

School Budget Approved, Intergration Started

The Slaton Slatonite

VOLUME 54, NO. 45

THURSDAY, AUGUST 20, 1964

PRICE 10c

Board Okays Budget Of \$665,609

A Slaton School budget of \$665,609 for the 1964-65 term was approved by trustees during a public hearing Monday night at the business office.

The board also postponed action on a request to add baseball to the high school sports program, and approved the employment of 17 new teachers.

The new budget represents an increase in general operation expenditures of about \$20,000 over the last school year. Dr. Lee Vardy, superintendent, said a required increase in teachers accounted for the major hike.

The tax rate will remain at the same \$1.45 per \$100 valuation. The district's assessed valuation is estimated at \$11,750,000—up approximately \$75,000.

Total revenues are estimated at \$665,609 with some \$198,500 to be raised from local sources. A breakdown shows 29.7 percent of income from local sources, 70.2 percent from state and 1 of a percent from county.

No taxpayers appeared to ask questions concerning the budget. Acting as spokesman for the baseball group were Harry Brown and Wayne Baker. Brown pointed to the outstanding summer baseball program in the city and said addition of the program in high school would "fill a gap."

Brown said some boys who had a desire to play baseball should be given the opportunity. Some do not play football or basketball while others who might also like to participate in the sport, Brown added.

He pointed out that the Legion team has offered the use of its uniforms, and Babe Ruth Park has been offered for the high schoolers to use. Baker said plans were also in the mill for a new Legion field. "Travel expense would be the main financial consideration for the school," he stated.

Trustees were interested in how many district schools or neighboring school about the size of Slaton would field baseball teams.

After discussing the matter, the board indicated favor with the presentation. Dr. Don Hatchett, board president, suggested the trustees study the matter and present it for consideration at the district meeting in several weeks. A decision will apparently be made after that meeting. Ten persons appeared before the board to present the baseball question.

New teachers approved at the board session were Mrs. Fay Leonard, 2nd grade, Judy McHaffey, 4th; Mrs. Karen C. Mitchell, 4th; Mrs. Wesley Garrett, 5th; Mrs. David Hughes, 2nd; Mrs. Velma McGinley, 5th; Linda Green, art; Ronald Neumann, music; Curtis Bosse, science; Jerry D. Lambers, music; Mrs. Linda Gist, girls' physical education; W. M. Jamison, social studies; Richard Patterson, science; Tommy Lacey, coach; Neal Chastain, coach; Mrs. Glen Baker, homemaker; Susan Antrobus, speech therapy.

Hatchett presided over the board meeting. Trustees present were Joe E. Miles, W. A. Heinrich, J. W. Martindale and Max Arrants. J. T. Kondrick and R. E. Ayers were absent.

The pool, under management of the Slaton Chamber of Commerce, is open each day from 2 to 6 p.m. Macon invites swimming enthusiasts to take advantage of the few remaining days for taking a dip.

Negro Students In Top 2 Grades

Trustees of the Slaton Independent School District moved Monday night to initiate integration of public schools, voting to accept Negro students in the 11th and 12th grades the coming school year.

The motion, as approved by a 3-1 vote, also calls for adding Negro students to the 10th grade in the 1965-66 school year and to the 9th grade in 1966-67. The "no" vote was cast by J. W. Martindale, who favored starting with all four top grades.

Dr. Don Hatchett, board president, indicated the trustees took into consideration the available space to service students, a method which would make the transition as smooth as possible with the knowledge that a decision must be made to comply with integration rulings.

At the same time, the board adopted a new zoning and transfer policy—one which Dr. Lee Vardy, superintendent, said had been studied for about two years.

Children living in each of the zones outlined will be entitled to attend that school only. Zone outlines are based on facilities and buildings available to care for pupils involved. Past experiences show that all buildings have been near capacity and no extra space is anticipated.

Transfers will be allowed, based on each of the conditions: (1) Parent request; (2) School attendance in prior year—no transfers will be considered at the present time unless the child attended another school other than the school in which the child is zoned; (3) Availability of building facilities, space and rooms; (4) Unusual situations.

Four Negro citizens appeared at the Monday night board meeting to express their views on the integration matter. They were H. V. Rainwater, drug store operator; Johnny Johnson, employed with a Lubbock machine company; Mrs. Rainwater and Mrs. Dora Mitchell.

Rainwater told trustees the group desired the transfer of Negro students into junior high and high school, saying it would be "a great asset for our children and our community." He also claimed that when "some of our children seek employment, they are told their education is inferior."

Johnson told the board that "what we really want is full integration, but we mainly want the Evans school to meet the specifications of schools upward."

Dr. Hatchett told the group that the board "appreciated their attitudes and feeling" and that the matter had been under consideration for some time. He indicated the board would notify them of its decision as soon as possible.

Dr. Vardy said the inclusion of Negro students in the 11th and 12th grades would probably involve about 10 additional pupils. Following are the outlines of school zones:

East Ward School—Grades 1 to 5 inclusive: Starting at the south city limits on seventh street, thence north to Knox street, thence east to Fifth street, thence north to Division street, thence east to the west side of the lake area on Division street, thence angling southeast along the lake area to Willis street and Dayton street, thence south to the city limits at the alley between First and Second street, thence west on south city limits to Seventh street, the place of beginning.

West Ward School—Grades 1 to 5 inclusive: Starting at the south city limits on Seventh street, thence north to Knox street, thence east to Fifth street, thence north to Division street, thence east to the west side of the lake area on Division street at the alley between Seventh and Third streets, thence slightly west of north to Scurry street, thence east to east city limits, thence north west along city limits and follows the city limits, west, south and east to Seventh street, the place of beginning. This zone will also include all area outside the City of Slaton.

Evans School—Grades 1 to 12 inclusive: Starting at the east city limits on Scurry street, thence west on Scurry street, thence south along the alley between Second and Third streets to the west side of the lake area on Division street, thence angling southeast along side of the lake area to Willis and Dayton street, thence south to the south city limits between First and Second streets, thence east along south city limits, thence northeast and north along east city limits to (Continued On Page 3)

Evans School—Grades 1 to 12 inclusive: Starting at the east city limits on Scurry street, thence west on Scurry street, thence south along the alley between Second and Third streets to the west side of the lake area on Division street, thence angling southeast along side of the lake area to Willis and Dayton street, thence south to the south city limits between First and Second streets, thence east along south city limits, thence northeast and north along east city limits to (Continued On Page 3)

Evans School—Grades 1 to 12 inclusive: Starting at the east city limits on Scurry street, thence west on Scurry street, thence south along the alley between Second and Third streets to the west side of the lake area on Division street, thence angling southeast along side of the lake area to Willis and Dayton street, thence south to the south city limits between First and Second streets, thence east along south city limits, thence northeast and north along east city limits to (Continued On Page 3)

AT LIONS MEETING

New City Golf Course Plans Are Outlined

Doug Galassini, Slaton Chamber of Commerce president, outlined plans of a municipal golf course during a regular weekly luncheon meeting of the Lions Club Tuesday.

Slaton City Commission approved a revised contract with the Golf Course Association on Aug. 12, after preliminary approval was granted in a regular commission session Aug. 10.

The golf course, underwritten by 27 local men, is to cover 80 acres in a 219-acre tract owned by the city at the water disposal plant area. Estimated cost is \$12,500 with an automatic watering system accounting for about half of the total.

The loan to the local stockholders will be amortized over a 20-year period, and the course will revert to the city when it is paid out. The city stipulated that it should have a 5-year look-in clause, that city liability will be protected, all revenues from excess water received by the golf association will be applied on the debt, and that the city reserved the right to take 60 feet off the

east side for future sewer improvements if necessary. Water for the use of the course will revert to the golf association Sept. 1. Galassini said plans call for the course to be ready for use next spring. "It will be a sporty and tricky course," he added.

Besides launching the golf course campaign with a \$5,000 contribution, the chamber of commerce pledged \$1,500 annually to help operate the municipal links. "It will be a great asset for the city, adding a popular recreational facility," Galassini pointed out.

Dr. Don Hatchett is temporary chairman of the golf group. The association will elect a board of directors to administer policies, such as setting the amount of green fees.

