Around And About

By Tom Beasley

Three thousand fans saw the Pirates and Missionals tangle in an exhibition game in San Antonio last week, so reports "Slim" Anderson who witnessed the encounter. Anderson, who inspected the Pirates' equipment, said they had three hundred bats on the field. High school baseball is coming back. . . . It is rumored that Sam Baugh, T. C. U. football and baseball star, may return to Sweetwater some time this spring or summer to play a few games with a Nolan county baseball team. . . .

SPORT FANS of the southwest-many of them are interested in Francis Schmidt, former T. C. U. coach. Officials of the high school coaches' association furnish some interesting data on Schmidt: Twenty-four days after the United States entered the World war on April 8, 1917, Francis Schmidt who will conduct the Texas High School Football Coaches Association coaching school in Dallas, Aug. 2-8, and his entire Tulsa university football team enlisted in the army. He went to officers' training camp at Fort Sill and came out a first lieutenant. After serving as divisional bayonet instructor for the 87th division, he went to France as a captain and served eight months. He then returned to Tulsa before getting his discharge. He gathered most of his old team and was on his way to his third championship before he was called to Fort Sill to be mustered out.

Flem Hall, sports editor of the Fort Worth Star-Telegram who learned to know Francis Schmidt intimately during the latter's five-year stay at Texas Christian, has the following to say of him: "He is never quiet. From early morning until late at night, seven days a week, the year around he is up and at 'em," whether he is strumming a mandolin or scrambling on the gridiron, he is likely to have his coat off, sleeves up, tie off, and collar open, sweating and going like fighting fire.

Bucky Pictures His Club As Flock Of Kids Backing Up Vet Pitchers

By STUART CAMERON (United Press Staff Writer) OLLANDO, Fla., Mar. 20. (P)—A flock of youngsters backing up a veteran pitching staff may be the surprise American League baseball club this year, according to Stanley "Bucky" Harris, boss of the Washington Senators.

There are four other pitchers, Henry Cappa and Dick Lannahan are real possibilities. A third is Peter Appleton (see Jablonowski) who changed his name as part of an effort to revise his personality. (Jablon is Polish for apple.) Fourth is Monte Weaver, This U. of Virginia grad who in 1933 set a record of 22 wins by a "freshman" pitcher, has won a long fight against failing health. He looks like a million today.

Jacoby Wins Bridge Honor Second Year

Selection Of 'Big Ten' Is Made By Bridge Editor Of Magazine

NEW YORK, Mar. 20.—Selections for the All-America contract bridge team, comprising the "big ten" players in the championship tournaments of the past year, were announced today by Shepard Barclay, bridge editor of Collier's. The selections are based on an analysis of the year's championship tournaments play. The players chosen, in the order of their season's accomplishment, are:

1. Oswald Jacoby, New York.
2. B. Jay Becker, Philadelphia.
3. Edward Hynes, Jr., New York.
4. Louis H. Watson (deceased) New York.
5. Merwin D. Maier, New York.
6. David Burnstine, New York.
7. Waldemar Von Zedtwitz, New York.

Howard Schenken, New York. 10. A. Mitchell Barnes, New York. Samuel Fry, Jr., New York. Mrs. Robert B. Fuller, New York. Oswald Jacoby, the year's champion, wins this honor for the second time, and is the first player in history to hold the championship for two successive years. All the leading five players are married men. With sixth place begins the bachelor's brigade, though rumor has it that Merwin Maier is thinking seriously about changing his status. Not one of the 11 men in the list has yet reached 40 years of age. Jacoby is 33, Becker 31 and Hynes 29.

The sensation of the list in many ways is the second place winner, B. Jay Becker. He never played bridge of any kind during his college days at Temple university in Philadelphia. In fact, he has been playing only about five years. He is the first non-New Yorker in bridge history to pin a place in the "big four." During the past year, he scored more "master points" than any other tournament player. Among the other ranking players, the year's listing may be regarded as a "repulse of the old guard." Hynes, Maier and Mitchell are ranked for the first time. So is Mrs. Fuller. Lightner and Von

Lady Took Cardui During Middle Life

Women who are entering middle life will be interested in the experience of Mrs. L. C. McDonald, of Pargouat, Ark., who writes:

"I cannot say anything but good about Cardui. I think it is a grand medicine. I took Cardui during change of life. I was so weak, so nervous, I could hardly go. I just dragged around. I had fainting spells and would just give down. My back and head hurt. I knew I had to take something to give me strength. I read of Cardui. I took about seven bottles. It gave me relief and strength. I am now 50 years past, and can do a pretty good day's work in the house and garden."

