Among the eldest and youngest West Texans at the Old Settlers Reunion at the City Park Friday were H. C. Holmes (left) 82, and his grandson, Mike Bridges. Holmes came on one of the early day trains and Mike came by Stork just 18 months ago. Both Holmes and Mike, who is the son of Mr. and Mrs. Batcom T. Bridges, live at 510 Abrams. Another honored guest at the Reunion was Mrs. Ella Wade (above), a life-long resident whose father, William Travis (Uncle Bud) Roberts, was Howard County's first white settler.

# Riding THE GRUB LINE

With Franklin Reynolds

A real old-time touch was given the Howard-Glasscock Old Settlers Reunion at the City Park Friday when John and Chris Schafer of Glasscock County roped and hog-tied their brother Ben, and dragged him right up to the fire—the fire under those big black iron kettles where the coffee and beans, and best of all the son-of-a-gun stew was cooked.

Ben Schafer is the man who cooked that son-of-a-gun and them beans and that coffee—and were they good. Well, the answer to that question is that there wasn't any of either left when the old-timers got through.

John is the oldest of the four brothers, sons of the late Mr. and Mrs. Chris Schafer. His parents brought him to Glasscock County with them in 1887. The fourth brother, Bismarck, didn't get to the shindig. The Schafer brothers also

## Retires From Refining Work After 40 Years

A span of approximately 40 years in the oil refining industry was ended this month by A. L. Souders, veteran Cosden Petroleum Corporation machinist.

Souders, who worked for Cosden since May 14, 1912, has retired and plans to move to San Bernardino, Calif. Mr. and Mrs. Souders will reside near a daughter, Mrs. Esther E. Hauschildt.

The refinery maintenance technician worked with the Marland Refining Company, an organization that later became a part of the Continental Oil Company, before joining the Cosden staff in 1928. He had been a pipe machinist since 1942, having held various other jobs with the maintenance department prior to that time.

Souders was born in Oak Hill, Mo., where he was educated. He worked in St. Louis prior to his marriage in 1905 to Miss Maude E. Davis.

## MEETING WILL DECIDE What To Do About The Rain-Maker?

A county-wide meeting of farmers, ranchers and business people for the purpose of discussing the continued participation of Howard County in the West Texas Weather Improvement District's cloud seeding program will be held in the district courtroom of the Courthouse in Big Spring Monday night at 8.

This county became affiliated with the WIWD earlier this year when a contract for seeding the clouds with silver iodide nuclei to increase rainfall was entered into with the Water Resources Development Corporation of Denver. At that time sufficient funds were raised to pay Howard's share of the first quarterly installment of the Denver firm's fee and also enough to pay a part of the second installment, now past due.

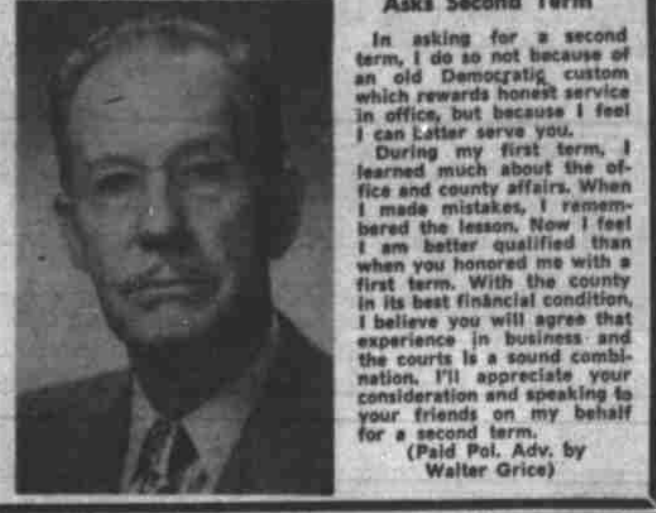

## Bitter Battle Is Raging For Korean Peak

By MILO FARNETI  
SEOUL, Sunday, July 20 (AP)—A bitter battle for "Old Baldy" still raged late Saturday with the Chinese Reds reported clinging stubbornly to the crest of the strategic hill on the Western Korean Front.

The Reds, attacking repeatedly in battalion strength, drove Allied troops from the summit of the barren, shell-blasted height Friday afternoon. About 700 Chinese began the assaults Thursday night.

The hill is an advance position from the Allied main battleline which near that point is five miles northwest of Chorwon. Chorwon is 33 air miles from the truce conference site of Panmunjom. Fighting for "Old Baldy" and hills to the west—"T-Bone" and "Pork Chop"—has raged sporadically for nearly two months.

## County Judge WALTER GRICE Asks Second Term

In asking for a second term, I do so not because of an old Democratic custom which rewards honest service in office, but because I feel I can better serve you.

During my first term, I learned much about the office and county affairs. When I made mistakes, I remembered the lesson. Now I feel I am better qualified than when you honored me with a first term. With the county in its best financial condition, I believe you will agree that experience in business and the courts is a sound combination. I'll appreciate your consideration and speaking to your friends on my behalf for a second term.

First thing in the morning the Grub Line is going to have a talk with Joe Hayden and see if Joe can't rustle up enough money to keep the Reunion going for two or three weeks next year, day in and day out. There were so many fine people there we wanted to get and didn't have a chance. Time was too short. That's the only bad thing about such events. They're over too soon. Next year we'll get there earlier and stay longer.

They had a little tornado in the Lomax - Elbow section about 4 o'clock Thursday afternoon. It got Mrs. Pearl Cauble's best barn; Doris Bissard's garage, and Ralph Coates chicken house. So far as we have heard that was the extent of the damage, but that was enough, and we can wish there hadn't been any destruction at all.

## No Diagnosis Of Polio Concoiced That Cox Knows Of

AUSTIN, July 19 (AP)—State Health Officer George W. Cox said today he has not heard of any polio diagnosis being withheld from the public and could not understand why any doctor would suppress such information.

An unidentified Texas newspaper had reported it believed a doctor to be withholding diagnosis of a child reported ill with polio.

Dr. Cox said state law requires the reporting of all communicable disease cases in his department. He said he would bring court suit if he had evidence of a doctor withholding such a diagnosis.

"If we had conclusive evidence of such a thing, we would raise an awful ruckus about it, but I don't see why any doctor would do that or how it would be to his advantage," Dr. Cox said.

The Grub Line asked Elton what he had in the car that was so valuable that he had to lock it up. Guess what the answer was? It was a lot of cards and other things saying something about voting for a fellow named Gilliland for District Attorney!

The annual Junior rodeo sponsored by the Howard County 4-H Club will be held August 28-29-30, all night performances, if stock can be gotten for those dates and all indications are that it can be arranged to have plenty of bad bulls and broncs and fast Brahmas here for the occasion.

This was decided when 153 members of the club met at the Lomax School Thursday night. The county-wide meeting also unanimously approved the rodeo arrangements made earlier by the committee.

Darrell Robinson, county 4-H president, presided at the meeting and Barbara Lewter, secretary, was at her post of duty.

Billy McIlwain led in the pledge to the American flag, and Sonny Choate in the pledge to the 4-H flag. Betty David led the singing; La Velle Wasson registered those attending, and Benny Jo Bissard and Sonny Choate did loyal duty in tail risters. Every member who appeared without a white shirt was fined ten cents and those boys collected \$1.50 which goes to the club's recreational fund.

Mrs. Melvin Choate supervised the playing of games and refreshments were served by the Lomax 4-H Club.

Speakers at the meeting were Judge Walter Grice, Arthur Stallings and L. J. Davidson. Politics wasn't mentioned.

# 4-H And FFA Youths Taking Lead In Farm Safety Program

By FRANKLIN REYNOLDS  
Will some member of your family be one of the 15,000 farm residents to die from an accident during the next 12 months?

That is the question of which West Texas 4-H Club and FFA Chapter members are reminding themselves this week as they inaugurate the observance of National Farm Safety Week which will continue through next Saturday. The occasion is being sponsored by the Farm Division of the National Safety Council.

One hundred and 43 members of the Howard County 4-H Club, both boys and girls, meeting in a county-wide assembly at the Loma School Thursday night, with every community except one represented, pledged themselves to an observance of this safety program under the direction of co-chairmen Barbara Lewter and Sony Choate.

Under the program outlined for them their observance starts today with the theme of having reverence for life, their own and the lives of others. Today they are pledged to the idea of "take time to take care" a study which includes the realization that haste makes waste, and that daily schedules should not be overcrowded.

Tomorrow they have agreed to make a survey of their premises with the idea of eliminating all hazards. Tuesday will be devoted to a program of safety in the confining and handling livestock. Wednesday they will look the premises over for hazards that might cause falls. Thursday is the day for a study of highway safety, while Friday will be the occasion for an inspection of farm machinery and a study of means to make its operation even safer. Saturday will be review day, under the Howard County 4-H schedule, and on that day the 4-Hers will make a general review of their safety observations during the previous days.

It isn't a pleasant thing to think about but estimates released by the National Safety Council forecast that if the averages of past years hold, 15,000 farm residents will die accidentally during the next year.

Other facts occupying the thoughts of the 4-H, FFA and FFA boys and girls are that accidents will kill 41 farm residents each day. Every 24 seconds a disabling accident will strike a farm or ranch somewhere in this country. One out of every 19 farm residents will suffer a disabling injury during the forthcoming year.

It is estimated that motor vehicle accidents will take the lives of about 6,000 farm and ranch residents and that more than 200,000 others will be injured. Nearly 4,000 other deaths will result from work accidents. One out of every six farms and ranches in the United States will be the scene of an accidental injury.

Durward Lewter, county agricultural agent; and Mrs. Eugenia Toland, home demonstration agent; the Howard County 4-H adult leaders; the vocational agriculture teachers and others are

conducting a campaign to impress upon the boys and girls, and to have these boys and girls impress upon themselves, that most of these accidents, if actually not all of them, can be avoided.

Most of this wasteful loss of lives and manpower can be prevented, and the purpose of National Farm Safety Week is to annually remind all farm and ranch folks that this prevention is possible through the continuous exercise of caution.

As Lewter points out it isn't enough to think and act safely for only one or a few weeks a year. Safety must be practiced every day, year in and year out.

Mrs. Toland, "is just as important to the health and happiness of every farm and ranch family as is eating the correct diet and practicing sanitation in every day living."

Here Lewter points out that accidental deaths among farm and ranch residents in 1951 totaled 14,500 which was the highest for any group, being most nearly approached by 5,900 deaths in motor vehicle accidents. This means that 60.7 farm and ranch residents out of every 100,000 were killed by every 100,000 were killed by 60.7 out of 100,000 motor vehicle operators or passengers or pedestrians were killed; only 16.3 persons out of 100,000 were killed in occupational accidents and only 5.4 persons out of 100,000 were killed in public non-motor-vehicle accidents.

More than 1,250,000 farm and ranch workers were injured in 1951 while only 219,000 persons out of 100,000 were killed in home accidents; only 18.8 persons were injured in the motor vehicle classification; 580,000 in home accidents; 330,000 in occupational accidents and 150,000 in public accidents where motor vehicles were not involved.

More farm and ranch residents were the victims of fatal accidents than in either transportation, public utilities, manufacturing, service or trade.

One reason for this, safety surveys indicate, is that agriculture has been much slower than manufacturing, for example, in realizing the importance of accident prevention. Last year the rate for agricultural farm and ranch deaths was three times as high as for manufacturing, and more farm and ranch workers were killed accidentally, in the course of their work, than were killed in any other single major enterprise.