Galassini also touched briefly on long-range plans for improving the city-county park. He showed a proposed drawing of the future design and facilities as proposed by a member of the Lubbock Park and Recreation Board. Ed Williams was program chairman.

TIGER COACHING STAFF — Neal Chastain, kneeling, Slaton High School's new football coach, is shown with three members of his staff following a workout this week. Left to right, standing, are R. G. Copeland, Tommy Lacey and Joe Sparkman. Don Macon, first assistant, was not available for the photo.

Water Cut-Off Date Vital In Production Of Cotton

Stick to the recommended water cut-off date for your area and come out dollars ahead in the long run. This is what research at the South Plains Research and Extension Center shows.

Based on research findings by Shelby Newman, Agronomist at the Center, application of irrigation water late in the season has several bad effects. One of these is lowering of quality—that results in a decrease in net returns per acre. Though total yield per acre may be increased in some years with late irrigation, the re-

sultant lowering of cotton quality usually means decreased net returns, plus added costs of late irrigation. Late watering also encourages rank cotton growth—which delays maturity and decreases the efficiency of one-cover stripper harvesting.

The Lubbock County Agent says results of many years research at the Center shows cotton grown in the Lubbock, Plainview, and Brownfield area have different responses to late irrigation.

In the Plainview area, tests show August 20 as the most optimum cut-off date. For the Lubbock area, August 25 has been shown the best water cut-off date. In the Brownfield area, no adverse effects have been shown when the water cut-off date is as late as August 28.

The County Agent points out that late irrigation in combination with excessive nitrogen tends to aggravate the excessive growth problem. This is all the more reason for strict attention to a cut-off date for your farming area. Irrigating late in the season will also contribute to increased boll set. These bills, in (Continued On Page 7)

Hay Fever Time

Those who have their annual trouble with the sniffling and sneezing in the late summer and fall can get ready for a bumper hay fever season. The annual peak of the ragweed season is approaching.

The height of the season comes at slightly varying times in different parts of the country. In the more northern sections, the peak of the pollen season comes between August 15th and September 15th and in more southern areas the peak is experienced slightly later in the year.

Hay fever is not a disturbance to be sneezed at, and it is estimated that several people out of each hundred in the United States suffer from its effects each year.

Perhaps the best remedy for most people today consists of injections of an extract from the ragweed plants. Allergy tests, and such injections, can help a large percentage of sufferers.

Sports For You

One of the greatest unrecognized killers in our time is lack of exercise and sports, which so many couples are guilty of after they begin married life and find themselves in the hardworking, early years of marriage.

This constant lack of proper, regular, exercise tell heavily on the man's heart. The woman is luckier than the man for she must do household chores which require physical exertion.

The American male more often dies of heart attack than the men of any other country in the world. This is because American men work harder and faster, also because so many of them do not get regular and proper exercise.

The experts advise males to devote some time every day or so to exercise. The important things to remember is that one cannot begin regular and strenuous exercise at middle or advanced age without working up to it. It is better to continue exercising all through life.

Sureness Can Cure Ills

Speaking before a church conference in Glorieta, N. M., not long ago, a Baptist minister from Tennessee called attention to a characteristic of this age which may help to explain some of the restlessness now so widely prevalent.

"The world is very unsure today," said Dr. H. Franklin Paschall, pastor of the First Baptist Church of Nashville, Tenn., in addressing the meeting. "There are many people in the world who do not seem to be sure of the Bible or of Jesus and His Gospel. They wonder if it is adequate and relevant to our time. There is an increasing number in our churches who do not seem to be sure of anything."

"Throughout the centuries," he continued, "man has searched for something which is sure. We are scanning the skies, searching for a sure star. Philosophy has failed us and science also has failed. It has given us means without ends. The Bible is our sure rule of authority. All else may be relative or false, but the Word of God is true."

A message as positive as this one is encouraging in a time of doubt and skepticism. And Doctor Paschall has put his finger on the true problem of this age. It is this: Men are seeking sureness in an unsure world. Failing to find it—or, at least, failing to accept the assurance offered by religious faith—they have become bitter and confused. This confusion is reflected in the attitudes which prevail today, which have made our tormented period one of unrestrained violence and disrespect for law and decency.

Faith has been the anchor of men's souls through the ages, and when faith declines human society becomes like a ship adrift upon an uncharted sea. That is the condition of today's world. We have broken loose from our old moorings and are headed into a future which may hold either hope, or disaster, for mankind. And at the present moment, it seems as likely to be the one or the other. Rarely has the human race been as uncertain of its destiny as it is in this day of supposed enlightenment.

Thoughtful persons frequently which seems to be a disturbing mark of this period. We have all but forsaken the doctrine of automatic progress which was in vogue a half century or so ago. During much of the Nineteenth Century and for a period in the first part of the Twentieth, Western man has placed his faith in science, thus believing humanity is due to move forward in a march of uninterrupted progress, with life and conditions growing

better each day. But few believe that today. Two World Wars and a great Depression have shattered the illusion of automatic progress. The Cold War, which hangs like a shadow over the minds of men, has further deepened the gloom. Despite widespread affluence, a type of soul-sickness is spreading over the Western world for which men are seeking in vain for a cure. Too much, we have put our faith in materialism and it has failed us. Yet we stubbornly refuse to go back to the simple faith which provided hope and comfort for our forefathers.

There is accumulating evidence that the world's problem today basically is spiritual rather than economic or political. Yet we persistently seek a solution in economic nostrums, or the promises of politicians.

Man's hope lies in his ability to recapture the certainty which was felt by the great religious leaders of the past. Long ago, the Psalmist said:

"Lord, thou has been our dwelling place in all generations. Before the mountains were brought forth, and thou hadst formed the earth and the world, even from everlasting to everlasting, thou art God." (Psalms 90:1-2).

It is only by turning from things ephemeral and placing his trust in the eternal verities that man can find a sense of sureness in an unsure world.

(Lubbock Avalanche Journal)

Its Got To Be Stylish

It has got to be stylish in recent years for American citizens to sound off frequently and in terms of alarm about how we are "losing our freedoms." If you've never said it, or thought it, this doesn't apply to you . . . but if you have, name one!

Just which of the many freedoms guaranteed you by the Constitution of the United States have you lost lately . . . or been deprived of? Freedom of worship? or not to worship? Has anybody in the government tried to forbid you to pray in public . . . or tried to force you to pray in public? Well, speak up, man!

Because your freedom of speech sure hasn't been abridged. Has it? We hear a lot of conversation everyday about how lousy the government is . . . and we haven't noticed any of these plaintiffs peering nervously over their shoulders to see if some stern tooper is listening. Seems like if the government was going to restrict freedom of speech it would start with some of these critical characters.

How about your right to own property? Has anybody been interfering with that (besides, maybe, the fellow who owns the mortgage) or has anybody searched your home lately without a warrant (or ever with one) . . . or seized your bank account . . . or told you you can't own a car or buy a TV set or have a telephone?

Have you been denied the right to own a gun? The Constitution says you can keep and bear arms . . . but it doesn't say you have a right to conceal 'em or to use 'em in defiance of law . . . be-

cause it guarantees other people's rights and safety, too.

Has anybody held you in jail without bail, or kept you from getting a fair trial . . . before a jury and in open court, if you've been accused of a crime? If so, you've got a right to complain. Let's hear it.

Has anybody denied you the right to vote in public elections, to use public transportation, walk in public parks or play golf on public courses or swim in public pools, or to order a meal in a public restaurant. (If your skin is black, don't answer those questions.)

So just what freedoms have you lost? Freedom from taxes? Well, that one never was guaranteed by the Constitution in the first place. It wasn't even implied. What the Constitution set out to do, as expressed in its preamble, was "to establish justice, insure the domestic tranquility, provide for the common defense, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity . . ."

Seems to us it's succeeded pretty well in those aims. Sometimes we wonder about the "domestic tranquility," but the establishment of justice, the common defense, and even the general welfare are progressing pretty well.

