

STRAIGHT UP 106.4 MILES—Condensed moisture in the form of frost and ice particles is shaken loose from the body of a Navy Viking rocket as it is launched amidst a cloud of smoke and steam from the USS Norton Sound in mid-Pacific, to travel to a height of 106.4 miles. The rocket headed straight up to what the Navy claimed was a record height for an American-designed single stage rocket. Frost and ice resulted from the liquid oxygen fuel and high equatorial humidity. (AP Wirephoto from U. S. Navy).

DUFF SKYROCKETS

Win Puts Governor In Top GOP Spot

PHILADELPHIA, May 17. (AP)—Big Jim Duff, Pennsylvania's red haired governor, skyrocketed into a position of vital importance in national Republican affairs today as the winner in the state's most bitter primary election in decades. Duff was nominated for U. S. Senate by a nearly three-to-one majority. He carried to victory his personally endorsed ticket for governor and four statewide offices.

San Angelo Man Enters Primary Against Blount

Lists of names for six district offices to be included on the Democratic primary ballot have been completed. L. S. Patterson, county Democratic chairman, reported this morning. Deadline for filing was midnight, May 15. Candidates for state offices have until June 5 to qualify for places on the ballot, while June 17 is the deadline for county and precinct offices.

Seaboard Well Flows Howard County Oil

Seaboard No. 1 Akin Simpson, a three and a half-mile southwest stepout from the Vealmoor pool in northern Howard county flowed from 15 to 20 barrels per hour on a drillstem test today. Operators picked top of the reef in the Pennsylvania wildcat at 5,105 feet (datum minus of 5,272). This put it approximately 30 feet low to Vealmoor production and an estimated 50 feet above the Vealmoor water table.

Sweetwater Woman Killed In Wreck

MONAHANS, May 17. (AP)—Mrs. Eva Mae Poole, 22, wife of Bailey Poole of Sweetwater was killed last night when her car turned over several times on Highway 80, 14 miles west of here. The accident occurred when a fire blew out. Lee Greer of Pecos, who was riding in another car behind Mrs. Poole witnessed the accident.

THE WEATHER

BIG SPRING AND VICINITY: Partly cloudy with afternoon showers and thunderstorms. Mostly scattered evening showers. High today 84. Low tonight 62. Highest temperature this date 84 in 1911; lowest this date 48 in 1912; maximum rainfall this date 1.25 in 1928.

Lie Satisfied With Stalin Interviews

Time Will Tell Results Of Talk, Reporters Told

MOSCOW, May 17. (AP)—Trygve Lie said today he is "not dissatisfied" with his talks with Prime Minister Stalin and other Soviet leaders. "Time will tell," he said, "what the results will be. A final judgment cannot be made before two or three months from now." Lie told a news conference. "Maybe it will take a still longer period, too." The United Nations secretary-general is on a Washington-Paris-London-Moscow mission designed to help bridge differences between East and West and to support the UN. He saw Prime Minister Stalin Monday night. Previously he talked with Deputy Prime Minister V. M. Molotov and Foreign Minister A. Y. Vishinsky.

GEORGE D. BARBER

19 Towns Are Represented At TLM Meeting

More than 50 representatives of 19 West Texas towns and cities were in Big Spring today for a regional meeting of the Texas League of Municipalities. George D. Barber, president of the league and mayor of Mineral Wells, opened the meeting with a brief statement of the purposes of the organization. Services and purposes of the league were also outlined by E. E. Crutchfield, field consultant, who initiated open forums on municipal problems and legislation to be adopted by the league. Sen. Hill Hudson, Pecos, was to address the group at a luncheon session. The afternoon session was to include forums and discussions on topics such as ordinances, annexation, building codes, fire limits and construction, telephone rate regulation, garbage and trash disposal, and corporation courts. Delegates to the regional meeting, one of three being held in West Texas, were from an area within 100-mile radius of Big Spring. Representatives from several cities were expected to arrive in time for the afternoon meeting. Meetings are to be held in Amarillo Thursday and in Mineral Wells Monday by the TLM. Representatives of several organizations affiliated with the TLM attended the meeting here. Garland P. Franks, San Angelo city manager and Steve Matthews, Lubbock City manager, represented the Texas City Manager's association. K. A. Moore, president of the Municipal Finance Officer's association from Midland, was also present.

First Texas Wheat Brings \$2.15 Bushel

OLNEY, May 17. (AP)—Young County Farmer Elmer Hennig received \$2.15 per bushel yesterday for Texas' first load of wheat of the season. Hennig's 50-bushel load weighed 60 pounds to the bushel and tested about 15 per cent moisture content. The Olney Feed & Elevator Co. purchased the load. Hennig, whose farm is in the Ingleside community about five miles southwest of here, said his land would make about 14 bushels to the acre. This is a considerably higher yield than had been predicted. The initial load for Texas was the earliest since 1946 when the load arrived May 8.

Johnson Visit To Pacific May Bring Jap Treaty

WASHINGTON, May 17. (AP)—A new effort to break the American deadlock over a Japanese peace treaty will be made when Defense Secretary Johnson visits the Pacific cold war front next month. Responsible officials said today the treaty problem unquestionably is one that will be discussed at length by Johnson, Gen. Douglas MacArthur, commander in Japan, and Gen. Omar Bradley, chairman of the joint chiefs of staff. Johnson and Bradley will leave here June 11 for a 13-day aerial tour of the Far Eastern command. En route to Tokyo they will inspect the Pacific defense and communications bastions in Hawaii, Kwajalein, Guam and Okinawa. Returning, they are expected to travel by way of the Aleutians.

Taft Promises GOP To Get Rid Of Reds

Senator Blasts Back At Truman

WASHINGTON, May 17. (AP)—A pledge to oppose communism abroad and eliminate it from government agencies at home is the No. 1 promise in an official Republican bid for control of Congress. Sen. Taft of Ohio made the GOP promises last night over a nationwide radio hookup. It was the Republican reply to President Truman's cross-country speaking tour. Taking the offensive, Taft said Democratic policies have raised the threat of a third world war and at home have pointed the nation toward regimentation and socialism, leading to bankruptcy. "The general program of the Truman crusade is clear. Promise everyone everything, and hope to back it up with government money. Every American knows in his heart that such a policy will wreck the United States and reduce it to bankruptcy. It will bring, first inflation, and then depression."

Doubts Arise Over Further Excise Tax Cuts

WASHINGTON, May 17. (AP)—New doubts arose on Capitol Hill today that there will be excise tax reductions this year—unless President Truman changes his mind about vetoing any tax bill that reduces the overall revenues of the treasury. The House Ways and Means Committee, by voice vote late yesterday, rejected the President's proposal for a \$400 million increase in federal levies on inheritances and big gifts. This was one of the big increases—along with higher corporation taxes and the plugging of tax law loopholes—by which Mr. Truman proposed that Congress offset the loss from proposed excise reductions. Tax law managers, after yesterday's action, predicted to newsmen that Congress never will be able to offset, with higher taxes elsewhere, the \$1,800,000,000 in excise cuts the ways and means committee estimates it has approved already. The figure is almost twice as big as the \$855 million limit Mr. Truman recommended. It includes reductions on furs, jewelry, ladies' handbags, toilet preparations, movie admissions, travel tickets and scores of other items. The committee has yet to act on the President's proposal for a \$550 million increase in corporation taxes. It also has some votes to take on his suggestions for plugging tax law loopholes, that would yield more millions.

TRUMAN RETURNS FROM WESTERN TRIP—A smiling President Truman gets ready to leave his special train at Union Station in Washington at the end of his swing through the northwest. Standing on the rear platform with him are daughter Margaret and Secretary of Defense Louis Johnson. Johnson went to the station to greet the Chief Executive. (AP Wirephoto).

AGENTS ARREST 26

Huge Smuggling Ring Smashed At Galveston

HOUSTON, May 17. (AP)—Customs agent Al Scharff said a big narcotics smuggling ring was smashed today with the arrest of 26 people at Galveston. Scharff said the Galveston raids began after three men were arrested early today at Bay City. Terming the ring one of the largest ever to operate in this section of the country, Scharff said the ring has connections in Detroit, New York City and Chicago. Scharff and James C. Ryan, district bureau of narcotics chief, said the ring is a \$1 million outfit. They said that raids on six bars and rooming houses in Galveston today resulted in the arrest of 20 men and six women. Those arrested were taken to the Galveston customs house. Deputy U. S. Marshal Neal Matthews said that a 25-year-old Negro man was arrested while stuffing arm loads of marijuana into a garbage can in an alley at the rear of a rooming house. The customs and narcotics officials said the raids climaxed an intensive four-week investigation by scores of South Texas police officers. The narcotics being smuggled, he said, came from Mexico.

Bataan Death March Survivor Succumbs

WACO, May 17. (AP)—Funeral services for Lt. Col. William C. Truett were to be held at the National Cemetery in San Antonio today. Colonel Truett, survivor of the Bataan death march, died yesterday at Brooks General Hospital, San Antonio.

Man Electrocuted

DALHART, May 17. (AP)—Jack Hendrix, Vernon construction rife, was electrocuted yesterday when he stepped into a water puddle while using an electric saw.

Army Overpay To Be Recouped

WASHINGTON, May 17. (AP)—Asst. Sec. of the Army Karl Bendetsen said today overpayments of \$157 in servicemen's dependency allotments were "inevitable" under the wartime "get 'em paid" philosophy. Most of the overpayments have been or will be recovered, Bendetsen assured a House armed services sub-committee investigating congressional charges of maladministration, laxity and Communist infiltration in the Army's finance center at St. Louis. He said of the "total erroneous payments and over-payments," \$83 million has been paid back, \$16 million legally waived for hardship cases and \$53 million referred to the government accounting office for recovery. This leaves only \$55 million and he said he expects that to be recouped. Bendetsen asserted there has been "no evidence of fraud uncovered so far." "Naturally, in such a gigantic undertaking some mistakes will be made," he said.

Everglades Blazing

MIAMI, Fla., May 17. (AP)—Weary firefighters hoped for more showers today to aid in their 10-day battle with grass and brush fires in many parts of the Everglades.

WORK STARTS IMMEDIATELY

Drainage Ditch East Of City Limits Gets Final Approval

Work is to start immediately on a drainage ditch east of the city limits as the result of an agreement reached by city and county commissioners Tuesday. Members of the county commissioners' court unanimously approved a proposal by City Commissioner Willard Sullivan whereby the city and county will share the cost of the project. The city group also favored the proposition without a dissenting vote. County Judge John Dthrell said negotiations for securing right-of-way for the ditch would be started today. Sullivan had suggested that the city provide right-of-way for drainage of the northside of town and furnish \$250 toward purchase of approximately 3 acres of land needed on the south side with the county to put up the other \$440 necessary. The T&P is to construct the ditch where it is on railroad property. The drainage ditch has already been opened along 1st street to the city limits where it hits the T&P right-of-way. Past this point, the proposed canal will traverse private property before connecting with a segment already opened by the county. It is this piece of land that will be purchased jointly by the city and county to permit completion of the drainage. Cost of the 3 acres has been set at \$600. On the northside, city officials are negotiating to trade the site of the old sewage disposal plant, approximately one acre, for right-of-way to drain the northside. Both ditches are to be started as soon as the right-of-way is cleared, both city and county representatives agreed. Following the meeting with the county delegation, City Manager H. W. Whitney advised the city commission that material has been secured for construction of a new sewer line in the east part of town. He said work on that project will be started as soon as deposits are made by developers who agreed to share in the cost on a five-year refund basis. The new line will follow Birdwell lane from 2nd street to a point near the new junior college plant and the Belvue addition. A branch will serve the N. McEwen addition. Commissioners also voted to give a quit claim deed to a portion of the old W. 25th street south of the VA hospital to W. M. Thomason. The street was closed after highway 7 was rerouted several years ago, the city manager said. They also approved an amended plan to the city, submitted by Louis Thompson for the area east of McEwen and N. McEwen additions. No action was taken on a request by W. E. Buckner that the city furnish water for houses south of the city limits. Buckner had indicated he would lay necessary line to the city limit. The group gave the green light to construction of curb and gutter along Wood street east of its intersection with Victory. The work is necessary to prevent flooding of yards in that area, the city manager said. Streets and sidewalks in the section developed by R. E. Fowens concern follow natural contours of the terrain without permitting drainage, Whitney said. The city is to install curbs of a sufficient height to divert the water.

