Police seized the uniform and other contents of the suitcase in arresting three of seven youths picked up as holdup suspects in Washington. The men are being questioned for possible implication in the million-dollar Brinks robbery in Boston. Police Superintendent Robert J. Barrett said some of the seven had admitted taking part in three major holdups in the Washington area. (AP Wirephoto).

Truman Backs Foreign Policy Arrangements

Supports Idea For Eight New Senate Sub-Committees

WASHINGTON, April 27. (U)—President Truman today endorsed wholeheartedly a plan to set up eight Senate foreign relations subcommittees to help bring about "a true bi-partisan" foreign policy.

Mr. Truman said in a statement he hopes the House Foreign Affairs Committee will follow the proposed Senate pattern to help provide for a "free interchange" between the State Department and Congress.

The President's statement was issued after he held a White House conference with Secretary of State Acheson and Chairman Connally (D-Tex.) of the Senate Foreign Relations Committee.

Connally is author of the plan to set up eight subcommittees which would correspond with the organizational structure of the State Department.

Pope Defends Individual Enterprise

VATICAN CITY, April 27. (U)—Pope Pius XII today defended individual enterprise in business and free trade.

Clearly referring to communism, he declared that concentration of commerce in public hands "opposes the Christian conception of social economy."

The pontiff, addressing delegates to the World Congress of Chambers of Commerce in effect defended rugged individualism in business.

But he raised at the same time a warning finger against "the ambition only to always take in more money, becoming richer and bettering one's vacation."

"The man of affairs," said the pontiff, "must also and in equal measure consider himself a servant of the community."

Try To Outlaw Reds

CANBERRA, Australia, April 27. (U)—Prime Minister Robert G. Menzies introduced a bill in the house of representatives today to outlaw the Communist Party in Australia.

In the event of another election, political observers say, there is little hope that either the Socialist Labor Party or the Conservatives would be able to win a sizeable majority unless there is a startling shift in public opinion. The Liberals, with only nine members in the present house—all of whom joined against the government—are considered a fading factor.

Despite traditional labor opposition to coalition government, except in wartime, talk persists of some form of a national coalition cabinet if the political deadlock continues.

Boilermakers To Build Pool For Polio Victim

MILWAUKEE, April 27. (U)—A group of warmhearted boilermakers are going to see that a young polio victim gets the swimming pool he needs for exercise.

After Saturday, seven-year-old Jimmy Gaynor will have the pool in his backyard at nearby Waukesha, Wis.

Jimmy's grandfather, Jack Gaynor, owns a Milwaukee tavern, patronized by many boilermakers. Grandpa Jack sold the idea of a swimming pool for his grandson to Joseph F. Maley, business agent for the AFL Boilermakers Union.

On Saturday several boilermakers will drive to Jimmy's house in a truck donated by the John Heenan Trucking Co. which also donated steel sheets and welding equipment, and build the swimming tank.

The tank will be 12 feet long, six feet wide and four feet deep. After that it will be up to Jimmy.

Injuries Kill Officer

BEAUMONT, April 27. (U)—Motorcycle Officer Henry Williams, 28, died last night of injuries received Tuesday in a motorcycle-automobile collision. Charges of negligent homicide were filed against Leo Guldry Jr. of Beaumont.

Murder Continuance

GRONSBECK, April 27. (U)—Two missing witnesses caused a continuance in the murder trial of Neely Ray Middleton, 28, of Wortham. He is charged in the death of an elderly Meade couple hit by an auto.

Browder Denies Any State Department Reds

STUDENTS DEMONSTRATE FOR TEACHERS' PAY RAISES—Two high school girls who evaded police run along the street while patrolmen and a mounted policeman push demonstrating students back to the sidewalk in the City Hall area in New York City. The students were among the thousands high school pupils who stormed City Hall Plaza in a demonstration to demand more pay for teachers and protest curtailment of out-of-class activities. The teachers boycotted after-hours work because the new city budget provides a \$250 annual raise instead of the requested \$650. (AP Wirephoto).

At Least He Has Memories Of A Delicious Dinner

PITTSBURGH, April 27. (U)—Ira L. Beebe has nothing more than the memories of a delicious dinner for trying to be nice to a stranger.

Beebe's tale started last Sunday when he met a stranger outside of his church, Beebe, who lives alone, was so impressed by the man's tale of misfortune that he gave him \$10 and invited him to spend a few days at his home.

"I'll cook you a good dinner," the man promised.

And the stranger did—Swiss steak, potatoes au gratin and a fine salad.

When Beebe returned from work last night, the stranger was missing. And so were two watches, a camera, a radio, a pair of slacks, miscellaneous clothing and \$67.

Students Protest On Teachers Behalf

NEW YORK, April 27. (U)—Mounted police repulsed a hooting band of high school students today as they tried to storm city hall in protest against teachers' pay and curtailed school activities.

The students, about 150 strong, were mostly from Stuyvesant High School in Manhattan. Thousands of others were reported en route to city hall from scores of other schools in the city.

The demonstration was the third successive day the angry teenagers have besieged city hall in vain attempts to place their grievances before Mayor William O'Dwyer.

Chanting "more pay for our teachers" and "We want Willie," the vanguard of the marchers was dispersed temporarily by police before they could enter city hall park.

Patrolmen, reinforced by mounted police, blocked entrances to the park. At least one mounted cop charged the demonstrators, who retorted, "We want Willie."

A police sergeant, heckled by the youngsters, seized a placard held aloft by the marchers. The sign demanded "more pay for teachers."

As police halted the milling demonstrators, they slowly drove them back, several boys climbed on passing automobiles and jeered.

An estimated 12,000 students milled about their high schools in Brooklyn and police reported several thousand others were marching toward the city hall demonstrators.

Two Die In Air Crash

SAN ANTONIO, April 27. (U)—Capt. Alvin J. Ziegler, 30, of Elizabeth, N. J., and Capt. Roland Gasparis, 30, of Portland, Ore., were killed yesterday when their Air Force transport plane crashed near here.

Mrs. Carr had been on the VA hospital staff here since about Feb. 15.

Her remains were at McDaniel-Bouillon chapel awaiting complete arrangements. They were due to be taken to Houston for interment. Two brothers, H. L. Weatherford and J. E. Weatherford of Houston, and her sister and brother-in-law, Mr. and Mrs. J. B. Dugger of Waco were enroute here Thursday. She also leaves her mother, a Mrs. Weatherford, of Waco. VA officials here were unable to say whether she was returning from Lubbock, where she was assigned before transferring here at the time of the mishap. She was the eighth traffic fatality in Howard county this year.

Oil Head Hopeful Imports Remain At 700,000 Barrels

WASHINGTON, April 27. (U)—R. L. Force of Dallas, president of the Texas Independent Oil Producers and Royalty Assn., said today he is hopeful all imports are going to be held to 700,000 barrels or less a day.

Force told a reporter that he had conferred in New York with leading oil importers and added he believes they recognize the seriousness of the situation and the effect of the crude oil imports on the domestic industry.

Opposes Budenz Senate Testimony

WASHINGTON, April 27. (U)—Earl Browder, former Communist Party chief, told Senate investigators today that "to the best of my knowledge and belief" there are no Communists in the State Department.

Browder, who was expelled from the Communist Party in 1946, said that if he knew of any Communists in the department he would say so but that he doesn't know any.

Edward Morgan, counsel to a Senate foreign relations subcommittee, asked him if he would give names if he knew them.

Browder said: "No, I would not give you the names."

Morgan: "If you knew there were any Communists in the State Department would you tell me that?"

Browder: "Yes. To the best of my knowledge and belief there are not any in the State Department."

Browder also told the committee that he has never met Owen Lattimore but knows him by reputation "as a person of anti-Communist views of a very profound character."

Specifically and flatly, Browder contradicted testimony from Louis F. Budenz that Lattimore's name came up at a meeting of Communist leaders in New York City in October, 1937.

There never was such a meeting, Browder declared.

He said "it is hard to imagine how even a professional perjurer could think up" testimony such as Budenz gave a Senate foreign relations subcommittee.

Budenz, former Communist editor who renounced the party, testified last week that Browder and other party leaders told him Lattimore was a member of a "Communist cell." He said that at a 1937 meeting there it was agreed that Lattimore should direct the organization of writers to put across propaganda that Chinese Communists were agrarian reformers.

Demand New Defense Funds, Draft Law

WASHINGTON, April 27. (U)—The tensing international situation brought added force today to demands for new defense funds and extension of the draft law. It all but shelved the House economy drive. In response to the request of Secretary of Defense Johnson, the House was resigned to vote an extra \$350 million for military spending, most of it for airplanes.

And House leaders thought it likely that the members would keep the draft law alive for two years beyond June 24, when it is scheduled to die.

Chairman Cannon (D-Mo) of the Appropriations Committee announced committee approval of an amendment that would hike the defense budget for the fiscal year beginning July 1 from the \$13,911,000,000 recommended last month by the committee to \$14,261,000,000.

The extra \$350 million was approved after Johnson testified before a subcommittee yesterday.

It would be split up this way: \$200 million for the Air Force; \$100 million for naval air; \$50 million for conversion of warships and for the anti-submarine warfare program.

With Republicans joining Democrats in supporting the increases, their addition to a \$20 billion omnibus appropriation bill perhaps late next week appeared certain.

PERSONS MISSED BY CENSUS URGED TO FILL OUT BLANKS

Persons who may have been missed in the city or country by census enumerators were urged today to make themselves known. Sam Goldman, census supervisor, said that enumerators had completed all territory with the exception of a portion in the northside Latin-American section.

