Santa, Sleigh Slaton Stop

Santa Claus is coming to Slaton and what's more, he's bringing a sleigh and six reindeer to give Slaton and the surrounding area a FREE RIDES special delivery telethon. Santa to the Slaton, the whiskered old man is promised to visit in Slaton on December 15th from 5 a. m. until 6 p. m. The sleigh rides to Slaton will be held on December 24th. Santa's helper, Super-Nice, will be riding with Santa. The telethon will be held at the Slaton Junior Chamber of Commerce from 7 to 9 p. m. on December 24th. The telethon will be held at the Slaton Junior Chamber of Commerce from 7 to 9 p. m. on December 24th.

Full Program For Lions Club

The Slaton Lions Club had a distinguished visitor, saw two films and had plenty of program at its meeting here Tuesday. Congressman George Mahon visited the club and, though he was not on the program, expressed his pleasure at attending the club's meeting. A film, "Seconds to Survival," was shown to the club through the courtesy of Southwestern Bell Telephone Company. The film showed how this country's defense organization is set up and our cooperation with Canada in defense of the continent. The film included a mock attack on America by hostile bombers and missiles and explained the U. S. steps which would be taken in retaliation. Earlier in the program, while club members were eating, Jack Moore, district Scout executive, showed a film which explained where funds contributed to Boy Scouting went and made a short appeal for help from club members in the current Scout finance drive which got underway here Tuesday.

Voters Approve Dam Project

Slaton Carries 389 To 17; To Vote Dec. 13 On Water Contract

Slaton and ten other cities which are members of the Canadian River Municipal Water Authority voted overwhelmingly Tuesday in favor of a contract with the United States government for the construction of a dam across the Canadian River to supply water to members of the Authority.

All cities of the Authority but Slaton and Lamesa also favored a contract with the Authority to deliver water to their city limits upon completion of the dam, reservoir and delivery system. Slaton's election on the latter contract will be held on December 13th. Lamesa has not yet set a date for its contract election with the Authority.

In Slaton, the margin was 389 for and just 17 against a contract between CRMWA and the government. Similar overwhelming majorities favored the contract in other member cities. That means Slaton favored the contract nearly 23 to 1. It was the first "wet" vote in Slaton in years and years.

Tuesday's voting practically assures participating cities a future surface water supply for the next 50 to 100 years after completion of the dam. That is expected to take in the neighborhood of seven years.

Included in the project will be a 322 mile pipeline to deliver water to Authority member cities. The project is the largest in the history of the U. S. Bureau of Reclamation and will cost an estimated \$96,090,000.

That amount will be made available as a loan to the authority from the government and will be repaid over a 50-year period through sale of water at an interest rate of 2.632 per cent. The government is also expected to appropriate an additional \$3,130,000 for non-reimbursable flood control and additional funds may be made available for fish, wildlife and reclamation benefits.

All of the cities, Pampa, Borger, Amarillo, Plainview, Lubbock, Slaton, Tahoka, O'Donnell, Lamesa, Brownfield and Levelland, approved the contract with the federal government to finance the project by a vote of 28,452 to 1,019. A simple majority was all that was needed so the project evidently has the support of residents of CRMWA member cities.

BAND WINS SECOND
The Slaton High School Tiger Band took second place honors at the marching contest at Brownfield on Tuesday night. Abernathy and Otton tied for first place. Slaton's band, under the leadership of Bill Townsend, led by Drum Major Patsy Pettigrew.

Mayor Election Campaign Quiet; Attorney General's Opinion Due

The absentee vote had to be counted on December 10th in the mayor election yesterday. The election was held in the city clerk's office in the city of Lubbock. The election was held in the city clerk's office in the city of Lubbock. The election was held in the city clerk's office in the city of Lubbock.

before the election, and it carried for the wets," he would probably delay action on requests for liquor store permits until the opinion arrived. The outcome of the city election held early this month here has no effect on whether or not voters residing in the city can vote in the precinct election. They are entitled to vote in the election, Davis added.

New Owners For Slaton Floral

Mr. and Mrs. Steve Collops of the Roosevelt community and her mother, Mrs. George Klatt-enthoff of Slaton, have purchased Slaton Floral. Mrs. Dudley Berry, previous owner, will continue to be associated with the shop. Mrs. Berry has owned and operated the shop since last January. The local firm has been known as Slaton Floral for 43 years. It is located at 1435 S. 9th Street, telephone VA 8-4214.

Cub Scouting Talked Before Rotary Club

The Slaton Rotary Club met last Thursday noon at the Club House. Charles Barron presided in the absence of Wayne Liles. The program was given by Jack Moore, who is with the Scout Headquarters in Lubbock. He spoke on the Cub Scout phase of scouting. Cub Scouting is being reorganized in Slaton and the Rotary Club is going to sponsor a troop. Frederic de Vries gave a biography of Bruce Pembler, District Governor. The Biography was presented in an entertaining manner. As the story unfolded, a picture puzzle of Pembler was put together and the members were involved in a guess who game.

Scout Finance Drive Starts

A campaign to raise finances to support Boy Scouting in Slaton got underway here Tuesday. Bobby Poyner, chairman of the drive, said that solicitation of local persons will be started soon, including residences and businesses. A total of around \$1,000 is needed in order for Slaton Scouting to pay its way and provide for adult counseling and guidance, maintenance of camps, etc. Police Chief Eugene L. Martin is chairman of general solicitations in the drive and Melvin Kunkel heads the special gifts division. Jack Moore, district Scout executive, helped get the campaign kicked off Tuesday morning and appeared before the Slaton Lions Club at noon to appeal for their help in soliciting contributions.

TEMPERATURES
The temperatures recorded by Pioneer Natural Gas for the week of November 13 to Nov. 19 were: Sunday 79-47; Monday 72-50; Tuesday 69-54; Wednesday 59-28; Thursday 60-32; Friday 60-30; Saturday 65-35. The average temperature for the week was 54.

