—The United Nations Assembly defeated today a Polish resolution to forbid economic pressure by one nation against another as a means of influencing domestic or foreign policy. Poland's Dr. Oscar Lange carried the ball in the debate for the Slav bloc of nations, bitterly attacking the European Recovery Plan (ERP) as an American "economic cold war against the Eastern European countries." Lange contended the use of "economic power to influence the policies of another country is inadmissible." The vote on the resolution was 33 to 6, with Russia and the Eastern bloc alone supporting it. Afghanistan, Burma, Colombia, Cuba, India, Iraq, Iran and the Philippines abstained. Absent or not voting were Bolivia, Dominican Republic, Ecuador, El Salvador, Guatemala, Honduras, Iceland, Lebanon, Nicaragua, Paraguay and Venezuela. Willard L. Thorp, an assistant U. S. secretary of state, opposed the proposal as an attempt to discredit the ERP by nations envious of the American assistance to European recovery. Lange charged that some countries cannot sell materials to some other countries for reasons of military security, demanding: "Is the refusal to sell gramophone records and such a part of military security?" Thorp denied there has been any American attempt to dictate other countries' export policies. Dr. A. A. Arutiunian of the Soviet Union said the United States "applied discrimination, endeavoring to use export trade as a tool of foreign policy." The Russian delegate said the United States controlled exports in "such a way as to discriminate against the Eastern European countries and the USSR." "Mr. Thorp doesn't deny that discriminatory policy, but merely attempts to justify it," Arutiunian said. Other developments in the UN: The United States, in the 58-nation political committee, opposed Britain's latest proposals which might take the southern Negev Desert of Palestine from Israel. The United States wants the Nov. 29, 1947, partition used as a basis of settlement. Syria proposed a five-nation committee to study the possibility of a single Palestine nation of Arabs and Jews on a federalized basis. The Assembly brushed aside a similar proposal last year in favor of partition.

Reds Slapped, CIO Will Now Re-Elect Heads

Phillip Murray Is Given Wild Demonstration

PORTLAND, Ore., Nov. 26. (AP)—The CIO, having told the world how it feels about Communists, prepared to re-elect all its officers today and put on a wild demonstration for Phillip Murray. Murray, 62 years old, silver-haired, pink-faced, now begins his ninth year as undisputed leader of the organization of 40 unions. His policies are supported by at least nine-tenths of the delegates to the convention that ends today. During four stirring days of this convention, Murray departed from his peace-making tradition of past years. He rose up in public with a series of onslaughts against the leftists that will certainly echo in CIO meeting halls throughout this country and may have a considerable effect in the international labor movement. Communists and their friends in the smaller unions of the left wing have been squelched so thoroughly that their future is shaky indeed. The convention yesterday gave the CIO executive board almost unlimited power to take the job of organizing workers away from those leaders. The action came after Murray declared he will not protect "cliques of men whose interests are promoted and propagated by the Daily Worker and the Communist Party." The convention also provided a steady income—more than \$100,000 monthly—for the southern organizing drive, and more money for national CIO activities. This was done by a three-cents-a-month raise in the per capita tax which CIO unions pay to the CIO for each of their members.

Safe Blown As Workers Held By Gun

Trail Of Bandits Swallowed Up In Darkness And A Dust Storm

Armed, masked bandits held six employees of the Tidwell Shows at gun point here Thursday night while they blew a safe before trussing the carnival hands and making off with loot estimated at \$20,000. The robbery occurred at a hangar building at the municipal airport, where T. J. Tidwell, Sweetwater, has stored his carnival for the winter. He was notified by telephone in Chicago and estimated the loss. Deputy Sheriff C. E. Kiser said four men entered the building while one master-minded the operation from the darkness outside. He theorized that there may have been a sixth bandit "who hauled them to the warehouse and met them somewhere in this vicinity with another car." Trail of the bandits was swallowed up in darkness and a dust storm Thursday night.

Robbery Biggest In City's History

The robbery, with its reported loss of \$20,000, not only qualified as the biggest in the city's history, but it ranked near the top in the list of the most bizarre hold-ups. Events unraveled with lightning rapidity and methodical precision (the job required only about 12 minutes) from the moment at 8:30 p. m. when the door to the combination living-quarters and office in the warehouse, was jerked open. Everett Morris, veteran Tidwell employe and in charge of the warehouse, his wife, Viola, I. L. (Dad) Powers and J. J. (Jake) Alexander, Negro helper, looked up from a card game. Two burly figures, faces covered with white handkerchiefs and guns leveled in black-gloved hands, loomed in the doorway. One spoke evenly: "This is a stick up."

'Queenie' The Elephant Called By Name

Morris and others told the story. One of the bandits had on a blue denim suit, the other had an army khaki coveralls. A third robber wearing a dark overcoat and white felt hat, entered the door, walked straight to the warehouse room, called an elephant "Queenie" by name, and up to the enclosure where Clyde (Slim) Tolbert, elephant trainer, was munching a sandwich. He poked Tolbert in the leg and said "come out of there." For a moment, said Tolbert, he thought someone was pranking, but when the bandit cracked him across the leg with a pistol barrel and repeated his orders, Tolbert answered "sure, sure, I'm coming." Once Tolbert had been marched back inside with the others, they were ordered to turn their backs. Powers, fumbling a quarter and a nickel, studied the men. The quarter rattled to the floor. "Turn your head," barked one of the bandits.

Woman Keeps Ironing, Glancing Up

Morris was commanded to stand in the center of the room with Powers just in front of him. Tolbert and Alexander were off to a side. Mrs. Morris was allowed to move around. Mattie Alexander, Jake's wife, kept on with her ironing, glancing up to get a glimpse of the intruders and down quickly when a pistol was pointed at her. The bandits then called up their "specialist." A medium sized man entered with a cardboard box of tools under his arm and a sledge hammer in the other hand. He went to an unopened safe (there were two in the adjoining room) and went to work. Mrs. Morris said he had a "firecracker" with him, and soon there was a muffled blast. Gertie, the chimpanzee asleep on a bed, jumped up and screamed. The trained dogs began to bark.

'Hit 'Em In The Hear,' Man Growls

"Hit 'em in the head," one of the men growled. Morris broke in: "They won't bother; don't hit them." He was afraid that Jake, their caretaker, would go berserk if someone abused his pets. As the bandits carted out the money in sacks, they began trussing the employes, using tape, rope and wire. The men were handled roughly, but expertly. Before the women were bound, blankets were placed on the concrete floor. A cover was thrown over them and one of the robbers asked: "Are you comfortable, V?"

Robbers Speak Almost Constantly

Another told Morris: "You better call Tommy (T. J. Tidwell) before you report this." The robbers spoke almost constantly. Previously they had asked Morris about the keys to his car. "They had the difference," said Morris, "so I said, 'In my pocket.' The man fumbled around and I told him 'in my right pocket.' Then he said for me not to worry, that he would leave the car at the edge of town." As the door closed, Morris whispered to Alexander: "Are they gone?" Jake said yes and Morris rolled over to Tolbert, who began to untie him. As soon as he could free himself and others, he ran to a big truck-trailer—the only machine with gasoline in it—and drove to town to report the robbery, he said. This was about 30 minutes after the bandits entered. He then called Tidwell, who was with his wife in Chicago at a convention. Tidwell estimated the loss. He was driving back Friday and was due here Saturday. Authorities throughout West Texas were alerted, but no trace had been found of the bandits or the missing car, a 1941 Pontiac (license BF 1285) sedan. Deputy Kiser said that a call had been put in for J. L. Rogers, Lamesa, Texas ranger. Police Chief Pete Green said that the watch was being intensified in a 75 mile radius and that he felt it was possible the bandits were still within that circle.

Tydings Will Aim At \$15 Billion Top

WASHINGTON, Nov. 26. (AP)—Sen. Tyding (D-Md) served notice on the armed services today that the new Congress will aim at a \$15 billion ceiling on defense costs next year.

