

Approximately 9,000 bales of cotton are open in the fields of Howard county.

Three-fourths of the farms have been unable to obtain sufficient number of cotton pickers.

The crop has been produced, it must be gathered, no matter how low the market price.

Consistent efforts of the past week have resulted in little relief for the farmers, insofar as getting pickers in Big Spring is concerned.

If they are unable to get pickers here it is obvious that no injunctive would be done local people if farmers go to other place for their pickers.

This they are going to be forced to do.

This afternoon the Free Employment bureau announced it could place 1,000 pickers. But it was able to obtain but 15 pickers this morning.

A trip made yesterday afternoon with several other local men convinced us that the need for farm labor is acute. Every field from Big Spring to Lamesa is white, ready for the harvest. The cotton is good. Part of the pickers are receiving 40 cents with living quarters, others 30 cents per hundred.

Of course, there are some needy people here who are physically unable to pick cotton. But those who are actually in need—whose families suffer for bare necessities—and who refuse to pick cotton when that is the only work available, should not expect the Community Chest to feed them.

The public no doubt has noticed through the press that several agencies have been formed here as employment exchanges or bureaus. We have followed the policy that any group having for its only purpose obtaining employment for those who need it merits encouragement. Therefore, we have given publicity to their efforts.

We wish right here, however, to declare that we do not believe it is necessary in Big Spring at this time for any person to have to pay a penny to any one in consideration of having a job obtained for him.

It has come to our attention that some members of one group have expressed the sentiment that they are hostile to the Free Employment Bureau opened by the Retail Merchants Association.

We cannot understand such an attitude. The only "competition" we can figure any agency organized solely for the purpose of relieving unemployment could have would be an organization formed for the purpose of preventing people from getting jobs.

As we see it both the committee for the unemployed and the Free Employment Bureau have the same purpose, or, at least, their purpose has been represented as the same—to find jobs for people who need them.

Let's keep our feet on the ground. The number of unemployed here is far smaller than in most towns of this size. There is plenty of work in the cotton fields for those who need and want the work.

Invitation Shoot Scheduled Sunday

Members of the Big Spring Gun Club will be hosts Sunday at an invitation meet of trapshooters of this section.

Eight events, four at 16-yards, and four handicap contest, will be held. Three prizes will be given in each event.

Among those expected to join local men are Harold, Mose and Auti Newman of Sweetwater; Earnshaw, Cowden, Beall, Boehme and Morton of San Angelo; Dudley of Floydada; Hart, Shumaker of Comanche and Boyd McDaniel of Ozona.

How about that Ten Dollars

to be given to the women's organization that secures the most registrations of women who attend the Herald's Cooking School next week.

Any woman who attends may credit her attendance to ANY women's organization she desires.

Plan Now To Win That Prize For Your Group

City Tax Rate Remains \$1.55

Promise Made In Bond Drive Is Carried Out

Uncertainty As To Proportion Of Payment Prevents Reduction

Big Spring's tax rate will remain unchanged for the coming year, the board of city commissioners ruled Tuesday evening.

The rate is \$1.55 per hundred; \$1.10 to care for interest and sinking fund on bonded indebtedness and 45 cents for general purposes.

Establishment of the rate at a figure no higher than that of last year carried out the promise made to the people by former City Manager V. R. Smitham, and the commissioners, that the city hall bond issue of \$200,000 could be voted without raising the rate.

City Manager Spence pointed out that a slight reduction in the rate could have been made safely under normal conditions.

Uncertainty as to the proportion of taxes that will be paid on time for next year made it unwise to reduce the rate, he declared. A reduction would have been made if at all possible without leaving the city open to threat of a deficit at the end of the fiscal year, he said.

Mr. Spence, who is in his second month as city manager, already has shaved more than \$25,000 from the budget for the remainder of the fiscal year.

The tax rate was kept at its present level in the face of issuance of the \$200,000 city hall bond issue and also in spite of a net reduction in valuation of \$88,890.

Total of property valuations for 1931 is \$7,211,875.96, compared with \$7,301,774.33 for 1930.

Of this year's valuations \$275,000 represents rendition of the Settler hotel at \$250,000 and a hike of \$25,000 in the Texas & Pacific Railway company's rendition, due to completion of the new shops and terminals.

Neither the shops nor the Settler had been completed when the 1930 rolls were made up.

This hike of \$275,000 due to completion of these two projects, plus the \$88,899 decrease in total valuations—a total of \$364,899 points to the fact that renditions of private property, the smaller homes and other real estate, were reduced approximately that amount.

Real estate valuations on the 1931 rolls total \$5,491,446, compared with \$5,513,558 in 1930 and \$4,542,531 in 1929.

Personal property is rendered for 1931 at an aggregate of \$1,708,489.96 compared with \$1,726,913.33 in 1930 and \$1,019,511 in 1929.

Taxes for 1931 are due October 1. After January 31 tax payments become delinquent.

Edible Nuts Show To Be Exhibited At Fairs Of State

AUSTIN, Tex., Sept. 21 (INS)—A double circuit was being planned today for the county fair exhibit of the division of edible nuts, state department of agriculture.

Because of the many conflicting requests, the division's exhibit has been split this year, it was announced by J. H. Burket, chief of the department.

Under the supervision of pecan experts, the itineraries of the two sections follow:

South Circuit: Comal County Fair, New Braunfels, Sept. 24-27; Victoria County Fair, Victoria, Sept. 30-Oct. 3; Gonzales County Fair, and Pecan Exposition, Gonzales, October 6-10; Wharton County Fair, Wharton, October 13-17.

North Circuit: Convention of the National Pecan Marketing Association, Dallas, Sept. 22-24; Kaufman County Fair, Kaufman, Sept. 30-Oct. 4; Red River Valley Fair, Sherman, Oct. 5-10; Guadalupe County Fair, Seguin, Oct. 13-16.

The pecan exhibit is kept permanently in the state department at Austin except during fair season. It consists of more than 150 glass containers showing various varieties of Texas pecans, gather over a period of years from prize winners, and graphic representatives of method of pruning, top working, insect eradication, etc.

Highway Department Victim Of Forgers

AUSTIN, Tex., Sept. 21 (INS)—Possibility that a wholesale fraud was being attempted through forged checks on the highway department was expressed today by highway officials following receipt of a forged check.

According to John Wallace, secretary to the highway commission, a check for \$12.50 was received. It was signed by R. L. Williams and was made payable to R. L. Williams. The check was drawn on the First National Bank of Gainesville.

Wallace said the check was drawn in such a way as to indicate a number of them have been printed, and possibly a wholesale fraud was being attempted or perpetrated by the signer of the check.

No one, he pointed out, is authorized to draw checks on the state highway commission.

SPINACH PLANTED

EAGLE PASS, (AP)—Spinach planting season in Maverick county opened the second week in September with an estimated 1,300 acres to be bedded by local farmers. This acreage, according to E. L. Tanner, county agricultural agent, is the greatest that has ever been put to the ground in the history of the county. Onion planting will also begin before long, with an estimated 600 acres ready to be plowed.

Truck vegetables are making a fine showing this season. Especially productive are the tomatoes, Eggplant, pepper, cauliflower, and cabbage, although damaged slightly by recent rains, are generally in fine shape.

Sixty days are required for the growing of spinach in this section. At the end of that time, large numbers of laborers are needed to harvest the crop.

New Industry Possible Here

State Tax Rate Raised Five Cents; House Fails To Make Effective At Once Bill Preventing Higher Levy

AUSTIN, Sept. 24 (AP)—State Comptroller George Sheppard today announced that the automatic tax board consisting of himself, Governor Sterling and Treasurer Charles Lochhart had raised the state property tax five cents to 74.

The general revenue rate was raised from 27 to 32 cents. School and confederate pensions remained 35 and seven cents, respectively.

The house had voted 92 to 15 a bill to prevent the increase. One hundred votes are required to make the bill effective immediately, and the rate must be set soon.

If both houses should pass the bill by sufficient majorities the board might revoke the increase.

Legion Picks Portland, Ore.

Cheers Greet Decision To Urge Legalization Of Beer

DETROIT, Sept. 23 (AP)—The American Legion awarded the next national convention to Portland, Oregon. The resolutions committee decided to submit a proposal to ask congress to legalize beer to relieve the unemployment situation. The proposal was read to the convention. Cheers greeted the announcement of the committee's decision.