O'Daniel Seeking Radio Broadcasts

DALLAS, May 17. (AP)—W. Lee O'Daniel, who refuses to say whether he will run for the Texas governorship, negotiated yesterday for radio broadcasting time. O'Daniel conferred with Jimmie Jefferies, sales manager for the statewide Liberty Broadcasting System. The former Texas governor said he did not close arrangements for the broadcast. "We're just talking about it so far," he said. O'Daniel also would not say when he wants the time. He has until June 5 to file as a candidate for governor if he intends to run.

Bond Drive Opens

FORT WORTH, May 17. (AP)—Gov. Allan Shivers unveiled a Replica of the Liberty Bell in Burkburnett park yesterday, formally opening the 1950 Independence Savings Bonds drive in Texas.

BERLIN MAGAZINE SAYS THIS IS LAST PICTURE OF HITLER—The Berlin magazine illustrated today says it by chance found this picture of Adolf Hitler (right) amid discarded material taken by a representative of Hitler's personal photographer. The magazine says the picture shows Hitler, about April 30, 1945, with his adjutant, SS Obergruppenfuhrer Julius Schaub, surveying war damage to the Reich Chancellery in Berlin—ten days before Hitler was reported dead in his air raid bunker. (AP Wirephoto).

**TEXAN OFFERS \$15,000 AWARDS FOR WORTHY FARM ACHIEVEMENT**

RENNER, May 17. (AP)—An outstanding Texas theatre and businessman, an exponent of scientific farming, today offered \$15,000 for outstanding achievements in farm science and rural life.

The Texan offering the awards is Karl Hobbittzelle, president of the Texas Research Foundation. The foundation is a private agricultural research organization dedicated to bringing back the productivity of the Texas blacklands, a vast area through the center of the state stretching from the Oklahoma border to San Antonio.

Announcement that the awards would be made came last night at an open house at the foundation near here in Collin County.

Present were several hundred Dallas and North Texas businessmen. They toured the foundation, where experiments of many types are going on. They saw lush grasses, products of scientific farming, growing side by side with stunted grasses which have marked North Texas grasses for several years. They saw similar spectacular demonstrations of how wheat, oats, corn and legumes could be grown better through crop rotation, fertilization and selection of types.

Private enterprise was stressed throughout the afternoon and evening meeting. It was particularly

stressed by Louis Bromfield, noted novelist and an exponent of scientific farming and soil conservation. He was the principal speaker. Bromfield said that with scientific farming, food costs to the city dweller could be decreased 30 to 40 per cent while farmers at the same time could increase profits 20 per cent.

He said that the Hobbittzelle awards would "dignify the profession of agriculture." And he claimed that scientific agriculture had allowed the farmer to rise to a position of importance in his community.

**Stanolind Well Swabs New Oil**

Stanolind No. 1 Hutto, eight miles east of Big Spring, is being completed as a Wolfcamp discovery. Shut in for 12 hours, the well had then swabbed 4 1/4 barrels of new oil in 12 hours. Operators plan to put on pump and complete. This exploration previously drilled to 9,247 after topping the Ellenburger at 9,200 and finding it barren. Plugged back to 7,990 it tested the Spraberry unsuccessfully. Then it turned to the Wolfcamp, which first made shows on a drillstem test from 6,385-6,372. Several other tests in the zone followed. Present production comes from perforations from 7,370-7,430. Location is 680 feet out of the southeast corner of section 4-31-4s, T&P.

Strake No. 1 Blvd, deep wildcat 11 miles north of Sterling City, ran two drillstem tests without shows. The first hour test, was from 7,865-7,863 with recovery of 60 feet of mud. The second of the same duration from 9,779-9,814 feet returned 30 feet of mud. Location is in section 28-2, H&C.

**'WELCOME ABOARD'**—A wide grin covered the face of Fireman J. F. Duvall (right), 27-year veteran of the New York Central System, as he was welcomed aboard his freight engine in South Bend, Ind., by Engineer J. J. Jessup as the railroad strike ended. A few minutes later the engine began distributing stranded freight cars to local industrial plants. (AP Wirephoto).

**Rail Transportation Nearly Normal Now**

CHICAGO, May 17. (AP)—The nation's railroad transportation was almost back to normal today after the short but costly locomotive firemen's strike against five big carriers.

The six-day walkout—settled yesterday—took a solid wallop at business and labor. The loss in business and wages was estimated up to \$50 million.

The railroads said: "The losses, inconvenience and interruption of production occasioned by this strike simply do not make sense."

Only about 18,000 firemen struck but their walkout made idle about 200,000 other workers—mostly rail employees. The tieup, the nation's worst in four years, disrupted much of the country's freight and passenger service.

All Pennsylvania freight and passenger service was approaching full normal schedules and all 85,000 furloughed workers called back to their jobs. The PRR estimated its freight and passenger losses at \$15 million and the employes' lost \$6 million in wages.

A second struck line, the New York Central, estimated its freight and passenger losses at \$12 million and employes' wages loss at from \$2 million to \$3 million.

No figures were given on losses by the other struck lines—the Santa Fe, the Southern Railway, and parts of the Union Pacific. However, the cost of the walkout, including losses in business and wages, was estimated to hit around \$50 million.

Freight embargoes were lifted immediately after settlement was announced early yesterday, and most of the carriers said service would be at or near normal in about 24 hours. Strikers and furloughed workers were ordered to

return to work immediately. So were workers in other industries—including thousands of coal miners in western Pennsylvania—who were made idle by the walkout.

**U. S. Presses Allies To Rush Army Formation**

LONDON, May 17. (AP)—The United States is pressing its 11 North Atlantic allies to rush formation of an international army against the threat of Russian aggression.

The decision whether to do so probably will be made today by the foreign ministers of the Atlantic Pact countries, meeting in secret deliberations here for the third and perhaps final day.

Diplomatic informants emphasized, however, that military might is not the only aspect of the defense question.

Bigger and more efficient industrial production particularly is needed to underpin the costly defense effort, in the view of American diplomats. The United States is reported to be urging Europe to show more speed, determination and confidence in its economic efforts.

The international army idea has developed from a view, held on an increasingly wide scale, that a group of national armies added to each other do not make a unified or efficient defense force.

When a comparatively weak nation attempts to provide itself with all the components of modern war—fighters, bombers, armor, infantry and sea power—its defenses are spread so thin that no branch is effective.

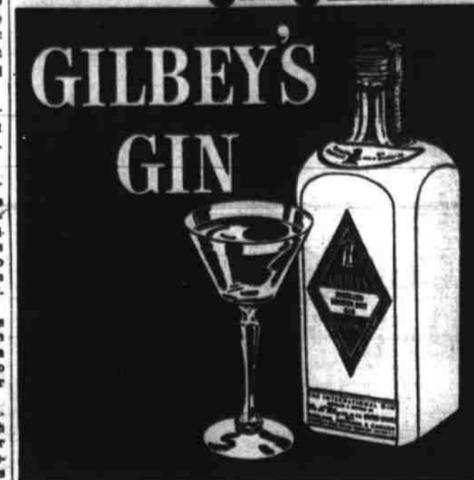

By contrast the American idea is to set up a super-command under the Atlantic Pact to weld together the armed forces of the 12 members while at the same time looking out for their economic strength and possibly for closer political ties.

Alcohol will remove any white spots that may appear on the shellac finish of a table.

**Route, Sales Boys Guests At Carnival**

Forty route and sales boys of the Herald circulation department were guests of the American Mid-

way show immediately east of the city on U. S. 80 Tuesday evening. They were taken on several rides, given pop corn and shown some of the specialty acts. The carnival continues on this location through Saturday night.

## Johnson Must Face Federal Charge Now

AMARILLO, May 17. (AP)—Ewald Johnson, found innocent in the bludgeon slaying of W. A. (Tex) Thornton, still faces federal charges of transporting a stolen auto across state lines.

The redheaded, 30-year-old Munsing, Mich., man was found innocent yesterday by a jury which deliberated three hours and 13 minutes.

"All I can say right now is that I'm very happy. I'm going back to Michigan as soon as I can," Johnson said after the verdict.

Johnson testified that he attacked Thornton, famed oil field fire fighter, after he found him and Johnson's wife, Diana, nude together in bed in an Amarillo tourist court cabin June 22, 1934. The Johnsons had hitchhiked a ride with Thornton from Tucuman, N. M.

The auto theft charge grew out of the Johnsons taking Thornton's auto and fleeing from Amarillo. The car was found abandoned a few days later at Dodge City, Kan.

Diana, who is being held in jail here, was not in the courtroom when the verdict was given. She also faces the stolen auto charge.

Sobs and cheers from the specta-

tors in the jammed courtroom greeted the verdict. Judge Henry Bishop, who had warned against a demonstration, admonished the spectators for their conduct.

Judge Bishop, in his charge to the jury, outlined three possible defenses to be considered: Justifiable homicide — under the Texas law that protects a husband who kills a man found in adultery with his wife; self defense — Johnson testified that Thornton yelled "I'll kill you" and grabbed for a pistol when caught in bed with Diana; insanity — defense witnesses testified they believed Johnson, a war veteran, of unsound mind.

Johnson was arrested in February in his home town of Munsing after his wife had told Washington, D. C. police her husband killed Thornton.

Both were returned here and indicted on murder charges. The indictment against Diana Johnson was dismissed during her husband's trial which began May 8.

## Clovis Hurler Has One-Hitter

By The Associated Press  
The West Texas-New Mexico League may be noted for its huge scoring but everybody does it, so there's a good race.

As of today just three games separate the first five clubs and Abilene, in the cellar, is only eight games away.

Last night the three top clubs won their games.

Leading Lamesa whipped Amarillo 11-7, cashing in on the wildness of Pitcher Ray Faust and a leaky Gold Sox infield. Eulis Rossion did some fine relief hurling for Lamesa.

Second-place Borger edged Abilene 8-7 led by Earl Perry, who hit for extra bases three times and scored the winning tally in the ninth.

Third-place Clovis tripped fourth-place Lubbock 5-2 on the one-hit pitching of Bill Rosin.

Albuquerque swatted Pampa 10-8 but had to worry about some Pampa rallies in the last two frames that tallied seven runs.

## Father Dies So Son May Live

OAKLAND, Calif., May 17. (AP)—Sidney E. Lawrence, 40, a grocery clerk who gave his life's blood to save his son, died Monday.

Physicians said today the son, 11-year-old Robert, probably would recover from nephrosis, a kidney disease which necessitated the blood transfer.

The physicians said there was no danger of the disease being transmitted, but they had explained to the father there was danger to the donor from foreign material being taken into the system.

"Go ahead," the father said. For nearly three hours, he and his ailing son were linked together by tubes exchanging their blood.

## Trick Movies Used In Tucker's Plan For Car Production

LOS ANGELES, May 17. (AP)—Trick movies of a production line which didn't exist were used by Gary Davis, promoter of a three-wheel car, to push investments in his project, two witnesses testified at his preliminary hearing.

"We never had an assembly line, never went into production. Each of our 15 pilot cars was hand-made," Robert L. Bricker, former production engineer for the Davis Motor Car Co. said yesterday. Ex-Production Mgr. Joseph Charipar quoted Davis as telling a dealer: "I'll have autos rolling out in 90 days."

Davis faces a \$60,000 grand theft charge.

## Flynn, Fiancee In Los Angeles

LOS ANGELES, May 17. (AP)—Errol Flynn and his fiancée, Romanian Princess Irlina Ghies, 19, arrived last night from Jamaica, where she joined Flynn two weeks ago after flying from Paris.

This is her first visit to the United States. She will spend two or three weeks here, then return to Jamaica. Flynn will make two movies here, then meet the princess in Paris, where they said they "probably" will be married in September.

