2 Other Crop Control Laws

Termination Of 'Production Adjustment' Is Cited As Reason

WASHINGTON, Feb. President Roosevelt proposed to congress today 'prompt repeal" of the Bankhead compulsory cotton control act, the Kerr-Smith tobacco act and the potato act of last year because of "termination of the program of agricultural production adjustment" to which "the three acts mentioned were auxiliary."
Move A Surprise

The message came as a surpris-o Capitol Hill, where the house ag icultural committee earlier in the ay had approved a combined tem porary and permanent substitute dan for the invalidated AAA.

The measure was broadened b yond the Bankhead bill pending the senate to provide for expan sion of foreign and domestic man kets; and also the provision wa written in that funds can be used Progress Made or bovine tuberculosis eradicat and for control of Bang's disease

conservation, soil rebuilding and promoting economic uses of land. The market expansion feature was incorporated into the permanent program.

Bankhead Bill Ready Meanwhile, republicans in the ensie planned a drive to return ublic hearings, but democrats as-erted the move would fail. Bankhead had hoped to call up

loans. The senator, who offered the Approximately six miles of the measure after its general terms had first caliche course had been agreed upon at a White placed on No. 9 north and about House conference, predicted its half of the nine mile stretch on No. passage by the senate this week 9 south has been laid. Under a law just enacted in Kentucky the governor may will be exhausted by m'd-summer, cell upon the state court of appeals, its highest court, for in which case undoubtedly there acrossory opinions on pending legislation. If there is doubt will be a slump. This would be as to the constitutionality of a bill before the legislature, the dirastrous to the president. regree can ask the court to decide the question for him.

But now, the bonus comes along to save the day. Two and a half bullon dollars is a let of money to

The experience of other states with such a system, one turn loose on the American public of the nation's larger papers has pointed out, does not en-all at one time. It is bound to courage hopes of the workability of the Kentucky law. Mis. have a tramendous effect upon souri, Vermont, New York, Ohio, Connecticut, North Carolina and Nebraska, it seems have tried the same general just before elections. plan at one time or another and each of them found it unsatisfactory. The courts themselves have frowned darkly on the plan, and in some instances have flatly refused to give the opinions requested, their reason being that the judicial and legislative branches of government are theoretically distinct and that one should not trespass upon the field of stance.

A resolution now pending in congress would amend the of the White House, but because constitution to apply the same rule to federal legislation. It would authorize the supreme court, when requested by the court's blistering AAA opinion at president, to pass upon the constitutionality of a law within at the left of Mrs. Roosevelt last six months after its passage. Usually, several years clapse week. between the enactment of a law and the final decision as to It was at the regular. White its validity.

Perhaps the solution, so far as federal legislation is concerned, is in changing the constitution so as to make its tices of the supreme court. But on meaning more clear. The line between constitutionality and unconstitutionality can be drawn distinctly enough in many matters. But the "due process" clause and the section relating to legislation "for the general welfare" are vague and subject to as many different interpretations as there are sixtle or giving up his place at subject to as many different interpretations as there are sisted on giving up his place at shades of political thought among the justices of the court.
"Due process of law" means whatever a majority of the court wants if to mean. The clarification of this and other instead. court wants it to mean. The clarification of this and other obscure passages of the constitution would cure many of left to be filled by Justice Owen J. the objections to the cristing system.

★ Man About Manhattan ★ the supreme bench. The dinner dragged interminably, 25. Or But both he and Mrs. Roosevelt 27. Se By George Tucker

NEW YORK—The man who probably owned the most photographic memory in New York died the other day. It is said he could walk the length of Fifth avenue and fit a name to every face he saw. This was Frank Leslie Baker, dean of metropolitan society editors and for 50 years an authority on the social standings of New Yorkers.

New York fit the long bonus battle; 30 small eask; hands so with the long bonus battle; 30 small eask; hands shalles is over. General Frank T. Hines, and can author of the veterans administration, has a plan to head off the inevitable agitation for pencions.

Such a drive has been secretly in the making, despite emphatic denials by veteran leaders. Hines thority on the social standings of New Yorkers.

Baker also had the reputation of passing upon the quali-before it gets a head start. fications of those who sought social preferment—that is, inclusion in the Social Register, but he never actually was what he considers a root cause of connected with that once much discussed separator of social ment. It is his view that if the sheep from the goats.

An inveterate first-nighter, he used to attend most of sured of work there will develop the social gatherings of a semi-public nature, such as the no serious clamor for pensions.

Horse show, the Charity hall and the cross Almare frinding employment, however Horse show, the Charity ball, and the opera. Always im- presents difficulties. To begin maculately dressed, Baker would saunter into the Metropoli- with, many large corporations have tan in top hat and Newmarket, casually inspect the faces in an age-limit on new workers. Since Mrs. Astor's box, or that of any of a dozen great ladies of the average age of World war vethis generation, and return to his desk so that readers of the old Herald would know next morning who had attended the erates with particular hardship old Herald would know next morning who had attended the against them. evening before.

In earlier years, Baker was a gourmet partial to sumptuous fare and was invited to many fine feasts. Indeed, the could be persuaded to make except late John Bowman, proprietor of the Biltmore hotel for tions for veterane and relax the years who gave a magnificent Horse show breakfast every age-limit rule. It is his contention year, never believed he had given a good ground unless he that such a policy would be the year, never believed he had given a good spread unless he bust possible insurance against fursaw Baker eating with enjoyment and afterward was told ther taxation for pension by him that the menu was excellent.

Having literally grown up with metropolitan journalism, proval in administration Baker saw service on most of the great dailies before going obstacle. He proposed that the great authority on New York registry. All of the proposed that the great authority on New York registry. great authority on New York society. Albert Stevens be conducted by the U. S. employ Crockett, who knew him for years, says it was upon the ment service, which is in day-torecommendation of the late Paran Stevens, father of the day contact both with jobless vet-late Lady Paget, that James Gordon Reports towards him late Lady Paget, that James Gordon Bennett tempted him But Secretary Perkins, who has drone on. from the old Tribune.