Bridge Plea Not Granted

El Paso Labor Organizations Sought 16-hour Daily Closing

WASHINGTON, Sept. 24 (AP)—The government today denied the petition of labor organizations to close the El Paso-Juarez bridge sixteen hours a day. No action was taken on the petition of business men to close the bridge at night to prevent Americans from spending money in Juarez gambling resorts.

Laborers supported by the American Federation of Labor wished to prevent about 1800 Mexicans from crossing the bridge daily to work on the American side.

There was much controversy recently when bridges along the lower Rio Grande were closed a big part of the night.

Failures Caused By Loose Methods Of Granting Credit

BEAUMONT, (AP)—Loose methods of granting credit in retail merchandising were held largely responsible for the many business failures in recent times by Frank T. Caldwell of Miami, Fla., field secretary of the National Retail Credit Association, who spoke before the local Advertising Club.

"Retail merchants must approach the system used in banking where credit is conceded," Caldwell said. "Merchandising, advertising, buying and other phases of retail business all have felt the influence of loose methods of granting credit. Credit granting is still on the 'cut and dried' basis, with little attempt made to bring its standard up in the business scheme."

Caldwell advised questions be asked and care be taken before credit is granted. Rather than seeking for volume at any cost the merchant should concentrate upon a sane volume at sane credit terms.

C. D. Lee Represents Standard Brands, Inc., In This Territory

C. W. Lee, formerly of Standard Brands, Inc., with headquarters in Fort Worth, has assumed charge of that organization's distribution in this territory. He succeeds Al Matt, who has returned to the University of Texas. Standard Brands, Inc., is the distributing agency for Fleischmann's Yeast, Chase and Sanborn's Coffee and other food products.

S. C. Adopts 'No Cotton'

Governor Signs Measure, Conditioned On Action Elsewhere

COLUMBIA, S. C., Sept. 23 (AP)—Governor L. C. Blackwood today signed the bill prohibiting cotton planting next year. The bill will be effective only if states producing three-fourths of the South's crop enact a similar law. Blackwood said that an unconditional law might be even better. The bill was passed during the special session.

Jeweler Is Gun Victim

Brother-in-Law Admits Shooting Man At Fort Worth

FORT WORTH, Sept. 24 (AP)—John J. Martinez, unemployed jeweler, was killed in his home at eight o'clock this morning. He was shot in the back of the head with a 12 gauge shotgun.

His brother-in-law, Alie Franklin, 39, high school student, admitted to the shooting. Police are questioning Martinez, his half brother, Hilliard Herndon, 18, and their sister and her husband lived together. There were no eyewitnesses to the shooting. Mrs. Martinez and Herndon were washing dishes when the shot was heard. She said that there had been no trouble.

Ginnings Total 2,091,513 Bales; Below Last Year

WASHINGTON, Sept. 24 (AP)—The census bureau today announced that cotton ginning before September 15, totaled 2,091,513 bales. Ginning to the same date last year totaled 3,736,330 bales. Texas ginnings so far this year amount to 1,058,568 bales.

Clues Lacking In Port Arthur Case

PORT ARTHUR, Sept. 24 (AP)—Police said today they lacked clues to the death of E. R. Holstein, 40, found shot dead in his burning bachelor home here Monday. A coroner's verdict of murder was returned.

Abilene Mother Makes Bond Following Fatal Shooting Of Former Big Spring Woman

ABILENE, Sept. 23 (AP)—Fatal shooting of Mrs. Leslie Wilcoxson, 26, former beauty parlor operator, will be investigated Monday in a special session of the grand jury.

Mrs. Wilcoxson was shot four times yesterday as she stood in the doorway of her apartment. Before her death, Mrs. Wilcoxson named Mrs. A. R. Franklin, wife of a plumbing contractor, as her assailant. She said Mrs. Franklin came to the apartment and asked if her husband was there. Franklin dashed out and grappled with his wife as the shooting ended.

Officers filed a charge of murder against Mrs. Franklin, who was appointed \$5,000 bond. She waived examination.

The Franklins had been married 20 years. They have two children, a son, 18, and a daughter, 14. The son sat with his mother for nearly an hour yesterday as she awaited arrangement of her bond at the court house.

Lived Here

Mrs. Wilcoxson resided in Big Spring until four months ago. Mrs. Joe Ludo, a sister, arrived here from Big Spring last night a few minutes after her sister had died. Another sister, Miss Miss Allen lives in Big Spring. She also was

Club Is Told Cannery Here Is Practical

Lime Kiln Also Feasible, Test Of Rock Content Discloses

Possibilities of establishing a cannery for Big Spring and community was the subject of J. V. Bush, county agent's talk today at the Business Men's Luncheon club.

"There are 26 different items which can be grown and profitably canned in this section. Of these 16 can be grown without irrigation," Mr. Bush said.

There are 75 to 100 farms prepared to irrigate at the present time and about that many more can get ready to irrigate, the county agent reported.

C. T. Watson, Chamber of Commerce manager, gave a report of an analysis made of rock samples taken from here.

"The samples showed an unusually high content of calcium carbonate, running better than 90 per cent. It is profitable to manufacture lime from rocks showing as low as 40 per cent calcium carbonate," Mr. Watson said.

"There is a ready market for 700 tons of lime in Big Spring each month, according to President Flewelen.

"Such a market, with the unusually high test of the rock of this section indicates that a small lime kiln could be profitably operated here," Mr. Flewelen said.

Boykin Finishes Good-Will Tour

Cal Boykin, manager of the Crawford Hotel has just returned from a good-will tour of central and south Texas. Mr. Boykin visited on his trip Fort Worth, Austin, Waco, San Antonio, Corpus Christi, Houston and Galveston.

Another trip to El Paso, Albuquerque, Roswell and return by way of Amarillo and Lubbock is planned for the near future, Mr. Boykin said this morning.

Kingdom Of Zapata Now Has C. of C.

LAREDO, Tex., Sept. 23 (AP)—The erstwhile "Kingdom of Zapata," one of the few counties of Texas that a railroad does not touch, but which is now coming into the limelight, has a chamber of commerce. The new organization is headed by Rafael San Miguel, president of the Zapata State Bank, as president; County Judge A. V. Nacario as vice president, and Rene Garza, business man as secretary-treasurer.

The new chamber will work to attract home-seekers and farmers to Zapata county, offer inducements to investors, seek an irrigation district, a paved highway connecting with Laredo, seek new industrial and commercial institutions and do everything in its power to attract new life to develop the rich agricultural lands of Zapata county.

HOLD STOLEN TIRES

The sheriff's department is holding two practically new Kelly-Springfield casings, mounted on 1929 model Ford rims. The owner is asked to come to the sheriff's office.

TO LEAD MEETING HERE THURSDAY

Directors and local Chamber of Commerce secretaries of district 6, West Texas Chamber of Commerce, will join officers of that organization here Thursday in a business meeting. President Hart, Manager Bandeen and his assistant, Harry Hopkins, are expected to attend. A luncheon will be tendered by the local chamber.

Japan Announces Troop Movement Into South Manchuria Will End; Reports Exaggerated, Say Leaders

TOKYO, Sept. 24 (AP)—Foreign office spokesmen announced last night that movements of troops into Manchuria from outside the south Manchurian railway zone was to end. The announcement was made after the foreign minister, Baron Shidehara, had conferred with the war minister, Minami.

It was announced that reports of Japanese occupation of Chinese territory had been greatly exaggerated. An official statement was expected either Thursday or Friday.

No date was mentioned for the withdrawal of troops from occupied cities but it was expected that troops would return to Japanese concessions when assured their property and lives would be protected.

Contract Let For Paving In Nolan County

AUSTIN, Sept. 23 (AP)—Contracts for road and bridge construction totaling \$2,235,548 were awarded yesterday at a meeting of the Texas highway commission.

Contracts awarded called for improvement of 224 highway miles and included 104 miles of grading and drainage structures; 35.8 miles of concrete paving and 82.5 miles of other types of surfacing in addition to several bridges and railroad overpasses.

The commission yesterday awarded contracts aggregating \$887,234, bringing the total for the two days to \$3,122,782. This figure was considerably below the engineering estimates for the work, the cost having been estimated at between \$4,500,000 and \$5,000,000.

Bidding on projects continued to be exceedingly heavy and the force of auditor was augmented to tabulate the bids in time for award today.

Contracts awarded today included:

Fisher and Nolan counties: 15.8 miles double bituminous surface from Sweetwater to Roby on highway 70, Morgan Construction company, Dallas, \$123,277.

King county: bridges over north and south forks of Wichita river and over Will creek on highway 4, Monarch Engineering company, San Antonio, \$90,719.