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.—adv.

"If a fellow ain't a fool anytime but April first, well and good. And I believe that a fellow who drinks lots of milk from Hank McDonald's Dairy, the year round possession brains that never go on a vacation."

"For a given amount of money, milk will furnish a higher percentage of available building materials than almost any other food."

Big Leagues Into Action

Card Full Of Exhibition Games At Scattered Points Saturday

NEW YORK, Mar. 20.—Practically every club in the major leagues swing into action Saturday in the grapefruit circuit. Most of the teams in Florida go out against major opposition while the Pittsburgh Pirates in Texas and the Chicago White Sox in California meet some of the better teams in those sections of the country.

After taking a swing through Texas on their eastward trip, the Chicago Cubs coast into Pensacola to meet the New York Giants.

Other games in the 'Gator state will be at Sarasota where the St. Louis Cardinals and the Boston Red Sox tangle; at Clearwater, where Brooklyn plays host to the Detroit Tigers; at Tampa, where the Cincinnati Reds and the Washington Senators do battle; at St. Petersburg, where the Boston Bees take the field against the New York Yankees; and at Miami, the Athletics from Philadelphia and the St. Louis Browns play.

The Phillies and Newark of the international league go together at Sebring in Florida's only major affair.

In San Antonio, the Missions of that city and the Pittsburgh Pirates come to grips, while out on the coast, the White Sox continue their California stay with a game with Los Angeles in San Bernardino.

Bill Cody In Queen Film

Western Picture, "Six Gun Justice," Offered Friday, Saturday

Western fans are treated to another thriller of the range days in the picture shown Friday and Saturday at the Queen—"Six Gun Justice," starring Bill Cody.

The film is all that the name implies, a fast moving western that contains its share of daring deeds, fist fights, blazing guns in running battles, reckless riding and other sensational exploits.

Cody is seen as a young westerner who wars on a gang to recover loot that has been stolen. His task is made more difficult because of the fact that his father has become innocently involved in the crime. Cody works with a government agent in thrilling maneuvers to bring the crooks to justice in the picture's climax.

Ethel Jackson plays opposite Cody. Also in the cast are Donald Reed, Wally Wales, Zara Tassil, Frank Moran, Bert Young, Bud Buster and Buck Morgan.

Lyric Offers Western Play

Bob Steele Has Starring Role In "Trail Of Terror"

An action melodrama with Bob Steele in the starring role, "Trail of Terror," headlines the program at the Lyric theater for Friday and Saturday. It is replete with the usual western fare of thrilling gun-play, hard riding and hand-to-hand fighting.

Steele is seen this time as a government agent who, in order to track down a band of outlaws who have escaped the local authorities, poses as an ex-convict for whom a \$10,000 reward is posted. This pose costs him some trouble and even endangers his life, since the chase is on for the ex-convict. It also nearly costs him his sweetheart, since the girl is unaware of his real

job. How Steele goes about his secret work of arresting the criminals and winning the girl is shown in some thrilling sequences.

Beth Marion supports the star, and others in the cast are Forrest Taylor, Charlie King, Frank Lyman, Jr., Charlie French, Floyd Ingraham and Dick Kramer.

Committee joined forces to crush the opposition.

E. P. Ketter, employe of the B. O. Jones Grocery store, is confined to Big Spring hospital for medical treatment.

A few pennies a day for good light is all it costs to safeguard young eyes

Put This Lamp By Your Chair

This Better Sight Lamp will provide better light for reading, either in a chair or on the floor. See the numerous advantages of the new style floor and table lamps at our store.

Lounge Lamps \$6.45 and up

Penny Wise Says:

"Electricity is one of the cheapest items on the family budget, yet it is something that is used both day and night by every member of the family. The cost of providing ample light to protect eyesight is only a few pennies for a whole evening."

Don't scold your child for reading on the floor, but be sure he has enough light down there so he won't strain his eyes. Put a new Better Sight Lamp by your chair and then both of you will have enough light for Safe Seeing.

A few pennies a day for good light is all it costs to safeguard young eyes. Cheap electric service permits you to have plenty of light for all members of the family and to use electricity both day and night to make your home more comfortable, to make work easier and to protect the health of your family.

Electricity is one of the few items in the average family budget which hasn't increased in price during the last few years. Foods and other household necessities have become more expensive, but the cost of electricity has actually decreased. You can make full use of electric service at a very moderate cost.

