CERTIFICATE TO BE AWARDED TO BOB WHITLOCK

Mr. Bob Whitlock of Ropes has been named as a county winner in competition that selects the "School Bus Driver of the Year" in Texas.

The statewide contest for 1963-64 is conducted by Texas Education Agency, in cooperation with Texas Motor Transportation Association and the Texas Department of Public Safety.

Mr. Whitlock will be presented a handsome Certificate of Award "in recognition of his outstanding service as a public school bus driver in his county" in the high school auditorium Thursday, today, at 3:45 p.m.

The coveted citation is signed by Commissioner of Education J. W. Edgar, TMTA Executive Director Jim Taylor and DPS Director Homer Garrison, Jr.

County winners are chosen from more than 8,000 drivers in public schools in Texas.

Six of these will be designated as regional winners and as nominees for "Driver of the Year" recognition at TMTA's annual meeting in Corpus Christi, June 11-13.

Selections for the awards are based on the school driver's cooperation with administration, attitude and appearance, community citizenship, supervision of passengers, schedule promptness, years and total miles driven, outstanding acts, complete personal driving record, care and maintenance of equipment, participation in training programs, and knowledge of job.

THIEVES SWIPE 4 SETS DOMINOES

When the boys merged on the Jim Martin Domino Hall Monday to start their daily play it was discovered all the dominoes had been stolen.

Jim's domino hall is unique in that the doors are never locked and no one supervising the play, the players paying rent on the room in which it is held by the month and not by the game.

This place has been open in Ropes for several years and this is the second time dominoes have been taken. However, the first time only one set was taken.

The Ropes Chapter of Young Farmers met Monday night, May 11, in the school cafeteria. Mr. Lavon Ray, of the Lubbock Experiment Station, was the speaker. Mr. Ray gave a very interesting and informative talk on the work at the station, with particular attention to the developments in cotton and grain sorghum. He told how the station has been working with hybrid cotton in recent years. He said that the true hybrid cotton is still some ways off, but may become a reality in the next few years. He also talked about the experiments with water uses, and disease control. The next meeting will be June 15. This meeting will be a joint one with the Young Homemakers and will feature a demonstration on first aid. With the water season coming on, we all need this information.

BE SURE YOU VOTE

There is a great deal of worry among candidates that the voters will not come out and vote in the June primary, which will be held on June 6.

If you are planning a vacation, plan to leave after May 23, for on that day absentee balloting will start and you can go to Levelland to the county clerk's office and cast your vote.

Let's all plan to vote in the June primary — if you don't, your favorite candidate may be defeated. In the May primary more than one hundred people failed to vote in the Ropes box, and over 800 in Precinct 1. The vicious sand storm of that day is blamed for keeping folks away from the polls—don't let anything keep you away in June.
