Casey Halloween Carnival to be Held Monday Night

SALES AND MARKETING CLUB OFFICERS ELECTED—New officers of the Sales and Marketing Club at South Plains College recently attended a fall leadership training conference in Austin. Standing from left are Darrell Grimes, club advisor; Oscar Pompa of Whiteface, parliamentarian; Cliffa Pettiet of Ropesville, reporter; Kathy Roberts of Brownfield, historical; and Karen Hutto of Dimmitt, treasurer; and Buddy Moore, advisor. Seated from left are Cathy Moseley of Whiteface, vice president; Archie Tobias of Lubbock, president; and Denise Drachenberg of Route 5, Lubbock, secretary. Not pictured is Pam Bingham of Meadow, interclub council representative.

The annual Casey Elementary Halloween Carnival will be held this Monday evening, October 27th from 6:00 to 8:30 p.m. at the Casey School Building. A king and queen of the carnival will be crowned at the High School Auditorium in ceremonies that will begin at 9:00 p.m. The king and queen will be selected by the room that makes the most money in their fund raising projects. Each room at Casey has been selling "things" all week long. The money earned by each room will be retained by that room for needed items this school year.

The money that will be earned Monday night will go to help pay for the two new paved play areas at Casey. These two areas will be finished by Monday night. The approximate cost of these areas is \$2,800.00. PTA president, J.B. Bitner, said that we must make \$1,400.00 Monday night and that

much again next year to make our payments.

If everyone who has a child in Casey, and other people in our community, will participate Monday evening, we can raise more than the \$1,400.00 needed. Here are some of the items needed: cakes for the cake walk, sugar to make cotton candy, new toys for the toy walk, prizes (home made, bought or donated) for the bingo and auction. Please bring these items anytime to the school. There will be bingo from 6:00 to 7:30 and the auction from 7:30 to 8:30. A boys and girls bicycle will be raffled off. These are beautiful \$60 bicycles with chrome fenders and blue denim seats. They will be on display in the cafeteria.

Food will be served from 6:00 to 8:30 in the cafeteria. Hot dogs, corn dogs, pizza and drinks also.

Come and have a big time with us Monday evening.

Frenship Tigers Lose to Post Antelopes Friday 28-0

Frenship surprised a highly touted Post football team for 3

quarters before finally falling to the Antelopes 28-0.

Post received the opening kick-off and drove 70 yards for their first score. Bryan Davis ran around right end from 12 yards out and Garland Dudley tacked on the extra point for a 7-0 lead. Neither team could mount a drive for the next quarter and a half. The Tigers went to the dressing room at the half trailing by 7 points.

Frenship started their longest drive of the evening with the return of the kickoff to start the third quarter. The Tigers began from their own 15 yard line. The yardage was of the tough variety with Bobby Tennell netting 23 yards, Gary Snowden 13 yards, and Weldon Brooks 15 yards. Frenship netted 7 first downs. The Tigers had hopes for an upset as the Antelopes began to retreat. Frenship had 3 big scoring opportunities during the drive, but failed each time. The Tigers dropped an apparent TD pass, failed to score on 3 tries from the 9 yard line, and had a back slip as he was turning the corner for what looked like a possible score.

Post took over on downs from their own 5 yard line and began to flex their muscles as they drove the ball 95 yards for a score. Randell Wyatt ran for 14 yards with the Dudley conversion to give Post a 14-8 score with 11 minutes to play. Frenship fumbled the kick-off and Post drove in from the 15 yard line with Edward Price netting the final 3 yards. Finally, Post quarterback Bryan Davis, ran 40 yards on an apparent busted play for the final tally of the evening.

Frenship was led defensively by Brent Drennan, Mike Mansell and David Gutierrez.

The Tigers travel to Denver City Friday night to play the league leading Mustangs. D.C. has beaten Slaton 10-6 and Cooper 49-0. It has been 6 years since the Tigers beat the Mustangs.

USDA Office Offers New Instant Cotton Market News at Lubbock

Cotton farmers will be able to get instant cotton market news from the U.S. Department of Agriculture beginning October 28 throughout the West Texas cotton marketing season.

This service, available 24 hours a day, seven days a week, was announced by Paul R. Dickson, who is in charge of the Lubbock cotton classing office, USDA's Agricultural Marketing Service.