Pecos county: Hackberry and Canyon creek bridges on highway 27, Dozier Construction company, Austin, \$43,257.

Wheeler county: Chicago, Rock Island and Pacific overpass on highway 75, E. J. Prater, Memphis, Texas, \$21,509.

Valverde county: Eagle Nest canyon and Willow creek bridges on highway 3, J. Fred Malcolm, Abilene, \$37,057.

Runnels county: Abilene and Southern railroad overpass on highway 23, E. F. Jones, Little Rock, Ark., \$63,548.

Presidio county: Three multiple box culverts on highway 17, Trinity Farm and Gravel company, Dallas, \$110,877.

Lubbock county: 12.8 miles grading and drainage from Lubbock to Rockley county line on highway 137, J. W. Evans, Fort Worth, \$16,353.

Dr. Sarah Elkin, of Chicago, is due to arrive tonight to visit Mrs. Bernard and Mrs. Joyce Fisher.

Three Large Corporations Reduce Wages

Hoover Regrets Decision; Believes Downward Trend Ended

WASHINGTON, Sept. 24 (AP)—The government is anxiously watching wage cuts hoping to protect the standard of living.

United States Steel, Bethlehem Steel and General Motors reduced wages yesterday.

No official statement was made but it was said informally at the White House that President Hoover regretted the step and that he had been consistently anxious to keep wages at a high level.

It was pointed out that savings deposits had been steadily rising and that wage earners may begin spending soon, thereby improving prosperity.

The depression has lasted about two years. The downward trend was checked about the first of this year. With slight fluctuations the level has been about the same since President Hoover gave reason to expect improvement.

Oil Production Up 41,704 Bbls. For Past Week

TULSA, Ok., Sept. 23 (AP)—Opening of the flush Oklahoma field under martial law since Aug. 4, was believed near today as moves to create a world-wide curtailment program were under way at Washington.

Meanwhile the Oil & Gas Journal reported that daily average production of crude in the United States increased 41,704 barrels to 2,179,374 barrels last week. The total production still is near the consumption mark, however, Oklahoma daily average production increased 2,010 barrels to 257,945 barrels. East Texas which was opened to a new proration order which subsequently has been revised to further curtail the area's vast production, increased 21,654 barrels to 419,425 barrels daily.

Midcontinent area production increased 36,800 barrels to 1,257,681 barrels.

The production table:

	Sept. 19	Sept. 22
Oklahoma	257,945	255,935
Kilgore	167,848	158,993
Lathrop	100,303	97,351
John	151,274	141,452
Total East Texas	419,425	397,771
West Texas	204,486	206,074
North Central Tex.	77,481	77,212
Arkansas	38,045	38,095
Kansas	107,930	100,420
Total Midcontinent Area	1,257,681	1,220,881
Gulf Coast	144,446	142,387
Southwest Texas	61,953	61,822
California	511,500	509,759
Total United States	2,179,594	2,137,890

Rains Needed For West Texas Range

SAN ANGELO, Sept. 23 (AP)—Rains are needed over the cattle country of West Texas today to make grass for winter, and some shifting of cattle to grass is under way from the Big Bend country to South Texas.

Trading in cattle is fairly active with calves being bought in all parts of the country for delivery to northern feeders. Many, however, will be fed in Texas in line with the new feeder-breeder movement.

Kincaid Brothers of Wichita Falls are reported to have paid 6 cents a pound for halter calves and 7 cents for steer calves from the Mayhew ranch near Alpine. H. B. Gilphart of Wichita, Kans., has bought the Pryor and Wilson calves at Fort Stockton for full delivery. W. H. Waggoner of El Paso has bought 781 head of cows and calves from Charles Cannon of Sheffield and John F. Lane of Rankin. They were loaded for Upton, N. M.

Other cattle trades have been made in the territory in the last few weeks. West Texas ranchmen, with cattle on Oklahoma and Kansas grass, are moving them to market now.

All-Southern Dog Show Judge Named

HOUSTON, Sept. 23.—The All-Southern championship dog show to be held by the Dixie Kennel club here October 31 and November 1 will be judged by Enno Meyer of Milford, Ohio, and Matt Korahin of New York and Philadelphia, the club officials have announced.

One other judge is to be selected. Premium lists and entry blanks will be mailed to hundreds of exhibitors in southern states.

Continental Drills No. 1 Settles Deeper

The Cardinal Oil Company is deepening its No. 1 Settles to the 2500 foot pay, drilling at 2325 feet. The well is located in the Henshaw area and was formerly known as the Louisiana Oil Company Settles No. 1.

The Weather

By AMERICAN AIRWAYS

Big Spring and vicinity, 2:30 p. m. Condition of sky, scattered cumulus. Ceiling and visibility, unlimited. Wind direction and velocity, southeast at 11 miles per hour. Temperature, 90. Dew point, 65. Barometer 29.95.

Forecast By Associated Press

West Texas: Partly cloudy. Probably showers west and extreme north.

East Texas: Partly cloudy tonight and Thursday.

Women's, Society and Club News

Two Guests Honored With Lovely Party

Mrs. Hardy And Mrs. Monroe Johnson Are Joint Hostesses

Mrs. Monroe Johnson and Mrs. W. B. Hardy entertained jointly at bridge Tuesday afternoon, honoring their respective guests, Mrs. Norman Weiss, of Santa Barbara, Mexico, and Mrs. Ben Smith, of Plainview.

After the games delicious refreshments consisting of chocolate parfait and nut cake were served to the guests and two tea guests, Mrs. M. M. Edwards and Mrs. Hilo Hatch.

Mrs. Price made high score and received a novelty clothes brush. The guests were given pairs of silk mesh hose.

The players were Misses, Bob Austin, E. O. Priebe, Ebb Hatch, Robert Currie, L. A. Talley, J. Y. Robb, Ralph Rix, Gene Kennedy, and Misses Jena Jordan and Agnes Currie.

Former Big Spring Girl Wed In Abilene

Patli Douthit Hyde and Arch D. Batjer, of Abilene, were quietly married Tuesday evening at the home of the bride's parents, Mr. and Mrs. E. W. Douthit in Abilene.

Dr. Millar A. Jenkins, pastor of the First Baptist Church officiated for the ring service.

The bride wore an autumn suit of green trimmed in lapin, with green and brown accessories and carried orchids. Her only jewel was a platinum and diamond dinner ring, the gift of the groom.

The only wedding guest outside of the immediate families of the bride and groom was Matthew Blanton, a friend of the groom and his attendant. Many guests called after the ceremony for an informal reception.

Mr. and Mrs. Batjer left for an automobile trip to Monterey and other points in Mexico. They will make their home in Abilene.

Mrs. Batjer is a former Big Spring girl who lived here during her childhood and moved to Abilene where she attended Simmons University. She has taken a prominent part in the Little Theatre work of the city.

The groom is treasurer and credit manager for T. S. Lankford and Son, Inc., a wholesale clothing manufacturing company of which his father, E. G. Batjer, is president.

Details Of Free Herald Cooking School Announced

September 29 marks the opening of a week which the Herald believes will be one of much enjoyment and profit for its readers.

Myra Oliver Dougan will begin her free cooking school at the Settles Hotel Ball room, under auspices of the Herald to continue throughout the week. The Herald invites every woman interested in cooking, home economics and housekeeping to be its guest each afternoon at 2:30 o'clock.

The lectures and demonstrations will begin on time, and prompt attendance is a request of both the lecturer and the Herald, because after the programs start, late comers necessarily interrupt and divert attention. There is no admission charge; the school is a courtesy of the Herald to women readers.

Attendees are especially requested to preserve the numbered tickets which will be given to them each day at the door. Valuable attendance gifts will be awarded to be contributed by local merchants.

The Herald believes that there is something in store for every woman attending the cooking school. The variety of the lecturer's programs speaks for this fact. She has not confined her topics to those which would interest only one group of women; she has interesting information for the mother, the young married woman, the woman interested in balanced meals for her family, and those seeking the "tid bits" of cooking.

A marked sequence is noted in the outline of Mrs. Dougan's program, and while any one day of the school will be profitable, regular attendance is urged for the greatest benefits from the entire series.

The Herald is making every effort to make this event one worthwhile for its women readers and believes that it will offer advantages which they will find profitable individually.

CHILD STUDY CLUB TO MEET
The Child Study Club will have a meeting Friday afternoon in the Club Room of the Settles Hotel. All members are asked to keep the date in mind and to attend. The program for the coming year will be announced.