"We must keep America strong and the world at peace," he said, "but do that with the idea that the taxpayers also must survive."

Truman Talks With Cabinet For Full Hour

WASHINGTON, Nov. 26. (AP)—President Truman and his cabinet reviewed foreign affairs at an hour-long session today.

Cabinet members told reporters after the meeting that Secretary of State Marshall did a great deal of the talking.

Postmaster Gen. Donaldson said Marshall brought the cabinet "up to date" on the international situation.

Donaldson would not go into details of what Marshall said, nor would other cabinet members. At a news conference last Wednesday, Marshall described the Chinese situation as critical and said the administration is considering what the United States can properly do to be of real assistance in President Chiang Kai Shek's Chinese Nationalist government.

MIRACLE IN A DAY

Complete Soil Conservation Plan To Be Applied To Farm

A complete soil conservation district plan will be applied on the Miller farm, operated by C. A. Denton, seven miles east of Big Spring at junction of Highway 80 and Moss Lake road December 8, Frank Loveless, Supervisor in Zone 3 of the Martin-Howard Soil Conservation District and secretary of the board, announced today. The local farm implement dealers will be host to the gathering of farmers, ranchers, 4-H clubs, FFA chapters, Veterans Vocational Agricultural classes and business men at lunch and will display and show in use equipment applicable in applying coordinated soil and water conservation plan. The dealers are especially interested in equipment for chiseling, sub-surface tillage, planting cover crops, applying fertilizers, dirt loading, terracing, deep plowing and mechanical harvesters. The lunch will be prepared and served by the Lion club, according to County Agent Durward Lewter.

are participating in the program: Johnnie Walker Implement Co., Gray Tractor and Equipment Co., Covington Oliver Co., Farm Equipment Co., Howard County Implement Co., Big Spring Tractor Co., Grantham Bros. Grain Co., and George Oldham Implement Co. Denton, with the assistance of local Soil Conservation Service technicians, developed his farm plan according to the needs of his land as determined by the locally developed and administered district plan of work. The plan calls for stubble management, chiseling to eliminate hardpan, sub-surface tillage, legume cover crops, contour farming, terracing, application of fertilizers and crop rotation. The five land owner supervisors, Warren Skaggs, Frank Loveless, L. H. Thomas, Joe Carter and Edmund Tom, approved Denton's plan making it a part of their district program at their regular meeting in November. The following implement dealers

The nation's death toll from violent accidents over the Thanksgiving Day holiday passed the 100 mark, a survey showed today.

The total of 105 fatalities from 6 o'clock Wednesday evening to midnight (CST) Thursday compared with a violent death toll of 128 for Thanksgiving day last year. On the same holiday in 1946 there were 83 deaths from violent accidents.

About two-thirds of the fatalities on the holiday resulted from accidents on the highway. The survey showed that 80 persons lost their lives in traffic mishaps. The other 23 died in accidents from miscellaneous causes, including drowning, plane crashes and falls.

The National Safety Council did not make an estimate of the probable number of deaths by accidents for the period.

Reds Demand Pay From Japanese For Repatriates

MOSCOW, Nov. 26. (AP)—The Communist Party Newspaper Pravda said today Soviet authorities in Japan had made a new demand that the Japanese government pay for repatriation of Japanese citizens held as Russian war prisoners. The dispatch from Tokyo by the Soviet News Agency Tass said the demand was in the form of a letter to Gen. Douglas MacArthur, supreme commander in Japan. The dispatch said it was noteworthy that "during recent times Gen. MacArthur and members of his staff are too free with demands for fulfillment of repatriation."

Congress To Drop Contempt Cases

WASHINGTON, Nov. 26. (AP)—Congress apparently will drop contempt action against some 60 people who refused to say whether they are or ever were Communists.

There are three reasons:

- 1. The Justice Department has its best to lay off until its own cases against Communist Party leaders are out of the way.
2. The House committees involved—Labor and Un-American Activities—probably couldn't get their members together before the end of the year to act on contempt citations.
3. House legal experts doubt that contempt action begun in the present Congress could be carried over to the new one. Their curbstone opinion is that any contempt involved was against the 80th Congress, but that the 81st couldn't cite anybody except for contempt against itself.

The labor committee was considering contempt action against union spokesmen who were witnesses at investigations to determine the extent of any Red infiltration into their organizations. During the hearings around 40 persons refused to answer the big question—whether they were or ever had been Communists. About a score more declined to answer the same question at last summer's spy hearings of the Un-American Activities Committee. Most of the witnesses claimed that answering the question would tend to incriminate them and that would be unconstitutional.

Suspect Admits He's Emotional

BOULDER, Colo., Nov. 26. (AP)—"I'm an emotional sort of a guy. I go to a movie, if it's sad or stirring, I cry like a baby." That's how 31 year old Joseph Walker describes himself. The district attorney has charged him with raping and bludgeoning to death comely Theresa Foster, 18, Colorado coed. Walker in an interview yesterday in his county jail cell told a reporter:

"There's been a good bit of comment in the papers about how I'm reacting to all this. Ordinarily I'm pretty calm but I'm an emotional sort of a guy. When Eleanor, my wife, and I go to a movie, if it's sad or stirring, I cry like a baby. Eleanor used to kid me about it but I just can't help it. Things affect me deeply." Dist. Atty. Hatfield Chilson said Walker admitted dumping the girl's body into a creek bed near here but claimed she was killed by a "blond, chubby man." Chilson said his trial will probably not start until after Jan. 1.

THEY'LL SAIL

Queen Elizabeth Passengers Are Broke But Happy

SOUTHAMPTON, Eng., Nov. 26. (AP)—By the Queen Elizabeth's usual standards it will be an austere voyage when the world's largest ocean liner sails for New York next Sunday—11 days behind schedule.

But there will be no complaining from the passengers. "It's enough for us that we'll be on our way," said one. About 1,500 passengers have been stranded aboard the Elizabeth here since last Friday, awaiting the outcome of the American east coast dockworkers' strike.

When it was announced yesterday in New York that the strike had been settled, subject to a vote by the dock workers, the Cunard White Star Lines announced the Elizabeth would sail Sunday. Her sister ship, the Queen Mary, will follow on Wednesday.

News of the sailing touched off mass rejoicing aboard the ship. The announcement was all the more welcome because it came on Thanksgiving Day. But free spending and high spending characteristic of the Queen's routine crossings will be out for most passengers, many of whom have gone broke during their unexpected layover in Southampton. The bulk of the 1,500 passengers now aboard, and probably of the 600 stranded passengers who will be picked up at Cherbourg, France, on the New York run, now cannot afford the more expensive shipboard pastimes.

Three Dead, 14 Survive Sinking

GUAM, Nov. 26. (AP)—The Navy Transport President Jackson proceeded here today with 14 survivors of the 180 foot Motorship Santa Maria which sank 750 miles northeast of Guam yesterday with the loss of three crewmen.

The body of one crewman had been picked up, another had been sighted and a third reportedly went down with the ship in heavy seas.

Vincent Area To Get Deep Exploration

An Ellenburger venture in northeastern Howard county was announced today by Magnolia Petroleum Corp. The venture will be Magnolia No. 13, Herman Gartner, 24 miles northeast of Big Spring, and located 660 feet from the north and west lines of the northwest quarter of section 67, LaVaca Navigation survey No. 20, near Vincent. Contract depth reportedly was 8,500 feet to test the Ellenburger. Operations are to start at once.

A wildcat location, Richardson and Bass of Fort Worth No. 1 J. H. Hall Estate, was announced for Mitchell county. It will be 14 1/2 miles southeast of Colorado City and will go to 8,000 feet as an Ellenburger search. Location is 660 feet from the north and east lines of section 39-12, H&TC and spudding is to take place immediately.