Rural enumerators were working the southern part of the county Thursday as the country-side population count moved into its final stages. All other sections of the county have been completed, said Goldman.

"We want to make sure that absolutely all people have been included in the count," he said. Goldman asked that those who think they may have been missed by census enumerators to fill in the blank below, or to call him at 870 or phone the chamber of commerce in order to be included.

Laborites Expected To Hold Shaky Seat

LONDON, April 27. (U)—Britain's Labor Government is expected now to cling to its shaky seat at least until fall.

But yesterday's five-vote victory proved the going will not be easy. Continued heckling by Winston Churchill's Conservatives and

The Laborites squeaked through votes on two major issues in the house of commons yesterday with a majority of only five in each case.

These two votes—on doubling the tax on gasoline and imposing a 33-1-3 per cent purchase tax on trucks—constituted the most serious challenge Labor has faced since it came to power in 1945. Its once overwhelming majority in commons has been sliced to a scant eight seats.

Defeat would most certainly have meant that Attlee would resign and Britons would have been asked to elect a new parliament.

In the event of another election, political observers say, there is little hope that either the Socialist Labor Party or the Conservatives would be able to win a sizeable majority unless there is a startling shift in public opinion. The Liberals, with only nine members in the present house—all of whom joined against the government—are considered a fading factor.

Despite traditional labor opposition to coalition government, except in wartime, talk persists of some form of a national coalition cabinet if the political deadlock continues.

Shrimpers Hope Mexico Will Cut Down Fines

TAMPICO, Mex., April 27. (U)—The chances Mexico might reduce fines levied on five U. S. fishing boats were explored by the boats' owners today.

They were notified yesterday that fines of 5,000 pesos (\$578) had been levied on each boat on charges of taking shrimp in Mexican territorial waters. In addition, a shrimp catch valued at about 17,500 pesos (\$2,000) was confiscated.

The shrimpers protested the amount against the government—are considered a fading factor.

Despite traditional labor opposition to coalition government, except in wartime, talk persists of some form of a national coalition cabinet if the political deadlock continues.

JANITOR BUSY WITH CLEANING

BALESBURY, Md., April 27. (U)—The grand jury was in session yesterday, discussing the currently hot issue of gambling.

Smoke began to fill the corridors and pour out the windows. Somebody turned in an alarm.

Firemen traced the smoke to two overheated radiators roasting a thick accumulation of dust.

The courthouse janitor was busy with orders from headquarters today. He's cleaning radiators.

Big Spring Bank Figures Hit New Records, Statements Show

Bank figures soared to new records, combined statements of the two Big Spring banks showed today in response to a call for condition as of close of business on April 24.

Deposits touched a new mark in amounting to \$22,317,149, which was a \$5,125,000 gain over a comparable date a year ago and nearly one million more than the previous record set Dec. 31, 1949, when the total was \$17,192,149.

Loans and discounts were up only slightly, or \$11,134. The new combined total was \$6,225,462.

Cash gained by \$2,000,000 in reaching a total of \$9,051,862.49.

Total resources set a new mark, falling barely short of the \$24 million mark. The aggregate was \$22,719,744.38, or an increase of \$2,253,161 over the comparable date last April.

Effects of the bumper 1949 harvest, not fully felt in December, were apparent in the current statement. General increased activity, too, was manifest, for the gains were made in the face of heavy income tax payments in March.

In addition to the figures shown for loans and discounts, both banks were carrying an aggregate of \$4,114,661.36 in cotton producers' notes and notes receivable.

They showed an aggregate of \$2,879,262.98 in bonds, of which \$1,821,360.58 was in U. S. government bonds and \$1,057,902.40 in other bonds.

WALKING HARDER THAN YOU THINK CHARM SCHOOL 'STUDENTS' LEARN

PHILADELPHIA, April 27. (U.P.)—Walking is harder than you think, said the teacher as she promenade up and down before 100 other teachers who watched with edge-of-chair attention.

On the blackboard in perfect Palmer method script was the tip-off: "Charm school for teachers."

The promenade was Mary Senk who volunteered as an object lesson on how not to walk.

Miss Senk, who has nice, humorous blue eyes, confided to her fellow instructors and charm school demonstrators Violet Hale, "My trouble is tense knees."

She and all the other school marmas—young and old, tall and short—were crowded into the small auditorium of a Philadelphia grade school to learn how to be charming in six weeks.

Once a week in a two-hour session after school the teachers are being taught how to sit, how to stand, what to wear and how to use their hands and voices more effectively.

Later on there will be an hour or two on make-up application, appropriate hair styles, and a fashion show.

It's a board of education project aimed at making the ladies conscious of their eye-appeal. Each woman who completes the course will be given a credit which counts in salary increase considerations.

For the opener last week more than 150 teachers were signed up, but lack of space limited the enrollees to 100.

Then the word spread throughout the school system and hundreds of others said they wanted to come too. So a messenger was sent from school to school today to tell them there was no more room.

This, said Principal Helen Blount who is in charge, means the charm school has come to stay in the Philadelphia school system.

Today a charm expert, Miss Hale of television station WFIL-TV, spent two hours talking and demonstrating the art of walking and sitting.

The teachers, took notes madly, craned their necks and didn't seem

to hear at all the outside spring-day noises of school children playing baseball.

Instructed Miss Hale: "Stand up, tummy in and up, chest up and out, chin up and straighten your back."

And the teachers followed through, point by point.

Miss Hale, a well-put-together example of what she teaches, brooked no nonsense.

When there was too much whispering at one point she admonished quickly: "Girls, I think you're being rude."

But like students anywhere, the teachers were just bubbling over with unrestrained enthusiasm.

As Anna Rita Fico, grade school teacher-counselor explained: "This is just what we teachers need—something to make us more attractive to the children. Boys and girls like pretty teachers."

Wealthy Widow Reports \$69,000 Jewel Robbery

PALM SPRINGS, Calif., April 27. (U.P.)—Mrs. J. Fred Zimmerman, former actress and wealthy widow

of a Philadelphia theater man, has reported to police that \$69,000 worth of jewelry is missing from her winter home here.

Police Capt. Orest Johnson, to whom she reported the loss last night, said the uninsured gems include a \$24,500 necklace of 101 pearls with a diamond clasp and another 80-pearl necklace worth \$20,000.

Mrs. Zimmerman said she put her jewels in a cardboard box last March 7 and hid the box in her home. Capt. Johnson said she told him she couldn't remember exactly where she hid the gems but after an exhaustive search she decided to notify police.

Texas Co., Closes Two Plants Amid 'Lockout' Charge

PORT ARTHUR, April 27. (U.P.)—The Texas Co. plants here and at Port Neches remained closed today.

CIO oil workers charged it was a "lockout."

Texasco officials denied the charge.

About 4,500 workers who have been on strike gathered at the Texasco refinery here yesterday morning and about 500 more reported at the Port Neches asphalt works. In neither case were the workers allowed to enter the plants.

Texasco issued a statement here saying the Port Arthur plant would not be reopened "without assurances from the unions that operations will be maintained for a reasonable period of time."

"The return to work request was made by the union in an effort to achieve more effective bargaining," O. A. Knight, president of the U. O. of America International Union, said in Denver. "Bargaining in good faith is the only way in which this dispute can be settled and the company apparently is unwilling to do that, even though we have indicated our good faith by requesting our members to return to work."

Last night in New York a company spokesman said:

"The union's charge of lockout is so completely lacking in foundation that we feel comment is wholly unnecessary."

Sinatra And Wife Separate Officially

SANTA MONICA, Calif., April 27. (U.P.)—The separation of crooner Frank Sinatra and his wife Nancy is now official.

She filed a suit for separate maintenance yesterday, alleging that Sinatra treated her with "extreme cruelty." She also accused the singer of causing her "grievous mental suffering" without provocation on her part.

The Sinatras have broken up and reconciled on several occasions since 1946.

She married Sinatra in Jersey City, N. J., Feb. 4, 1950. They separated last Feb. 4.

She estimated the crooner's 1949 income at \$234,740 and the value of community property at \$750,000.

Mrs. Sinatra also asks custody of the three children, Nancy, 9, Frank Jr., 6, and Christina, 2.

Big Spring High School's Physical Education Department Program Set

Big Spring High School's Physical Education department will present the fourth annual physical education program at the school gym Friday at 7:45 p. m.

This year's program will be somewhat different from the three previous programs in that it will feature numbers by both the girls and boys departments and out-of-town schools as well as Big Springers who are not enrolled in the local high school.

At the opening of the program, J. W. King, Jr. will direct the

high school band in a 15-minute concert. W. L. Reed will give the welcoming address and introduce guest instructors, including Dorothy Brown, Odessa, Billie Shirley, Lamesa, Mary Bell Mead, Odessa, Mrs. Ella Mae Blair, Midland, and Red Rutledge, Midland.

The program will officially get underway with a presentation of the May pole dance by the Big Spring Junior High school. Included in the group of dancers will be Judy Douglass, Billy Martin, Anna White, Billy Shivers, Kay

Bonifield, Jackie Shirley, Joyce Anderson, Wayne Johnson, Wayne Medlin, Jane Brooks, Sam Hall, Libby Jones, Sherrell Plumlee and Dean Porter.

All city schools will be represented in a mass demonstration of various sports featured by the local physical education departments.

Scouter Reed and Skipper Driver will take a try at the game of basketball.

Sue Coleman, Betty Boykin, Rita Jean Baker, Carolyn Harris, Jean Peters and Judy Ann Clark will present a rope jumping act.