"The theory of the Texas Agricultural Extension Service toward this appalling record," says Lewter, "is that it is all a matter of attitude. The right attitude toward safety can save lives the year around. Right attitudes just mean that the farm and ranch residents

will take time to think safety and act safely in the home, in the field and on the highway."

To cut the toll taken by accidents, Lewter emphasizes, every farm and ranch resident must become a safety inspector. Industry has developed safety systems and has safety inspectors to see that the systems are carried out. Their success is well known. Farms and ranches, generally, have no safety system and no inspectors, but, comments the county agent, farming the right way is farming the safe way.

Both Lewter and Mrs. Toland, the adult 4-H leaders, the vocational agriculture teachers, and the boys and girls of the 4-H, FFA and FFA, are interested in tackling the problem on a community basis, particularly this year. Programs for observance of National Farm Safety Week in Howard County include a campaign against poisons and the removal of all possible sources of infection in the rural communities.

## Returns Furnished By Special Bureau

Unofficial returns of the statewide elections that will appear in the Herald next Sunday will be provided by the Texas Election Bureau service, of which the Herald is a member.

The bureau is an organization composed of radio stations and newspapers across the state that send the returns from their locality to the central office in Dallas. From there they are tabulated, checked and relayed to the other members throughout the state. They send both the county tabulations and also the county and district figures.

Since the Bureau is not connected with the state, their figures cannot be listed as official returns. But the state's and the bureau's totals are practically the same.

From the bureau office, an hourly report is circulated to the members on the evening of elections and at regular intervals thereafter. The Herald and radio station KBST are the Big Spring members of the organization.

## Old-Timers Convene For Talk, Fiddlin' And Food

Just as in the early days, between two and three hundred old Glascock and Howard County settlers accompanied by their descendants, gathered around Monday fiddle music at the City Park Friday to enjoy themselves, and an old-fashioned dinner of barbecued beef and mutton, son-of-a-gun stew, beans, pickles and all the other trimmings.

Many of them hadn't seen each other since last year's Glascock-Howard County Old Settlers Reunion and there was much to tell, things that had happened since and other things that happened many, many years ago and that are just now being remembered again.

W. A. Thomason served as master of ceremonies with Joe Hayden generally supervising the arrangements and introducing the speakers during the morning. Those who addressed the annual assembly were M. H. Morrison, Fox Striplin, Walter Robinson and Jimmy Greene. The barbecue dinner, according to tradition was prepared by A. Knappe, who has been officiating at the keeties and barbecue pits many years. He was assisted by: other master of this culinary art, Nath Allen. Ben

Schafer of Glascock County prepared the son-of-a-gun stew and presided at the pots where the coffee and beans bubbled and boiled.

Just before the gathering broke up in the afternoon a very brief business meeting was held at which the present officers were re-elected by acclamation. They are L. C. Matthies, president; Sam Childress of Glascock County, vice president, and Mrs. Dick Sides, secretary-treasurer.

The entertainment highlight of these reunions is the old fiddlers contest from which Grady Madry walked away as winner with his renditions of "Sally Goodin'" and "Waggoner." In second place was Jess Sanders, who played "Leather Britches" and "Eighth Day of January." In third place was B. F. Madry who had the old settlers patting their feet to the tunes of "Texas Blues" and "Bagtime Annie."

Other fiddlers who entered the contest were T. G. Kile, Tom Castle, Lum Harris, B. F. Logan and George Rice. A slight sprinkle fell just after dinner but it didn't slow up the

old-timers a bit. Most of them were hoping it would turn into a real rain.

The oldest person present was Mrs. Etta Wade, whose father, William Travis Roberts, was the first settler in Howard County. "I'll see you next year, and good luck," they called to each other as they trudged off to their cars.

## Water Consumption Takes Spurt Friday

Big Springers waited until Friday to make their biggest run on the city water supply this week.

Consumption Friday amounted to 3,454,000 gallons and resulted in loss of 144,000 gallons from storage. Usage on all other days was approximately 3,000,000 gallons. Water department officials expected to regain Saturday or Sunday the water lost from storage Friday. The same limited shrubbery irrigation program will be in effect this week, City Manager H. W. Whitney said.

# EAT PLENTY AND TAKE OFF UGLY FAT

Here is an invigorative home recipe to take off unsightly weight and help bring back slurring curves and graceful slenderness. Just get from any drugstore, four ounces of liquid Barocrate. Pour into pint bottle and add grapefruit juice to fill bottle. Then take just two tablespoonsful twice a day. That's all there is to it. Now you may slim down your figure and lose pounds of ugly fat without back-breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulkier weight and help regain slender, more graceful curves, return the empty bottle for your money back.

**Lost 36 Pounds**  
Mrs. Lillian Scott, Route 1, Box 86, Wadsworth, Texas, writes us that she has taken off 36 pounds taking Barocrate. Everyone does not want to lose that much of course. Mrs. W. G. Wacker, 121 E. **Gum Pays For Hospital Cooler**

The local American Legion Post finances much of its welfare program from proceeds derived from penny gum-ball machines. One example of what the gum produces is evidenced in the picture, since the Legion has been able to have installed (through assistance of the Western Insulating Co.) an air-conditioning unit for the chapel at the VA Hospital. By the new cooler, and showing the revenue-producing gum machines, are (l. to r.) R. E. Smith, assistant manager of the hospital; Cui Grigsby, service officer and Harold P. Steck, commander of the Legion; E. L. Gibson of Western Insulating and Chaplain C. O. Hill of the hospital. The Legion currently is engaged in placing more gum machines to help carry on its program of assistance to worthy projects.

**Legion Aids Ex-Service Men With Gum Machine Pennies**

The penny you spend for a ball of chewing gum—if it goes into one of the American Legion's gum ball machines—is helping an ex-service man out of a tight.

A good part of the local Legion Post's welfare fund is built up from proceeds from the gum ball machines.

The latest contribution from this fund for the welfare of ex-service men came last week, when the post had installed an air-conditioning unit in the chapel of the Veterans Administration Hospital. It serves to enhance the comfort of the hospital patients when they attend services.

The installation was made through the assistance of E. L. Gibson of the Western Insulating Company. Post Commander Harold P. Steck, and the post's service officer, Cui Grigsby, directed the project.

The air-conditioner is just one example of what the Legion has done with its "gum money." Grigsby has used the welfare fund to help uncounted numbers of ex-service men who are in need of assistance—whether it be food, shelter, medicine, or similar relief. The post follows a strict policy of helping only meritorious cases, and of rendering them all the assistance needed.

The Legion has been netting about \$30 monthly from some 80 of the penny gum machines which are placed in various stores and

**Aviation Proposal Going Before C-C**

A proposal that private aviation facilities become the top Chamber of Commerce project will be heard by chamber directors at their Monday meeting.

Jack Cook, chairman of the Aeronautics Committee of the chamber, will submit a resolution urging that attention be given the planning and securing of permanent facilities for private flying. The resolution has been adopted by the Aeronautics Committee.

In the resolution the group says that reactivation of the Air Force base here has "reduced to practically zero" the status of Big Spring "as an important transient flying center for all types of flying." The committee requests that "planning and securing of permanent facilities for airline, commercial and private flying be made the No. 1 project of the Big Spring Chamber of Commerce."

Chamber directors also will hear a report from Marvin M. Miller on activities of its National Affairs Committee. J. H. Greene, manager, reported. Truman Jones, chamber president, urges attendance of all directors at the meeting, a luncheon affair scheduled for the Settles Hotel.

**TWO ARE WOUNDED**

**Man Faces Charges In Shooting Scrape**

Charges of assault with intent to murder were filed in justice court Saturday against Joaquin P. Medina, 19-year-old Sterling City man. District Attorney Elton Gilliland said the charges resulted from a fight in which two persons received gunshot wounds about 1:20 a.m. Saturday. One of the injured, Andres G. Alcauter, 20, of 506 N. 6th, was in a serious but not critical condition at Cowper Hospital Saturday.

G. M. Lara, of 624 NW 4th, was nicked by a bullet. He was released from the hospital after receiving first aid treatment.

Incident in which the two men were injured occurred in front of a dance hall at 508 NW 4th, according to the district attorney. The shooting occurred after a fist fight had been broken up by City Police-men Ed Brooks and A. N. Standard.

Lara told Gilliland he was struck in the groin by a bullet as he stood beside a car across the street from the dance hall. He said the shot apparently was fired from another car on the opposite side of the street from where he was standing.

Another bullet struck Alcauter in the back. The slug apparently struck a bone and ranged upward into the left chest. It was removed Saturday and doctors at Cowper Hospital said Alcauter, though

severely injured, was "doing okay."

Medina and another Latin American youth were arrested Saturday morning by Sheriff Walter Teele of Glasscock County. Gilliland said the other youth was engaged in a fight with Alcauter prior to the shooting.

The district attorney quoted witnesses as saying that rocks had been thrown at the car in which Medina was riding just prior to the shooting. Patrolman Brooks said crowd which had gathered during the fist fight was beginning to disperse when the shooting broke out.

Brooks said he and Standard chased an automobile which left the scene, but were unable to overtake the machine. They returned to summon aid for the injured, he said.

**Herb Petry Seeks Votes In B'Spring**

Campaigner for one of the state's major offices—that of Congressman-at-Large—was a visitor in Big Spring Saturday.

He was youthful Herb C. Petry Jr., a husky Southwest Texan who is gaining widespread support in his first bid for a major political job.

Petry conferred with Joe Pond and other local people interested in his candidacy.

Petry, a former county attorney, bears the endorsement of a number of county bar associations, and many major papers over the state are advocating him as a young man who can handle capably the job of a new Texas congressman. He is a past president of Lions International.

Petry's brief platform advocates restoration of Texas tidelands, an honorable peace, strict economy in government and a program of soil and water conservation.

**Former Resident's Husband To Undergo Rare Operation**

The husband of a former Big Spring woman is in a Boston hospital to undergo a rare operation—the transplanting of a main artery from a dead man.

He is George W. Myers of Puente, Calif., husband of the former Grace Webb, daughter of Mr. and Mrs. P. B. Webb, who are now in California keeping the couple's children.

The rare operation, of which there have been only 26 done, all successfully, in the last two years, will be performed by Dr. Robert Gross, famed surgeon who is the only one to undertake such surgery. Myers spent three months in the hospital last year after he had bac-

terial endocarditis, an inflammation of the heart caused by bacteria. Doctors said this apparently had developed from some childhood disease.

An operation Myers underwent last November for a stricture, or tightening of the aorta, could not be completed because an aneurysm, or bulging of the aorta was found, and it was decided that the only thing to save Myers' life was the rare operation of grafting an aorta. The operation had to be delayed, however, until an aorta of the right dimensions for him could be delivered to the Boston blood vessel bank.

**Lamesa FFA Entry Takes Third Place In Speaking Event**

DALLAS, (SC)—Joe N. Stephens of the Lamesa FFA Chapter won third place in a state public speaking contest held Friday, the final day of the 24th annual convention of the Texas Future Farmers of America in Dallas.

The three-day FFA convention was attended by more than 3,000 Future Farmers from the 822 FFA chapters in Texas.

Attending from Big Spring were Jackie Fryar, Jim Damron and Wiley Wise, who were accompanied by Vocational Agriculture Instructor R. E. Baumhardt.

**Infant Succumbs In Local Hospital**

Carmen Virginia Mendoza, infant daughter of Mr. and Mrs. David A. Mendoza, died in a local hospital Saturday morning. Rites will be conducted at 4:30 p.m. Sunday at Sacred Heart Catholic Church, with arrangements in charge of Nalley Funeral Home.