Tiger Junior Varsity Roundup

The Tiger Junior Varsity traveled to Post for their sixth game of the season, but came up on the short end of the score, 24-8. Post scored the only points of the first half and took a 6-0 lead into the dressing room. The Tiger JV had a couple of chances to score in the first half, but failed to score.

The Tiger JV took the opening second half kickoff, but fumbled the ball away on the third play from scrimmage. Post took the ball and scored quickly to make the score 12-0. The Tiger JV took the next kickoff and drove for their only score of the night. Lloyd Strong, Nick Olenik and Roy Cruz did most of the damage, with Carlos Gomez covering the final five yards for the score. Lloyd Strong scored the PAT for a 12-8 score. Post scored on one long drive and one pass interception for a final score of 24-8.

The Tiger JVs are now 4-2 on the season and 2-1 in district play. Their next game is next Thursday night against the Lubbock High Sophomores. Game time is 7:30.

Frenship Freshmen Drop Close Game To Post by 28-22

The Freshman Tigers of Frenship failed in their effort to come from behind to defeat Post and fell to the Antelopes by a 28-22 count.

Frenship began this scoring in the second stanza as Ralph Gonzales ran over a TD and Vernell McKinney raced 41 yards with a Roger Allen pass for a second touchdown, as the halftime tally read Post 22, Frenship 16.

Post added six points in the third period and Frenship countered with six early in the final quarter on another Gonzales touchdown. The freshmen had a final shot at victory late in the game until a Roger Allen misfired pass landed in the hands of a Post

George Mahon Pleased With Suspension Of Grain Sales to Soviet Union

Congressman George Mahon, following the announcement by the Administration of a grain sales agreement with the Soviet Union, said:

"Although I have not had the opportunity to analyze all of the provisions of the announced agreement, I am most pleased that the suspension of grain sales to the Soviet Union has been lifted. However, the announcement of the grain agreement comes at a time when it appears that the Russians have already bought much of their requirements from sources outside the U.S. The benefits which will now accrue to the American farmer have been greatly diminished due to the long delays in lifting the moratorium."

"Since we logged more than 100 calls daily last season—the first time we've offered instant market news, we feel that such interest warrants our continuing the service," Dickson said. Farmers and other interested persons can dial Area Code 806 - 763-7870 and get a two-minute report on West Texas cotton market news.

The report will cover Lubbock spot cotton prices, producer mixed lot cotton prices, spot market quotations, demand, and supply.

Also, the report will include the number of bales classed daily, the quality range with comments about bark and other trash that cause quality reduction, how well the Lubbock classing office is able to keep up with the ginnings, and cottonseed prices.

"This cotton market news is collected by unbiased reporters who have no financial interest in the market," Mr. Dickson said.

"They get their facts by daily contacts with farmers, ginner, buyers, merchants and others in the cotton industry. Then, we summarize these facts to provide up-to-the-minute cotton market news," he explained.

Bill Crockett, a veteran cotton market news man, will handle the instant-market news service again this year.

Persons who wish to get weekly cotton market news, cotton quality and cottonseed reports by mail should request them from the Cotton Classing Office, AMS-USDA, P.O. Box 879, Lubbock, Texas 79408.

Ropesville Area News

Mr. and Mrs. John Hort and Mr. and Mrs. Harvey Lamb of Lubbock visited in the home of their parents, Mr. and Mrs. Bob Whitlock Sunday.

Mrs. Tommy Dave Whitlock of Lubbock visited in the home of Mr. and Mrs. Bob Whitlock Tuesday.

Mr. and Mrs. Don Whitlock of Odessa are the proud parents of a new daughter. She was named Joyce Lee. She is the paternal granddaughter of Mr. and Mrs. Bob Whitlock.

Visitors in the home of Mr. and Mrs. J.R. Gailey last Friday were some old friends, Mrs. Lillian Smith and Mrs. Afton Marshall of Ranger, Texas.

J.R. Smith, Tuesday.

Mr. Ennis Moore who has been in Highland Hospital for several days returned home Monday.

Ropes School News

The Ropes Eagles will play O'Donnell there Friday, October 24 at 7:30 p.m. The Eagles are looking for their 5th victory. The Eagles are really full of spirit so let's all go help them win again.

The Ropes Eagle Band would like to thank all the people that helped make the spaghetti supper a success. We really appreciate all the backing and help that was given to us. Thanks again.

The Eaglettes started off their basketball season here last Tuesday night against Whitharral. The B-team played at 6:30 and varsity followed.