Seaboard No. 2 Tora Campbell, drilling with a basket bit below 10,077 feet, was trying to drill up and pick up lost big bearings. The test is said to be in the Ellenburger top. Mitchell county's Seaboard No. 1 Thompson, eight miles southwest of Colorado City, took a drillstem test in the Ellenburger at 7,685-7,715 feet. The tool was open 15 minutes and recovery was 45 feet of drilling mud and 665 feet of sulphur water. Top of the Ellenburger was pegged at 7,630 feet. No oil or gas has been reported in that zone and the exploration is due to plug.

Sophoulis May Have Good Chance To Recover Health

ATHENS, Nov. 26. (AP)—Premier Themistokles Sophoulis, stricken with two heart attacks in two days, passed a comfortable night, but his doctors said today it would take 36 hours before it could be determined whether he will recover. The doctors said if the 87-year-old Greek leader does not have another attack in the next 36 hours his chances for recovery are good. The Greek leader retained his political "balance." Sophoulis was lying on his right side when the doctors suggested he turn over to the left. He chuckled, "no thanks, I prefer to remain in the center."

# State Costs Attain Imposing Totals, Report Discloses

The state comptroller's report for the fiscal year ending Aug. 31, 1948 ought to refresh the minds of Texans on the fact that our own state government is pretty big business these days.

Total state expenditures amounted to \$408,969,966. Of course Texas ranks high on the economic scale in the states of the union, but if all matched our expenditures the cost of state government in the U. S. wouldn't be much less than half the national budget.

## Action, Not Wishing, Can Get The Job Done Quickly

The Shaley Grange in North Carolina has won a \$25,000 prize in a national contest for community service.

It will be interesting to note that there are only 64 members in the organization which grabbed off this top honor.

The disparity of numbers, however, did not prevent them from promoting many worthwhile activities. Among them was the renovation of an old church through repairs and painting, new foundations, landscaping and general cleaning of the grounds, plus installation of a new road to it.

## Milestone Has Been Passed Pronoun For Shopper Is 'She'

An article in one of the big city papers a few days ago disclosed that the 1948 Christmas shopper is more discriminating than the 1947 model.

"She's interested in quality merchandise," the piece went on to explain.

(Copyright 1948 by N. Y. Herald-Tribune Inc.) WASHINGTON—Every reasonably well informed person knows that the Soviet Union gives financial support to the world Communist movement.

Percentage wise this meant 37 per cent for education, nearly 20 per cent for highways, and about 25 per cent for welfare, or right at 50 per cent of the total.

It is interesting to note that the vast bulk of Texas revenues go to financing education, welfare and highways. Education cost nearly \$130 million, of which about \$108 million went to public schools in state and supplemental aid.

# Texan Questions Reasoning In Execution Of War Lords

IN AFFIRMING THE SENTENCES OF death and imprisonment passed in the trials of 25 Japanese war lords, Gen. Douglas MacArthur has penned a notable psychological pronouncement.

The general says he undertook his reviewing duties reluctantly. Referring to the death sentences (on former Premier Tojo and six others) he asked the Japanese people to pray on the day of execution—"to seek divine help and guidance that the world keep the peace lest the human race perish."

When MacArthur added a prayer of his own. It was that the sentences become a symbol "to summon all persons of good will to a realization of the utter futility of war—that most malignant scourge and greatest sin of mankind—and eventually to its renunciation by all nations."

WHEN THE SENTENCES WERE passed in mid-November this column called attention to the argument which has revolved about such trials—whether they are admissible under international law and, if they are, whether there is moral justification for death sentences.

That column has brought me a letter which I want you to see. It is from Lesta Shackelford, of Austin, Texas. He is a 30-year-old war veteran who was a member of the Texas House of Representatives the last session. He now is a student at the University of Texas. He writes:

"It is in the last sentence that you may have put your finger on the crux of the problem. There is a strong group of very important people in the world today who apparently are convinced that a person ought to die when he deserves death. Your qualification in the last sentence of your column indicates that you are at least in doubt as to the soundness of this principle."

# Jan Dickerson Set For Army Career

Jan Dickerson, daughter of Mr. and Mrs. C. W. Dickerson, is all set for an Army career.

As first woman to go before the new officer candidate interview board at Camp Hood, Texas, she came out with flying colors on her officer candidate test, personal interview and physical tests. She has been notified she will be sent in a month or so to Camp Lee, Va. for six months of ground officer schooling.

Upon successful completion of this course, she may then be chosen to receive a regular Army commission or an Organized Reserve commission.

After a short leave, she will undergo three months of specialized training before serving two years of active duty—and Miss Dickerson has asked that it be overseas duty.

Although she has had no military experience, she told Camp Hood officials that she was "shooting for the top" during her career, and that in the process she hoped to see a lot of the world.

Although not long out of Hardin-Simmons University, where she earned her bachelor's degree following her graduation from high school here, Miss Dickerson has had a checkered career.

As a youngster, she got her first brush with newspapers in substituting for her brother, Bob, on a Herald route. Later she became a member of the Herald editorial staff and when she went to school in Abilene it was natural for her to step into a regular role in the Abilene

Reporter News.

Horses have been her hobby, and although she suffered injury more than once, she continued to ride in rodeos as sponsor for Big Spring and local ranches. Now that she is going to the army, she has disposed of her mounts.

Prospects are that it will be late in January before she is called up for her initial Army training at Camp Lee.

## France Will Help Run Ruhr Development

PARIS, Nov. 26. (AP)—France prepared today to join the United States and Britain in supervising the Ruhr industries.

U. S. Secretary of State Marshall invited France earlier to take part in controlling Ruhr steel and coal industries. A French government spokesman said last night that France will accept.

Marshall's offer was made despite the fact that the French zone of Germany has not joined the British-American zonal union. The Ruhr is in British-occupied Germany.

In London yesterday, a British foreign office spokesman said Britain also has agreed to giving France membership in the present steel and coal control groups.

Because the Ruhr furnished the bulk of German military supplies in two world wars, France has been worried about returning control of the great industrial area to the Germans.

Marshall's invitation and Britain's concurrence will give France a seat in the "Essen Commission," which supervises steel mills and coal mines in the Ruhr.

## West To Publish Nazi-Franco Facts

WASHINGTON, Nov. 26. (AP)—The United States, Britain and France are planning to publish new facts about Spain and Russia's secret negotiations with Nazi Germany, it was disclosed today.

Details of the pre-war Hitler-Stalin deal to divide Poland will be bared for the first time in two separate 1,000-page volumes now under preparation.

Evidence of German, Italian and Russian intervention in the Spanish civil war will feature a third volume dealing with Franco's relations with Hitler from 1936 to 1939.

Diplomatic officials told a reporter the State Department, in cooperation with the British and French foreign offices, plans to start publishing these three documents early next year. They will be printed in English, French and German.

They will be but three of the 25 volumes now being prepared by historians of the three countries from German records captured by American First Army troops in the closing days of the war. The researchers had to burrow through 450 tons of documents to sift out the essential material.

Soviet Russia's relations with Germany will not be dealt with in separate volumes but will be included in two volumes telling of general Nazi foreign policy prior to the outbreak of war in September, 1939.

This may be due to a desire to avoid further disturbing their touchy relations with Russia. Moscow bitterly denounced the State Department early this year after it published part of the record of Soviet-German negotiations as revealed in the Nazi documents.

A government official working on the project said, however, the two new volumes being edited now will contain "twice as much detail" on this subject as the earlier State Department volume which ran 362 pages. This fact alone may provoke a new outburst from Moscow.

Official German documents will be published intact to show step-by-step the secret intrigues which led to the 1939 Russian-German non-aggression pact which doomed Poland.

The papers then will trace in detail the growing distrust between the two countries resulting from their failure to agree on "spheres of influence" despite lengthy negotiation.