**G. E. (Red) GILLIAM**

Has Experience And Ability To Make A Proper

**COUNTY JUDGE**

For Howard County.

Measure of a man's capabilities may be found in his record. While G. E. (Red) Gilliam has lived here a great part of his life, he did reside in Winkler County for a time and served there as County Judge. Here is what a prominent schoolman (now a businessman) said of him as he completed his service:

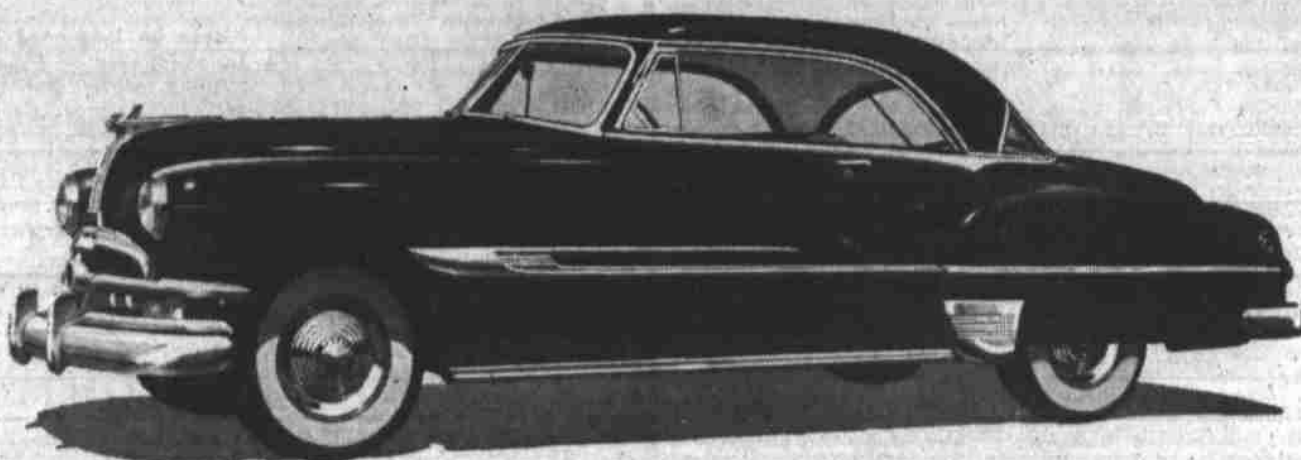

"In my opinion Mr. Gilliam is one of the most efficient and capable public officials we have had in Winkler County. His untiring efforts in promoting the best interest of the County, schools and worthwhile civic enterprises will long be remembered by citizens of this area. It is a well known fact, and one which official records will bear out, that he carried on the affairs in the office of County Judge in a business like and creditable manner. As a school superintendent I have found him sympathetic and of great assistance in the solution of problems where the schools and county were involved.

"He has a reputation of being a good citizen, honest and thoroughly capable. It is a pleasure and privilege for me to recommend Judge Gilliam for any position of office he might seek." (Signed) Ben F. Meek, former superintendent and now a businessman at Wink.

G. E. (Red) Gilliam possesses even more maturity, plus experience as a Howard County Commissioner to help make you the kind of a County Judge you want. Your support will be deeply appreciated.

(Pol. Adv. paid for by G. E. Gilliam)

# Good Turnout Seen At Glasscock Polls

GARDEN CITY, July 19—Twenty-five absentee ballots had been cast in Glasscock County for the Democratic primary, according to Mrs. Vena Lawson, county clerk.

This is probably the largest absentee vote Glasscock County has ever had. Mrs. Lawson said it was

the largest number she could remember.

This forecast a good turnout among the 440 who paid poll taxes and the 23 who obtained exemption certificates. Polls open at 8 a.m. and close at 7 p.m. Saturday.

There will be one new box, at St. Lawrence, with Arnie Schraeder as judge and I. L. Hoelcher as assistant.

The other box in precinct No. 1 will be at the courthouse with Ray Hightower as judge and Mrs. Walter Lowe as assistant.

Fred Ratliff will be judge of the precinct No. 2 box at the courthouse with Mrs. Warner Huggins as her assistant. In precinct No. 3, Jim Caudle will be judge of the Lee's box with J. C. Pye as assistant. Mrs. Doris O'Barr Smith will be judge of the box at Three-Way and Kelly Burns will be assistant. D. M. White will be judge of the Line box in precinct No. 4 and his assistant will be selected later. Henry Hillger will be judge of the Hillger box with D. J. Cotter as assistant.

## Abilene Group To Present Program

The Military Order of Counties from the Abilene VFW post will present a variety program for VA Hospital patients at 2 p.m. today. The show will be staged in the hospital recreation hall.

The Abilene group will present the only variety show scheduled for the week. However, a bingo party will be sponsored Thursday evening by the Odessa VFW post.

Movies fill the balance of the entertainment calendar. "My Favorite Spy" will be projected at 2 and 7 p.m. Monday. "Hard, Fast and Beautiful" is to be shown Wednesday at the same hours, and at 2 p.m. Thursday and 7 p.m. Friday.

### COUNTY'S EXECUTIVE COMMITTEE ARRANGES AND HOLDS PRIMARIES

Fifteen precinct chairmen and County Chairman George White make up the Howard County Democratic Executive Committee which arranges and holds the Democratic primary elections.

The 15 precinct chairmen also will serve as election judges in their respective precincts. Each will appoint his own assistants and clerical help for conducting the elections.

Members of the Democratic Executive Committee, in addition to White, and the precincts they represent are:

Precinct No.	Chairman (Elec. Judge)	Voting Box Location
1.	Truett Thomas	Courthouse
2.	Merrill Creighton	Wash. Pl. Sch.
3.	J. W. Purser	Sub Fire Sta.
4.	J. T. Thornton Jr.	Main Fire Sta.
5.	Willis Winters	Vincent
6.	Carl Lockhart	Gay Hill School
7.	J. L. Baugh	R-Bar Church
8.	L. R. Mundt	W. Ward School
9.	Leroy Echols	Coahoma
10.	Mrs. A. F. Oglesby	Forsan School
11.	E. L. Bynum	Center Point
12.	Edgar Phillips	Moore (Prvw. Ch.)
13.	J. D. McGregor	Knott
14.	Norris Smith	Morris School
15.	R. H. Unger	Soash

## Transfers Not Permitted Under Laws In Some Cases

If you have lived in Texas at least a year and have obtained a poll tax receipt, or exemption certificate, chances are you are duly qualified to vote in the Democratic primary next Saturday.

But there still is a chance that you cannot vote legally next Saturday, even if you have lived in Texas all your life and are otherwise qualified.

You fall into the latter category if you have moved from one county to another since poll tax paying time, since the state election law requires that a person must reside in a county for six months before he can vote there. That eliminates any transferring from one county to another after poll-tax paying time.

Transfers from one precinct to another within the same county are allowed, but they must be made at least five days before election.

Persons who are eligible to vote in Texas for the first time (those who have just become 21 and persons who moved into the state at least a year ago) may vote without paying poll taxes. However, they must obtain exemption certificates at least 30 days before election.

Persons over 65 who do not live in a town of 10,000 or more can obtain exemption certificates until the day before election. The tax office does not issue any certificates on election day.

Many men serving in the Armed Forces also are eligible to vote this year. To obtain a ballot they must submit formal application to the County Clerk at least five days before election, and the ballot must be submitted at least five days before election. Those postmarked before the deadline will be counted, of course, provided they arrive by election day. This applies only to drafted members of the Reserve and National Guard on active duty. Those serving regular enlistments cannot vote.

## Over 8,000 In County May Go To Demo Polls

Over 8,000 persons will go to the polls next Saturday in Howard County, if the best previous turnout is matched on a percentage basis.

The county's best record in percentage came less than a year ago during an "off" political year. No less than 70.8 per cent of the registered voters went to the polls in a wet-dry election last December 8. The turnout totalled 6,555, which also is the largest figure numerically ever recorded in the county. At that time 9,228 persons had paid poll taxes or obtained exemption certificates.

This year, the poll taxes and exemptions total 11,348, by far the highest figure in history.

That means that the county could establish a numerical record at the polls this year simply by keeping up the percentage it has maintained in previous primary events. Two years ago 65.4 per cent of the registered voters went to the polls. If that percentage is matched this year, the total will be over 7,400, which would easily be a record.

## Housers Leave On Vacation Trip

Mr. and Mrs. A. J. Houser, both VA Hospital employees, will leave Monday on a four-week vacation trip along the Atlantic seaboard.

Among other points of interest, the Housers will visit New York City and Washington, D. C. He is assistant supply officer for the local hospital. Mrs. Houser is a nurse in the institution.

# County Should Set A Record At Polls

By any standards Howard County should have its heaviest turnout in history at the polls this year, because the voting potential is far higher than ever before.

The exact number of qualified voters in the county could not be determined without taking a census, but it probably runs something over 11,500.

The "visible" total is 11,348, which includes all poll tax receipts and exemption certificates issued to persons in the city. The "invisible" group includes over-age voters who live outside the corporate limits of Big Spring and persons who recently reached voting age for the first time.

Over-age voters who live outside the corporate limits of any town with a population over 10,000 are not required to obtain exemption certificates.

The gain in potential voting strength is approximately 35 per cent over 1950, the last "political year" when about 8,500 people were qualified to vote in the county. Poll taxes and exemptions in 1950 totalled \$253.

Heaviest gains have been made in the Big Spring precincts, which now have a combined total of 7,822, with three city precincts boasting a potential of over 2,000 votes each.

Voting box No. 2 in Big Spring has the greatest potential, with 2,145, one more than box No. 3. Previously, box No. 3 was the largest in the county. The other box with over 2,000 persons qualified is No. 4, which now has a total of 2,028, a gain of some 500 over figures for two years ago.

Box No. 8 in Big Spring also has made rapid growth, reaching a total of 1,910.

The "visible" potential voting strength by boxes follows:

No. 1, Big Spring	1,505
No. 2, Big Spring	2,145
No. 3, Big Spring	2,144
No. 4, Big Spring	2,028
No. 5, Vincent	62
No. 6, Gay Hill	110
No. 4, R-Bar	66
No. 8, Big Spring	1,910
No. 9, Coahoma	538
No. 10, Forsan	277
No. 11, Center Point	115
No. 12, Moore	81
No. 13, Knott	307
No. 14, Morris	134
No. 15, Soash	46
Total	11,348

## New Office Will Appear On Ballot

When voters come to the already confusing precinct section of the ballot Saturday, they may find something entirely new confronting them.

It will be justice of peace, precinct No. 1, place No. 2. Until this year Big Spring (justice precinct No. 1) always has just had a justice of peace, who was naturally place No. 1.

But A. M. Sullivan, who formerly was a justice of peace at Coahoma, filed for place No. 2. And when he did, he had the law and Constitution on his side. Statutes specify that justice of peace with more than 8,000 population may have a second justice of peace. Since he is unopposed, Sullivan appears certain to become the first man in Howard County history to be nominated to this office.

## Bastrop Co. Judge Claimed By Death

BASTROP, July 19. (AP)—Bastrop County Judge J. J. Sapp, 77, died of a heart attack early today. Funeral services will be held at 5 p.m. tomorrow. Burial will be in McAdams, Tex.

Sapp had been county judge since 1943 and previously served as a deputy county tax assessor-collector for 18 years.

# Precincts Can Be Confusing To Voter

Precincts can confuse you if you don't watch out.

When you vote in the Democratic primary on Saturday, there will be three types to confront you.

