## Sez We

Some enlightened folks have told us that there is no historical records of the Jewish race and especially of the Christ.

We will grant that early historians ignored the Jews and the Christ. The reason for this is the fact that historians of the early ages were infidels and held the Jewish race in contempt.

However, to tell one there is no historic records of the Christ is false. One of the greatest historians of all the times, Josephus, not only tells the history of the Jews but told of the Christ.

We want to point out that while Josephus was a Jew, he was also a Roman Citizen and there is no record that he ever embraced the Christian religion. But in his works he said:

"Now there was about this time Jesus, a wise man, if it is lawful to call him a man; for he was a doer of wonderful works, a teacher of such men as receive the truth with pleasure. He drew over to him many Jews and many Gentiles. HE WAS THE CHRIST. And, when Pilate, at the suggestion of the principal men among us, had condemned him to the cross, those that loved him at first did not forsake him; for he appeared to them alive again on the third day, as the divine prophets had foretold."

Josephus was a Jewish historian born in Jerusalem in 37 A.D. He was a member of the most aristocratic priestly family on his mother's side. In his youth he received a liberal education. Josephus was very much influenced by Roman Culture and the power of the Roman empire made a deep impression on him. He acted as mediator between the Roman Government and the Jewish people, and was despised by one and suspected of treachery by the other. His history of the Jews was written 93 A. D. His works has been translated into all known languages.

If we needed any proof of the divinity of Christ and that He rose on the third day, we have it in Josephus, who while a Jew, was in the employment of the Roman Empire, and coming from a very priestly family would have been as loath to deny it, if it were not so, as other historians.

## Shower in Home of Mrs. Alvin Ryals

In running the announcement of a shower for Janice Pointer last week we did not state where the shower would be held. The announcement should have read as follows:

A come and go bridal shower will be held for Janice Pointer on September 12 in the home of Mrs. Alvin Ryals, from 3 to 5 p. m. Every one is invited to attend.

We left out the place where it was to be held—please take notice, it is in the home of Mrs. Alvin Ryals, some seven miles east of Ropes.

## More Food

On Wednesday we were glad to accept some tomatoes and eggs from Mrs. Shelby Evans. Thanks a lot.

## News of Ropesville Public Schools

### NEW POLICY FOR JUNIOR HIGH

This is to acquaint you with a new policy of the Ropes Public Schools towards Jr. High Athletic Teams.

Beginning this year, 1961-62, the Jr. High Athletic Program is being put on a self-supporting basis. This means that all gate receipts and concession money taken in at ball games will go into a Jr. High Athletic Fund separate from the High School Athletic Fund. All of this money will be used to buy equipment for your children while they are in Junior High.

The purpose of this letter is to let you know what is happening and to ask your support. We are asking you to attend all Jr. High Athletic contests possible.

We thank you for your help in the past and ask your support and cooperation on this new plan. We think it will add a great deal to the Jr. High program.

Sincerely,  
Hollis Lloyd, Coach  
Maurice Norman, Coach  
R. D. Patterson, Principal.

### FRESHMAN NEWS

The Freshman class this past week elected their officers. They are:

President: Glen Borland.  
Vice President: Mike Timmons.  
Secretary - Treasurer: Ray Witt.  
Reporter: Harrell Whitehead.  
Student Council: Kay Jackson and Dee Lindley.  
Reporter, Harrell Whitehead.

### JUNIOR CLASS NEWS

In beginning the new school year of 1961-62, the Juniors elected their officers, sponsor, and student council representatives. They are:

President - Gerald Smith.  
Vice President - Patricia Ferguson.  
Secretary - Treasurer - Jeanie Kahlich.  
Reporter - Sandra Ward.  
Sponsor - Mrs. Patterson.  
Representatives of Student Council - Linda Whitten and Bobby McNabb.

Again this year the Junior class has the concession stand at High School football games. We also appreciate the new concession stand very much.

Reporter, Sandra Ward.

### SOPHOMORE CLASS REPORT

Congratulations to the Ropes football team for an exciting game Friday night. Best of luck in the games of the coming season from the sophomore class of 1961.