Danny Fowler and Monroe Cassey will represent the track department.

Edgar Phillips, Teddy Groebel and Ronnie Burnam will feature boy's baseball.

Jolene Reynolds will serve as batter, LaRue Casey as catcher and Barbara Gikerson as pitcher for a girls' softball demonstration.

Wesley Phillips and Rickey Phillips will be football stars for the program.

Tennis will be presented by Betty Anderson, Troy Martin and Judson Miltkin.

Judy Douglas, Gayle Price, Luan Phillips, Geraldine Cross and Joan Smith will be featured in a tumbling act.

Volley ball will be presented by Betty Crall and Beverly Moore, nettie Boykin, Carla Jean Madison, Luan Phillips, Kay Coleman, Ann From Kate Morrison school, Demetrius Corrales, Jr. and Eloisa Paderes will present the dance, "Las Chapaneas." The two students are six-year-olds.

Leo McGriff, Willie Washington, Willie Roy English and Roger Brown, all students at the Lakeview school, will be featured in the number, "Chattanooga Shoe Shine Boy."

Le Neal Tankersly of Lamesa, will present a group of imitations.

Featured in a medley of dances to be presented by Big Spring, will be Luan Nall, Sarah LeMay, Jean Stratton, Beverly Jones, Shirley Wenter, Ruby Jo Bledsoe, Frances McClain, Fern Lou Leopard, Sandra Swartz, Fern Crabtree, Katie Richbourg, Joan Smith, Carolyn Mills, Helen Phillips, Beth McGinnis, Patricia Lloyd, Peggy Lamb, Gayle Price, Alma Crittenden, Dot Crittenden, Janie Collins, Diana Farguhar, Jackie Compton, Jo Ann Haley, Mary Ann White, Shirley McGinnis, Audie Cannon, Maureen McCormick, Mary Ann Moore, Rita Wright, Earlene Wright, Francis Thompson, Geraldine Cross and Mary Gandy.

Another feature of the program to be presented by the Big Spring group will be a Revue of physical education uniforms from the year 1900 to the present time. Peggy Lamb will model the 1900 costume, Beverly Vaughn, the 1910, Sue Craig, the 1920, Maxie Younger, Anna Mae Thorp, the 1930, and following the review, a tap dancing number will be presented by a group from Midland.

John Suter, Edgar Rose, Charles Clark and Grady Dorsey will be featured in boxing exhibitions.

Jerry Younger and Deane Mansfield will present the "Red Stock-

Looks like the modern dentist will soon have a detective's job. At least, he will if he follows the suggestion of Dr. Barkley S. Wyckoff of Santa Barbara, Calif. He should always remember that he is a cancer detective responsible for finding early cases of mouth cancer.

According to Dr. Wyckoff, about 10 per cent of all cancer originates in or about the mouth.

"Thus it is the dentist's responsibility to be suspicious of growths in the oral cavity, and to guide the patient to the proper source for diagnosis. In cancer, the earlier treatment is begun, the better the chances for cure."

Dr. Wyckoff served as speaker for the Texas State Dental Society's annual convention held in Dallas this week.

We're still running into a lot of talk concerning a certain commissioners meeting and a certain clubhouse project. There have been plenty of what some call "unkind and uncalled for" remarks hurled in the direction of the city commissioners and other individuals. There are several people who are qualified to talk and who are "biting on the fence" in the sense, who say that what happened was the only action that should have been expected. Personally, we think that when as much as has been said about an issue as has been said about the clubhouse proposal that the wisest thing that can happen is for everybody to develop some mighty good "forgetters." After all, it could go so far as to destroy what unity now exists among the various local women's clubs. And it's still true that united movements are greater than divided movements.

Mary Ivy Henson Is Named Honoree At Birthday Party Given At Stanton

EXERCISE SWARMER

War Games 'D-Day' Set For Tomorrow

FORT BRAGG, N. C., April 27. (U.S. —) Army and Air Force units made final checks of men and equipment today as "Exercise Swarmer" entered its critical phase.

They might mean that in the future entire armies will be transported by air and supplied for days by air alone until they have sufficient strength to launch major offensives.

D-day in the big war games has been set for tomorrow. It's then that U. S. defense planners will start getting a picture of what would happen if the Berlin airlift should have to be carried out in a shooting war instead of a cold war.

Such is the purpose of "Swarmer" and the Army and Air Force see throwing 60,000 men and more than 800 planes into it to see how far they can develop the idea.

Baby Sitter's Boy Friend Accidentally Shoots 3-Year-Old

PITTSFIELD, Mass., April 27. (U.S. —) One of a young baby sitter's three boy friends accidentally killed a sleeping three-year-old child while playing with a shotgun last night.

Police Chief Thomas Calnan said the blast "nearly blew off the head" of James Ellen Fowler as she lay in her crib.

THOSE GI SERIAL NUMBERS HAD SOME DUPLICATIONS AFTER ALL

By ARTHUR EDSON AP Staff WASHINGTON, April 27. — That serial number you GI's wore during the war, remember how the Army or the Navy or the Marines always said it was your very own? And that they always gave a different one to every customer?

One of those big machines that lives on punched cards went to work. It hadn't been on the job long before it kicked out two cards. The machine was calm about its accomplishment, but the VA people weren't. They knew they were in for a long, hard pull—and they have been.

Country Club Owner Faces Electric Chair

CAMBRIDGE, Mass., April 27. (U.S. —) The former owner of a fashionable country club today faced death in the electric chair for the slaying of his wife whom he once described as a "happy little bird."

The VA people say the duplication showed up more among officers than enlisted men. One error: The Army, Navy and Marines might each assign the same number.

But there also were duplications within the services, and that went for enlisted men as well as officers, a VA spokesman said.

Police testified that Cox told them he killed his wife because he didn't want her to worry about the cost of repairing a roof which caved in at his Stow Country Club. The job would have wiped him out financially, he said.

The 21 million checks to be distributed, around 1 million have had to be hand processed. Some of these cropped up because of duplications, but there are other reasons.

The VA man gave this example: "I'll show you what you can run into. Suppose a guy enlists and takes out \$2,000 in insurance. Later on, he becomes an officer, and takes out \$5,000 more.

Overton Housing Loan Get PHA Approval

WASHINGTON, April 27. (U.S. —) The application of Overton, Tex., for a low-rent housing-preliminary loan to plan its project of 20 units at a cost of \$12,000 was approved yesterday by the public housing administration. The President must finally approve such loans.

LANDMARK REDUCED TO SHELL—Only the walls are left of the Troop Hotel, five-story landmark burned out in Topeka, Kas., by fire that spread quickly and routed occupants, all of whom police said apparently escaped unhurt.

BIGGEST CHICAGO HAUL

Police Recover \$250,000 Cache

CHICAGO, April 27. (U.S. —) More than \$250,000 in what police said was stolen merchandise was confiscated yesterday in a northwest side warehouse.

Deputy Police Commissioner Timothy O'Connor, who estimated the value of the goods, said it was the largest stolen merchandise haul in the police department's history.

Three large vans hauled the merchandise to the central police department garage. It included more than 2,000 men's suits, women's apparel, furniture and a variety of articles.

Police seized Arthur (Fish) Johnson, 48, an ex-convict and once a contact man for the late gangster John Dillinger. O'Connor said Johnson had been operating for years as a fence in a receiver of stolen goods on a national scale.

He was held without charge. Police said Johnson told them when he was seized: "You fellows finally hit the jackpot."

Police testified that Cox told them he killed his wife because he didn't want her to worry about the cost of repairing a roof which caved in at his Stow Country Club. The job would have wiped him out financially, he said.

Ted Squillante Again Homers

By The Associated Press Ted Squillante may not lead the Rio Grande League in hits at the end of the season, but the Harlingen slugger is bidding fair to become the home run king of this Class C circuit.

Squillante last night hit his seventh homer of the young season in Harlingen's 22-5 victory over Del Rio. The Capitals slugged four Cowboys hurriers for 25 hits, including another homer by Jake McClain.

McClain also used four pitchers in trying to stop Corpus Christi. The hurriers couldn't as the Aces took a 15-7 decision to build their league lead to a full game.

In other tilts last night, Speed Montalvo's home run in the ninth inning gave Laredo an 8-7 victory over Brownsville and Robstown nudged Donna-Weslaco, 5-4, in ten innings as Jesse Serrano singled home the winning tally.

Two Track Meets Are Scheduled

AMARILLO, April 27. (U.S. —) The Sandie Relays, bringing together schoolboy tracksters of this area who have qualified for the Texas Interscholastic League meet at Austin next week, will be held at Amarillo Stadium Saturday night.

At the same time the west zone of the Texas Junior College Conference will hold its annual meet. Feature event of the relays is due to be the 440-yard dash in which Galen Fowler of Amarillo, who did 5.1 in the regional meet last week, will match strides with Bill Averitt of Lubbock, Tommy Moore of Phillips and Bobby Crooks of Memphis.

Two Die, Three Hurt As High Winds Blow Down Concrete Blocks

WELLSBURG, W. Va., April 27. (U.S. —) High winds toppled part of a high wall of freshly laid concrete blocks yesterday, burying five workmen in a heap of rubble at its base. Two of them died, and the other three were injured critically.

Four of the workers were on a scaffold 42 feet high when a strong gust blew over the top six feet of the six-inch thick blocks, forming the screen backing for a new drive-in theater.

The fifth was unloading a truck at the foot of the wall. Domenico Ciomi, 17, of Follansbee, W. Va., and William Black, 54, of Wellsburg, died shortly after the accident at a hospital here.