GOVERNOR DUFF AND WIFE VOTE—Pennsylvania Gov. James H. Duff, who seeks the Republican nomination for the U. S. Senate, casts his primary election ballot at a school in Carnegie, Penna., a suburb of Pittsburgh. The Governor leads a Republican faction in opposition to the old Pennsylvania GOP organization headed by former Sen. Joseph R. Grundy of Philadelphia. With the governor is Mrs. Duff. (AP Wirephoto).

## PENNSYLVANIA WINNER

## GOPs Will Hear A Lot From Duff

PHILADELPHIA, May 17. (AP)—Roosevelt and the Bull Moose ticket.

Duff worked with Gifford Pinchot, too, in two successful and several unsuccessful campaigns. He gradually came to be recognized as a power in Pittsburgh, and jumped into the state picture in 1942 when Martin, then governor, appointed him attorney general.

Four years later the party leadership was tangled on a choice for governor. Weeks of closed meetings produced no agreement until Duff was suggested to and, somewhat later, accepted by the Grundy leadership. He won the nomination in a relatively quiet primary, and was elected that fall.

In 1948 Duff stepped into the national scene at the Republican convention. He did all he could to prevent the nomination of Thomas E. Dewey, but was beaten even in his own delegation which Grundy and Martin swung to the Dewey bandwagon.

That was the start of the finish fight, so far as Duff was concerned.

Duff, son of a Presbyterian minister, was born in Pennsylvania in 1883. His wife is the former Jean Taylor, of Beaver, Pa. They have no children.

## Red Captive Will Get Huge Welcome

LONG BEACH, Calif., May 17. (AP)—When William C. Smith, Navy chief petty officer released by Chinese Communists, gets home, there'll be a big welcome ready for him.

City authorities plan a big reception, and Saturday night he and his long-waiting wife, Ruby, are scheduled to ride at the head of the armed forces day parade here.

Sander of Cincinnati. The men will be flown to Pearl Harbor in a U. S. Navy patrol plane. (AP Wirephoto via radio from Manila).

## 'FULL DETERMINATION' Adenauer Promises Pool Plan Support

**BONN, Germany, May 17. (U.P.)**—Chancellor Konrad Adenauer last night announced his "full determination" to carry out a French proposal for pooling coal and steel production of France and Germany.

Such technical difficulties as continuing allied limitations on West German steel production would not be allowed to interfere with achievement of the greatest possible degree of unity between the two ancient enemies, Adenauer said.

He made his statement after discussing the pool plan with former French Premier Paul Reynaud. Reynaud came here with his advisers for a semi-official survey of the German situation.

Adenauer, said he was convinced other European nations including Great Britain, reportedly cool toward the plan, would come into the industrial pool eventually.

In London, meanwhile, the United Europe movement, of which Winston Churchill is chief leader, urged Britain's labor government to announce support of French Foreign Minister Robert Schuman's proposal for a pool of European coal and steel resources.

Adenauer, said he was convinced other European nations including Great Britain, reportedly cool toward the plan, would come into the industrial pool eventually.

It was his first plane trip. He said "it was easier to fly from Tokyo to Los Angeles than it is to go from Tokyo to Hiroshima." He explained that surface transportation has not been restored since the atomic bomb was dropped.

Osaki is en route to Washington, D. C., where he said he hopes to see President Truman and the cherry trees which he, as mayor of Tokyo, presented to the city of Washington.

## FILING DEADLINE PASSES

# Eight Texas Congressmen To Have No Primary Opponent

**By The Associated Press**  
Eight Texas congressmen, headed by Speaker of the House Sam Rayburn, will have no opposition in the July 2 primaries. The other 13 legislators, all of whom seek re-election, have from one to four opponents each. The deadline for filing by candidates was midnight Monday.

Other unopposed for renomination: Olin E. Teague of College Station, 6th district; Albert Thomas of Houston, 8th District; John E. Lyle, Jr., of Corpus Christi, 14th District; Lloyd M. Bensten, Jr., of McAllen, 15th District; Omar Burleson of Anson, 17th District; Paul J. Kilday of San Antonio, 20th District; O. C. Fisher of San Angelo, 21st District.

Here's the lineup by districts where there is opposition:  
1. Rep. Wright Patman, Texas-Kans., opposed by Mayor Abe M. Mays of Atlanta and former state legislator.  
2. Rep. J. M. Combs of Beaumont opposed by Price Rogers, 45, Beaumont insurance man seeking public office for the first time, and Hugh Wilson, Port Arthur refinery worker who was unsuccessful in the 1948 election.

3. Rep. Lindley Beckworth of Gilmer opposed by E. A. Martin, Longview attorney.  
4. Rep. J. Frank Wilson, Dallas, opposed by Jimmy Jeffries, 45, Dallas radio program master of ceremonies.  
5. Rep. Tom Pickett of Palestine

opposed by Roger Knight of Medfordville and J. S. Holleman of Livingston.  
6. Rep. Clark Thompson of Galveston opposed by Dan M. Kimbrough, 48, a Clute pharmacist.  
7. Rep. Homer Thornberry of Austin opposed by Magness L. Foster, 40, manager of Austin Driver Training Institute.  
8. W. R. Poage, Waco, a ranking member of the House Agriculture Committee, has drawn three opponents. One is Mrs. Tom Travis, 42, a Waco real estate agent and builder with no previous political experience. The other two are former Waco Mayor Richard C. Bush, 48, an advertising and newspaperman, and Atty. John L. Bates, Jr., 39, of Waco. Bates, too, is inexperienced in office holding.

9. Rep. George Mahon of Colorado City opposed by A. M. Ripps, Big Spring, 65, retired railroader.

10. Rep. Ken Regan of Midland opposed by District Judge Paul Moss of Odessa and Fred Hervey, El Paso restaurant chain owner.  
11. Four seek the Democratic nomination to succeed Eugene Worley of Shamrock, who quit to accept a federal judgeship. They are Walter E. Rogers, 41, former state district attorney; LeRoy Pete Lemaster, 34, Ferrington; J. Blake Timmons, 33, Amarillo, now a state legislator, and Mrs. Altavene Clark, Amarillo, now a federal job holder.

12. Rep. George Mahon of Colorado City opposed by A. M. Ripps, Big Spring, 65, retired railroader.

13. Rep. George Mahon of Colorado City opposed by A. M. Ripps, Big Spring, 65, retired railroader.

14. Rep. George Mahon of Colorado City opposed by A. M. Ripps, Big Spring, 65, retired railroader.

15. Rep. George Mahon of Colorado City opposed by A. M. Ripps, Big Spring, 65, retired railroader.

16. Rep. George Mahon of Colorado City opposed by A. M. Ripps, Big Spring, 65, retired railroader.

## CENTRAL MEXICO'S POWER STRIKE ENDS, FINAL SETTLEMENT DELAYED

**MEXICO CITY, May 17. (U.P.)**—Workers and employers signed an agreement at 1 o'clock this morning ending Central Mexico's 14 hour power strike.

They said the electricity would be back on before daylight. A legal tangle postponed final settlement.

One Canadian owned Mexican power and light company offered to pay its 6,000 employees a 15 per cent wage increase if the company earns enough in the next 12 months to pay for them. The union, which at noon yesterday pulled power switches cutting off electricity in Mexico City and eight surrounding states, agreed.

Both said that the power would be back on as soon as the agreement was put in writing and signed, probably by midnight last night.

A union spokesman developed with the writing. The company had agreed to pay the raises now, and deduct them next year if it fails to earn the necessary money. But the union pointed out the contract is for two years, and wanted the same arrangement for the second year as for the first.

The company argued that if it pays the extra 15 per cent in the second year and then fails to earn, its agreement with the workers then will have expired and it would have no guarantee of getting its money back through deductions.

## Romance Growing Out of Cohen Death Ends in Marriage

**LOS ANGELES, May 17. (U.P.)**—Romance growing out of the Mickey Cohen shooting last summer has ended in marriage for Showgirl Dea David and Special Investigator Harry M. Cooper.

Miss David, 27, and Cooper, 28, were married here last Saturday, a day after he was released from the hospital.

Cooper was seriously wounded in the Sunset Strip ambush last July which killed Cohen and fatally wounded gangster Neddie Herbert. Cooper had been assigned by the attorney general's office to guard Cohen, Miss David was in Cohen's party when the shooting occurred in front of a night club last July 18.

## Texas Knights Invited To Hold 1951 Meet Here

Members of the Knights of Pythias Grand Lodge of Texas will be invited to hold their 1951 convention in Big Spring.

A delegation from Big Spring lodge No. 48 is to extend the invitation to the state organization at their 1950 meeting in Mineral Wells today. H. M. Rainbolt, convention committee chairman, indicated. Rainbolt and 12 other Big Springers are in Mineral Wells for the 1950 meeting which started Sunday.

Telegrams from local service clubs and civic leaders were also sent to the convention today. The Kiwanis club, American Business club, B&PW club, Jaycees, local hotels, chamber of commerce, and Mayor G. W. Dabney were to invite the next annual meeting to Big Spring.

Approximately 1,000 persons were expected to attend the Mineral Wells meeting. Bryan Thomas, Electric, Grand Chancellor of Texas, was to preside.

Representatives of the Big Spring lodge attending are Mr. and Mrs. Rainbolt, Mr. and Mrs. Paul Darrow, Mr. and Mrs. L. D. Crane, Mrs. John Tucker, Mr. and Mrs. Sam Winham, Clyde Thomas, Bill Loftis, and Mr. and Mrs. John Underwood.

## Harrington Appeals For Final Cancer Fund Donations

An appeal for voluntary contributions to conclude the 1950 Howard county cancer drive was issued today by Matt Harrington, campaigner.

Contributions may be sent to Ira Thurman treasurer of the Howard county Cancer society, or to Harrington. Approximately \$300 is needed to bring the total to the \$2,500 quota for the local unit.

All funds raised will be used to combat cancer, the nation's second largest killer, through research and education, Harrington pointed out.

## Athol Atkins To Be Initiated In Baylor Debating Society

**WACO, May 17**—Athol Atkins, Baylor University student from Big Spring, will be initiated into Phi Kappa Delta, national honorary debating society at the annual Baylor debaters' picnic Friday.

Professor Glenn K. Capp, debate coach and chairman of Baylor's department of speech, announced that Phi Kappa Delta membership is limited to students who have successfully participated in at least five intercollegiate debates, and have won half of their contests.

Atkins is the son of Mr. and Mrs. T. B. Atkins, 1901 Main St., Big Spring. He is a sophomore student in Baylor majoring in speech.

## Russia Charges Unlawful Usage Of Farm Lands

LONDON, May 17. (AP) — Russia's Communist Party newspaper Pravda today reported unlawful use of collective farm land by individuals and organizations in the Soviet Union.

In an editorial broadcast by Moscow radio, Pravda said more than 17,000 acres had been misappropriated last year in the Kirgiz Republic of Central Asia.

Similar land diversions, the newspaper said, had been taking place in the Kazakh and Uzbek Republics of central and western Asia, in some places "with the connivance of local party and Soviet organizations."

## Alabama Woman Recommends HADACOL

TO FOLKS SUFFERING WITH DEFICIENCIES OF VITAMINS B1, B2, NIACIN AND IRON

Mrs. Cassidy and Children  
Mrs. R. E. Cassidy, 408 Tennessee Avenue, East Gadsden, Alabama, has suffered for some time with loss of weight, nervousness and gas pains. After taking HADACOL, she says: "I would wholeheartedly recommend HADACOL because it has done so much for me."

Mrs. Cassidy was suffering from a deficiency of Vitamins B1, B2, Niacin and Iron, which HADACOL contains. She says, "I wouldn't take anything for the complete change HADACOL has made in my home."

Here is Mrs. Cassidy's statement: "For some time, I had been underweight, nervous, had terrible headaches and gas pains all the time. I had taken all kinds of medicine. Then a friend told me how she got such wonderful results from HADACOL. After two bottles, I could tell a terrific difference. I now have a fine appetite, have gained weight and best of all, have lost those gas pains and headaches. I wholeheartedly recommend HADACOL because it has done so much for me. I wouldn't take anything for the complete change that HADACOL has made in my home."