Spring Meals Need Variety; Here's An Idea

After a long, hard winter such as this, everyone welcomes even the first harbinger of spring. They are anxious for a change—a diversity in occupation, and variety in meals. Here is a spring menu, planned by Inez S. Willson, home economist.

Menu Baked Stuffed Lamb Chops

(with Spinach Stuffing) Parsley Buttered Potato Balls Fresh Asparagus with Hollandaise Sauce

Pineapple Salad Mint Sherbet Coffee or Milk

For stuffing, have lamb chops cut double thickness with a pocket cut in the middle. Insert a spinach dressing. Brown these on top of the stove, then transfer to a casserole dish and bake, uncovered in a slow oven until done, forty to forty-five minutes.

Spinach Stuffing Melt 3 tablespoons butter in a skillet, add a little chopped onion and celery, and let brown. Then add 3/4 cup finely chopped spinach and 1 cup of fine dry bread or cracker crumbs and enough hot water to moisten the dressing.

COOL WEATHER MEALS

Breakfast Orange Juice Oatmeal Cream Scrambled Eggs and Bacon. Coffee

Luncheon Vegetable Beef Soup Crackers Pickles Apricot Sauce Cookies Tea Dinner

Baked Liver Baked Potatoes Escalloped Onions Biscuits Honey Apple Salad Date Fudding Coffee

Vegetable Beef Soup 1-2 cup carrots, diced. 1-2 cup celery, diced. 1-3 cup rice (uncooked). 1-4 cup chopped onions. 2 tablespoons green peppers, chopped (optional).

1-2 teaspoon chopped parsley. 1-3 teaspoon pepper. 1-4 teaspoon nutmeg. 1-1-3 teaspoons salt. 8 cups water.

Soup bone and little meat.

Select home having about 2-3 pound of meat on it. Wash well and add to water. Cover and slowly bring to boiling point. Simmer (cook very slowly) one hour. Add rest of ingredients and simmer 2-3 hours. Serve in bowls or soup plates.

Baked Liver

1 pound sliced liver. 3 tablespoons flour. 1-2 teaspoon salt. 1-4 teaspoon pepper. 3 tablespoons fat. 2-3 cup water.

Soak liver 5 minutes in cold water. Drain and wipe dry. Sprinkle with flour, salt and pepper. Place in shallow baking pan and top with fat. Add water and lid. Bake 40 minutes in moderate oven. Turn several times.

Date Fudding

1 cup chopped dates. 1 cup soft bread. 1 teaspoon baking powder. 1-4 teaspoon cinnamon. 1-8 teaspoon salt. 2 eggs or 4 yolks. 1-3 cup cream. 1 teaspoon vanilla. 1-3 cup sugar.

Mix ingredients and pour into buttered, shallow baking dish. Bake 25 minutes in moderate oven. Serve warm or cold.

Traditionally, lamb is the choice for the Easter dinner and indeed, what a good choice it is, because its delicate flavor combines so perfectly with all the early spring vegetables.

But for such an occasion as the Easter dinner, the roast lamb must be at its best, tender and juicy and browned to a turn, which means that it must be properly cooked.

"And according to recent experiments," says Inez S. Willson, home economist, "proper temperature is one of the most important factors in making a roast tender and juicy."

Lamb like other meats is best when cooked at a temperature of 300 to 350 degrees Fahrenheit. Any roast should be placed fat side up on a rack in an open roasting pan. No water is added nor is the

TEXAS U. OPENS SEASON TODAY

AUSTIN, Mar. 20—Opening their baseball season, the Texas Longhorn players will meet the Houston Buffs of the Texas League here today and Saturday afternoons at Clark field.

The Texas team, defending champions of the Southwest conference, is being boosted to retain the title and the Buff series will give Longhorn followers an indication of the potential strength of the proteges of "Uncle Billy" Disch.

Ten lettermen are included in the squad of 35 which began training March 2.

Texas will be represented by Joe Fitzsimmons, Dallas catcher; J. C. Munro, Austin first baseman; Aubrey Graham, Yoakum keystone; Lloyd Rigby, Dallas third baseman; Luke Winburn, Wilmer shortstop; Morris Sands, Chatfield, Melvin Freibach, Sealy, and Leroy Westerman, Bellville, outfielders.

Captain Norman Branch and Dick Midkiff, from Montgomery and Gonzales respectively, will bear most of the pitching duties. Ace Brown, Dallas, and Henry Ramsey, Austin, are two excellent relief hurlers.