Go-Kart Track Will Have Grand Opening Sunday; Parade on Sat.

Grand Opening of Joe Gibson's new Slaton Kart Park will be held Sunday. The Kart track, long an ambition of local go-karters, will feature races on every other weekend, with every other weekend open for "family fun." The paved, quarter-mile track is located at the south edge of the city limits on the Post highway.

Gibson plans the track and surrounding area to be a family recreation area with go-karting, model airplane flying and other hobby and entertainment pursuits to be available. Members of the Slaton Kart Club, South Plains Kart Club and Lubbock go-kart enthusiasts are actively backing the track, which will be the site of some West Texas-New Mexico League races. Gibson points out that the track is not alone for races, that karts will be available for rent and novices can try out and ride their karts. A parade will herald the opening of the track at 3 p. m. Saturday with nearly 100 karts expected to be included, two convertibles carrying the "trophy girls," Olivia Sanders, Jeanette Price, Fonda Patterson, Sylvia Prie, Kathy Gass and one other. Also, some mini-bikes, 1961 model cars, a fire engine, two police cars, a bread truck with a public address system, and others. The parade will leave the track site, come down South Ninth to the square, return to the track and then return to the track at 10 a. m. the next day with the day's races to get underway at 2 p. m. The track itself will have a straightaway on one side and turns on the other. It will also have a large pit area for servicing karts. Gibson said he was planning a family night for some night each week in addition to the every other Sunday arrangement. There will be karts in rest seven nights a week, weather permitting and on Saturday and Sunday afternoons. Gibson, who came here in 1956, lives near the track site with his wife, Maxine, and two children, Candy Renee, four, and Kelly Joe, three months. He bought the El Tiger drive-in restaurant in 1956 and owned it until its sale last month. It was leased a couple of times in the four-year period.

Unusual Game Set Dec. 9th

The Slaton Junior Chamber of Commerce has challenged the Slaton Lions Club to a basketball game and the date set for Friday night, December 9th. Proceeds from the game will go to the Jaycees' project, "Toys For Tots." The project, initiated by the club last year, included repairing and painting toys for distribution to children who might otherwise not get much for Christmas, and taking along a sack of fruit to give as well as the toys. Money from the basketball game project will be used to buy the fruit. An unusual twist has been added to the game. Both teams will be dressed up as women and there will be "no holds barred." Losers of the game must buy coffee after the contest for the winners. The game will get underway at 7:30 p. m. at the Junior High Gymnasium and admission will be 50 cents for adults, 25 cents for students and children under six will be admitted free. John Fry of Dallas will visit with his Aunt, Mrs. S. H. Adams, over the weekend. Mr. and Mrs. Paul Meuren, Mr. and Mrs. Bednarz and Judy Klitten went to Oklahoma City last weekend to meet Lee Meuren, who has been discharged from the Army. Mr. and Mrs. Troy Pickens, Elaine and Larry, will spend the holidays visiting El Paso and Old Mexico. Mr. and Mrs. August Kitten are planning a trip to New Orleans this weekend to visit their son Marvin Kitten 6. J.

READY? GET SET! GO!!!

Mayor Clark Self gets ready to "bring down the flag" to start a race between gokarters Leo Henzler, right, and Joe Gibson. The three are just playing here but it'll be for real at 2 p. m. Sunday when the first race gets started at Slaton's new, paved gokart track. Gibson will have Grand Opening at his track, located at the south edge of the city limits on the Post Highway Sunday. A downtown parade will herald opening of the track at 3 p. m. Saturday.

Cotton Harvest Gets 'Serious'

The cotton harvest in the Slaton area is "running wide open" right now as tractors stack up at the gins and the machines make short work of area fields. A check of gins in the immediate Slaton area yesterday showed a total of 27,760 bales have been ginned so far with loaded trailers waiting in the gin yards. A shortage of trailers is the biggest hold-up in the harvest right now as some farmers are having to wait three days to get their trailers unloaded and ready to return to the fields. Here's the gin-by-gin report: Slaton Co-op No. 1 - 4,615; Slaton Co-op No. 2 - 2,400; Howard Gin - 1,850; Posey Gin - 2,145; Union Gin - 2,312; Gordon Gin - 2,475; Pleasant Valley Gin - 2,218; Hackberry Gin - 3,718; Basinger Gin - 3,090.

Basketball Teams Chalk Up A Win Apiece In Week's Activity

The Slaton Tiger and Tigress basketball teams traveled to Muleshoe last Saturday night and chalked up one win and one loss in two hard-fought and close games. Starting for Coach Kerr's Tigers were Comer, Claiborne, Jones, Burke and Telford. The five boys played the entire game and came from behind in the third quarter to win by a score of 55 to 51. The Tigresses and the Mulets had a tied up ball game when the final whistle blew and in the two minute overtime Muleshoe made a field goal and the final score was 51 to 53. Coach Boswell's starting lineup was Price, Dunn, Pickens, Bishop, Bounds, Pettigrew. On Monday night in a home game, both the girls and boys teams lost to Tulla. The scores were, for the boys, Slaton 50, Tulla 89. In the girls game Slaton lost by 20 points. The final score was 73 to 53. Tuesday night to continue a full schedule, the Slaton Tigresses went to Wilson where they chalked up a 40 to 41 victory.