**Sold On Strict Money-Back Guarantee**

So give this remarkable HADACOL medicine a chance to help you if you suffer from stomach distress, nervousness, insomnia, constipation, aches and pains of neuritis, a general run-down condition, and are sick or ailing, because you have deficiencies of Vitamins B1, B2, Niacin and Iron. Remember that HADACOL is amazingly different and amazingly effective because it treats the real cause of such troubles. Make up your mind to take HADACOL regularly. Refuse substitutes. Insist on the genuine. There is only one HADACOL. You can't lose a cent, because it's sold on a strict money-back guarantee. You'll feel great with the first few bottles you take or your money back. Only \$1.25 for Trial size. Large Family or Hospital size, \$3.50. Copyright 1950, The LeBlanc Corporation (Adv.)

## MOVE TO FORMOSA

# Last Of Transports Leave For Chushan

TAIPEI, May 17. (AP) — Jammed transports headed for Formosa today with the last Nationalist troops from abandoned Chushan Island.

News reports said Gen. Shih Chun, Nationalist defense commander of Chushan, was due tonight. The Nationalists began pulling out of the island blockade base, 100 miles southeast of Shanghai, Saturday. The last plane load of soldiers from Chushan reached Formosa last night.

The abandonment by 150,000 troops of the Chushan Islands did not shock Nationalist Chinese here as much as had the fall of Hainan Island recently. There is a common tendency among the Chinese to ascribe the withdrawal to an upset in the balance of power caused by the creation of a Soviet sponsored Communist air force.

At one time Nationalist possession of the Chushan Islands gave Chiang Kai-shek's air force virtual control over much of China's air. His naval forces effectively blockaded Shanghai from there.

The islands also were a supply point for Nationalist guerrillas on the mainland.

For formation of the Red China air force reduced Nationalist raids to hit and run affairs.

Nationalist sources said the Reds had massed 400,000 troops for an assault on Chushan. The withdrawal of 150,000 troops from Chushan strengthened Formosa's defenses and will force the Reds to mount a much larger force once they decide to storm this big island.

The bloodless withdrawal from Chushan was called a great defensive victory by Nationalist leaders.

## TOP LEVEL U. S. POSTS HARD TO FILL PUBLICATION OF JEFFERSON PAPERS

WASHINGTON, May 17. — President Truman and Gen. George C. Marshall headed the list of dignitaries today for a ceremony marking the publication of the first of 52 volumes of the papers of Thomas Jefferson.

The ceremony, in the Library of Congress, called for the first presidential address ever given there in its 150 years' history.

Joint sponsors were the library and Princeton University, which is compiling and editing the Jefferson papers. They are being published by the Princeton University press.

The 52 volumes will be by far the most comprehensive collection of the ideas of the man who, scholars say, had the greatest mind of his time in America. They will include some 18,400 letters written by Jefferson, about 25,000 letters in full or in summary written to him, and Jefferson's special writings on subjects ranging from architecture, law and political science to religion, meteorology, agriculture, wine and cooking.

The project, which was started in 1943 and will not be completed until 1963, is rated as one of the largest book publishing undertakings in the nation's history. The total cost is estimated at \$1 million.

To help defray the expenses, the New York Times company made a gift of \$200,000 to Princeton University as a memorial to Adolph S. Ochs, longtime publisher of the Times. Mr. Ochs was an ardent admirer of Jefferson's championing of freedom of speech and religion.

No previous edition of Jefferson's papers has included more than 15 per cent of the total number of

documents which will be contained in the Princeton edition. The letters written to Jefferson are from correspondents, who range from backwoodsmen to other Presidents and statesmen.

When completed, the set is expected to portray as does no other collection of private papers, the course of American history from the 1760's to the 1820's. The reproductions of documents now assembled at Princeton number nearly 50,000.

## Silence Sign Works In Many Different Ways

BALTIMORE, May 17. (AP) — The big "silence" sign hung conspicuously above him as Gilbert Scherr soft-shoed down the stone steps last night toward the first floor of the big library.

A bareheaded young man coming up stepped in front of him, pointed a pistol and grunted: "Give me your money, or I'll blow your brains out."

Scherr handed over his wallet. "Could I have my wallet back, please?" he asked softly. "I have some valuable papers and cards in it."

The gunman handed the wallet back. "Take out the money," the bandit said, more softly.

Scherr took out \$12 and handed it over to the robber, who slipped quietly down the stairs and out the building.

Have'n't those signs bothered you, too?

## TOP LEVEL U. S. POST HARD TO FILL DESPITE HIGHER SALARY ATTRACTION

WASHINGTON, May 17. (AP) — President Truman is still finding it difficult to fill top-level government posts despite the attraction of higher salaries.

As he got back to a full day's work behind his White House desk today after his nine-day jaunt to the West Coast, he found 18 important vacancies, some of them dating back to last year.

The salaries of these jobs range from \$12,000 to \$17,500 a year. In addition to the 18, two \$15,000 a year positions of assistant secretary of agriculture will be available shortly if the agriculture reorganization plan becomes effective, and all Atomic Energy commission members' terms expire June 30.

Only one of these five AEC commissionerships is now open. A \$17,500 a year chairman is expected

to be named whenever the President finds the man he wants.

Mr. Truman is looking for three men to fill the \$17,500 jobs as undersecretary of agriculture, commerce and interior.

There is also a \$16,000 opening for a director of mutual defense assistance and the following \$15,000 positions waiting to be filled:

Assistant attorney general, assistant postmaster general, administrative assistant to the President (he has five, but has never had the sixth permitted by law), undersecretary of the Air Force, director of the newly-created National Science Foundation, and seven district judges, including three in California, two in New York, and one each in Ohio and New Jersey.

The \$12,000 vacancy is on the 14-member U. S. tax court.

## Knott Promotion Exercises Friday

Fifteen members of the FFA chapter at Knott high school have returned from a weekend encampment at Christoval.

They were in charge of C. R. Cowan, sponsor, and Morris Gay. Among those making the trip were Marion Treadway, Jack Myers, Billie Wayne Cokrell, Jackie Fryar, Jerry Roman, Walton Burchell, Bobby Gay, Oliver Nichols, Jr., Doyle Conway, Wade Shanks, Woody Caffey, Charles Williams, Jimmy Ted Erwin, Bobby Bales and Charles Adams.

## Negro Dies In Chair For White Girl Rape

HUNTSVILLE, May 17. (AP) — Nathaniel Edwards died today in the state's electric chair. Edwards, Negro convicted of raping a 16-year-old white girl at Houston last May, was strapped in the chair at 12:05 this morning and was pronounced dead at 12:08.

Edwards was one of three men accused of raping the girl. Another negro, Eugene McFarland, 25, is under a death sentence for the same crime. A third man charged in the case has never been arrested.

## Russia Charges French Keeping Soviet Citizens

LONDON, May 17. (AP) — Russia has accused France of keeping Soviet citizens from going home and has asked for reopening of the Russian repatriation mission in Paris, the Soviet News Agency Tass reported today.

A Russian note to the French government, handed Monday to the French ambassador in Moscow, said 20,000 Soviet citizens still are in France and more are awaiting repatriation in the French zones of Austria and Germany.

The French closed the repatriation mission in 1947, charging it was a front for subversive activities.

The Russians said all French citizens in the Soviet Union have been repatriated.

Although it is one of the nearest stars, Sirius is 8.6 light years away from earth.

## Local Negro Girl Admitted To Choir Unit

Jimmie Lee Pitts, a Negro girl of Big Spring whose musical education is being sponsored by several local organizations, has been admitted to the professional unit of the Westminster choir, best of four singing groups representing Westminster Choir college of Princeton, N. J.

The choir, which will make a nationwide tour in the fall of 1951, is composed of 40 voices, all chosen for academic as well as vocal excellence.

Miss Pitts, daughter of Mrs. R. J. Walker, wife of the principal of the Lakeview school of Big Spring, was one of three students to rate promotion to the choir. In all 36 had tryouts.

Since 1934, the Westminster Choir has given 102 performances in 32 master choral works. Such noted composers and conductors as Bruno Walter, Arturo Tosca-

ni, Arthur Rodzinski, Eugene Ormandy, Serge Rachmanoff and Jose Iturbi have worked with the group.

## Jaycees Name Four To Plan Program For Members' Wives

Jaycees Tuesday named Bernie Freeman, Johnny Stewart, Pete Jones, and Mark Sutphen to a committee to plan a program for wives of members.

A barbecue was suggested for the affair, tentatively set for June 9.

The organization also voted to

# TEXAS ICE DAY - MAY 17!

## for perfect Refrigeration

you need the COLD-PLUS-MOISTURE of manufactured ICE

### COLD ALONE IS NOT ENOUGH

Cold alone will keep most foods from spoiling—but cold alone won't preserve the vitamin content and garden-fresh crispness of the vitally important vegetables your family eat!

Modern Ice Refrigerators are beautifully and scientifically designed to get the greatest refrigeration value out of pure, crystal-clear, slow-melting manufactured ice. Only the Ice Refrigerator gives the three essentials of food-refrigeration: constant cold—balanced humidity—elimination of odors and impurities.

### 100 YEARS OF PROGRESS

Behind the amazing development of Ice Appliances is 100 years of progress by the gigantic, vitally important ice manufacturing industry. This industry had its beginning at Apalachicola, Florida, in 1850 when Dr. John Gorrie invented America's first ice-making machine.

The second machine was installed in New Orleans a few years later and then moved to Brownsville, Texas. And the third machine was built at old Jefferson, Texas, in the middle Seventies.

Dr. Gorrie made just enough ice for the treatment and comfort of his patients... today, some 7,000 ice manufacturing plants produce over 50,000,000 tons of ice each year. Virtually all industries use manufactured ice in one way or another—but the greatest users are those concerned with the shipping, storage and distribution of meats, poultry, seafoods and produce. In transportation of perishables alone, some 5,000 insulated trucks and freight cars, refrigerated with ice, shuttle back and forth across the nation daily, filling the shelves and ice refrigerators of America's 150,000,000 well-fed-people!

IN TEXAS ALONE, 600 ICE MANUFACTURING PLANTS produce for Texas homes and industry five million tons of ice per year. This means the opening of distant markets for Texas fruit, vegetables, meats, and seafood—the preservation of foods for Texas families—the easing of Texas summers with cooling refreshments.

#### THE MOST IMPORTANT THING ICE DOES IS MELT!

Melting ice in your refrigerator carries away heat... carries away food odors... provides the combination of cold-plus-moisture that means perfect preservation of the foods your family will eat.

#### TRAINED ICE SERVICE MEN!

Ice service men today are trained thoroughly, so all good businesses should be. They service your Refrigerator without making a mess... they make sure that your or children's don't slip out the door with them... they look, and see, neat and efficient and thoroughly familiar with their business.

#### PLENTY OF PURE CLEAR ICE ALL THE TIME!

Why fight a losing battle with home-made ice during the summer months? Real manufactured ice not only makes foods better for you—it provides a constant liberal source of sparkling ice for chilled drinks, table use, ice cream—and it costs so little!

#### GLAMOR-ICE YOUR MEALS!

Diamond-sparkling manufactured ice can give a party touch to the most commonplace chilled dish. Salads, cocktails, relishes, and desserts take on new zest... new appetizing appeal... new, fresh taste!

our Purity our Sparkling Clarity nothing can take the place of Scientifically MANUFACTURED ICE!

Small Portable Cooler, ideal for fishing, boating, or picnics.

Beautiful modern Ice Refrigerators with circulating cold air.

Large Portable Cooler made to fit in luggage compartment of car.

Hand and Electric Presses for real ice cream.

Vegetables require no refrigeration for garden freshness and crispness.

Pressure Water Cooler is heated manual with bubbler.

Fish and Poultry Chast is dispensable to food stores.

Combination Beverage and Ice Chest.

## A Bible Thought For Today -

There is a rich inheritance for all God's children. Most of us accept great abundance as a matter of course. We should give thanks in our hearts. "Ye shall eat the fat of the land." -Gen. 45:18.

## Economy Through Reorganization Is Fine Thing--For Someone Else

Congress, egged on by pressure groups, is ganging up on reorganization of the Executive branch of the government, more familiarly known as the Hoover Report. The five centers on President Truman's 21 plans and other reorganization proposals, all suggested by the Hoover Commission.