And as some early critic once remarked, probably to General Washington, "The government guarantees us the freedom to pursue happiness but, confound it, sir, what assurance are we offered that we can catch it?" (Canadian Record)

Prayer For A Rainier Day

Back in 1935 when dust storms were rolling across the plains and it was really dry, William Allen White, the almost-legendary editor of the Kansas' famed Emporia Gazette, published a prayer for rain which has become a classic.

William Allen White was obviously a man who was on easy speaking terms with his God, and when he asked for rain, he did so in the most glowing and graphic language which his versatile pen could command. We pass his prayer on here for the benefit of some of you who might like to include Bill White's impassioned plea in your own prayers one of these days:

O Lord, in Thy mercy grant us rain and by that we don't mean a shower. We want to go out and watch the lightning rip across the southwestern sky in hot blue-furks as the fat clouds roll in on us. We want to hurry home to close the house with the first fat drops the size of marbles, on a suddenly rising wind, chasing us and plunking on the car hood. We want to scramble all over the house just as the first sheets descend, frantically slamming down the windows.

O Lord of Hosts, we want to look out of the windows and watch the regiments of close-packed raindrops march diagonally down. We want to hear the gurgle of the gutters under the eaves, and then the sputter of the down spout.

God of Israel, Isaac and Jacob, let it come down so hard that the streets and sidewalks seem covered with a six inch fog of splinter drops. Then let it just keep up for a while, then begin to taper off, and then turn right round and get a lot worse, swishing, ponding, splattering, pouting, drenching, the thunder coming—Crakity—BAM—and the lightning flashing so fast and furious you which peal of thunder. So that

Slaton Philosopher Explains, Not Very Satisfactorily, Where He Gets His Ideas

Editor's note: The Slaton Philosopher on his Johnson grass—farm discusses a personal matter this week. We guess that's what he's doing.

Dear editor: A man out here the other day stopped me, well he really didn't stop me, I was already sitting down resting under a shade tree, and got to talking and finally said he wanted to know how I get my ideas for these letters to the Slatonite.

"How do you do it?" he asked. "I mean, how do you know where to start and when to quit?"

Well, I'll tell you, it's simple, and I've always found it just as easy to stop as start. You come out of the house and look around and see all the physical labor there is to do on this Johnson grass farm and confronted by that any thinking man will start thinking.

Some people don't realize we're living in critical times, have been ever since I can remember, and what's a sagging gate compared to the situation in Viet Nam? How can a man patch his roof when the Turks and Greeks may start fighting again, not that they haven't been doing it since recorded history.

How can I be bothered about cutting weeds when at the moment

rain. And after a couple of hours kind of laper it down, O Lord, to a good steady rain—not a drizzle, but a businesslike one that keeps on until just about dawn and then spits a few drops occasionally during the morning from a gray sky.

Kansas is indeed the Promised Land, O Lord, and if it gets a break it will flow with milk and money. But we can't live much longer on promises. So in Thine own way and in Thine own time, make up Thy mind O Lord and we will bow before Thy judgment, and praise Thee everlasting name.

(Canadian Record)

John Tower Newsletter

Senator John G. Tower (R-Texas), noting that a meeting is planned, shortly between President Johnson and representatives of independent oil producers from 23 states, said today that he hopes the President will at that time announce limitations on oil imports as recommended in the 1964 Republican Platform.

Said Tower: "The Liaison Committee of Cooperating Oil and Gas Associations, which hopes to meet soon with the President, met with Senator Barry Goldwater July 1 and reviewed with him the serious plight of the domestic independent oil industry and all those connected with it or affected by its economic strength."

"The oil men have sought a reduction in the importation of crude oil, feeling that the influx of foreign oil has seriously damaged their industry. Instead, the Johnson Administration's Interior Department has announced an increase in imports for the last half of this year."

"Senator Goldwater expressed his concern over the industry's problems and offered assurances that the problems would receive his close attention."

"Subsequent to the Goldwater meeting, the 1964 Republican Platform was written and approved, including this provision:

"It has allowed the deterioration of the domestic mining and petroleum industries including displacement of domestic markets by foreign imports."

"We Republicans shall vigorously

business and looked up to find Hitler wasn't.

Working for yourself is a fine idea, but very few people achieve the goal. Most of them, the way it looks to me, spend at least half their time working for Ford and General Motors. They have 36 months to pay for a car, then 36 more to pay for the next one. The average life-time of the average man now is about 8 or 10 cars.

That may not explain where I get my ideas for these letters, or "The concern of the Republican even if I do, but I've out-lasted my sagging gate another week. It's just like the international situation. You don't solve international problems, you just out-last them."

Yarborough Newsletter

(This week's newsletter is a transcript of a radio interview between Senator Ralph Yarborough and Senator Thomas Dodd.)

I want to discuss for a few minutes S. 2928. That is the bill called the Psychotic Drug Control Act of 1964—or the Dangerous Drug Control Act. We have completed hearings on this bill by the Public Health Committee. I presided over these hearings as chairman of the committee.

With me in the studio to report on this bill to the people of Texas is the author of this Dangerous Drug Control Act, Senator Thomas Dodd of Connecticut, who has worked on the Judiciary and other committees on control of dangerous drugs. He has worked to help control crime and juvenile delinquency in many fields.

SENATOR DODD: Just what is your Dangerous Drug Control Act of 1964?

SENATOR DODD: First of all let me say this. This bill will require the manufacturers and producers and sellers, retail and wholesale, of these dangerous addictive drugs to keep a record of how many they produce, to whom they sell them and where they sell them.

Now this may seem strange to you. You say, "I assume this has been going on all the time." Well it hasn't been.

Under this bill Narcotics Bur-

There is no being, more urgent today than the so-called People's Bill. Since the Communist taken in 1948 great power police men Communist regime asserted itself so strong whole world has freedom and peace and changed.

Communist China center of hatred of States; a center for the three continents; and a center of Marxian in its dangerous form.

In the face of this, man must know the name, as mentioned (See J.G. Tower)

Yours faithfully, J. A.

our inspectors can go in and check the records. This I think will be a salutary thing. Up to now you know, these drugs have not been under this kind of control, and millions of them are sold to young people, to some adults, with the result that they're becoming addicts and on the threshold of addiction—many of them have proceeded from the threshold to real addiction—to heroin, to opium, to cocaine.

SENATOR YARBOROUGH: Does the use of these dangerous drugs—good balls, pep pills—often lead to the use then of narcotics if they're used for a long time?

SENATOR DODD: Ninety-nine out of 100 times it does.

SENATOR YARBOROUGH: I was astonished to learn that out of the nine billion of these dangerous pills sold in the United States a year, half of them, 4½ billion, were sold on the black market. Are there any controls now to stop this black market sale of 4½ billion?

SENATOR DODD: No, and that's why we are so interested in getting legislation of this kind

FOR YOUR SELECTIVE SERVICE IN SLATON

The SLATON OFFICE SUPPLY

...NTES IN ALASKA — Mr. Thomas N. Bickers of Slaton, shown admiring the famed Silver sternwheelers that once carried goods and passengers from Whitehorse to Dawson City, Yukon Territory. The Bickers expect to arrive home "sometime in late September" after touring Alaska and the Pacific states.

To this violence, the Red Chinese have added a new nationalism. They sense a great mission for their country, and they believe their teeming masses can be organized to accomplish their mission.

And the Red Chinese mission is to interject Communism as they see fit, and extend Communism across the face of the earth. Mao has started his initial policy for China in two ways. First, he says all former Chinese territory should be regained, and all Chinese anywhere in the world should be brought under the control of his regime. Simply stated, this long-term goal is, "First China, then the Chinese, then the World."

Since the United States stands between him and his goal, Mao must consider it necessary to somehow, somehow eliminate the American roadblock. His "Hate America" campaign is graphic evidence.

Perhaps several conclusions are possible.

First, Red China is a major threat to world peace.

Secondly, Red China has created despotism unmatched in history.

Thirdly, any accommodation or concession to China will be viewed by Mao as proof of his view that Chinese domination is inevitable. For every concession, he will press for another victory.

But whether or not the Red Chinese will battle Americans again in Viet Nam as they did in Korea, we cannot say today.