When King George of England was on his yacht Britannia at Cowes recently the second mate, Ernest Friend, was swept overboard and drowned.

Advance Fall Fashions

Pert and piquant are feminine modes for autumn and winter, alluringly romantic and reminiscent of the days of our grandmothers.

But now that the first big fashion flurries are over, one is comfortably assured that the silhouette is not dangerously changed and that there are really only suggestions of bustles and crinolines of frocks that must be worn in subways and street cars—instead of fine coaches and carriages.

Husbands will have something to murmur about the day dresses with skin-tight bodices which fasten down the back with a few dozen closely set buttons. When they are worn with prim little fur caps and round muffs to match the little caps worn at a jaunty forward tilt, grandmother's portrait "when a child" immediately comes to life.

Pouched Elbows
Puff sleeves and pouched elbows with the old-fashioned, oblong, silk-covered button woolen frocks with rows of tucks on the skirts, coats with caps trimmed with bands of fur, a tight-fitting jacket with the front and flared base-trimmed with bands of fur and a stand-up collar, are more piquant period effects.

A quaint pinafore decolletee comes on an evening gown with ruffled spanglettes and lace yoke inset in the square neckline. Then there are little capes and capellets, fur yokes made in one with the high collar of fur and rows of frills in fantastic movements.

Quaint Colors
Colors will be quaint this winter copying cuts and curves of the new fashions.

There is a lovely old-fashioned violet of a new tone and several darker purple shades used to make tire gowns or trimming ensembles and coats.

Worth has launched a new color in several different shades, a mauve-purple which comes in youthful-looking wool suits, as well as evening gowns. One in raso shades of orchid has the frock of a lighter tone than the short satin coat bordered in gray fur.

Another lovely evening gown comes in white and purple georgette, the purple being used for the lower half of the skirt and the flowing, part of the sleeve. Violet lace and tulle are combined in another quaint model.

Peppery Red
A Persian red that borders on burnt orange or brick is another quaint color for winter wear. Combined with violet it makes a striking lace evening gown with the lace flower pattern mesh with a shoulder bouquet of dull red silk flowers on the removable long-sleeved jacket.

Red velvet makes a quaint jacket-ensemble with a silk and wool frock hinting of the romantic Louis XV period. There is a ruffling pattern of the velvet on sides and back and a jabot and pleated ruffles of white net.

Plum-brown turquoise and rose-ge are other quaint shades in the winter spectrum.

Speakeasy Dresses
Speakeasy dresses strike a new note in the fall collections coming out for the new season. And as the name might well imply, they are of the easy-to-wear type, inconspicuous in color, but clever in cut and detail. They are formal without being too dressy and have sleeves which are nearly always important.

Maguy Rene makes her speakeasy dress of black marocain with sleeves of lovely multi-colored embroidery cut somewhat as the Russian order. There is a kind of capelet and the skirt is trimmed on either side by rows of small frills.

Black with touches of white is the favorite combination for the speakeasy frock. Sometimes there are lace-trimmed undersleeves or narrow collars in new and interesting types. Or a gold-colored sleeve of white crepe is sewed to the black marocain so that the curious point becomes a deep cuff matching the white front.

Redfern features little short fur-bordered or fur-trimmed capes to wear with his speakeasy dresses which make them look very quaint.

A black chiffon dress has a spe effect of the same material but not quite covering the pale pink blouse trimmed with tucks and ruffles. Flat, split flounces on the skirt are bound with ruffling.

RED LEATHER ACCENTS
WOOL STREET ENSEMBLE
PARIS (AP)—Mrs. Grace Heggar Lewis (the former Mrs. Sinclair Lewis) was seen lunching at Ciro's recently in a brown and white wool street ensemble by Worth. The waistline of the simple frock was accented by a crush red leather belt and the accompanying coat, designed along redingote lines, was collared in brown astrakhan. With the costume Mrs. Lewis wore a brown felt Robin Hood hat tipped with a crimson and brown quill.

DARK BROWN CREPE
FOR WEDDING GOWN
WASHINGTON (AP)—A dark brown crepe dress with turban, gloves and suede pumps to match was chosen as a wedding costume by Miss Frances Bell of Spartanburg, S. C. when she married Barnet Williams. She wore a corsage bouquet of yellow rosebuds and lilies of the valley.

In the last six years the number of farms reached by electricity has been quadrupled.

Jackets Worn With Hoops And Bustles Share Spotlight With Full Length Wrap

By DIANA MERWIN (Associated Press Fashion Editor)

PARIS (AP)—Evening wraps this winter offer a choice of colors as varied as a jewel box.

Ruby velvets, sapphire duvetyns, emerald velvets, amethyst satins are all part of the colorful picture offering Milady Moderne a wide choice of hues.

Rich ermines and sable cloaks also are seen, while the classic black velvet wrap collared in white fox remains to serve the woman who wants one cloak to accompany many frocks.

Wraps Go To Extremes
The smartest wraps are either full length designs or pert waist-length models with huge puffed sleeves reminiscent of the mutton-leg. Knee length wraps also are seen.

Most of the cloaks which smart society will wear after 9 o'clock this winter are richly fur-lined in darker than the fabric of the wrap itself, although a few answer the demand for economy by eliminating furs.

Collars rise high to frame the face or swathe the shoulders in cape effect, while cuffs are wide and elaborately cut.

A full length ruby velvet wrap displayed in the fall collections had a large cape and muff cuffs of rich sable an emerald green duvetyn was collared, cuffed and banded at the hem in black lynx, while a long velvet velvada was trimmed in silver fox.

With Hoops And Bustles
Short wraps will be a favorite of the woman who adopts the old-fashioned mode of hooped skirts and bustles for evening wear, since the full length cloak cannot be worn gracefully with these.

One of the smartest waistlength wraps of silver and green lame is topped by a huge cape of silver fox scarves, while another of tangerine velvet has large puffed sleeves and a collar of sables.

Evening wraps are richly furred this winter. This model of green velvet by Heim is collared, cuffed and banded at the hem in black fox.

Ruth S.S. Class Installs Mrs. Hodges Head

Members Meet At First Baptist Church At Noon

The Ruth Sunday School Class of the First Baptist Church elected and installed Mrs. John Hodges as class president at its monthly, business meeting Tuesday at the church.

Mrs. B. Reagan had charge of the installation service.

Other new officers elected for the coming year are first vice-president Mrs. Horace Reagan, second vice-president, Mrs. Clarence Hahn, third vice-president, Mrs. George Gentry; secretary, Mrs. Morris Gay; treasurer, Mrs. J. B. Sikes; reporter, Mrs. R. L. Heath; group captain, Mrs. Irma Lee Gary, H. G. Dittz, J. Johnson and P. W. Malone.

The class members met at the church at noon and brought picnic lunches which were eaten together. The business session followed.

Those present, in addition to the new officers, were Misses E. J. Heywood, Homer Wright, R. C. Pyeatt, W. W. Pendleton, Tom Cantrell, Swan, of Patricia and Miss Katharine Sangster.

High School P-T.A. In Enthusiastic Business Meeting

A large crowd of enthusiastic mothers gathered at the High School Tuesday for the first regular meeting of the High School P-T.A. Mrs. Albert Fisher, president, was in charge.

Wilburn Barcus gave a splendid talk on "Cooperation Between the Home and School." Mrs. Marguerite Curlee gave a piano selection and Miss Margaret Vastine a reading, entitled, "Getting Ready For School."

Mrs. Mary Bumpass made a talk asking assistance in regard to the museum. Mrs. Chas. Koberg was named chairman of a committee to help her.

George Gentry was named chairman of a committee to decide on a study course for the P-T.A. The members voted to pay for the tonometry of one needy child, also to take part in the Health Motorcade.

Mrs. Victor Mellinger was named chairman of hospitality committee. Sixteen grid veterans were on hand for Wallace Wade's first workout at Duke University.

District Head To Talk to All P-T.A. Members Saturday

Mrs. Sidney T. Gilmore, of Sonora, district president of P-T.A. and the recording secretary, Mrs. Head, of Christoval, are expected to arrive Friday evening in the city.

A mass meeting is called by Mrs. Chas. Koberg, for the various city and county P-T.A.'s to be held at the Crystal Ballroom of the Settles Hotel on Saturday at 1:30. All members of the organizations are invited, as well as the school board, teachers, and patrons of the school in general.

There are several problems which the P-T.A.'s want to take up as a whole and each of them are problems in which every school mother and father is interested. A large attendance is expected.

South Carolina spends more money for fertilizer than any state in the United States.