On August 30, 1961, at 10 a.m. the sophomore class held its first meeting of the year. Nominations for class officers and a sponsor were discussed. Mrs. Lovett, the new band teacher, was asked to sponsor the class. She kindly accepted. Out of nine nominations for president and vice president, Billy Price and H. T. Abston were chosen. Of seven nominations for secretary - treasurer and reporter, Freda Pointer and Pam Sears were elected.

The following day the class

met again at the same time to elect two students to act as members of the Student Council. Patricia Moore and Bobby Witherspoon were elected.

Plans towards a class party were begun and will be continued at the next appointed meeting.

Both meetings were adjourned at 10:30 a.m.

Reporter, Pam Sears.

### SENIOR NEWS

The Senior Class of 1961-62 started the year out in high spirits. We are all sure that this year will be our best.

The Senior Class officers are:

President - Roseva Lewis.  
Vice President - Ronnie Ayers.  
Secretary-Treasurer - Kathy Kahlich  
Reporter - Barbara Goode  
Our sponsor is Mrs. Ruth Allbritten.  
That's all for this week.  
Barbara Goode, Reporter.

### 4-A - Mrs. McKenzie

We are happy to be back in school. In our room there are twenty-one boys and twelve girls. We welcome the two pupils who have moved to this district, Thomas Morales and Mary Hernandez. We have an interesting group.

Reporters, Martha Smith and Beth Gresham

### ENROLLMENT REACHES NEW HIGH

This week O. V. Fuller, superintendent, stated that the enrollment had reached a new high for the second week in the school year.

The Ropes white school has 530 enrolled, while the colored school has 30 enrolled.

### ROPES CAFETERIA MENU, SEPT. 11 - 15

Following is the menu for the Ropes cafeteria for September 11 through the 15th:

Monday: Roast beef, mashed potatoes, blackeyed peas, pudding, butter, hot rolls, and milk.

Tuesday: Buttered corn, hamburger steak, English pea salad, canned fruit, butter, hot rolls and milk.

Wednesday: Chicken and dressing, giblet gravy, green beans, cranberry sauce, light bread and milk.

Thursday: Fried fish, scalloped potatoes, fresh vegetable salad, ice box cookies, butter, hot rolls and milk.

Friday: Fried chicken, buttered spuds, green beans, jelly, butter, hot rolls and milk.

### GRADE 3A - Mrs. Wallace

We are happily settled in our new room, the room that was formerly occupied by Mrs. Graves' second and third grades combined. This room is some larger and gives us more room around the reading table.

We have twenty-five pupils in our room. A new boy, Gene Walker, came to our school from Tahoka. His father is the winner at the South Smyer Co-op Gin. Martha Hernandez, who comes from San Antonio, is new to our school, too.

## Trailer Tags Are On Sale In Ropesville

### Court and Judge Make Statement

In an article of the August 31 issue of the Plainsman it appears that Mr. Troy Morris sought some explanation of why a substation for the sale of trailer tags would not be opened in Ropesville.

I am indeed sorry that I was out of the office when I was called. I was in the court room all Wednesday afternoon attending the duties of my office.

In connection with the question at hand I wish to state that it is the policy of the Commissioners Court not to attempt to direct the operation of any elected official in the conduct of his office, but to assist such officer in any problem which may confront such officer in the conduct of his office as merits our consideration. If it becomes necessary for additional funds for the operation of any office then the Commissioners Court is charged with the responsibility to supply the necessary funds when they deem it necessary.

The question of substations was first brought to the attention of the Commissioners Court on Friday September 1, 1961 after the August 31 issue of the Plainsman was printed and in the mail. Once this question was presented to the Court immediate and favorable action was taken by the Court.

In view of the Courts policy and the facts as stated above, we are at a loss to know who had prevented the establishment of substations as they had never been mentioned to the Court nor any member thereof prior to last Friday, September 1, 1961.

Commissioners Court  
L. Owens, County Judge.

### Plainsman Air Conditioner Burns

On Friday of last week the Plainsman building was set atrimble by a heavy explosion and then the building commenced to fill with smoke. It was but a matter of minutes until we discovered the air conditioner was on fire.