One will be your voting precinct, sometime called voting box. You must cast your ballot in the box in which you reside. There are 15 of these in the county.

Another precinct with which you must deal will be that of commissioners precincts. There are four of these, and you vote only for commissioners in the precinct in which your voting box is located.

These are the boxes which will vote in the respective commissioner precincts:

Commissioner Precinct No. 1—Voting boxes No. 1, (Big Spring) No. 12 (Moore) No. 13 (Knott), and No. 15 (Soash).

Commissioner Precinct No. 2—Voting boxes No. 2 (Big Spring) No. 9 (Coahoma) and No. 19 (Forsan).

Commissioner Precinct No. 3—Voting boxes No. 3 (Big Spring) and No. 8 (Big Spring).

Commissioner Precinct No. 4—Voting boxes No. 4 (Big Spring), No. 5 (Vincent), No. 6 (Gay Hill), No. 7 (R-Bar), No. 11 (Center Point), No. 14 (Morris).

The other precinct which will claim your attention when you go to vote is the justice precinct. These involve candidates for justice of peace and constable.

These are the boxes which will vote in their respective justice precincts:

Justice Precinct No. 1—Voting boxes No. 1 (Big Spring) No. 2 (Big Spring), No. 3 (Big Spring), No. 4 (Big Spring) and No. 8 (Big Spring). In other words, all the town boxes will vote for candidates for justice of peace and constable in justice precinct No. 1.

Justice Precinct No. 2—Voting boxes No. 9 (Coahoma), No. 7 (R-Bar) and No. 5 (Vincent).

Justice Precinct No. 3—Voting box No. 19 (Forsan).

Justice Precinct No. 4—Voting box No. 6 (Gay Hill), No. 11 (Center Point), No. 12 (Moore), No. 13 (Knott), No. 14 (Morris), and No. 15 (Soash).

## \$139,000 Collected On Price Violations

DALLAS, July 19 (AP)—The U. S. Treasury is \$139,000 richer because of ceiling price violators in Texas, Oklahoma, Arkansas and Louisiana.

Lee Thomas, regional enforcement director of the Office of Price Stabilization said today violators paid that amount in overcharges and damages during the 12 months period ending July 1.

In addition, OPS enforcement action in 39 cases resulted in \$6,400 being refunded to buyers who had been overcharged by persons and firms in violation of price regulations, Thomas said.

# Broncs Beaten In Twin Bill By Roswell

ROSWELL, N. M. —Roswell put a severe crimp in first place plans of Big Spring Broncs by belting the Steeds twice here Friday night, 1-6 and 7-4.

Reggi Corrales was the hard luck loser for Big Spring in the opener while Bert Baez dropped his fifth decision of the year in the morningcap. For Corrales, it was his fifth straight reversal.

Audie Malone's four-hit pitching and some fine backing by his mates shut the Broncs in the first game. Reggi Corrales went the distance in taking the loss, yielding only five bingles.

In the second game, the Rockets survived a four-run outburst by the Steeds in the fifth inning, showed in three markers of their own in the sixth to break the tie and take the win behind the five-hit hurling of Southpaw Gary Young. The win was Young's seventh against three losses.

Table with columns: Name, AB, R, H, O, A, and various statistics for players like Corrales, Malone, Young, etc.

Tennis Business At Hand

The tennis courts at the City Park become a very popular place during the summer months, once the wind dies. Three of those who enjoy the game are pictured here. They are, left to right, Judy Lawson, Charlotte Anderson and Jimmy Jennings. Net facilities are limited here, so the four courts at the park have waiting lines at times. They are equipped for night play.

# East Nine Underdog In All-Star Contest

### West Seeking Sixth Victory

The Longhorn League's sixth annual All-Star Game, which has been little if any fun for the East in years past, comes up in San Angelo Friday night, with the West again heavily favored to grab the honors.

# LOOKING 'EM OVER

When Big Spring placed a record number of seven ball players on the East team, which will meet the West in the Longhorn League's All-Star game in San Angelo July 25, it didn't completely satisfy many local fans.

Up until last year, the Big Spring Broncs played with the West. When Artesia replaced Ballinger in the circuit, Big Spring moved into the East's camp.

The change-over didn't help the luck of the East, though. It yielded in an 8-4 game, despite home runs by Ken Funk of Sweetwater and Johnny Tanyon of San Angelo.

Against all that, the West will field a lineup with an abundance of power, Leo Eastham and Joe Bauman, the circuit's two top stickers, will be in the starting lineup.

# Warriors Belt Eagles Twice, 10-3 And 9-7

The Indians clipped the Eagles twice in Little League play Friday to remain in the running for the second half flag.

The Warriors prevailed in the first game, 10-3, and then subdued, 9-7.

# KINER HITS 19th Homers Aid Carl Erskine In 9-1 Win Over Buccos

REESE

PITTSBURGH, July 19 (AP) — Righthander Carl Erskine, aided by three home runs, one a grand slammer, by PeeWee Reese, hurled the league-winning Brooklyn Dodgers to an easy 9-1 victory over the last-place Pittsburgh Pirates today.

Erskine was never in trouble as he picked up his 10th triumph against only two defeats. Lethander Howie Pollet was charged with his 19th for the Buccs in the final inning.

# Ken Jackson Signs Dallas Contract

DALLAS, July 19 (AP) — Three rookies, one of them an all-Southwest Conference tackle — Giant Kenneth Jackson — today signed contracts with the Dallas Texans.

# Snyder May Be Back In AA Football

Snyder may be forced to return to Class AA football in a year or two. The city reportedly has lost quite a few people in recent months. It may have been his Little League or his YMCA training but Lefty Morris, who has had both, is credited with pulling a fellow swimmer to safety at the Muny Pool

Palmer would score 25 strokes under par. His score topped five strokes off the old Canadian Open record of 268 shot by Bobby Locke in 1947 over the par-71 Toronto Scarborough Course. Locke was 16 strokes under U. S. players—Freddy Haas and Dick Mayer tied for second with 274. Haas finished with a 66 today and Mayer with 68.

# Rodeo Appearance Is Familiar Activity For 'Sheriff' Watson

One of the most colorful and spectacular figures in the western show world will be here for the annual Big Spring Cowboy Reunion Rodeo, August 8-9 inclusive.

He is Sheriff Will Watson, a West Texan and a showman for many years, who at one time acted as a contracting agent for the Tex Austin Shows in Europe, the Buffalo Bill Shows in Mexico, and the Ringo Brothers Circus. He is the only man who has been with the Hardin-Simmons University Cowboy Band since it was formed 29 years ago. This band will play at each of the rodeo performances here, just as it has played for approximately 300 other rodeos across the United States chalking up a record of having entertained at more than 2,000 separate rodeo performances. Among these rodeos have been those at Los Angeles, New York, Boston, Dallas, North Dakota, San Antonio, Houston, Birmingham, Cheyenne, Phoenix, Little Rock, Colorado Springs, Denver, Fort Worth and elsewhere.

Since it was organized in 1923, the band has traveled approximately half a million miles. Last year alone, the band traveled 15,000 miles, gave 145 public performances and was heard by more than a million people.

The bandmen are typical of the Lone Star State but they are not flashy. Their uniform is strictly western, complete with faded levis, battered chaps and ten-gallon hats. Among the flashy members of the organization are the flag bearers, beautiful co-ed cowgirls.

And speaking of flashy personalities—back to Watson! Not only is he the band's oldest member he is also the most flashily dressed of the organization's personnel. As flag bearers, he and the five white-clad co-eds precede the band on parade riding six white horses and carrying the six flags under which Texas has served. Watson wears a double-size cowboy hat, fancy boots, two pearl-handled Colts 45s and his badge of office with his all white uniform.

As parade marshal for the band Watson has led the internationally famous organization on parades in England, Holland, France, Belgium, Germany, Scotland, Canada and Mexico. The Cowboy musicians have also appeared in 40 of the 48 states.

For many years Watson marched in front of the band carrying the United States flag. Later he mounted a white horse and carried the flags of both the United States and Texas. It was Watson who conceived the idea of the six white horses, with co-ed riders, carrying the six flags of Texas.

"I feel that I have presented the six flags of Texas more than any other man living," Watson states.

SHERIFF WILL WATSON

Two parades staff out in Watson's memory as the longest the band ever made. One was down the cobblestone streets of Amsterdam, Holland, on the 1930 tour of Europe. One of the longest in the United States was made at Birmingham for the convention of the United Confederate Veterans.

There has been little change in the uniform of the band through the years, Watson recalls, and he was the man who collected the

# Canned Foods Being Cut Down By Steel Strike

PITTSBURGH, July 19 (AP)—The neatly stacked rows of canned beans, tomatoes and other foods in your corner grocery may soon become another big victim of the steel strike.

Regardless of when the walkout is settled, it has lasted long enough now to threaten seriously the supply of steel which goes into the manufacture of the lowly but useful tin can.

The National Canners Association says continuation of the strike will make it impossible for the canning industry to process available farm crops.

Sufficient cans are on hand to preserve only about half the peach and tomato crops. The association says corn, tomatoes and peaches are in the greatest jeopardy.

Tin cans are made from a kind of steel called tin plate. That's just thin, rolled steel which is covered with a thin layer of gleaming tin.

All major sources of tin except one were shut off by the June 2 strike of the CIO United Steelworkers. Still in operation are the tin plate mills of Weirton Steel Co. in Weirton, W. Va., and Steubenville, Ohio.

While Weirton steel is the second largest tin plate producer in the nation, it can hardly make enough for everyone. Most tin can manufacturers are using up their inventories now and face shutdowns when their stockpiles are gone.

Now that the food packing season is at hand, the tin plate shortage has reached alarming proportions. If the supply doesn't open soon, crops now ripening can't be processed and the corner grocer will point to empty shelves and shrug his shoulder about next September or October.

# WITH SIMPLE CALL It's Not Difficult To Out-Fox A Fox

By DON HENRY  
 Being as "smart as a fox" these days doesn't take too much brains—or that's what B. M. Hitt seems to think. He feels that a fox just isn't too smart.

Hitt, a resident of Seminole, is visiting his parents, Chaplain and Mrs. C. O. Hitt, 1301 Pennsylvania, and while he has been here he has delighted in calling foxes—by means of a so-called fox call. (The call resembles a duck or crow call.)

The foxes are attracted to the call for a reason no one seems to know, Hitt reported. People seem to think the sound resembles a rabbit in distress. Anyway, Hitt states that the fox just comes running.

Within three days, Hitt has called the same fox—of he thinks the same one—within a short distance of his car four times. The four times were at the same spot in the State Park. Once, the fox came within five yards of the car.

Hitt states that there are not too many foxes in this area but if there are any, he feels he can locate them.

Visiting in Brownwood last week, Hitt, with his father-in-law, M. T. Woodward of Brownwood, called up 12. They shot six of them. That's his record for one day.

He purchased the calls from a man in Brownwood who does nothing but make and sell the calls.

A. L. Lindsey, the maker of the calls, first got the idea from an Indian in Mexico approximately five years ago. The call was made from reeds. The Indian gave it to Lindsey and when he returned to Brownwood, he decided to make more.

Now, he makes the calls—which also attract wolves, coyotes and bobcats—and sells them all over the nation. Hitt's fattest order—was from Pennsylvania.

Hitt got the "fox-calling bug" in July, 1951 and has been calling foxes since. He commented at first they called them only to shoot them but now he does it mostly for the sport of it and also to take moving pictures.

He has four calls—two he made himself and two he bought from Lindsey. He wouldn't give the formula for his own inventions. One of the two he bought from the maker is made of a horn and the other is of plastic.