## Plane Missing, Three Aboard

DALLAS, Nov. 26. (AP)—A plane with three persons aboard was reported missing this morning somewhere between Mineral Wells and Houston. The plane was last heard from Nov. 18, a week ago.

Aboard were three Allentown, Pa., residents, listed as Mr. and Mrs. W. W. York and their pilot, Joel Ritter.

Maj. Howard Smith, commander of the search, rescue and disaster group of the Civilian Air Patrol, said the plane took off from Mineral Wells and was believed en route to Houston.

The Waco airport reported that the plane shortly thereafter radioed asking weather reports on Bryan and Houston. Nothing further was heard from the plane.

Maj. Smith said that York is head of an investment company at Allentown.

The CAP official said the four-place plane carries the number NC2708V.

## Grain Backlog At Galveston To Dwindle Soon

GALVESTON, Nov. 26. (AP)—The backlog of grain piled up here is expected to dwindle within a few days.

The SS Algonquin Victory docked here yesterday to take on 224,000 bushels of Marshall Plan grain for transportation to Germany.

Four other ships were in port preparing to take on grain. William F. Weatherly, Galveston wharves elevator superintendent, said yesterday.

The SS Liseux is scheduled to start loading 360,000 bushels of grain today. Others expected to start loading in the next few days are the SS Nicholas, 372,000 bushels; SS Edward Lickenbach, 200,000 bushels and SS Atlantic, 336,000 bushels.

Port authorities said approximately 1,800 box cars of grain are on Galveston sidings, holding about 3 million bushels of grain.

## School Teachers To Take Action On Education Plan

DALLAS, Nov. 26. (AP)—More than 5,000 Texas school teachers meeting here today are expected to take action on a group of proposals to reorganize the state education system.

The 70th annual convention of the Texas Teachers Assn. opened yesterday.

The chairman of the joint legislative group appointed to study state school problems—the Gilmer-Aiken committee — spoke last night at the first general session. State Sen. James E. Taylor told the teachers that the committee's 33 proposals "simply translates the demands of the people into correct form." He said the proposals include what he termed "radical changes in our present system of education."

## Coahoma Crossing Has Safety Bar

Dear Editor:

We noticed your editorial in Tuesday's paper regarding the T&P Railway crossing in Coahoma and Stanton.

We do not know the situation at Stanton, but I am sure that you did not know that the T&P spent several thousand dollars in putting in stop signals at the main crossing by the depot which has electric bells and flash lights, and drop bars which automatically close long before the train reaches the crossing.

The lower crossing does not have but very little traffic, and a train can be seen from each direction in plenty of time for anyone to stop if they are at all paying attention to where they are going. I am sure that you did not know about the above.

I am speaking for some 20 citizens who are present at the writing of this letter. And we will appreciate it if you will publish this letter as we appreciate the T&P R. R. and what they have done.

Respectfully,  
A. M. SULLIVAN

## Search Continuing For Lost Freighter

NEW YORK, Nov. 26. (AP)—Coast Guard and Air Force planes continued a near-hopeless search today for the British freighter Hopestar and her crew of 37.

The Hopestar radioed on Nov. 14 that she had suffered "heavy weather damage" in a howling Atlantic gale.

No further word was heard from the ship which was bound from Newcastle, England, to Philadelphia.

## Suspension Lifted

TOKYO, Nov. 26. (AP)—The U. S. Army announced today the suspension of the movement of dependents from the United States to Japan will be lifted on Dec. 15.

## Reward Is Posted After Slaying

ATLANTA, Nov. 26. (AP)—A \$500 reward has been posted for the ambush slayers of Robert Mallard, 42-year-old Toombs County Negro, slain last Saturday night.

Editor Ralph McGill of the Atlanta Constitution, announced last night that the money was left with him to be paid for the "arrest and conviction" of the slayer or slayers.

McGill said the man asked that his name be withheld. He described himself as a long-time supporter of Gov. Herman Talmadge and the late Eugene Talmadge.

"This is a white man's country," he was quoted, "and therefore the law is the white man's law. He writes it. It is important that he live by it. No decent white man... will support murder."

MOSCOW, Nov. 26. (AP)—The Communist Newspaper Pravda said today a congress of the Communist Party of the Soviet Socialist Republic of Georgia had been called for January, 1949. The exact date of the opening session was not specified.

## Federal Payroll Cutback Ordered

WASHINGTON, Nov. 26. (AP)—Only 1,987,704 people can be on the federal payroll during the first three months next year.

Budget Director James E. Webb fixed that ceiling yesterday in ordering a cutback of 53,829 from the federal employment total permitted the last quarter of this year.

The job ceiling applies only to workers in the executive branch of the government on duty in this country. Webb pointed out that the actual employment total usually runs well below the maximum ceiling.

Most of the reduction will be made in the Postoffice Department, which was told to lower its worker ceiling by 40,286. This, however, is a seasonal change, since the department was allowed to put on more workers for the

### Britain Won't Think Of Eire As Being Foreign

LONDON, Nov. 26. (AP)—Britain's labor government will not regard Irishmen as foreigners even if Eire leaves the British Commonwealth. Prime Minister Clement Attlee said yesterday Britain would not regard enactment of legislation by the Irish parliament severing the last legal link with the British crown "as placing Eire in the category of foreign countries."

He said Britain will recognize that Eire is outside the commonwealth though maintaining an especially close relationship with it.

Winston Churchill said in the House of Commons his Conservative Party would oppose Attlee's view. He termed it "arrangements which leave southern Ireland in full enjoyment of all advantages there may be in connection with the British Empire and Commonwealth without any reciprocal obligations of their own regards them."

### SUNDAY SCHOOL LESSON

## Jesus Tells Stories To Explain Teaching

Scripture—Isaiah 5:1-7; Matthew 13:31-33, 44-46; Luke 10:25-37; 15:3-32.

By NEWMAN CAMPBELL

Parables are short stories told to emphasize a point in instruction. The special point to be accentuated may be a little obscure to the listeners, but the story makes it clear.

Jesus told many parables—33 of them in the New Testament—most of them found in the gospels of Matthew and Luke. Many mothers and fathers use this story method to help their children understand the right or wrong of conduct. The youngsters remember the tale more vividly than they do the moral lecture, and as most of us are "children of a larger growth," we, too, remember these stories—and we do not miss the lesson; it, too, remains with us.

Many of the people in the crowds that followed Jesus were ignorant men and women, although there were also those who heard Him who were well educated. These were the men who were always trying to trick him into some statement that they could use as an excuse to arrest him and turn him over to the authorities.

Such a one was the lawyer who asked Jesus what he should do to inherit eternal life. Jesus answered, however, frustrated his purpose. Jesus said, "What is written in the law?" The lawyer answered, "Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind; and thy neighbor as thyself." "Thou hast answered right," said Jesus. "This do, and thou shalt live."

Jesus then told the parable of the man who fell among thieves, who robbed and beat him and probably left him for dead. Two "good"

churchmen passed him by without much more than a glance, but a certain Samaritan (of a race the Jews hated) came by, saw the man, bound up his wounds, put him on his own donkey, and took him to the nearest inn, and had him taken care of there.

The lawyer had asked Jesus who was his neighbor, so after telling the parable, Jesus said, "Which of these three, thinkest thou, was neighbor to him that fell among thieves?" Of course the lawyer said, "He that showed mercy on him." "Go, and do thou likewise," was the answer.

Even to the most ignorant and unlettered man in the crowd that story made the lesson plain.

"Publicans and sinners"—the unlettered, poor and despised came in crowds to hear Jesus and the Pharisees and scribes, who considered themselves superior, grumbled that He "receiveth publicans and sinners." Knowing this, Jesus spoke His parable of the shepherd who had 100 sheep but lost one. Leaving the 99, he searched for the lost one until he found it, and then he called his friends to rejoice with him.