Overcoat Weather For Central Part Of Nation Again

It was overcoat weather again today for most of the central part of the country.

There was more snow and more sub-freezing weather over wide areas of the Midwest. Temperatures hit below freezing early today over sections of the Dakotas, Minnesota, Nebraska, Iowa, Wisconsin and northern Illinois.

Snow fell in many parts of the cold belt. The floods in the Dakotas and Minnesota which have caused an estimated \$50 million damage appeared improved. Some 6,000 have been forced from their homes by the flood waters from scores of rivers and streams.

More Mark-Ups Likely As Food Prices Increase

By The Associated Press Retail beef, pork and lamb prices climbed as much as four cents a pound in many marketing centers this week. And wholesale advances indicated more mark-ups were likely this week end.

Poultry price changes were irregular and small, for the most part. Eggs and dairy products held about steady.

Snap beans, asparagus, beets, new cabbages and new potatoes, carrots, radishes and strawberries were in heavier supply and cheaper in most places. Broccoli, cauliflower, golden heart celery, cucumbers, peppers and spinach edged upward.

Wholesalers attributed the upswing of most meat items to brisk consumer demand rather than to any important change in the supply picture.

Low Farm Prices, High Freight Costs, Squeeze The Farmer

WASHINGTON, April 27. (U.S. —) Farmers who ship their products to market are being caught in a squeeze between falling farm prices and rising rail freight costs, the Agriculture Department said today.

New Loaf Added To Mead's Fine Bread Family

A new loaf has been added to the Mead family of fine breads. It's the Honey Crushed wheat loaf, containing pure honey and cracked wheat as well as standard wheat flour and other top quality ingredients.

Honey Crushed bread is especially designed to go with summer dishes—fresh vegetable preparations, sandwiches and toast. Delicious, delectable, different, the new loaf is easily identified in its bright yellow cellophane wrapper. And like all other products of the Mead's Fine Bread company it is baked and delivered twice daily to your neighborhood grocery. Freshness and flavor is assured when you choose a loaf of Mead's Fine Bread because of the bakery's twice-daily schedule of production.

Mead's thin sliced sandwich loaf, made of white flour also received a new jacket recently, Bob Mead, plant manager, announced. It is now identified by its tango wrapper of freshness saving cellophane. In addition to a full line of breads, including loaves, rolls, and hotdog and hamburger buns, Mead's also provides a variety of fancy pastries for the Big Spring area. Baked and packaged twice daily at Mead's Fine Bread shop, they are delivered twice daily to local grocery stores.

Mead's bakery, the only one in Big Spring, is also the only plant of its kind within a 100-mile radius of the city. It employs the most modern equipment in the baking industry which, coupled with twice daily deliveries, insures top quality and freshness.

with no seams, crevices or rough edges to collect dirt and grime. Stanley also markets the famous Youngstown all-steel kitchens, which are well-known everywhere. Another time-saver that also reduces work is the Easy Spindrier washer featured at Stanley's. It puts two tubs to work simultaneously and is capable of turning out a week's wash in less than an hour.

Sportsmen will find a full stock of fishing tackle at Stanley's, headed by the Martin outboard motors. The Martin has long been a favorite of sportsmen throughout the country. Stanley has all types of fishing equipment in most any quantity desired.

It's ice cream weather and a banner time for Banner Creamery. Ice cream and similar products long have been a specialty, so much so that it has been a Banner policy to stress one particular ice cream each month. In April, fresh strawberry is the specialty. Demands for this and other flavors has been strong and is still growing, said J. D. Merrifield, Banner manager.

The range of choice is wide in Banner Creamery. Of course the ever popular vanilla still tops the list. Chocolate and chocolate chip are favorites along with the rich black cherry dubonet. Other Banner projects include Texas pecan, buttered bricks, banana nut and the mixed cherry Banner special. Patrons may be assured not only of a tasty cream in Banner products, but they also are guaranteed against having anything but pure butterfat used in making of the cream. Some ice creams employ part vegetable fats, but Banner sticks to the theory that best ice cream means 100 per cent pure milk and cream. "We guarantee there is not so much as one drop of vegetable fat in our ice cream products," said Merrifield.

This season the demand for sherbets has been rising even more rapidly than normal. The smooth texture, plus the fresh flavors, may be responsible. Sherbets are available in lime, orange, pineapple.

Banner Dairy Plant Welcomes Inspection

People in Big Spring and surrounding area are invited to make an inspection of the Banner creamery plant.

"We'd like to have people visit our plant and see for themselves with what exacting care our milk is received, processed, bottled and made ready for delivery," said J. D. Merrifield. "We don't care what time it is, we welcome the public to inspect our facilities and see our equipment and staff in operation."

Meads Bakery Has A New Loaf Molder

In line with its policy of using completely modern equipment in baking fine breads for the Big Spring area, Mead's Fine Bread company has just installed a new loaf molder, Bob Mead, plant manager, has announced.

The latest development in moldering equipment, the new machine gives assurance of a smoother, better textured loaf, Mead stated. The new machine was installed last weekend.

An Idea Carried To Absurdity In Supreme Court's Decision

A trial court conviction in a murder case has been thrown out by the U. S. Supreme court on the grounds that the grand jury which returned the indictment had not included a member of the defendant's own race.

Justice Jackson dissented alone in the 5-4 decision. "This court has never explained how discrimination in the selection of a grand jury, illegal though it be, has prejudiced a defendant whom a trial

jury, chosen with no discrimination, has convicted." We would go even further than that. The high court's insistence upon presence of a Negro on the grand jury involving capital cases for a Negro defendant is a little far-fetched. Admittedly, in some sections the Negro citizen has not always been treated with parity in court proceedings and in some instances rabble-rousing hotheads may have been guilty of mobbing. But the presence of one member of the race on the grand jury certainly doesn't solve anything.

If There Are Leaks In Loyalty Checks, Then Correct The System

It is President Truman's contention, outlined in a radio talk, that all Communists have been driven from government employ, that there is no area in American life in which the Communist Party is making headway, that they are a "noisy but small and universally despised group" and that the real threat of communism comes from abroad, "where the center of its military and economic strength lies."

He called the government's loyalty program an outstanding success. He said that "not a single person who has been adjudged to be a Communist or otherwise disloyal remains on the government payroll today."

Tito Asks Ivan Mestrovic, Sculptor, To Return Home

IVAN MESTROVIC, WORLD FAMOUS Yugoslav sculptor who is a voluntary "exile" in America, dropped in on me in New York the other day and I extracted from him an interesting development in his differences with Generalissimo Tito—a further request from Tito that Mestrovic return home.

I use the word "extracted" advisedly, because the good doctor doesn't give up information about himself readily. However, that's understandable in view of his delicate position in relation to the Yugoslav chief of state.

TITO HAS SENT NUMEROUS MESSAGES to Mestrovic by envoys, urging the sculptor to return home and promising him personal security. The generalissimo's ostensible interest in getting the doctor back home is that Mestrovic not only is an international figure in the art world but is regarded by his countrymen as a great patriot.

While Mestrovic's personal security has been guaranteed, he always has replied that he wouldn't return to Yugoslavia until his great friend, Archbishop Alojzije Stepanic is released from prison. The prelate was sentenced in October, 1946, to 18 years in prison for "crimes against the state."

The generalissimo finally offered the archbishop his liberty if he would go to Rome and stay there. Tito didn't want him in Yugoslavia.

Bailing Out British Finances Appears Unlikely In Congress

WASHINGTON, D. C.—HOW WOULD THE United States feel about paying off some of the money Britain owes other countries?

The British raised this question in a very quiet note to the U. S. State Department. News of it got around Washington. In Congress, where lawmakers can make or break the idea since they hold the purse strings, the reaction was very sharp and very sour.

This action wasn't unexpected. Congress already, since the war, has voted over \$4,225,000,000 for Britain. Many a lawmaker thinks that ought to be about enough.

Of that sum more than \$4 billion is in loans, which the British are obligated to pay back, plus \$2,225,000,000 in gifts that don't have to be repaid.

SO AT THIS MOMENT IT MAY SEEM unlikely that Congress will help bail out the British on her debt to other countries. Still, the U. S. and Britain are allies in the cold war against communism and are particularly anxious to work together in Asia.

There communism, through its victory in China, has made gigantic gains and may gobble up all Asia unless it can be stopped.

Communist targets in Asia include Burma, Indo-China, Thailand, India and Pakistan. The last two are part of the British commonwealth.

How can those countries be kept out of

reduced the number to 57, eventually rested his whole case on a single individual, Owen J. Lattimore.

That there have been Reds in government departments is not denied. There may be some now; it is conceivable that they might have covered their tracks so successfully that the loyalty boards and the FBI have overlooked them.

But if that is true, if that is subject to proof, there is something wrong with the system devised to ferret them out, and a better one should be devised.

The recent hullabaloo over Communists in government stemmed from incidents and individuals in the past. When Gen. Marshall became secretary of state he issued an order that led to a purging of the department of Reds and homosexuals. That was over three years ago.

THE ARCHBISHOP REFUSED TO ACCEPT his liberty unless he could remain with his own people.

The latest is a further invitation to Mestrovic, offering him a special passport, OK'd by the generalissimo himself, permitting the doctor to go in and out of Yugoslavia as he sees fit. The sculptor tells me his answer now is that he won't return until Stepanic not only is released but is permitted to remain in his own country.

Maybe I am over sentimental, but it strikes me that there is something heroic in such a friendship. It's akin to that of Dumas' three guardsmen—one for all and all for one.