Funeral Services Are Held For C. H. Kitten Here On Monday

Funeral services for Clem Henry Kitten, 70, long-time resident of the Slaton area, were held at 9 a. m. Monday in St. Joseph's Catholic Church with the Rev. T. D. O'Brien, pastor, officiating. Rosary was recited at 1:30 p. m. Sunday in the home of a son, C. V. Kitten. Mr. Kitten died at Mercy Hospital last Friday after a lengthy illness. He was a retired farmer and had lived in the South Plains area for 43 years. A native of Indiana, he was married on February 14, 1912 to Miss Louise Heilers in Lawrence, Neb. His wife preceded him in death in 1955. Interment was in Englewood Cemetery under the direction of Williams Funeral Home. Pallbearers were Edmund Kitten, Norbert Kitten, Wilford Kitten, Andrew Kitten, Paul Mosser and Rodney Schilling. Survivors include a son, C. V. of Slaton; six brothers, Joe, Leo, William, Frank, August and Ray, all of Slaton; four sisters, Mrs. H. F. Schilling and Mrs. Henry Hollinden, both of Slaton, and Mrs. Ed Miller of Trinidad, Colo., and Mrs. T. J. Blume, Indianola, Neb.; two grandchildren and two great-children.

Son Of Local Couple Hurt In Car Wreck

Tommy McClanahan, son of Mr. and Mrs. T. E. McClanahan, was seriously injured Sunday, November 20, about 6 a. m. near San Angelo when the car he was driving in collision with a truck loaded with scrap iron. He is suffering from head injuries and had 31 stitches taken in his face. He was listed as in critical condition. His parents received word of the accident about 3:10 a. m. Sunday and left for San Angelo to be with him. Louise Moore accompanied them. He may be moved to Mercy Hospital here this week end or the first of next week, Miss Moore, who returned to Slaton Tuesday, reported. She and returning to San Angelo from Del Rio when the accident occurred.

CAN'T BEAT HIS SCORE

Maeker, shown here "in action" at the Slaton Bowling Club, was a real proud "feller" last week. He got the first "300" score to be recorded in Slaton. The perfect score, all strikes, was not during league play but a recognized official score for the week. The Posey Gin bowling team. Maeker got the high score of last week when bowling 300.

Your Public Enemy Number One

By Paul Harvey

I STARTED OUT chasing a sneak thief, and I ended up with the detection of Public Enemy Number One. He's yours to prosecute as you see fit. Before I tell you his name, here's what happened:

A farmer wrote me a letter that put me on the trail. "Who's getting rich off me?" he wanted to know. He said that by the time the bushel of wheat he sells for \$1.73 is made into 66 loaves of bread it costs housewives \$13.20. For the wheat in one loaf the farmer gets 2 1/2 cents. But you pay 20 cents for the bread.

I decided I'd play detective to find out who's getting the money that's missing. "How much do you take out when you sell a loaf of bread?" I asked at the grocery store. The grocer showed me that his markup is confined by competition to only three cents. In view of his salaries and overhead, that markup seemed fair enough. He was not the robber.

I rode on one of the wholesaler's trucks that divided the number of loaves of bread the driver delivers by his wages per week; his take is less than 1/20 of one cent a loaf. He's not stealing anything.

I kept looking.

After tedious sleuthing I backtracked on the loaf of bread as far as the flour mill. I didn't miss any possible middlemen in the bakery or in the railroad that hauled the flour or any where else. And not one was getting away with anything. The profit each took for his services was an infinitesimal fraction of the cost of a loaf.

I went to the sugar source, a New Orleans refiner, and it was another dead end. The price you pay for the sugar—and the salt, yeast, milk solids and shortening in the loaf of bread—comes to less than one fourth of one cent per loaf.

I decided to start all over again, and went back to the farmer. The research went faster this time—because I knew the direction. And this time I caught him. Red-handed. The guy who picks your pocket every time you buy a loaf of bread.

I took that farmer's bushel of wheat to the market. The farmer got \$1.73 for it—2 1/2 cents per loaf of bread. But when the flour mill added its fraction for milling, it also had to add on seven federal taxes and eight state taxes.

The railroad which hauls the finished flour keeps only a tiny fraction of a penny for its services, but adds the cost of five federal taxes, plus state taxes in every state through which the shipment passes.

Take those other ingredients. I found the sugar refiner paid eight federal taxes and six Louisiana state taxes. The railroad that hauled the sugar paid taxes. The warehouse in Chicago where the salt was stored paid taxes. The shortening manufacturer and the yeast factory and the producer of the milk solids each paid taxes.

By the time I finally retracted the loaf of bread I had added the driver's share, I had counted up 151 separate taxes on that loaf! So I had tracked down the public enemy who is benefitting the price you pay for bread. He

are the tax laws of 50 states. You and I have been complaining about the whack the income tax takes out of our weekly pay check. But while we've been watching our wallet, the hidden tax has been emptying our coin purse! Again and again and again.

You think you pay a \$100 tax when you buy a new \$2,000 car? Listen: \$288 in hidden taxes has been collected on that car before it ever leaves the factory. And that there are all the taxes the dealer pays, taxes when you transfer the title, taxes you pay the state. So when you pay \$2,000 for a car, more than one fourth of that price is just taxes.

The tax man has been picking your pocket by such an involved and complicated multiplicity of hidden taxes that his hand is quicker than your eye. Gasoline would sell for two cents a gallon—except for the taxes. When you count the indirect as well as the direct taxes, there are more than 1000 taxes on one quart of milk!

Historically whenever any nation has taxed its people more than 25 percent, that nation has been headed for economic decay. Already our taxes are devouring more than a third of every income dollar. The grocer, the trucker, the baker, the miller—they don't pay the taxes on their products. They add their taxes onto the stuff they sell us. So in the end it's we who pay these taxes! For the low wage earner, hidden taxes are far more costly than income taxes. The best-kept secret in the United States today is the size of the whole tax load.

Yes, I finally tracked down Public Enemy Number One. And I'm exposing him because he's aiming to keep right on increasing the price of your loaf of bread.

Every time our government spends a billion, it taxes the average American family another \$20. Conversely, every billion dollars which our government saves (every billion dollars "less" that it spends) decreases the tax load for the American family of four by \$20.