But we may be certain that more Americans — particularly our students — need to learn much more about the Orient, and specifically, much more about Red China, and the Red Chinese design on that part of the world.

I think it is essential that we pursue a course of victory in Southeast China.

School

think their judgment is good, but create in these dangerous drug cases this year. Chicago says there's a 60 percent increase this last year, Baltimore 52 per cent increase, and so it goes — New York 33 per cent. All across the this country it is growing. We've got to do something to stop it.

SENATOR YARBOROUGH: Senator Dodd, I congratulate you for authoring this bill, for pushing it hard. I think we ought to pass it this session.

W. G. NEWTON

Newton Named Co-Op Director

W. G. Newton, manager of South Plains Electric Cooperatives, Lubbock, was reelected Thursday as Texas representative on the National Rural Electric Cooperative Association board of directors.

Newton was chosen to serve a second term on the national co-op board at the 24th Annual Membership Meeting of Texas Electric Cooperatives in Austin on August 12-14.

A native of Idolau, Newton has been manager of South Plains Electric Co-op since its organization in 1939. He has held numerous positions of leadership in the rural electrification program in the state and nation.

South Plains EC serves 8,700 members in rural areas of five counties over 2,500 miles of line.

New Recruiting Officer Named

T/SGT. DAN E. SCOTT

The Lubbock Air Force Recruiting Office has announced that T/Sgt. Dan E. Scott has joined the staff there as an Air Force Recruiter. He is replacing S/Sgt. Joe E. Griffin, who is being reassigned to Alaska after four (4) years in the Lubbock office.

Sgt. Scott is a native of 17 years service and is from Rockdale, Texas. During his service career Sgt. Scott has served in England, Japan and Viet Nam.

Sgt. Scott urges all young men and women that are interested in the Air Force to contact him at one of the following places or to call him at Porter 2-3359 in Lubbock. He will be in Plainview every Monday from 10:00 to 4:00 at the Selective Service Board, in Littlefield the first and third Tuesday from 10:00 to 4:00 at the Veterans Service Office, in Floydada the second and fourth Tuesday from 10:00 to 4:00 at the Post Office or at 1006 13th Street in Lubbock.

Educational Assistance Available Through VA

On July 7, 1964, the War Orphans Educational Assistance Act was amended so as to provide benefits not only to sons and daughters of deceased veterans but also to sons and daughters of living veterans who have disabilities which are considered to be total and permanent in nature.

The veterans must have died or become disabled as a result of service in the Armed Forces during the Spanish - American War, World War I, or since September 16, 1940 and must have been discharged under conditions other than dishonorable.

Generally, a young person (man or woman) must be between 18 and 23 years of age to attend school under the program. In certain instances, it is possible to begin school under age 18 and continue after age 23. Marriage is not a bar to this benefit.

A young person eligible for schooling may not enroll while he is a member in the Armed Forces.

The benefits include counseling, training and financial support.

Each eligible young person is provided help by a professional counselor in deciding upon a suitable educational or vocational goal.

The eligible young person may receive up to 36 months of education. This program of education must be pointed toward a definite educational or vocational goal.

The VA will pay \$110 for every month spent in school if training full time. Rates for part-time study are lower.

To apply a person should file an application with the nearest VA office. Application blanks are available at any VA office.

If the young man or woman is under legal age, his living parent or guardian must apply for him. If he is of age, he can act for himself.

Upon approval of the application by the VA, the student is ready to begin school.

These are just the highlights

of the Educational Assistance Program. For further information, or for answers to your specific questions, see your VA office. Or write to the nearest VA Regional Office, which is located at Lubbock in the South Plains area.

Mr. and Mrs. Wayne Liles had as their guests last weekend Mr. and Mrs. Bill Summers and children, Julie and Vicki, from Fair Oaks, Calif.

center of all learning and the only right way — has given the Chinese a real sense of destiny. This sense of destiny fits well into the Communist design for conquest and was readily adopted and explicated by Mao Tse-tung.

Mao also has appropriated for his own uses a Chinese tradition of authoritarian rule. He is, in effect, a new emperor in a new dynasty. Just as ancient emperors interpreted Confucian learning, Mao today feels he is the embodiment of — and the only true interpretation of — Marxism and Leninism.

Yet another Chinese precept, which Americans must consider, is that the Red Chinese judge the outside world in terms of what happens in China. History influences the Red Chinese strongly. And that history shows them that China is the center of the universe, that it is the seat of all learning and knowledge, that its interpretation is the only true interpretation, and that authoritarian rule is quite acceptable.

The Red China which confronts the free world today is centered in a land which has not known peace since the Opium War of 1839. Violence has been the order of the day in China for a century.

Yarborough

(Continued From Page 2)

it is not and this is causing terrible collisions on the highway.

SENATOR DODD: Of course it is. Use of these drugs is causing not only collisions on the highway. These drugs make ordinarily quiet people aggressive, aggressive people supernaturally quiet. The result is we've got crimes of violence, terrible sex crimes, and we get problems that you just can't imagine. And it's growing you know, it's growing at a terrible rate.

Illinois people tell us that there's a hundred per cent in on the statute books. We've got to get it there. Unless we do, it's going to get worse and worse all the time.

SENATOR YARBOROUGH: Some of the other testimony that you brought shows that people use these pep pills while driving when they are fatigued. They

SENATOR DODD, I congratulate you for authoring this bill, for pushing it hard. I think we ought to pass it this session.

Shower Fetes Miss Shelby

Miss Shelby, bride-elect of James Kitten, was honored with a miscellaneous shower Sunday afternoon in the home of Mrs. Alex Bednarek.

Rainbow colors were used in the centerpiece of roses to carry out the bride's chosen colors. Sixty guests were present. Mrs. Lake Shelby of Chicago, Mrs. N. J. Kitten, mother of the prospective bridegroom, and Mrs. W. L. Moser and Mrs. J. J. Kitten, his grandmothers.

The hostess' gift was a mixer. Wedding vows will be exchanged during a nuptial mass in St. Joseph's Church on Aug. 27 at 11 a.m. with Msgr. Peter Mersch officiating.

New Arrivals

Mr. and Mrs. Wayne Parrish, 214 S. Slaton, Girl, Tom Louise, 6 lbs. and 19 1/2 oz.
 Mr. and Mrs. Marnel L. Hermon, P. O. Box 242, Slaton, Boy, Miguel, 7 lbs. and 9 oz.
 Mr. and Mrs. Francisco Picon, 234 E. Main, Lubbock, Boy, Steve, 4 lbs. and 14 1/2 oz.

Mr. and Mrs. Denise E. Garcia, Del. Wilson, Girl, Mary Angel, 6 lbs. and 19 1/2 oz.

Mr. and Mrs. Blanton Dorell Payne, 255 North 20th, Slaton, Girl, Carla Jo, 7 lbs. and 11 1/2 oz.

Mr. and Mrs. Pedro Rocha, Box 301, Slaton, Girl, Martina Marie, 6 lbs. and 19 1/2 oz.

Mr. and Mrs. Arturo Garcia, Box 678, Slaton, Boy, Not named, 7 lbs. and 25 oz.

Mr. and Mrs. Daniel Prieto, Route 1, Wilson, Girl, Not named, 6 lbs. and 15 oz.

HOWANS IN TOWN
 Mrs. Richard Sall and four children of Logan, Iowa, visited last week in the home of Mr. and Mrs. Willie Decker. Mrs. Sall and Mrs. Decker are sisters.

The group spent several days fishing at Pecos River Kingdom, below Mrs. Sall and her children, left for Kansas City, Kansas, to visit with other relatives.

The Hubert Trimpas family moved to Dallas earlier this month after living in Slaton since May, 1962. Their Dallas address is 3019 Shady Brook Circle, Apt. 228.

Wedding Vows Unite Patsy Martin And Douglas Corley

Trinity Methodist Church in Amarillo, was the scene of the wedding of Patsy Ann Martin and Douglas Leon Corley, Saturday, August 15, at 8 p.m., the Rev. Oscar Bruce officiating at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. H. B. Martin, 3818 S. Jackson, Amarillo, and the groom's parents are Mr. and Mrs. C. E. Corley, 900 22nd St., Slaton.

