There are two things you had better be thinking ab-out: One, Federal aid to edu Records are Broken as Mercury cation, and second, giving the President the power to levy taxes or increase taxes without the consent of Congress.

First, the Federal education bill is but a project to make it possible for the Federal Government to get their meddling paws on the public ! system, something, which as yet, they cannot control. Once federal money is placed in the schools you with this will come federal inspection by federal men to see that the ing carried out.

you where this is needed.

It would eventually be as many tion to his first full term as government projects now are-you county clerk. listtn or else. The public school sys-