Prompt action on the part of the Ropes Volunteer Fire Department prevented damage to the building.

What had happened was that some enterprising young gentleman had cut the water off the air conditioner and the pump was running dry, became heated, generated steam and blowed, setting the hay-stuffed walls of the air conditioner on fire.

If you don't think it is hot in the Plainsman building come and see us some time.

### Sister Visits

Mr. and Mrs. Bob Thomas had as their visitors this past week his sister, Mr. and Mrs. Bob Reynolds and their son, Mr. and Mrs. Theibert Reynolds of Antton.

### Frank Burnett Makes Statement

While in Ropes on Tuesday to bring trailer tags Frank Burnett told the Plainsman: "On August 1, 1961, I went before the Commissioners Court and asked for help in handling trailer registration. At that time it was a new law, and they were not sure whether or not the farmers would register the trailers and no help was authorized.

"On August 28 I was not authorized extra help in my office.

"On Friday, September 1, I asked for substations for outlying towns. This was approved by the Commissioners Court.

"Any statement I made prior to August 28 was that I had not been authorized any help."

### Coop Gin Spreads Local Buying Power

Prosperity caused by the Ropes Farmers Cooperative Gin reaches almost every man, woman and child in the community, says W. W. Jones the Association's president. Set up with the interest of the farmers foremost, this home owned business spreads buying power and increased income to many families who are not farmers.

The cooperative employs 3 people on a year-around basis and during the peak of ginning, as many as 40 employees may be on the payroll at the gin, in the office and driving trucks. During the past year, \$42,070.09 were paid out in wages and salaries by the gin.

Cash paid out locally for taxes, supplies, power, insurance and such expenses in the last season totaled \$17,005.58. All of the net earnings of the gin are returned on a patronage basis to the farmers of the area who own and use it. Refunds for the past year reached \$85,500.00, an average of \$763.39 in cash for each family patronizing the business.

We wish to announce that tags for cotton trailers will be sold in Ropes. They will be handled by Tyree Martin in his Insurance Office.

Up until last Friday there had been some doubt that the tags would be sold in Ropes—In fact, we were told by a reliable source that they would not. After the publication of the Plainsman last week, in which an article asked why and the source that was preventing tags being sold here, we learned that on Friday Frank Burnett had contacted Tyree Martin and asked him to sell the tags.

Judge Louis Owens and Commissioner Murl Brock told the Plainsman, and we quote: "The first we had heard that tags were not to be sold in Ropes was when we read the article in the Plainsman.

"As soon as I learned of the situation," stated Judge Owens, "I called a meeting of the commissioners and we immediately took care of the matter."

It had been stated to the Plainsman that no substation would be placed in Ropes—as a matter of fact, the first article we ran on the trailer tags, we stated that no station would be placed here, and later, we wanted to know why, so, in behalf of the community, we asked why.

### Weather Looks Like Winter

There can be little doubt that Winter is on its way. This past Sunday proved it. The day broke with an overcast and a norther blowing which dropped the temperature as much as forty degrees in the Panhandle, and in Ropes a new low was recorded when the thermometer dropped to a low 46, and during the day was in the low sixties. The norther continued through Monday, with another low reading, and an afternoon temperature that climbed into the seventies.

As the old saying goes, sixty days after the first norther there will be frost. That would give us frost about

## Ropes Eagles Chalk Up 32-6 Victory Friday

Larry Witt, a speedy left third and fourth periods on halfback led the Ropesville Eagles to a 32-6 victory over Sands' Mustangs as he scored three touchdowns, all on long runs, and ran over two conversions.

Witt opened the scoring with a 30-yard jaunt up to middle in the first period. He ran the points after touchdown.

Jackie Weatherly hauled in a pass from Bobby Bevers for the second touchdown, a 14-yard play. Bevers passed to Terry Rucker for the extra points.

Witt scored again in the

Ropesville will play Cooper this week at Ropesville.