The varsity team consists of Omie Dalton, Sr. guard; Debbie Johnson, Sr. guard; Martha Einerson, Sr. guard; Gail Stephenson, Soph. guard; Penny Proffitt, Freshman guard; Sonia Comancho, Sr. guard; Martha Turnipseed, Freshman guard; Sherry Means, Freshman forward; Gay Stephenson, Jr. forward; LaWana Smith, Jr. forward; Donna Marcy, Soph. forward; Elizabeth Trevenio, Soph. forward; Josie Ponce, Soph. forward. Managers are Brenda Cox, Susie Rainwater and Frances Martin.

To think before you speak is a very good rule, if you think long enough and hard enough before speaking.

Wolfforth Area News

Mr. and Mrs. D.C. Foy spent last weekend in Anson with her mother, Mrs. E.P. Parker and other relatives.

Mr. and Mrs. Chuck and Edna Charles visited in Alamogordo, New Mexico recently. They visited her niece and husband, Sgt. and Mrs. Duane Chapman. While there they all had a good time at White Sands National Park.

Mr. O.D. Simons is home now and doing extremely well.

Mr. C.W. Jennings, a long time resident of Wolfforth, passed away last Friday at Big Spring Hospital. His funeral was conducted Saturday at the Wolfforth Baptist Church with Re Bittner officiating.

The Wolfforth Home Demonstration Club will have it's monthly meeting Tuesday, Oct. 28 at 2 p.m. The club is to meet at the home of Mrs. Grady Brook and will then have a field trip to Holland Gardens in Lubbock.

Frenship Young Homemakers met Monday, Oct. 20. They wre given a demonstration on the microwave oven by Tersco.

The Wolfforth Post Office parking area was the scene of a minor accident Wednesday morning. One car was backed out of a parking space and hit another car that was entering the lot through

the exit. The collision was minor.

Rev. Pittman is still in Methodist Hospital.

Frenship School District to Comply With Title IX

On October 13, 1975, the Frenship Independent School District adopted a policy in compliance with Title IX issued by the Department of Health, Education, and Welfare that "no person in the United States shall, on the basis of sex be excluded from participationin, be denied the benefits of, or be subjected to discrimination under any educational program or activity receiving federal financial assistance."

In regard to this policy, if there are any questions or grievances, contact Wyman Richey, Assistant Superintendent, at 866-4416.

If you sacrifice your principles for popularity, you lose much and gain nothing worth having.

Outdoors in Texas

By J. C. Roberts

Quail

One of the most popular birds hunted in Texas is the quail...and because of his popularity, several misunderstandings about this bird are circulated around. Perhaps the greatest is the story of one or more "hatches" of quail a year. Biologists in the state indicate that quail raise only one hatch per year. However, they will reneest if their brood is wiped out by dry weather, or other misfortune such as a predator. We have all heard about the "big Blues" ... wrong again ... Blue (or scaled quail) weigh only about a half ounce more than the bobwhites. Quail dine on weed seeds and insects, and during the winter on the "green" winter weeds and grasses. Some 80% of the quail DO NOT survive past one season, so closing the hunting off would not benefit the quail crop. Weather, not hunting pressure, is the greatest determining factor on how the crop of birds will be from year to year.

Texas Tech Homecoming Set for Oct. 31 & Nov. 1st

Texas Tech University's Golden Anniversary Homecoming Celebration, Oct. 31-Nov. 1, will include a pep rally, parade, football game and two full days of business and entertainment activities for the university's ex-students and alumni.

Special recognition will go to the classes of 1925—Texas Tech's first year of operation—through 1934, the Silver Anniversary Class of 1950, and the 30th anniversary class of 1955, according to Wayne James, executive director of the Texas Tech Ex-Students Association.

A reception for members of those classes will be held from 3:30 to 4:30 p.m., Oct. 31, in the Ex-Students Association Building.

A special effort is being made to encourage all students who attended Texas Tech during those periods to attend the reception.

Another special recognition service is planned for former football players who lettered under the late Coach Pete Cawthon. They will be honored at a reception from 5:30 to 6:30 p.m., Nov. 1, following the traditional Homecoming football game between the Texas Tech Red Raiders and the Rice Owls of Houston.

Some 80 to 100 former lettermen under Cawthon have indicated their intention of attending and participating in the homecoming activities, according to Dean of Students Lewis Jones, one of those who played and lettered under Cawthon.