Deadline for the plans has been moved back from May 13 to May 24. Eleven resolutions to kill the same number of plans have been introduced up to May 5. The House Expenditures Committee has rejected five disapproval resolutions, but the Senate Expenditures Committee has voted to kill two of the plans. (If either House or Senate disapproves a measure, it's dead.)

Among other reorganization plans, aside from the 21 included in the President's latest recommendations, the unified federal hospital program is under heavy assault by veterans' groups and organized medicine.

The postoffice plan got sidetracked. The Citizens' Committee which is pushing

the Hoover Commission's reform program points out that the recent cutback in postal service could have been avoided if Congress had authorized certain reforms suggested by the Hoover Commission and submitted by the President, saving an estimated \$200,000,000.

Plan No. 1 would place the Comptroller of the Currency under jurisdiction of the Secretary of the Treasury. This was a minor item, a simple bookkeeping shift. But banking interests jumped on it with both feet. The Citizens' Committee says out of 376 letters received by the Senate Committee, all were against it but one.

Everybody cries for economy. Everybody thinks the government should be reorganized in the interest of efficiency and economy. But when it gets down to cases, everybody wants the other fellow to be reorganized. He doesn't want to give up any privilege or advantage himself. Congress, which is prone to listen to pressure groups, tucks its tail between its legs and runs.

## Armed Forces Week To Serve As Reminder Of Our Nation's Might

Americans are being reminded this week that their country isn't exactly defenseless. We have powerful armed forces in being, and a great many still-young veterans who populate the reserves and keep their hands in it by frequent clinics and bull sessions, with occasional drills and refresher courses. In the National Guard we have several hundred thousand men in various categories, including many veterans, who stand ready when called upon.

This is National Armed Forces Week and Saturday will be Armed Forces Day. Until this year the services observed different days, but unification made separate observances look rather pointless. Formerly the Army's special day was April 6, because that was the date Congress recognized a state of war with Germany in 1917. The Navy observed October 27, in honor of Theodore Roosevelt's birthday, TB being credited with giving the modern Navy its first big boost. Defense Secretary Louis Johnson thought unity would be served by designating a single day for

them all, and so May 20 was chosen. This week various local and national activities designed to give the citizen a close look at the Armed Services will mark National Armed Forces Week. The citizen who is anxious about the future—and what citizen is not—can get some reassurance by attending the various programs and inspections designed for his enlightenment. Talks and demonstrations will be given for his benefit, and he will find them interesting and instructive.

Today as never before the average citizen is conscious of the fact that his whole future welfare, and the perpetuity of his way of life, depend on a strong military establishment in-being. He is spending about \$13.5 billion dollars on it and he should be interested enough to see what his local armed forces are doing. Let him attend the various ceremonies and demonstrations planned for his benefit. He will be impressed by the earnestness of the men in uniform, and by the advance made in weapons since the war ended.

## Affairs Of The World—DeWitt MacKenzie

### Halting Russia In The West Turns Her Attention To Asia

TWO NOTABLE DEVELOPMENTS abroad emphasize that the cold war in Europe has reached an impasse, with both sides digging in and determined to hold their present lines to the bitter end.

In the western camp we find the big three democracies—Britain, France, and America—meeting in London with the other Atlantic Pact nations to perfect western Europe's defenses against possible Soviet aggression.

That defense includes both economic and military fields. And western Germany is to play her part in this stand against the Communist drive.

ON THE RUSSIAN SIDE WE GET FURTHER proof that while Moscow hasn't by any means abandoned the fight, she recognizes that she has come up against a stone wall in her advance towards the English Channel.

The Iron Curtain is being tightened for the purpose of putting an impenetrable barrier between the satellite and the democracies. The tightening of the curtain this time involves a further political purge in Poland in order to bring that nation under closer Soviet control.

Does this mean that the cold war is approaching its end? Not by a long shot!

It merely means that the Russians, having been halted in their western rush, are consolidating in Europe and are shifting the weight of their attack to the Far East, from where they have every right to regard their prospects as good.

MEANTIME IN EUROPE THE RUSSIANs are expected to continue their tactics of harassment—presumably largely economic—against the western powers. Part of the Soviet cold war strategy has

been put as heavy an economic strain as possible on the democracies. One striking illustration of this was the Red blockade of western Berlin which forced the Americans and the British to maintain for 15 months the terribly costly airlift to supply the German capital with food and other essentials.

We are getting the reaction from this type of Soviet economic warfare now in the London conference. The main problem of the 12 nations is how they can afford to spend on defense without stifling economic recovery. The money spent on that sort of thing would have gone a long way towards meeting pressing problems of today.

ONE OF THE MOST STRIKING DEVELOPMENTS in the western camp came in the meeting of the Big Three foreign ministers just prior to the current Atlantic Pact conference. U. S. Secretary of State Acheson, British Foreign Secretary Bevin and French Foreign Minister Schuman decided that it was impossible to proceed with a German peace treaty so long as Russia refused to agree to a unified Germany.

However, the three ministers agreed that western Germany should be fully integrated into western Europe, economically and defensively.

An important aspect of this big three agreement was the decision to keep western Germany an armed camp of occupation troops for defensive purposes. This naturally will play a vital part in the current deliberations of the 12 Atlantic Pact nations. The agreement is particularly effective since Chancellor Adenauer, of the Western German government, and other Western German leaders have placed the stamp of approval on the allied decision.

## Notebook—Hal Boyle

### Giant Dislikes Questions Like 'How's The Weather Up There?'

NEW YORK, (U) — THE THING THAT Jack Earle hated most about being a circus giant was having people ask, "how's the weather up there?"

"I figure I was asked that question at least 10,000 times," recalled Earle.

At 44 and still standing 8 feet, 6 1/2 inches, he is happy in his new career as "the world's tallest traveling salesman."

You must remember Jack, probably the most famous and certainly the most talented of a long line of Ringling Brothers circus giants.

"I used to sell my giant lucky rings for a quarter," he grinned. "I sold thousands upon thousands of them. Every once in a while I still bump into someone who pulls out one of those rings, tarnished with age. I always offer to give them their quarter back if it hasn't brought them good luck."

JACK GOT HIS CIRCUS JOB IN AN odd way. As a child he had wanted to be

a motion picture actor. And from the age of 13 to 17 he did appear as a gangling, overgrown kid in some 48 film comedies with Baby Peggy and other stars of the day.

"One day I fell off a truck and went blind for more than four months," he said. "The injury hastened the growth of a pituitary tumor."

Jack shot up weedlike as he was recuperating at his home in El Paso. One afternoon he went with some other boys to see the Ringling Brothers sideshow. He was amazed to find he was taller than "the world's tallest man." So was the circus. It promptly offered the youth a contract.

"I didn't want to be a sideshow freak," Jack said. "But I did want to earn a living. I traveled with the circus for 14 years. And by then all its glamor and color had ended for me."

### McCloy Says Reds Get Cold Feet, Won't Seize Berlin On 'May Day'

WASHINGTON — High Commissioner McCloy has called the State Department from Germany that the Communists are getting cold feet and will back down on their threat to seize Berlin during their May Day demonstrations.

McCloy reports he has learned that Foreign Minister Vishinsky has called the East German Communist leaders to Moscow and has ordered them to abandon their invasion. Vishinsky and the Politburo are now convinced that the West means business and will fight to keep Berlin. But Vishinsky gave the German Communists a caustic dressing down for tipping the Russian hand by their boastful speeches about what they intended to do. He figures that if the Communists hadn't blabbed so much, they could have surprised the western troops and taken over the city in a few minutes.

FUR FLIES Ohio's portly Congressman Clarence Brown drew into the other day after an obscure Air Force captain got the best of him at a House hearing.

McCloy was championing the cause of the private grocer near Wright-Patterson Air Base, who complained that the base commissary was hurting his business.

However, Capt. A. M. Puncsak, the sales officer, related each argument brought up by Brown and his constituents, with such cool composure that the congressman began raising his voice. At one point, Capt. Puncsak replied abruptly: "I beg your pardon, sir!"

This offended Brown's congressional dignity, which he soon discarded altogether. After Puncsak left the room, following the hearing, Brown exploded.

Waggling a finger under the noses of the other Air Force officers, Brown said, Capt. Puncsak ought to be court-martialed.

Then he went into a tirade about military officers in general. "Some of these military people think they've got the world with a string around it," said the congressman from Ohio. "I have tried to be good to you, but you people haven't done right by me. Don't forget, I've got a long memory."

As an afterthought, he quickly added: "Don't think I am trying to intimidate you now."

However, one officer blurted: "That isn't open to any other interpretation."

At this remark, Brown really blew. His language can't be repeated.

NEW FARM PLAN Secretary of Agriculture Charles Brannan is working on a new farm plan. This doesn't mean he is giving up the Brannan Plan, but merely that he is doing some research on an idea that is growing on Capitol Hill.

The new idea would be for farmers to build up an insurance fund during prosperous years and draw on it during lean years. It is hoped this eventually would cut government farm handouts to a minimum and shift the burden to farmers to pay their own support prices out of the insurance fund.

Congressional interest in the federal crop insurance idea is increasing, particularly with Chairman Harold Cooley of North Carolina and Congressman W. R. Poage of Texas, both powers in

the House Agriculture Committee. As a result, Brannan has agreed to make a thorough study of the idea and report his findings to Congress.

However, this will not become a new Brannan Plan, in fact, after turning his research over to Capitol Hill, Brannan will probably recommend against it.

Secretary of Defense Johnson was on the horns of a political dilemma about the televised cabinet meeting in Chicago. Generals and admirals urged him not to attend—said it was politics. But the President wanted him there. What the admirals forgot was that Louey got his cabinet job partly by raising more money than any other man in 1948.

### Teresa Wright Says She Is 'Glamorless'

HOLLYWOOD—No false eyelashes or slink, slit-to-the-knee gowns for Teresa Wright. She claims she's glamorless and glad of it.

"I'm just not the glamor type," said the forthright actress. "Glamor girls are born, not made. And the real ones can be glamorous even if they don't wear magnificent clothes. I'll bet Lass Turner would look glamorous in anything."

"There's a certain quality about glamor girls. Ava Gardner and Marlene Dietrich are good examples. Perhaps it is a sexy quality. Whatever it is, they demand attention wherever they go. "To me, Bette Davis is glam-

## Niagara Honeymoon Started In 1801

NIAGARA FALLS, N. Y., (U) — Aaron Burr's daughter, Theodosia, and her cotton-grower husband started it all. Theodosia and her wealthy bridegroom, says local historian Raymond Yates, were the first honeymoon couple to visit the Falls.

They came here in 1801, three years before the bride's father, third vice-president of the United States, killed Alexander Hamilton in a duel.

## Wind Tunnel Aids Typhoon Research

TOKYO, (U) — A wind tunnel once used to improve designs of Japanese warcraft has gone into peacetime operation to help typhoon research.

The 154-foot diameter of the tunnel at Osaka University is reputed to be Japan's largest. A 1,500-horse power motor produces a 200-mile-an-hour wind. Bridges and other structures are being studied for the most typhoon-resistant types.

## Tel Aviv Doubles

TEL AVIV, Israel (U) — The city of Tel Aviv, its population already nearing 250,000 is looking ahead to doubling the figure. Counting upon the steady influx of Jewish immigrants from all parts of the world to make the greater Tel Aviv, engineers have drafted plans for a new water supply.

## Around The Rim—The Herald Staff

### Communists Hold To Belief That Ends Justify The Means

Communists are rather insidious creatures. They not only hold to a peculiar sort of ideology, but they also cling to the notion that the end justifies any means.

This simply means that they are bent on promulgating their doctrine of statism by reason, propaganda, deceit force or whatever instrument seems to be necessary at the time. It is difficult to imagine a totally rational person becoming afflicted with such a phobia. Yet some individuals, who are otherwise rather brilliant, have become blind devotees. Many have delighted in becoming "leaders" in this cancerous philosophy. And among them, there seems to be one common thread. They are egocentric, or perhaps psychopathic in a sense. This is somewhat of a paradox, considering the fostering of an idea that the individual is nothing, and that the state is everything. Yet it is true that many of the so-called intellectuals have gone to bat for Communism because of an exaggeration of their self-importance.

