### Charles Shannon Goes on Tour

Charles Shannon of Ropes and Ray Gober of Meadow recently attended a dealer tour of the research nursery of Pfister Associated Growers, Inc., in Hutchinson, Kansas.

Mr. Shannon and Mr. Gober were two of 78 West Texas and Eastern New Mexico dealers to attend this field trip. They boarded an American Flyers Airline Constellation at the Lubbock municipal airport. The flight originated in Lubbock and stopped at Amarillo to pick up additional dealer representatives enroute to the research farm in Hutchinson.

Upon arrival in Hutchinson dealers were met by nursery representatives who were hosts for the day of events. Chartered busses transported the dealers to the Baker Hotel in Hutchinson for the first phase of the program. The meeting was called to order and talks were given by P.A.G. departmental heads and by Bill Dorman of Dorman & Company, Lubbock.

A luncheon was given for the visiting 133 dealers and distributors from every part of the United States considered to be in the sorghum

belt. The Texas delegation, sponsored by Dorman & Company of Lubbock, comprised more than half of all the representatives attending.

During the afternoon, a field trip was taken to the P.A.G. Sorghum Research Nursery where the actual plant breeding and research take place. Procedures were explained by departmental heads in charge of individual experiments. It was shown in detail how pollination was controlled to develop new hybrids and varieties of seeds. Included in observation plots of the nursery were hybrid sorghums, hybrid forage sorghums, cotton, and other seeds being tested.

Upon completion of the field tour, the group returned to the hotel headquarters and a panel discussion was held to answer questions. During the discussion research workers became better acquainted with the specific problems of each area. After an evening meal the meeting was dismissed and the local dealers were returned to the Amarillo and Lubbock airports in the chartered aircraft.

Bill Dorman of Dorman & Company, Lubbock, addresses a group of P.A.G. dealers and distributors at the P.A.G. Sorghum Research Nursery in Hutchinson, Kansas. Third from left is Mabry Peel, also of Dorman & Company. Mr. Louie Camp, Research director for Pfister Associated Growers, Inc. (P.A.G.), explains new techniques in

At no time in the history of the Ropes schools has the attendance reached the total of attendance recorded at this time of year, the total being 662, with only twenty-four in the colored school.

Supt. O. V. Fuller told the Plainsman Wednesday morning that already the elementary school had as many pupils as it had at the peak last year and that Junior High was away above the peak load it carried last year.

Mr. Fuller also said that with the continued increase in attendance the schools would have to employ one or more teachers. "We have only one room left that we can use," said Mr. Fuller, "and I don't know what we are going to do with the overflow of pupils."

The Junior High building should already have been wrecked and replaced with a new one. This building outlived its usefulness more than ten years ago. It is more of a liability than a useful unit.

Some consideration is being given to building an underground building that could be used as a fall-out shelter in case of atomic attack, or in case of tornadoes. Mr. Fuller said they had received much literature on such a building and that when the time of erecting came they would likely inspect such a plan to see if it was feasible for the Ropes schools. The one drawback right at the present is the lack of a sewer system.

UNKNOWN ASSAILANT SHOOTS LATIN AMERICAN Saturday night near Burtville an unknown assailant shot into a car loaded with Latin Americans. One man, who was wounded by the car, was standing by Demingo Demingus owes

his life to the fact that small birdshot was used instead of larger shot. One pellet penetrated his neck just above the jugular vein, another struck him in the arm and several were imbedded in his chest. However, they stopped just under the skin. He

was treated at Brownfield and released.

There had been trouble earlier in the night, but the man claimed he had no idea who shot him.

Investigation was made by Sheriff Weir Clem and City Marshal Dub Riney.

#### RAIN STOPS THE HARVEST

A gentle rain, which fell most of Monday night and continued through Tuesday, brought the harvest to an abrupt halt and deposited almost an inch of moisture over the territory.

Wednesday the sky cleared for a time, but clouds continued to drift across the heavens. However, up to press time Wednesday night it had remained dry.

If there is anything we do not need now, it is more rain.

GENERAL SYSTEM America's Largest Independent Telephone System

## Man against the sky

The telephone lineman is another active symbol of service at General Telephone.

He climbs a pole with spur-like "climbers" strapped to feet and legs, and is silhouetted against the sky held firmly by his safety belt.

With the tools hanging from his belt he installs new wires and cables, and repairs lines when storms, wind and ice damage them.

He is one of many folks at General Telephone who suggest the convenience of another telephone in your home, now that the busy Fall season is here. They save steps, are available in many colors, cost pennies a day. Call the Business Office now.

### LOCAL FFA BOYS SELLING MAGAZINES

The members of the Ropes FFA Chapter are selling the Curtis Publications this year. There are about one hundred magazines on the list that the Curtis Company either prints or sells as an agent for the publisher.

Two of the Curtis magazines that have been popular in this territory are the Saturday Evening Post and Ladies' Home Journal. These are offered to the public at a considerable saving when compared to the newsstand price.

Magazines may be bought from any FFA member. He will take the order and see that the magazine is delivered. The Chapter is authorized to take both new and renewal subscriptions. The big bargain is the Saturday Evening Post, regular price is \$5.95 for one year; special price is two years (100 issues) for \$7.00.

Chapter members are competing for prizes that are earned by achieving a sales quota.

### NOTICE

Mrs. Bob Whitlock, city secretary, brings to your attention that the tax notices have been mailed out.

## LOOK HOW CLEAN MODERN ELECTRIC HOME HEATING IS!

EVEN A SNOW WHITE HANDKERCHIEF STAYS CLEAN WITH ELECTRIC HEAT

From home after home where electric house heating has been installed, you hear comments like these:

"Dusting is practically unnecessary..."

"Drapes just never seem to get dirty."

"We haven't had to redecorate in years."

And, then, electric heat homeowners volunteer information like,

"There just aren't any cold drafts or hot blasts."

"We've never felt so completely comfortable."

"It's amazing, there's just no maintenance to pay for or worry about."

Clean and comfortable — that's electric heat. And more economical than you believe possible. Ask your Public Service manager about electric heat — including a special heating rate.