Formal activities for the Texas Tech Ex-Students Association and its members begin at 10 a.m., Oct. 31, with a meeting of the Executive Board of the Association and a coffee for past presidents at 10:30.

The Association Council will attend a luncheon meeting in the University Center, at which time the annual Top Techsan Staff Award recipients will be honored

by the Ex-Students Association. The awards to two to four full-time employees with a minimum of 10 years employment at Texas Tech. Nominees are judged on their loyalty to the institution and quality of service to students, faculty, staff and university community as well as their integrity and moral character, James said.

A committee made up of members of the faculty, staff and ex-students will select the recipients from nominees.

The council's business session will be held the afternoon of Oct. 31, when new officers will be elected.

Friday night events include the pep rally and the 15th annual dinner meeting of the Texas Tech Century Club. The rally, sponsored by the Saddle Tramps, will be near the site of the new swimming pool in the west part of the campus. The Century Club dinner will be in the University Center Ballroom at 6:30 p.m. with Humorist Jerry Clower as the principal speaker.

The annual Homecoming Dance will also be Friday night, 9 p.m., at the KoKo Palace.

An estimated 75 campus organizations, including the academic colleges, will host breakfasts, coffees, open houses, teas, receptions, dances, reunions and other activities for the returning alumni and ex-students on Nov. 1.

The parade will start from downtown Lubbock at 10 a.m. and move on Broadway to the campus.

Other activities on Nov. 1 include a coffee honoring the classes of 1925-1934 and former members of the faculty from 9:30 to 11 a.m. in the University Center, with a special invitation to all persons living in Lubbock in 1925; the reunion for the class of 1955 from 9:30 to 10 a.m. in the University Center, a reunion for the class of 1950 from 10 to 11 a.m. in the Ex-Students Association Building; and the annual luncheon honoring ex-students, sponsored by Furr's Inc., Gold Bond Stamps and Furr's Cafeterias, in the Coliseum at noon.

The Homecoming football game between the Texas Tech Red Raiders and the Rice Owls will begin at 2 p.m., Saturday, Nov. 1, in Jones Stadium. The coronation of the Homecoming Queen will be a highlight of pre-game ceremonies.

A leader should be intelligent, honest and unselfish, and there are few of them about.

Greater Lubbock Press Club to Sponsor Public Forum Tuesday

State Senators Max Sherman of Amarillo and Kent Hance of Lubbock will present opposing viewpoints on a new Texas Constitution during a public meeting Tuesday, Oct. 28.

The pro and con discussion will be held at 7:30 p.m. Tuesday, October 28 at the Hilton Inn, rooms one and two, under sponsorship of the The Greater Lubbock Press Club.

The public is invited to attend. There is no admission charge.

Voters will decide on the new constitution during a special election Nov. 4. The proposed charter is broken into eight propositions to be voted on separately. Those propositions will govern the powers of the legislature and the governor, new practices in taxation, changes in the powers of county government, education and voting.

Sherman is a member of the Senate Committee on the Constitution and helped put the proposed charter in its final form. He will present the supporting

viewpoint on the new constitution.

Hance, in his first term as a state senator, has been asked by the group, Citizens to Preserve the Constitution, to present its arguments against the proposal.

Tuesday's program will permit each speaker to discuss the pros and cons of each of the eight propositions on the ballot. They will then answer questions from the audience.

Sherman, an Amarillo attorney, is 11th in seniority in the Texas Senate. Hance represented the 28th Senatorial district for the first time last session.

Merlin the Magician
on how to solve
your heating problem

**BE SWITCHED
TO ELECTRIC HEAT**

"Those drafty old castles are notorious even today for being dreadfully hot in summer and frigidly cold in winter. We didn't have the heat pump in those days, of course. I think what I like best about the heat pump is its simplicity. One unit provides heating and cooling... complete comfort in any kind of weather with one setting of the thermostat. And the heat pump is environmentally sound... when heating, it actually provides more energy than it uses. Yes, if I'd had a heat pump, I wouldn't have been so cranky about putting on my magic secrets..."

ENERGY EFFICIENCY ALLOWANCE
We at Southwestern are interested in your getting the most for your energy dollar. It's why we're offering an Energy Efficiency Incentive Allowance to our customers in existing homes who install electric heat pumps. Ask us about it.