Mrs. J. Y. Robb Hostess To Bridge Luncheon Club

Mrs. J. Y. Robb entertained the members of the Tuesday Luncheon Club at the Settles Hotel with a delightful luncheon, after which the members played contract bridge.

Mrs. B. R. Carter made high score and received sweet pea satchel. Mrs. R. F. Harris, Jr., was also a guest.

The members present were Misses Shine Phillips, W. W. Inkman, Fred Keating, M. K. House, Harry Hurt.

Mrs. John Hodges will be the next hostess.

Florence Day Circle Program Led By Mrs. R. C. Hatch At Church

The Florence Day Circle of the First Baptist Church, W. M. U. had charge of the Tuesday evening service of the week of prayer, Mrs. R. C. Hatch was the leader.

She was assisted by the following on the program: Misses R. V. Jones, J. L. Andrews, J. P. Dodge and J. C. Douglass.

Those present, including the members on the program, were: Misses P. F. Gary, R. E. Day, J. A. Boykin, W. L. Grant, L. A. Wright, K. S. Beckett, Nat Shick and W. J. Crawford.

Mrs. W. D. Cornelison will have charge of the program tomorrow.

PATENTED ROASTING PROCESS CAPTURES FLAVOR OF COFFEE

Accurate Control of Heat Roasts Every Berry to a Perfect Degree

Coffee has the most delicate flavor of any food-product. Yet it is completely developed by Hills Bros' exclusive Controlled Roasting process.

As the accuracy of the hour-glass depends upon an even, continuous flow... a little at a time... so the matchless, uniform flavor of Hills Bros. Coffee is produced by Controlled Roasting—the patented process that roasts evenly, continuously... a little at a time. The rare blends flow through the roasters in automatically measured lots. The speed of operation and the temperature remain the same. Naturally, Hills Bros. Coffee never varies in flavor.

The usual, bulk-roasting methods can't maintain a uniform roast. That's why ordinary coffees don't have the same wonderful flavor as Hills Bros. Coffee. Controlled Roasting is patented.

PLAINVIEW VISITORS visiting Dr. and Mrs. Hardy, Mr. Smith and Charlie Austin, a brother of Bob Austin of this city, are expected tomorrow. They and Mrs. Austin will then leave on a fishing trip.

Now You Can Have **STAINLESS** Vicks VapoRub

Your Same Vicks... Only Color Removed... Same Formula Same Price

HERE'S real news! Science has found a way to remove the color from the world's most famous treatment for colds—without altering the time-tested formula a tota! It's your same Vicks—just all chance of stain gone!

Why 26 Million Jars Are Used Yearly

For twenty-five years Vicks VapoRub has been the mothers' reliance—the family standby for cold troubles. Like nothing else Vicks acts externally—without the risks of "dosing"—direct to the affected area—by stimulation and inhalation—two ways at once.

In Golden Amber or Stainless White

Now your druggist has Vicks in the original amber or the new stainless white form—as you prefer it. It's the same dependable Vicks... same time-tested ingredients, compounded in the same exclusive Vicks way—at the same price.

and Big Spring has them

...the results of a successful effort to give the best natural gas service that it is possible to give. An ample supply of natural gas from Howard County fields, an 8-inch pipeline, costing an enormous amount of money, from the great fields of the Panhandle of Texas, bringing to Big Spring a supply of gas that would alone serve the needs of a city many times the size of Big Spring.

The results are a service that is not matched by any other city in West Texas, a supply of gas to take care of the entire needs of Big Spring at any temperature, even to below zero, should it get that cold.

DR. JUAN B. SACASA
He is as likely as not to get up
and make a speech in which there
are flattering references to the
United States.

Yet this man was at one time a
bearer of arms against the country
he now praises—one of Uncle Sam's
bitterest enemies, Pedro Guevara,
the "gentleman of the Philippines,"
led an army against this country
during the insurrection. Now he
is resident commissioner for the
Islands, entitled to a seat in congress.

Understanding In War
THAT war has become an imper-
sonal instrument, entirely devoid
of human relationships, was dem-
onstrated recently at the National
Air Races when Captain Eddie
Rickenbacker, famous American
war ace and Captain Ernst Udet
noted German war flier, met, prob-
ably the closest each other's since
over flaming skies once upon a
time. But the war is over. Friend-
ship has been resumed. The person
at equation has nothing to do with
the aftermath.

THORN-REMOVER
It hasn't been so long ago that
the tall, kindly and scholarly man
who represents Nicaragua in
Washington—Juan Bautista Sacasa—
was a veritable thorn in the flesh
of administration officials in the
capital.

Most of it reached American
papers and made some unpleasant
reading for Secretary Kellogg and
others in the state department.
Sacasa, it will be remembered, is
the liberal ex-vice president of
Nicaragua. Now he is in Washing-
ton dealing in all friendliness with
the country whose policy he once
so violently denounced.

HAPPY ENDING
Sacasa's assignment was the hap-
py ending to a troublesome situa-
tion.

HOW'S your HEALTH
The early dementia praecox suf-
ferer does not show any typical
or characteristic signs or sym-
ptoms, either constitutional or be-
havioristic.

ing P. S. Clemmings and wife of
Forsan.

Mr. Dunn went to Big Spring on
business Friday.

THE FORSAN GUSHER

Drilled By Students Of Forsan High School
MY IDEAL SCHOOL

High School
Enrollment
Much Higher

According to J. B. Bolin, superin-
tendent of Forsan school the present
enrollment shows an increase
of 23 per cent in the high school
grades over last year.

The school received 28 transfers
from the Chalk school, while there
were a number of others to trans-
fer from Glasscock county.

Mr. and Mrs. Arthur Hill were vis-
itors in Colorado Tuesday.

Mr. and Mrs. "Blackie" Hines
have just returned from a short
wedding trip to Galveston and other
points in South and East Texas.

Mr. and Mrs. H. T. Johnson and
family visited with Mr. and Mrs.
Dorn of Westbrook Sunday.

Mr. and Mrs. R. H. Jones are the
proud parents of a baby boy, born
Friday at eight o'clock.

Mr. and Mrs. L. E. Smith from
Rocco, spent the week-end with
Mr. and Mrs. B. D. Caldwell.

Alda Alston, who has been in a
Dallas hospital recovering from an
operation for appendicitis, returned
to her home Monday morning. She
will take up her regular class work
with the Freshmen Monday.

Nona Lee Short and Rachel Tal-
let have been elected reporters for
the third and fourth grades.

Rachel Tallent enrolled last Mon-
day. She had just returned from a
visit to Kentucky.

Friday, September 18, the third
and fourth grades will organize a
Literary Society Club for the year
and elect their officers.

Thirty-nine pupils are enrolled in
the third and fourth grades.

Marie Womack, a former sopho-
more of this school, is returning to
her home in Tahoka after living in
Forsan for a year.

Vivian Fern Caldwell attended a
Sunday School picnic in the City
Park at Big Spring last Sunday.

Bill Henry Campbell and Treva
Thurman made grades of 98 and 95
in history and geography. These
were the highest grades made.

Leslie Roberts and Roland How-
ard are both thriving in geometry
and also in the first year of Span-
ish. Frances Henderson's favorite
subject is geometry, too.

After having spent some time in
training as well as among school
boys and girls, I have from time to
time added to, taken from, or
changed my standards entirely re-
garding an ideal school but the fol-
lowing are some rules that I have
that seem to be desirable.

A school should be a place where
boys and girls have the opportunity
to truly feel and purpose and think
within their range of experience. It
is a place where children are play-
ing, shouting, laughing, studying,
learning; and teachers are chatting,
playing, helping, gravely conferring
with fathers and mothers, and
teaching.

The great idea of my ideal school
is service. Of course there are
standards of physical equipment that
each teacher aspires to in his
work laboratory, just as each man
wants his office arranged and
equipped so as to do his work most
conveniently and with the greatest
degree of efficiency, and as each
housewife wishes her kitchen or
sewing room arranged so that she
may work to the best advantage.

However, I shall not go so far as
to draw my ideal school plan be-
cause I feel it would be almost next
to the impossible to attain some of
the things.

But really can we not have a few
shade trees, a few shrubs and flow-
ers? We need a little beauty mixed
with these rocks.

How about it Parent-Teachers?
You are doing a splendid service by
feeding from 70 to 80 children
daily a nourishing hot lunch. That's
a great thing to accomplish, too. But
while we are feeding their bodies
let's have a little beauty for their
souls.