I'm going to remember that. When the government spends—speak of spending another billion for something or other, I'm going to remember it's my dollars they're spending. It'll make a difference.

DRIFTING SANDS BY THE YOUNG'UN

Did you hear about that eight year old student over at San Andres elementary last week? "I don't want to scare you," he told the teacher. "But my daddy says if I don't get better grades, somebody's gonna get spanked!"

We came across the following several weeks back but held it so that we could run it after the election—regardless of who won.

THOSE pesky Methodists are telling it on the Baptists . . . It happened in Amarillo . . . a church burned to the ground during a Baptist revival and the only other place available was a Jewish synagogue.

So the Baptists moved their revival into the strange church. During a Friday night service, two Jewish out-of-town salesmen walked into the synagogue right during the middle of the Baptist preacher's sermon.

They listened intently and finally one Jew tuned to another and said:

"Abe, have you ever heard a rabbi preach like that?"

"No, I haven't . . . but then I've never seen so many crummy looking Jews, either."

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex.—Added to the list of lively topics for the next Legislature is the carving out of a new Congressional district. Final figures in the national census show Texas entitled to a 23rd congressman. State's population rose 24.2 per cent — to 9,579,677 — making it the sixth most populous state in the nation.

Even though population increase accounts for Texas' getting another representative to Congress, population will not be the sole consideration when lawmakers decide where to put the new district.

Population of Texas districts ranges widely, from about 227,000 to 614,000. It is highly unlikely that the legislature will undertake to rearrange the districts statewide so as to even out the differences. This would inconvenience too many incumbent congressmen, taking from their districts counties where they are popular and adding counties where they are unknown.

Nor is it expected that Dallas County, the state's most populous district, with 614,000, will get the extra congressman. Dallas now sends Texas' only Republican to Washington, and a Democratic legislature likely will not want to create an opportunity for another GOP'er to be elected.

Texas' biggest congressional district — and the nation's big-

gest — area-wise, is the 16th, stretching all the way from Ozona to El Paso. But if El Paso, the only metropolitan area, were taken out, what was left would be short on population for a district.

After the 1950 census, the Legislature ducked for awhile the question of what to do with the extra congressman by having him serve "atlarge" (the whole state). Later Harris County (Houston) was given the extra congressman.

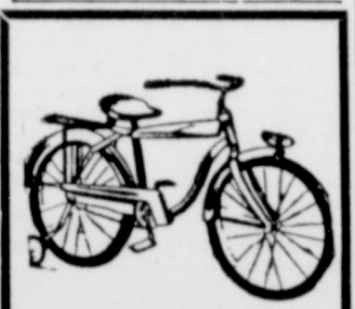

OIL FLOW UPPED—Texas Railroad Commission has set the December oil allowable at 2,819,379 barrels a day on a nine-day producing pattern.

For the past seven months the state has been limited to eight producing days.

Independent producers, most of whom have been strong for holding production to eight days in previous months, recommended nine for December.

Earlier, TIPRO (Texas Independent Producers and Royalty Owners) had asked the Commission to consider whether the sharp cut-back in Texas production during the past two years actually had improved the supply situation or enabled other producing areas to grab some

of Texas' share of the market. **"CONTROVERSIAL" BOOKS ADOPTED**—In the enormous and often touchy job of adopting textbooks for public schools, the State Board of Education rejected one and accepted two of three books against which protests had been raised.

Board asked the publishers of the history text, "Texas and our Spanish Southwest," to correct errors before it reconsiders the book in January. Two other criticized by J. Evetts Haley and a committee known as Texans for America were accepted by the Board.

These are "Language for Daily Use" for grades 7 and 8 and Haley's committee said the language book was based on too limited a vocabulary and the stockmen's book was too welfare state-ish in its discussion of farm issues.

Seven books opposed by Texans for America already had been eliminated by a teacher-composed advisory committee which screens textbook offerings before they are considered by the Board of Education. **LOCAL HELP TO AGED, ILL**—A plan that would divide part of the responsibilities for care of the aged and mentally ill, between state and local government, may be proposed in the next Legislature.

It would take a constitutional amendment approved by the people to put the plan into effect.

Legislative Budget Board has tentatively approved a recommendation whereby the state would split the cost of such programs as out-patient care for mental patients and nursing home care for elderly patients.

It is felt that this approach might be more economical and effective for some patients. Nearly-recovered mental patients, for example, could be released from bed space at expensive state institutions and get treatment as needed from a nearby clinic.

PERJURY RULING REAFFIRMED—Court of Criminal Appeals refused to reconsider its 2-to-1 decision that former Insurance Commissioner J. Byron Saunders could not be convicted for perjury as a result of testimony before a legislative committee.

But it did not make the opinion final. Travis County District Attorney Les Procter is filing a second motion for re-hearing in hopes of keeping the issue alive until after the first of the year.

At that time one of the members holding in Saunders' favor, Judge Lloyd Davidson, goes out of office. If incoming Judge W.

Scout Troop In Camp Trip

Slaton Boy Scout Troop 128 made an overnight camping trip to Palo Duro Canyon on November 13-14. The trip was made after several weeks of preparation in Scoutcraft, and was part of the overall program of Troop 128 to become regular campers and work toward be-

coming explorer Scouts. Those scouts making the trip were Carleton Jones, Byron Hanson, Byron Henderson, Clary, Billy Martin, Lel Martin, Windell Riley, Ger Watta, Danny Townsend, Larry Edwards.

The Troop was supervised and accompanied by Mr. Byron Johnson and Mr. Calvin Martin. Troop 128 is sponsored by the local Rotary Club and meets Monday nights at 7 p.m.