Movement seems to disturb the fox more than anything, Hitt noted. If the person calling is standing very still and the fox hasn't

# A RATTLING RECEPTION

Curtis W. Dyer didn't particularly care for the reception he got when he returned to his car after working at a rig ten miles north of Vincent Friday night.

Dyer, who lives here, was about to board his vehicle when a five-foot rattlesnake slithered out from under car and headed for Dyer.

Dyer headed for a rake lying nearby and waded into the rattler, killing it with one swipe. He then took inventory of the serpent and counted 11 rattlers.

# Communist Food Causes Gripes

VIENNA (AP)—In Communist Hungary's nationalized industries, workers complain they find thumb tacks in vegetables served in factory canteens.

The Budapest newspaper Szabad Nep recently published a series of complaints from workers. Some of the gripes were:

"I found wire in my vegetables... there were pebbles in the soup... the cheese and jam were sent on the same plate, were mixed up and inedible... one day when things were bad, thumb tacks were in the vegetables."

# LeTourneau Sending Ship To Africa With His 'Technical Missionaries'

By BILL CRIDER  
 VICKSBURG, Miss., July 19 (AP)—A ship designed for dumping tanks and troops on enemy shores was blessed today as a peacetime weapon for God.

The converted Navy LSM, its equipment and a crew of "technical missionaries" are part of a million-dollar project aimed at spreading Christianity and prosperity through an African jungle.

It's the most ambitious project thus far by millionaire manufacturer Robert G. LeTourneau who supports his interest in religion with about 90 cents of every dollar he makes.

Evangelist Billy Graham flew to nearby Jackson from his home in Montreat, N. C., and drove here today to give the dedication.

The ship, drawn close to Dusty Mississippi River landing, 10 miles from here, was loaded with half a million dollars worth of heavy earth-moving equipment.

Another quarter million dollars worth of spare parts was packed in the hold.

Stored in odd corners was gear for jungle camping, a portable machine shop, electric generators, farm tools, trucks, autos, pre-fabricated huts and a light plane.

All this and the 20 "technical missionaries" will make the trip downriver and across the Atlantic to the Republic of Liberia, West Africa.

The project, blessed also by the State Department, is backed by LeTourneau, 63, a bald, bespectacled heavily built businessman who thinks it's foolish to try to convert natives to Christianity while their bellies cry for food.

Equally foolish, he thinks, is the "handout" system, which creates "rice Christians"—the mission-

aries' wry term for natives who stay converted as long as the mission will feed them.

Instead, LeTourneau plans to clear the jungle with heavy machinery, build villages, roads and teach the natives modern farming.

"The same man who teaches the natives how to raise their standards of living will teach them the love of the Savior who died for them," he said.

The "technical missionaries" will have half a million acres of Liberia as their test tube.

No white man can own land in the republic, but the Liberian government, the State Department and LeTourneau worked out an 80-year lease.

Gustav Dick and Louise Dick, LeTourneau's son-in-law and daughter, will head the expedition. Their three children, aged 11, 9 and 6, will go along.

**Stomach Disorder  
Tops Disease List**

Gastroenteritis, inflammation of the stomach lining, was the dominant infection diagnosed by local physicians during the past week.

Forty-nine cases of the condition were listed on the communicable diseases report of the Big Spring Howard County Health Unit Saturday.

Second most prevalent infection reported was diarrhea with 18 cases. Also diagnosed were nine cases each of whooping cough and pneumonia, five virus infections and five cases of gonorrhea, and one case each of measles, scarlet fever, mumps and polio.

Polio victim was Jim Cooper, 7, son of Mr. and Mrs. Earl Cooper. The youngster was found to have the disease last Sunday. He has

since been released from Big Spring Hospital, however, apparently recovered from the infection.

**Absentee Voting  
Total Only 220**

With two more days to go, absentee voting had reached only 220 for the Democratic primary at noon Saturday.

Deadline for absentee voting is

three days prior to the election, hence Tuesday is the last day for casting such votes for the first Democratic primary.

The total reflected a general apathy by voters. In former years total vote used to be forecast on the basis of little less than 10 per cent absentee here. However, in recent years, the actual turnout has enjoyed a substantially better ratio at the polls.

**Scouts Are Invited  
To First Aid Course**

Scouters and members of Boy Scout troops in Big Spring have been invited to participate in a first aid program at Troop No. 1 Hut, 18th and Gollad.

Otto Peters, Sr., dean of Red Cross instructors in this region, is conducting the class. Tuesday's session, starting at 7:30 p.m., will deal principally with burns and wounds.

**Bright Outlook  
Presented By  
Carr Collins**

Business was never better, and prospects are the brightest ever for his company, Carr P. Collins, Dallas, president of Fidelity Union Life Insurance Company, said here Saturday.

Collins was heading a group of officials from the home office here for a two-day advanced program planning session which concluded Saturday at the Settles.

Fidelity Union has the reputation of being the fastest growing company in the nation, based on its record of sales.

With Collins were his two sons, Jim Collins and Carr P. Collins Jr., both vice presidents of the company; Charles S. Sharp, Dallas, vice president; Tom Brown, Dallas, agency supervisor; Bob Gibson, Dallas, training director; J. F. Tibbets, West Texas supervisor; Host agents were Harold P. Steck, district manager, and A. W. (Al) Dillon, Big Spring. The meeting here is one of three, one having been held at Houston and another scheduled for Dallas.

Representatives, about 50 of them, attended from Odessa, Midland, Big Spring, Andrews, Pecos, Lamesa, Levelland, Abilene, Colorado City, San Angelo, Lubbock, Amarillo, Paducah, White Deer, El Paso, Snyder and Brownfield.

West Texas has been one of the brightest spots in a business picture which has been increasingly good for Fidelity Union, said Collins. The company was one of the first to enter the loan field for residences, having made a large number in Midland, Odessa, Big

Collins has been "making this part of the state for the past 35 years; I don't know it as well as Shine Philips, but I think I know it pretty well. I always go back to Dallas with a recharge. West Texans are the most optimistic and vigorous people in the world."

In Dallas the company is soon to occupy its new 29-story office building. Collins said the lower 11 floors would be occupied Oct. 1 by Fi-

Ted O. Groehl, Big Spring, one of two delegates from the 19th Congressional District to the national Democratic convention, arrived Saturday in Chicago.

A member of the regular group headed by Governor Allan Shivers, Groehl arrived in advance of the actual convention to be in on the caucuses. A rival delegation headed by Matury Maverick, former congressman from San Antonio, was contesting that of the Shivers group.

Groehl and his family left here July 4 and visited enroute at Brownwood, Fort Worth, and St. Louis, Mo.

**New Ice-Making  
Process Faster**

AUSTIN, Tex. (AP)—A new commercial process that is said to make ice 30 times faster and much cheaper than conventional methods has been developed by a University of Texas scientist, Prof. John R. Watt.

The new technique resembles nature's process of making hail from raindrops. Watt's method forms a center core of ice and adds frozen layers rapidly from coatings of pre-cooled water. Ice produced in this manner can be cut in blocks, crushed or shredded.

## Young Brides Battle Problems Of Housekeeping

June brides, by July, often learn that the rosy glow of romance and a wedding has a habit of waning quickly when they settle down to the serious business of being homemakers. For today's young brides, like their mothers and grandmothers, are confronted with dozens of problems considered occupational hazards by an experienced housekeeper but which serve to baffle and disillusion a young amateur. Unlike the old joke, they are too smart to ask for a pint of gravy at the corner grocery, but they shudder at the high cost of feeding a hungry man. If they don't already know, they learn that doing the laundry involves a much more intricate process than merely dropping in a cup or so of soap flakes. They quickly discover that there is more to cleaning than sweeping and dusting, and that washing woodwork, waxing floors, brushing away cobwebs, cleaning mirrors, picture frames and window sills, polishing silver and washing dishes are chores that will be recurring for the rest of their lives. The young bride who is also a sturdy physical specimen may even survive her first washing encounter with that bane of modern existence—the oven broiler pan. But they are young and they can take it. All these trials and tribulations they take in stride and profit by the experience, taking great pride in being new housekeepers.

MRS. CARLOS A. RICHTER  
... Patti and Betsy

### Tiny Newcomer Takes Wedding In Stride

Two little daughters are the full-time hobbies of Mr. and Mrs. Carlos A. Richter.

Betsy, 1, speaks no English, the result of almost constant contact with a Mexican nursemaid.

Patti, 3 1/2, speaks fluent Spanish, too, but she also has developed the flower girl art.

"She's been in so many weddings that she's going to be self-assured in her role," her mother laughed.

Newcomers of only a week's duration, the family moved here from Laredo, where Richter held ranching interests. He is now associated with the Charles Long Drilling Co. While in Laredo, Mrs. Richter was very active in the work of the Episcopal Auxiliary, the Girl Scouts and the women's clubs.

Her husband is a fishing, hunting and flying enthusiast, and at one time owned his own plane.

It was during her college career that Mrs. Richter first became familiar with Big Spring. One of her classmates was Sarah Wooten, the daughter of Mr. and Mrs. Horace

### Mahons Live In CC After Rites

Wooten, who moved away several years ago.

The couple bought a home here and the blonde mother's only regret is that she didn't bring her electric dishwasher along.

"I'd used it so long that I didn't realize what it would mean without one," she commented.

But her hopes now are pinned on the possibility that her Mexican helper from Laredo will soon join the family ranks again.

**FLORISTS ATTEND STATE CONVENTION IN SAN ANTONIO**

Mrs. Leta Miller and Dorothy Ragan, local florists, were in San Antonio to attend the 39th Annual convention of the Texas State Florists Association.

More than 1,500 florists throughout the state attended the four-day meeting July 14-17, which is the largest state or regional convention held in the nation, according to Johnny Glodt, chairman of the convention.

The convention sponsored two schools of floral designing where the newest methods, materials and flowers were introduced to the visiting florists and visual instruction given their use.

Other activities included a business clinic featuring nationally known business leaders; an aquacade performance; a Mexican dinner and entertainment at La Villita and other social activities.

**FIREMAN'S AUXILIARY**

The Firemen's Auxiliary met Friday afternoon in the home of Mrs. H. V. Crocker with Mrs. John Wadell as co-hostess. A sandwich plate was served to 12. The next meeting will be with Mrs. R. T. Hale.

### L. R. Lewises Are On Wedding Trip To Park

Mr. and Mrs. Lawrence Ray Lewis are on a wedding trip to Yellowstone National Park following their recent marriage.

The bride is the former Ruby Faye Roberts, daughter of Mr. and Mrs. Lem Roberts of Knott. Parents of the bridegroom are Mr. and Mrs. Olen Lewis, 1800 Johnson.

Max Leach, minister of the Knott Church of Christ, performed the informal, single ring ceremony here July 13.

A chorus, composed of Mr. and Mrs. Dan Conley, Bernard Witt, Mrs. Boyd and Alma Lou Witt, sang "O Promise Me."

The bride, given in marriage by

Mr. and Mrs. A. C. Williams, 406 Owens, are announcing the engagement and approaching marriage of their daughter, Toka, to Hulen Reed, of Hobbs, N. M., son of Mr. and Mrs. A. F. Reed of Fort Worth. The ceremony will be performed Aug. 16 in the home of the bride's parents.

### Mrs. Gene Ray Is Feted At SS Party In Dick Davis Home

Mrs. Gene Ray was honored at a pink and blue shower when the Althean Sunday School Class of the E. 4th Baptist Church met in the home of Mrs. Dick Davis Thursday.