The bride, who was given in marriage by her father, wore a traditional gown of bridal tulle and three-quarter length sleeves. The dome shaped skirt and a detachable waistline chapel train. The train and fitted bodice were outlined with Alencon lace and bridal pearls. She carried a bouquet of white feathered carnations and stephanotis centered with a white orchid.

Frances O'Gorman of Shamrock, Texas, was maid of honor and bridesmaids were Susan Perkins of Dallas, and Mary Jane TenEyck, also of Dallas. They wore identical dresses of sky blue brocade satin with matching Dior bow headpieces. They carried colonial arrangements of white easter daisies and blue decor.

Ezra Corley served the groom as best man and Jerry Hogue and Bobby Skoll of Slaton, were groomsmen. Ushers were Roy Hunter, of Pampa, and Gary Kerrick of Artesia, N. M.

Candlelighters were Debbie Callaway and Johnny Dellis, cousins of the bride from Amarillo. Following the ceremony a reception was held in the church parlor. Included in the house party were: Barbara Erwin of Canyon; Kaye Bradley of Amarillo; Julie Cleveland of Dumas; Jo Carol Hickox of Phillips; and Mrs. Robbie Curry of Canyon.

For the wedding trip to Colorado Springs, Colo., the bride chose a three-piece traveling outfit of eggshell linen. The jacket was embroidered with light turquoise and brown. She wore white accessories and a white orchid corsage.

The bride is a graduate of Tascosa High School, Amarillo, and West Texas State University of Canyon, with a BBA Degree. She

was a member and served as president of Phi Epsilon Kappa Social Sorority.

Corley is a graduate of Slaton High School and West Texas State University with a BS Degree. He

was a member of Kappa Alpha Social Fraternity and served as president of Phi Epsilon Kappa. Following the wedding trip the couple will be at home at 707-A 47th St., Lubbock.

MRS. DOUGLAS CORLEY

Blum Family Holds Annual Reunion In Mackenzie Park

The children of John R. Blum, their children and grandchildren met Wednesday evening, Aug. 12 at Mackenzie Park in Lubbock for their annual reunion. The group met in the kitchenette area and spent Wednesday night, Thursday and Thursday night there.

Since its organization in Mineral Wells, on Aug. 18, 1935, the Blum Reunion has been held in Lubbock every year, with the exception of one year's meeting in Canadian, Texas. The largest attendance noted to date was in 1959 when 136 persons participated in the event.

This year's gathering attracted 87 persons, among them seven visitors. Those attending included: Mr. and Mrs. J. B. Butler and Mr. and Mrs. James Vannoy, Jimmy and Larry of Slaton; Randy Butler of Lamesa; Mr. and Mrs. Darwin Dreckett and daughter, Valinda of Lubbock; Mr. and Mrs. David Reed of Hereford; Mr. and Mrs. J. B. Butler, Jr., of Cactus, Texas; Mr. and Mrs. S. C. (Shug) Butler, Susie and Walter Don, also of Cactus; Mr. and Mrs. John Morris of Perryton and Mr. and Mrs. Walter Morris, Estelle and Theresa of Dalhart, Texas.

ECKERTS VISIT WITH PARENTS

Mr. and Mrs. Dayton Eckert of Chicago, Ill., are visiting this week in the home of his mother, Mrs. J. E. Eckert, Sr., and his brother, Mr. and Mrs. J. E. Eckert, Jr., and family.

Mr. Dayton Eckert, who is associated with Santa Fe Railway, spent Monday in Carlsbad, N.M., on official business. They plan to return home Friday.

Mr. and Mrs. Ben Davis, Randy and Pam, of Slaton have returned from a two-week vacation in Colorado, Salt Lake City, Grand Teton National Park and Yellowstone National Park. A niece, Janette Johnston of Lubbock, accompanied them.

Senior MYF Group Back From Trip

The Senior High Methodist Youth Fellowship has just returned from a 1,300-mile trip to points in New Mexico and Colorado. There were 16 young people on the trip and 7 adults.

Those making the trip were Marshal and Marilyn Holloman, Larry Hayes, Dale Pierce, Pat Wheeler, Tommy Jochetz, Judy and Jacques Edwards, Diane Jaynes, Allen Miles, Gary Glascock, Michael Morris, David Edwards, Rev. and Mrs. David Binkley, Mrs. Ruth Wheeler, Mrs. Oree Glascock, Miss Dana Heaton, Gregg Nowlin and Lonnie Eakle.

The group spent nights at Albuquerque, Farmington and Los Alamos in New Mexico and one night in Durango, Colo., and one in Amarillo. They visited institutions supported by the Methodist Church, such as Bataan Memorial Hospital and Harwood Girl's School of Albuquerque, Navajo Mission at Farmington, and King's Manor at Hereford.

The group also visited the museum of Atomic Science at Los Alamos. The narrow-gauge train ride of Durango was also experienced by all.

Since the last night was spent in Amarillo, the MYF of San Jacinto Methodist Church treated the group to a party and fellowship.

Smiths On Tour In New York City

Mr. and Mrs. B. H. Smith of Slaton Motor Co. were in New York City this week to meet with executives of Ford Motor Co. and preview the entire line of 1965 Ford Division products.

The Ford showing was scheduled Wednesday through Friday for about 40 Ford dealers from the Dallas district. Mr. and Mrs. Smith also previewed the new Mercury line on Monday and Tuesday.

In addition to previewing the vehicles at the New York Coliseum and learning Ford Division's 1965 marketing plans, the dealers and their wives will be given a special tour of Ford's World's Fair Pavilion.

Norris Family Now In Huckabay

Mr. and Mrs. L. O. Lemon and Larry will spend a few days next week visiting in the home of their daughter, Mrs. Bob Norris and family in Huckabay, Texas.

In July, Bro. Norris was called as pastor of the First Baptist Church in Huckabay, and they have recently moved there from Fort Worth. He is a student in Southwestern Seminary in Fort Worth.

The Norris' new address is Rt. 4, Box 122, Stephenville.

Students Attend Tech Workshop

Two Slaton High School seniors returned last week from attending the annual Texas Tech High School Journalism Workshop.

Linda Dodson, daughter of Mr. and Mrs. J. T. Dodson, and Lynette Kuss, daughter of Mr. and Mrs. Albert Kuss, were the local girls who attended the workshop.

Linda is editor of the 1964-65 Tigers' Lair, the high school yearbook. Lynette is business manager of this year's annual staff.

Colorado Family Visits In Slaton

Mr. and Mrs. Carlton W. Scroggin and children spent several days visiting in the home of Mrs. Scroggin's parents, Mr. and Mrs. L. O. Lemon.

While here they also visited with Mrs. Scroggin's brother and family, Mr. and Mrs. Bob Lemon, in Lubbock and with his sister, Mrs. Bob Fordy and family of Slaton.

The Scroggins live in Swink, Colo. He works for Santa Fe Railroad in La Junta, Colo. Their daughter, Carol, is a student in Ortago Junior College in La Junta.

The family returned to Colorado Sunday.

Senior MYF Group Back From Trip

The Senior High Methodist Youth Fellowship has just returned from a 1,300-mile trip to points in New Mexico and Colorado. There were 16 young people on the trip and 7 adults.

Those making the trip were Marshal and Marilyn Holloman, Larry Hayes, Dale Pierce, Pat Wheeler, Tommy Jochetz, Judy and Jacques Edwards, Diane Jaynes, Allen Miles, Gary Glascock, Michael Morris, David Edwards, Rev. and Mrs. David Binkley, Mrs. Ruth Wheeler, Mrs. Oree Glascock, Miss Dana Heaton, Gregg Nowlin and Lonnie Eakle.

The group spent nights at Albuquerque, Farmington and Los Alamos in New Mexico and one night in Durango, Colo., and one in Amarillo. They visited institutions supported by the Methodist Church, such as Bataan Memorial Hospital and Harwood Girl's School of Albuquerque, Navajo Mission at Farmington, and King's Manor at Hereford.

The group also visited the museum of Atomic Science at Los Alamos. The narrow-gauge train ride of Durango was also experienced by all.