4-H Winners

Lone Star Youth Attain High Honors

Four young Texans have won 4-H honors in achievement, entomology and garden projects. Laura Horn, 29, Route 5, Lubbock, and Arios Moore, 18, Route 2, Crowell, both students at Texas Technological College were highest in the state achievement program. Jo Ann Pozzi, 18, Route 2, Victoria, and Linda O'Dell, 16, Route 2, Pickett, are winners in garden and entomology projects respectively.

Miss Horn received a \$150 scholarship as her award. She is a member of the Lone Star her local club as president twice and on county committees many times.

Through some 20 projects and activities she has earned medals, ribbons and state-wide recognition. Her clothing project won her a trip to National 4-H Congress in Chicago in 1956, where she also received national honors.

Moore, an eight-year 4-H'er, is majoring in electrical engineering. He participated in eight projects and activities, giving many demonstrations, setting up exhibits, and serving 4-H at local, county and district levels. A winner of coveted Gold Star honors he also received the Danforth leadership award.

The achievement awards are provided by the Ford Motor Co. The misses O'Dell and Pozzi have also received Gold Star honors, and as 1960 state winners will attend the National 4-H Congress in Chicago Nov. 27-Dec. 1.

Junior Civic, Culture Club Holds Meeting

The Junior Civic and Culture Club met Tuesday, November 15, at the Slaton Club House for its annual guest night. Hostesses were Mesdames E. D. Cummings, W. B. Christman and C. V. Brake. Fall arrangements were used on the register table and piano Mrs. Cummings presided at the guest register and Mrs. J. A. Wright played piano selections while refreshments were served. Mrs. Brake served from a tea table which was laid with a beige and gold cloth upon which a centerpiece of yellow gladioli and bronze Fiji Mums was flanked by beige candles in silver candleabra. Mrs. Wright welcomed guests and presented Mesdames W. K. Fry, J. A. Wright, who gave a gram of dramatic readings.

Mr. and Mrs. Marion C. Hodges spent last weekend in Sonora visiting with their daughter and son-in-law, Mr. and Mrs. Fred Adkins, and their baby daughter.

They that wait upon the Lord shall renew their strength; they shall not grow weary, and they shall walk and not faint.—(Isaiah 40:31)

To wait upon God is to seek, through prayer and righteous living, to be one with Him in all things at all times all our days, in the sure knowledge that without His love within us, we can achieve little that is truly good and lasting.

Of course, farmers provide us with our daily bread, as well as cotton and wool for clothing, but they are making another contribution to the American economy that sometimes is not recognized.

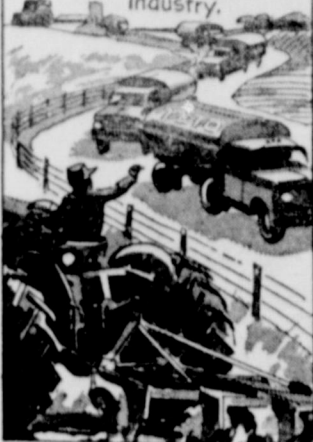

Farming, measured by almost any standard, is our biggest single industry and is a major customer of other industries. This industry is getting bigger instead of smaller.

In 1959 the gross income of farmers was \$46.3 billion. This was 9.7 per cent of our gross national product for that year.

With that money farmers buy 6.5 million tons of steel a year—half as much as the automotive industry uses.

They buy more petroleum than any other single industry—more than one-eighth of all the petroleum produced in the country. They use more electric power than Baltimore, Boston, Chicago, Detroit, and Houston combined. It takes \$6 billion worth of containers, body and packing materials to pack the food farmers raise in a year.

Last year farmers bought the equivalent of 15 billion gallons of crude petroleum, making them better fuel customers than any industry.

Citizens whose incomes amount to \$46 billion and with \$200 billion in assets, who buy from nearly everybody and sell to everybody, are important indeed to the U. S. economy.

THE RECORD

The real record since prohibition was repealed is quite different from that which is generally publicized. Some outstanding facts are these, noted by the American Business Men's Research Foundation:

1. Crime induced by or directly related to the drinking of alcoholic beverages have increased 28.6 per cent in twenty-five years. Arrests for drunkenness have increased from 1,490 to 1,939 per 100,000 population; arrests for drunken driving have soared 207 per cent.
2. Poverty, measured in numbers of dependent children, has increased, as shown by the fact that the number of dependent children cases has doubled, rising from 15 per 100,000 of population to 30.
3. Alcoholism has increased. The number of those who cannot drink unless they drink to drunkenness has increased 68 per cent since repeal. In 1934 there were 2,808 alcoholics per 100,000 adult Americans; in 1956 there were 4,718.
4. Social waste is reflected in the loss from useful life of nearly 5,000 alcoholics out of every 100,000 adults, plus others who have to take care of alcoholics or who suffer because of the alcoholics' afflictions.
5. Taxes have increased as a result of crime, traffic problems, and dependency caused by increased consumption of alcoholic drinks. An official Massachusetts study concludes that gross alcoholic beverage taxes pay only one-eighth of the expenses the governments and people of Massachusetts incur through the use of intoxicants.
6. Fatal motor vehicle accidents involving drinking drivers have greatly increased. Alcohol-involved cases are estimated by safety authorities to have risen to 50 per cent of the total. Drinking reduces the usefulness of auto and road-safety precautions and driver education programs.
7. Economic waste has soared. During the twenty-five years since repeal, \$181,900,000,000 has been spent by the American public on alcoholic beverages. This is more than twice what we have spent on schools.
8. Legal Control means little or no control. It really means liquor promotion. Who polices the dealers? What law enforcement will be responsible in our precinct? Who pays for these additional officers? Who guarantees the dealer will not sell to youth? Who can guarantee we can have liquor but not the evils of liquor? There are a lot of promises but few guarantees.