WHETHER THE GENERALISSIMO will change his mind regarding the archbishop remains to be seen. I don't believe Tito will get Mestrovic back until Stepanic is freed and allowed to stay in Yugoslavia to work among his own people.

Dr. Mestrovic, 67, is a Nationalist and is against all dictatorships. His religious bent is demonstrated concretely in a great work of art which he has just completed after more than a generation of labor. It is a series of 25 panels, carved from wood, representing phases in the life of Christ. That goes on exhibition next month at Syracuse University, where Mestrovic is teaching sculpture.

communism's reach? That's the problem for the U. S. and Britain.

They may need military help against attack. And they'll need economic help to win the people away from the promises of communism.

Most of the economic help, of course, will have to come from this country. So the idea behind the British note was this: If we help Asia with money, we

may be able to help Britain at the same time since Britain owes some of those countries money.

This will explain a little of the thinking behind the idea.

There is a group of nations called the sterling area, or sterling bloc. It's made up of Britain and these countries: Australia, New Zealand, South Africa, India, Pakistan (all in the British commonwealth) and Burma, Iceland, Iraq, and Ireland.

In this country the lawful money is the dollar. In Britain the lawful money is the pound sterling.

Which simply means that when Americans do business they pay, and want to be paid in, dollars. And when Britons and the other members of the sterling area do business with one another they deal in sterling.

That's how the sterling bloc countries did business before the war. When they shipped goods to one another they got paid from one another. Then the war came,

Florida Press Gangs Up On One Side In Senatorial Campaign

WASHINGTON — Today's column is going to make my name mud with a lot of my good friends, the newspaper publishers of Florida. For one of the most interesting senatorial campaigns in the nation is going on in their state, with 90 per cent of the newspapers backing hard for one candidate. And when you see all the boys ganging up on one side, I can't resist the good old American custom of seeing what's to be said on the other side.

The Florida election battle is not only a lullaboo, but it has all the earmarks of another Dewey-Truman campaign.

On one side, and fighting for his life is garbled, weather-beaten Sen. Claude Pepper with 14 years in the Senate at stake, with his chief financial support from labor, and waging an effective, tireless, whistle-stop campaign almost identical to Truman's. Like Truman's, it is aimed at offsetting the solid wall of bad publicity given him by the press.

On the other side is popular, handsome Congressman George Smathers, with four years in Congress, whose chief financial support has come from big-money Republicans who spend their winters in Florida and register as nominal Democrats. No mean campaigner himself, Smathers has made a lot of political hay.

The Dewey-Truman comparison is so striking that it caused the staid New York Times to comment:

"The senatorial challenger is a young and handsome man with a rich, well-trained voice, and a reporter might almost imagine he was back on the 'victory special' listening to a rear-platform speech by Gov. Thomas E. Dewey."

ECHOES OF DEWEY

"The content of the speeches is almost identical. Communism is the main issue... and like Gov. Dewey, Rep. Smathers is seeking election without confining in any detail the programs and policies he would follow if elected."

"Another echo of the Dewey train," continues the Times, "is that reporters traveling with Mr. Smathers complain because he uses the same speech every day and they are finding it hard at five weeks to find a 'new lead' for the next day's papers."

But since few Floridians read the New York Times, most Florida newspaper readers get the impression that Claude Pepper is not only Stalin's closest buddy but that he is already a gone goner.

Just to add to his bad press, the Saturday Evening Post, long a force in Republican politics, lately scheduled a feature story on Pepper's opponent just 19 days before the Florida primary.

Probably most of those who read it did not realize that the Saturday Evening Post averages \$50,000 worth of advertising from the Du Ponts and affiliated companies every issue and that one branch of the Du Pont family is heavily supporting Smathers.

GOP-DEMO FIGHT

Real fact about the Pepper-Smathers fight, however, is that it's a straight down-the-line Republican - Democratic battle. When you get away from all the dust-throwing, the issues are clear and clean-cut as between the Truman Liberals and the Republican Conservatives. This is probably a healthy thing, because ordinarily an election in Florida doesn't mean much beyond a choice of personalities.

Long ago young Smathers began conferring with ex-Speaker Joe Martin, leading Republican in the House of Representatives. Long ago, he quietly began accumulating GOP money and GOP support.

And as that support accumulated, Smathers began swinging over to the Republican side of the congressional aisle. When he first came to Congress, Smathers was hailed as the Liberal Sir Galahad of the South. But gradually he began voting the opposite.

While casting his vote against alium clearance, he simultaneously promoted the Real Estate Lobby's idea of increasing the amount they could borrow from Uncle Sam up to \$750,000. Thus Smathers voted to deny the poor man low-cost housing, but give the big real estate operator the right to use three-quarters of a million dollars of the taxpayers' money, 90 per cent guaranteed by Uncle Sam.

Smathers also voted against social security for traveling salesmen and others, against the minimum wage, and, perhaps most important of all, for the bottling of bills in the rules committee instead of open debate on the floor of the House.

On various occasions Smathers even voted to override Truman's veto on important party policies. Pepper, on the other hand, has voted consistently for Fair Deal projects.

STALIN'S PAL

Most interesting issue in the Florida battle, however, is Smathers' charge that Pepper is a pal of Joe Stalin's. He says—

DeCarlo Would Like To Do Only Musicals

HOLLYWOOD — Yvonne DeCarlo would like to abdicate as the undraped queen of film fantasies and devote her life to singing.

"When the time comes," she vowed, "I want to do musical pictures altogether. If I don't get my way, I will quit the screen and do concerts."

"I've been studying for this for a long time. But I don't think I can really concentrate on my singing and work in (non-musical) pictures, too. It won't be for a few years yet."

Meanwhile the curvaceous cuties is content to savor in eye catching costumes. "I don't mind wearing clinging dresses," she remarked, "as long as the part calls for it, and it doesn't detract from the acting."

In the current "Desert Hawk" she plays a Persian princess, and the role naturally calls for some sexy outfits. "But I'd just as soon play a ragamuffin and go through the picture in the same plain dress," she claimed.

She has long sought a straight dramatic role and considers her next picture, "Tomahawk," a step in the right direction. In this one she plays an Indian girl. Her main ambition is to start in "Song of Norway."

Fifteen years ago in Hollywood Creighton Chaney changed his name to Lon Chaney, Jr. . . . Rudy Vallee signed a long term contract with Warner's. Shirley Temple was making "The Little

to quote the Saturday Evening Post—that "by the summer of 1945" he, Smathers, was convinced someone should run against Pepper that "he couldn't get out of his crew that Pepper had become so involved with Henry Wallace."

The real fact, however, is that well after the summer of 1945—on Jan. 16, 1946, to be exact—Smathers wrote a letter to Pepper's secretary referring to "our good friend Henry Wallace."

It was also after the summer of 1945, when he now says he decided Pepper must be defeated, that Smathers actually was writing Pepper a stream of letters asking his aid in getting him out of the Marines, in getting him a job as assistant U. S. attorney, and later in helping him run for Congress.

In other words, Smathers was largely built up by the unsuspecting senator whom he is now trying to defeat.

To read the Saturday Evening Post's glowing account of George Smathers one would think that the Justice Department was clamoring to hire him and that the Florida public couldn't wait for him to get out of the Marines and run for Congress. But the letters which the young Marine Corps officer wrote to "Dear Claude" tell a different story. They show how Smathers wanted to get out of the Marines while the Japanese war was still on, and even asked Pepper to hold up a Naval improvement at Key West so his opponent, Congressman Cannon, would not get credit for it.

Around The Rim—The Herald Staff

It's Nice To Be An Old Grad, But Campus Life Sure Was Fun

According to the United States Office of Education, this year's crop of college graduates is expected to be 486,900—and that is an all-time record.

The more I think about it, the happier I am that I am now an old grad, and not an undergrad. Sure, I miss the fun that is so prevalent on America's campuses, but it was just too good to go on. I had to face the cold, dark world.

Well, I wandered into this cold, dark world and today the future is a bright one. The present, too, is exceedingly happy. But it wasn't always that way. Not when you haven't a job waiting for you at graduation time.

I'm just afraid a good many of this record crop of college grads are going to have to face many problems. But, if they have friends and relatives, you can be sure these grads will be big shots within five or ten years. At least they'll have no trouble finding a job according to friends and relatives.

Now take my friends and relatives. It all started when I was ready to leave home for the last lap at school. Before returning to the hallowed halls of the University of Missouri's School of Journalism, friends and relatives gathered at my home to bid me a fond farewell. They'd come in the house, say simply:

"Well Fred, you're starting the last lap. We're proud of you, my boy, and we know you'll make good."

"Yesir, Fred, you're smart, you're bright, and I feel you'll be tops in your profession."

"Son, be sure and send me copies

of the New York Times when you become its editor.

"Etc., etc., etc."

And then the bridge and canasta games would start—without me, too!

No kidding, these friends and relatives were making me another Joseph Pulitzer, Charles Dana and any other famous editor—all in one package.

After that kind of confidence, who could possibly not succeed.

Well, the last year went fast and finally the day came when I received my cherished sheepskin from Dean Frank Lather Mott of the School of Journalism.

Mother and Dad attended graduation, and the flowery words I heard from friends and relatives came tumbling at me again. Fine, but at that time I didn't have a job. It's nice to know, though, that some people still like you.

Went home after graduation and boy, did my ears ring! More people poured soothing words into my troubled mind.

Then came the job!

And here I am, happy and content, finally a working journalist. Hope I'm making sufficient progress for those friends and relatives.

What's the moral to this story? It's simply a boost to the upcoming college grad—

Don't worry, if you haven't a job, your friends and relatives will make you one—in mind only, though.