Since the last night was spent in Amarillo, the MYF of San Jacinto Methodist Church treated the group to a party and fellowship.

Smiths On Tour In New York City

Mr. and Mrs. B. H. Smith of Slaton Motor Co. were in New York City this week to meet with executives of Ford Motor Co. and preview the entire line of 1965 Ford Division products.

The Ford showing was scheduled Wednesday through Friday for about 40 Ford dealers from the Dallas district. Mr. and Mrs. Smith also previewed the new Mercury line on Monday and Tuesday.

In addition to previewing the vehicles at the New York Coliseum and learning Ford Division's 1965 marketing plans, the dealers and their wives will be given a special tour of Ford's World's Fair Pavilion.

Norris Family Now In Huckabay

Mr. and Mrs. L. O. Lemon and Larry will spend a few days next week visiting in the home of their daughter, Mrs. Bob Norris and family in Huckabay, Texas.

In July, Bro. Norris was called as pastor of the First Baptist Church in Huckabay, and they have recently moved there from Fort Worth. He is a student in Southwestern Seminary in Fort Worth.

The Norris' new address is Rt. 4, Box 122, Stephenville.

Students Attend Tech Workshop

Two Slaton High School seniors returned last week from attending the annual Texas Tech High School Journalism Workshop.

Linda Dodson, daughter of Mr. and Mrs. J. T. Dodson, and Lynette Kuss, daughter of Mr. and Mrs. Albert Kuss, were the local girls who attended the workshop.

Linda is editor of the 1964-65 Tigers' Lair, the high school yearbook. Lynette is business manager of this year's annual staff.

Colorado Family Visits In Slaton

Mr. and Mrs. Carlton W. Scroggin and children spent several days visiting in the home of Mrs. Scroggin's parents, Mr. and Mrs. L. O. Lemon.

While here they also visited with Mrs. Scroggin's brother and family, Mr. and Mrs. Bob Lemon, in Lubbock and with his sister, Mrs. Bob Fordy and family of Slaton.

The Scroggins live in Swink, Colo. He works for Santa Fe Railroad in La Junta, Colo. Their daughter, Carol, is a student in Ortago Junior College in La Junta.

The family returned to Colorado Sunday.

FHA Swimming Party Planned

A swimming party and lunch has been planned for all Future Homemakers of America members and incoming ninth grade girls.

The party will be held this morning from 10 to 12:30 at the Slaton swimming pool. Girls are requested to bring a sack lunch and admission fee to the pool.

During the party, each girl will have the opportunity to sign up to work on various FHA committees to plan and carry out programs, devotionals, and specials. Also, girls may sign up to work for the FHA Bake Sale to be held Wednesday, Aug. 26. Proceeds from the bake sale will go toward printing the FHA 1964-1965 Yearbook.

Personals

The W. O. Coleys are at home at 120 So. 3rd after spending several months with a daughter in Muskogee, Okla.

Durango, Colo., got a taste of Slatonites recently! The Willis Farrell family is vacationing there. The Ted Swanners flew there to pick up their daughter, Lynn, who has been in camp for the past few weeks; and the Don Crows were in Durango to pick up their sons, Don and Bob, were also in summer camp there.

Mr. and Mrs. Clark Self, Sr., were in Carmen, Okla., over the weekend to visit Mrs. Self's mother, Mrs. Ruby G. Self.

Jo Nell Shackelford was in Sweetwater Sunday to visit Ruth Burton, a former Slatonite who now makes her home in Fairbanks, Alaska.

The Tommy Davis family has Tex., where they spent several returned home from Freeport, weeks.

Mrs. Virgie Hunter has returned home after an extended trip which included visiting relatives in Washington, D. C.; a tour of the New York World's Fair, and attendance at the National Meeting of Presbyterian Women, which was held in Lafayette, Indiana.

Mrs. Betty Oats of Dallas has been visiting her mother, Mrs. Eunice Gentry the past few days.

What with corn on the cob, watermelons and peaches coming along, this life isn't so bad.

Engagement Announcements

Mr. and Mrs. Wm. W. Moore, 940 S. 18th St., announce engagement and marriage of their daughter to R. J. Moore, son of Mr. and Mrs. E. R. T. Slaton.

Wedding vows will be exchanged at 7:30 p.m. at Baptist Church.

Miss Baker is a graduate of Slaton High School and is presently teaching in the Amarillo schools. Wedding vows are scheduled Sept. 5 in the Slaton First Baptist Church.

Austins Vis Relatives

Mr. and Mrs. O. C. Austin and children, James and Charles Eugene, have been visiting in the home of their parents, Mr. and Mrs. Austin, Austin, a daughter of the public Orange County.

After visiting here planned to spend a few days in Dallas this week. Mrs. Austin's parents are D. Mayo, secretary.

Reunion Set For Hill County

The Hill County association announced a reunion is to be held at Terrace Park at Lubbock State Park at 10 a.m. Location will be a large banner. Don't ask to bring a banner. All will be spent in noon hour, according to D. Mayo, secretary.

LEMON IS PASTOR

Church Receives Special Plaque

Pastor Jerry W. Lemon of Ganado recently received a plaque presented to his church, the First Baptist Church of Ganado, as the national winner in the Church Development Ministry. The award was presented by the Home Mission Board.

Lemon is the son of Mr. and Mrs. L. O. Lemon of Slaton. He and his family have been visiting in their home recently.

Bro. and Mrs. Lemon spent a week in Glorieta, N.M., during Home Mission Week. He led a conference period on "Church

Development Ministry". It was here that he learned of the honor received by his church.

The 230 member Ganado Baptist Church, located in the rice farming area 90 miles west of Houston, was named winner of its membership category and the national winner in the ministry. Lemon led the church in gaining both the state and national awards.

Lemon, a former student missionary for the Home Mission Board, was graduated from Baylor University and Southwest-

Marine Private In Tennessee

Marine Private First Class Gary L. Bailey, son of Mr. and Mrs. W. M. Bailey of 1040 West Dickens, Slaton, recently graduated from Mechanical Fundamentals School at the Naval Air Technical Training Center, Memphis, Tenn.

He studied the use of hand and power tools used in the aviation field of the Marine Corps.

Miller says some farmers are reporting heavy verticillium wilt problems following irrigation.

Careful water management is one method by which producers can combat the disease. Avoid frequent irrigation. Irrigations

should be spaced as far apart as possible by applying more water per irrigation. Water lowers the soil temperature and the disease becomes active at 85 degrees or lower. Avoid deep cultivation that damages roots as the wilt fungi can enter the plant through damaged roots.

Hints Given For Reducing Verticillium Wilt In Cotton

Verticillium wilt is now showing up on many Plains farms. According to County Agent Richard Miller, this costly disease seems to be found earlier each year.

Miller also points out that proper attention to nitrogen applications is another important factor in reducing losses. Sidressing should be done as early in the season as possible. Application should be made away from the plant root area in order to avoid root injury.

SANTA FE NEWS

Total carloads moved over Santa Fe System Lines for the week ending August 8, 1964, were 29,192 compared with 29,196 for the same week a year ago.

On-line loadings were 18,285 compared with 18,867 for the corresponding week last year.

Cars received from connections totaled 10,927 compared with 10,229 for the same week a year ago.

Santa Fe handled a total of 29,832 carloads in the preceding week of this year.

American mission, serving workers in the rice farming and oil industry of the area.

County Logs 24 Accidents

Twenty-four rural accidents were investigated by the Texas Highway Patrol in Lubbock County during July, according to Sgt. O. C. Guthrie, patrol supervisor of this area.

These wrecks accounted for 1 person killed, 16 injured and an estimated property damage of \$16,500.

The rural traffic accident summary for Lubbock County from January through July shows a total of 223 crashes resulting in 21 fatalities, 136 persons injured and property damage amounting to about \$156,837.

With the upcoming Labor Day weekend and the start of school just around the corner, the Highway Patrol urges motorists to be cautious and observe all traffic rules.

Sgt. Guthrie reminds motorists of the state law regulating traffic in regard to school buses: When meeting or overtaking a school bus, which is stopped to receive or discharge children, the driver of a vehicle shall stop before passing, but may proceed past the bus at a prudent speed, not exceeding 10 miles per hour.