Mrs. Lloyd Wolf was co-hostess. Mrs. Davis led the opening prayer and Mrs. Charles Neefe gave the devotional.

Games were played and several gifts were exchanged.

A short business session was conducted.

Refreshments were served to

### FOR PICTURES OF BRIDES

Planning an August or September wedding? Then you will want to know how to facilitate publication of the news of this important event.

Brides-to-be should request a wedding information blank at The Herald. Bridal pictures should be arranged in advance with your photographer, but in no case will a picture or story be printed later than seven days after the date of the wedding. Unscheduled pictures seldom can be printed.

Because of the volume of weddings requested for Sunday publication, all wedding accounts and pictures for Sunday's paper must be in the office not later than noon Friday.

# Nancy Huestis Weds Dale W. Cox Friday

**FORSAN, (Spl)**—In an informal double ring ceremony Friday at 6 p.m. Nancy Ann Huestis became the bride of Dale W. Cox.

The bride is the daughter of Mr. and Mrs. H. G. Huestis of Forsan. Parents of the bridegroom are R. W. Cox of Ozark, Ala. and Mrs. A. S. Wyckoff of Terilton, Okla.

The Rev. R. L. Bowman, pastor of the Forsan Methodist Church, performed the ceremony at the home of the bride's sister and brother-in-law, Mr. and Mrs. Paul Crabtree, in Big Spring.

The bride, who entered alone, wore a white tulle embroidered lace over tulle dress. It was designed with a fitted bodice featuring a white velvet inset in the front, square neck, cap sleeves and semi-circular street-length skirt. Her elbow-length veil of illusion was caught to a small white cap.

She carried a white Bible topped with gladioli and white streamers. In carrying out the bridal tradition, she wore her mother's engagement ring as something old, something new was her dress, blue was a handkerchief and borrowed was a rhinestone necklace. She wore a lucky penny in her shoe.

Ruth Calley of Otschalk was maid of honor. She was attired in a lavender shantung suit with matching accessories and a white gladiola corsage.

Wayne Huestis, brother of the bride, served as best man. When the couple left on a wedding trip to Terilton, Okla., the bride wore a gold broadcloth dress with white accessories.

They will make their home in Big Spring.

The bride is a graduate of Forsan High School, where she was a member of the FHA Club, volleyball team, choral club, class officer and captain of the basketball team.

Her husband is a graduate of Terilton High School, where he was a member of the basketball team and high school favorite. He enlisted in the Army Air Force in 1951 and is stationed at Webb Air Force Base.

Immediately following the ceremony a reception was held in the Crabtree home.

The refreshment table was laid with a pastel green damask cloth and centered with a bride doll standing beneath an ivy arch. The three-tiered wedding cake was topped with a miniature bride and groom.

Mrs. Crabtree and Miss Calley served.

## FHA Girls Have Hayride And Social

The Big Spring chapter of the Future Homemakers of America celebrated their July meeting with a hayride and ice cream party.

The group met at the back entrance of the homemaking department and boarded a truck loaded with hay. It was furnished and driven by D. F. Bligny.

The boys and girls drove through the park, up Seenic Mountain, back through Big Spring, to Coahoma and to Moss Creek Lake.

The refreshments were served at the lake.

Attending were Nancy Smith, Charles Rose, Pat Tidwell, Jimmy Porter, Lila Turner, Ronnie Saunders, Della Reynolds, Doug Graves, Mary Ellen Hayes, Buddy Blankenship, Nanette Farquhar, Robert Angel, Mary Ella Bligny, Roy Hester, Mary Jo Cochran, Bob Porter, Nita Anderson, Bob Mallet, Betty Earley, Arlene Mitchell, Geraldine Webb, Gaynell Lane and Juanita Witt.

Chaperones were Mr. and Mrs. John Annen and Edna McGregor.

## Yantis-Marshall Rites Read Saturday

Dr. W. N. Marshall of the Big Spring VA Hospital staff was married Saturday in Austin to Maria Jane Yantis.

The couple was married in the University Presbyterian Church. Following a wedding trip Dr. and Mrs. Marshall will return to Big Spring Aug. 1.

## Mrs. Kubecka Has Party; Churches Are Improved

**FORSAN, (Spl)**—Mrs. J. P. Kubecka entertained with a demonstration party in her home Thursday afternoon.

Mrs. L. N. Duffer won the door prize.

Refreshments were served to Mrs. George Gray, Mrs. C. V. Wash, Mrs. C. C. Suttles, Mrs. Roy Klahr, Mrs. Delmer Klahr, Mrs. R. L. Bowman, Mrs. W. O. Averett, Mrs. M. M. Fairchild, Mrs. Wayne Monroney, Mrs. Jack McCall, Mrs. L. W. Moore, Mrs. Hoyt Andrews, Mrs. Glenn Whittenberg, Mrs. Sammie Porter, Mrs. W. E. Heideman and Mrs. C. B. Nunley of Big Spring, the demonstrators.

Improvements are being made on the three churches in Forsan.

Members of the Baptist congregation are furnishing the guest room at the parsonage, making additional walks and improving the yard.

The roof of the parsonage has been painted and the church is being painted.

Work is nearing completion on a 12 by 24 addition to the west side of the Church of Christ. The new part will furnish two classrooms and serve as the minister's study, when closed. The room is paneled to allow it to open for more space in the main part of the building when needed.

The Methodist Church is being painted.

## NCO Wives Will Have Kiddie Party

Members of the NCO Wives' Club of Webb Air Force Base and their guests will be entertained at a kiddie party at the NCO Mess Hall Monday at 7:30 p.m.

All wives of non-commissioned officers are urged to attend. Those desiring transportation are being asked to contact Mrs. McCarty, phone 3146-W.

## It's Picnic Time

Members of the Aileen Read Sunday School Class of First Presbyterian Church entertained their families and teachers of other classes Thursday evening at a picnic at City Park. They are shown here preparing the feast. In charge of plans were hostesses Mrs. Frank Medley and Mrs. Walter L. Harter.

### Long-Shortie Coat Is New Approach To An Old Story

A great little coat is this long-shortie by George Carmel. Were it not a new approach to an old story, we'd be inclined to say "This is a classic." Truth of the matter is that it is a classic. The line is the last word and testament in high couture styling, and, as such, will be as treasured through the years to come as it is today. However, that holds true for anything George Carmel designs. As we have told you in the past, a suit or coat by Carmel comes mighty near being an heirloom. It has such long lasting qualities, such perfection of fashion rightness that it will be as good five years from now as it is today. If it were not so, George Carmel just plain wouldn't have anything to do with it.

The coat is basically simple, and being simple, it won't be too difficult to make. The flange-like effect in front is very new and easy—the back is straight with the pleat-like look being purely and simply a matter of stitching. Originally made in poodle cloth, this short and sweet thing would also look good in linen, felle, velveteen—and, naturally, wool. Size 12 requires 4½-yds. of 36-inch material, while it only requires 3-yds. of 54-inch material. Pattern 1090 is available in sizes 12, 14, 16, 18, 20. To order Pattern 1090, send \$1 to Spadea Syndicate, Inc., Dept. 104, Box 258, Madison Square Station, New York 10, N.Y. For air mail handling, enclose 25 cents. To order our new pattern booklet VII send 15 cents.

### Bride-Elect Is Honored At Shower

Doris Jean Morehead, bride-elect of Doyle McCulloch, was named honoree at a kitchen shower given Thursday evening by Mrs. Al Scott in the home of Mrs. T. B. Atkins. Movie slides of the Pacific Northwest were shown for entertainment. The table was set with bright pottery and featured fruit and vegetable arrangements. The gifts, in paper grocery sacks, were rolled in on a kitchen utility table for presentation to the honoree. Guests were Mrs. G. G. Morehead, mother of the honoree, Mary Felt, Marilyn Carpenter, Mrs. Roy Olson, Norma Jones, Mrs. O.P. Priest, Mrs. Gene Combs, Caroline Smith, Mrs. Tip Anderson Jr., Bobbie Green, Mrs. D. R. Lane and Lindel Gross.

Observations On The Democratic Primary And Some Of Candidates

The Democratic primary in Texas is only a short time away—next Saturday in fact—and as yet general interest in it is at one of the lowest ebbs in recent history. National conventions, the GOP a week ago and the Democratic this week, have overshadowed the traditional party heats in Texas. Except where local issues and personalities get out a big vote, the response at the polls does not promise to be as great as it should be.

dealing on the tidelands question, had aroused the ire of Washington. He challenged the venerable Tom Connally forthrightly and when that statesman withdrew from the race, Daniel was left a comparatively clear field. It therefore is more than mere coincidence that on the threshold of the filing deadline he should draw an announcement from Washington. Both Daniel and his chief adversary, Lindley Beckworth, are good, capable and honorable men. Daniel, however, offers a fresh approach and one more closely attuned to the general temper of a majority of Texans, it seems to us.

Today And Tomorrow—Walter Lippman

This Year's Election Denotes End Of An Era Started In '52

What makes the election so extraordinarily interesting is, it seems to me, that it is the turning point from one political generation to another. We are at the end of the era which began in 1932. The men of that period are retiring, and the primary question in both parties now is who is to succeed them.

power which was organized by Roosevelt and inherited from him by Truman. The succession from Truman is not an easy one to arrange. For Truman now dominates and at the same time divides the party which Roosevelt formed. A straight Truman man, like Mr. Harriman, cannot count, therefore, on taking over more than a part—the Northern and urban part—of the Roosevelt political estate.

The voters who probably hold the balance of power are sure to discount heavily partisan denunciations and partisan promises. They will want first of all to see whether there is the making of an administration which—in the sense that it is competent and that it knows the facts of life—is fit to govern. They will not take kindly to any treatment which underestimates their intelligence and their knowledge of the realities.

For both parties, then, this is the beginning of a new political era in which a new political generation will start taking over the government. Barring a disaster, such as the outbreak of a great war, I would guess that change of party will depend on whether confidence in the Republican party's ability to govern can be made strong enough to overcome fear of the risks and uncertainties of a change.

Sam Rayburn A Favorite Candidate Of Demos, But He Longs For A Rest

CHICAGO.—If a popularity vote were taken in the House of Representatives, the winner among the Democrats—perhaps even among the Republicans—would be an elderly gentleman from Texas who has presided over the House with an iron hand, and who is affectionately referred to as "Sam."

His chief dream is to build a library in his home town, Bonham, Texas. He has already raised part of the money for the project, has collected an old masterpiece from the White House when it was remodeled, and gathered together an assortment of jewels he used in presiding over joint sessions of Congress when addressed by Queen Elizabeth, Winston Churchill, General MacArthur, General Eisenhower, and others.

It's Time For The Little People To Demand Direct Primary Voting

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald—Editor's Note.

This is the week of the great Biennial Circus in Texas, or the week of the Great Decision—according to your point of view. Since our good state throws its weight around on one wing—or one political party—the state, district and local offices will be determined in the Democratic primaries. This leaves the first Tuesday in November as a nice day on which the banks close, unless somebody decides to vote for a list of names they never saw before—these names being the state's delegates to the electoral college.

Gallup Poll Will Democratic Convention Be Last Of Its Kind In U. S.?

PRINCETON, N. J.—Take a good look at this week's Democratic national convention—it may be the last nominating convention of its type you'll ever see.

When the universal primary plan went before the Democratic platform committee it had the blessing of Sen. Estes Kefauver, candidate for the 1952 nomination, and the campaign managers of at least three other candidates—Vice-President Alben W. Barkley, Sen. Richard Russell of Georgia and Mutual Security Administrator Averell Harriman.