SPORTS

by Joe Kelly

Horrible Thought Dept.: Maybe, just maybe, Texas Tech has won its last football game in 1975.

If you rush for 340 yards and pass for 182 more, you've probably won a ball game, haven't you? Yes, you probably have, unless you play for Texas Tech.

That's what the Raiders did Saturday night in a wild battle with Arizona. Tech rushed 68 times to 46 for Arizona, completed 12 of 14 passes, compared to 12 of 28.

But, as they say in the comics, a funny thing happened to Tech. It certainly wasn't funny, hah! hah! But weird.

The Raiders managed to fumble six times, keeping their consistency up, and they drew 10 penalties for 83 yards, compared to only two for 10 against the Wildcats.

And the kicking game fell down on three occasions: 1. A missed 56 yard field goal; 2. A missed 41 yard field goal; and 3. A weak punt of 33 yards late in the game that set up the winning Arizona field goal.

Missed field goals you can forgive, because there's a large element of luck involved. Weak punting in clutch situations is something else. It was caused by a 10-man rush and protection that failed, with an Arizona player almost blocking it.

Still, Arizona managed three field goals, the margin of victory—three of three for Arizona, NONE of two for Tech.

The Raiders continue to cause elation one minute and complete despair the next. There is no consistency and the defense is about at Border Conference standards.

Junior high school teams tackle better than the Raiders, who probably have no fingernails left. They trap a back and then let him get away for a good gain. They reach, instead of putting shoulders into the tackle—like A&M did.

And when it comes to pass defense, the Raiders hardly seem to know how to react. Two completely unnecessary pass interference penalties were called, and they hurt.

But the way Tech was beaten deep was pretty horrible. Sure, 12 of 28 seems like pretty good defense, except when the opponent gains 204 yards and scores twice through the air. And especially when two key passes are completed to lead up to the winning field goal.

Let's be honest, friends, this is not a good football team. It makes far too many mistakes, silly mistakes, unnecessary mistakes. It beats itself.

The offense is beginning to click and look like a winner—until a delay of game penalty, a fumble, a missed assignment, or something else crops up. The less said about the defense the better. It must be learning and that will help in the future, at least.

Above all, I feel sorry for Steve Sloan and I hold him in great respect. Not once have I heard him alibi or complain. All he has done is grit his teeth and go back to work, to say nothing of taking the blame for the poor showings on his coaching.

There's an old saying in baseball that you can't make chicken salad out of a certain ingredient. Players who consistently make mistakes may be hustling, but they leave a lot to be desired in thought processes.

And, continuing on Steve Sloan, not once has he mentioned the veteran players who quit the Tech squad, players who might well have made the difference in half the losses.

Nor has he cried because he is using a lot of inexperienced sophomores and freshmen. This obviously isn't going to be the year, but the foundation, as I've said before, is being laid. Steve Sloan is a winner; Tech will be too, one of these days.

Rain halted the World Series and, by this time, the outcome is known. Never having had the reputation as a gambler, I'd have to say that the rain helped the Reds and that they won the Series.

Regardless of how it came out, the first five games were good ones. Don Gullett was overpowering his second time out and Luis Tiant showed guts and craftiness in his two tries.

The Red Sox made a fight of it, daring the Reds when they were on the bases, fighting back when down, showing some good pitching and getting hits, lots of hits, off probably the best mound staff in the National League.

Cincinnati might just have one of the best three or four teams in baseball history. They have hitting, power, pitching, defense up the middle—everything it takes.

My personal pick for the most valuable Red is Pete Rose. He's a battler and a hustler. He'll beat you anyway he can, with bat or glove. He may look bad this time, but don't let it deceive you. He'll get you the next time.

He reminds me a lot of Jackie Wilcox, when he was a Hubber. He also would battle you every step of the way and he'd do anything to win. And winning is the name of the game.

What's with A&M? The Aggies barely got by TCU and it makes you wonder if the Aggies were so sky high for Tech that they suffered a letdown, or whether they held TCU in such low regard they couldn't get mentally ready for play.

This week the Cadets face Baylor and, even though the Bears have fallen on rocky ground, they could prove to be embarrassing. The Aggies, up and down all year, will have to be up for this one.

Texas' defeat of Arkansas was, and wasn't, a surprise. It is beginning to become apparent that the two best teams are Texas and A&M—which might make the finale between A&M and Arkansas a redfaced prediction by ABC Sports.