**JEHOVAH'S WITNESSES TO HOLD ASSEMBLY**

Jehovah's Witnesses in Levelland are cancelling all local meetings September 8, through the 10th for their circuit assembly in Wichita Falls, at the Barwise Junior High School.

The Texas Circuit No. 9 meet has adopted the theme, "Walk in the Name of Jehovah Forever." Alfred Ferguson, overseer minister of the Levelland Congregation of Witnesses, said, "Jehovah's Witnesses' organization is designed to

teach a unified program with a unified force in all of its 1,561 circuits throughout the world.

"Jehovah's Witnesses maintain," Ferguson said, "that if a religion is worth believing it is worth practicing, and at these assemblies we have sessions demonstrating the proper procedure for giving three to eight minute sermons in the house-to-house ministry, 10 to 15 minute backcall sermons for those we find interested and home Bible studies for those who desire this service.

Ferguson said, "Communism, materialism and other 'ism' can only be successfully combated with a firm foundation in Bible education and the assembly in Wichita Falls is designed to help us walk in the name of Jehovah and announce His Kingdom as the hope of mankind."

Principal speakers for the conference will be Weldon L. Mackey, district supervisor of nine circuits in Texas and two in Oklahoma, and Raymond H. Smith, circuit supervisor of the 17 congregations in assembly.

The highlight of the conference will be Sunday, 3 p.m., when Mackey will speak on the subject, "The 20th Century in Bible Prophecy."

**LOOKING AFTER BUSINESS IN BROWNFIELD**

Mr. and Mrs. James Pierce were in Brownfield Tuesday looking after business.

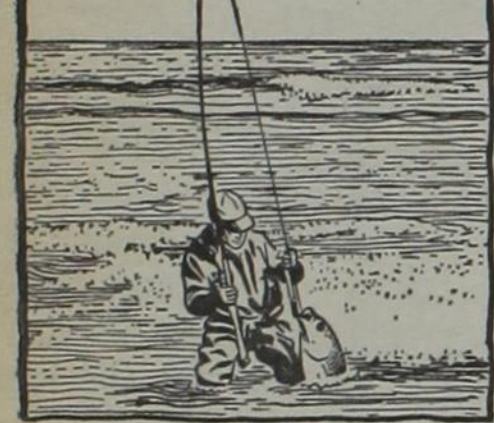

**WANTED—**

Someone to operate Farm Center Gin Cafe. Call 866-4476, Wolforth, or 3411 in Ropesville.

Fishing the surf to its many adherents is a madness akin to no other. If you have ever spent a day on a sandy beach, no doubt you have seen that breed of angler who stands at the water's edge and with a great heave slings out over the white plumed waves some three ounces of lead. Occasionally, you might have even seen one eat a sandwich while his eyes scan the horizon for sight of a fin or splash in the surf.

The skill and patience required to successfully fish the surf is one of the least appreciated of all of angling's many arts. Yet, despite its difficulties, millions of anglers live and breath surf fishing along the 11,500 mile U.S. coastline. In fact, they can be seen haggard, unkempt, and exhausted making their business rounds the morning after a run of Strippers was reported off some obscure beach within a hundred miles of their habitat.

The fascination of surf fishing is, as yet, undefined, but it may lie in the early morning sun rise or the picturesque sun-set, or even in the excitement of a stormy sea following a blow. To surf, it seems, one must fish when the sane are sleeping soundly.

The most popular surf fish are stripped bass, channel bass, weakfish, and blues. All true sport fish and from 10 to 50 pounds of fight.

Equipment is inexpensive and no boats or licenses are required. Rods suitable for casting from 100 to 300 feet into the surf usually run between seven and nine feet long, are made of light but durable hollow fiber glass, and feature agate guides and locking reel seats. My recommendation for a good combination rod and reel for surfing is the Mitchell 302 salt water reel with a line capacity of 250 yards of 20-pound test monofilament, and a Companion 9-foot surf spinning rod. The combination will handle the special lures ideal for surfing which run from two to five ounces.