The greatest of faults is to be conscious of none.

— Thomas Carlyle.

Coordinator of Purchasing, Aug. 13-20.

NOTICE OF ELECTION FOR THE ISSUANCE OF BONDS

CITY OF SLATON COUNTY OF LUBBOCK

TO ALL RESIDENT QUALIFIED ELECTORS OF THE CITY OF SLATON, TEXAS, WHO OWN TAXABLE PROPERTY IN SAID CITY AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held in the City of Slaton, Texas, on the 1st day of September, 1964, in obedience to an ordinance duly entered by the Commission of the City of Slaton on the 7th day of August, 1964, on the propositions set forth in the attached copy of said ordinance, said ordinance being made a part of this Notice for all intents and purposes.

THIS NOTICE of election is issued and given by the undersigned pursuant to authority conferred by virtue of the attached ordinance of the Commission of the City of Slaton, Texas, and under authority of law.

WITNESS OUR HANDS AND THE SEAL OF THE CITY OF SLATON, TEXAS, this 7th day of August, 1964.

J. CAIN, Mayor, City of Slaton, Tex.

ATTEST: ROBERT W. SOKOLL, City Clerk, City of Slaton, Texas (City Seal)

"AN ORDINANCE by the Commission of the City of Slaton, calling an election for the authorization of bonds of said City; enacting provisions incident and relating to the subject and purpose of said ordinance; and declaring an emergency."

WHEREAS, the Commission of the City of Slaton, Texas, deems it necessary, advisable and in the best interest of the City and its inhabitants that the bonds of said City be issued for the purposes hereinafter stated, and to that end has determined, to submit the propositions for the authorization of such bonds to an election, as hereinafter set out, to be held at the earliest possible date for the preservation of the public business, property, health and safety of the citizens of said City, and that by virtue thereof this ordinance shall be passed and adopted as an emergency measure; therefore

BE IT ORDAINED BY THE COMMISSION OF THE CITY OF SLATON:

SECTION 1: That an election be held on the 1st day of September, 1964, which date is not less than fifteen (15) or more than thirty (30) days from the date of the adoption of this ordinance, at which election the following propositions shall be submitted to the resident qualified electors, who own taxable property in said City and who have duly rendered the same for taxation:

PROPOSITION NUMBER 1 "SHALL the Commission of the City of Slaton, Texas, be authorized to issue TWO HUNDRED THOUSAND DOLLARS (\$200,000) general obligation bonds of said City, for permanent public improvements, to-wit: constructing improvements and extensions to the City's Waterworks System, maturing serially in such installments as may be fixed by the Commission, the maximum maturity being not more than thirty (30) years from their date, bearing interest at a rate not to exceed FIVE PER CENTUM (5%) per annum; and to provide for the payment of the principal of and interest on said bonds by levying a tax sufficient to pay the annual interest and to create a sinking fund sufficient to redeem said bonds as they become due?"

PROPOSITION NUMBER 2 "SHALL the Commission of the City of Slaton, Texas, be authorized to issue THIRTY THOUSAND DOLLARS (\$30,000) general obligation bonds of said City, for permanent public improvements, to-wit: constructing improvements and extensions to the City's Sanitary Sewer System, maturing serially in such installments as may be fixed by the Commission, the maximum maturity being not more than thirty (30) years from their date, bearing interest at a rate not to exceed FIVE PER CENTUM (5%) per annum; and to provide for the payment of the principal of and interest on said bonds by levying a tax sufficient to pay the annual interest and to create a sinking fund sufficient to redeem said bonds as they become due?"

PROPOSITION NUMBER 3 "SHALL the Commission of the City of Slaton, Texas, be authorized to issue ONE HUNDRED TWENTY THOUSAND DOLLARS (\$120,000) general obligation bonds of said City, for permanent public improvements, to-wit: constructing street improvements in and for said City, maturing serially in such installments as may be fixed by the Commission, the maximum maturity being not more than thirty (30) years from their date, bearing interest at a

I'll never forget the day we took this picture. The sun was shining brightly and we'd gone for a ride in the country, my husband Tom, Thelma and I. We came to this field full of daisies and we stopped, and I braided a crown of flowers for Thelma's head. She was wearing a brand new dress and she had a new little parasol too. I thought she looked like just about the happiest and prettiest little girl alive.

How thankful I was! For our Thelma had just weathered her first serious illness, and for several weeks there had been days and nights of incredible anxiety and heart-rending prayer.

Now, watching Thelma in her new-found health, I thought of our church. Not only our minister, but members of the congregation, people whom I scarcely knew, had rallied to our side during Thelma's illness.

Just having them — just knowing that they were adding their prayers to ours, had meant so much. And now, I knew, they were sharing our jubilation.

How sorry I feel for people who don't go to church. For they miss one of life's great truths — the knowledge that if you have the Church, you can never again be alone.

THE CHURCH FOR ALL - ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

SECTION 1: That an election be held on the 1st day of September, 1964, which date is not less than fifteen (15) or more than thirty (30) days from the date of the adoption of this ordinance, at which election the following propositions shall be submitted to the resident qualified electors, who own taxable property in said City and who have duly rendered the same for taxation:

PROPOSITION NUMBER 1 "SHALL the Commission of the City of Slaton, Texas, be authorized to issue TWO HUNDRED THOUSAND DOLLARS (\$200,000) general obligation bonds of said City, for permanent public improvements, to-wit: constructing improvements and extensions to the City's Waterworks System, maturing serially in such installments as may be fixed by the Commission, the maximum maturity being not more than thirty (30) years from their date, bearing interest at a rate not to exceed FIVE PER CENTUM (5%) per annum; and to provide for the payment of the principal of and interest on said bonds by levying a tax sufficient to pay the annual interest and to create a sinking fund sufficient to redeem said bonds as they become due?"

PROPOSITION NUMBER 2 "SHALL the Commission of the City of Slaton, Texas, be authorized to issue THIRTY THOUSAND DOLLARS (\$30,000) general obligation bonds of said City, for permanent public improvements, to-wit: constructing improvements and extensions to the City's Sanitary Sewer System, maturing serially in such installments as may be fixed by the Commission, the maximum maturity being not more than thirty (30) years from their date, bearing interest at a rate not to exceed FIVE PER CENTUM (5%) per annum; and to provide for the payment of the principal of and interest on said bonds by levying a tax sufficient to pay the annual interest and to create a sinking fund sufficient to redeem said bonds as they become due?"

PROPOSITION NUMBER 3 "SHALL the Commission of the City of Slaton, Texas, be authorized to issue ONE HUNDRED TWENTY THOUSAND DOLLARS (\$120,000) general obligation bonds of said City, for permanent public improvements, to-wit: constructing street improvements in and for said City, maturing serially in such installments as may be fixed by the Commission, the maximum maturity being not more than thirty (30) years from their date, bearing interest at a

speaking of their body ever say June groups.

Annual Boys Ranch Rodeo Scheduled September 6, 7

The 325 boys at Cal Farley's Boys Ranch began practice this week for the biggest Labor Day event of the Texas Panhandle — the annual Boys Ranch Rodeo that will be held Sunday, September 6th, and Monday, September 7th, at 2:30 in the afternoon.

This will be the 20th year for the famed rodeo that began in 1944 with only 65 boys who were being cared for at that time. More than 7,000 people are expected to be at the Ranch this year to watch a record number of contestants, and if they wish, enjoy a bar-be-que lunch before the performances.

Indications are the 1964 rodeo will be the most competitive, fastest, and thrilling the boys have put on. Almost 130 boys will be riding Brahma bulls, bucking broncs, and other profes-

sional rodeo animals under R.C.A. rules. The two performances do not permit all of the boys to ride who would like to, but everyone, including the Ranch's adult staff, will participate.

Boys who do not ride the bucking feature will appear in special feature acts, work the chutes, operate concessions, usher, and work at the many activities necessary for a successful rodeo production.

An added feature of the rodeo will be the sale of king-size bar-be-que sandwiches with the trimmings that will be sold by the boys. The Ranch picnic area will provide a good lunch site for those wishing to enjoy a picnic near the rodeo arena.