Likewise a woman who had 10 pieces of silver, and lost one, hunted until she found the missing piece and called her neighbors to be glad with her. Jesus ended the telling of this parable with the words, "Likewise, I say unto you, there is joy in the presence of the angels of God, over one sinner that repenteth."

None in the crowd was so ignorant but Jesus' meaning was clear. Not even one poor, humble wrongdoer who was sorry for his sins and reformed, was ignored by a just God, but welcomed into the kingdom of heaven, even as the Pharisee and the scribe.

The familiar story of the prodigal son who squandered his heritage on evil living, and then repented and returned to his father, planning to take a humble place among the servants of his father's household, was told next. You remember that his father went to meet him, kissed him, dressed him in fine garments and had a feast prepared to welcome him home—a repentant and humbled man.

We can never know who among those motley crowds hearing the Master was moved to live righteously thereafter. His words, like the tiny grain of mustard seed that grew into a spreading tree, undoubtedly reached many hearts and changed them.

It was like the leaven which the woman hid in three measures of meal, and which leavened the meal all through. There is some disagreement about the interpretation to be put on these two parables, but they do illustrate the fact that wise words uttered in public have infinite possibilities for good.

"MEMORY VERSE"  
"And Jesus went about all the cities and the villages, teaching in their synagogues, and preaching the gospel of the kingdom, and healing all manner of disease and all manner of sickness."—Matthew 9:35.

### Sawed-Off Gun Is Used By Navy To Test Bombs

WASHINGTON, Nov. 26. (AP)—The Navy is testing 2,000-pound bombs and guided missiles by firing them from a sawed-off gun with a two-foot muzzle.

Compared to the usual drop test methods, the new way is cheaper, an official said today. Besides, he added, you hit the target every time. For one thing, it's only 50 feet away.

The gun was originally a 16-inch main turret rifle on the Battleship South Dakota, which the Japanese damaged with a 500-pound bomb in the battle of Santa Cruz. It was rebored to a 24-inch diameter, making the heavy steel barrel much thinner, and chopped to about 20 feet in length.

The gun now is at the Dahlgren, Va., proving ground, whamming bombs at armor plate and concrete targets. The purpose: To get better bombs.

### Price Violators Offered Discount

MEXICO CITY, Nov. 26. (AP)—Price ceiling violators fined for their offenses between 1943 and 1947 were offered a 25 per cent discount today if they paid by new year's. Hundreds of small merchants, especially butchers and bakers, were fined in an ineffective effort to hold down the cost of living. Some paid but many didn't, preferring the delaying action of court procedure. How much they owe has not been calculated.

## SOMEBODY'S BOYS...

The iron-barred doors of a prison are about to close on these two lads whose misdeeds have gotten them into serious trouble.

Their names and offenses are matters of minor importance. The important fact is that they are somebody's boys whose feet have strayed into wrong paths and who must now pay the penalty of crime.

A few years ago these lads were the pride of their parents and the joy of two households. Today they are objects of shame, as they climb the steps of the jail to a waiting prison cell.

What can be done about the great curse of delinquency that has fallen upon our youth? There is but one answer—an awakening of the parenthood of America.

Parents must go back to the Church, back to the Bible, back to God—if they would save their children from the evil that is so prevalent in modern life.

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

### Turkey, Stork Give Policeman A Busy Time

BOSTON, Nov. 26. (U)—Two birds—a turkey and the stork—were too much for Patrolman John Mee in one day.

When he arrived home from his tour of duty Thanksgiving Day morning his wife told him he had better start preparing the turkey dinner for their two young children because she was going to the hospital.

Mee and the children, John, 5, and Maureen, 2, had just finished dinner when he got a call to the hospital. There was a new member of the family when he arrived there—an eight-pound girl.

It was then time to go back to work. Lt. Patrick J. O'Donnell heard his story.

"Take the night off," said the lieutenant. "Brother, you deserve it!"

### Stricter Check Before Declaring Death Requested

NEW YORK, Nov. 26. (U)—Stricter procedures for examining accident victims and others, believed dead, were in effect today, as the result of a case in which a woman was mistakenly pronounced dead.

Dr. Edward M. Bernecker, commissioner of hospitals, yesterday issued an order requiring ambulance attendants to call for a doctor in cases of apparent death.

He acted after blonde, 25-year-old Mary Grey, found unconscious in her hotel room, was reported dead by an ambulance attendant. After the attendant left, a policeman, guarding the "body," discovered she still was alive.

The woman was reported "showing improvement" today at a hospital where she was taken after a second ambulance was called.

### Temperature Rise Appears To Be On Way In East

CHICAGO, Nov. 26. (U)—Temperatures appeared headed for above normal marks for most of the eastern half of the country today. The western half is getting the coldest weather and some snow and rain.

The cool air extended over parts of the Dakotas and Minnesota and in the southern Rockies. The lowest reading on the early morning weather map was one above at the weather bureau's highest reporting station, Leadville, Colo.

Light rain fell in scattered sections of the Midwest and also in Northern California and the Pacific Northwest. Some snow fell in the Lake Superior region. Skies were clear over most of the Middle and South Atlantic States and the far Southwest.

### Rhee Says Korea Will Soon Be Able To Defend Itself

SEOUL, Nov. 26. (U)—President Syngman Rhee of the republic of Korea predicted today his country would be in a position to defend itself from invasion from the north "soon."

But he did not specify how many months it would take to get the security forces of the new republic in top shape.

Until then, he told newsmen, Korea hopes that American troops which are now in the country will remain.

### Here's Family With Housing Trouble Galore

WELLINGTON, Colo., Nov. 26. (U)—You think you gotta housing problem?

The tiny three room James Geary Residence, bugging with 10 persons already, will open its door to six more today.

"I'll be glad to see them, of course, but where in the world can we put them?" said Mrs. Geary, 33, mother of seven and grandmother of eight.

The incoming six are her daughter, Mrs. Emma Dorsey, 26, of Pandora, Iowa, and her five children. The Salvation Army boosted them along with bus and meal tickets yesterday after officers found them hitchhiking westward toward Wellington along a Nebraska highway near Omaha.

Mrs. Dorsey told Omaha officers she left behind at Pandora her unemployed husband, his five children by a former marriage and a sixth child, Shirley, 11 months, to be cared for by a neighbor.

Geary, 67, receives an old age pension and supplements that with odd job work. Six children are living with Mr. and Mrs. Geary and two grandchildren.

"About all we can do is ask the county welfare office for relief," Mrs. Geary said when a newsman advised her of the Iowa relatives journey toward Wellington.

Bus officials at Cheyenne, Wyo., said at midnight the six Dorseys had not passed through there en route to Wellington.

### Spaak Will Try Again To Form A Belgian Regime

BRUSSELS, Nov. 26. (U)—Former Premier Paul-Henri Spaak agreed today to make another attempt to form a new Belgian government.

Spaak acceded to the request of Prince Regent Charles after former Finance Minister Gaston Eyskens told the regent he had been unable to form a cabinet in three days of trying.

After Spaak's government resigned Nov. 19, the Socialist leader tried for three days to assemble a new cabinet. When Spaak admitted his failure, the regent turned to Eyskens last Tuesday.

If Spaak fails again to form a government, Belgium may be faced with a political crisis that might be solved only by general elections, to be followed by the dissolution of parliament.

### Art Exhibit Dates Set Here For Next Week

Twenty-three paintings by Texas artists will be on display two days next week at the St. Mary's Episcopal parish house.

First showing, under auspices of the Friends of the Howard County Free Library, will be Wednesday afternoon from 2:30 to 6 p. m., and the second showing will be from 7 p. m. to 10 p. m. Thursday evening.

The pictures are brought here through courtesy of the Texas Fine Arts association, which makes a selection of outstanding works submitted by artists of the state.

Three groups will be displayed—oils, watercolors and prints. While primarily for display, the works are available for purchase by art fanciers.