U.S. Savings Bonds

How to get \$1,000.00 for working 15 minutes a day

Fifteen minutes goes by pretty fast. But, if you put aside the money you earn in that time, in just one month (assuming you make \$100.00 a week), you'd have enough to buy a \$25.00 Savings Bond.

Keep it up for 40 months, and you'll have Bonds worth \$1,000 at maturity. Save 30 minutes a day, and in 40 months you'll have a stack of Bonds worth \$2,000 at maturity.

What makes it even easier for you is the Payroll Savings Plan. Your Bond balance grows every month—and you hardly know you're saving.

SOME MORE ADVANTAGES YOU MIGHT THINK ABOUT!

You can save automatically with the Payroll Savings Plan. Tell your company how much to save for you each payday for Bonds. This way you won't forget to save and your savings will add up automatically.

You now get 3 3/4% interest, to maturity. This new rate, which went into effect June 1, 1959, makes your Bond money grow faster. Series E

You save more than money. You help save the peace. Every Bond you buy helps keep our Nation and our Nation's economy strong.

Here's how you can reach your savings goal with U.S. Savings Bonds in just 7 years, 9 months

If you want about	\$2,500	\$5,000	\$10,000
each week save	\$5.45	\$10.85	\$21.70

Your money is guaranteed by the U. S. Government. Bonds are an absolutely riskless investment. The Government promises you that the cash value of your Bond will not drop—it can only grow.

Your money can't be lost or stolen. The Treasury will replace your Bonds, free, if anything happens to them.

You save more than money with U.S. Savings Bonds. You help save the peace.

U.S. Savings Bonds

How to get \$1,000.00 for working 15 minutes a day

Fifteen minutes goes by pretty fast. But, if you put aside the money you earn in that time, in just one month (assuming you make \$100.00 a week), you'd have enough to buy a \$25.00 Savings Bond.

Keep it up for 40 months, and you'll have Bonds worth \$1,000 at maturity. Save 30 minutes a day, and in 40 months you'll have a stack of Bonds worth \$2,000 at maturity.

What makes it even easier for you is the Payroll Savings Plan. Your Bond balance grows every month—and you hardly know you're saving.

SOME MORE ADVANTAGES YOU MIGHT THINK ABOUT!

You can save automatically with the Payroll Savings Plan. Tell your company how much to save for you each payday for Bonds. This way you won't forget to save and your savings will add up automatically.

You now get 3 3/4% interest, to maturity. This new rate, which went into effect June 1, 1959, makes your Bond money grow faster. Series E

You save more than money. You help save the peace. Every Bond you buy helps keep our Nation and our Nation's economy strong.

Here's how you can reach your savings goal with U.S. Savings Bonds in just 7 years, 9 months

If you want about	\$2,500	\$5,000	\$10,000
each week save	\$5.45	\$10.85	\$21.70

Your money is guaranteed by the U. S. Government. Bonds are an absolutely riskless investment. The Government promises you that the cash value of your Bond will not drop—it can only grow.

Your money can't be lost or stolen. The Treasury will replace your Bonds, free, if anything happens to them.

You save more than money with U.S. Savings Bonds. You help save the peace.

Thankfulness
 From the very beginning of the human race, normal men have recognized that the blessing of nature are from God, and demand some form of recognition and expression of gratitude.
 The first born sons of the first parents felt impelled to take of the fruits of their fields and flocks and present them as a thankoffering to God. You will find this story recorded in Genesis 4:3ff.
 And when we look into Israel's national life, we see that it was an established custom, ordained by God Himself, that the first-fruits of the orchard, field, and flock should be offered to the Lord in a service of thanksgiving. Exodus 22, 29 and 23, 16.
 And when we look into the history of Europe we find that from earliest times our European forebears celebrated the harvest season. It was a time of feasting and song. At the season of ingathering, with the of grain, garlanded it with flowers, and bore it home with great rejoicing, with dancing and with song. This was known as the Harvest Home. And most students of folk customs trace the Harvest Home to some still more ancient religious festival.
 Our Thanksgiving Service, whatever its more recent history, is the lineal descendent of ancient Israel's Harvest Festival, and the Harvest Home of our European ancestors which had its origin in the native
 God, consciousness and dependence of these people. "Come, ye thankful people, come, Raise the song of Harvest Home; All is safely gathered in, Ere the winter storm be blown; That our wants are all supplied; Come, to God's own praise, Raise the song of Harvest Home."

Wesleyan Service Guild Meets In Layne Home

The Wesleyan Service Guild of the First Methodist Church met in the home of Mrs. W. P. Layne for their regular monthly meeting.

Mrs. Nan Tudor gave the opening prayer, and the president, Mrs. Edith Brooks, presided over the business session, during which Mrs. Vertner Merrill called the roll and read the minutes of the previous meeting. Mrs. Tudor gave the treasurer's report.

Mrs. Ray Conner gave a Scriptural devotional from the theme of the evening, "In All The World Together." Mrs. F. A. Drewry was in charge of an interesting program as follows: The International Missionary Council, Mrs. Alma Caldwell; The World Council of Churches, Mrs. Russell; Churches Working Together, Mrs. W. C. Gilmore.

Mrs. Layne was assisted by Mrs. H. H. White and Miss Elizabeth Bostick in serving delicious refreshments to 11 members and two visitors.

The next meeting will be at the home of Mrs. J. B. Brooks on December 14th.

Bonham to Lorin I. Kumley of Lubbock. The bride's father, Rev. C. M. Smith, is the former pastor of the Church of God of Slaton.

The bride was given in marriage by her father before an arch covered with greenery which was flanked by candelabra and baskets of floral arrangements. The ceremony was performed by Rev. George Brazell who is uncle of the bride and vice President of Southwestern Bible Institute. Assisting him was Rev. Blake Farmer, a Professor of both the bride and groom.