But to sum up my ideals as I
hope to apply them to Forsan
school, I should say that my work,
study and play school is a place
where teachers and pupils grow to-
gether in an enjoyable atmosphere.

Parent Teacher
Association Has
Business Meeting

The Forsan P. T. A. went into its
first regular meeting Tuesday Sep-
tember 15 with a good attendance
of interested mothers.

The chief interest of the meet-
ing was a discussion of the school
cafeteria. The report from the caf-
eteria was very encouraging. An
average of 75 children are being fed
daily at a cost of 12-13 cents a meal.

Other things of importance to
the teachers' mothers will come be-
fore the group from time to time.

Forsan 'Outsiders'
Defeat School Nine

A hot baseball game was waged
between the Forsan school boys and
the Forsan 'outsiders' Thursday
afternoon.

G. T. Halton played on the school
team with his boys.

The lineup for the school boys
was as follows: Marshal Scudder,
catcher, Marshall Moody, pitcher,
R. L. Creelman, first base, Mr. Hat-
ton, second base; Don Nix, short
stop; Cecil Wilson, third base; W.
A. Miller, left field; Wayne Miller,
center field, and John Camp Adams,
Forsan's "Jelly Bean" was right
fielder.

The game was a pretty good one
to be the first game of the season.
The outsiders won, but only after a
hard struggle. The scores were 10
to 7.

Forsan boys are going out for
track events such as jumping, run-
ning, vaulting, hurdles, and other
events. They are going to train for
three weeks, that is, until basket ball
season begins. They then will be
ready to pit the basket ball oppo-
nents for the season.

Mr. and Mrs. Bill Conger will
make their new home in the house
in which Gilbert Madison and family
formerly resided.

SELLING THE RAINBOW DRY GOODS CO. OF DOUGLAS ARIZONA

Often had to lie down

SIX years ago I took Lydia E. Pinkham's Vegetable Compound for pains and cramps and it helped wonderfully.

After my children were born, I tried to keep up, but I often had to lie down. I started taking the Vegetable Compound again to build me up.

Since taking it, I feel fine and look well. The Vegetable Compound is a good medicine. If any woman writes to me, I will answer her. Mrs. Ina Peterson, Box 48, St. George Road, Thomaston, Maine.

Miss Alice Leeper Hostess To O.C.D. Members, Friends

The C. O. D. Bridge Club was entertained Tuesday evening by Miss Alice Leeper at her home. A color scheme of pink and lavender was carried out in the choice of summer flowers and in the salad and ice courses served after the games. Edith Dow Correll helped with the serving.

Miss Faulstich made high score for members and received a vanity Miss Pickle made high for guests and received an onyx bowl. Miss House was consoled for making low by a guest towel.

The guests were Misses Agnes Currie, Jeannette Pickle, Eva Mae House, Georgia Kirk Davis, and Mrs. Frances Glenn. The members were Misses Valilia True, Irene Knuss, Nell Davis, Mabel Robinson, Fern Wells and Marie Faulstich.

Miss Robinson will be the next hostess.

Last Of Year's Special Services For Reformed Jews To Be Held Friday

The Temple Israel Reformed Hebrew Congregation of the city will meet in a peace of thanksgiving service Friday evening at the Settles Hotel, in one of the mezza nine rooms.

The services will commence at 8 o'clock.

The congregation has voted to make the Settles Hotel its permanent meeting place hereafter.

GREEN GOOD COLOR FOR EARLY FALL
 WASHINGTON, Sept. 22.—Green is a popular color for early fall. A striking knitted suit is of silver and green polka dots with a blue, green and white jacket of plain green. A matching hat is of woven green braid with a side quill attached.

Statesmen To Be Heard At Amarillo

AMARILLO, Tex., Sept. 22. (UP)—Statesmen and political leaders of three states will attend the Tri-State Fair September 23. The day has been dedicated to politics.

Governor William H. "Alfalfa Bill" Murray of Oklahoma and Governor Arthur Seligman of New Mexico both agreed to attend the fair, and there is a possibility that Governor Ross Sterling may agree to meet them here, although the Texas governor has filled few speaking engagements during his administration.

Governor Murray readily accepted an invitation to attend the fair and to speak to the fair visitors, the invitation having been extended several months ago. He refused, however, to talk at the fair grounds "in competition with peanut and popcorn vendors and balloon whippers," so arrangements have been made for him to speak from the city auditorium some time during the forenoon.

Although Governor Seligman's acceptance was conditional, he stated that he would attend unless affairs of his state kept him at home.

Other political leaders will include Former Governor R. C. Dillon of New Mexico; U. S. Senator Sam Bratton, Albuquerque, N. M.; Congressman Dennis Chavez, Al-

Long Controversy Over Cattle Ends In Midland Court

MIDLAND, Sept. 22. (UP)—A controversy of long standing over alleged cattle losses was ended with a jury in district court deciding in favor of the defendants in the \$150,000 suit of the heirs of the Bivins Estate, of Amarillo, against Leon Goodman and Foy Proctor, of Midland.

Goodman and Proctor were sued for \$75,000 each alleged to be due from transactions in a purported partnership of Lee Bivins, former mayor of Amarillo. Bivins furnished cattle and capital while Proctor and Goodman pastured thousands of head of stock; the heirs of the Bivins Estate contended. The partnership brought heavy losses, it is claimed.

Oil Notes

TYLER, Sept. 22. (UP)—Unconfirmed reports here today said that Humble Oil and Refining company was making a survey of mid-Kansas Oil and Gas Company properties in the Joiner pool of Rusk county.

Mid-Kansas holdings in the Kilgore and Lathrop areas were sold more than a month ago to Tidal Oil Company for a reported consideration of \$3,000,000.

KILGORE, Sept. 22. (UP)—All East Texas districts except Smith county shared in increased activity during the week ended yesterday, when 182 new operations were reported. Gregg county led with 87

"Why My Next Car will be A FORD"

WHEN you buy a Ford there are two things you never have to worry about. One is reliability. The other is long life.

Here's an interesting letter from a Ford owner in North Carolina:

"My Ford was purchased May 8, 1928, and has been run 121,767 miles. It has never stopped on the road for repairs of any kind whatsoever except punctures.

"The brakes were relined at 101,000 miles. My gas mileage averaged 21 miles to the gallon, and on tires, 19,000 miles per tire. I travel over all kinds of road conditions—mountainous and flat.

"I consider this a wonderful record and I assure you my next car will also be a Ford."

This is just one of many tributes to the reliability and long life of the Ford. A Ford owner in Iowa writes of driving his Ford 73,000 miles in a single year. Another writes of 120,000 miles of good service.

Think ahead when you are considering the purchase of an automobile and consider what it will be like after thousands of miles of driving. Will you still be satisfied? Will you still say "it's a great car?"

If it's a Ford, you know everything will be O. K. It will be taking you there and back in good style, just as it has always done. And you will have saved many important, worthwhile dollars in cost of operation and up-keep and low yearly depreciation.

A's Down Tigers To Set New Mark Autumn Styles

PHILADELPHIA, Sept. 23.—The Philadelphia Athletics set a new record for Mack pennant winners when they beat the Detroit Tigers, 8 to 6, Tuesday and registered their one hundred fifth victory of the season. The highest number any of the previous Athletics teams won in a season was 104, a mark reached by the 1925 convention.

Jimmy Foxx hit his thirtieth home run of the year with two on base in the first inning to give the champions three of the runs that gave them a 4 to 0 start. Earnshaw, who quit after six innings, was credited with his twenty-first victory of the year. The Athletics took

SENATORS 7; CHICAGO 2

WASHINGTON, Sept. 23.—Hit-laden bats of the Washington Senators Tuesday made it four straight victories Chicago as they took the final game, 7-2 and hopped back into second place, a half game ahead of the idle New York Yankees.

The Senators batted around in the first inning, collecting six runs on five hits, an error and a walk, while Myer and Rice came up twice.

Four hits and an error in the first netted three runs off Faber, starting Sox hunter, who was yanked with none out.

Thomas, who relieved him, walked the first man to face him, filling the bases. Bluege's long double cleared the bags.

Fischer held the Sox to seven hits and two runs for his thirteenth victory against eight losses.

Faber, Thomas and Bowler, who went to the box in the seventh, were nipped for 11 singles. One Chicago error contributed to the last-inning downfall of Milton Gaston. Wilkey Moore, who succeeded Gaston, yielded two runs.

Gaston and Blaeholder engaged in a pitchers' battle for eight innings, Gaston allowing but five hits. The Sox got their runs in the first inning but lost the service for the remainder of the game.