And if you still don't get a job, you can do one of two things:

1. If you're a girl, get married.

2. If you're a boy, join the Army.

FRED GREENE.

Capital Report—Doris Fleeson

Bipartisan Foreign Policy Dramatized By John Dulles

WASHINGTON — The heart of the problem of bipartisan foreign policy was dramatized when John Foster Dulles held his first press conference in his new capacity as State Department consultant.

For a few tense moments it looked as if Mr. Dulles intended to put all the blame for current confusions on the Democratic controlled subcommittee. Asked for comment on Senator McCarthy's charges, Dulles condemned the open hearings and said they should have been secret.

This is the McCarthy line. The Senator blamed his charges that the State Department harbored 207 Communists, later corrected to 57 card-carrying Communists, at political meetings and on the Senate floor. It's not his fault if anybody innocent gets hurt, he now says virtuously; the answers should have been secret.

Mr. Dulles paused; reporters waited. No mention of the senator from Wisconsin. The blunt question was put: did Mr. Dulles believe that Senator McCarthy's procedures, which were extremely public, were proper? Mr. Dulles did not. Michael McDermott, the Secretary of State's special assistant for press relations, looked much happier.

Yet the Scylla and Charybdis debate which Mr. Dulles finally located safe passage remain.

If the Republican elder statesman appears to be embracing the administration position too warmly without regard for G.O.P. emotions, Republicans like Senators Taft, Wherry and others will take a dim view, if they do not actually disown him.

If he does not defend the honor and dignity of the people with whom he has

closely worked for five years, his position will be impossible there. They have gone to bat for him with President Truman who tried to treat him as just another losing politician after the tart New York campaign last fall.

Mr. Dulles likes his ringside seat at the unfolding drama of the cold war, as who wouldn't? He has spent his life acquiring the knowledge and experience to acquire himself well as a nonpartisan expert. He has actually had only his few months as a senator in 1949 to teach him the political reefs and shoals between the State Department and Capitol Hill.

Fortunately, he will find Secretary Acheson calm and well able to put first things first. It is an open secret that May will be a critical month, with peace being put to new strains and alarms. Mr. Acheson is thinking hard about that and will have little time for hurt feelings.

The Republicans in Congress are another matter. Mr. Dulles said he still regarded Senator Vandenberg as the Republican leader on foreign policy, which he certainly is for many. But with Vandenberg ill, the boys are all playing by ear. As Sen. Clinton Anderson, New Mexico Democrat, once explained, "the trouble with foreign policy these days, both at home and abroad, is that it's a Paul Jones. When the music stops, you never know who your partner is going to be."

One thing Mr. Dulles can be sure of—each partner thinks he is entitled to inside information of foreign policy. No senator tries to be expert on more than one or two domestic problems but all want to be the principal confidant of the Secretary of State.

'Salaga Doola' Means Money In The Bank—Only \$500,000

NEW YORK, (U. S. NOW) EVERYBODY would write, "salaga doola menchka boola bibbidi bobbidli boo."

It takes an intuitive sense, a feel, a touch, or something. You've got it or you haven't got it.

This is the secret of such creation, say Mack David and Jerry Livingston, two young hit men who wrote the current song hit, "Bibbidi Bobbidli Boo" (copyright Walt Disney Music Corp.).

If you're wondering what "salaga doola," etc., means, don't. It means nothing except about \$500,000 to David and Livingston, who wrote the music for the movie, "Cinderella." These boys are experts. They have a case history for Irrational hits, having turned out "Misty Dools" and "Chi Baba."

OVER A CUP OF COFFEE, THE COMPOSERS tried to explain how "Bibbidi Bobbidli Boo" came about.

"It's really harder to explain than write," David began.

"Actually, you go into a room and bang it out," said Livingston.

David, being the man who writes the words, did most of the talking. He explained the specific problem that led to the song. They needed a tune and lyrics which would help depict the scene where the fairy godmother turned the pumpkin into a splendid coach and the mice into horses.

"We needed words to suggest the mumbly of magic," said Livingston, "but not the usual abracadabra stuff. We needed nonsense words with a goaty rhythm, to go with the rolling of the coach."

So, putting on their loafers and their sports jackets, they went to work in a studio where they could draw inspiration from the San Fernando Valley and the surrounding purple hills.

DAVID, THE NERVOUS BRANCH OF

the partnership, wore out the rug and three to four packs of cigars a day.

Livingston sat at the piano smoking what he calls his "dreaming cigar." He smoked and "mooded," which means he casually stroked the piano keys, hitting an experimental chord now and then.

"We tried many, many different combinations of sounds, of meaningless words," said David. "We rolled them on our tongue and ran them through our ears. We must have discarded 50 or 60 combinations, and it's funny, isn't it, I can't remember one of them now. Maybe it's because I don't want to."

After two weeks of intensive effort David finally came up with the first two lines.

From then on, the lyrics and the melody just rolled out. It took only one more day to finish the job.

LOOKING 'EM OVER With Tommy Hart

Sam Thurman, an ex-Big Spring high school griddler who was manager of the HCJC football team last fall (after suffering an injury in the Jayhawk's first game), is playing the No. 1 position on the McMurry college golf team.

He beat out Brad Rowland, the Indians' celebrated grid star, for the position.

RUGGED BULLDOGS BEGIN SPRING DRILLS
Midland high school's gridgers start 30 days of spring practice this afternoon under the watchful eye of Coach Tugboat Jones.

The Bulldogs should be tough next fall, since Jones will have a team built around more than 20 lettermen.

There is strong evidence at the local high school that Coach Carl Coleman and his aides are insisting more and more that their athletes stick by their training rules.

Two youngsters out for baseball were asked to turn in their suits recently because they saw fit to ignore the regulations set down by Conn Isaacs.

Coleman then informed one of them (in a nice but firm manner) he'd have to show a better attitude or forget about football next fall.

Coleman wants his charges to get in shape and keep in shape for the long football grind. Not only will their chances for victory be enhanced, he points out, but their chances of suffering injury will be lessened.

BILLY RAY KING WON MEDAL AT LUBBOCK
Billy Ray King, the local youth who tied with four other boys for first place in the pole vault at the Region II-AA track and field meet last week, won the first place medal in a special draw.

King was the only Big Spring boy to win a trip to the state meet in Austin next month.

STATE BASEBALL MEET BEGINS ON JUNE 5
The second state baseball championships in the history of the Texas interscholastic league will be held in Austin June 5, 6 and 7.

The champion of District 5AA, of which Big Spring is a member, will clash with the 5AA titlist for the right to go to the Austin show. Bi-district champs must be certified by May 23.

Al Stefani, a rookie righthander pitcher who gave the Big Spring Broncs more trouble than anyone else when Sweetwater was over here last week, has been given his pink slip by the management.

The Swatters let Stefani go when they signed on Dick Powell, a leftie from Bellflower, Calif., who worked against the Steeds Saturday night.

Coach Larry McCulloch, the high school basketball mentor here, plans to start spring cage workouts for the varsity Steers as soon as the grid workouts for the junior high boys, now in progress, are out of the way.

Morrison Wins Second Crown

Kate Morrison players captured the second title of three possible in the schoolboy softball tourney Wednesday.

The fifth grade team from this school turned back North Ward in a slugfest, 27-19. On the way up it has beaten Airport, 33-13, West Ward 11-9 and College Heights 9-5.

Capitain of the team was Alfredo Diaz and co-captain was John Rangel. Other members were Paul Hernandez, Luis Dominguez, Robert Mancha, Johnny Deporto, Chon Garcia, Lino Gravano, Gilbert Hernandez, Esias Canas. Coach of the team was their teacher, Trinidad Cano.

Eagles in Athens

DENTON, April 27. (AP)—North Texas State's national champion baseball team will play today in the Southern Interscholastic Tournament at Athens, Ga.

The Eagles were undefeated in their tour against Eastern foes.

Railroaders Meet Cosden Tonight

Texas & Pacific tangles at 7:30 p. m. today with Cosden in the opener for the YMCA softball league.

At 9 p. m., Phillips 66 faces Wesley Methodist in the nightcap; Richbourg's Round-top draws a bye. In the next round to be played Tuesday evening, Phillips and Roundtop are billed in the opener and Cosden and Wesley in the second game. T&P will have a bye for that one.

Graduate Nurses To Meet At Midland

Members of the Texas Graduate Nurses association, district No. 21 are to meet at the First Presbyterian church in Midland Tuesday.

Several Big Spring nurses are expected to attend the meeting. A report on the state TGN convention will be made by Mrs. Frances Hardwick, RN.

Derby Hopfuls Will Compete In Blue Grass

By BILL HUDSON
LEXINGTON, Ky., April 27. (AP)—Eleven classy sophomores figured to test their Kentucky Derby legs today in the semi-final tune-up for the \$100,000 classic and maybe lift their stock for the first leg of racing's 1950 triple crown.

There was a foreigner too—Big Blue—in the field of 12 named for the \$20,700 added 1 1/4 mile Blue Grass Stakes that ends Keeneland's spring meeting.

The Blue Grass—just one-eighth mile shorter than the derby route—and the derby trial at Churchill Downs next Tuesday provide the last limbering up drills before the run for the roses a week from Saturday.

There's a \$28,500 pot of gold to be split in the Blue Grass and the winner gets a net \$21,500 after the fees are paid.

Cruces Crashes Out Home Run

Young Angel Gonzales gave the San Angelo Colts a devil of a time as Big Spring ripped the Concho City hopfuls, 7-3, before an estimated 900 fans here Wednesday night.