The Razorbacks finally got untracked in the second half, but the Horns already had done the damage. You can't spot Texas that much lead and win, unless you have a super team.

PERSONALS

CARD OF THANKS

I wish to thank all of the citizens and merchants of the Shallowater community for their generous support of this year's Harvest Festival. Many people gave of their time and money to make the event a success. I know that many of you will go unrecognized in your efforts, but I also know the joy that is found in helping others is yours. My special thanks goes to all those hard working Lions who made my job as chairman easy.

Rays of Hope

by Pat Stanton
Right Under Our Noses

The story of the Wright brothers who were the first to build an airplane that could fly is absolutely fabulous. The brothers, Orville and Wilbur, lived in Dayton, Ohio. On December 17, 1903, they took this strange looking contraption down to the beaches of Kitty Hawk, North Carolina. There they flew the plane. Oh, not very far, but it flew. They sent a telegram back to Dayton: "Today is the first day of sustained flight. Very happy. Coming home for Christmas."

The Dayton news reporters didn't comprehend the real significance of what had happened. They didn't see that that first sustained flight was the forerunner of our riding in airplanes today and the beginning of our trips to the moon. Do you know what the Dayton newspapers reported? A small item read: "Wright brothers coming home for Christmas."

Many people today are failing to catch the significance of the events that are taking place right

under our noses. Signs of the second coming of our Lord, Jesus said, "When these things begin to come to pass, then look up, and lift up your heads; for your redemption draweth nigh."

Start A New Halloween Tradition

Surprise the family with a new Halloween tradition this year, a party at home for children and friends. This will help assure a safe holiday season, devoid of broken razor blades or other harmful materials that are plaguing the Halloween celebrations in recent years.

Games and food can be planned around a theme. Older children can research the local library to learn all they can about pumpkins and Halloween before the party. And younger children could talk with their oldest friends or relatives to find out all they know about pumpkins. Then everyone can tell stories around a large pumpkin jack-o-lantern named "The Great Pumpkin."

Among items to consider for both decorations and refreshments are apples, popcorn and cheese, along with pumpkins, all available at the local food store.

Everyone has good traits, if you will take the time to discover them.

We Salute Bob Hodgkin . . .

Bob Hodgkin, owner and operator of Acid Delinters Inc., took ownership of the company earlier this year. Acid Delinters offers a very important service to area cotton farmers. They take the seed and remove the fuzzy lint, then chemically treat the seed. The result is a seed that has a higher percentage of germination, with increases of up to 30%, which gives you a higher, more uniform stand of cotton. Acid Delinters will provide the trailers needed to transport your seed from the gin to the delinting plant.

Mr. Hodgkin, who bought the business from his deceased brother's estate, is experienced in delinting and farming. He worked with his brother, Louis, for two seasons, so he has a real understanding of the necessity for a quality product.

Bob and his wife, Janet, have two girls and one boy and have been married for ten years. All of Mr. Hodgkin's spare time is devoted to his favorite pastime, farming.

Bob Hodgkin — An important part of Shallowater's farming community and growing commerce.

Symposiums for Women Interested in Returning to School Set at Texas Tech

Two symposiums for women who are interested in returning to school after being out for a length of time will be offered October 23 and 28 at 7:30 p.m. in Continuing Education building X-15, on the Texas Tech campus across from the Municipal Auditorium. Produced as part of the Women's Continuum, a new program for returning women students, the sessions will acquaint women with the options and opportunities available at Tech, and help streamline their entry or re-entry into the university by providing some "how-to's."

The two symposiums, which will be the same in content, will present information about academic programs and services at Tech that have been of special interest to mature students—such as different academic plans and options they may enter, admissions processes, the possibilities of credit-by-examination, and information about academic advancement. Additional areas to be covered include availability of financial aid, where career opportunities information and guidance may be obtained, and special services of the Division of Continuing Education and the

Counseling Center. Practical problems affecting returning to school, like finding help to care for young children and scheduling time around family and career commitments, will also be dealt with.

The symposiums will provide an opportunity for returning women students to establish contact with resource persons from the different services, and to meet other women who re interested in coming back to school and who have already returned.

The Women's Continuum, which is presenting the symposiums, was created in September to assist women with the desire to come back to school—whether it be to take a few classes or to complete a degree or two, and entering on any level—freshman, upperclass or graduate. The Continuum is also to provide returning women students with an overview of information about what is available at Tech, and to put them in touch with resource persons who can advise them in developing an educational program and schedule of classes tailored to their individual background, interests and needs.