Tom Oliver, who pulled a muscle early in the second, his injury is not serious.

Washington 100 000 001-2
Chicago 000 100 000-2

BROWNS 5; RED SOX 2

BOSTON, Sept. 23.—The St. Louis Browns closed the American League season in Boston Tuesday with a volley of hits which scored five runs in the ninth inning and gave them a 5 to 2 victory over the Red Sox. Two errors contributed to the last-inning downfall of Milton Gaston. Wilkey Moore, who succeeded Gaston, yielded two runs.

Gaston and Blaeholder engaged in a pitchers' battle for eight innings, Gaston allowing but five hits. The Sox got their runs in the first inning but lost the service for the remainder of the game.

Tom Oliver, who pulled a muscle early in the second, his injury is not serious.

Washington 100 000 001-2
Chicago 000 100 000-2

Cards-Drop Final Home Contest

ST. LOUIS, Sept. 23.—The St. Louis Cardinals, champions of the National League, lost their last home game of the season Tuesday, dropping a 6 to 3 encounter to the Brooklyn Robins.

Paul Derringer, brilliant, young right hander, lost control in the seventh inning and with an error by Orsatti, tossed away the game. Two passes, followed by Orsatti's wild throw, a rundown in the infield and Frank O'Don's lousy single, gave the Robins three runs and the lead. They scored one run in each of the remaining innings. Mungo and Quinn shut out the Cards after the fourth inning.

Charles Gelbert, Cardinal shortstop, was spiked just above the right knee when Frederick Wild hit into him in the third inning and left the game. The club surgeon found the wound to be superficial and said it would not keep Gelbert from playing in the World's Series.

St. Louis 011 100 000-3
Brooklyn 100 000 311-6

PIRATES 5; PHILLIES 2

PITTSBURGH, Sept. 23.—Heine Meine won his nineteenth game of the season, one more than any other National League hurler, when he pitched the Pittsburgh Pirates to a 5 to 2 victory over Philadelphia in 13 innings here Tuesday.

Collins, who replaced Dudley in the ninth on the mound for the Phillies, held the Pirates scoreless for four innings. He walked Suhr to start the thirteenth, however, and Traynor's single put Gus on third after Paul Waner was given his fourth successive intentional pass of the day. Piet filed deep to Tait, permitting Suhr to score with the winning run.

Philadelphia 000 000 002 000-2
Pittsburgh 011 000 000 000 1-5

Farm demonstration work is conducted in 1287 Alabama communities.

This And That

By Mark

Saw the second string rubbing the noses of the "big boys" in the dirt yesterday p. m. The first string did not set so highly with the opposition. It would surprise us far less than it would a few of the regulars to see the supposedly second-raters start a game in the near future.

One hard little bump was given Capt. Flowers when, instead of using a stiff arm he stuck out a handle and one of the boys hooked a ride, thereby bringing the speedy back to an abrupt and sudden halt.

Bill was on the receiving end of another beautiful play when he received a pass and started goal-ward only to have 140 pounds of dynamite in the person of Richbourg hit him below the knees in the sweetest tackle we have seen this season.

This writer has navigated many backs who could never get with a pair of arms wrapped around their legs. Hit 'em low and make 'em stay where they drop is the way we feel about the little matter.

Dyer looked mighty good on the defense. If he would show as much fight in regular games as he did against the second string yesterday fewer opposing backs would ever reach the line of scrimmage. The big fellow has the stuff but so far he has not been any too liberal with his demonstrations in scheduled contests.

Hebe does not have the fight and pep he exhibited prior to the Roscoe encounter. A habit of taking things easy on the practice field is likely to carry over into a game. Here's hoping the big full will snap out of it and play the game he is capable of.

A little feeling of jealousy has ruined many a good football player and also many a team. A man is not worth much to his club when he starts thinking more of himself than he does of the team. The team and not the individual is the thing and the sooner a few Steers get this idea into their heads the sooner the team will start working as a unit.

Rockne taught his "Four Horsemen" a big lesson along this line. Having run wild over a few teams and having been heralded over the nation as the greatest backfield combination intercollegiate football had ever known, the members of this group began to believe everything that was said of them. Rock started his first string backs behind his second string line in an important game. Result—the famed "Horses" could not get going. They were thrown for loss after loss. It did not take long for the idea to penetrate and time was called to ask for the "Seven Mules."

With the first string line in front of them business picked up, and the fans saw a great backfield in action, BUT it took seven good men in front of it before it could get started.

We are receiving letters and more letters telling us just how the season will find the various clubs when all is done—but not said. For your approval we run herewith the first two received.

This fan says the Steers are championship-bound:
Big Spring
Sweetwater
San Angelo
McCamey
Midland
Colorado

Mustangs to win according to this dopest:
Sweetwater
Big Spring
San Angelo
McCamey
Midland
Colorado

It appears that Stanton's defeat of Colorado did not raise the stock of the Peacemaker in the fans' estimation. Stanton has a dandy scrapping club as you will all know before the night of October 2.

Come on, don't be afraid to send in your suggestions. We are not going to print any names until we announce the winner so you will not be embarrassed in case you pick Midland, San Angelo or some other such aggregation to cop the flag.

Midland will engage the Austin High team of El Paso on Lackey field this Friday. The El Paso eleven took Peccos for a neat trimming last week so the game with the Doggies should be a dinger.

Again we hear from the Concho scribe in connection with Class B coaches. Winters and Ballinger

OUIMET WINS NATIONAL AMATEUR

Francis Ouimet, veteran Boston golfer, is shown with the trophy he captured by winning the National Amateur championship at Beverly, Chicago, to succeed Bobby Jones as the titleholder. Ouimet played careful, methodical golf to beat Jack Westland in the finals, 6 and 5.

have produced some fine teams in recent years—so has Roscoe, with McCollum as coach, too. Roscoe, if we remember correctly, is the home of the Mustang sensation, Mike Hicks, who would if we are to believe the ravings of Mr. Cross, rather by playing with the Angelo club than with the Mustangs. It is hard, we know, to see in a rival uniform one who would add so much to the strength of the Bobcat eleven, and one on whom the time and energy of Angelo fans, etc., in their desire to establish Mr. Hicks in Angelo amounted to just what this writer thinks of such cracks as made by the chronicler of sports herein mentioned. More than one competent football official termed McCollum's 1929 team the best coached Class B outfit they had ever seen.

We will waste no more ink on such things as the Steers will convey our ideas to the Bobcats and all interested in a big way with the Angeloans visit here Nov. 26. It will be interesting to see the Bobcat pressman's views of the Steers' triumph.

AUSTIN, Sept. 23 (UP)—Texas has been losing a million a year on tax due for oil gross receipts and gasoline sales, according to a report made today by State Comptroller George Sheppard.

Since Jan. 1, supervisors have discovered evasions amounting to \$434,000 has been paid. Claims for \$325,000 more have been turned over to the attorney general for suit.

Many evasions are being discovered, Sheppard reported. Report that one company has been getting by with \$1,000 a day was being investigated.

Municipal Golf Course In Park To Be Sponsored By Junior C-C

A park beautification project which will include the building of a municipal golf course, will be sponsored by the Junior Chamber of Commerce members of that body vote last night in an open meeting at the Settles Hotel.

Edmund Notestine, Monroe Johnson and Therna Hicks acting as a committee from the Junior body have been at work on the idea for some time with City Manager Spence. Last night the plan for the organization's assistance in beautifying the park was brought before the city commissioners and was approved by them.

The purpose of the move, according to W. B. Hardy, Junior president, is not out, to further the park development but to provide work for a number of unemployed. Only local labor will be used in the building of the course.

Final plans for the course call for grass greens and fairways according to Dr. J. R. Dillard, secretary of the organization.

Results of a questionnaire sent to the members of the organization concerning projects to be undertaken brought out several ideas.

First in importance was the necessity of bringing more people to Big Spring. A committee composed of Ralph Hicks, J. D. Cowden, and M. L. Tinsley was appointed to work out a number of features to interest the surrounding communities.

Second in importance in the opinion of the body was a good way for the trade territory surrounding Big Spring. H. L. Heath, H. B. Dunagan and H. S. Faw were put on a committee to work out such a plan.

At the request of the Senior Chamber of Commerce secretary a committee composed of Bill Henley, M. N. Thorp, and Cecil Long was named to assist in securing items for state wide publicity.