Gonzales has his problems, what with his curve ball breaking too wide at times, but he was always in command as he set the guests down with eight scattered blows.

The youngsters, brother to the Bronco left fielder, Bobby Gonzales, struck out eight men, practically all of them with that sneaky No. 2 pitch that half the time left the victims wondering whether or not they had taken their cuts.

One of the blows Gonzales yielded was a fifth inning home run by Bob Cruces. Cruces left off the frame with his round tripper, or it could have hurt much worse.

The same weight was put on Wescott's home run, winner of the Arlington Futurity last year for the Lady Smith, Wis., papermaker, W. M. Peavy.

C. V. Whitney's Mr. Trouble, the Mahmoud colt who ran a fair race here against Your Host, came in with 121, the same assigned his stablemate, Dooly, a winner here last week.

Navy Chief, E. P. Taylor's bay colt, came along with 123.

Completing the field were Clifford Moore's Hawley, Abercrombie and Smith's Stranded; Reverie Knoll Farm's French Admiral; William Veneman's Black George; King Ranch's surprise starter, On The Mark; Mrs. Reid Luginbuhl and Mrs. A. M. Creech's Jimmy Cricket, and the lone outsider, C. E. Buckley's Big Ike.

Dallas Shakeup Hinted As Flock Takes To Road

By WILBUR MARTIN
Associated Press Staff

Northern teams of the Texas League today start an eleven-day road trip that may give a tip on the top teams of the Class AA circuit.

The road trip starts amid rumblings of a wholesale shakeup of the Dallas Eagles, Dick Burnett's fancy-priced entry now floundering in sixth place.

Some changes in the Eagles personnel were announced last night after they dropped to a half-game out of the cellar on a 5-4 loss to Tulsa.

In other games last night, Beaumont edged Shreveport, 9-8, on Emil Tellinger's 11th-inning home run; San Antonio best Houston, 3-1, and Oklahoma City blanked Fort Worth, 6-0.

Tollinger led off for Beaumont in the eleventh, took a 3-2 count off Harry Gruff; then smacked one 355 feet over the left field fence to win the game in fiction fashion.

Home runs helped San Antonio whip Houston. Charley Grant and Wes Hamner hit them. Jim Dickey of Houston hit a triple and scored when the throw-in tapped him on the head and rolled into the dugout. He never stopped running.

Al Aber blanked Fort Worth on six hits while his Oklahoma City mates got an even dozen.

Tulsa used four hits for three runs in the first inning and managed to stay on top ahead of Dallas.

Dallas returned outfielder Jim Keating to Seattle and reported Pitchers Floyd Spear and George Farnen would not make the road trip. Spear reportedly was sold to Little Rock, but General Manager Bobby Goff said the sale is "not definite." Another Dallas pitcher, Rube Fisher, had a conference with the club's bosses. Why, the bosses wouldn't say. But the Dallas News said more player changes would be told today.

The games tonight find Dallas at Houston, Fort Worth at San Antonio, Oklahoma City at Shreveport, and Tulsa at Beaumont.

Odessa Batters Swatters, 29-12

By The Associated Press
A good basic rule for baseball is hit and run. Odessa stuck to it last night, pounding out 24 hits for a 29-12 victory over Sweetwater in a wacky Longhorn League game at Odessa.

Leo Zamora, Sweetwater's starting pitcher, hit a home run, but couldn't do much else. Neither could his two successors as Leo Eastham hit two home runs and Bill Carley and Martin Diaz one each.

The victory put Odessa in third place, half game back of pace-setting Big Spring, 7-3 victory over San Angelo.

and with a virtual tie for the lead with an 8-6 win over Hallinger.

Nowell tumbled to fourth on a 7-3 loss to Vernon.

Calvert Counted On In Detroit

Ed Lopat Stops Bosox, 10-2

By JACK HAND
AP Sports Writer

Paul Calvert, a \$10,000 hand-made, looks like the relief help Red Rolfe needs to make Detroit a sure fire pennant threat.

Calvert's sale to Detroit by Washington last winter was an obscure waiver deal. But it was a key move in Manager Rolfe's 1950 plans.

Rolfe likes Calvert's low stinker. The manager's neat little book of past performances told a Calvert story that belied his 6-17 record and his 14 straight defeats in 1949.

Red knew he had the starting pitchers to match anything in the league. Virgil Trucks, Art Houtteman, Ted Gray, Freddie Hutchinson and Hal Newhouser, until he came up with a sore arm. But then what?

"That's my problem," said Rolfe during spring training days at Lakeland, Fla. "If I can come up with a dependable relief man I'll be in pretty good shape. I hope Calvert will do it."

Calvert, a 31-year-old veteran with a history of arm trouble, may not be the ideal fireman, but he is determined. A few years back he bought his release from Toronto for \$1,500 so that he could pitch winter ball in Havana. Last spring, a free agent, he sold himself to Clark Griffith.

Griff and Calvert had a difference of opinion about salary. After the season Paul wrote the Washington owner. "Trade me or else" he said in effect. Griff was glad to oblige.

Calvert came along slowly in the spring exhibitions. By opening day he was ready. Rolfe used him three times in the first seven games as the Tigers surged to the league lead in a sport start.

Against the St. Louis Browns yesterday, Calvert pitched a 2-0 shutout unless innings to earn a \$-6 decision in the tenth. It was the first game he'd won since last June 3 when he beat the same club with a nine-inning effort.

The Tigers, surging to their sixth win in seven starts, won in the tenth on a walk to Johnny Lipon and singles by George Kell and Pat Mullin.

For the second straight day, a New York Yankee pitcher went the route as Eddie Lopat stopped the Boston Red Sox with eight hits, 10-2. The Yanke unloaded an 11-hit barrage including homers by Hank Bauer and Yogi Berra.

Ted Williams returned to the Boston lineup after missing four games, but he didn't help. Hitless in four trips, Williams' batting average sagged 297 points from .371 to .164.

Sid Hudson, the Washington veteran who was reported "finished" in spring training, boosted the Senators into third place with a 5-3 victory over Philadelphia in a night game. Hudson went the route, limiting the A's to seven hits.

Brooklyn, home of the rhubarb, popped up with a new one in last night's 5-4 Dodger win over the Phillies in 10 innings. Manager Eddie Sawyer finished the game under protest because of a dispute over a ground rules double by Roy Campanella.

With one out and Duke Snider on first in the tenth, Campanella drove a fly to left. Umpire Babe Pinelli ruled a ground rules double when a fan touched the ball. The Phils claimed the spectator pre-

Mustangs Oppose Mustangs Friday

The Big Spring high school Steers will seek their fourth baseball victory of the season here Friday afternoon when they take the field against the Sweetwater Mustangs at Steer park. Game time is 5:30 o'clock.

Conn Isaacs' gang edged the Ponies, 3-1 in an exciting struggle at Sweetwater last week. The local rince have lost 10 games to San Angelo and Abilene, reversals that have virtually eliminated them from District 5AA title contention.

The Ponies, too, are in a bad way: far as the championship race goes. They've lost not only to

Big Spring but to Abilene, as well. Floyd Martin, who has been suffering from sinus trouble, will probably be on the pitching rubber for Big Spring.

The Big Springers will take the field with a patched-up lineup but should be able to give the Cayuses quite a tussle.

Stanton Clinics Union, 20-9

UNION, April 27.—The Stanton Buffaloes notched their fifth consecutive district win here today, defeating the Union baseball team, 20-9.

Earl Kountr started in the hitting department for the Buffs, blasting two triples and three doubles in five trips to bat. Kenneth Henson and Richard Rickel shared the pitching load. Henson twirling for four innings and Rickel going to the mound for the last five frames. Jerald Kounts was behind the plate.

The Buffs are undefeated in district baseball play this season. They are to play the Flower Grove Dragons Friday of this week. Tuesday the Stantonians play Dawson on the Buffalo diamond and meet Klondike on the Stanton field Friday.

'Fun Night' Is Slated Friday

There'll be plenty of entertainment besides baseball at Steer park Friday night.

Al Aton, president of the Big Spring Broncs, announced last night that the final game of the San Angelo series would be designated as "Fun Night," during which time the spectators will get a chance to take part in a series of games and gags planned by the management.

There'll be such things as rabbit chases (the hares will have dollar bills tied to their ears), throwing contests, and guessing games. A grand prize will be in the offing at the end of the program.

That part of the show gets underway at 7:45 o'clock. The game itself will begin at 8:15.

The teams play the second of their three-game set tonight, with the Colts trying to play 'catch-up.' Big Spring won the opener last night.

Lefty Fred Valdez or Bert Bazz may toss the rubber for the Broncs this evening. Tom Tiernan will probably climb the knoll for the Colts.

After Friday's game, the Steeds hit the road for a couple of days, moving to Vernon.

Mustangs Upset Angelo, 5 to 4

SAN ANGELO, April 27.—Sweetwater's Mustangs threw a monkey wrench into the San Angelo high school baseball machinery, defeating the Bobcats, 5-4, here Wednesday afternoon.

The defeat of the Felines left the Abilene Eagles the only unbeaten nine in District 5AA play. SWEETWATER 202 000 1-5 7 4 SAN ANGELO ... 003 001 6-4 7 6 Woodward and Claybrook; Schleyer, Clatterback and Hartman.

The players from other states will start arriving today. Frank Stranahan, the Toledo man who is defending champion, is due Saturday.

Four, and possibly, five Walker Cuppers will play in the tournament. They are Bruce McCormick of Los Angeles; Bill Campbell of Huntington, W. Va., recent winner of the North and South tournament; Jim McFalls of Philadelphia, and Stranahan.