This is one of the chief reasons why I am inclined to put the gimlet eye on what supposedly reformed Communists have to say. In the first place, I am dubious about leopards who change their

spots. In the second, I have heard of few contrite ex-Communists. Invariably they are still egocentrics who exhibit no great sense of shame or a desire for penitence. They seem to prefer talking about their past sins rather than in performing humble service befitting the prodigal.

Of course, it sometimes "takes a thief to catch a thief." The Communist may be a handy means of smoking out the Communist, but as in the case of the thief, there should be a high degree of caution about accepting what either has to say without painstaking cross-checking.

While ex-fellow travelers doubtless have exposed some of their former comrades, not all that they say is necessarily true. And what worries me is that we have no way of knowing whether they are in truth really ex-Communists or if they are masquerading in the robes of respectability. This cloak of respectability would fit perfectly into the Communist pattern of creating suspicion, division, and character assassination. In political philosophy as well as in the realm of the spiritual, I like to see a little evidence of regeneration before placing the diadem on the chief of sinners. — JOE PICKLE

## Capital Report—Doris Fleeson

### Truman Established Beachhead For Demo Candidates On Trip

WITH PRESIDENT TRUMAN, CHICAGO — President Truman earned the cheers which a grateful party raises for him here.

He has established a beachhead for every Democratic candidate across the country. This has been accomplished by more than 50 speeches cleverly exploiting local issues and tying them firmly to Fair Deal policy and the fight for peace. All any Democrat nominee has to do now is to pick up his musket and start firing.

The President has done an equally adroit job of smothering the Republicans' pet Socialism issue with the 100-percent American drive, the earnest little man in the natty suit, the answer to a chamber of commerce's prayer. He is a Babbitt on an international scale, and Sinclair Lewis would be hard put to parody the Truman version of what this country can become, or indeed, the world.

The note is authentic, as to the man and the program. The President's language is not elevated. It is plain and colloquial. It is, in fact, the way the average American out here talks himself. When he hears it, the bugaboos fade away. That man tolerates Communists and monkey business in the State Department? Such a product will be hard to sell.

The Truman version of America—the expanding giant at home and the good neighbor abroad—taps the rich veins of American idealism and optimism. These have been cultivated assiduously by American institutions, including business, in selling the more abundant life. Harry Truman has the unwitting aid of every advertising agency in America.

The President returns to Washington to

writing as much as he can during the coming months for a reluctant Congress. The conservative coalition of Republicans and Southern Democrats is riding high. Nevertheless, every House member is up, plus a third of the Senate, and the President's great receptions will induce a degree of malleability which has been lacking in Congress.

Having sowed his seed, the President will wait. This fall he plans to help gather in the crops. Another cross-country tour is in prospect, competitive, political and arranged to extract the last ounce of advantage for every Democrat on the slate. Those candidates who have been barging across the open country can count on big guns being whizzed into position beside them for the final assault.

Secretary of the Interior Chapman, who has spent the last 17 years in Interior working and planning for the west, conceived this journey and attuned it to completion of Grand Coulee Dam. Last January, he promised to make it, and key communities were alerted. The politicians were largely stymied by the primaries that are still to come so the President could maintain a certain aloofness.

The result has been a hospitable, thank you atmosphere no campaign trip can achieve. This is a political advantage possible only to an incumbent President; it illustrates again the great power of the President. Of course, the President also gets any liabilities involved; had Chapman been wrong and there was no market for Coulee electricity, the President would have had to take the rap.

This journey was by, for and with New Dealers who had fought the New Deal through for many years. It had, therefore, a substance too often lacking in politics.

## The Nation Today—James Marlow

### Government Worried About You If Your Business Is 'Small'

By CLARKE BEACH (For James Marlow) WASHINGTON, (U)—IF YOUR BUSINESS is a small one your government is mighty worried about you.

You're the backbone of the nation, the hope of Democracy, the vanishing American. Your problems probably have been the subject of more investigations, studies, committee hearings, and reports than those of anybody else in the nation. Somebody once figured that between 1923 and 1944 Congress passed more than 570 bills and resolutions dealing with some aspects of the problems of small business.

The Commerce Department ranks nineteenth of all businesses as "small." The crusade on behalf of small business got another shot in the arm early this month when the President sent a message to Capitol Hill asking for new legislation for the small business man—to make it easier for him to borrow money.

THIS IS THE 1950 "SOLUTION" TO the small-business problem.

The 1890 "solution" was the Sherman Anti-Trust Act, the law which tried to prevent big business from growing too big and absorbing all the little businesses. Congress went to work again and again trying to tighten up its anti-trust legislation. This effort still rates about No. 3 among the popular "solutions."

During the war Congress tried in all kinds of ways to keep small business alive and enable it to share in the war effort. Many laws and directives provided that small firms get their share of scarce materials, of government contracts, of capital. The armed forces are still directed to give small enterprises a fair share of their orders.

The number of small businesses dropped alarmingly in the depression. After the war they picked up when veterans, with full pockets, got into businesses of their own. Now the total number is on the downgrade again. That's what's worrying the President and Congress.

EVERY DAY 1,000 SMALL BUSINESSES disappear, according to Charles Hightitt, chief of the Small Business Division of the Department of Commerce. Every day new small businesses are created, but the number of new ones is always a little short of 1,000.

Many of the small businesses which disappear are merged with big business,

which is getting bigger all the time.

The President and practically everybody else say they recognize the importance of big business. It has provided mass production and distribution, the keystone of America's prosperity, high standard of living, world leadership.

But what the government leaders worry about is that most of small business may be absorbed by big business. Then the economic power would be in the hands of a few big men, instead of millions of enterprising little men.

ECONOMIC POWER OFTEN LEADS to political power. In that way a few families of great wealth, called the Zlatbars, got control of Japan and led it into dictatorship, militarism, and ruin.

If the government should ever come to believe that big business is threatening to grow dangerous here, leaders believe it would increase controls and regulations until it practically runs all the nation's industry. Then Democracy and the free enterprise system would be lost.

Right now there's still a lot of power in the hands of small businessmen. The Commerce Department classes 5,000,000 of the nation's 4 million business enterprises as small. They account for 45 per cent of the gross national product and employ about 35 per cent of the working people.

Eberley FUNERAL HOME Our funeral home's accessibility is appreciated by those extending the service.

# RIBBON RAMBLINGS

By Mildred Young

Nothing else comes out of the Northeast Texas Methodist conference to be held here next week, one of the largest churches in the conference's future may be launched.

yellow jonquills, the club flower, formed the table centerpiece. Graduated blue tapers in crystal candleholders flanked the setting.

Those attending the affair were Abbie Dyer, Phannette Bauman, Gloria Bryant, Iva Jo Wheat, pledgee; Jeanne Burnam, Gayle Johnson, Jewel pin candidates; Sally Moore, Maxine White, Joyce Wilkerson, Ida Stokes, Flo Patridge, Gypsy McCollum, Ruth Webb, Bo Bowen, Minnie Earle Johnson, Mary Ann Goodson, Jean Phillips, Pat Shannon Rhoda Miller, Mary Anderson, Billie Smith, Jan Bilbo, and Maxine Ryan, club members.

# Frazier Recital

Piano numbers will be presented high school voice and piano students in a recital at the First Baptist church Thursday evening at 8 o'clock.

# Chester Lindsay Is Announced Here

Announcement is made here of the birth of a son, Chester Lindsay, to Mr. and Mrs. Jesse L. Jones of Ottumwa, S. D. The infant was born in Colorado City May 10. He weighed six pounds, five and one-half ounces.

# Mrs. B. O. Jones Is Hostess To Club

Mrs. B. O. Jones served as hostess at the meeting of the Woman's Auxiliary of St. Mary's Episcopal church at the Parish house Monday afternoon.

# Jan Livingston And Tommy Weaver Exchange Wedding Vows At Church

Jan Livingston and Tommy Weaver were united in marriage in a candlelight, formal ceremony in the East Fourth Baptist church Monday evening at 8:30 o'clock.

# State Eastern Star Officer Is Named

MERTZON, May 17. — It was "surprise night" for Mrs. Vester Hughes when she attended the regular meeting of Merton Chapter 251, Order of Eastern Star this week.

# Lloyd Connel Leads Bible Study Monday

Lloyd Connel, minister of the Church of Christ, 14th and Main, brought the study from the sixth chapter of St. John at the meeting of the Ladies Bible class Monday afternoon.

# Jaycettes To Meet

Members of the Jaycettes will meet in the Maverick room at the Hotel Douglas Thursday evening at 7:30 o'clock.

# Smart Shirtwaist

The shirtwaist is a summer "must" for so many occasions! This one-featured new kimono sleeve and pocket detail takes well to many fabrics, from crisp cotton to cool sheer.

No. 2547 is cut in sizes 12, 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40, 42, 44, 46, 48, 50, 52, 54, 56, 58, 60.

Patrons ready to fill orders immediately. For special handling of order via first class mail include an extra 5 cents per pattern.

# S. Marie Haynes Directs Program For Methodists

Mrs. S. Marie Haynes gave a brief talk pertaining to "Life in Japan," at the tea and program meeting of the Woman's Society of Christian Service at the First Methodist church Monday.

Richard and Robert O'Brien displayed their collection of Japanese art and discussed the history behind each product.

The devotional was brought by Mrs. Merle Stewart. She discussed the fourth chapter of James, Mrs. Herbert Keaton presided during the brief business session.

Those attending were Mrs. Eunice Myers, Mrs. B. E. Winterrowd, Mrs. Clyde Thomas, Sr., Mrs. J. E. Fouts, Mrs. H. H. Stephens, Mrs. Bernard Lamun, Mrs. J. T. Baird, Mrs. A. F. Johnson, Mrs. C. R. Moad, Mrs. W. F. Cook, Mrs. M. E. Ooley, Mrs. C. W. Chown, Mrs. Martin Stagg, Mrs. Ted McLaurin, Mrs. Alcie Carleton, Mrs. J. B. Pickle, Mrs. A. C. Bass, Mrs. H. M. Rowe, Mrs. B. H. Settles, Mrs. L. J. Whittington, Mrs. L. E. Maddux, Mrs. Winston Kilpatrick, Mrs. H. H. Haynes, Mrs. E. S. Allen, Mrs. Howard Salisbury, Mrs. Arnold Marshall, Mrs. W. L. Vaughn, Mrs. Jake Bishop, Mrs. S. R. Nobles, Mrs. H. C. Keaton, Mrs. Merle Stewart, Mrs. Albert Smith, Mrs. Clyde Denton, Mrs. S. Marie Haynes, Mrs. C. A. Shaw, Mrs. Frank Powell, Robert and Richard O'Brien.

# "Jury Service Is Up To Women" Says District Judge C. Sullivan

"It's up to the women," says District Judge Charles Sullivan, "if they want jury service, they will probably get it when they are ready."

Speaking to a dinner meeting of the Business and Professional Women's clubs held in the Settles hotel, Judge Sullivan said that the "men were not particularly opposed to jury service for women and that at any time the women seemed ready to vote for such a law that the men would probably vote with them."

Judge Sullivan discussed the various duties and obligations of jurors in the various courts, including the municipal, justice, county and district. He also listed some of the qualifications of jurors and stated that the same qualifications for women jurors would probably be observed, if and when women received the right to serve.

Sullivan stated that serving as a juror is a great responsibility and duty and that the work of the court is serious and important. He declared that a court session should not be a show. He extended an invitation to the group to visit the court in session and emphasized the idea that it is important for citizens to know how their court works.

Sullivan spoke of how people attempt to evade service on juries, stating that they are too busy, yet say that if they were being tried they would prefer that busy not idle men serve as the jurors for their trial. He stated that courts are necessary and that jurors should not be afraid to give punishment when it seems justified.

Members of the 3-Legislation committee with Mary Cantrell as chairman, presented the program, Ruby Powers, Alma Gollnick and Violet Lindley are members of the committee.

Decorations included red, white, and blue streamers running full-length of the tables. Flags, legal papers, notary seals and law books were placed at interest points. Blue programs also carried out the legal theme. They were entitled "Deed of Conveyance From B&PW To Members And Guests. A flag stood at the right of the speaker's table."

