----000---THIS WEEK IN AUSTIN

By Senator Preston Smith House Bill 7 is a small loan bill, called the "loan shark" bill. That has as its purpose the regulation of interest and charges on small loans.

On this bill rests the hope that Texas will eliminate abuses of a ruthless and heart less segment of the small loan industry that has preyed on the poor and ignorant.

The voters of Texas have shown faith in the ability of the Legislature to cope with the problem. This faith was demonstrated by the overwhelming approval of an amendment to the Constitution removing the almost sacred 10 per cent limit on interest rates, leaving the actual enabling legislation up to the wisdom of the Legislature. The House and the Senate at this session of the Legislature are confronted with the obligation of writing a law that will define small loans and which will set a fair interest rate above the 10 cent limitation.

The governor, lieutenant governor, speaker and majormy of the Legislature campaigned on platforms which assured the voters the loan shark evil would be eliminat-

There will be strenuous effort by some House members this week to kill the proposed legislation with crip pling amendments.

Newspaper readers will find it difficult to determine who among those offering amendments is seriously attempting to write for Texas small loan legislation in keeping with the mandate of the people, and who is cunningly working for several major small loan syndicates interested in monopoly and maximum pro-

Members of the Legislature however, will know by the very nature of the amendments. They also know the lobby that represents the small loan industry in its various segments.

How Use Of Water May

As you grow older, your system begins to dry out. This is true of your digestive system, and it may lead to constipation. Serutan, taken daily with plenty of water, produces a smooth gel that provides the proper moisture, bulk and peristaltic stimulation to help end your constipation worries.

SERUTAN is the all-vegetable lax-ative aid that moistens hard, dry food wastes and forms it for easy, regular elimination. Serutan is entirely different from harsh chemical pills, salts, bran or oils. Take SERUTANdaily with water and enjoy regular elimination or your money back.