Uncle Ray's Corner Sunday Talk: Distance Of Sun

Someone who signs himself "A Steady Reader" has sent me this question: "Would you please explain why the sun is farther away in the summer than in the winter?"

First of all let me state that the sun really is farther away during the present month than it will be next January. This is a strange thing to people in the North Temperate Zone.

**At Bridal Tea Shower**

Shown at the tea table in the Lorin McDowell home are, left to right, the honoree, Caroline Smith; Mrs. McDowell; and the honoree's mother, Mrs. Tracy Smith.

**Barbara Caroline Smith Honored At Bridal Tea Friday Afternoon**

Barbara Caroline Smith, bride-elect of George Edward Ragsdale of Bennington, Okla., was honored at a tea shower given Friday afternoon in the ranch home of Mr. and Mrs. Lorin McDowell, 20 miles southeast of Big Spring. The couple will be married in a garden ceremony Saturday evening at the home of the bride's parents, 1903 Settles.

Hostesses for the tea were Mrs. V. H. McGibbon, Mrs. James Little, Mrs. J. A. Coffey, Mrs. John Coffee, Mrs. Della Agnell, Mrs. Norman Read, Mrs. Shire Phillips, Mrs. B. E. Cole of Dallas, Mrs. Nell Hilliard, Mrs. Albert Smith and Mrs. McDowell.

Mrs. McDowell greeted guests at the door and in the receiving line were the honoree; her mother, Mrs. Tracy T. Smith; Miss Elizabeth Smith, aunt of the bride-elect; Mrs. Paul Reagan of Hye; and Mrs. Horace Reagan.

Mrs. Agnell, Mrs. Little and Mrs. Hilliard alternated at the guest register and the gift display of

crystal, china and silver. Mrs. Phillips, Mrs. Coffey and Mrs. Smith poured punch and also assisting at the tea table were Mrs. McGibbon, Mrs. Read and Mrs. Coffee.

The tea table featured the prospective bride's chosen colors of pink, dusty rose and fuchsia and was laid with a pink, ruffled organza cloth over pink satin. The corners were festooned with pink satin ribbons and caught with nosegays of pink and fuchsia rosebuds and baby's breath.

A pink satin, revolving parasol, filled with tiny gift packages and circled at the base with pink baby asters and baby's breath, centered the table, and fuchsia tapers burned in crystal candelabra. Other appointments were in crystal.

Floral arrangements through the reception rooms were of pink and fuchsia gladioli, dahlias and snapdragons. An arrangement of greenery centering the mantel featured waxed leaf ligustrum and cherry laurel, and the gifts were displayed on tables covered with white satin and bordered with white satin roses.

The hostesses' gift to the honoree was a sterling carving set in her chosen pattern.

The honoree wore a floor-length dress of pink, fashioned with a bodice of Alecon lace and tulle skirt over pink satin and a stole of pink net. Her crystal necklace and earrings were worn by her mother at her own wedding. Her mother wore coffee lace over taffeta of the same shade.

Approximately 275 guests called during the afternoon.

**DESIGNING WOMAN**  
**Wallpaper Should Exert A Quieting Influence**

By ELIZABETH HILLYER

"The wallpaper in my bedroom makes faces at me," writes Mrs. D. S. D. "When I look at it long enough, I see faces in the floral design and the effect is anything but restful. Will you write something about how to avoid mistakes in choosing wall paper patterns?"

Three types of patterns turn out to be less pleasing on the wall than they were in the store, Mrs. D. One is the spotty pattern, in close up which some shapes contrast so much with the rest of the design that they jump out at you. Another disturbing pattern is the kind you mention, which seems to have faces or little figures in it that aren't supposed to be there. A third kind is the pattern that never stands still, but looks as if were moving endlessly across the wall. Avoid these disquieting influences by careful study of patterns before making a choice. Look at them up close and then farther away, turn your eyes to something else and then come back to them, look at the pattern you like another day when it may appeal to you differently than it did at first sight. For a clue as to how a pattern can be good or bad depending on color contrast, compare the juniper upper left pat-

**No Steel Strike Here**

John Lund and Ann Sheridan star in "Steel Town," playing today and Monday at the Ritz Theatre. The picture, in Technicolor, is the story of the steel mills and the cast includes Howard Duff, James Best and William Harrigan.

**WITH LUND, SHERIDAN**

## Story Of Steel Mill Presented At Ritz

Partially filmed in a steel mill, "Steel Town" brings to the screen the story about two steelworkers and a girl who stood between them. The picture, in color by Technicolor, opens the week's calendar of movies at the Ritz Theatre today. John Lund, Ann Sheridan and Howard Duff play the leading roles in the production that was filmed in a steel mill in Fontana, Calif. The story concerns the mill

## C-City School Tax Rate Is Increased

COLORADO CITY, July 19—The Colorado City school board raised the tax rate at its meeting this week from a dollar to \$1.15, and the budget adopted totaled \$413,797. Last year's budget figure was \$378,368.

Valuations were up almost half a million to \$14,257,000, and board members had hoped that the increased property valuations would enable the board to hold the same tax rate, but found the hope futile in the face of rising costs.

"It's hard to cut costs," said J. C. Bradley, chairman of the school board, "and do what people want us to do in our schools."

The board accepted resignations from Mrs. Charles Ray, Mrs. Bill Stewart, and Mrs. Oliver Worley. Teachers elected were Mrs. Ruth Wiley, Martha Post, James Trammel, Z. W. Carroll, Hetty Wallace Branch, Mr. and Mrs. Hampton Booser, and Willie May Washington.

## New Members Join Sea Scout Unit

Two new members were welcomed into the group when the Sea Scouts met Thursday evening at the scout hut.

The members are Tommy Harmon and Billy Lovelace. Plans for mid-summer social were made and the group did extensive work on the land ship.

**Girl On The Bridge**

Beverly Michaels and Robert Dane join Hugo Haas in the starring roles of "The Girl on the Bridge," the story of the committing of the perfect crime. Haas, in addition to starring in the picture, produced, directed and helped write the screenplay. This is the State Theatre's feature today and Monday.

## James Mason Is Starred In True Spy Story

The real-life story of the highest paid spy in history is the plot of "Five Fingers," the Tuesday and Wednesday movie at the Ritz Theatre this week.

Starring in the picture, filmed entirely in Ankara and Istanbul, Turkey—where the action really happened—is James Mason. He plays Cicero, the spy.

Danielle Darrieux, Walter Hampton and Michael Rennie head the supporting cast.

Mason is a trusted valet for the British Ambassador in Turkey and steals top secret Allied documents during World War II. He offers them to the German government and seals the 35 top secrets in the following five weeks.

He even steals the Normandy invasion plans and sells them to the Nazis for 100 thousand pounds. But the Germans disregard the plans when they decide they have been drawn into a trap.

They then turn on Mason who has to flee for his life.

Many of the scenes were filmed in the German Embassy in Ankara and other scenes include the Grand Bazaar in Istanbul, the Golden Horn harbor of the Bosphorus and the three most famous mosques in the world, the St. Sophia, the Suleiman and the Blue Mosque.

## Slim Whitman Is Hospital Visitor

Western singing star Slim Whitman broadcast from the recreation hall of the local VA Hospital Thursday during a performance for hospital patients.

Whitman's program was aired over station KEXC. The western band played several numbers for patients following the broadcast.

Also on the Thursday program was a variety show sponsored by the Sheriff's Posse of Odessa. Included were dance selections from the Millner Dance Studio.

James Mason (right) and two companions prepare to steal more plans from the English government. Mason plays the part of Cicero, the world's highest paid spy, in "Five Fingers," opening at the Ritz Theatre Tuesday. The picture, filmed in Turkey is based on actual events.

## Murder And Suicide In State Film

The planning of the perfect crime by an older man in his desires for a beautiful young woman

gets the situation of "The Lady on the Bridge," opening at the State Theatre today.

The picture stars Hugo Haas, Beverly Michaels and Robert Dane. In addition to being one of the leading actors in the picture, Haas directed and produced it and helped Arnold Phillips write the story and adapt it to the screen.

Haas plays the role of a lonely watchmaker who falls in love with young Miss Michaels, and as

a result of his love for her, kills a man.

After the crime has been pinned on the murdered man's cousin, Dane, Haas' conscience begins to bother him. Dane is released for lack of evidence and Haas commits suicide by jumping from the same bridge where he—in the opening—dissuaded Miss Michaels from leaping.

The fur traffic was an important factor in settling North America.

## HIGHLIGHTS ON KBST Radio Slates Full Convention Report

The Democratic National Convention jumps into the spotlight this week, and as during the Republican conclave, full radio coverage will be presented by KBST-ABC.

The KBST coverage will begin Monday night at 7 o'clock, and continue at that time each night until the Convention adjourns. Daytime coverage will be added as the important business of nominations and balloting begins.

The Convention broadcasts will again move or displace many regularly scheduled programs. The "Jack Berch Show" will be heard each weekday morning at 10:30 a.m. The "Bill Ring Show," regularly scheduled at 1:45 p.m. daily will move to 10:15 a.m. One of the most popular features, "Break the Bank," will be cancelled entirely this week.

Nighttime regulars, such as the "Cosden Concert," the 9:30 p.m. News, the "TSN Roundup," the 10:00 o'clock news, and Glenn Miller's "Moonlight Serenade" are being scheduled on a tentative basis, since their presentation will depend upon the duration of the Convention broadcasts.

The Monday night Convention

broadcast will feature the keynote address by Governor Paul Dever of Massachusetts. Tuesday night, there will be speeches by as yet undesignated representatives of government, labor, women and farmers. Wednesday night, the highlight of the Convention occurs as the roll call of the States begins to place in nomination the names of the various candidates. Thursday and thereafter, the balloting will take place, and daytime broadcasts of the Convention, at 11 a.m., will begin.

Full coverage of the Democratic Primary election returns will be broadcast by KBST next Saturday. The KBST "Election Party" will begin at 7:30 p.m., and continue until the majority of the races are decided on both the local and state fronts. One KBST election team will be stationed at the Big Spring Herald to broadcast local returns as they come into the Herald's tabulating office. State races will be covered from the studio, with reports from the Texas Election Bureau. During the course of the returns, interviews with many of the local candidates will be held.

## Anything Can Happen At A Wedding Ceremony

By JO HILL

Maybe Big Spring brides are bolder and their bridegrooms are braver.

At any rate, local pastors haven't had to revive fainting females and scourge the country for disappearing bridegrooms.

But the best laid plans of mice and men often go astray. And weddings seem to be the prime example of the old proverb.

As traditional as something old and new is the best man who drops the ring.

But one pastor believes that the tradition was carried a bit too far at a ceremony he was performing.

When the time arrived for the appearance of the ring, the best man reached in his pocket and drew forth the box. Lifting the lid with shaking fingers, he gingerly took the ring from its velvet pillow.

Then he dropped it!

It rolled beneath row after row of seats in the sanctuary. As it passed each row, guests dropped to their knees in an effort to stop its fast journey. Finally the elusive piece of jewelry was caught

and returned to the shaken attendant.

Another minister once officiated at a military wedding in a church that wasn't air-conditioned.

Despite the pleas of the feminine attendants, the bridegroom turned on the fans.

The fan directly above the heads of the bridal couple whipped up a breeze of such velocity that it weakened the bride almost to the point of fainting. Her veil stood out stiffly behind her giving her the appearance of an aborigine.

Of course, the honor attendants' dresses billowed like huge balloons.

One pastor performed a ceremony in a small Western Colorado town during the second year of his ministry. The bride was a young girl he had known since she was a child.