Several musical numbers were featured on the program. Arnold Marshall, accompanied by Mrs. Leola C. Cren, sang "Big Bass Viol" and "Gal-Way Bay."

Betty Farrar presented a number of her pupils. Martha Alice Hardy, Janie Tamplin, Suzy Stringer and Beverly Dobbin were featured in "Precious Dolls." Martha Alice Hardy, Janie Tamplin and Beverly Dobbin returned to present "Ain't We Sweet?" Kathleen Thomas, Cleo Rita Thomas, Anne

Homan, Melinda Burr and Linda Kay Linder were featured in "I've 'Ve Baked A Cake."

Four visitors from the newly organized Lamesa club, Grace Morris, Bettye Wattenbarger, Irma Sprawls and Charlotte Frogge were present.

Other special guests were Faye and Mary Wallace. The latter is president of the B&PW-sponsored Indoor Sports club. She gave an invitation to B&PW members to attend the club's meetings.

Mary Cantrell issued the club an invitation to attend the joint civic club luncheon to be held at the Settles Thursday noon. She also announced that B&PW delegates to the state convention would leave for Austin at 7 a. m. Friday.

# Garcia Wins Fifth Decision As Stasey, Pascual Homer

## Funderburk Is Given Thumb

Bert Garcia experienced a return to pitching form at Steer park here Tuesday night, thereby flashing the sign to Bronx followers that he and his mates may yet give Odeasa trouble in the Longhorn league chase.

Garcia set the Ballinger Cats down with five scattered blows as Big Spring wrapped up a 5-2 decision. He had all he could handle for a while in Bobby Rodriguez, one of the fastest hurlers in the league, but Pat Stasey and Potato Pascual swung the issue in Big Spring's favor with long home runs.

Dutch Funderburk, the Ballinger skipper didn't like the way things were going and put the arm on Umpire Ron Leighty around the fifth frame. He wasn't around for the sixth, Leighty inviting him to take a rest beyond the confines of the park.

Stasey waxed warm all night. He powered his second home run of the season with Jorge Lopez on the sacks in the fourth frame, giving Big Spring a 2-1 lead. He scorched a single past Third Becker Chuck Stasie in the sixth to set up the third Bronx tally and then doubled ahead of Pascual in the eighth.

Pascual found a pitch to his liking immediately thereafter and sent it soaring over the palings for his sixth four master of the season.

Julio Delatorre drove in the other Big Spring tally in the sixth with a single, Lopez spiking the dish on the play. Lopez had climbed aboard on a misplay by Steele at third base.

Ballinger put together a single by Calvin Braden and a two-baser by Johnny Jones for a run that sent the guests ahead in the fourth.

Stasie by Gianni Winklett and Stu Williams, coupled with a balk by Garcia, supplied the visitors with their other run. Williams originally flew out to Stasey in right field but was given another life by Umpire George Thomas, who wagged his finger in Garcia's direction for balking.

Garcia struck out 12 batters, getting every man but Chuck Steele at least once on strikes. He walked but two.

**DIAMOND DUST**—The Broncs played their straight two hour three minute battle at Steer park... A cold wind kept the crowd down... The park was well stocked with spectators...

**NEW TRACK**—Architect's design of the Centennial Uxar near Denver, where horse racing is scheduled to begin July 4. The ponies will be running in Colorado this year for the first time in 36 years at tracks where betting is legal. This track costing \$1,000,000. The track will take care of about 36,000 fans.

## LOOKING 'EM OVER

With Tommy Hart

Bill Montgomery, who is giving Big Spring some commendable representation in an athletic way at Abilene Christian College, is planning on competing in the NCAA tennis tournament in Austin this summer.

Montgomery, who recently won his first net letter at ACC, will remain active in the game all summer. He plans to compete in a number of tournaments across the state.

In the Texas Conference tournament last week, Bill lost to John Cardwell of Southwestern university, 6-2, 5-7, 3-6.

Friend Shorty Shelburne of the Midland Reporter will probably have to confirm this before it can become official.

The Bauer girls, Alice and Marlene, are supposed to be drawing down \$600 an exhibition (or \$300 apiece). Their manager, Fred Corcoran, is limiting them to three exhibitions a week, has all the offers he can take care of at the moment.

Japan even wants to get a look at the Midland girls. They've been offered big money to make the trip to Tokyo. They will probably make a movie in the near future, too.

Was this story ever released by the wire services? The Armstrong, athletic director at the University of Utah for a great many years, has been named to a similar post with the University of Minnesota. He succeeds Frank McCormick. The job pays \$12,500.

Coach Bernie Bierman had strong support for the job.

**SAVAGE IS REHIRED BY IOWA SCHOOL**  
Bobby Savage, a local product, is the only holdover on the Eagle Grove, Iowa, coaching staff, according to reports trickling down from that way.

Savage handles high school football and basketball and junior college baseball at Eagle Grove. He still plans to return to Texas in the next few years.

**PANCHO GONZALES LOSES BUT WINS**  
Pancho Gonzales, the pro netter, who earned \$36,000 at his professional last year, has already grossed \$72,000 this year. Gonzales trails in his matches with Jack Kramer, 90 to 27.

The Gonzales-Kramer tour will come to an end in about ten days, after which some members of the troupe will go overseas for matches.

Dave Pluss and Roy Eastwood, Texas baseball league regulars a couple of years ago, are both performing for the Stinson Oilers, a semi-pro outfit in South Texas.

Tom McBride, who had a trial in the big show, is with the same outfit.

Jack Cook, a rookie third baseman, has been optioned to the Sweetwater Swatters by Lubbock of the WT-NM league.

Releated basketball honors have come to Tom Hamilton, the ex-University of Texas athlete who is now first basing for the Lincoln Western baseball league outfit.

Hamilton recently was named to the all-opponent team chosen by the University of Arizona Wildcats. Jewell McDowell, an Amarillo boy attending Texas A & M, was also selected for the squad.

## Zip Your Lip, TV Dictates

**NEW YORK, May 17.**—Are the boys going to have to watch their language now that television is projecting the ball games right up to the family firesides?

"Television? Does n't bother me," says the Giants' Leo Durocher, always quick with the lip. "I don't pay any attention to it."

Other figures of the game agreed today that the baseball field is the players' private domain and television viewers should keep its sensitive ears away.

Pinell insisted Lippy Leo use no profanity and Leo let the case rest there. If Durocher happened to spill in an off-color word on the way back to the dugout, the umpire sided. "I do not know nor do I care."

leathery Yankee pilot. "We try to watch what we say but sometimes stuff can't help slipping out. The mikes should be out of range."

The touchy situation was pointed up by an incident in a recent Giant-Dodger game at the Polo Grounds.

Durocher stormed out of the dugout to protest when he thought a Brooklyn pitcher balked and Umpire Babe Pinell didn't call it. He gave the ump a good verbal going over.

Later many television fans said they heard Durocher use a term that wouldn't go well in a ladies sewing circle. Others television viewers said they didn't hear a thing.

Pinell insisted Lippy Leo use no profanity and Leo let the case rest there. If Durocher happened to spill in an off-color word on the way back to the dugout, the umpire sided. "I do not know nor do I care."

## Underhill Wins Bomb Dropping Honors At School Air Meet

Bill Underhill, Big Spring senior at Texas Christian University, won first place in the bomb-dropping contest at the National Intercollegiate Air Meet at Stephens College, Columbia, Mo.

Underhill was presented with a trophy and a medal. Seventeen schools were represented in the meet.

Honors by Wayne Terwilliger and Andy Panko, each with a mar on in the third inning, gave the Cubs a 4-3 triumph over the New York Giants.

Larry Doby drove in six runs with a grand slam homer, a triple and single to lead the Indians to their one-sided victory over the A's. The Tribe collected 20 hits against four Philadelphia hurlers.

## Thumping Teddy Williams Eyes Home Run Mark

By JOE REICHLER  
AP Sports Writer

"Shifts or no shifts, I'll always be shooting for those fences."

The speaker? Who else but Ted Williams, the storm center of the American League, in more ways than one.

Williams never has said so publicly but what baseball's top slugger wants most — next to seeing his Boston Red Sox win a pennant — is to break Babe Ruth's record of 60 home runs in one season.

Williams already has reached the magic 400 batting figure. He's already won the batting title not once but four times. He's already gained the most valuable player award.

## Odessa Beaten By Bowie High

By The Associated Press

Amarillo, Bowie (El Paso), Highland Park (Dallas), Beaumont and Waxahachie have taken the lead in play-off series to determine contesting teams in the state high school Class AA baseball tournament at Austin.

Amarillo beat Wichita Falls 6-3 yesterday in the first of the bi-district series. Bowie, defending state champion, edged Odessa 9-8. Highland Park has whammed Sherman 11-1 and plays the second game today at Sherman. Beaumont beat Pasadena 6-2. Waxahachie licked Austin 1-0.

In other bi-district series Abilene is playing Stephenville starting Friday and Laredo is arranging a play-off with Edinburg.

The Texas Interscholastic League will rule today on how many games Marshall and Conroe will play. They are arguing over whether it will be one or three.

## Broncs Tangle With Indians This Evening

Pat Stasey and his Big Spring Broncs head west today, popping up in Midland for an important two-game set with Harold Webb's Indians.

Either Emilio Cano or Bert Baer will toe the slab for the Big Springers tonight. The Cayuses might get a look at either John Singleton, Harold Wearne or Ernie Nelson.

Midland is beginning to gather steam in the Longhorn league race. The Indians trail Big Spring by 2 1/2 games and could easily catch the locals in the five-game series just beginning.

The teams play in Midland through Thursday night. On Friday, they head back here, at which time the locals will stage their flag raising ceremonies at Steer park. League and civic notables will be on hand to officiate.

## Corpus Assumes League Lead

By The Associated Press

The Rio Grande Valley League has a new leader today — George Schepps' Corpus Christi Aces.

They surged into first place last night by whipping Del Rio 11-10. It tumbled Del Rio into a tie for second with Harlingen which beat McAllen twice, 10-4 and 14-1.

Marte Alejandro barked in the winning run in the eleventh inning for Corpus Christi's important victory. Tony DiPrimo of Corpus and Bob Hamric of Del Rio hit homers.

Bobby Gregg pitched a three-hitter and Jess Priest a four-hitter as Harlingen swiped McAllen in the twin-bill.

## Several Clubs Need To Prune

NEW YORK, May 17. (U) — With only a few hours remaining, nine major league clubs pondered today where to apply the knife to come within the required 25-play. The deadline goes into effect at midnight.

Teams with no worries are the two Boston and Philadelphia clubs, the New York Yankees, Chicago White Sox and Pittsburgh Pirates. The rest must chop.

Here is a list of the clubs over the limit and players likely to be whittled:

**NATIONAL LEAGUE**  
Brooklyn (26) — Third Baseman Johnny Jorgensen, likely to the New York Giants.  
St. Louis (26) — Pitcher Erv Dusak.  
Chicago (26) — Undecided.  
New York (26) — Outfielder Mike McCormick.  
Cincinnati (26) — Infielder Sammy Meeks.

## Saxton Fights Linam Tonight

NEW YORK, May 17. (U) — Johnny Saxton, undefeated and fast rising Brooklyn welterweight, faces one of his toughest foes to date when he tangles with Bert Linam of Austin in the main ten at St. Nicholas arena tonight.

The 20-year-old Negro prospect has won all of his 11 bouts so far. Linam, 24, holds victories over both of Italy's fighting Minelli brothers, Aldo and Livio.

For the second year in succession, Syracuse University's wrestlers and boxers ruled their respective eastern tournaments.

## KAYOES HENRY BRIMM

BUFFALO, N. Y., May 17. (U) — Rocky Graziano today was virtually certain of a shot at the middle-weight crown he says he "just loaned" to Jake Lamotta "for a little while."

Graziano knocked out Buffalo's Henry Brimm last night at 2:14 of the fourth round in what was widely viewed as a tuneup for a title match with La Motta in New York's Madison Square Garden June 14.

The scheduled 10-round draw 11,000 fans, only five short of the Memorial Auditorium record, set in 1948, when Brimm fought Ray Robinson.