Miss Smith's gown was of white bridal satin covered with chantilly lace, nylon, tulle and net. The bodice was of lace and had long pointed sleeves and a high neck with small stand-up collar. She carried white orchids. Attending the bride as maid of honor was Miss Elizabeth Brazell. She was dressed in a street length dress with short sleeves. It was lavender in color and she wore matching opera pumps and carried a nosegay of lavender mums. The flower girl was Pamela Annear and the ring bearer was Warren Litzman. Best man was Elwayne Shaffer of Durant, Oklahoma and Groomsman were Robert Kropp, a classmate of the groom, from Kermit, Texas and David Dellore who is a student of Southwestern Bible Institute and also a classmate of the groom.

A reception following the wedding was held in the Youth Chapel. The bridesmaid's bouquet decorated the serving table along with candelabra and a tiered wedding cake. The bride's travel ensemble was a deep purple wool suit with black accessories. Following a wedding trip to Oklahoma the couple will be at home in Lubbock. The brides parents are the Rev. and Mrs. E. M. Smith, and Kumley is the son of Mr. and Mrs. Charles J. Kumley of Yuma, Arizona.

TV TIPS

By Hugo

It strikes us that the use (or abuse) of superlatives in television advertising has been so worked to death that the public not only doesn't believe it, they are just plain bored by it. We suggest you stop in and make your own critical comparison of the name brand sets we carry, and you decide for yourself which one you think is best for you. Make your selection from these famous makes which we all know are fine sets:

and enjoy the results just as well as we do now while working so hard at our tasks of puffing and chomping.

Of course, all these new conveniences will throw a lot of people out of work, but we intend to take care of that by having a three hour work day and a four day work week. Jim's biggest regret is that he spent so much of his early life shoveling coal, digging potatoes and washing dishes.

Just think, now we have oil burning diesel engines on the railroad, potato digging machines and dish washing machines. If you want to carry the idea far enough, there are garbage disposal things that will grind up the stuff and feed it

down the sewer. The only trouble is that the new conveniences have to be serviced and where are we going to find someone to fix the disposal things and the washing machines while all the mechanics are off fishing.

Not so very long ago, I tried on a hat that J. D. Holt had been wearing cocked over his left ear and my wife said it looked a lot better on me than old Buffalo Bill style that had so many greasy spots on it that I had been wearing the past six or seven years.

So I got me one like J.D.'s then Clyde Garrigues tried mine on and, although it was three sizes too small, he paid a few dollars loose from his nest egg and bought him one, then Spence tried Garrigues' hat on and bought one. Can you guess what the trade name of the hat is? Well I'll tell you, "Playboy."

The most active game any of us play is dominoes and it takes a lot of planning and pushing to get us to do that. But it may not have been any kind of game that the hat maker had in mind when he selected the trade name and I want to warn the coffee waitresses they should handle any men they serve with caution for when they go to wearing "Playboy" hats they may become kittenish.

—just talk—

Come to think of it, though, I doubt that the ladies worry much about the men who wear hats, it is the ones who face the wintery breezes without hats that are kept at arm's length. They are dangerous because they are not very smart.

—just talk—

Living as we do just on the north edge of the West Ward playground, we have ample opportunities to watch the boys and girls as they cavort around during the school hours and at recess.

It has been puzzling me for some time as I watch four little girls as they get off in a group to themselves. Regardless of how cold, windy, hot or dry the weather may be, they first carefully flip their skirts around them and sit in a circle and make motions with their hands, after a while I presume they get cold, hot, wet or dry and get up and go to flopping their hands and skipping about. None of it seems to be a game or have any purpose but I suppose that is the way of women all their lives, a man just can't tell what is going on in their

Woman's Society of Christian Service Has Circle Meetings

The Woman's Society of Christian Service of the First Methodist Church met in Circles on Monday, Nov. 21, for a study of India and other Mission Work around the world.

The title of the study was, "Take the Name of Jesus With You." The Mexico Circle met with Mrs. J. D. Barry, Mrs. M. L. German led the lesson discussion. She was assisted by Mesdames Homer Cowdry, Barry, R. H. Todd Sr., C. A. Womack and H. T. Scurlock. There were 12 members present.

The Africa Circle met with Mrs. Joe Walker Jr. There were 7 members present. Mrs. Monroe Breiger was lesson leader. She was assisted by Mesdames A. E. Whitehead, Rollo Davidson, S. H. Jaynes, W. C. Church, Walker and H. W. Jeter.

The India Circle met with Mrs. Martin Collins. Mrs. J. E. Eckert was lesson leader. She was assisted by Mesdames J. S. Edwards Jr., H. V. Wheeler, H. G. Sanders, S. W. Clark and Collins. There were 7 members present and one visitor, Mr. J. H. Floyd.

The next meeting will be Monday, Nov. 28, in the Chapel. Mrs. Rollo Davidson will present the third lesson in the current study, "Into All The World Together."

Local Catholic Women Attend Convention

The Lincoln Hotel in Odessa was the headquarters for the Annual Convention of the Amarillo Diocesan Council of Catholic Women November 15th and 16th.

The Amarillo Council is one of the Federations which make up the National Catholic Welfare Council with headquarters centered Washington, D. C. The theme of the Diocesan Convention was "Freedom and Peace." The keynote address was delivered by Dale Francis, noted newspaperman from Austin. Francis is an expert on Cuban affairs.

Delegates and guests attending from St. Joseph's Parish Council in Slaton were Mrs. Jerry Melcher, Mrs. O. F. Kitchin, Mrs. Alvin Buxkemper and Mrs. Clarence Buxkemper, who represented the Lubbock Diocesan Council of Catholic Women. Mrs. Buxkemper served as chairman of the nominating committee. Officers are elected each year at this meeting.

The Lubbock Diocesan Council will be host for the 1961 convention. This will also be the occasion of the twenty-fifth anniversary of the establishment of the Amarillo Diocesan Council of Catholic Women.