DPS Investigates 8 Accidents on Hockley County Roads & Highways in September

The Texas Highway Patrol investigated eight accidents on rural highways in Hockley County during the month of September, 1975, according to Sergeant H.E. Pirtle, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed and four persons injured.

The rural traffic accident summary for this county during the first nine months of 1975 shows a total of 95 accidents resulting in three persons killed and 65 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for September, 1975, shows a total of 551 accidents resulting in 29 persons killed and 314 persons injured, as compared to September, 1974, with 471 accidents resulting in 17 persons killed and 213 persons injured. This was 80 more accidents, 12 more killed, and 101 more injured in 1975 at the same period of time.

The 29 traffic deaths for the month of September, 1975, occurred in the following counties: Six in Wise; three each in Donley and Moore; two each in Archer, Floyd, Lynn, and Gray; and one

each in Jack, Lamb, Lubbock, Wichita, Young, Castro, Potter, Sherman, and Wheeler.

Texas Taxes

By BOB BULLOCK
State Comptroller

Austin—I'm just like everybody else when it comes to a bargain. And, like most cigarette smokers these days I sure wish I could find a way to quit paying such high prices for a pack of cigarettes.

Recently this office has been seeing some advertisements offering to sell cigarettes by mail for prices as low as \$2.95 per carton. Some of these advertisements originate in North Carolina.

The real reason those cigarettes are being offered at such low prices is probably that the Texas cigarette tax hasn't been paid on them. Texas law imposes a tax of 18.5 cents per package of cigarettes or \$1.85 per carton.

Legally those cigarettes can't come through the mail unless the tax is paid. The Comptroller is required by law to hunt up folks who buy cigarettes without paying the state tax on them and collect both the tax and a penalty.

Under the law I am required to collect the 18.5 cents per pack tax and then impose a penalty of another 18.5 cents per pack because the purchaser didn't pay the tax in the first place.

Getting the cigarettes through the mail in a plain brown paper wrapper won't work either. Under federal law anyone who ships cigarettes across state lines is required to report the name and address of the purchaser to the state to which the cigarettes were shipped.

Under new regulations my

office will soon be getting those reports from out-of-state shippers every month.

A lot of people are also learning the hard way that the bargain cigarettes they buy in the Republic of Mexico aren't bargains when they try to bring them back across the border into Texas.

The Mexican merchant doesn't have to collect the Texas cigarette tax when he sells a package or carton of cigarettes. But it's illegal to bring more than two packages of cigarettes into Texas from Mexico unless they bear the Texas cigarette tax stamp.

You can bring two packages of cigarettes from Mexico into Texas with you tax free, as long as the seal is broken on each package.

But if you attempt to bring more than two packages of cigarettes into Texas you better be prepared to pay the tax on them.

There is provision in the law for seizure of a vehicle used to transport illegal, untaxed cigarettes across the border. There are also heavy fines and penalties for attempting to bring untaxed cigarettes into the state.

The law doesn't differentiate between American and foreign brands of cigarettes when it comes to taxes, either.

That 18.5 cents per package tax on cigarettes applies to Mexican brands, too.

Coffee Prices To Jump

It's going to cost more to wake up in the morning, at least if you depend on coffee as an eye-opener.

Coffee prices are expected to jump sharply in the coming months due to a July freeze in the top coffee producing states of Brazil, which annually produces about a third of the world coffee crop.

The freeze is expected to cut in half next year's harvest of coffee beans in Brazil. Furthermore, this year's world coffee crop is down about 8 per cent from that of last year.

Following the July freeze, the New York cash price for green coffee jumped about 20 cents per pound from the June average of 55 to 65 cents for Arabica coffees. Retail coffee prices may increase 25 to 75 cents per pound during the next three to nine months.

STAR-SPANGLED HISTORY

HISTORICAL DRAWINGS BY JOSEPH BOGGS BEALE (1841-1926)

"DISCOVERIES OF THE CABOTS"

John and Sebastian Cabot, a father and son team, were the first British explorers to sail to the New World. They reached North America on September 25, 1497, landing near Nova Scotia. Sailing south, their explorations gave England claim to the North American mainland. It also started the search for the great Northwest Passage to Russia. From the collection of American National Insurance Company, Galveston, Texas.
