NEW! For clean Sorghum... spray weeds when you see them! with BANVEL

Velsicol announces Banvel herbicide for control of all hard-to-kill weeds of major importance in grain sorghum. This includes carelessweed (pigweed), sunflower, lambsquarter, purslane, morning glory and other annual broadleaf weeds. Banvel herbicide is applied post-emergence, so there are no wasted sprays in years when rain is scarce and weeds are not a problem. With Banvel you see your weed problem and then sprayall in plenty of time to give young sorghum plants plenty of opportunity to grow.

Banvel is sprayed onto weed leaves and translocates to the roots...for new, total control of weeds. Just apply Banvel between the 10th and 25th day after emergence of grain sorghum (approximately 4 to 12 inches ta!!).

Banvel is not dependent on soil moisture for its effectiveness, so its results are dependable. And it's a liquid that won't clog your sprayers; nor does Banvel need constant agitation.

Banvel increases yields, It's excellent for use on grain sorghum, wheat, barley, oats and field corn. Order Banvel herbicide to get full potential from your valuable, high-yielding sorghum seed.

See your dealer today. You'll be glad you did!

THE GROWING WORLD OF

WHAT'S YOUR 'EXCUSE',

You remember the girl who was beaten and robbed recent_ ly? She told you her assailant promised to return for more money. Yet you left and went home, leaving an 83 year-old man to protect the girl.

And who was it that said "kill him if he comes back,"? Indeed, a Latin American did did come back, . and he was killed. This whole tragedy was unnecessary! A death could have been avoided if you'd given responsible, offic_ ial protection.

You stated on the radio you've driven many a mile performing "faithful service". But, you failed to mention that "business" in Ruidoso takes more of your time than your responsibilities to the Sheriff's office ... Naturally, you've driven a lot of miles!

The following firms and residences in the Ropesville area have been burglarized and to this date nothing has been done about them: Farm Center Gin, Mr. Flower's Fertilizer Plant, Crate Snider's home, Bud Rucker home, B. J. Keesee home, and N. D. Flowers home.

If this is "mud slinging" ask your neighbors.

I have given you people the facts from the beginning. If this is not so why hasn't the Sheriff denied it in the three months of campaigning.

The conditions outlined above are prevalent all over Hock_ ley County. The people of our County are entitled to better law enforcement.

ED HOFACKET Candidate For Sheriff Of Hockley County

Paid Political Advertisement

TO THE VOTERS OF PRECINCT NO. 1 HOCKLEY COUNTY

I am trying to see each voter in this precinct personally. If I fail to see you please accept this as a personal solicit of your vote on May 4th.