In the oils groups, these are to be shown: "Ice, Stumps & Winter Grass," "Tide & Bottles," "Desert Plants," "Mexican Madonna," "Estate in the Ozarks," "Symphony," "Mule Team," "Tropical Harlequin," "Wind Blown," "Scene Port-au-Prince."

Among the watercolors are "The Tea Party," "Guardian of the City," "Gravel Pit," "Magnolia," "Rocks & Hillside," "Spring Bouquet."

Prints include "Buffalo Dance," "Flowers of the Tulip Tree," "Castilian Arms Court," "Spanish Baracks," "Ravens," "The Pinnacle" and "Quiet Street-Taos."

The exhibit is a free public service by the library association, and the committee in charge of the exhibit urged a large attendance.

# Forsan Buffaloes Slightly Favored To Annex Crown

### Game With Cats Starts At 7:30

FORSAN, Nov. 26—Frank Honeycutt's fire-eating Forsan Buffaloes swing into action on the Forsan athletic field at 7:30 o'clock this evening with the Cinderella team of District Four, Union's Bobcats, in a game that is generally regarded as the six-man championship test of all West Texas.

In reality, the bi-district title—that of Seven and Four—will only be at stake but the Bisons and the Cats are looked upon as the classiest teams to be found anywhere in this section in the abbreviated sport.

Forsan cleaned up on Southland, a Panhandle power early in the season, 33-6. The Buffs later pulverized Grandfalls, terror of the Far West, 56-26. In addition, the South Howard county team roared through six conference opponents without drawing a deep breath.

Merzton's Hornets, who had figured to give the Buffs their stiffest test of the campaign, fell before the Honeycutt troops, 53-0.

Three great backs and as many defensive demons in the line combine to give the Forsan team the club of the year and perhaps the best that has ever played in District Seven.

Dan Fairchild, the team's leading scorer, Wayne Huestis and Eldon Prater are the backs. Ken Baker, Junior Holan and Hood Parker, Jr., man the positions up front.

Fairchild can run, pass and kick with the best of the prep anywhere. The 17-year-old senior weighs 168 pounds.

Huestis is the fastest man on the team. Weighing 170, he's most dangerous in an open field. Too, he shines on defense. He's only a sophomore, 155 and a senior, is also a speed merchant and will give the opposing lineman a bad time.

Union can't match the Forsan record but the Felines have been fighting from behind all year. They entered games with Ackery and Flower Grove as underdogs and came out on top. In their final game with Flower Grove, the Cats scored in the final moment of play to win, 12-6.

The Union offense is built around Billy Joe Lambright, a senior wheel-horse. Lambright, who has a brother on the squad, is a tower of strength, both on offense and defense. The Union passing game may surprise the Bisons, too.

Paul Isbell, the Union coach, will bring a 12-man squad to Forsan. Admission prices for the game will be 75 cents for adults and 40 cents for students. More than 1,500 people may see the struggle.

## LOOKING 'EM OVER

With TOMMY HART

A Coahoma high school football back, who prefers to remain otherwise anonymous, writes that the Bulldog linemen didn't get enough credit for the good work done by Ed Robertson's team this fall.

The feats of the primary usually go unsung but no one appreciates the lads down front more than the backs, who must have the way cleared for them before they get started.

The Bulldogs as a unit performed most creditably this fall. They switched from six-man ball and took right to it.

Coahoma fans are looking forward to the not-too-distant future when the Dogs can fly the title flag of District 9B over their field.

### GREAT FORSAN CLUB WINDS UP SEASON TONIGHT

If you want to see a really great football club in action, motor out to the Forsan athletic field where Frank Honeycutt's Buffs entertain the Union Bobcats in a bi-district game, their final of the year.

The Cats are strong enough to make it interesting for the Bisons, which no other team has been able to do this season. You'll see Forsan bearing down a little harder, as a result.

Forsan may dominate District Seven for years to come, incidentally. Honeycutt loses five of his six starters this fall but he has some capable juniors and sophomores that will fill the departed shoes.

Such players as Delbert Camp, Jr., J. Y. Turnage, Dick Gilmore, Bobby Calley, James Suttles, Stewart Henderson, J. L. Claxton and Bob Creelman will form the nucleus for the 1949 Buff team.

O. S. Clark, a Forsan teacher, has been turning out future footballers for Honeycutt by working with the grade school boys. He deserves much credit.

### When Jim (Truck) Cullom, a beefy tackle, booted the point after touchdown which enabled California to nudge a stubborn Stanford team last week, one San Francisco featured a picture of Cullom's kicking foot, without the shoe and sock.

Sul Ross's Lobos are trying to book grid games with Hardin-Simmons university and Texas Mines in 1949.

Jack Mitchell, the great Oklahoma university quarterback, is majoring in psychology. Obviously, he uses a lot of it on the football field. He seems to have struck fear in the hearts of some bowl-bound grid events, including SMU.

### LACY MAKES ANOTHER TRY AT ORGANIZING LEAGUE

Bill Lacy, the former Longhorn baseball league wheel, is still trying to get the executive committee of his proposed new South Texas league together for a meeting.

Willum has set next Sunday as parley day and wants all interested parties to session with him in Laredo. One city has already shied away from any affiliation with the circuit. It appears that Lacy will have to pull an Herculean feat if he keeps the others interested.

### LOCAL FANS APPLAUD SIGNING OF KOLWE

Local fans are no doubt glad to hear of the New York Giants' decision to sign Ossie Kolwe, the former Midland hurler made a free agent recently by Baseball Commissioner Happy Chandler. Anything to keep that long drink of water away from these parts.

Kolwe could have used nothing but elbows and beaten Our Town at one time.

### Fred Wendt Shines As Mines Triumphs

EL PASO, Nov. 26.—You might just call it Fred Wendt Day. The Ace Texas Mines backfielder did all the celebrating.

Wendt led Mines to a 27-7 victory yesterday over New Mexico A&M by personally scoring 42 points and carrying the ball for 326 yards to set a new national ground-gaining record for the season.

Wendt ran his total to 1,383, which exceeded by 102 yards the national record set by Rudolph (Little Doc) Mobley of Hardin-Simmons six years ago.

The Mines team rolled up 727 yards of which 700 was on the ground. Wendt made six touchdowns and kicked six extra points. He has a total of 134 points for the season.

Yale and Columbia have met 26 times on the gridiron since their first encounter in 1872.

### SAME SCORE

## McMurry Beaten By Viking 11

MARSHALL, Mo., Nov. 26.—McMurry College is getting a little tired of the 20-13 football score.

The Indians have played Missouri Valley twice in two years and lost by that count.

The first time was last year when Missouri Valley beat McMurry in the Boys' Ranch Bowl at Abilene. The next time was yesterday.

Bill Ligenfelder got a touchdown in the fourth quarter to give Missouri Valley its victory and to extend the Vikings' winning streak to 41 straight.

## Club Cafe Wins Pin Feature

Club Cafe swept three games from Farwell company Thursday to hold a two game lead in the Men's Classic Bowling league.

The Cafe quintet set three new records on their way to the sweep.

In other matches, Couden swept three games from Lee Hanson's to retain a slim hold on second place. Texas Electric swept the floor with Nathan's Jewelers and Phillips Tire Company retained fourth place by dumping Donald's Drive in one of three games.

### Billy Conn Wins Over Oklahoman

DALLAS, Nov. 26.—Billy Conn's comeback tour is rolling smoothly along.

The Pittsburgh, Pa., battler floored Jackie Lyons of Oklahoma City at 1:25 of the ninth round in their ten-round bout here last night.

Approximately 2,500 fans turned out.

Conn weighed 168, Lyons 184.

### Maxie Docusen To Meet Chavez

LOS ANGELES, Nov. 26.—Young Maxie Docusen, a nice looking Irish-Filipino from New Orleans, rated one of the best rookie lightweight boxing prospects in the nation, is heading into trouble.