As closely kept a secret as wax to the skier or herbs to the gourmet cook is the surfer's lures. Baits vary from metal squids to surface poppers. Old timers usually have a favorite "guaranteed to catch fish" and this is most often some combination of rigged eel. Underwater plugs, surface plugs, feathered jigs, and just plain pork rine are also widely used.

While the most unlikely time for humans to be up and about is usually when the surf catcher is doing his darnedest, fish can be, and have been, caught on sunny hot afternoons while the family enjoyed the beach. Hot or cold, stormy or balmy surfing is a thoroughly enjoyable, relaxing, pre-occupation.

**TOM PRICE SAYS EXTRA GOOD CROPS**

Tom Price was busy Tuesday painting the trim on his home some eleven miles west of Ropesville. Tom told the Plainsman, "We are having some extra fine weather and I think we have the best crops we have had in several years." He stated as his opinion that more grain would be harvested in the county this year than last and expressed the belief that 200,000 bales of cotton would be gathered. Without a doubt, unless some unforeseen disaster of some sort hits the crop this will be the bumper year we have been looking for.

**J. C. WHITFIELDS  
STOP OVER IN ROPES**

The Troy Morris' were pleasantly surprised Saturday night when their daughter, Mr. and Mrs. J. C. Whitfield and children, Steve and Barbara, visited a while before going on to Lubbock where they live.

They had been on a trip to Longview where they visited his parents and other relatives. On the return trip they visited in Corsicana with some friends, and all of them went to Kerrville where the friends had leased some land, and they stayed in a cabin a few days.

They report plenty of deer, stating that a large herd bedded down one night right across the road from them.

Steve really took advantage of the beautiful surroundings, as early morning found him out hunting for squirrels, and brought one in to camp which he had shot.

Steve found an arrow head, and his daddy found a spear head made by the Indians.

But, according to their statements, the highlight of the trip was when the whole group stopped over for several hours one day at Six Flags Over Texas, near Dallas, the Texas version of "Disneyland". This was really something, and time does not permit us to relate it here, but to cap it all off, Steve and Barbara took a trip over Dallas and Fort Worth in a helicopter.

Even at that, Barbara was

glad to get back, as this is her first year in school.

**FEAST ON THE  
FRUIT OF THE LAND**

This week we have gorged ourselves on delicious watermelons, cantaloupe and peas. We visited in the Robert Hudson home on Thursday evening and when we got ready to leave they filled our car with watermelons.

On Monday G. H. Dalton brought us a huge watermelon weighing more than fifty pounds, so round, so fully packed!

Then, the J. D. Nichols family sent us peas, cantaloupe and watermelon.

This has been a good year for watermelons and produce, and few farmers have not

raised more than they could use.

**BUFFET SUPPERS ALWAYS SCORE  
TOUCHDOWNS FOR FALL HOSTESSES**

GO TEAM, GO! will be the invitation of hostesses this fall as they entertain young and old at post-game football parties. The intriguing buffet shown here took its color theme from the handsome new melamine dinnerware with an American Indian pattern in muted yellows, browns and beige tones. The plates and saucers are white, but the cups, bowls and serving pieces repeat the warm beige color and harmonize to perfection with the bronze and yellow chrysanthemums. The cloth is toast brown and the napkins a deep golden color.

Every Saturday afternoon for the next few months hundreds of thousands of Americans from one end of the land to the other will be gathering in football stadiums screaming for touchdowns, beating their hands and stamping their feet to keep warm and building up gigantic appetites.

For the hostess who thoroughly enjoys feeding a hungry horde, the after-the-game buffet offers limitless opportunities not only to serve hearty satisfying food, but to gain new laurels as a superwoman, who can go out and root for the team and still be ready to greet her guests with a meal to remember.

The trick of course, is to prepare the food and set the table before you leave, so that when you get back everything is ready to heat, and you need only toss the salad and light the candles to be ready.

The after-the-game buffet shown here took its color theme from the handsome new melamine dinnerware with an American Indian pattern in muted yellows, browns and tawny beige tones. The plates and saucers are white, but the cups, bowls and serving pieces repeat the warm beige color and harmonize to perfection with the bronze and yellow chrysanthemums. The cloth is toast brown and the napkins a deep golden color.