There will be 174 in the tournament with 36-hole qualifying Monday and Tuesday and match play for the 64 low scorers starting Wednesday and extending through Sunday, May 7.

Lamesa Grabs Lead Position

By The Associated Press
A two-run single by Danny Pinto last night gave Lamesa a 23-11 victory over Lubbock, its fifth straight victory, and first place in the West Texas-New Mexico League, standings.

The Lobos took over the top spot the hard way, coming from behind in the final inning.

Lefty Joe Borrego held Amarillo to four hits as Clovis kept half-game off the pace, winning 8-6. Borger shares second place with Clovis on its 14-3 victory over Albuquerque. The loss dropped the Lobos into a tie for sixth with Amarillo, half-game ahead of Pampa, which managed an 8-5 victory from Abilene last night.

Goldman Liked In Dallas Meet

DALLAS, April 27. (AP)—Golf's crack shots who play for fun are moving into Dallas for the forty-eighth Western Amateur with storm signals lining the rugged course on which this tough tournament will be run over a week's stretch.

Those warnings are being thrown out by Texana, David (Spec) Goldman in particular. The ageless veteran is the sensation of the tune-up rounds. He shot 68 and 67 on consecutive days. His 67—five under par—yesterday tied the record for the Dallas Country Club's 6,400-yard course.

Then there is Dale Morey, also of Dallas, who has won the Mid-West Tournament and Shreveport Invitational. He shot a 70. And Jack Manger, who is almost as much a veteran as Goldman, laid down a 69 the day before.

The players from other states will start arriving today. Frank Stranahan, the Toledo man who is defending champion, is due Saturday.

Four, and possibly, five Walker Cuppers will play in the tournament. They are Bruce McCormick of Los Angeles; Bill Campbell of Huntington, W. Va., recent winner of the North and South tournament; Jim McFalls of Philadelphia, and Stranahan.

Permanent Stay In Sight For Maragon

WASHINGTON, April 27. — John Maragon, who used to be seen around the White House, is temporarily in jail. And he appears headed for a more permanent stay.

Maragon was convicted yesterday on two charges of lying to Senate investigators and cleared on a third.

Unless Federal Judge Jennings Bailey agrees to his lawyer's plea for a new trial, Maragon may be sentenced a week from tomorrow. Until then, he is in the district of Columbia jail. Bailey declined to release him on bail.

Maragon could get as little as eight months to two years or as long as 40 months to 10 years on each of the two counts on which he was found guilty. The maximum penalty seldom is imposed.

Born in Greece 57 years ago, Maragon came to this country as a boy, shined shoes in Kansas City, came to Washington some 20 years ago, and built up friendships that included Presidential Military Aide Harry Vaughan.

Vaughan once called him a lovable little fellow, but then said he ought to be fumigated. That was when Vaughan testified last summer to senators investigating five percenters — men who represent others in business affairs with the government for a fee that ordinarily is five per cent.

It was to the investigating committee that the government said Maragon lied. And it nailed him on two of its charges.

It said he had bank accounts both here and in San Antonio in 1945-46 but denied the Texas account. It said that in the same year he worked at the same time for the State Department and a Chicago

importing company but denied the jobs overlapped.

The government also said Maragon lied when he told the senators he had no business with the government and received no money for that from 1945 until last July he negotiated.

President Sends Radio-Phonograph To Siam Rulers

BANGKOK, Thailand, April 27. — Siam's king and his bride-to-be got a set of dishes and a radio phonograph from Britain's King George and President Truman today.

King Phumiphon and Princess Sirikit will be married Friday morning at a private ceremony.

Mr. Truman sent the radio-phonograph, which has the latest electronic features. The king is a gift of musician and a mutual love of music helped bring him and the princess together.

U. S. Ambassador Edwin F. Stanton made the presentation at an audience with the king.

Five-Year-Old Saves His Younger Brother

FORT WORTH, April 27. — Five-year-old David Moore dragged his two and a half-year-old brother, Sammy, from a neighbor's fish pond last night, just in time to save his life.

Sammy was reaching for a celluloid rabbit which had fallen in the pool. "I just saw Sammy's leg and grabbed for him," David said modestly.

Three Texans In Jail For Cattle Theft

WICHITA FALLS, April 27. — Three Texans were in jail today on charges of cattle theft in three Texas counties. They have been indicted in one of the counties.

Two of the men are held in Durant, Okla., where they also are charged with attempted cattle theft in Bryan County, Okla. They are Norman Davenport, 23, and his brother, Chester, 28, both of Wichita Falls.

The third man is Alford Pierson, 25, of Tuscola, Tex., who is held in jail here.

The three were indicted in Clay yesterday and in Archer County Monday and yesterday.

A fourth man was charged also with cattle theft in Archer County yesterday. He is Herman Ashlock, 27, of Wichita Falls, who is free on a \$2,000 bond in connection with a robbery with firearms charge.

Hearing On Katy Application Opens At De Leon Today

DE LEON, April 27. — A three-day hearing on the Katy Railroad's application to discontinue two trains on its Texas central division opens here today.

The railroad wants to halt passenger trains 33 and 36 from Waco to Stamford via De Leon.

Some sixty witnesses from towns along the line are due to testify against the application. The towns include Waco, Whitney, Fredell, Hico, Dublin, De Leon, Gorman, Carbon, Albany, Leuders and Stamford.

Cannonball Act Is Added To Craig Show

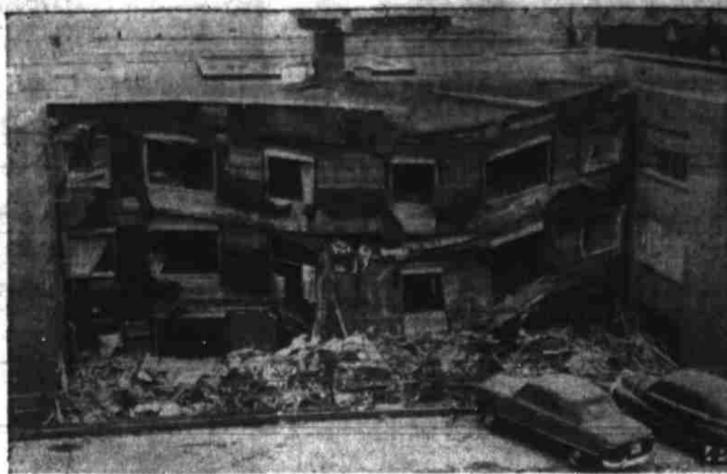

A human cannonball act is being included as a free public attraction by the Harry Craig shows here next week.

Making a week's stand here for the eighth season, Harry Craig has announced that the "Great Wilno, the Human Cannon Ball," will be plummeted 250 feet over ferris wheels and into a small net on the other side of the carnival grounds each night. A special kiddies matinee is set for Saturday, May 6, the final day of the current schedule.

Texmass Loan Denounced By Senate Group

WASHINGTON, April 27. — A Reconstruction Finance Corporation loan to the Texmass Petroleum Company has been denounced by a Senate banking subcommittee.

The group headed by Sen. Fulbright of Arkansas charged last night the loan is "not in the interest of the general public," but on the contrary is primarily a "ball out" of existing creditors.

An investigation of RFC policies is being conducted by the subcommittee.

RFC officials have defended the approval of the loan to the Dallas company. They have indicated they "Eighty-one per cent of the loan

The senators report said: "Eighty-one per cent of the loan funds would go to insurance companies, banks, other creditors and individual investors, minimizing their risk of loss in a highly speculative venture."

The subcommittee said the loan could not be paid back within 10 years, the maximum for an RFC loan.

The loan, totalling \$13,100,000, was approved Sept. 29.

Doesn't Want Title To Oil Boom Town

CLAIREMONT, April 27. — Robert Strayhorn says it is all a big mistake. He does not want title to all of this booming oil town.

Monday a deed filed here apparently would give Strayhorn, a Rotan rancher, "all right, title and interests to all of the townsite of Clairemont."

Strayhorn said that the deed should have read: "All of the townsite lots of Clairemont owned by the Rhomberg heirs."

He said he made a deal with "Rhomberg relatives for the property on which they held claims in Clairemont."

Davis Auto Head Is Charged With \$60,000 Theft

LOS ANGELES, April 27. — Gary Davis, who created quite a stir in the automotive world two years ago when he exhibited his new three-wheel Davis automobile, has been charged with grand theft of \$60,000.

The district attorney's office issued a complaint charging 28 counts of grand theft against the 45-year-old manufacturer who is president of the Davis Car Co.

Deputy Dist. Atty. Mark Brandler said the complaint was issued after a five-month investigation of the finances of Davis' company.

Brandler said Davis collected \$1,200,000 from the sales of dealer franchisees all over the nation between August, 1947, and January, 1949. The district attorney's deputy said Davis' company only produced a few handmade models of the unconventional three-wheeler and that no assembly line operation was ever started.

Beluve Addition Clears Hurdle, Gets Zone Permit

Final hurdle was cleared Wednesday for the construction of an 80-unit rental housing project in the Beluve addition.

The Zoning Board of Adjustment voted to permit the Big Spring Rental Housing company to deviate from the zoning code in locating 40 duplexes in the Beluve area.

The board's decision permits construction of the buildings at distances varying from 15 to 46 feet back of the curb, rather than at the 35-foot minimum prescribed for class B areas.

The Rental Housing concern had requested permission to "stagger" the duplexes so that entrances to different apartments would not face each other.

Construction on the 80-unit project is expected to start immediately.