Winner of 51 straight bouts, the newly turned 20-year-old Maxie steps up in class in his next match—and that's when the going gets rough.

Babe McCoy, matchmaker for the Olympic auditorium and a man who believes in taking a youngster along slowly, said today Maxie's next opponent will be veteran Carlos Chavez, a top ranking featherweight now fighting just above the 126-pound scale—around 130 pounds, to be exact, which is Maxie's current fighting weight.

"We've got the best lightweight in the country, with one exception, out here," he said. "Most of the Eastern kids couldn't get a four-round match out here."

The exception, of course, is Champion Ike Williams.

The next best, who fights out of here, is Mexico's spectacular Enrique Bolanos.

Docusen has a few chores to perform before he gets a crack at Bolanos.

For while the last ratings placed him just behind Enrique in the line back of Williams, many here think the listing is premature.

Maxie has whipped a lot of fighters, but he hasn't met any of the good topnotchers.

Included is Dusky Tommy Campbell of Rock Island, Ill., who also lives here. Campbell is rated No. seven, but he has an uncomfortable evening coming up Tuesday at McCoy's palace of punch.

Campbell, undefeated in California, meets Bolanos. The match is the hottest natural here except for a rematch of Ike Williams and Bolanos.

### Herd Tie Gives Mustangs Title

By The Associated Press

The heat's off Southern Methodist's football team.

The Methodists can play Texas Christian at Dallas tomorrow knowing that a defeat won't damage them in the Southwest Conference race—the already champions.

Texas A&M, which came mighty close to beating SMU, took care of that detail yesterday as it stalled Texas to a 14-14 tie. The deadlock pushed Texas a game and a half behind Southern Methodist, but unbeat SMU could lose TCU and still be champion.

Texas was the last team holding a chance of even tying Southern Methodist for the title.

Rice and Baylor will play at Houston tomorrow for third place in the final standings. They now are tied for that spot.

Arkansas winds up the season at Little Rock against William and Mary. Victory for Arkansas would give the conference an even break for the year in inter-sectional play.

Texas' little left of the conference race but everybody's still wondering who Southern Methodist is going to play in the Cotton Bowl.

### Two Grid Tilts To Be Aired

The SMU-TCU football struggle in the Cotton Bowl at Dallas Saturday, which starts at 2 o'clock, will be relayed to West Texas listeners through WBAF-570. Charlie Jordan will handle the play-by-play description.

The Rice-Baylor game broadcast, starting at 2:20 p. m. comes through WFAA-820 and KOAF San Antonio. Ves Box will describe the action.

OAKLAND, Calif., Nov. 26.—Transocean Air Lines, which says it is the world's largest contract air carrier, announced today it had voluntarily increased the pay of 1,000 mechanics and helpers by 10 to 20 cents an hour.

### Reserves See Action As Ponies Triumph

SWEETWATER, Nov. 26.—The 2,000 or so holiday fans who found the time to sit in on the annual football party between the Sweetwater high school Mustangs and the Big Spring Steers were afforded a liberal look at what the respective coaches, Pat Gerald and Mule Stockton, expect to field in the way of material in future years.

The Pony reserves played all save about half of the fourth period.

but Sweetwater took over at that point.

On the first play from scrimmage in the fourth, Cathy took the ball through the center and ambled 85 yards across the double stripes.

The Steers took to the air after that turn of events but the revived Sweetwater regulars grabbed one of Jimmy Jennings' tosses out of the ozone and returned to the Big Spring 26. In three plays, the Ponies had a tally, Tom McMillan moving across from the seven, and the tally mounted to 38-0. James West bulled his way across for the point.

The Jennings-to-Grigsby and Donnie Carter-to-Grigsby passing combats began to offer another mild threat before Sweetwater scored their final six-point. The Herd moved all the way down to the Pony 14 before shifting from offense to defense. Once in possession, the Ponies went out and got themselves a TD in five plays, McMillan getting the final 53 paces for the score. Jerry Long added the point on a plunge to make it 46-0.

The Steers were on the move again on Big Spring's 24 when the merciful time keeper called a halt and informed the boys it was all over for another year.

## MIDDIES STILL DANGEROUS, WEST POINTERS ARE WARNED

NEW YORK, Nov. 26 (AP)—"Make no mistake about this Navy team. The Middies have the toughest schedule any team ever had. Don't let people tell you Army is a cinch to beat the Middies. Navy has about the same team it had in 1946 when they almost beat us."

It was one of the civilians from West Point talking and what he had to say made sense.

"This year's Army team is a good team but don't let anybody tell you Coach Earl Blaik thinks it's better than the 1945 team. We don't have any Doc Blanchard or Glenn Davis. The trouble with some

They are Bert Aton, Frank Barnes, Tom Bullock, Rudy Combs, Sal Pastuca, Phil Feir, Joe Henry, Davis Parrish, Jim Rawers, Winfield Scott, John Shelley, Bobby Jack Sturt, and Captain Bill Youman, crack center who is a brilliant backer-up on defense.

**IN BIG SPRING CHURCHES**

**Local Gideons To Help Form Lamesa Camp Sunday Afternoon**

Under the direction of G. G. Morehead, president of the Big Spring Gideon Camp, several First Baptist churchmen will organize a Gideon Camp in Lamesa Sunday afternoon. At the same time, Dr. P. D. O'Brien will be in Colorado City where he will preach the ordination sermon for a group of deacons at the First Baptist church there.

"Why I Became A Christian" will be the topic taken by Dr. O'Brien when he speaks to the local First Baptist congregation Sunday morning at 11 o'clock. "The Christian Life Is A Race To Be Run" will be his subject for the 8 o'clock Sunday evening service.

"Ancient and Modern Necromancy, Alias Mesmerism and Hypnotism, Denounced," is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 28.

The Golden Text is: "When the enemy shall come in like a flood, the Spirit of the Lord shall lift up a standard against him" (Isaiah 59:19).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Ye shall walk after the Lord your God, and fear him, and keep his commandments, and obey his voice, and ye shall serve him, and cleave unto him" (Deuteronomy 10:1).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "You uncover sin, not in order to injure, but in order to bless the corporeal man; and a right motive has its reward" (page 453).

Sunday School will be held at 9:30 a. m. and the regular Sunday evening service will be held at 8 p. m. The reading room, located at 217 1/2 Main, is open from 3 to 5 p. m. on Wednesday and Saturday.

"Thou Shalt have no other Gods before Thee" is the sermon topic chosen by John E. Kolar, pastor of the Main Street Church of God, for the church's regular Sunday morning service. Other features of the service will be the ordination of deacon, F. P. Hickson and deaconess Mrs. Joe Hill. Mr. Kolar's text will be Exodus 20:3. Preceding the Sunday morning service scheduled for 10:30 o'clock, Sunday School will be held at 9:45 a. m. under the direction of Roy Utt.

"Why Sit Ye Here and Die," is the text taken from II Kings 7:3-9, which will be delivered by the pastor at 8 p. m. At 7:30 p. m., the congregation will gather for a sing-along led by Truett Thomas. Richard Reagan will be the speaker for the young people's meeting at 6:45 p. m.

The Rev. Aisle H. Carleton will speak to the First Methodist congregation Sunday at 10:35 a. m. on the subject, "Why Go To Church?" The Rev. James Pickens, associate pastor of the Methodist First Methodist Church, will be the guest speaker at the 7:30 o'clock service Sunday evening.

Rev. Cecil Rhodes, pastor of the Westside Baptist Church is preaching a series of sermons on the second coming of Christ. The series is being presented at the Sunday evening services scheduled for 8 p. m. The Rev. Rhodes will speak on the subject, "The Torn Veil" at the 11 a. m. service.

According to an announcement by the Rev. Warren Stowe, pastor of the Airport Baptist Church, services will be held at the regular hours, Sunday school at 10 a. m., training union at 6:30 p. m., and worship services at 11 a. m. and 7:30 p. m.