The pattern of the melamine is worth remarking as it is an excellent choice for a young couple's first home. Versatile enough for any but the most formal settings, it is the kind of pattern that men react to and admire. Too many brides start out with frilly feminine designs which seem to overlook the fact that their husbands use plates and cups and saucers, too.

In preparing a meal that is to be served with

lightning speed and precision it is wise to decide on familiar dishes you have prepared before. With a roomful of ravenous guests there is no time to experiment and it is well to know exactly what you are doing when you step into the kitchen. However, if you happen to own a casserole as magnificent as the one in the photograph, it would be unthinkable to fill it with anything less than Coq au Vin.

So, while the guests are busy with cocktails and the important business of second guessing what should have happened at the end of the third quarter, light the oven and warm up the wine flavored chicken at the same time you are heating the rolls. Serve it with fluffy, pre-cooked rice and plenty of tossed salad and a green vegetable if you like.

**COQ AU VIN**

1/2 lb. butter, melted in a large pan  
5-pound roasting chicken, cut in pieces and dredged in flour  
Brown chicken thoroughly and place in casserole, together with juices.  
Add: 1/2 cup chopped ham  
10 small white onions  
1 clove garlic, crushed  
1/4 tps. thyme  
1 sprig parsley  
1 bay leaf  
8 whole mushrooms  
Salt and pepper to taste  
Pour over the chicken 2 ounces of warm brandy. Light it with a match and when the flame dies down add 1 cup of red wine.  
Cover and bake until the chicken is tender (about 2 1/2 hours). Serves six.

## IT RAINED IN 1940

Carl Allen handed us a Ft. Worth Star Telegram dated April 7, 1940, which tells of heavy snow and rain in the state.

Such rains, says the report, have not been recorded in the state since the floods of July, 1938. Snow, which measured two inches at Amarillo was distributed from Tucumcari, N. M., to Sayre, Okla., south to Clarendon and north to Channing. Good rains occurred at Lubbock, Plainview, Turkey, Quitaque and Paducah.

In this section the report showed almost two inches over this territory. Some rain was accompanied by sleet.

## Freedom in Truth

"Ye shall know the truth, and observe circumcision, and the truth shall make them free"

Jno. 8:32  
In the last lesson we established that God had demonstrated his grace in believing of His son and his word and the word of Christ was the "word of grace". Many of our friends believe and teach one fall from the grace of God and be lost. In this lesson and lessons to follow we see what the Bible teaches... can one fall from grace or will he not fall from grace. In Gal. 5:1 and 4 we read, "Stand fast therefore in the liberty wherewith Christ hath made us free, and be not tangled again with the yoke of bondage . . . . Christ is become of no effect unto you, whosoever of you are justified by the law; ye are fallen from grace." The apostle was guided by Holy Spirit and he tells Galatian brethren that they go back under the law

and observe circumcision, they are becoming entangled in a yoke of bondage. Not only are they entangled, but they are trying to be justified by the law of Moses, or parts of it and Paul said when they did so they "are fallen from grace". John wrote, "The law came by Moses, grace and truth came through Jesus Christ." Jno. 1:17. We cannot be justified by the law of Moses and the grace and truth of Christ at the same time. We can not cleave to one and hold to the other. To follow parts of the law of Moses, after one becomes a Christian, will cause him to fall from grace, so said Paul. We are justified by the grace of the Lord and not the law, Rom. 3:24. We cannot leave the word of the Lord and the grace of the Lord and continue in his word; walk in the light as he is the light if to remain in his grace. THINK on these things.

No review of the business, agricultural and industrial interests of this section of the State would be complete without prominent mention of this Company which aids in no little measure to the progress and prosperity of

this section. It is a well known fact that there is no one institution in the community that has met with greater favor with the public than this well known establishment. By reason of the fact that the management has had wide experience in every feature of the trade, this firm has continued to increase the number of their patrons.

There are no more public spirited citizens in the community than the management of this firm, and in making this Business Review of this section it is natural to compliment them and to direct your attention to this business as one of the reliable establishments which has added to the development and progress of this part of the State.