The leg of lamb is a popular cut for the main part of the Easter dinner, but what shall we serve with it? Here is a menu you may want to try.

Easter Dinner

Grapefruit with Mint Jelly Celery Olives Radishes Roast Leg of Lamb New Potatoes in Cream Buttered Brussels Sprouts Pickled Peaches Carrot and Raisin Salad Hot Rolls Butter Jelly Pineapple Upside-down Cake Coffee

In buying the leg of lamb, do not have the retailer remove the thin papery-like covering known as the "fell." The leg of lamb will cook more quickly and keep its shape better if this is left in place.

The leg of lamb may be nicely garnished with pickled peaches and a bit of parsley. To carve, simply slice down at right angles to the bone, enough slices to serve the entire family. Then lift these slices off by cutting them along next to the bone and parallel to it.

Speaking of lamb, the leg of lamb is not the only cut suitable for an Easter dinner. There is the shoulder. You may want to substitute this for the leg of lamb in the menu given above. It is prepared in exactly the same way.

ing March 2. Texas will be represented by Joe Fitzsimmons, Dallas catcher; J. C. Munro, Austin first baseman; Aubrey Graham, Yoakum keystone; Lloyd Rigby, Dallas third baseman; Luke Winburn, Wilmer shortstop; Morris Sands, Chatfield, Melvin Freibach, Sealy, and Leroy Westerman, Bellville, outfielders. Captain Norman Branch and Dick Midkiff, from Montgomery and Gonzales respectively, will bear most of the pitching duties. Ace Brown, Dallas, and Henry Ramsey, Austin, are two excellent relief hurlers.

SMOKER MUST PAY HIS TAX. This state's cigarette tax law differs from many revenue statutes in that it places the responsibility on the consumer to see that the tax is paid. The state comptroller's department at the present is stressing this angle, hoping that it can collect the proper revenue on cigarettes sold in Texas without annoying and embarrassing cigarette purchasers.

There remains the mail order business, but the comptroller's department has a way of checking on that, too, and has advised that prospective buyers of untaxed cigarettes would do well to forget that sort of purchase. The comptroller's department has asserted that it has no desire to prosecute private citizens, but it does want to collect the tax money on every pack of cigarettes sold by a dealer in Texas.

NEW YORK—When one considers the slam-bang style of his novel, "All the Skeletons in All the Closets," Keith Fowler seems the apex of paradox. He is as quietly unassuming and soft-spoken as a theological student, yet not even Jim Tully writes burlier prose. His philippic assault against the inner goings-on in the publishing "racket" caused a lot of lip-compressing and narrowing of eyes but it established him as a writer of the two-fisted Hemmingway-Cain school.

The English colony is having a season of brisk entertaining with Evelyn Laye, Wendy Phillips, Colin Clive, Wilfred Lawson, and Raymond Massey all cavorting in their various styles. There are many others, of course, and, as usual, most of them drift in and around the Gotham, favorite stopping place of the visiting English.

Modern Machinery Chief reason for continued unemployment, despite Roosevelt's prodigious efforts to curtail it, is technological improvement. Walter N. Polakow, one of Harry Hopkins' own men, hits the nail on the head in a magazine article he has just written. It shows that inventions of modern machine tools, the same goods can be turned out today by 12,000,000 workers as were produced in 1929 by 18,000,000 workers.

Clear skies "smiled" down upon Savannah, Ga., 61 per cent of the time in 1935. New Orleans was not quite as fortunate with 59. Food drinks were popular in Kansas City and Houston, to judge from the survey. Last year those two cities had 90 days when the thermometer rocketed to 90 degrees or above. Fifty-three days of 1935 were "sizzlers" in Savannah. Salt Lake City was heat-ridden 48 days. St. Louis 46.

Sub-Zero Cities Charted

Ranking second to Minneapolis in bitter cold last year was Birmingham, N. Y., with eleven days of sub-zero weather. Third was Milwaukee, with ten days; fourth, Peoria, Ill., with eight, and fifth, one near claim to fame—Chicago, which had seven frigid days. Raincoats, umbrellas, and rubbers were popular in New Orleans. Dark clouds poured 67.51 inches of water down upon the Mardi Gras city during 1935.

"The whole thing was very curious," said Frankie thoughtfully. "Such cases are less uncommon than you might think," said Mr. Sprague, smiling.

"No, no, I meant cases of undue influence. Mr. Savage was clearly as wax in this woman's hands."