Beginning tonight, Dr. Roy A. Kemp, will be featured at the Trinity Baptist Church in a series of lectures on the book of Revelation. Dr. Kemp will be heard at 7:30 p. m. each night through Sunday, December 5.

Services at the Church of Christ have been announced as follows: first service, 9 a. m.; Bible school, 10 a. m.; second service, 10:50 a. m. and preaching service at 7 p. m. Sewell Jones is the minister.

"Responsibilities Of This Church" will be the sermon topic of the Rev. Lloyd Thompson when he speaks to the First Christian congregation at 10:50 a. m. Sunday. At 7:30 p. m., he will use the subject, "Power Promised." Sunday school is scheduled for 9:45 a. m. and the Christian Youth Fellowship for 6:30 p. m.

Sunday school will be held at the First Assembly of God at 9:45 a. m.

The Rev. J. R. Maceo, pastor of the St. Mary's Episcopal Church, has announced that the Holy Communion scheduled for 8 a. m. will be in observance of the first Sunday of Advent. Church school and Bible class will be held at 9:45 a. m. Morning prayers and the sermon will be at 11 a. m. At 2:30 p. m., church members will journey to Lamesa for a service at 4 p. m. Young People's service league will meet at 6:30 p. m. in the parish hall.

Mass will be held at 7 and 9:30 a. m. at the St. Thomas Catholic Church Sunday morning. Rosary will be held at 7 p. m. Wednesday. Sunday masses at the Sacred Heart Catholic Church (Latin-American) are at 8:30 and 10:45 a. m. Rosary is at 6 p. m. Wednesday. Novena will be observed at 7 p. m. Friday.

**Baty-To-Wright Pass Gives A&M 14-14 Tie With Texas Steers**

AUSTIN, Nov. 26. (U)—The "winless warriors" of Texas A&M are the winners of the Southwest Conference today.

They came from behind yesterday to battle mighty Texas to a 14-14 draw and cheat the Longhorns out of any chance to share in the conference championship.

Trailing 7-14, the Aggies came from the shadows of their tenth straight defeat on a 72-yard scoring pass play—Buryl Baty to Charlie Wright. Buryl Ed Turley booted the extra point to tie the count at 14-14.

This was the first time the A&M Cadet Corps hasn't stood silently in Texas' Memorial Stadium while a beaten Aggie eleven walked off the field to the strains of "Silver Taps."

Not since the stadium was dedicated in 1924 has a Longhorn team failed to win on Memorial Field, building a jinx that hexed great and near great teams from Aggie-land.

Two running plays by big Ray Borneaman, sandwiched around a 14-yard pass from Paul Campbell to Lewis Holder, ate up 50 yards for a Texas touchdown in the first quarter. A fumble by Aggie Back Bob Goode set the stage for the drive. Randall Clay made it 7-0 with a perfect placement.

A pass interception by Halfback Ralph Daniel set up the Aggies' first tally early in the fourth period.

He scooted 33 yards with the ball to the Longhorn 27, passes from James Cashion to Goode and again to Wright worked the ball down to the two-yard line, and Goode plunged over. Turley kicked the point to draw the Aggies even with the Longhorns.

Texas surged back, Tom Landry intercepted one of Cashion's passes to initiate a 54-yard march. Shands for the touchdown and Clay kicked the extra point that put Texas ahead 14-7.

With less than four minutes to play, A&M took the kickoff after the Longhorn.

Buryl Baty faded back on the first offensive play and let loose with a high, long toss. Shands tried to knock the ball down but it bounced high in the air. Wright snagged it and crossed the goal

line untouched. Turley calmly split the goal posts.

The dramatic finish to the 53th meeting of the two big state schools gave Texas A&M a season record of nine defeats and one tie. Texas finished with a six-three-one slate.

**Chiropractic Group Protests Non-Deferments**

WASHINGTON, Nov. 26. (U)—Selective service today refused to defer chiropractic students from the draft.

The National Chiropractic Assn. and the National Capital Chiropractic Society had protested to Director Gen. Lewis B. Hersey after a special selective service "healing arts" committee recommended deferring medical, veterinary, osteopathic and dental students, but omitted the chiropractors.

"This flagrant discrimination has resulted from the economic jealousy of organized medicine," the national capital society asserted in a resolution last week.

Selective service offered this answer in letters to the chiropractors:

1. Since the armed forces need doctors badly, medical students are being deferred to maintain a supply.

2. The armed forces are not looking for chiropractors — therefore there is no special reason for deferring chiropractic students.

**Medals Are Ribbons**

PRAGUE (U)—The scarcity of medals in Czechoslovakia is reflected in soldiers' decorations. Instead of metal badges, they now wear ribbons on their blouses. Red, blue and green ribbons are given for marksmanship and skill in field fighting.

A gold, silver and steel colored Linden leaf on the ribbon means extra distinction. Soldiers will also be authorized to wear the decorations after they leave the service and go into plain clothes.

**TRYING TO ESCAPE**

**Eight Prisoners Surrender When Gun Blast Kills Ninth**

CHICAGO, Nov. 26. (U)—One prisoner was killed and eight others surrendered after the nine criminals sawed their way out of the Cook County jail last night and were trapped in the jail yard.

Two jail guards thwarted the daring attempt of the nine prisoners, many of them ex-convicts, to climb over the 22-foot wall after escaping from their first floor cells.

The nine prisoners, awaiting transfer to state prisons, fled from the jail shortly after 7 o'clock after they and about 1,000 other prisoners had been sent to their cells.

Warden Frank G. Sain said they sawed through four-foot metal panels that are part of the cell walls. They reached a galley and then broke an unbarred window and fled to the yard.

Sain said Nicholas Ferri, 24, a guard stationed in the yard, spotted

the nine men immediately. When they ignored his command to halt he fired one shot over their heads. The shot attracted the attention of William Riley, 41, a second guard in the yard.

The warden said one of the prisoners had started to climb to the top of the wall and when Riley approached he dropped to the ground and the nine prisoners, one of whom was carrying a rope fashioned from two torn bedsheets, advanced toward the guards.

Riley fired one shotgun charge which hit and killed the column leader. He was identified as Andrew Evans, 28, of New Orleans, an ex-convict with a police record dating to 1937. He was awaiting transfer to Joliet Penitentiary to serve a 3 to 10 year term for automobile larceny.

The other eight prisoners, most of them from Chicago and nearby cities, offered no resistance.

**HEADS VENEZUELA GOVERNMENT**—Col. Carlos Delgado Chalbaud (above) was named president of the military junta which took over provisional rule of Venezuela in Caracas. Announcement came a few hours after the army toppled the government of President Romulo Gallegos. The Colonel was defense minister in Gallegos' cabinet. (AP Wirephoto).

**Venezuela's Junta Will Hold Election**

CARACAS, Nov. 26. (U)—Venezuela's revolt-born military junta promised today to make plans for national elections.

The junta took over control of the country after Wednesday's bloodless revolution in which the army deposed President Romulo Gallegos and his Democratic Action Government.

Consolidating their move for power, the junta last night appointed a new cabinet and made arrangements to name new state governors.

Lt. Col. Carlos Delgado Chalbaud, president of the junta, said the new regime will plan for general elections so the nation can "elect a government that suits it." Asked when the elections would be held, he replied: "As soon as possible." He pointed out that when the junta was chosen, it will be designated as provisional in character. The junta urged the people to return today to their normal activities and promised that the army would guarantee order.

**DIDN'T KNOW WAR WAS OVER**

MANILA, Nov. 26. (U)—A couple of Filipino farmers didn't know the war was over. Two actors dressed in Japanese uniforms were waiting on location when along came the farmers.

They stopped dead when they saw the Nipponese uniforms. Then they raised their hats and bowed low from the waist. Japanese soldiers required such bows when they occupied the Philippines.