Graziano weighed 150 pounds and Brimm, 157 1/2.  
Rocky told newsmen after the bout: "This fight was just what I needed. I've really got the confidence I need. Now we'll see who's the better fighter when La Motta and I tangle for the title next month."

## Broncs Tangle With Indians This Evening

Pat Stasey and his Big Spring Broncs head west today, popping up in Midland for an important two-game set with Harold Webb's Indians.

Either Emilio Cano or Bert Baer will toe the slab for the Big Springers tonight. The Cayuses might get a look at either John Singleton, Harold Wearne or Ernie Nelson.

Midland is beginning to gather steam in the Longhorn league race. The Indians trail Big Spring by 2 1/2 games and could easily catch the locals in the five-game series just beginning.

The teams play in Midland through Thursday night. On Friday, they head back here, at which time the locals will stage their flag raising ceremonies at Steer park. League and civic notables will be on hand to officiate.

The Hoses and the Indians will clash in a twin bill starting at 7 p. m. Saturday.

## Odessa Beaten By Bowie High

By The Associated Press

Amarillo, Bowie (El Paso), Highland Park (Dallas), Beaumont and Waxahachie have taken the lead in play-off series to determine contesting teams in the state high school Class AA baseball tournament at Austin.

Amarillo beat Wichita Falls 6-3 yesterday in the first of the bi-district series. Bowie, defending state champion, edged Odessa 9-8. Highland Park has whammed Sherman 11-1 and plays the second game today at Sherman. Beaumont beat Pasadena 6-2. Waxahachie licked Austin 1-0.

In other bi-district series Abilene is playing Stephenville starting Friday and Laredo is arranging a play-off with Edinburg.

The Texas Interscholastic League will rule today on how many games Marshall and Conroe will play. They are arguing over whether it will be one or three.

The state tournament will be held at Austin June 5, 6, and 7.

## Graziano Certain To Get Shot At 160-Pound Title

BUFFALO, N. Y., May 17. (U) — Rocky Graziano today was virtually certain of a shot at the middle-weight crown he says he "just loaned" to Jake Lamotta "for a little while."

Graziano knocked out Buffalo's Henry Brimm last night at 2:14 of the fourth round in what was widely viewed as a tuneup for a title match with La Motta in New York's Madison Square Garden June 14.

The scheduled 10-round draw 11,000 fans, only five short of the Memorial Auditorium record, set in 1948, when Brimm fought Ray Robinson.

Graziano weighed 150 pounds and Brimm, 157 1/2.  
Rocky told newsmen after the bout: "This fight was just what I needed. I've really got the confidence I need. Now we'll see who's the better fighter when La Motta and I tangle for the title next month."

Several times Graziano staggered Brimm with overhand rights to the head and left hooks to the head and body. But Brimm, although hurt, landed several wallops.

Brimm scored with jabs and short, fast punches to the face at the start of the fourth. Then Graziano floored him with a hard right to the jaw, two more rights and a left to the chin.

## Corpus Assumes League Lead

By The Associated Press

The Rio Grande Valley League has a new leader today — George Schepps' Corpus Christi Aces.

They surged into first place last night by whipping Del Rio 11-10. It tumbled Del Rio into a tie for second with Harlingen which beat McAllen twice, 10-4 and 14-1.

Marte Alejandro barked in the winning run in the eleventh inning for Corpus Christi's important victory. Tony DiPrimo of Corpus and Bob Hamric of Del Rio hit homers.

Bobby Gregg pitched a three-hitter and Jess Priest a four-hitter as Harlingen swiped McAllen in the twin-bill.

Big Spring (Texas) Herald, Wed., May 17, 1950 9

## Several Clubs Need To Prune

NEW YORK, May 17. (U) — With only a few hours remaining, nine major league clubs pondered today where to apply the knife to come within the required 25-play. The deadline goes into effect at midnight.

Teams with no worries are the two Boston and Philadelphia clubs, the New York Yankees, Chicago White Sox and Pittsburgh Pirates. The rest must chop.

Here is a list of the clubs over the limit and players likely to be whittled:

**NATIONAL LEAGUE**  
Brooklyn (26) — Third Baseman Johnny Jorgensen, likely to the New York Giants.  
St. Louis (26) — Pitcher Erv Dusak.  
Chicago (26) — Undecided.  
New York (26) — Outfielder Mike McCormick.  
Cincinnati (26) — Infielder Sammy Meeks.

**AMERICAN LEAGUE**  
Detroit (26) — Catcher Myron Ginzberg.  
Washington (26) — Infielder George Genoveese.  
Cleveland (27) — Infielder Herb Conyers and Pitcher Dick Rosok.  
St. Louis (26) — Pitchers Tom Fine or Sid Schacht.

Eight players changed hands yesterday. The New York Giants, who already were down to the 25 player limit, recalled Monte Irvin from Jersey City of the International League to go one over again.

Brooklyn sent three players to the minors: Outfielder Bill Antonello to Hollywood, Calif.; Pitcher Clem Labine to St. Paul and Pitcher Carl Erskine to Montreal.

Pittsburgh sent Pitcher Hal Gregg to Indianapolis on option and placed Outfielder Ted Beard on the disabled list.

Detroit cuts its squad by sending Pitchers Marvin Griesom and Martin Stuart to Toledo on option. The Phillies placed veteran Outfielder Bill Nicholson on the disabled list and sent Pitcher Jack Thompson to their Toronto farm club on 24-hour recall.

## Saxton Fights Linam Tonight

NEW YORK, May 17. (U) — Johnny Saxton, undefeated and fast rising Brooklyn welterweight, faces one of his toughest foes to date when he tangles with Bert Linam of Austin in the main ten at St. Nicholas arena tonight.

The 20-year-old Negro prospect has won all of his 11 bouts so far. Linam, 24, holds victories over both of Italy's fighting Minelli brothers, Aldo and Livio.

For the second year in succession, Syracuse University's wrestlers and boxers ruled their respective eastern tournaments.

**Partners in Pleasure**  
You and your Y-B—the perfect team. Carefully blended from choice, imported Cuban and Puerto Rican filler tobaccos, Y-B's are the big value smoke of the year. That's why wise smokers buy them by the box.

Y-B Corona, strong natural taste, gives you 45 minutes of smoking pleasure for 15c. Other Y-B lines and blends for 15c, 20c, 25c, 30c, 35c, 40c, 45c, 50c, 55c, 60c, 65c, 70c, 75c, 80c, 85c, 90c, 95c, 1.00.

## Zip Your Lip, TV Dictates

**NEW YORK, May 17.**—Are the boys going to have to watch their language now that television is projecting the ball games right up to the family firesides?

"Television? Does n't bother me," says the Giants' Leo Durocher, always quick with the lip. "I don't pay any attention to it."

Other figures of the game agreed today that the baseball field is the players' private domain and television viewers should keep its sensitive ears away.

Pinell insisted Lippy Leo use no profanity and Leo let the case rest there. If Durocher happened to spill in an off-color word on the way back to the dugout, the umpire sided. "I do not know nor do I care."

**Amarillo Has Warning System For Tornadoes**

By WILLIAM C. BARNARD  
By The Associated Press

This is a prime tornado season and Amarillo has set up a tornado warning system that other sections of the state might duplicate. It is reminiscent of the hurricane warning network along the Gulf Coast, although not nearly so elaborate.

The system at Amarillo covers an area with a radius of 60 miles with the Panhandle City as the hub. Twenty-three men over the area act as spotters, phoning pertinent information to the weather bureau. The system is the weather bureau's own plan.

Strong winds or tornado conditions are quickly reported. Amarillo became tornado-conscious last May when a big twister roared through one section of the city, fatally injuring seven persons and doing a great deal of property damage.

Besides supervising the spotting system, the Amarillo Weather Bureau handed the Panhandle public some advice about tornadoes which was printed in the Amarillo Globe News:

"A tornado usually travels from southwest to northeast with a forward motion of 25 to 35 miles an hour. Circular winds inside the storms are too violent to be measured.

"Tornado weather may be discerned by a sticky, sultry, oppressive day with southerly winds. An hour or two before a tornado, a topsy-turvy sky of clouds appears to be bulging downward crazily instead of upward.

"In the West and Northwest great thunderstorms appear. The lowering clouds have an ominous appearance—the color is often described as a sickly greenish black—and the lower clouds are perhaps visible in rapid and confused motion.

"Then out of the dark thunder clouds, a rope-like funnel cloud reaches toward the earth, spinning counter-clockwise. The funnel varies greatly in appearance. Often it is thin. In other cases it has the appearance of a gigantic elephant trunk and occasionally it is the shape of a solid funnel.

"People in open country can view the approach of the storm and should move at a right angle to its path. Persons caught in the open country without time to escape should lie flat in the nearest depression.

"In town, the southwest corner of a basement of a frame house offers maximum protection if a cave or cellar is not at hand. People living in brick or stone houses should seek other shelter. In a larger office building the best policy is to stand against an inside wall or a lower floor."

**Zion Residents Want Blue Laws**

ZION, Ill., May 17. (U.S.) — Some of the residents of Zion, founded as a church community—want the city to reinstate the blue laws, repealed last year after 4 years.

A petition with 940 signatures asked the city council to forbid Sunday movies, other recreational and business activities, and gainful labor.

The last of the blue laws in the community of 6,500 some 40 miles north of Chicago were discarded after a referendum last year.

**UAW Girls Out On Own Union**

TOLEDO, O., May 17. (U.S.) — Local 12 of the CIO United Automobile Workers had a strike of its own employees on its hands today.

Twelve girls, who are members of the local and employes in its dues collection office, have walked out.

They went out yesterday against what they termed "the domination of Richard Gosser," of Toledo, international vice president of the union.

In a statement last night, the union asserted they quit their jobs. The local refused to recognize the action as a strike, and said the girls' jobs would be filled by others.

The girls who walked out appointed as their spokesmen a four-member committee—Johanna Kocica, Alma Fininger, Peg Reithe and Virginia White. The committee declared:

1. Dues collection office workers were not permitted to vote on strike assessments they were asked to contribute. They said they asked Howard Seren, Local 12 president, if they could vote on a donation for strikers at the Mather Spring Co. in Toledo, but he refused.

2. Gosser and his staff interfered with the routine operation of the dues-collection office and put in "scabs" after the strike was called.

Said the striking girls, "we are not against donating for men on strike, but we are against having to pay without the right to vote."

Fred Sanford, New York Yankee pitcher, was a deputy sheriff in Salt Lake county, Utah, after the 1949 baseball season and taught children to obey traffic laws.

**FORMOSANS IN JAPAN WILL SUPPORT INDEPENDENCE OF ISLAND HOMELAND**

TOKYO, May 17. (U.S.) — Formosans in Japan have joined to support independence for their island homeland. They said Formosans are forced to "a life of misery under feudalistic Chiang Kai-Shek, president of Nationalist China."

Frank S. Lim today announced formation of the Formosan Democratic Independence Party. Lim is chief of the political department of the new group. He said the party is a combination of several Formosan groups — the Formosan League for Independence, the League for Formosan Re-emanipulation and the Formosan Students League.

Lim said the party has 3,000 members from the estimated 11,000 Formosans in Japan.

A statement from the new party said:

"We have been forced to live a life of far less freedom and more misery under the fetters of the feudalistic and imperialistic regime of Chiang Kai-Shek than during the Japanese colonial days.

**Typographers In Bitter Election**

INDIANAPOLIS, May 17. (U.S.) — Sixty-five thousand printers cast ballots today in a bitter election contest in the AFL International Typographical Union.

Woodruff Randolph of Chicago, seeking his fourth two-year term as president, was the central figure in the fight. He headed the Progressive Party slate.

He was opposed by C. G. Sparkman of Detroit, candidate of the independent party.

The Progressives contended the Taft-Hartley Law was the only issue. The independents denied that it was an issue.

**Highway Commission Okays Traffic Light**

The State Highway commission has approved a city proposal that a traffic light be erected at 3rd and State streets intersection, City Manager H. W. Whitney has announced.

The traffic signal is to be installed as soon as materials are available, the city manager said. Highway commission approval of the light follows a survey conducted by the state agency recently.