The committee working to secure the consent of others with vacant buildings to let the merchants de-

corate the windows of such buildings will include the building of a number of buildings available at the present time. These windows will be for the use of the local merchants free of charge and in those men desiring to place their merchandise in any additional show places are requested to get in touch with either Cecil Collings, Manly Cook or L. A. Talley.

THE kitchen belongs to the whole family. So make it a HAPPY KITCHEN Less work---more fun

If your dinners make the family's each and every pair of eyes sparkle from first course to last, and if every member of the Board of Directors of the Great American Family, from Dad on down to Little Brother, sighs when the last dish is off the table—you know that the whole corporation is in happy prosperous shape and that dividends of joy will go on being declared as usual. For the kitchen and the dining-table are most certainly the heart of the home. They belong to every member of the family; as the kitchen goes, so goes the family spirit.

You can keep everyone happy—very easily—by being sure that your kitchen is a happy one. Our cooking school will be chock-full of practical suggestions, time-savers, thrilling ruffles to the straight edges of "The Daily Three." Remember—it's almost here—with four solid afternoons of enjoyment and surprises scheduled. And it's really your cooking school, not ours, for we've planned it with every thought for your pleasure and satisfaction. Won't you accept our invitation to attend and enjoy all four programs?

Herald Patterns

A SMART COAT STYLE FOR GIRLS

7305. Tweed, novelty woolen, velours, camels hair and fur cloin are suitable materials for this model. It is an excellent style for a service or utility coat. The fronts may be closed high, with the collar in small turn-over effect or they may be turned back to form revers as shown in the large view. A comfortable sleeve with a

neat cuff, and serviceable pockets are features of this style. A belt holds the coat at the waistline.

Designed in 6 Sizes: 4, 6, 8, 10, 12 and 14 years. A 10 year size will require 2 yards of 54 inch material and 2 3/4 yards of 32 inch material, also for interlining collar, facings, cuffs, flaps, and belt. 2 1/2 yard of coarse linen or canvas is required.

Pattern mailed to any address on receipt of 15c in silver or stamps by The Herald.

Personally Speaking

L. K. Wheeler, of Wichita, Kans., is in Big Spring visiting his mother, Mrs. E. M. Wheeler and his sister, Mrs. L. A. Stag, of the Crawford Hotel.

Ernest Conannon, husky tackle (above), will lead the New York university Violets to the grid war this year. Coach Chick Meehan's hopefuls started practice recently.

KNOTT

By MRS. LAURIA RATLIFF
A social at the home of Mr. and Mrs. T. F. Hodnett Wednesday night of last week was enjoyed by a large number of young folks.

Mrs. Grady Dorsey spent Wednesday night and Thursday of last week with friends in Ackerly.

Mr. and Mrs. Earnest Greer and son, Earnest Wade, spent Thursday night with Mr. and Mrs. J. C. Spalding.

Mr. and Mrs. Raymond Haynes arrived Saturday afternoon from Oklahoma City to make Knott their future home.

Mrs. Roy Phillips spent Thurs-

day until Saturday with Mrs. Phillips of Big Spring.

Mrs. Ratliff and daughter, Bessie, accepted the kind invitation of Mrs. W. M. McCauley and daughter, Miss Doris, Katherine and Elizabeth to accompany them to Big Spring sight-seeing Saturday night.

A large crowd attended the dance at Knott Saturday night.

Rev. W. E. Smith preached Sunday morning at 11 o'clock and Sunday evening, billing Rev. Richbourg's last regular appointment.

The Baptist Association will meet with Knott church early in October.

Miss Edna McGregor left Sunday for Lubbock where she will attend college this term.

The regular song service was well attended Sunday evening.

The Methodist Sunday school meets regularly at the Tabernacle each Sunday afternoon at 2 o'clock on first and third Sundays and at 3 o'clock other Sundays so not to conflict with the regular 2 o'clock singing hour.

Mr. and Mrs. Earnest Greer and son, Earnest Wade, were Sunday dinner guests of Mr. and Mrs. J. C. Spalding.

J. W. Walker and wife had as Sunday visitors, Mr. and Mrs. C. H. Shortes, Mr. and Mrs. Millard Shortes and Miss De'phone Shortes.

Walter Unger spent Saturday night with Ray Ratliff.

Mr. and Mrs. Felix Roberts visited relatives in Knott Sunday afternoon.

Mrs. J. J. Jones and children vis-

ited her father's home Sunday afternoon, reporting her father, T. A. Gaskins, improving.

Mr. and Mrs. T. N. Richards and family went to Sparenterg Sunday.

Mrs. Helen Shortes paid Mrs. Ratliff a short visit Sunday afternoon.

Mrs. Archie Spalding visited Mrs. J. W. Walker Sunday afternoon.

Mrs. H. B. Feltus and Mrs. J. D. Martin spent Sunday night and Monday morning in the home of their parents, Rev. E. A. Sample and wife.

John McGregor who has been away for some time, returned Monday.

At The Crawford

Guests of the Crawford last night included E. E. Sanford, Fort Worth, district manager, National Cash Register Co.

A. W. Boyd, district manager for the Burroughs Adding Machine Co. J. L. Favor and W. N. Cooge, Fort Worth, T. P. Coal & Oil Co. representatives. J. W. Downum, manager, Rooney Hotel, Fort Stockton.

DIXIE SERIES

At the end of the second inning of the sixth Dixie series game, being played this afternoon in Birmingham, Houston was leading the Southern Association champions 3 to 1.

Abilene

(CONTINUED FROM PAGE 1)

on a charge of assault with intent to murder. The charge was changed to murder last night following the death of Mrs. Wilcox and Mrs. Franklin quickly arranged the larger bond. Through her attorney, Ben L. Cox, she waived trial before Justice Carl Hulsey who earlier in the afternoon had conducted a secret court of inquiry.

Both Franklin and Mrs. Franklin declined to make a statement to newspapermen. It was understood Franklin made a signed statement as a part of the court of inquiry.

Accompanied by Husband
Mrs. Franklin's attorney said she went to her parent's home accompanied by her husband. After the shooting she went to his automobile, parked in the 1000 block on North Fifth street, and he joined her there, the attorney said.

A 22-caliber automatic was turned over to officers by Franklin at the Loven home some time after the shooting. Mrs. Franklin, on her way to the sheriff's office, told officers her husband had the gun. The magazine contained three shells.

Slight, blue-eyed, with short curly hair, Mrs. Franklin appeared tense, but composed both in the sheriff's office and when she was before Justice Hulsey. She affixed her signature to the bond, deliberately, after asking where to sign. Sureties on the first bond were J. M. Franklin, A. R. Franklin, Paul Arendall, J. M. Peurifoy, A. C. Bentley, George E. Morris, R. D. Morris. The name of R. L. Bowyer was substituted for that of Arendall on the second bond.

Came from Big Spring
Mrs. Wilcoxson came here several months ago from Big Spring. Formerly she lived in Guthrie, Oklahoma, it was understood. The body is at the Laughter Undertaking company.

GRASS FIRE
A grass and waste oil fire next to the T&P tracks and west of the Gregg street viaduct brought out the fire department at 3:13 p. m. Profuse smoke arising from the blaze attracted motorists and caus-

FAIRVIEW-MOORE

By ELMER WHITE

An eminent scientist writes the head chemist in our Research Department:

"Chesterfield Cigarettes are just as pure as the water you drink"

THE WATER YOU DRINK is tested from time to time by expert chemists to make sure that it is free from all injurious substances—that it is pure.

So it is in the manufacture of **CHESTERFIELD** cigarettes. Expert chemists test all the materials that are used in any way in **CHESTERFIELD**'s manufacture, to make sure that everything that goes into **CHESTERFIELD** is just right.

THE LEAF TOBACCO IS PURE. Long steel ovens—drying machines of the most modern type—scientifically "dry" and clean and purify the natural tobacco leaves by exact high-temperature treatment.

Then the shreds of cut tobacco, as you see them in your **CHESTERFIELD**, are again heated, cleaned and purified. From these pure tobaccos the cigarettes are made, and only the purest paper—the best that can be made—is used for **CHESTERFIELD**.

Cigarettes used to be made in an old-fashioned way, by hand. Now, no hand but yours touches **CHESTERFIELD**—another purity safeguard.

CHESTERFIELDS are made and packed in clean, sanitary factories where even the air is changed every four and one-half minutes—purity again.

ALL THIS CARE is taken to give you **CHESTERFIELDS** as nearly perfect as cigarettes can be made. Delivered in a moisture-proof, sealed package, they reach you just as good, just as pure as when they leave the factory. Good... they've got to be good—they're just as pure as the water you drink!