"Any way, Mr. Savage came back to Chipping Somerton in a state of great mental distress. He saw a great deal of the doctor during his stay."

"Mr. Carstairs' contention was that such a will was completely uncharacteristic of Mr. Savage. Mr. Savage had no liking for organized charities and had always held very strong opinions as to money passing by blood relationship."

Nine-Point Program Followed By Planning Board During First Year

AUSTIN, Mar. 20.—The Texas Planning board this week entered its second year of activity. Governor James V. Allred signed the bill creating the board on March 16, 1935, and since that time the agency has adopted the following nine-point program for the utilization of all the resources of Texas, and for the improvement of the social and economic condition of citizens of the state.

- (a) Improvement of public health throughout the state. (b) Determination of a sound land use policy. (c) Conservation and proper utilization of the surface and underground water resources. (d) Determination of the state's mineral resources and the rational use of these by industry. (e) Preparation of a reforestation policy for the timber producing areas. (f) A study of the transportation facilities. (g) A comprehensive industrial survey and the encouragement of the state's industrial development of the state. (h) Further improvement of the public educational system. (i) Suggested improvements for government and social aspects.

East St. Louis, Ill., Mar. 20. (UP)—An eight-ounce baby girl, believed to be the world's smallest child, battled for life in an incubator today at St. Mary's hospital. Three months premature, the baby was born to Mrs. John Womack, amid the whirl of automobile traffic on a busy street after its mother was knocked down by a truck.

Records here show the smallest known previous baby weighed twelve ounces at birth, to Mr. and Mrs. Lester Benson of Chicago. Mrs. Womack, 30 years old, was crossing the street Wednesday night when a truck suddenly swerved. The rear of the truck struck her, knocking her to the pavement. Unaware of the accident, the truck sped on. An unidentified woman rushed to Mrs. Womack's side, and remained with her as the child was born. An ambulance was called. Mother and child were removed to the hospital, where the baby was placed in an incubator. Oxygen was administered in an effort to preserve life.

Water Level Hope To Complete Observatory For Centennial Year

AUSTIN, Mar. 20. (UP)—University of Texas officials hoped today that work on the McDonald observatory, to be one of the most powerful on earth, will be completed during the Centennial year.

Except for installation of the giant telescope, the observatory is now ready. The 62-inch mirror, now being processed in the Warner & Swasey laboratory, Cleveland, Ohio, will make visible stars so tiny that 20,000,000 of them would have to be molded together to be visible to the human eye.

Only California's Mount Wilson observatory has a larger telescope in this country.

McDonald observatory will be used mainly for astronomical photography. In this respect, Dr. Otto Struve, director-elect, said it will be the world's finest. Dr. Struve also directs the Yerkes observatory, William Bay, Wis., owned by the University of Chicago. The Chicago and Texas schools have entered an agreement for co-operation operation and use. McDonald observatory will supplement and not duplicate equipment at Yerkes.

The observatory, with latest equipment for its work, will be staffed by nearly a dozen able astronomers and junior astronomers. Houses for them are built near the observatory—on 6,791-foot Mount Locke in Jeff Davis county of West Texas.

More than \$1,000,000 was bequeathed for the project by W. J. McDonald, late Paris, Texas, banker.

CUT GRAIN ACREAGE

Texas Farmers Planning To Reduce Crops

AUSTIN, Mar. 20.—Texas grain farmers are planning acreage cuts for 1936, a preliminary report by the U. S. department of agriculture's crop estimates division showed today.

The report was made by 42,000 farmers throughout the nation who showed intended acreage hikes, contrasting to those in Texas. In this state, farmers reported corn crop would cover 5,123,000 acres compared to 5,403,000 acres last year; the oat crop, 1,633,000 acres compared to 1,701,000; and grain sorghums, 5,316,000 acres compared to 5,480,000.

Other small grains were reported in proportion. The estimate did not include wheat or cotton farmers.

Factors which may change the farmers' plans, the report pointed out, are weather conditions, price changes, labor supply, finances, and the soil conservation program.

HIGH SCHOOL DAY IS TO BE OBSERVED AT DEPARTMENT STORE

B. B. Boyd, manager of Burr's department store, has announced that April 4 will be high school day. Management of the store will be entirely in charge of high school students to be appointed from the band and pep squad organizations.

In a joint meeting of the band and pep squad Friday it was voted to accept the proposition offered by the department store. The clubs will receive part of the proceeds that are made on the Saturday which the students work.