Proceeds from the rodeo will be used for the expansion of the Ranch.

Don't Go After The Fish, Make Them Come To You

AUSTIN — Making the fish come to you instead of the reverse is perfectly legitimate in Texas waters, according to Marion Toole, coordinator of inland fisheries for the Parks and Wildlife Department.

And here's one official suggestion to accomplish the conquest, as made by Toole in acknowledging an inquiry from an Austin man.

"There are two or three different methods of attracting fish. One is to cut quite a large amount of fresh willows which are wired together to form some large mats. These are weighed with rocks and submerged, piling mat upon mat to create brush about four feet high. This will bring in minnows, sunfish and crappie.

"Some people buy bales of alfalfa hay which they sink by attaching large rocks to the bales. These of course will also produce

basic fish food that will attract minnows and small fish which in turn will attract larger fish that can prey on the smaller fish.

"Cotton seed meal can be used, but its attraction is one of providing food. It is usually submerged in a burlap sack that is not too closely woven so that the fish by sucking on the sack can get some of the cotton seed bits, attracting minnows and also attracting some of the sucker type fish such as carp.

"Some people buy cotton seed cakes, which is the meal that is pressed into hard cakes. The cake is attached to rocks and submerged and fish will naturally nibble on the cake until they consume all of the cotton seed meal. For catching carp, people usually soak some dried corn and just as it starts to ferment it is poured into the water."

The man who lacks patience also lacks philosophy.

LEIS FROM HAWAII — Mr. and Mrs. Leonard Foster of 1020 S. 20th St. wear orchid leis brought from Honolulu, Hawaii by son, Waymon Muse,

right, holding his son Wayne. Waymon, former tiger athlete and 1955 Slaton High School graduate, is here for a 10-day visit.

Waymon Muse Is Home From Hawaii

Mrs. Leonard Foster, 1020 S. 20th St., was all smiles this past week, and she had two very good reasons.

Her son, Waymon Muse, and grandson, Wayne, have been visiting her from Hawaii. Waymon is well known in Slaton, having graduated from high school here in 1955 after being a standout football and track performer for the Tigers.

Waymon is also one of the few Slaton track stars who made it to the state track and field meet. He was an entrant in the shot put, pole vault and discus.

AMARILLO VISITORS

Mr. and Mrs. T. J. Eaves and sons, Allen, David, and Ricky, of Amarillo visited recently in the home of Eaves' sister, Mrs. L. O. Lemon and family.

Muse, who has been in the Navy more than 8½ years, is stationed at Barbers Point in Honolulu. A first class electrician's mate, Muse is an instructor on Super Constellation type aircraft. He is attached to the Naval Air Maintenance Training Detachment.

The former Slaton man has about a year and a half to go on his current tour of duty in Hawaii. He was stationed there previously in 1958-59 and has also been at Midway.

Waymon's wife, Kehaulani, and 2-month-old daughter were not able to make the trip to Slaton due to the young age of the newest addition.

His son Wayne is almost 7½ years old and is better known by his nickname "Tiger". Mrs. Foster is employed at Slaton Pharmacy, and her husband Leonard is a conductor for Santa Fe Railway.

LEMONS VISIT HERE

Visiting in the home of Mr. and Mrs. L. O. Lemon recently were Mr. and Mrs. Bob Lemon and family of Lubbock.

A number of area residents were among the 65 persons at tending a Nieman family reunion in Mackenzie Park at Lubbock Sunday. Among the families represented were Mrs. Katie Nieman of Wilson, Mr. and Mrs. Phil Nieman of Wilson, Henry Nieman of Malheur.

Area SBA Branch Manager One of Seven Outstanding

"Increased efficiency and dollar savings are the order of the day in Washington," Jack Teddlie, Branch Manager of the Small Business Administration in Lubbock, announced today.

Teddlie, one of seven "outstanding" SBA Branch Managers invited to Washington to confer with and advise SBA Administrator Eugene P. Foley and other top officials of the Agency, stated that a marked step-up in activity has occurred despite reduced personnel.

Administrator Foley made it clear that in line with Directives from President Johnson, SBA is

going to continue to hold the economy line. He said that SBA has demonstrated that large savings can be achieved through better manpower utilization, elimination of red tape and decentralization of operations.

"SBA's business loan activity is at a new high," said Teddlie. "For the past several months loan applications have been running well over 1,000 a month and in June a new high was reached with more than 1,407 applications received."

"A large part of this increase is due to SBA's new small loan program which President Johnson

brought into the light during National Business Week last year. 40 percent of all loans are in the small loan category," he said.

It is SBA's programs and services responsive to the people. This was demonstrated during Teddlie's visit to Lubbock.

Terry County Reunion Set

Terry County Pioneers Association will hold its fourth annual reunion Saturday, Aug. 22, in the Brownfield American Legion Hall.

Registration is from 9:30 until 12 noon. After a basket lunch, the meeting will be called to order at 1:30 p.m. Music selections, a memorial service, business meeting, and speakers are planned. Principal speaker will be Delbert Downing of Midland. Mr. Downing is a very popular after dinner speaker, and now devotes his full time as a speaker all over the United States.

Anyone who was a Terry County resident prior to 1924 is eligible for membership.

Fair To Have 'Chute' Jump

Construction began this week on a "Janusz Parachute Jump" at the Panhandle South Plains Fair grounds at Lubbock. Fair president M. B. Hilburn announced.

The 35-foot tall jumping platform are being installed by the U. S. Army, and during the fair thousands of children and teenagers are expected to make the jumps free, supervised by Army personnel. Each jumper will be awarded a certificate as a U. S. Army Jr. Jumper.

The new free attraction is a highlight of a line up of the fair's most extensive display of rides, shows and free exhibits which will be open Sept. 28 through Oct. 3.

Barrow Show Starts Today

The annual Southwestern Barrow Show will be held at the Panhandle South Plains Fair Grounds today through Saturday.

The Lubbock Chamber of Commerce will co-sponsor the show with the Southwest Barrow Show Association.

Animals will be shown to the public Friday, with the sale scheduled for Saturday at 10 a.m. Awards, in the form of engraved silver platters and ribbons, will be made by J. D. Hafstadler, chairman of the Chamber Agriculture Committee to winners in the barrow, carcass and breeding swine divisions.

A new kiddie land, an array of children's rides exclusively for smaller tots and their parents will be located just east of the Children's Barnyard. The rides, furnished by the Gene Ledel shows, will contain many new innovations in entertainment for smaller spectators.

On the carnival midway the Gene Ledel shows will feature more rides and exhibits than ever before, Hilburn said.

It will be the fair's most comfortable midway in history, too, Hilburn said. New paved areas and new restrooms are being constructed near the carnival midway.

Veterans Ask

Q—I am a widow with an infant child. Soon I will marry a disabled veteran who receives maximum pension. How much will his pension increase with two dependents?

A—Assuming the veteran is single now, the maximum pension would be \$65 per month if his income was below \$600 per year. A veteran with two dependents with income below \$1,000 per year would be entitled to \$95 per month.

Q—Under the above circumstances will the VA pay any medical or dental expenses for my daughter and me? If I should become pregnant, will the VA pay the maternity costs, in part or in full?

A—The VA will not pay any medical or dental expenses for your daughter or you, nor will it pay any maternity costs.

The strip tease seems to be on the beaches as well as in baroque.

Officers and officials for the show will be: Tom Neely, general superintendent; Waylon R. Carroll, general manager; Tom Duffy, superintendent of the barrow division; J. B. Prewitt, superintendent of the breeding swine division. Official weigher for the show will be W. B. Griffin of Tahoka and L. M. Hargrave will be the judge.

The publicity committee is composed of Dick Moseley, Gene Linn, Duane Howell and Ed Wilkes.

William Kitten of Route 1, Slaton, fell from a tree Monday morning and injured his left hip. He was taken to Mercy Hospital and later transferred to St. Mary's Hospital in Lubbock. His mother, Mrs. Norbert Kitten reported that he has a broken hip and a broken pelvis; however further X-rays were to be made Wednesday before he undergoes surgery.