As the couple stood calmly before the altar, the pastor asked the usual questions of the bridegroom. He didn't answer. Then turning to the bride, he repeated the questions.

"Pastor," the bridegroom hurriedly said, "Leave out the word 'obey'."

## Summer Months Important For Child Safety In Traffic

Summer months are particularly important for child safety in traffic. They are carefree months for junior. Too involved in play he may menace his own life by taking thoughtless chances in traffic.

According to the National Safety Council, it is up to the parents to see that their children—

"...always play on a play-

ground—never in or near the street.

"...always walk on sidewalks or well away from the path of cars.

"...always cross streets carefully—stop at the curb; look both ways an dfor turning traffic; wait until it's safe and then walk across the street.

"...ride bikes skillfully; obey traffic regulations and give hand signals. Know the dangers of stunt riding on streets.

"...know the safest route to those places to which they go regularly."

While it is true parents cannot be on hand to supervise each and every step taken by junior, these safety rules MUST be impressed on him, says the Council. The way to do so is for parents to insist on the proper respect for and obedience of authority in the home.

They can then expect their children to have the proper attitude towards authority in the school and on the street.

Remember, the child who learns

safety...learns the way to longer life!

Prince Valiant IN THE DAYS OF KING ARTHUR by Harold R. Foster

Synopsis: FOR THREE DAYS PRINCE VALIANT HIDES BENEATH THE VERY GATES OF SIGURD HOLEM'S STRONGHOLD WHILE THE CLATTER OF HOOPS AND THE BAYING OF HOUNDS TELLS HIM THE SEARCH IS STILL ON.

MEANWHILE RUFUS HAS REACHED VIK JINGSHOLM AND ASKED THE KING FOR TWENTY WARRIORS. THE KING IS AGHAST: "SIGURD WAS A BRAVE SOLDIER AND FAIRLY EARNED HIS FIEF. I CAN HARDLY BELIEVE HE HAS TURNED CRIMINAL!"

BUT HE SENDS A TROOP WITH RUFUS AND ERE LONG THEY STAND, WITH A BRANCH OF TRUCE, UNDER SIGURD'S GATES AND DEMAND RIGHT OF SEARCH.

COLD AND HUNGRY, VAL CROUCHES SHIVERING BENEATH THEIR FEET. ONLY HE HAS PROOF OF SIGURD'S CRIMES AND WILL BE MET WITH A DEADLY ARROW SHOULD HE SHOW HIMSELF. THEN A THIRSTY WARRIOR DESCENDS TO THE STREAM FOR A DRINK.....

..... AND IS SURPRISED TO COME FACE TO FACE WITH HIS PRINCE. "TELL EACH OF YOUR COMRADES TO COME DOWN FOR A DRINK," WHISPERS VAL, "AND EACH ONE TO LEAVE HERE A DIFFERENT ITEM OF ARMOR!"

SIGURD WILL NOT YIELD. "THIS FIEF IS MINE!" Y' S'OUTS, "AND I WILL RULE AS I SEE FIT. BEGONE!"

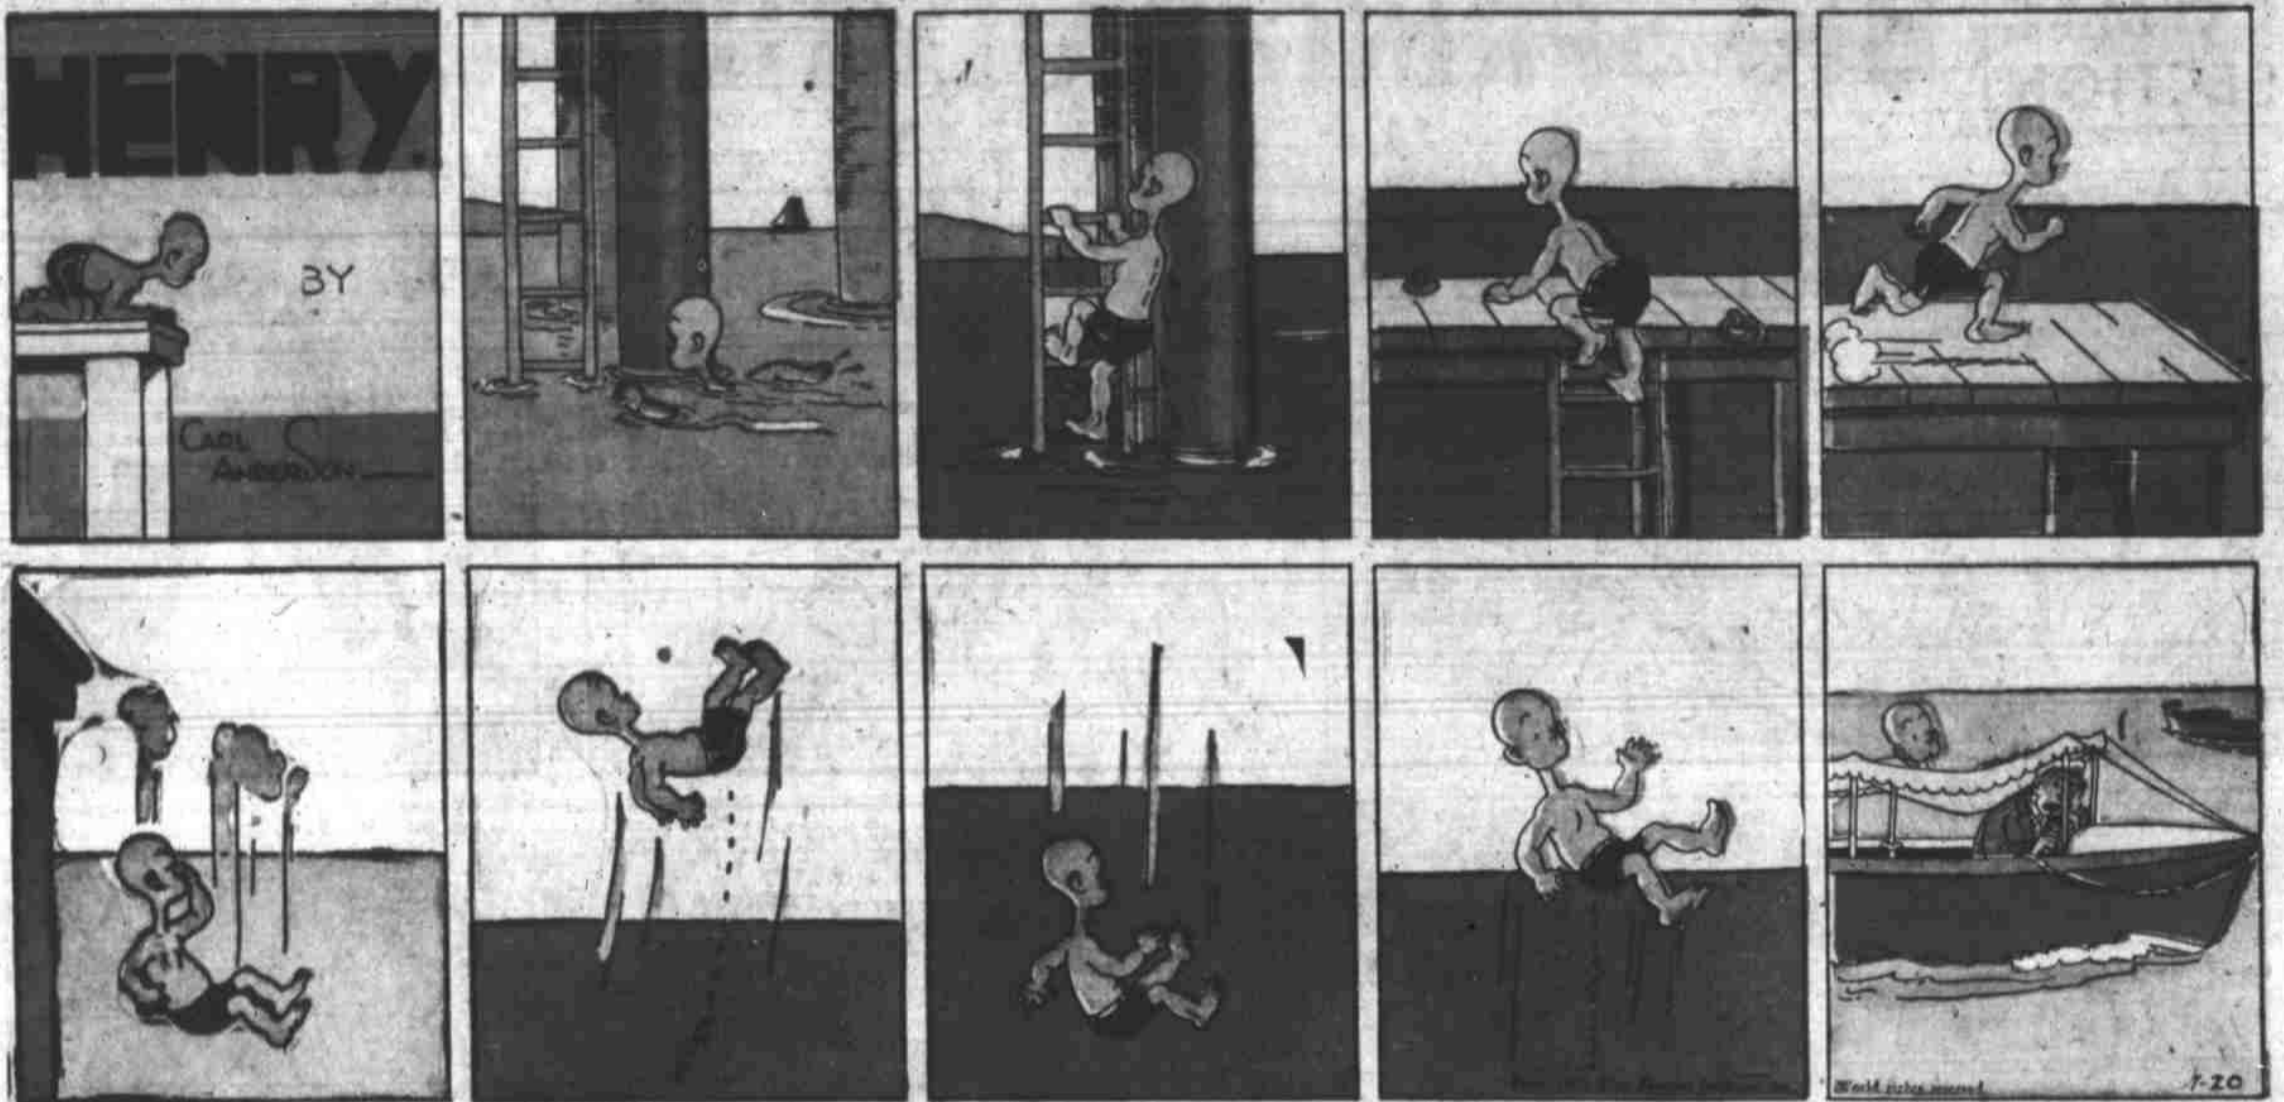

RUFUS HAD TAKEN AN ESCORT OF FIVE WARRIORS TO THE PARLEY, WHO IS TO NOTICE THAT NOW THERE ARE SIX?

AS VAL ONCE MORE DONS HIS OWN ARMOR, HE ANNOUNCES: "IT WOULD TAKE AN ARMY TO STORM THAT FORTRESS. YET HERE WE STAY UNTIL SOME WAY IS FOUND TO CONQUER IT!"

NEXT WEEK - Human Moles.