Delegates and guests attended workshops conducted during the two day period. Of special interest were the workshops dealing with Family Life, Youth, Catholic Charities and Rural Life.

With all of its flash and T-Bird dash, the new Ford is so maintenance-free it can save you hundreds of dollars in operating costs alone and end most bothersome servicing.

Imagine, Ford's new Truck Size brakes adjust themselves automatically for the life of the lining. Think of it! Normally you could drive around the world before you'd need a chassis lubrication. And 4,000-mile oil changes. Ford's Diamond Lustre Finish stays beautiful without waxing, too.

Remember, too, each part of '61 Fords, except tires, is dealer warranted against defects in materials or workmanship for 12 months or 12,000 miles, whichever comes first. Normal maintenance service or routine replacement of parts such as filters, spark plugs, condensers, ignition points are not covered. Ask your dealer for details.

Paul Crum in the Dallas News reported the following in a Sunday issue several weeks ago.

KEN LANE, 5 who sat through night later night of TV political programs without getting to see his favorite shows, apparently felt more strongly about it than anybody realized.

On the night after it was all over, he walked over to the TV, flipped it on and assumed his best announcer's voice.

"Ladies and gentlemen," he announced, "the John F. Kennedy show will not be seen to night."

IN THE REMOTE OFF SHORE LIGHTHOUSE, the keeper and his wife spent twenty-four hours a day together, week after week, month after month and year after year, without a major quarrel. "Don't you get on each other's nerves?" asked a reporter.

"We might," said the wife, "if one of us wasn't good-natured."

"And which one is that?" asked the reporter.

"Oh," said the wife, smiling, "we take turns."

Worth a Month of Sundays
Czech citizens of Texas have provided our State with one of the most interesting and recently beautiful spots to be found in the entire country.

At their Village of Hostyn they have constructed a rock and stone duplicate of the Grotto of Lourdes, just as it is found in France.

Hostyn is located in Fayette County, just six miles south of La Grange, in Central South Texas.

Nestled atop a hill, the Grotto and numerous chapels, monuments and statues of marble, rock and granite encircle a church.

Some tourists have been heard to respectfully comment that the visit to Hostyn was "worth a month of Sundays." It is truly a beautiful and moving area to behold. We should be glad it's in Texas.

Raven Hill in Oakhurst
General Sam Houston was called "The Raven" by the Cherokee Indians.

When he built his well-known plantation home in 1844 it was appropriately called "Raven Hill."

THE WINNER!
Don Bourn, in the go-kart, was second place winner in a recent national go-kart race at Bottomless Lakes, New Mexico. He is shown here being congratulated by Buck Bourn, his son. Don also brought home a trophy for being the oldest driver entered in a competition at the meet.

The site of "Raven Hill" is near Oakhurst, Texas, north of Houston and east of Huntsville, in San Jacinto County.

Scout Leader Finds Skeleton
A girl scout counselor discovered the "Skeleton of Yellow-house Canyon" just 12 miles east of Lubbock in Northwestern West Texas.

The skeleton was that of an Indian who died between 1858 and 1875. He was buried with a Remington-Beals, .44-caliber cap and ball revolver (such as used by the U. S. Army), an Army officers metal belt buckle, a scalping knife, a leather saddle bag, remnants of a bridle, an iron bit, an antler felling tool, and a two-quart Army issue kettle of copper or brass.

This young adult male Indian was buried Comanche style, with his valuables and ornaments. These included a copper ring, ornamental bone breast-plate, and a pouch of cinnabar (mercury ore) for painting the

face and body.

There is much debate whether the Indian was an Army Scout or was with a hostile tribe.

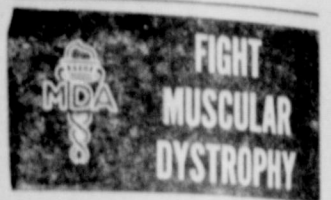

Luling's Palmettos Popular
Not oil wells, but sulphur wells, palmetto swamps, and tropical plants are the tourist attractions near Luling, in South Central Texas.

They are to be seen at Palmetto Park, southeast of Luling, in Caldwell County.

This 198-acre park also has a dance terrace, concession stand, picnic tables, camping and playground areas and fishing sites.

You'll be fascinated by Palmetto Park.

CIRCLE MEETING
The Cleo Morrison Circle of the First Baptist Church met in the home of Mrs. C. E. Hogue last week. The program, given by Mrs. Raymond Smoot and Miss Cora Sealy, was on conditions in Israel. Mrs. W. V. Smith was leader. Refreshments were served after the program.

GO-KART ENTHUSIASTS

Here are several local go-kart enthusiasts, shown with some trophies some of them won at Clovis, N. M., last Sunday. Local go-karters are getting ready for a big Grand Opening on November 27, when Joe Gibson will open his paved track south of town for the use by local and area go-kart sportsters. Shown here are, left to right, standing, James Witt, Joe Gibson, Benny Bob Barron and Jack Berkley. Left to right in front are Dave Sanders, Gordon Gase, Buck Bourn, Leo Henzler and Don Bourn.

Located 1/2 mile south of City Limits on Post Hi-way.

Your whole family is sure to enjoy Karting, men women boys and girls. We have rental Karts for your convenience.

At The Track Sunday

On the program will be races for all classes of karts, We will have races for men, some for women, and some for children. There will be a SPECIAL ATTRACTION in which some of the business and professional men of Slaton will participate. A few of these on the list at this time are Mayor Clark Self, Police Chief Gene Martin, Slatonite Publisher Joel Combs, and Advertising Manager Darrell Weaver. Through every race you are sure to thrill at the friendly competition and good clean fun to be shared by the racers and spectators alike. BE THERE THIS SUNDAY NOVEMBER 27.
